Allied Warships Hit Tokyo Again

Return To Bombardment Of Japanese Homeland

GUAM, July 23 (CP)—Units of the Allied fleet, which has been bombarding the Japanese home island apparently at will, has struck again. Destroyers smashed a four-ship convoy at the entrance of Tokyo Bay. The Allied warships have been raiding from the very entrance of Tokyo harbor to one of the Bonin islands some 500 miles south and east of Tokyo.

JAPS SUFFER HEAVY PLANE-SHIP LOSSES

GUAM, July 23 — During 10 days 412 Japanese ships—naval and transport—have been sunk or destroyed by American and British naval action, Admiral Chester W. Nimitz announces. The principal casualty was a 32,000 ton battleship, the Nagato, which was heavily damaged at Tokyo last Wednesday when two destroyers were sunk. In the same period 556 enemy planes were destroyed or damaged. The 14-day total is 791 enemy ships sunk or damaged and 596 planes destroyed or damaged.

War News Highlights

***** What Will Russia Do? *****

POTSDAM—Speculation is ripe concerning a rumor that Russia is about to enter the war against Japan—that Stalin is ready to act as an intermediary for the surrender of Japan—and that the Japanese are eager and anxious to quit.

Final Surrender Demand

WASHINGTON—A United States official Saturday dispatched a demand to Tokyo for Japanese unconditional surrender at once, pointing out the only this could save the nation from destruction. The Allies would be bringing the full force of their weight against Japan two months earlier than had been anticipated, it was stated. There has been no reply yet from Tokyo.

Air Attack Resumed

GUAM—After having been halted for a couple of days on account of typhoon weather, the Allied air assault against Japan was resumed Sunday when 75 to 100 superfortresses attacked an oil plant on Honshu Island with 450 tons of demolition bombs. The Japanese themselves reported that Mustangs had struck at air fields on Honshu. There had been 45 straight days of assault on Japan until the week-end suspension. The Allied naval fleet which was operating last week against north central Japanese homeland is said to be steaming southwest toward Shikoku and Kyushu.

11 to 1 On Guam

GUAM—Eleven Japanese have been killed or taken prisoner so far in the campaign on Borneo for every one Allied casualty.

SURRENDER TERMS FOR JAPANESE

POTSDAM, July 23—The Big Three are expected within a few days to make public details of unconditional surrender terms to be imposed upon the Japanese. President Truman is said to have brought to the conference terms which would be acceptable to the United States.

Freighter Is Total Loss

Small Vessel of Prince Rupert Sub-Port Burned Near Green Island

A small type freighter service vessel of the Prince Rupert Sub-Port of Embarkation, the FS-29, is believed to be a total loss after catching on fire near Green Island light, 35 miles north of Prince Rupert, about 3 o'clock Sunday morning. The crew of 8 and 12 passengers left the ship in an orderly fashion for lifeboats. No one was injured.

A high-powered tug of the War Department was dispatched to the scene immediately to be sure the burning vessel did not become a menace to navigation.

The Robert Eugene, a private motor freighter, stood by while the flames were being fought and returned the passengers to Prince Rupert. A few pounds of small package freight and several bags of mail were lost. The cause of the fire is unknown.

VETS' HOMES ARE PLANNED

Final Approval from Ottawa Awaited for Construction in Vancouver by American Firm

VANCOUVER, July 23 — Construction of homes for veterans may begin here August 1, an official of the Pacific Northwest Development Corporation announced. The company is awaiting final approval from Ottawa after the plans had been endorsed by Mayor J. W. Cornett. The company plans to build 500 veterans' homes, using United States capital.

CLIMBING MOUNTAINS

Alpine Club Party Scaling Heights of Jasper Park

JASPER, Alta., July 23—With sixty-eight internationally known climbers in the camp and more arriving daily, the fourth annual climbing meeting of the Alpine Club of Canada is now in full swing in Eremitte Valley, Jasper National Park. Many of the peaks close to the camp base already have been climbed and the members have been divided into small parties with a skilled leader assigned to each.

Under the leadership of Henry Hall of Boston, secretary of the American Alpine Club, and John Bret, Montreal, Eastern vice-president of the Alpine Club of Canada, Angle Peak has successfully been climbed. Major Rex Gibson, instructor of the Military party in Jasper last year, led a party to Outpost Peak. This peak was climbed by the Ice Fall of Fraser Glacier in Crampsons. The Memorial Peak party was headed by Fred Parkes, noted alpinist. Brad Gillman, Worcester, Mass., president of the Appalachian Mountaineering Club, led a party up Thunderbolt Peak.

