

RUSSIA BREAKS WITH JAPAN

Moscow Accuses Nippon of Helping Reich by Warring Against States and Britain

LONDON, April 5 (CP) — Russia today denounced its neutrality pact with Japan, accusing Tokyo of helping Germany to war against Russia. Foreign Commissar Molotov handed a note to the Japanese ambassador, a Moscow broadcast said. The pact was signed in April 1941 and whether Russia would denounce it before the opening of the world security conference at San Francisco April 25 had been the subject of speculation.

Molotov informed the Japanese ambassador that continuance of the compact was impossible since Japan was fighting against Russia's allies—the United States and Great Britain. He added that in such a situation a pact of neutrality between Japan and Russia had lost its meaning. The denouncement becomes effective April 13, just twelve days before the opening of the San Francisco conference.

There is no hint from Moscow as to further immediate developments in future relations between Russia and Japan.

The neutrality pact would normally have expired April 25, 1946.

PRINCE GEORGE MEN WIN D.S.O.

Lieut.-Col. Harry Angle and Capt. Richard Sellars Gets Award for Gallantry Overseas

OTTAWA, April 5—The Department of National Defence announced today that Capt. Richard Bartley Sellars, aged 36, Prince George, has been awarded the Distinguished Service Order for gallantry while serving overseas with the Canadian Armoured Corps.

Capt. Sellars was born at Arcola, Saskatchewan, July 5, 1913, and graduated from the University of Manitoba. He was a book-keeper in Prince George prior to his enlistment in the Canadian (Active) Army June 22, 1940, with the rank of gunner. He was appointed to a commission September 3, 1942, and proceeded overseas in the same month. He attained his present rank May 24, 1944, being confirmed in that rank September 16, 1944. He was awarded the Military Cross in January of this year. His wife, Mrs. I. Sellars, and young son, live at 3177 East Georgia St., Vancouver.

Lieutenant Colonel Harry Herbert Angle is another Prince George officer to win the D.S.O.

Weather Forecast

Light winds, coming moderate to fresh in afternoon, mostly cloudy and cool with frequent rain showers or rain and snow mixed, becoming partly cloudy in afternoon. Fair in evening. Friday: fresh winds, partly cloudy, with occasional light rain showers, slightly higher temperature.

School Site Committee Appointed

Appointment of a committee to investigate possible sites for new city schools is the second step taken by the Prince Rupert school board in its long term plan to replace present structures with modern school buildings.

Appointed by the board chairman, Dr. R. G. Large, the committee consists of himself, and Trustees Mrs. M. Roper and S. L. Peachey. They will make a comprehensive survey of the city and bring in reports on the best sites for new school buildings which will some day replace the present inadequate buildings.

"By giving the matter attention now we will know exactly where we stand when the time comes to build," Dr. Large said.

First step in the planning scheme was taken earlier in the year when the board prevailed on city council to set aside one mill of taxation for a future school building fund. This will provide slightly more than \$4,000 a year for the purpose.

Accounts for expenses during March totalling \$9,890.62 were authorized for payment by the board.

Reports of principals revealed that enrolment in the four city schools during March was 1,219 pupils and that the attendance average was slightly lower than usual due to colds and minor ailments.

Booth Memorial High School had an enrolment of 500, with 331 in the junior high school and 169 in the senior. Average attendance was 90 percent. War Savings stamps sold during the month totalled \$547.

With a total attendance of 305, King Edward School had 148 boys and 157 girls enrolled. Attendance average for the month was 90 percent. War Savings for the month totalled \$234, and the total for the term to date is \$1,433.

War News Highlights

Action Off Norwegian Coast

LONDON—British and Canadian destroyers, patrolling off the Norwegian coast, torpedoed and sank one supply ship of a seven-ship enemy convoy and scored shell hits on a second supply ship and an escort vessel, the Admiralty announced today. A third supply ship was probably hit by a torpedo, the communiqué said. The Canadian destroyers suffered no casualties and only very superficial damage.

