Mosquitos Hit Berlin Three Times

LONDON-While Allied engineers labored to speed Ninth Army troops across the Elbe to Berlin, R.A.F. Mosquito bombers roared overhead last night to blast the German capital. The Germans declare that three separate attacks were carried out.

#### Hitler Stories Still Unconfirmed

LONDON-British newspapers have printed unconfirmed stories to the effect that Hitler is broken in health and may be dying, and that he has turned over his powers to Henrich Himmler, but these are not taken too seriously. The report may be premature, but there can be no doubt that Germany is collapsing under the combined pressure of the Allies.

#### Japs Killed Spaniards On Manila

MADRID-Spain's break in diplomatic relations with Japan apparently is the aftermath of the killing of Spanish Nationals by Japanese soldiers at Manila. Spain is reported to be holding Japanese Minister Yakichiro Suma and other Japanese diplomats until Tokyo arranges the safe departure of Spanish diplomats-now-in the Japanese capital.

### Heavy Going On Okinawa

GUAM-American troops on Okinawa still are being held without gain along the so-called little Siegfried Line guarding the city of Naha in the southern part of the islands. Enemy resistance in the north also has developed, and is slowing the American advance.

### Only One Battleship Left

LONDON—The air ministry in London has announced that R.A.F. bombers have sunk one of the two most formidable warships left in the German Navy. It's the 10,000-ton pocket battleship Admiral Scheer, which was bombed and sunk by British airmen at the Kiel naval base in Germany. The only big battleship remaining to the Nazis is the Luetzow. Sinking of the Scheer is described as the most serious blow to the German Navy since the big battleship Tirpitz was sent to the bottom last November.

### A Diplomatic "Pearl Harbor"

Everything is shaping up for Japan to make a bid for peace on the pretext of putting into power a moderate government which would be disposed to fall in line with the democratic principles for which the Allies have fought in the war which is so rapidly culminating in complete military victory. Facing encirclement and her possibilities of further military expansion completely dissipated, the time is undoubtedly ripe for a great diplomatic "sneak" act by Japan.

Of course, it is unthinkable that, after having resolutely guarded ourselves against the dangers of negotiated peace when the going was hard, we should entertain any idea that Japan could or would mend her ways.

Even yet Germany and Japan might still be the long-range winners if they were allowed to escape with anything less than complete and unconditional surrender or overwhelming defeat pursued to its bitterest end.

#### Grain to Russia . . .

· Shipping grain through Prince Rupert to Russia should be a "natural" said a well informed grain man who recently visited Prince Rupert. He said that it was more economical to ship Canadian grain to the great northeast port of Russia tributary to the port

of Vladivostok than from the great BRITISH WOMEN grain growing areas of Russia itself. BRITISH WOMEN

Officers of Russian ships which TO SIT ON are currently here for repairs at the local dry dock have expressed surprise FRISCO. PARLEY at the development and possibilities at the development and possibilities of the port as well as wonder that even now they are not being used to better advantage.

The Canadian grain which Russia Parliament, women of vastly difcould use and is said to be ready to ferent temperaments, will take is at Prince Rupert. All Canadians today are thinking about jobs

eafter the war for themselves and the men

now overseas. Something is being done about

it - many things! One of them is the new

Farm Improvement Loans Act. It will mean

a lot to you, even if you live in the city.

How? Because this new act sets up machinery by which farmers can now get bank loans of a special type to modernize their farm with many things made in cities and towns.

That is not all. When farmers get new equipment and improve their farms to make them more efficient, they will raise more foodstuffs. This means more work, jobs and wages for workers engaged in industry and transportation.

It means more goods for export, too ... You see how the circles widen and widen until there are better markets for everybody. So everybody will benefit from these new loans which the banks are now empowered to make to farmers!

#### Fire Ignored

But hundreds of Frankfort civilians standing in front had their backs turned, paying no atfour jeeps.

's standing by parked cars in tion with their appeal for funds. the court in front of the station were playing ball, completely unconcerned about the big fire, which at home would have had everyone excitedly milling arone d This was one more example of the breakdown of normalcy in wartime.

At the Vereinigte Deutsche Metallwerke in one of Frankfort's suburbs we could not forget the milling masses of slave laborers awaiting a noon meal. The factory had been told the foreign workers must be fed as usual until arrangements were made for The regular monthly meeting their departure. The factory diof Cambrai Chapter, I.O.D.E., rector was a little man with a

Asked how many hours the slaves worked, he said 10. Everyone in town knew it was 12. When we asked him how Germany got so many workers and he replied they all came willingly, glad to help the Reich, we asked: Ail? He said: "Well, 90 per cent."

He said the plant only made propeller hubs, yet we went out back and saw parts of jet planes which use no propellers. This was typical of the manner in which he and all of his type answer for no good reason.

After touring Frankfort and seeing many hundreds of houses, one correspondent suddenly remarked: "This town has the doorknobs I nave ever

The American fondness for tinkering with automobiles manifested itself i nFrankfort. I saw no Model-A Fords here, but did see two G:I.'s with a new German half-truck chassis they had managed to get out of the factory and Army and W. O. Mills of the C. W. L. Bridge, Whist and halfway down the street before it Army Band. This was a fitting stalled. Grinning with delight, tribute to the popular Guy who they tinkered away, hoping to make a big impression by driving here. up to mess with the huge vehicle.

In two other instances, G.I's picked up small German cars and were busy tinkering to make p.m. Johnnie Tarbet will be I found a G.I. with a motorcycle. our regular Tuesday parties. He said the clutch rod was gone and he was making a new one on a lathe he had found operating. the taking of the town and while "The Country Cabaret" will waiting for next orders.

### MOTHER HUBBARDS

LONDON, April 12 (P) - The Board of Trade has taken steps for Results. to stop the sale of so-called mattress covers, dust sheets and pillow cases, roughly made from dress material and other rationed cloths. Women are buying them and then remaking them I into clothes.

## TAKING CARE OF WAR PRISONERS

Although no individually addressed parcels may be sent to prisoners-of-war in Germany owing to the uncertain location of camps, the Red Cross food parcels are still going forward and are being distributed by 50 trucks donated by the Canadian government to the International Red Cross, the Prince Rupert Red Cross executive has been advised. The local Red Cross has received considerable correspondence regarding the changed situation of prisoners - of - war, and the next-of-kin are assur ed that everything possible is being done for the prisoners' welfare.

At an executive meeting Tuesday night, director of the Red A coroner's jury investigating | Cross drive revealed that \$21,731 had been received through contributions, and that the drive was very successful.

President Arnold Flaten said from a gunshot wound in the "Lifebuoy Follies" at the Capital Mrs. J. Gillett, reporting for the convener of the workroom said that conditions were satisfactory and that a shipment had been made last week. More materials are now coming in after a recent shortage. Some work has also been done for the local military hospital.