There has been much new snow in the area of the summits but the camp is located in a flowery meadow circled by Engelmann pines.

One of the climbing parties was caught in a heavy rain and members had to bivouac for the night. They turned up in good shape the next morning but very anxious for breakfast.

Weather conditions have been good and the present meeting will be among the most successful in the history of the club.

ALL-STEEL SHIP

The Dirigo, launched in 1894, and designed by the Waddingtons of Liverpool was the first all-steel sailing ship.

APPEAL AGAINST ONE-MAN CARS

Street Railwaymen's Union in Vancouver Seeks Recourse From Power Commission

VANCOUVER, July 23 — Operation of one-man street cars on the Grandview-Fourth Ave. line in Vancouver will be appealed as contrary to public safety, speedy operation desire of the public and the government's rehabilitation program, Gordon Wismer, counsel for the Street Railwaymen's Union, said.

The Public Utilities Commission ruled recently that one-man cars might be operated on the line. The union too objection to the ruling.

LOCAL WOUNDED SOLDIER COMING

Pte. Paul Dvornek Lands at Halifax On Hospital Ship and Due Here in Week

Suffering from bullet and shrapnel wounds sustained in action in Germany February 19, Private Paul Dvornek, whose wife and four-year-old daughter, Marie, live on Eleventh Avenue, arrived in Halifax by hospital ship from overseas Saturday and is now on his way home here to spend leave before proceeding to Shaughnessy Military Hospital in Vancouver. Private Dvornek, first with the artillery and then with the infantry, had been overseas since 1942. He is expected here about next Monday.

BRITISH SAILORS AND AIRMEN TO SHARE IN BOOTY

LONDON, July 23—Every man in the British Navy and air force will have a share in \$84,000,000 enemy goods captured during the war but the money will not be paid until after the war in the Pacific is ended.

Halibut Sales

Canadian, 18 1/4 and 16 1/2 Oldfield, 18,000, Co-op. Cape Beale, 44,000, Storage, Margaret I, 38,000, Pacific, Atli (black cod) 17,000, Storage, Tramp (black cod) 20,000 Atlin.

Restrictions On Supplies Lifted For Gold Mines

OTTAWA, July 23 — Restrictions on delivery of machinery and equipment to gold mines in Canada have been removed, Hon. C. D. Howe, minister of reconstruction, announces. Priorities are also available for importations from the United States. Nevertheless, there may be difficulty in obtaining such supplies.

C.C.F. LOSES SOLE MEMBER QUEBEC HOUSE

QUEBEC, July 23—David Cote, member for Rouen-Noranda and sole representative of the C.C.F. in the Quebec Legislature, is no longer a member of the party. He says that he resigned but the C.C.F. party says he was expelled. Cote negotiated for admission to another party.

Weather Forecast

Queen Charlottes and North Coast—Moderate winds, cloudy and mild with occasional light rain showers. Tuesday: light to moderate winds, cloudy with occasional light rain showers. Locally partly cloudy in afternoon but much change in temperature.

EARLY FLAME-THROWER

Translations from documents concerning ancient India show that in the year 2,000 B.C. primitive soldiers went to war with an early edition of a flame weapon.

DEFIED ORDER, COMPANY FINED

VANCOUVER, July 23 — Burns & Jackson Logging Co. was fined \$100 in district court for carrying on operations at Wilson Creek July 12 when all logging had been banned by government order because of acute fire hazard.

Australian Cruiser Bataan In Service

SYDNEY, July 23—The new Australian destroyer Bataan has been commissioned in service with Allied naval forces in the South Pacific. At its launching, H.M.A.S. Bataan was christened by Mrs. Douglas MacArthur, wife of the Allied commander-in-chief in the South Pacific.

MRS. ROBERT GREIG PASSES

Had Lived Here Only Four Years But Charming Personality Endears Her to Many Friends

Mrs. Nell Thain Greig, wife of Robert S. Greig, city passenger agent here for the Canadian National Railways, passed away shortly after midnight last night at her home, 430 McBride Street. She had been ill for the past eight months. Late Saturday her condition took a definite turn for the worse and it was then realized that the end could not long be deferred.

Mrs. Greig had been a resident of Prince Rupert for only four years but she was a woman of charming personality and won many friends to whom news of her passing will come with feelings of genuine regret. She was born at Portage la Prairie in December, 1895, and came west as a girl with her parents. Her father was the late James Stables, who was chairman of the Vancouver Sewage and Water Board and one time Legislature Member for Cassiar. She became a school teacher in Vancouver and was married there to Mr. Greig in November, 1922.