Eighth Army Consolidate Positions

ROME — British Eighth Army troops have consolidated their positions in a narrow Italian coastal strip between Valdi Comacchio and the Adriatic and have driven northwest close to Porto Garibaldi, Allied headquarters announced today. Porto Garibaldi is 4 miles north of the last reported Canadian positions.

Berlin Hammered Again

LONDON — Berlin has been given another hammering during the night. R.A.F. Mosquitos returned to the doomed city, while twin armadas in great strength bombed oil plants at the north sea port of Hamburg and at Nersburg, which is near Leipzig. It is believed that one-thousand or more British planes were in these attacks.

Pleased With Invasion Progress

GUAM—Allied commanders in the Pacific are elated at the swift progress of the campaign in the Ryukyu group, three hundred and twenty-five miles from Japan proper. They still expect the Japanese to attempt some sort of counter-attack on Okinawa, one-sixth of which is in American hands.

Americans Take Masbate

MANILA—American troops in the central Philippines have seized Masbate City, the capital of the island of the same name. It fell a few hours after the island was invaded, thereby securing the thirty-sixth island to be invaded in the Philippine chain.

Hangman of Poland Captured

LONDON—The Russians have captured one of Hitler's most important Fifth Columnists. He is Arthur Greiser, whose rule by massacre in Poland earned him the title of Hangman of the Polish People. Before the war, Greiser was president of the Senate of Danzig and used his office to terrorize the city in preparation for annexation by the Nazis. In 1942, he executed 100 hostages in Posen before the eyes of their relatives in reprisal for the death of two Germans.

Reds At Gates of Vienna

MOSCOW—The Battle for Vienna is on this morning. Red Army infantrymen are at the gates of the Austrian capital. Austria was the first country to come under the Nazi yoke when Hitler embarked on his campaign for world conquest. The Russians have taken a suburb one-and-a-half miles from the city line, and presently will be digging into Vienna's strongest line of anti-tank defences. They are located 7½ miles from the centre of the city.

Eisenhower Says "Surrender Is Improbable"

TERRACE EARLY HISTORY RECALLED WITH BIRTHDAY OF PIONEER

TERRACE, April 5 — The Pioneer Farm at Frank's Crossing, Kitsumkalum, was the scene of a memorable dinner party on Sunday last when all the members of the family who could be present gathered to celebrate the seventy-fifth birthday of Henry Frank, one of the oldest settlers, and that of a grand-

child, Donald, who was two. The table was artistically laid out with suitable Easter decorations and a delicious dinner was served. Those present included Mr. and Mrs. Henry Frank, Mr. and Mrs. T. E. Brookes, Mr. and Mrs. Ivan Frank and son, Mr. and Mrs. Floyd Frank and two children, Miss Mildred Frank, and Mrs. P. V. Tallon and son, Larry, who is the youngest grandchild.

Henry Frank is to be honoured as one of our earliest and most energetic pioneers. In 1894 he and a friend, Mr. Kendall, left the state of Washington in a flat-bottomed skiff to carry on prospecting in the northern lands along the Pacific coast. With tide and wind to assist them they moved up the coast and reached the mouth of the Skeena River in September. For a few days they stopped at Port Essington and then decided they would continue up the river. It took them seven days to reach Little Canyon, just above the present site of Terrace.

A heavily wooded country stretched out in all directions. They decided to explore and, for this purpose, made a trip up Williams Creek and the Copper River. As they went, they studied rock formations and looked for game. The season was far advanced so they decided to winter at Little Canyon and, with this base for their operations, did some trapping around Lakelse and towards the Kitimat. At Little Canyon, there was one lone settler, Tom Thornhill, and one other white man. Some Indians were busy blasting rock out of the Skeena just above the Canyon. There were many more Indians than at the present time and these were friendly and very honest.

