TRIAL RUN POSTPONED

Gaspesian Park to Flex Mechanical Muscles Tomorrow

Trial run of the ss Gaspesian Park, last 10,000-ton wartime vessel to be built at the Prince Rupert Dry Dock and Shipyard, has been postponed until Saturday morning.

The trials were scheduled to have been held yesterday but, because of last-minute work, the run was ordered postponed.

Owned by Park Steamship Company Limited, a crown company, the Gaspesian Park will carry officials of two other shipping companies and the Department of Transport when she first flexes her mechanical muscles on Saturday.

The vessel, commanded by Capt. J. A. T. Llewellyn, of Montreal, will be piloted by veteran coast pilots Capt. W. W. Mounce and Capt. James Flood.

Departure of the last of its 10,000-ton vessels will leave the Dry Dock with an immediate construction backlog of two 1,500-ton coastal freighters as well as a constant flow of repair work.

KITCHEN IS HEART OF MOST CANADIAN HOMES, SURVEY SAYS

Need For More Efficient Planning In "Workshop of Home" Is Evident

TORONTO, July 20—The kitchen is the centre of family activity in Canadian medium and low-cost homes, although 95% of them have living rooms. Canadian families not only cook in the kitchen but most of them eat there and many wash, launder and take baths in the kitchen.

"If the Canadian housewife is to have her work load eased, kitchens need overhauling," said C. A. Massey, in announcing results of the second section of a housing survey conducted by his firm. "Industry has arranged its layout to save needless work. If the same technique were applied to the kitchen—the workshop of the home—many extra steps and much carrying and lifting could be eliminated."

Will Last Until 1946

This is Official Estimate in Washington of Duration of Conflict with Japan

(By John M. Hightower) WASHINGTON, D.C., July 20 (CP)—American Army and Navy leaders are planning for the war against Japan to run at least until the last months of 1946.

This is the blunt truth as of today despite a flood of rumors in Washington that some significant development is imminent in the Pacific conflict.

Military leaders, assuming that the Japanese will fight to the bitter end, are planning to clean up the campaign in China.

Bulletins

ANOTHER BIG RAID GUAM—A force of more than 600 superfortresses, the greatest B-29 fleet ever sent against Japan, put the torch to four more Japanese cities Friday, Japanese Time. The giant bombers carried a load of nearly 4000 tons of explosives.

Progress Is Being Made At Potsdam Conference

Strictest of Secrecy Still Obscures Official Information—Truman Is Urging Concentration On Japan

BERLIN, July 20—"Important primary objectives" of the Big Three conference at Potsdam have been achieved, correspondents covering the meeting of President Truman of the United States, Prime Minister Winston Churchill of Great Britain and Marshal Stalin of Russia said. The meetings continue

but little in the way of official statements as to results is being made known as strict censorship prevails.

Although the conference meetings are still secret, there is speculation that President Truman is arguing that, the sooner Japan falls, the sooner the United States can aid in the stabilization of the economy and the reconstruction of shattered industries in Europe.

Marshal Stalin is reported to be urging a definite line of policy in regard to the administration of Germany.

Haligonians Home Again

Two Dead As Result of Fire and Explosion—Estimates of Damage Made

OFFICIAL STATEMENT HALIFAX, July 20 (CP)—A Navy statement said today that one person had been killed and three others slightly injured in the ammunition depot explosion yesterday but made no mention of unofficial reports that from six to twelve workers at the ammunition dump were still missing.

Unofficial estimates of damage in Halifax and nearby Dartmouth ranged from \$200,000 to \$400,000. There was no estimate of damage to the ammunition depot.

HALIFAX, July 20—Between 80,000 and 100,000 persons are moving back to their homes in northern Halifax, the town of Dartmouth and the village of Bedford Basin after Mayor Allan Butler, following a conference with naval officials, told them last night that danger of further explosions in the great fire at the Canadian Navy ammunition depot was practically removed and they could return to their homes.

Many of the homes had all their windows shattered as well as being otherwise damaged by concussion. Doors were blown off and dishes smashed.