Besides her husband, Mrs. Greig is survived by two daughters—Mrs. E. S. (Margaret) Johnstone and Miss Betty Jean Greig. A brother, Flying Officer Gordon Stables, has been missing overseas with the Royal Canadian Air Force since seven months ago. Sisters are Mrs. N. B. Challoner of Los Angeles and Mrs. Harold Ashbee of Vancouver.

Mrs. Greig was an active member of Hill 60 Chapter, Imperial Order, Daughters of the Empire. Thursday night the remains will be taken to Vancouver where the funeral will be held. Accompanying the remains south will be the widower, the two daughters and the son-in-law, Technical Sergeant E. S. Johnstone, United States Army, who arrived in the city on leave from Fort Mead, Maryland, at the end of the week.

MARSEILLES TO MANILA—YANKS END LONG TRIP

MARSEILLES, July 23—Five thousand American soldiers have arrived in Manila from Marseilles, being deployed from duty in Europe to the Pacific. It was the longest continuous troop movement in history—14,000 miles.

Candidates for public office in ancient Rome distributed peas to the people in order to make themselves popular.

Defends Himself—

Disorder at Petain Trial

Aged Marshal of France On Trial For His Life at Special Court in Paris

PARIS, July 23 — Disorder broke out today in the courtroom where Marshal Petain is being tried for his life for treason. The incident occurred when the prosecutor, Andre Mornet, said there were too many persons in the courtroom who were serving the German cause. This brought forth protests from the defence and catcalls and commotion among the audience. The court was suspended for 25 minutes. Petain himself was hustled out, his chair overturned. At 4:50 p.m. the trial resumed.

The disturbance occurred while Petain was making a statement. The marshal told the special court which is trying him that, "while General DeGaulle continued the struggle abroad, I prepared the road to liberation." He said that through the national assembly at Vichy, the French people gave him power to direct the nation. "I have come to answer them alone," he said. "This is the only declaration I will make. The present accusations are only meant to soil me." The court, he charged, did not represent the French people.

He has asked Germany for an armistice, Petain said, in order to save France and had done so on the advice of French military leaders.

Petain appeared calm at the opening of the trial in which the government accused him of intelligence with the enemy and with plotting against the security of France both before and after he became chief of state of the Vichy regime.

The prosecutor announced that he would ask the death penalty for the 89-year-old Petain.

