Premier Is Absolved

Did Not Know Anything About Alleged Polish Anti-Russian Activities

MOSCOW, June 20—Trial of the 16 Poles in Moscow was highlighted today by testimony concerning the former premier of the Polish exile government, Stanislaw Mikolajczyk.
The military board of the Soviet supreme court claims to have evidence that Mikolajczyk knew nothing about alleged anti-Russian activities of the Polish underground army.
What's more, witnesses had testified that the underground leaders conspired to keep the premier in the dark—that they agreed that Mikolajczyk should not be informed of their alleged plan of action.
Thus he is apparently absolved of any connection with the anti-Soviet plot ascribed to the 16 defendants.

Barge Damage Is Unestimated

Not Known Whether Island Carrier Can Be Repaired

VICTORIA, June 20—Damage estimated at \$50,000 was caused to the 309-foot barge Island Carrier in a 48-hour fire of unknown origin which began late Saturday, it was announced Tuesday by Capt. H. R. Robinson, manager of the Island Tug & Barge Co. Ltd., owners of the boat. It is not known whether repairs will be made to the barge which is now resting in an upright position in Alberni Canal.
The blaze broke out Saturday night and raged through the superstructure and 1900 units of sawdust and home fuel bound for Port Angeles.
No members of the crew were aboard at the time of the fire.
The 3375-ton vessel was formerly the four-masted square-rigged sailing ship So-mali. She was built at Glasgow 53 years ago for the German government and seized by the United States government as a war prize in the last war.

GISCOME FARMER SHOTS DOWN 'ENEMY' BALLOON

Repeated warnings of the probability of Jab bomb balloons dropping out of the heavens to set Canadian forests alight had been taken to heart by Charles Paupst, a farmer at Giscome, 23 miles east of Prince George. When he saw a balloon settling down on his farm last week, he knew what to do.

The balloon, farmer Paupst observed, was dropping gently in the direction of a yellowed stand of slashed timber, prime timber for an incendiary device which might set the whole countryside ablaze.

As the sphere passed over the back meadow, farmer Paupst dashed toward his house, emerging with his trusty hunting musket. He pumped three shots into the balloon, half expecting it to go "swoosh" and drop headlong. He was disappointed. The balloon drifted inexorably toward the slashed timber.

Approaching the deflated balloon cautiously, Mr. Paupst was relieved to discover that it was not a hellish instrument of Jap terrorism but an innocent "Radiosonde" meteorological balloon sent up by U. S. military authorities to automatically record and broadcast high altitude weather information. Attached instructions asked the finder to return it to the nearest U. S. military establishment.

"Conscription" Dead Issue . . .

The "conscription issue," evidently, did not bear great weight in the election campaign as far as the service men themselves were concerned as evidenced by the marked minority of the service vote which the Progressive-Conservatives, great critics of the government manpower policy, received. Even here in Skeena, where we had a popular overseas soldier as the Progressive-Conservative candidate, that party was accorded a mere twenty-one percent of the total service vote.

The proof of the pudding, after all, is in the eating and the policy of voluntary enlistment for overseas, while it might have had a narrow squeak and might not have been popular with a lot of us, did work out. To discuss what might or might not have happened had circumstances been different than they were is not worth the further time or effort. The whole thing is a dead issue.

Responsibility for Highway . . .

The Prince Rupert Chamber of Commerce is justifiably irritated over the situation whereby the new Prince Rupert Highway is being booted back and forth between the federal and provincial governments with responsibility for its maintenance meanwhile up in the air. The

highway, we are led to believe, is not in such bad shape so far but, naturally, if something is not done regularly to maintain it, it must deteriorate and, if the deterioration is allowed to go long enough with no attention, it will get in a serious and eventually impassable condition.

Vigorous protestations of lack of responsibility by either side notwithstanding, local people have justification in feeling impatient about the situation and are loath to accept orphanhood of the road as an excuse for nobody doing anything to care for it.

In Secrecy Is Safety . . .

The Socialist city council of Prince Rupert persists in the practice of resorting to committee of the whole sessions which the press, if not debarred, is not welcomed to attend. Reporters are not anxious about wasting their time at routine committee sessions but are always desirous of getting interesting news and views for the public which is entitled to be informed through the press what its elected representatives are doing and saying.

As far as we are aware, there is no longer any business with which the city council has to deal news of which it is necessary to suppress because of security reasons.

We recall that in the old days of "capitalistic" city councils the "socialistic" members were only too happy to have the press on hand to take down their speeches and publicize their views freely. There was no city council "Star Chamber" in those days. But times change. Now that the socialists have the responsibility they evidently find it inconvenient if not embarrassing to have the reporters listening in on everything they say and do.

TERRACE SHOWS INTEREST IN ELECTRIC POWER

TERRACE, June 20.—Terrace is electric power conscious and its residents are looking forward to the time when electricity will play a big part in the industrial and domestic life of the village. The subject dominated discussion at a recent Board of Trade meeting.

The Board of Trade has written to the provincial power commissioner at Victoria asking for an outline of the commission's plans for the Terrace district and to learn the definite date of the proposed visit of the commissioners to Terrace.