It was reported last night that two persons had been killed and 25 injured. Six to eight are missing. One of the killed was a naval shore patrolman, the other a stoker, it was said.

Four hundred acres of Bedford Basin was devastated. Thousands of dollars damage was done and Hon. J. L. Isley, minister of finance, said at Ottawa that machinery was already being set in motion to meet war risk insurance claims.

Explosion of the main store of depth charges was prevented by flooding of the magazine. The last few wisps of smoke were trailing up from the fire area this morning.

A. J. T. TAYLOR DIES NEW YORK—A. J. T. Taylor, prominent Vancouver businessman, died here today at the age of 57 years. He had been with British Purchasing Commission. **An Industrial Opportunity . . .**

The British Columbia Veneer Works Ltd., which has operated at Nelson in the southern interior for seventeen years, is closing down its plant there because cottonwood is no longer available in satisfactory supply in that area. Here in this district there is an abundance of cottonwood timber available for veneer manufacture. We are crying for the establishment of such industries to ensure the future use of our natural resources. This would appear to be one opportunity which we might be working upon right away. No doubt, there will be other localities in the country angling for the industry which Nelson is having the misfortune to lose.

**A New Attitude . . .**

They have seen so much—these young men who are returning these days from the wars on land, on sea and in the air—that we feel a little embarrassed, possibly a little inferior, realizing that we have been doing and seeing so little while they have been doing and experiencing so much. But we like to listen to their stories. Their first hand yarns are giving us an insight of what they have gone through, what they have seen, what they have done, which we could obtain no other way.

Many of them left us as mere boys, three, four or five years ago. Now they come back as mature men—men whose lives in those few years

have been fuller in many ways than those of us who may be much more mature in the count of time. Nevertheless, the most of them are still modest and unassuming. Some of them seem indeed a little awkward, a little reserved. Their ways in these war years have been different than ours. In many cases, it is a question of getting acquainted all over again with our own boys.

**War and Travel . . .**

Five years ago, an important event—be it a catastrophe or what not—might have excited our interest from the standpoint of spectacle. But there was more than that aspect yesterday when we recorded the news of the big explosion at Halifax. To many of our readers here in Prince Rupert there was a direct interest because Halifax is today personally known to those who, in the course of their travels in the line of war duties, have visited or been posted to that port. Halifax has been one of the concentration places of war. Hundreds of our boys have been posted there for varying lengths of time. Other hundreds have passed through there on numerous occasions.

A few years ago there would have been little personal interest on the part of Prince Rupert people in Halifax because so few of us had ever been there and there was little prospect or reason for many of us to be there. But the war of great movement has changed all that. Today, as a result of war, our geographical interest has been vastly widened.

It was not so long ago that Vancouver was the only "big city" that most of us knew. Toronto, Montreal, Halifax, St. John's, New York, London, Paris, Rome and, yes, Berlin seemed remote and impersonal. The person who had been there was a person of unusual interest. Now it is commonplace to have seen many of those places.

**EMPIRE FUTURE IS CONCERN OF ITS MEMBERS**

Survival of the greatness of the British Empire is an individual charge on the people and nations that compose it and their attitudes in the future must be carefully governed by correct and intelligent thinking if its world leadership is to be maintained, Edward F. Gundry of Vancouver, youthful member of an old English family of fishing net manufacturers, said in an address before the Prince Rupert Rotary Club on Thursday.

Speaking on the subject, "The British Empire and the Next Phase of the War," Mr. Gundry, who served overseas four years as a Canadian staff officer, saw the struggles and sacrifices of Britain as the bulwark which stood firm against the enemy in the dark days of the fighting in Europe. With the close of the fighting, what was the Empire's future?

"It is of first importance that we in Canada and in all parts of the Empire should study and understand our greatness. We are members of an empire that saved the whole world from slavery. In doing this we should take steps to preserve our qualifications for greatness and to realize that this depends on us now and in the future."

"We must vote intelligently," he said. "We must be definite in our choices between state socialism and capitalism. I am fully convinced that capitalism is the only system which will produce progress, politically, socially and economically. To protect the public from the abuses of capitalism, the government can act, but no government has ever been known to protect the public from its own muddling inefficiency."