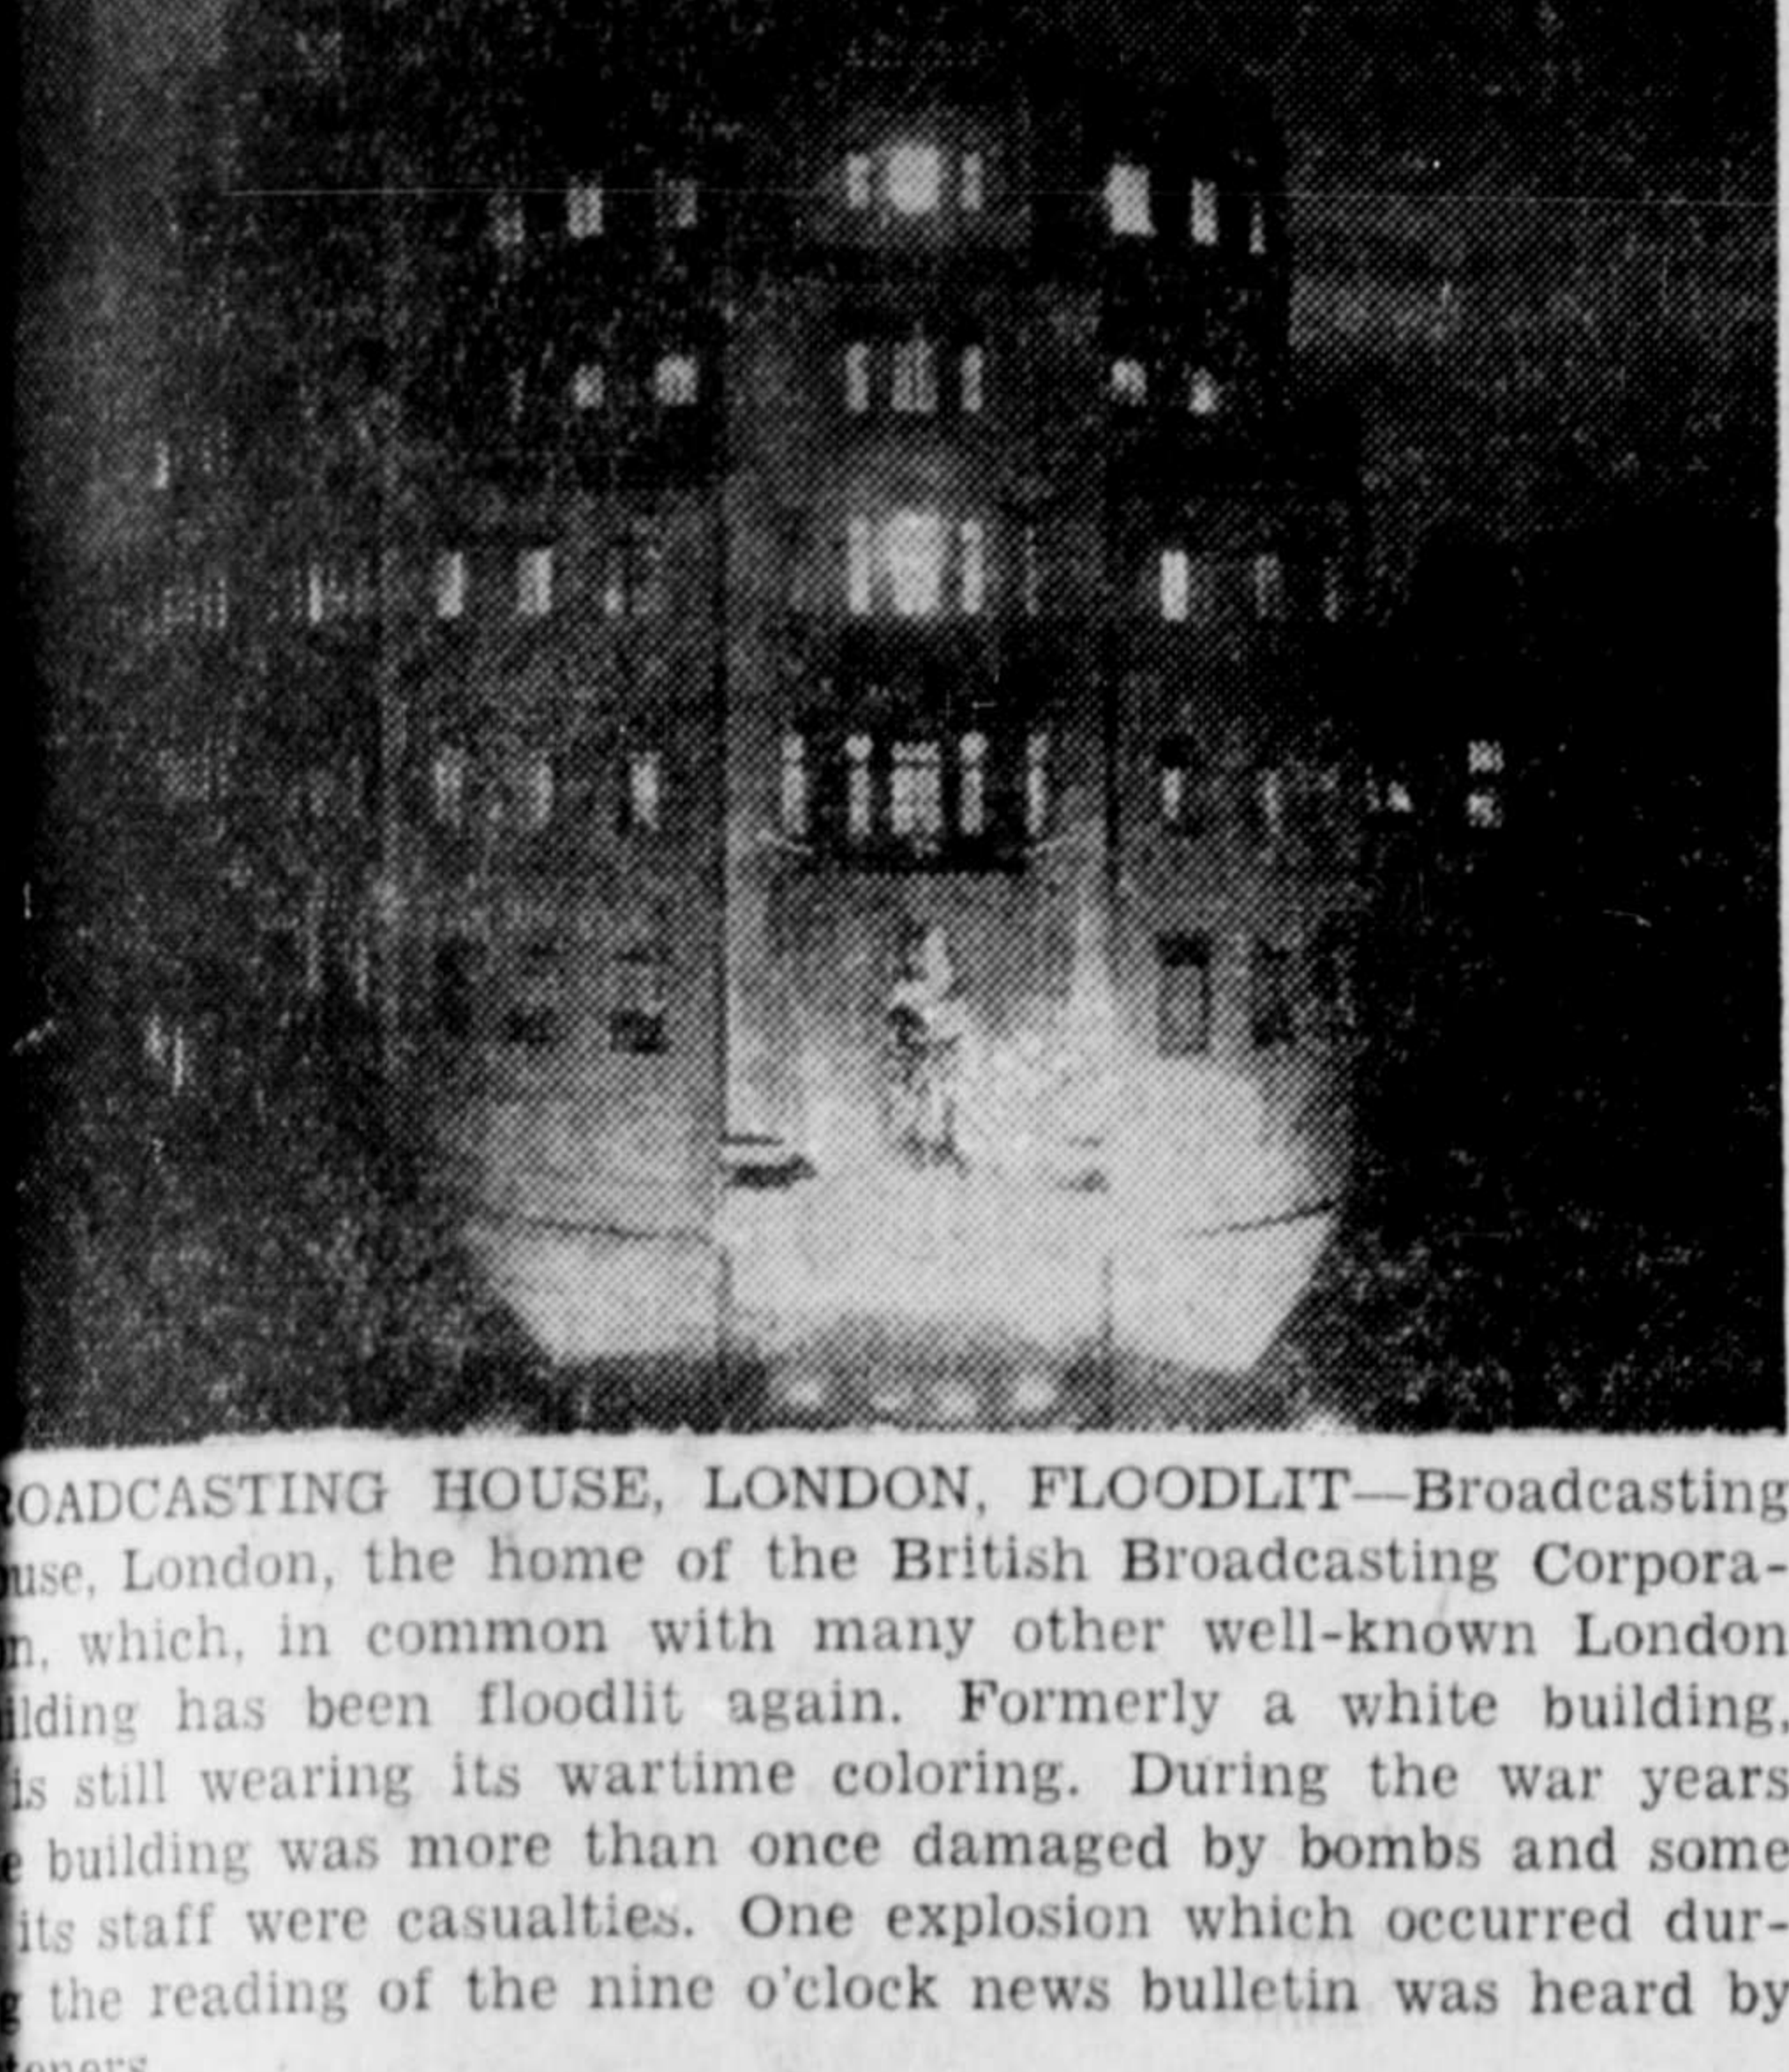

Emergency Phone At Terrace Now

TERRACE, July 23 — Gordon Kerr, operator of the Terrace light plant, has offered to make the private telephone between his power plant and residence available to provide a connection between the doctor's office, the police station and Canadian National Railways offices for emergency purposes.

GREAT MASS ARREST FRANKFURT—ON—MAIN

The greatest mass arrest in history was made today when 500,000 American troops took into custody upwards of 80,000 persons and searched every house in the American occupation zone of Germany during the week-end. The Americans were seeking weapons, ammunition and loot.

Stipendiary Magistrate Will Robinson of Terrace is paying a brief business visit to the city.

BROADCASTING HOUSE, LONDON, FLOODLIT—Broadcasting House, London, the home of the British Broadcasting Corporation, which, in common with many other well-known London buildings has been floodlit again. Formerly a white building, it is still wearing its wartime coloring. During the war years the building was more than once damaged by bombs and some of its staff were casualties. One explosion which occurred during the reading of the nine o'clock news bulletin was heard by listeners.

ONE ADVANCE BY LOCAL SOLDIER ENDED IN GRENADE FIGHT, CAPTURE