Towards spring, Mr. Frank and his companion, Mr. Kendall, separated. Mr. Frank taking his furs to Port Essington to be sold. After that he engaged in fishing at the mouth of the Skeena and, when the season was over, did some prospecting on the creeks between Little Canyon and Lorne Creek. He found many small veins but none large enough to encourage him to work them. Several years were spent by Mr. Frank in trapping.

SOVIETS ON APPROACHES TO VIENNA

LONDON, April 5 — The German high command said yesterday that Russian spearheads have reached the Baden area, about 10 miles south of Vienna, and other Russians are fighting in the streets of Wienerneustadt, 26 miles south of the Austrian capital.

The German TransOcean propaganda agency said that the Russians had started a new drive northward from positions near Bratislava, the captured capital of Slovakia, probably aimed at Bruenn, the second city of Czechoslovakia.

MINERS ARE TRANSFERRED

VANCOUVER, April 5 — William McKinty, regional superintendent of Selective Service in British Columbia, has appealed to all hard rock miners working in less important industry to apply to their selective service offices for employment in the base metal mines of British Columbia due to "the serious condition in base metal mining owing to the shortage of qualified miners."

No Special Rates For Sports Teams

There is no prospect of transportation companies granting special reductions for travelling sports teams, the Prince Rupert Chamber of Commerce was advised Tuesday night by a special committee, G. R. S. Blackaby, chairman, which had been delegated to look into the matter following a request from the Kinsmen's Club which is interesting itself in inter-town sports competition promotion. The transport commission control forbids any such special rates during wartime. Mr. Blackaby had been advised by the three local transportation companies.

Anticipates No Decisive Capitulation by Germany

"V-Day" by Proclamation Only

WASHINGTON, D.C., April 5 (CP) — General Eisenhower has informed President Roosevelt in a letter that "a clean-cut surrender" of the Nazis is improbable. The allied commander in Europe foresaw extensive guerilla warfare. Eisenhower said he is hopeful of launching operations at the proper time

This threat was posed after the Canadian troops hurried the Twente Canal at two points Wednesday night and advanced more than four miles northward.

The Germans are getting no help from the Dutch in their attempts to keep the rail lines running into Germany. Last September Queen Wilhelmina called upon all Dutch railway workers to strike against the Germans.

Since that time, the Nazis have had to man the railways with their own personnel, not a single Hollander would step into the cab of a locomotive. Dispatches from the Canadian Army front declare that the Dutch railway strike will go down as one of Holland's greatest contributions to the Allied cause.

American Ninth Army troops north of the Ruhr have reached the Weser at a point 170 miles from Berlin. Other Ninth Army troops are squeezing the Ruhr valley pocket where as many as 150,000 Germans are bottled up.

Far to the south, French troops have pushed beyond the captured city of Karlsruhe and Paris radio broadcasts declare that spearheads now are about 20 miles from the city of Stuttgart.

Canadian troops at the extreme northern end of the line are fighting close to the German escape routes from Holland. Enemy resistance to the Canadian push stiffened suddenly yesterday north of Zutphen, less than 25 miles from the Zuider Zee.

Paris reported today that American Third Army tanks are leading the way towards Berlin so far as the western front is concerned. In a day of notable victories, General Patton's forces swept up three large German towns and reached positions little more than 120 miles from the German capital. Kassel, Gotha, have been captured and Erfurt is being threatened.

Funeral of Bishop Rix

Borderlines of religious differences were ignored today by hundreds of Prince Rupert citizens of many faiths when they united in paying final respects to the late Rt. Rev. George Alexander Rix, Bishop of the Anglican diocese of Caledonia, at funeral services in St. Andrew's Cathedral which was filled to overflowing.

Prior to the service this afternoon, the body of the beloved Bishop, who passed away Monday, lay in state in the Bishop's Lodge attended by a few close friends. It was removed to the Cathedral in procession and will be sent south tonight to Vancouver for burial in Ocean View Memorial Park, beside that of Mrs. Rix, who predeceased her husband two months ago.