"We must know the difference between right and wrong. One of the characteristics of the British Empire is its high ethics. The empire has become great as a Christian empire and if we lose that concept we are in danger of slipping from our greatness."

Britain, which sacrificed so much during the fighting, must be helped to recover, the speaker said. This can be done by buying British goods, using British ships, placing insurance with British firms, and above all, by greater freedom of world trade. The nations of the commonwealth and empire must play a full part in Empire defence in the future.

**KITCHEN IS HEART**  
(Continued from Page 1)

stored the washing machine, tubs, food, pots, pans and dishes. Many Canadians take their baths in the kitchen, 8% in urban areas, 36% in non-farm rural areas, and 39% in farm areas.

In cities one house in 50 and in rural regions one in 100 even had people sleeping in the kitchen.

**Surveys of Kitchen Efficiency**

Here are the survey findings on kitchen efficiency: One in five urban families is still without either ice or mechanical refrigeration at any season of the year. Two out of five village families and two out of three farm families are in the same plight. Yet cooling is as important for some kinds of foods as heating is for others.

One third of all housewives interviewed said their kitchen cupboards were too small.

One in seven kitchens must use artificial light even in daytime. One in eight non-farm kitchens and one in twenty farm kitchens also rely entirely on artificial light.

Most tragic of all from the work point of view is the inadequacy of sinks and water supply. One in 33 urban homes, one in 11 village homes, and more than one in 6 farm homes have no sink.

Moreover, many of these listed "sinks" are without drains and so are as much or more work than a moveable pan. This is true of one in 50 urban sinks, one in 13 village sinks, and one in 7 farm sinks.

Although half the farm homes surveyed have electric power, six out of seven farmers' wives must cook on wood or coal ranges. Even in cities, where electricity and gas are almost universal, one woman in three living in low and medium-cost houses, cooks with coal or wood.

Only 29% of urban housewives, 22% of non-farm rural housewives, and 30% of farm housewives said they were satisfied with their kitchen as it is. When asked to state the one improvement they would make, if they could do only one thing, housewives listed preference which reflected the conditions under which they have to work.

**What Modern Housewives Want**

Among urban housewives, for example, these were the four top choices:

Kitchen cabinet, cupboards or pantry, 29%.

Enlarge or re-arrange kitchen or build dinette or nook, 14%.

Sink, running water or hot water, 11%.

Redecoration, modernization, furniture or new flooring, 11%.

Among village housewives, the first four choices ran as follows:

Kitchen cabinet, cupboards or pantry, 21%.

Sink, running water or hot water, 16%.

Enlarge or re-arrange kitchen

**WORKROOM TO GET HOLIDAY**

In response to the recent emergency call a further shipment of women's and children's garments has been made from the local Red Cross workroom. There will be a final shipment of this work at the end of the month.

A bulletin from headquarters in Vancouver received authorizes the closing of all Red Cross workrooms for the month of August, always keeping in mind the possibility of an emergency call.

It is felt that the branches have given unstintingly of their time and trouble and that this holiday is well earned. It is hoped that no emergency may occur to interfere with it.

Those having work out, particularly sewing, are requested to turn it in at the workroom before the end of July.

The latest shipment included the following articles:

Emergency Civilian Clothing—20 women's knickers, 6 women's blouses, 14 children's pajamas, 6 children's combinations, 4 pantie dresses, 3 baby gowns, 1 girl's panties.

Hospital Supplies—10 men's pajamas, 30 face cloths.

Civilian Clothing—7 boys' sweaters, 3 pair boys' stockings, 2 pair boys' socks, 4 baby jackets, 7 baby vests, 3 soakers, 4 pairs booties.

### HER SISTER AT HALIFAX

Mrs. Mallory of Port Clements Anxious for Information About Her Sister Who Lost Home in Previous Disaster

Envisioning a repetition of the disaster of 1917 when her sister's home was completely destroyed, Mrs. A. L. Mallory of Port Clements was at the Daily News office yesterday anxiously seeking information of the ammunition explosions at Halifax. Her sister is Mrs. O. R. Hubley whose home is on Hennessy St. in the northern area of Halifax. The present home is on the same site as that which was destroyed 27 years ago. It is not a great distance from the ammunition depot location in Bedford Basin so Mrs. Mallory presumes that her sister was among those who had to evacuate temporarily while the danger of further explosions persisted.