In preparation for the commissioners' visit a committee composed of O. T. Sundal, G. Kerr, G. McAdams and G. N. McInnes was appointed by President Harry King to prepare data concerning power possibilities in the Terrace district. The committee will present a report to the next meeting of the board.

A report was given by W. A. Kirkpatrick on the progress in making signboards advertising the district. The committee headed by Mr. Kirkpatrick was made entirely responsible for the wording of the signs and was authorized to get in touch with the local director of the public works department for assistance in erecting the signs at strategic points on the highway.

Posts on which to erect the signs were offered by Duncan Kerr.

President Harry King appointed eight members to the central council of the board. These were George McAdams, Will Robinson, E. Haugland, C. Michiel, O. T. Sundal, W. A. Kirkpatrick, D. Little, and G. C. Sessions.

Condition of the tennis court, which was described by G. C. Sessions as unsafe, was discussed and the board offered moral support in repairing it, being unable to help financially.

The G. N. McInnes sugar quota was discussed again and the secretary was instructed to write a letter to Hon. H. G. Perry outlining the situation. A copy of the letter was also sent to Hon. E. T. Kenney.

OFFICIAL COUNT ON JULY FIFTH

Service Vote in Skeena Was Proportionate to Civilian in Distribution of Preference

Election figures for the riding of Skeena as far as now compiled and giving the C.C.F. candidate, Harry Archibald, a plurality of 756 over E. T. Applewhite, Liberal, are as yet unofficial and do not take into account Allison Harbor, a poll in the extreme south of the riding, which has yet to be heard from. All other polls have been reported. The official count will take place on July 5 but interest in it will be merely perfunctory since the result is so clear cut already.

TO MAKE 150 DITTY BAGS

Local Navy League W. A. Has Quite a Job on Its Hands

The regular monthly meeting of the Women's Auxiliary to the Navy League was held in the Canadian Legion Rooms on Monday night with Mrs. J. R. Elfert presiding.

Several knitted garments were handed in and more wool was distributed.

One hundred and fifty ditty bags will be made up by this branch. This is quite an undertaking as each one has a completed value of \$3.50.

Mrs. Simundson will take charge of the volunteer help for the American Seamen's Club during the month of July.

Final arrangements were made for a tea and sale of home cooking to be held at the home of Mrs. R. M. Winslow on July 5. The wool blankets and bridge lamp now on display in Gordon and Anderson's window will be raffled at this tea.

Are you entertaining out-of-town house guests? You will be doing them an honor by having us publish a personal note about their visit.

TROPHY IS PRESENTED

Soo Suds Received Daily News Tug-of-War Challenge Cup

Presentation of the Daily News Challenge Trophy, for tug-of-war honors at the annual Kinsmen's Club Victoria Day celebration, took place last night at a pleasant little dinner gathering at the Soo Suds camp. The presentation was made by G. A. Hunter, managing editor of the Daily News, and was received on behalf of the tug-of-war team by Lieut. Col. A. B. Noble, officer commanding the Soo Suds.

Mr. Hunter expressed gratification at the opportunity to congratulate the Soo Suds on their athletic prowess as shown not only in winning the tug-of-war against stiff competition but in other lines of sport. He expressed the hope that the Soo Suds would be on hand to compete for the trophy again on another Victoria Day.

Col. Noble expressed his appreciation of the efforts of his men in winning the cup. He declared that his stay in Prince Rupert had been a pleasant one due to the hospitality of the people. He especially acknowledged the assistance and consideration he had received from the United States Army.

Capt. Fred Burgess, who was the captain of the Soo Suds tug-of-war team, also spoke briefly as did John Montgomery, Y.M.C.A. war services supervisor at the Soo Suds camp.

Others present at the dinner were Bruce Stevens, representing the Kinsmen's Club, Capt. C. G. New, and members of the tug-of-war team which consisted of Capt. Donnelly, Lieut. Doyle, Sgt. Plonville, Sgt. Faubert, Corp. Ploverman, Pte. Faer, Pte. Burgoyne, Pte. Helne, Pte. McCassin and Pte. Bradshaw.

Masset Steamship Service Under Fire

Dissatisfaction was again expressed at Monday night's meeting of the Prince Rupert Chamber of Commerce with the steamship service that was being given Massett on the Queen Charlotte Islands. Under the present schedule, it was said that the steamer did not remain long enough in Prince Rupert to permit of answering of mail and filling of orders for goods. Sometimes it took as long as a month to get an answer to a letter to Massett. This meant that business was being lost to this port.

Frank Skinner spoke of the difficulty in getting a second steamer for the Queen Charlotte Island run but said that his company was doing everything possible to remedy the situation. He pointed out that the company was not obligated to give any more than a two weeks' service.

Railwayman Is Retiring

WINNIPEG, June 20—One of western Canada's best known railroading men, Sidney C. May, chief boiler inspector for the Canadian National Railways, western region, was presented with a wrist watch, a pocket book, and a sum of money by fellow employees on Monday, prior to his retirement. Mr. May started his railway career in 1899 with the London, Tilbury and South-end Railway, of London, England, and joined the Grand Trunk Railway in 1907. He served overseas from 1916 to 1919 which was the only interruption in 46 years of railroading.