The service this afternoon was conducted by three co-workers of the late Bishop and was filled with the solemn grandeur of Anglican ritual. Conducting the rite were Very Rev. J. B. Gibson, Dean of St. Andrew's, Archdeacon E. Hodgson, of Ocean Falls, administrator of the diocese, and Rev. J. M. McCormick of Vanderhoof. Hymns were "The Lord Is My Shepherd" and "When On My Day of Life, the Night Is Falling." The cathedral choir was in attendance under direction of Organist Peter Lien.

Clergymen from many centres of the diocese, and military, naval and air force padres from district bases made up the official procession which entered the cathedral at the commencement of the service. The procession was composed of Rev. W. S. Cooper, Greenville; Rev. Norman Green, Kincolith; Rev. J. M. McCormick, Vanderhoof; Canon Bird, Hazelton; Archdeacon E. Hodgson, Ocean Falls; Canon W. F. Rushbrook; Rev. Gordon Smith, Rev. E. W. Scott, Rev. T. Baillie, naval padre Flight-Lieutenant Sutton, Air Force padre, and Major the Rev. L. A. Marrant, representing the Archbishop of the Diocese of Kootenay.

A private service will be held at St. Michael's church, Vancouver on Monday, conducted by Canon Wilson, an old friend of the deceased.

The active pallbearers were William Leask, William Ridley, Rev. Gordon Smith, Dr. L. W. Kergin, G. P. Tinker and Judge W. E. Fisher.

WEATHER FOR MARCH

The eastern section end of Prince Rupert enjoyed a maximum temperature of 57 degrees during March while at the western end the highest recorded temperature was only 55 degrees, according to weather summaries released by the Air Force station at Seal Cove and the Dominion Meteorological station at Digby Island.

These minor differences in the month's weather data were carried through in other phases. For instance, the minimum temperature recorded at Seal Cove was 28 degrees, while at Digby Island it was 30 degrees. Average temperature for the month was 39 degrees at Seal Cove and 38.9 degrees at Digby.

In the matter of rainfall Seal Cove came out better, with a mere 9.86 inches as against 10.09 inches at Digby Island.

There were 61.8 hours of bright sunshine recorded at Digby Island but no record of Old Sol's working time was released at Seal Cove. Figures for January shows that there were only 30 hours of sunshine in that month, while there were 41.71 hours of bright sunshine in February.

Barometric pressures showed only minute differences between Seal Cove and Digby Island. High for the month was 30.5 inches at both stations, while the low at Digby was 28.86 and at Seal Cove it was 28.92.

NATIVES HONOR BISHOP RIX

Hundreds of natives from various parts of the coast have arrived in Prince Rupert to join in the obsequies for the late Rt. Rev. G. A. Rix, Bishop of Caledonia, and last evening at the Grenville Court Chapel of the B.C. Undertakers a memorial service was held to honor the beloved prelate.

The service was arranged and led by the people of Kincolith and others in attendance were from Metlakatla, Aiyansh, Greenville, Kitkatla and other villages.

The scripture reading and sermon was by George L. Stewart, lay reader, being based on the seventh chapter of Revelations. Hymns were "Lead, Kindly Light" and "Safe in the Arms of Jesus." The Kincolith Concert Band was also in attendance and played two selections.

ping, fishing and prospecting, his activities carrying him as far as the Queen Charlotte Islands. He always returned to winter around the mouth of the Skeena.

When Mr. Frank arrived on the Skeena, there was a small steamboat operating along the river and he met it on his first trip up. That winter they took the last boat out of Port Simpson, cut her in two, lengthened her twenty feet and made her into a steamer for use on the river. This was the old Caledonia. In 1898, the steamer Hazelton made its appearance. Each spring now brought dozens of prospectors who went up the river by steamer and carried on placer mining in the creeks beyond Hazelton. The first telegraph line, connecting Hazelton with Port Simpson, was built in 1901.

