Canadian Industry Is Ready for Peacetime Work

C.M.A. President Says Canadians Will Co-operate With Other Countries in Peace as in War

TORONTO, June 6 (CP)—Canada's great industrial system stands ready and willing to put its full strength into the problems of peace, both national and international, J. C. Macfarlane, K.C., president of the Canadian Manufacturers' Association, stated at the opening session of the 74th annual meeting of the association yesterday. More than 2,000 Canadian industrialists are attending the three-day conference at the Hotel Vancouver in Toronto.

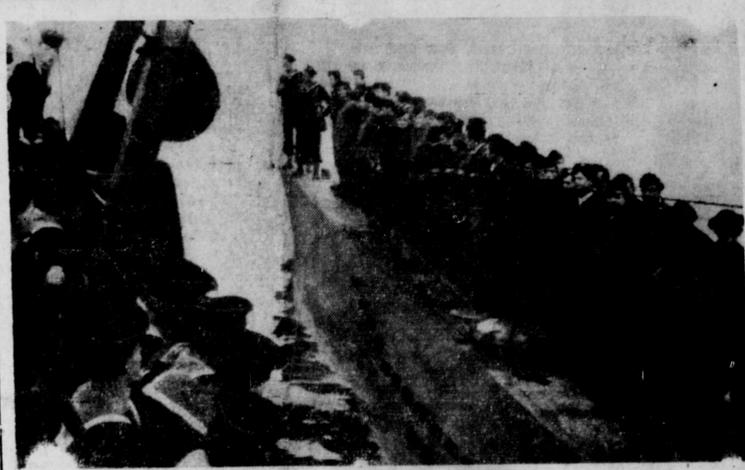

Macfarlane said that the countries represented at the United Nations conference at San Francisco have planned and agreed to keep the peace and to work for the well-being of the world. Mr. Macfarlane said in the course of his presidential review of the country which tries to lead alone in war will face the armed might of the Security Council and if it attempts to go against the world, it will find itself in a difficult position.

Japanese Radio Virtually Admits That Okinawa Is Lost—Portentous News Blackout in American Quarters

MANILA, June 6 (CP)—The Japanese admitted today that American invaders have reduced Okinawa to an "isolated island" and warned that invasion of Japan is imminent. Such news blackouts in the past have often preceded the announcement of developments of major importance such as conclusion of campaigns or the launching of new invasions. Radio Tokyo claims that the Japanese mainland has been converted into an impenetrable fortress.

FOUR TIMES ON MONDAY

But Tuesday Most Popular Day For Balloting Since Confederation

OTTAWA, June 6 (C)—Four of the 10 Dominion elections held since 1874 have taken place on a Monday, which is the week-day chosen for the 19th general election to be held June 11.

Elections held before 1874 took more than a day to complete, the first Dominion election in 1867, for instance, taking more than six weeks for polling. Since the one-day elections started, six have been held on Tuesday, five on Thursday, four on Monday and two on Wednesday.

The 1872 election, held after British Columbia entered the Confederation, was a three-month affair. It took that long for the chief electoral officer to conduct the balloting from coast to coast.

The first one-day election was Thursday, January 22, 1874. The next was Tuesday, September 17, 1878, and Tuesday scored five more in the intervening 71 years. Friday, Saturday and Sunday never have been chosen as election days.

Days and dates of the 20 Dom-

inion elections since Confederation follow:

1867—Wednesday, August 7, to Friday, September 20; 1872—Saturday, July 20, to Saturday, October 12; 1874—Thursday, January 22; 1878—Tuesday, September 17; 1882—Wednesday, June 20; 1887—Tuesday, February 22; 1891—Thursday, March 5; 1896—Tuesday, June 23; 1900—Wednesday, November 7; 1904—Thursday, November 3; 1908—Monday, October 26; 1911—Thursday, September 21; 1917—Monday, December 17; 1921—Tuesday, December 6; 1925—Thursday, October 29; 1926—Tuesday, September 14; 1930—Monday, July 28; 1935—Monday, October 14; 1940—Tuesday, March 26; 1945—Monday, June 11.

"REQUIEM"

To Our Beloved Friend and Pastor, Bishop E. M. Buno, O.M.I.

