POLE QUESTION TO FORE ON EVE OF SAN FRANCISCO CONFERENCE

Big Powers Fail to Reach Agreement Prior to San Francisco Conference

SAN FRANCISCO, April 24 (CP)—New difficulties are facing the United Nations as delegates assemble for the San Francisco conference.

The chief of the Dutch delegation, Dr. Elco Van Kleffens, has criticized plans that would give the great powers veto control over world peace machinery.

TENDERS FOR PIONEERS' HOME ARE TOO HIGH

Prospects for the immediate construction of Prince Rupert's new Pioneers' Home darkened following the receipt last night by the Health Committee of City Council of two tenders which were considered well above the amount of money available to build the home.

With government priorities to build a structure valued at \$18,250, and with only \$14,000 on hand for the purpose, Health Committee members gazed with some awe on the tenders and the deposit checks which accompanied them.

A tender by Bennett and White, Vancouver construction firm, was for \$39,322, and Mitchell and Currie, local builders, named \$27,900 as their price.

Committee members decided that the fund will continue to be held in trust while they explore other avenues to improve the lot of Prince Rupert's elder citizens.

Of the money at hand to build a new home, \$6,800 was raised by public subscription, and \$7,500 was contributed by the city.

REDS TAKE ONE-THIRD OF CAPITAL

MOSCOW, April 24 (CP)—Berlin is a wrecked and embattled city today. It is a shell-torn island in the mammoth front that is all of Germany.

Savage street fighting has raged across nearly half of the city. The desperate Nazis have thrown a series of counterattacks against the swelling tide of Russian armor, counterattacks that crumbled and dissolved as the Soviet tank men blasted their way through the smoking streets.

Southwest of the enemy capital, Russian columns have reached the Elbe River. At this point, twenty miles separate the eastern and western Allies. Russian tank crews, who have sent radio messages to the Americans, say the junction will take place today.

HALIBUT BOATS MAY LEAVE FOR BANKS APRIL 28

First section of the Prince Rupert halibut fleet will leave for the fishing grounds as soon as before May 1 as vessel masters can get customs clearances to leave port, George Anderson, secretary of the Deep Sea Fishermen's Union said this morning.

Commenting on the decisions of a joint meeting of fishermen and vessel owners held Sunday afternoon, Mr. Anderson said that the first section of the fleet is likely to leave on April 28 or 29 and will be followed five days later by the second section.

This year, vessels in the name category M to Z will leave first. This constitutes the smaller portion of the boats operating out of this port, most of the vessels being in the name section A to L which left first last year.

No curtailment scheme is contemplated this year, Mr. Anderson said. "As long as price ceilings are in effect there is no advantage in making the faster ships tie up," he asserted. "Everyone gets the same chance at prices no matter how often they come in."

EXPAND SILK INDUSTRY

NICOSIA, Cyprus (CP)—In order to encourage the rearing of cocoons and the production of silk, the Department of Agriculture has made 20,000 mulberry trees for free issue to cultivators. It is hoped to expand the silk industry in Cyprus and to double its pre-war output.

WAS HAPPY IN RUPERT

Rev. J. H. Myrswang Has Affection for City—Roosevelt Death Heavy Blow

"Were it not for family reasons I would never have left Prince Rupert and I would be happy enough to return here to spend the rest of my days," said Rev. J. H. Myrswang who left last night on his return to Poughbo, Washington, after having been here to take part in special mortgage burning services at St. Paul's Lutheran Church of which he was the former pastor. The years he spent here were very happy ones, he says. However, he and his family are now well established and contented in the parish of Poughbo, across Puget Sound from Seattle.

Mr. Myrswang told of the profound shock which the recent death of President Roosevelt caused. "He was a greatly loved man, having won his way into the hearts and homes of all the people. His loss for the time seems almost irreparable. There appears to be no leader in the meantime to take his place."

Sergeant-Major Morrison Home

Friends in the city and district will be interested to hear that Sergeant-Major Donald Morrison, brother of Iain Morrison and brother-in-law of Angus Currie, both well known Skeena River cannerymen, recently returned to Canada on rotation leave after five years' service overseas including Dieppe and the Sicilian and Italian campaigns. He went overseas in 1939 with the Scaforth's of Vancouver and was later drafted to the Calgary Regiment, a tank unit. He is at present engaged in special campaigning in support of the Eighth Victory Loan in the East but is hoping to return overseas or else be sent to the Pacific Coast. Sergeant-Major Morrison, before the war, was engaged in mining in the district—at one time at Anxoy and later at Taku.

MASSETT IS BUSY

Clam Cannery Operating—New Wharf Building—Sawmill and Boatbuilding

Masset is having a busy spring this year even if it is a backward one from the weather standpoint, it is reported by Jesse Bridden, one of its best known citizens, who has been spending a few days in the city. The clam cannery, co-operatively operated, started packing in March, the earliest date yet, with a view to getting up as large a pack as possible before the fishing season started but unfavorable weather has hampered clam digging operations and the pack so far has amounted to only about 1000 cases. The co-operative is becoming an increasingly important factor in the community of Massett and now has two stores there under the management of George Hoey, formerly of Prince Rupert—one at old Massett and one at new Massett. The new Massett store was formerly that of Kirnes and Linder.