About 1903, rumors began to circulate to the effect that the Grand Trunk Railway was expected to extend its lines to the Pacific Coast and that their Pacific port would be somewhere around Port Essington or Port Simpson or possibly Kitimat Arm. By 1905, land seekers had begun to invade the country as it was felt that the railway would be sure to follow the river. As Mr. Frank knew this locality from previous explorations, he decided to take up land in the vicinity of Kitsumkalum and in March 1905, he and two others travelled up the Skeena in a canoe with this object in mind. He and his companions were the first white settlers to build cabins on the land they selected.

By the fall of 1906, all the land near Terrace had been claimed and by 1907, stores had been built and a Post Office which was located at Frank's Landing. Two hotels were in operation and tie makers were

working all along the river. The first white women came on the steamer in 1908 and Mrs. Henry Frank was one of these. Jack Frank, the first white baby, was born at Kalum that year. By 1909, the railway had been surveyed along its present site and construction of the first hundred miles east of Prince George let to contractors. The construction of the right-of-way was in full swing. The first sawmill had been built on what is now R. L. McIntosh's property. In 1910, the Farmers' Institute was organized. By 1911, the rails had been laid through the valley to a point east of Vanardal and the first school had been started.

The townsite of Terrace was started about 1912. In 1914, the first one-room school was built on its present site and, within three years, the rest of the rooms had been added. The first sawmill was built by George Little in 1914 and the lumbering industry had been growing ever since.

FORTY YEARS SERVICE

William Brass Celebrates Anniversary of Joining Canadian National

William Brass, assistant divisional engineer for the Canadian National Railways here and one of the real pioneers of the railway at Prince Rupert, is today celebrating his fortieth anniversary in the service of the company.

Mr. Brass joined the company forty years ago as an axeman with a survey party in Saskatchewan and was transferred to Prince Rupert in 1908. Since that time, except for three-and-a-half years which he spent overseas in the Canadian Expeditionary Force in the First World War, being severely wounded, he has been located here.

Mr. Brass has the best wishes of his numerous friends for many years of useful and happy service.

WHAT BROUGHT HER APPETITE BACK?

Authorities say the difference between husky children and those who are poor eaters, underweight and nervous is often simply a matter of proper nourishment, especially an adequate supply of vitamins.

But vitamins alone are not enough. For authorities now agree that vitamins do not work alone. They work as a team with certain other food elements.

For this reason, thousands are switching to Ovaltine. Unlike mere "vitamin carriers," Ovaltine food beverage contains not only extra vitamins but nearly all the precious food elements needed for health and top vitality. These include Vitamins A, B₁ and D, the important minerals calcium, phosphorus and iron, high quality proteins and quick energy fuel—food—a combination of food elements authorities agree are needed for best results.

So, if your child is thin, nervous and not developing properly, why not turn to Ovaltine as thousands are doing. Three normal meals plus two glasses of Ovaltine a day give your child all the extra amounts of vitamins and minerals needed for health and top vitality.

KITWANGA HAS BUSY EASTER

Church Services, Social Gatherings and Sports Events

KITWANGA, April 5 (Special)—Easter was an active period at this Skeena River village, beginning with a day of devotion on Sunday and continuing Monday with a sports festival and a banquet in the evening.

Villagers turned out in large numbers to attend St. Paul's Anglican Church where Rev. J. Hayhurst spoke on the subject "The Risen Christ." The lesson reading, in the native tongue by Harold Sinclair, was from the twentieth chapter of St. John. Mrs. Hayhurst was organist.

Evening service was held in the Church Army Hall and was conducted by Field Captain Solomon Bryant. The sermon was preached by Mark G. McKay of Kitselas who took his text from the nineteenth chapter of St. Matthew. Edward H. Benson was organist at the service. Easter hymns and anthems were sung at both services.