An exchange of hand grenades over an orchard hedge between Pte. Widar Sandhals and a fair portion of the German army landed the young Prince Rupert soldier in a series of German prison camps where his greatest enemies were allied bombers. Serving with the North Nova Scotia Highlanders in the Canadian's advance between Caen and Falaise, France, last July 25, Pte. Sandhals' battalion was ordered to clear out a nest of Germans in an orchard. The night attack followed a period of strafing by German planes. Crossing a wheatfield in the dark Pte. Sandhals was knocked out by a violent explosion.

LOOK OUT FOR CAR TOURISTS

A party of Vancouver and Vancouver Island business men, tourist directors and forestry officials are at present making a two-week "circle tour" through Tweedsmuir Park, south of Burns Lake. The party includes M.F. (Dick) Pullen, son of the late H. F. Pullen, for many years publisher of the Daily News, at Prince George one of the party sounded a warning that there should be no delay in preparing for an influx of motor tourists. "Tourists will come in spite of all difficulties," he said.

MANY NEW BOX CARS

Canadian National Railways Adopts New Features

MONTREAL, July 23—The first of an order of 15,000 new station box cars, being built by the National Steel Car Company are being delivered to the Canadian National Railways, Mr. B. Walton, executive vice-president, announced today.

Many new features are included in the construction of the cars which have a capacity of 120,000 pounds. A light-weight door of new design with an automatic handle allows for easy operation and keeps the lock from moving out of place. The latest type of stabilizer trucks is also used.

The C.N.R. monogram has been changed for use on these cars. On all of the 15,000 cars, the customary Maple Leaf will be painted in light green instead of white. The slogan "Serves All Canada" will appear on the first 10,000 and the other 5,000 will have a new slogan, "Canada's Largest Railway" in white. The letters C.N.R. above the Maple Leaf will remain in white and the background will be standard mineral brown.

BRITISH VOTE COUNTING SOON

LONDON, July 23—Counting of ballots from the recent British election will start on Thursday morning and will be announced as it is completed. Each riding will count its own votes.

RETURN'S HOME

After two years overseas with the Royal Canadian Air Force, Flying Officer Dennis William Burnip is home with his parents, Mr. and Mrs. A. W. Burnip, 1425 Second Ave. He arrived on last night's train, having reached Halifax aboard the Islede France a week ago today. He joined up in 1942 with ground crew as a carpenter. Next year he remustered with air crew, received his commission in 1943 and went overseas. He expects to be demobilized.

