BRISTOL, April 21 (CP) — Prime Minister Winston Churchill said today that a "new leap forward, a new lifting of body and soul would be required to defeat Japan and bring the Pacific war to conclusion altogether free from any doubt."

In Bristol to present University of Bristol honors, the Prime Minister declared "we have no intention of encouraging any festivities of thanksgiving until we are assured from military commanders that the task is so far complete that everyone may cheer."

He said "world organization which we must build and shall build will be free and open to all nations of the world." He added that there must always be the necessary force to retain aggression.

Eighth Victory Loan . . .

The news from the battlefronts is good. Germany is defeated, although it may take a lot more bitter fighting to make her admit it. The Pacific war is going a lot better than most authorities would have cared to forecast a year or two ago.

The news just might be good enough * to make some of us let up in our efforts; seriously than before, to think that for instance, to take the call for support of the Eighth Victory Loan less when the shooting stops, our savings stops.

ago Thursday afternoon when the news of the andden death of President Roosevelt came. It stunned a gathering of many of Canada's leading newspaper figures in the Royal York Hotel. Premier George Drew of Ontario was there as a guest and he described it a "terrible misfortune." Reosevelt's death could have been no more genuinely mourned in his own United States than it was in Canada. 8th Victory Loan Opens Monday, April 23rd

This is the symbol of Canada's Eighth Victory Loan . . . the symbol of an opportunity and a challenge. Join the millions who will wear the investor's pin as a sign that they too have done their part to FINISH the job!

s this Victory Loan different?

NO

This Eighth Victory Loan which begins today is no different from each of the other seven before it.

The money millions of Canadians will lend becomes the tools and supplies of war-ammunition—armour—clothing—food—for our fighting men...

These dollars represent things we do without now in the cause of freedom—to assure the safety and sanctity of home—our *loan* to place beside their sacrifice!

Like the seven loans before it, this eighth is just a loan—not a gift—a loan backed by the soundest security in the world—an investment for the things they will need and we will want in the brighter tomorrow.

No, this Eighth Victory Loan is, in many ways, just like the seven before it in which Canadians have participated so fully.

MES

In one way this loan is utterly different

-different because it is infinitely more
important than those other loans.

This time we are facing an enemy with his back to his last wall...an enemy who will stop at no fright-fulness to damage us or to postpone his own defeat.

Therefore we must give our enemy no slightest chance to recover from the defeats being heaped upon him.

We must press on to FINAL Victory . . . backing our fighters to the very last . . . so there can be no doubt of the issue when we give the last great "heave."

But the essential point is a thing of the mind. Our effort must rise to a climax as our enemy's desperation rises...our support must match the fever pitch of the final battles. We here must *feel* it, as they over there know it! That is why this loan is different.

For tasty, nourishing and economical winter desserts, most Canadian housewives will again do some preserving this year . . . jams, jellies and all kinds of fresh fruits.

Sugar is still very scarce. We must continue to conserve our supplies.

This year, the allowance for home canning will be the same as in 1944—ten pounds per person. Be sure to use your ration sparingly.

HOW YOU GET SUGAR FOR CANNING

Instead of special home canning sugar coupons, twenty extra preserves coupons in Ration Book No. 5 are being made available for the purchase of sugar for canning.

These coupons are good for half a pound of sugar each or the stated value in commercial preserves, for they are the same as any of your preserves coupons.

You may use any other valid preserves coupons to

purchase sugar, also at half a pound each. No exchange is necessary. Your grocer will accept any valid preserves coupons when you purchase sugar for canning.

There are now only two kinds of coupons for sugar. The regular sugar coupon, good for one pound of sugar; and the preserves coupon, worth half a pound of sugar.

SUGAR FOR CANNING COUPON CALENDAR

USE ONLY AS REQUIRED

The twenty extra preserves coupons for sugar for canning will remain valid until declared invalid by the Ration Administration. You do not have to use them immediately. You will be given plenty of notice of their expiry date.

GUARD YOUR RATION BOOK

If you lose your ration book, the extra preserves coupons which have already been declared valid will not be replaced. It is up to each consumer to look after his or her ration book.