At a banquet in the community hall Monday evening a warm spirit of friendship pervaded and welcome speeches were made to the visitors. These included Adjutant Mark McKay of Kitselas, Chief Ernest Smith of Kitwanga, Mr. and Mrs. Gregg of the Hudson's Bay Company post, Mrs. Raymond Morgan, who recently arrived from England, Rev. and Mrs. J. Hayhurst, and Miss Marjorie Allen of Hazelton.

A banquet was prepared by the ladies of the village and the

tables were decorated with Easter flowers.

A speech of welcome was delivered to the visitors by George Moore and responded to by Mr. McKay, Mrs. Smith, Mr. Hayhurst, and Mr. Gregg. Mr. Sinclair brought the banquet to a close by thanking the ladies of the village for their efforts.

Following the banquet a dance was held.

Sports Well Patronized

The sports events during the afternoon were well patronized and the bright sunshine brought out a large audience. Directed by a special committee consisting of Harold Sinclair, Edward Tait, and Walter Sinclair, there were eight events.

Following were the results: Softball, married men versus single men — Married men 8, single men 5.

Foot race, 10 years and under — Howard Fowler, Andrew Johnson, Lawson Grey.

Girls' foot race, 10 years and under — Eva Fowler, Maria Morgan, Olive Russell.

HEART-WARMING FILM IS HERE

"Since You Went Away" Showing at Capitol

The long-awaited panoramic film "Since You Went Away," is showing this Thursday, Friday and Saturday at the Capitol Theatre.

Starring in the heart-warming film are seven of Hollywood's greatest players: Claudette Colbert, Joseph Cotten, Jennifer Jones, Shirley Temple, Monty Woolley, Lionel Barrymore and Robert Walker.

"Since You Went Away" is the story of the Hilton family, Anne Hilton and her daughters Janet and "Brig," who together face the everyday problems of the family whose man of the house has gone to war. But "Since You Went Away" is more than merely the story of the single household. It is, in fact, the story of every home in time of war.

"Since You Went Away" is not a preachment. In essence it is a simple story of simple people. It is the story of an average home; of war plants; of women workers; of victory gardens; of bowling alleys, of trips to the country on week-ends; of young love in spring; of a Christmas party. It is a film full of laughter—and tears, with the laughter predominating.

Bright, David Smith, Titus Derick.

Men's bicycle race — Leonard Bright, Stanley Williams, David Smith.

The married men defeated the single men in a tug-of-war.

A school boys softball team defeated a ladies team by a score of 8-2.

Basketball Final—

ACROPOLIS WINS AREA TITLE IN CLOSE BATTLE WITH PORT EDWARD

In the climatic finale of the Prince Rupert Area Basketball League's playoffs, Acropolis Hill defeated Port Edward, 55 to 50, to win the championship in a sudden-death game last night. Kiener, who is usually the Hill quint's big gun, was held to five points but Deiss and Willoughby both secured 18 for the winners. Ketchmark topped the losers with 17 counters while Henson was next in line with 13.

The Eddies started out in their usual smooth and efficient way and had built up a 30 to 25 lead at the half-way mark, but the Acropolis marksmen clicked like champions in the last half, scoring 30 points to the opposition's 20.

The line-ups follow:
Acropolis—Kiener 5, Deiss 18, Willoughby 18, Wallingford 5, Garzelloni 7, Kainovich 2, Bruigger, Gilbert, Goldman, —55.
Port Edward—Ketchmark 17, Moline 9, Henson 13, Thompson 9, Horn 2. —50.

Referee, John Comadina.

ROYALS LEADING HOCKEY SERIES

MONTREAL, April 5 (C)—Montreal Royals defeated Toronto St. Michael's by a score of 4 to 3 last night and now leads the best out of seven game final series for the Eastern Canada Junior championship. The Royals have so far won two games and St. Michael's one.