Campbell Bros., the contractors, are now well under way with the building of the new wharf at New Massett which for two years has been without one. The new wharf project, including approach, two floats and breakwater, is costing up-

wards of \$65,000 and is to be completed in July.

David Rutten, Walter Feyer and Kurt Linder are running the sawmill at Delkatka Inlet which was formerly operated by Arthur Robertson.

Alex Wylie and son, who moved there not long ago from Prince Rupert, are operating their boat-building plant there and have several gillnetters on the contract list. Mr. Wylie formerly built boats at Seal Cove and until recently was with the local dry dock.

Mr. Bridden, who has been visiting while here with his son, Staff Sergeant Bridden, Royal Canadian Army Service Corps, reports that the people of Massett are quite dissatisfied with the steamship service which they are at present getting. What they want is a weekly service from Prince Rupert so arranged that it would permit of more expeditious trading with this city. The way things are now there is only a boat every ten days which is entirely unsatisfactory for the purposes of passengers, freight and mail alike.

LOVE, FEAR IN PICTURE

"The Unseen," With Joel McCrea, Gail Russell and Herbert Marshall, Coming

Based on the most powerful of all human emotions, fear "The Unseen," coming to the Capitol Theatre this Wednesday and Thursday, is a psychological murder mystery. The chief characters are a widower, his two young children, the family doctor and a woman well past the first bloom of her youth. The action of the story takes place in the prosperous residential area of a New England town. Joel McCrea plays the widower and Gail Russell is the governess with whom he falls in love. The love interest is overshadowed by the mystery of a couple of murders.

The mystery is climaxed by a sequence where Joel and Gail have reached the point of actually suspecting each other, emotional relief coming, however, in a romantic manner.

Herbert Marshall plays the masculine heavy in the picture. A herpetologist is one who studies reptiles.

Our Ford runs like new!

Long life... low upkeep ...the Ford V-8 Engine

ALL THE FORDS on the road today are growing old—there have been no new ones made since 1942. The amazing thing to owners is how well they've stood up. In many cases they haven't had the best of care, for many of the skilled mechanics who formerly tuned them up regularly are in the armed forces, and Ford dealers must give priority to the maintenance and servicing of essential transport. The way Ford cars have kept on doing their duty during the war years speaks well for the way the Ford V-8 engine is engineered and

built. Its rugged simplicity has meant low upkeep cost. Its fuel economy has made thousands of Canadians thankful they owned a Ford when the war came on. Will the post-war Ford be powered with the same V-8 engine? Yes, a V-8 with all the battle-tested refinements resulting from the war years. Continuously since 1942 Ford of Canada engineers have developed new refinements to enhance the performance of the V-8 engine in the war zones. In the post-war models all these engineering advancements will be offered to you at once.

LOOKING OVER MAJOR LEAGUES

The White Sox defeated St. Louis Browns in both ends of a doubleheader at Chicago over the week-end 4-3 and 5-4 to replace the Yankees atop the American League standings. In the first game, the Browns scored all their runs in the third inning but Joe Haynes blanked them thereafter while his mates pecked away at Jack Kramer to tie the score and tally the winning marker in the eleventh frame.

In some other games the pitchers really had a field day.

Hank Borowy hurled a three-hitter as his New York mates downed Washington 5-2 for his second victory of the season.

Other pitchers who gained their second triumph included Russ Christopher of Philadelphia Athletics, who held Boston Red Sox to five safeties; Dizzy Trout, of Detroit Tigers, who limited Cleveland Indians to six hits, and Paul Derringer, of the National League's Chicago Cubs.

The Cubs scored three victories in two days to vault into second place in the senior circuit. In addition to Derringer's effort, Bob Chipman held Pittsburgh Pirates to three hits to gain a 3-0 shut-out. Chicago won the third game 5-2 in a see-saw affair with numerous pitching changes.

Although Ted Wilks was reached for eight hits he blanked Cincinnati Reds 2-0 at St. Louis. Wilks' Cradinal mates made only four hits off Bucky Walters, Frank Dasso and Guy Bush.

The standings follow:

Chicago	5	0	1000

Soo Suds hit top form in last Friday night's hockey league game to take an 8 to 5 victory over Royal Canadian Artillery at the Y gym. Suds made a remarkable comeback after taking a 13-1 trimming from Fortress last Tuesday and should be a tough team to beat from now on. R.C.A. played a fast game and repeatedly broke through into the Soo Suds defence area but defence-men McNulty and Cobbledeek of the Suds played outstanding hockey for a full 60 minutes to protect goalkeeper Nierza from close-in shots.

Tonight will be a big night at the Y with the two old rivals, Navy and Air Force, meeting for the first time since the first section play-offs. Navy have played one game which they won against R.C.A. last Tuesday while this game will be the first for the Airmen. The opener tonight will be Fortress vs. R.C.A. R.C.A. have had two losses in two games and will be out after their first win.

The league standings:

	W	L	Pts.
Fortress	1	0	2
Navy	1	0	2
Soo Suds	1	1	0
R. C. A.	0	2	0
R. C. A. F.	0	0	0