His life shines forth to those who know,
Not garishly,—with lasting glow
Time cannot dim;
His, not a beacon-blaze to heaven,
But the star-torch that leads at even
The way to Him.

His mind, a treasure-house of lore
Gathered afar on foreign shore,
He deemed most meet,
Hidden from mortal eyes away,
With all its richest gifts to lay
At Jesus' feet.

His was the heart that, pure and true,
From years of prayer and service, knew
The Master's call;
His was the soul that cried—"I hear
And follow, Lord"—To those most dear
"A last farewell."

Beloved and honored Pastor-Friend,
Whose dauntless spirit did transcend
The frailling years,
A cheery smile—a step of late grown slow,
A kindly voice,—rich memories glow
Through the heart's tears.

Ah, who can tell? Perchance his eyes,
Fixed on the Cross, see that which lies
Beyond the veil;
Rest on the Glory of One Face,
Behold with rapt adoring gaze
The Holy Grail.

TED MILLS SEES OSLO

Tells How People, Overjoyed at Norway's Liberation, Gave Welcome

Petty Officer C. E. (Ted) Mills, son of Mr. and Mrs. C. C. Mills of this city, spent V-E Day at historic Scapa Flow and a few days later sailed up the fjord to Oslo on one of the first ships to arrive at the capital of Norway following the liberation. They were taking the Crown Prince back to Norway.

"What a welcome we received!" writes Ted to his parents in describing his visit to Oslo. "Honestly it is hard to believe how people could be so overjoyed. There were so many small boats in the fjord that we had to weave around them. The people were crazy with happiness and sang 'Hi-ya, Hi-ya' which is the same as our 'Hurrah'."

"The kids all gaze at you like you were a God of some kind," continues the letter. "They pinch you and everybody wants your autograph. We started a jay-walk on the street and in a few

minutes thousands of people were milling around, others climbing trees just to have a look at us.

"All the stories you may have heard about the Germans you can believe even if they were pretty grim. I mean the stuff about pulling out people's fingernails by the roots and that sort of thing. They starved the country out of all it had in the way of foodstuffs, living like kings themselves while the civilian population had no meat at all, surviving on fish and potatoes. If one is ashore with an arm-

ed guard you can walk right up to a German and, if he has not any identification card, you can strip him of everything he owns. A few collaborationists are still potting at each other. Last night while we were walking home a couple of shots rang out behind us.

"The night before last they picked up a quivering on the street—cut off all his hair right on the main street—hoisted her up so everyone could see her. Thousands of people gathered around."

Ted's letter also tells of overjoyed people gathered around a

trip to Murmansk, Russia, a brief visit to Edinburgh.

JUST PLAIN SENSE!

The Canadian people have made a magnificent contribution to the common victory in Europe.

The Liberal administration can say with honesty and justice:

This is the Government which has directed Canada's war effort at home and abroad.

This is the Government which during the war worked out a program of full employment and social reform.

These things are a matter of record and of common knowledge

On the basis of its record the choice of Prime Minister King's party to form the next Government of Canada is a matter of just plain sense!

The Family's Choice

Women have faith in the Liberal Working-Plan. "The Home is the Heart of the Nation. It must be sound and strong." These are Liberal Government's steps affecting every home in Canada.

- Family Allowances**—Liberal Monthly Payments until age 16. A total of \$1,224 per child from birth.
- Vacations with Pay**—To date more than 850,000 workers and their families have gained vacations with pay.
- New Low-Cost Homes**—50,000 homes immediately. 100,000 each year for ten years. Instalments as low as \$9.58 per month under the new National Housing Plan.
- Security for Veterans**—\$750,000,000 voted for gratuities, grants and benefits for a million men and women returning to civil life.
- Price Ceiling**—The purchasing power of your dollars maintained by the price ceiling under careful Liberal management.
- Victory Bond Pledge**—The Liberal Government pledges there shall be no tinkering with your war savings in Victory Bonds and War Saving Certificates.
- Jobs**—Jobs for 900,000 more workers than in 1939—a total of over 4½ million jobs. 60,000 more each year to take care of natural increase.
- A Healthier People**—A million dollar National Health Laboratory to be built. A comprehensive National Health Plan has been announced.
- Contributory Old Age Pensions**—Higher Pensions, lower age limit, no "means" test.
- More Trade**—Sixty percent greater export trade than in 1939. Long term export contracts with the United Kingdom. Continue reciprocal trade agreements with the United States.
- Controls Coming Off**—No controls for the sake of control. As promised, the Liberals have been relaxing supply controls since V-E day; materials for houses, furnishings, electrical appliances, radios, cars, etc., released every day; gas ration soon to be abandoned.
- Reduced Taxes**—Special war taxes reduced or removed on May 11. Consumer goods soon to be available at 1941 prices. Veterans given priority on purchasing new goods. Income tax reductions are next.