U. S. SHIPPING

It is estimated that the United States will end the war with between 45,000,000 and 50,000,000 deadweight tons of merchant shipping.

STEEL CAPACITY TO BE INCREASED

LONDON, July 23—British steel mills are to increase their capacity by 20 per cent for post-war civilian production. They will build automobiles, make castings and produce construction materials.

Nuffield to Build Australian Plant

LONDON, July 23—Lord Nuffield, famous British automobile manufacturer, is to build a \$4,000,000 automobile factory in Australia.

The Late "Tom" Johnson . . .

Thomas Holmes Johnson, whose death at Qualicum Beach, Vancouver Island, was recorded Saturday was general manager of the Canadian Fish and Cold Storage Co. for twenty-two years and, as such, head of Prince Rupert's largest and certainly this port's most permanent and successful industry. There were few, if any, Prince Rupert people who did not know him and many were personally associated with him in one way or another. In business matters he was all business. Outside

of it, he was a kindly host, a staunch friend and a good, public-spirited citizen.

Described once by an autobiographer as "a died-in-the-wool fisherman," he inherited a strong strain of the shrewdness and hard-headed commonsense for which the Yorkshireman is famed but it could be said that was ready to change his opinion if the other fellow could prove his contentions. He was careful and deliberate in making decisions and could not be stampeded into hasty action. It was said Tom Johnson never made a move before he had reviewed all phases of a problem—all of which are desirable qualities in one who is handling big business. Even in trying situations, he kept cool and would inject a humorous observation into his most serious declarations—a trait which dissipated resentment among those opposed to his stand.

"Tom" Johnson's passing is personally regretted by old friends who are still numerous in Prince Rupert.

Waterfront Whiffs

New 10,000-Tonner Runs Trial With Flying Colors — Prosperity For Salmon Fishermen — Progress On New Floats

Product of a shipyard noted for the construction of good ships, ss Gaspesian Park, last of the 10,000-tonners to be built at the Prince Rupert Dry Dock and Shipyard under present war contracts, passed her trials with flying colors on Saturday. The new vessel, ghost-grey from waterline to masthead, came through her excruciating sessions of tests to win the approval of technical men for whom perfection was the lowest standard of acceptance. The tests were conducted off Triple Islands in Chatham Sound in seas which tossed fishing boats like corks but which had little effect on the trim of the giant cargo carrier. Aboard her during the trials were officials of her owners, the Park Steamship Co., two eastern shipping companies, Wartime Shipbuilding Limited, and dry dock executives and workmen, as well as two coast pilots and her crew. Master of the Gaspesian Park is Capt. J. A. T. Llewellyn of Montreal, who will soon take her to Vancouver for loading.

Halibut landings at Prince Rupert since the opening of the season on May 1 are crowding the 10,000 pound mark. Arrival of 533,000 pounds last week has brought the season's total to 9,977,000 pounds. Twelve boats—four of them American—brought in last week's catch from Area Three. The American boats brought in 224,000 pounds, while Canadian landings were 309,000. Total halibut landed from Canadian boats this season is 6,889,500 pounds, while American vessels have arrived with 2,707,500 pounds.

Largest single load brought here last week was in the Seattle boat Eagle R. A. Bergnes skipper, with 75,000 pounds. "Once, while we were in the city working the bombers wrecked our camp, and then a short time later while we were at the camp, they smashed the place where we had been working." The Germans seemed to realize that the war was just about over for them and treated the prisoners fairly decently, he recalled. However, the food was none too good and he lost considerable weight which he has since regained. We got Red Cross parcels at first but later they didn't come through. The Germans said that lack of transportation was the cause," Pte. Sandhals said. As the American Ninth Army advanced toward Leipzig the Germans marched their prisoners eastward until they began to get close to the westward-moving Russians. They hiked along the roads, sleeping in barns at night, the guards growing increasingly indifferent. "They marched us east for about a week, then they were so close to the Russians they didn't know what to do. Finally we could hear the American guns and we just packed up and headed for them." Pte. Sandhals, who returned home two weeks ago and is now spending leave with his parents at Dodge Cove, Digby Island, will go to Vancouver in a couple of weeks to receive his discharge from the army. "Then I guess I'll go fishing," he said.