Mrs. Mallory has been in the city for the past 10 days and will be returning to the Queen Charlotte Islands tonight. Her son, Gunner Robert Mallory, has been overseas with the artillery for three years, having been in the Italian campaign and later going to Holland where he is now. He was in Amsterdam on "V-E" Day. He went through the war unharmed except for a minor chest burn which required brief hospitalization.

city council had approved a contribution of \$500 to the Public Relations Council at its last meeting.

Rudolph Olsen, Sons of Norway delegate, urged that publicity literature should show not only tourist attractions but also inducements that would interest outside capital in the district.

"The pamphlets should contain maps showing mineral, industrial and agricultural areas, as well as railways, highways and other attractions," he said.

Mr. Olsen said that he believed Prince Rupert might share in the reconstruction of the Norwegian fleet.

Reconstructing Norway's Fleet

"Norway had the fourth largest merchant fleet in the world before the war," he asserted. "Why shouldn't Prince Rupert share in the rebuilding of that fleet?"

About half of Norway's fleet had never seen Norway, he said, being occupied in the Pacific, so Prince Rupert might be in a position to assist in its reconstruction.

Revival of the Prince Rupert museum was urged and Mayor Daggett said that he will revitalize the museum board, having been assured that the former board members have either left the city or have no interest in continuing with the museum.

The meeting adopted a motion by G. A. Hunter that the proposed new museum board meet with the public relations council.

Colin McCarthy reported that he had interviewed Peter Lakie, C.N.R. district freight and passenger agent, about placing Prince Rupert scenes in hotel and station lobbies and that while the C.N.R. is at present doing no publicity, the matter will be considered.

### WORKING FOR THEIR QUEEN

The regular meeting of the Prince Rupert Chapter No. 211, Women of the Moose Wednesday night decided to donate \$10 to the Cancer Drive and also to hold a dance in the near future to introduce Carnival Queen candidate Ruth Giske to the public.

The Initiation took place, admitting the three new members—Marguerite Davies, Mary Sammartino, and Ellen McKinnon—into the Heart.

The lucky name for the "Moose Cash" drawing was co-worker Tattersall and, as she was absent, the drawing for the next meeting will be \$9.00.

After the meeting came to a close a social, to introduce the candidate for Carnival Queen, Ruth Giske, to the members took place.

Delicious refreshments were served and the social came to a close.

### Always the Same

IN cooking with Carnation Milk, you can always count on the quality being the same. The can you open tomorrow will be just like the one you open today. The can you buy at one store will be the same as that bought at another. The bottom milk is the same as the top milk. And every drop has extra "sunshine" Vitamin D. Cook with the good milk with the red-and-white Carnation label.

For milk recipes, use half Carnation and half water. For cream recipes, use Carnation undiluted, as it pours from the can. Write for free Carnation Cook Book. Carnation Co. Limited, 470 Granville St., Vancouver, B.C.

**REVIVE LAWN BOWLING HERE**

The Canadian National Recreation Association's Lawn Bowling Club is on the lookout for new players as it proceeds to reorganize a playing league for the newly established greens. There are vacancies for players of whom there are believed to be a goodly number in Prince Rupert. As a result of there having been no playing greens for the past couple of years or so, interest in this once highly popular pastime has flagged somewhat but it is felt that it should be easily revived. It is hoped to me able, among other things, to resume provincial competition.

**SHORT SPORT**

A team from the Governor-General's Foot Guards came from behind in a fiction-like finish to nose out a team from the 23rd Field Regiment and win the 4th Canadian Division tabloid sports championship by two points at Borne, Holland. More than 1,000 spectators watched the see-saw battle that ended with the Guards amassing a total of 119 points against the gunners' 117. The last event—the relay race—decided the title. Eight unit teams competed, including those from divisional troop formations, armored units and artillery.