Let the Liberal Government finish its work

HOUSES LOSE OLD MEMBERS

Retirements and Appointments to Senate Will Result in New Faces in Commons

OTTAWA, June 6 (C)—Many new faces will be seen in the House of Commons when parliament meets again after the June 11 federal election.

Gaps have been left with the retirement of veteran members for reasons of health, age or appointment to the senate. Among those who have left the federal field are four former cabinet ministers, Hon. Norman McLarty, former secretary of state; Hon. T. A. Crerar, former minister of mines and resources, who has been appointed to the Senate; Col. J. L. Ralston, former defence minister, who is returning to his Montreal legal practice; and Hon. Angus Macdonald, former navy minister.

Rumor has it that Mr. Macdonald, one-time premier of Nova Scotia, his native province,

may resume the leadership of the Liberal party there.

Hon. R. B. Hanson, veteran representative of the New Brunswick constituency of York Sunbury, who resigned the house leadership of the Progressive Conservative party in 1943 in favor of Gordon Graydon, is not standing for re-election.

Urged Monetary Reform

Two members noted for their advocacy of monetary reform, G. G. McGeer and Arthur Slaght, both Liberals, will not be candidates in the forthcoming election. Mr. McGeer was first elected to the house in 1935 for the British Columbia constituency of Vancouver-Burrard, and was re-elected in 1940. Mr. Slaght also was first elected in 1935 and again in 1940, and represented the Ontario constituency of Parry Sound.

Another well-known member, A. W. Neill, who represented Comox-Alberni as an Independent, first entered the house in 1921 and was re-elected in 1925, 1926, 1930, 1935 and 1940, will not be a candidate for re-election.

Olof Hanson, hard working

member for Skeena since 1930, is also not returning.

W. H. Taylor, who represented Norfolk as a Liberal since 1926 and since 1940 had been chief government whip, has been appointed to the Senate. Others named to the upper house include F. W. Gershaw, who formerly represented Medicine Hat in the Commons; Dr. J. P. Howden, former member for St. Boniface, Man.; C. E. Ferland, former member for Joliette-Assumption - Montcalm; Vincent Dupuis, former member for Chambly-Rouville, Quebec.

J. J. Finley, who previously represented Queens-Lunenburg in the Commons, now is a senator, as are C. J. Veniot, former member for Gloucester and A. W. Roberts, who previously represented Toronto Trinity in the Commons.

AERIAL CAR-FERRY

SOUTHAMPTON, England (C)—An aerial car-ferry to carry tourists' automobiles from the mainland to the Isle of Wight will be operated after the war by Portsmouth Aviation Ltd. If present plans of its managing-director, L. M. J. Balfour, go into effect.

INDUSTRY

(Continued from page 1)

Industrial production and many industries depended in large measure on raw materials and semi-processed articles from abroad.

Mr. Macfarlane said: "There are four problems which must be solved satisfactorily before international trade can be developed in volume and variety as we hope—the availability of supplies and materials, the international currency situation, the commercial policy of nations and the supply of shipping and other transportation facilities to carry goods."

"Until the end of the war in Pacific and sometime after, availability of supplies in Canada and financing will in large measure determine our export position."

With the end of the war in Europe, Mr. Macfarlane said, the commercial policies of nations are again assuming more of their former importance but it is unlikely that definite national policies will emerge until the purposes and scope of the international organization for security have been decided by the United Nations conference at San Fran-

cisco and until other important international proposals, such as that dealing with exchange stabilization, are agreed upon.

Mr. Macfarlane said that manufacturers were looking for substantial relief from the heavy burden of taxation. This, they feel, is necessary, he said, if they are to be able to carry on successfully under post-war competitive conditions, and undertake the expansion which is essential if post-war employment is to be maintained at the desired high level.

While The World Looks On Mr. King Does Tricks

With a trembling haste that could have been applied more fittingly to other matters, Premier King assures his following the volunteer system will be resumed for the Pacific war.

This gives him something to point to in those districts where he expects his strongest political support and to demonstrate to them, as if it were needed, that the all-out war effort was not his idea!

So we return to our former state. Those who respond by volunteering to fight will carry the burden. Those who don't want to, may be excused.

Is this half-hearted attitude a true expression of Canadian feeling? The effect on Allied opinion is obvious.

Show what you think of it on June 11.

ELECTORS . . .

Herewith is an overwhelming reason why we should re-elect the King administration.

Let me put it this way:

On June 11 it is necessary for me to give my Power-of-Attorney to someone to represent me in negotiations with very clever and astute representatives of the United States, Great Britain, Russia, France, China and more than two score other nations on matters of greater import than have ever before faced our country. In plain, everyday language, let me tell you what I am going to do, and why. I want someone of experience who already knows the ropes and who can hold his own in any company to represent me and not someone inexperienced, untried, and who has yet to find out. Hence, MY Power-of-Attorney goes to King.

What are YOU going to do?

tres in sub-equatorial Brazil, the Guianas and Caribbean area, Newfoundland, and Alaska.

The Prince Rupert club, he says, ranks very high among the 170 overseas clubs in the western hemisphere, and he indicated that its facilities will probably be extended. "When men have been overseas for three or four years they become increasingly bored in areas where the actual tide of war has passed them by. I find that the local U.S.O. Director Frank Finnerty is doing a fine job and I am going to recommend that every resource be made available to him to develop a more elaborate program."

In his directional capacity, Dr. Burpee has to keep abreast of the changing U. S. military picture throughout the word, rearranging U.S.O. staff in fluctuating areas of troop concentration and synchronizing program schedules to the changes.

"My job is to keep posted on the situation in the United States and the recreational needs of the services overseas and to co-ordinate them," he says. "An instance of this is the fact that our clubs have not expanded into the Philippines, and we must keep pace with army advances."

Dr. Burpee sees the U.S.O. as an able factor in assisting servicemen in lining up jobs prior to their discharge and is encouraging a scheme in this regard.

"An important aspect of our work is the increasingly large number of men who are being returned to civilian life. We are trying to cushion that transition by making contacts with business men who can assist servicemen in finding the right kind of jobs."

At Cristobal, Canal Zone, a group of business executives have formed such a committee and their knowledge of conditions in the United States and the Caribbean area is proving valuable.

Dr. Burpee left Tuesday on the Catala for Vancouver on his way to his home office at New York. He will be off again shortly on a tour of bases in the Hawaiian Islands and possibly the Philippines.

A Doctor of Philosophy in psychology from Columbia University, Dr. Burpee has no illusions about his popularity as inventor of the physical fitness test which is in standard usage in the United States Air Forces and in the R.C.A.F.

He recounted being introduced to an American flier at Bellem in equatorial Brazil.

"Burpee, Burpee," said the flier with a painful show of remembering. "You're not the inventor of that horrible Burpee test, are you?"

Dr. Burpee admitted that he was the man.

"I," said the flier with a convincing display of relish, "have been waiting to get my hands on you for a long time."

CITY SUPPORTS PRO-REC IDEA

Civic interest is being maintained in the move to reinstate pro-rec activities in Prince Rupert. At a dinner meeting to be held this Friday night, further consideration will be given to the proposal to form a permanent recreational council here. Mayor H. M. Daggett and Ald. Nora Arnold will represent the city at the meeting.

Ald. Arnold expressed her support of the pro-rec idea on a co-ordinated basis at Monday night's council meeting. Provision of healthful and well directed recreation for juveniles she considered an important need. There was no better asset than the youth, she felt, even if it cost the city money for trained supervision and such expenses.

MONOGRAM GREW

A monogram originally consisted of a single letter, and later became a design or mark consisting of two or more letters intertwined.