Individual high scorers for the Guards in the nine events such as dashes and jumps making up the card were Sgt. E. P. Tubbe of Ottawa and Gdsm. D. R. Brown of Vancouver, each with 14 points. Sgt. E. J. Kimberley, Renfrew, Ont., scored 13. Other members of the winning team were: Lieut. W. Dick, Toronto; Sgts. W. E. McWhirter, Cochran, Ont., and L. S. Trembley, Tilbury, Ont.; L-Sgt. J. St. Louis, Ottawa; Gdsm. R. W. Marous, Fort William, Ont.; P. G. Specht, Windsor, Ont.; W. H. Amsworth, Winnipeg.

Highest individual scorer for the runner-up field regiment was Gnr. S. Evans, Montreal, with 14 points, while Gnr. W. C. Projean, Three Rivers, Que., and Bdr. P. R. James, Queenston, Alta., each racked up 13 points. Other team members were: L-Bdr. M. M. Haskell, Edmonton; Sgt. D. H. Beatty, Toronto; Sgt. S. F. England, Toronto; Gnr. A. W. Penix, Toronto; R. B. Wood, Oromo, Ont.; I. Morrison, Toronto.

**FINALS IN BADMINTON**

Finals in the international badminton tournament, to be played tonight at the "Y" gymnasium, will be almost entirely naval in complexion, only one set of the six doubles contestants, being other than naval. The semi-finals were played last night with results as follows:

**Men's Doubles—**  
Farmer and Rubien beat Livingston and McGill.  
Pidgeon and McGill beat Capt. Smith and Morgan.

**Mixed Doubles—**  
Smith and Stewart beat Brandt and Craft.  
Mapp and Haddon beat Maxwell-Smith and Pidgeon.

**The Finalists—**  
The finalists are:  
Mixed Doubles—Smith and Stewart vs. Mapp and Haddon.  
Men's Doubles—Farmer and Rubien vs. Pidgeon and McGill.  
Men's Singles—Pidgeon vs. Haddon.

**GYRO-HOUSING WIN SOFTBALL**

In a closely-contested game last night at Gyro Park, the Gyro Nine were victors over the Knights of Columbus in a thrilling Junior Softball game in which the outcome was not decided until the last inning when the Gyros scored the winning run. Both teams played excellent ball. For the Gyros Glen Olsen and Everett Pierce did the hitting and scoring. Don Scherk started the pitching but was relieved by Lefty Mostad who was credited with the win. For the K.C.'s Jimming MacDougall was hurler and turned in a good game. Larry Moore and Archie Ethier were very effective for their team.

This game was full of excitement as both teams did effective hitting and fielding. The outcome was Gyro 7, K.C. 6.

The Wartime Housing defeated the Kinsmen by a score of 8 to 4 due to the heavy hitting of the Wartime Housing team and several errors on the Kinsmen with men on bases.

Next Thursday Wartime Housing plays K.C.'s and Kinsmen play Gyro.

Last night's games were umpired by Sgt. McQuinn.

**TERRACE IS CO-OPERATIVE**

TERRACE, July 20—The Terrace Board of Trade has gone on record as being willing to co-operate with the Prince Rupert Public Relations Committee in its plans for the development of publicity for the district. Further information is, however, being sought, particularly with reference to proposed assessments on business concern to help build up a publicity fund.

**Terrace Bakery's Sugar Problem**

TERRACE, July 20—At the last meeting of the Terrace and District Board of Trade there was a communication from the Post-War Rehabilitation Committee at Victoria in regard to additional sugar supplies being sought by G. N. McInnes of the Terrace Bakery. The committee advised that the matter had been taken up with the sugar administrator who had given reasons why Mr. McInnes could not be allowed increased sugar at this time.

Meeting of Timber Operators Being Called to See What Can Be Done About It

TERRACE, July 20—Dr. Stanley Mills pressed at the last meeting of the Terrace and District Board of Trade for some action in regard to providing hospital facilities at Terrace, at least for emergency cases. It was suggested that the old army provost hut might prove suitable for such use. Suggestion was also made that the timber operators of the district might contribute toward the erection of a suitable building. The outcome was that it was decided to call a meeting of the operators.