LETTERBOX

COUNCIL AND WAGES

Editor, Daily News: After reading with interest the mayor's review of prevailing condition of park grounds and cemetery and his excuse that necessary labor is not available to keep things in a reasonably decent condition, I am forced to point out to His Worship that, as long as the city council persists in maintaining a wage scale in its public works department 18 per-cent below the prevailing rate in the city and district, there never will be labor available for city work.

Throughout the history of city councils in Prince Rupert the basic rate paid to common labor was as a result 20 percent higher than any other employing concerns of the city. It remained for a so-called labor council to depress the scale 18 per cent below the normal level on other jobs. O Labor. Like Liberty, many sins are committed in this name.

GEORGE B. CASEY.

Prison Camps Across France

There followed a series of prison camps across France and Luxembourg, ending in a camp near Leipzig. In transit they were carried in boxcars marked "Eight Horses—Forty Men," but the Germans packed 46 men into the car.

"While travelling by train we were attacked several times by Allied aircraft. The train would stop and the guards would run for cover but we had to stay and sweat it out," Pte. Sandhals said.

At Leipzig he was one of a group of 120, mostly Englishmen, detailed to tidy up the debris of the heavily bombed city. The city was undergoing heavy bombings at the time and Pte. Sandhals admits that he was pretty lucky.

"Once, while we were in the city working the bombers wrecked our camp, and then a short time later while we were at the camp, they smashed the place where we had been working."

The Germans seemed to realize that the war was just about over for them and treated the prisoners fairly decently, he recalled. However, the food was none too good and he lost considerable weight which he has since regained.

We got Red Cross parcels at first but later they didn't come through. The Germans said that lack of transportation was the cause," Pte. Sandhals said.

As the American Ninth Army advanced toward Leipzig the Germans marched their prisoners eastward until they began to get close to the westward-moving Russians. They hiked along the roads, sleeping in barns at night, the guards growing increasingly indifferent.

"They marched us east for about a week, then they were so close to the Russians they didn't know what to do. Finally we could hear the American guns and we just packed up and headed for them."

Pte. Sandhals, who returned home two weeks ago and is now spending leave with his parents at Dodge Cove, Digby Island, will go to Vancouver in a couple of weeks to receive his discharge from the army.

Came to Vancouver With First Train

Mrs. C. C. Mills has been in Vancouver the past week following the death of her mother, Mrs. Richard Robinson a week Saturday, the funeral taking place on Tuesday. Mrs. Robinson was one of the early pioneers of Vancouver, having arrived there with her husband on the first Canadian Pacific train. Her husband, who died some time ago, was for years with the Canadian Pacific Railway.

Roger Bell of the Bank of Montreal staff left Saturday night on a trip to Vancouver.

NAVAL MAN IS INTERESTED IN TERRACE POWER

TERRACE, July 23 (C)—F. J. Searle of H.M.C.S. Chatham, Prince Rupert, is in communication with the Terrace and District Board of Trade in regard to the possibility of establishing a power system in Terrace. The board has advised Mr. Searle that no definite answer can be given at this time.

RAIN GLADDENS BULKLEY VALLEY

SMITHERS, July 23—Farmers of the Bulkley Valley had their hearts gladdened a few days ago by 24 hours of fairly heavy rain which will greatly improve their grain and garden crops although interfering temporarily with the harvesting of the hay crop. Another shower visited the district Thursday night, which will all help to improve the crop situation.

Crops all through the district are looking very good and there should be better than average crop throughout the valley this year.

INGENUITY IN FERRY REPAIR

FRANCOIS LAKE, July 23—In order to replace a twisted tail shaft, Captain Bruce Little loaded the bow of the Francois Lake ferry until she was awash forward. Raising the stern with Mississippi rigging after beaching her, shafts were replaced and the ferry resumed operation on schedule Wednesday morning.

SMITHERS

Among the visitors to Smithers during the week were Sperry Phillips, formerly district Agriculturalist at Smithers and now with the Department of Agriculture at Victoria.

Harry Bowman of the C.N.R. Colonization Department, Prince George, has been making a periodical visit from the interior city.

Mr. and Mrs. Clarence Webber of Vancouver are visiting friends here after several years absence. Mr. Webber owns a farm adjoining the Carr ranch near Smithers and he also carried on a butcher shop business here a few years ago.

MANCHESTER, Eng., (C)—Beginning the first of June, 200,000 cotton workers in Lancashire received wage increases ranging from \$1.54 weekly for adult workers and 88 cents weekly for juveniles.

BABINE LAKE IS POPULAR

But Something Will Have To Be Done About Improving Road

SMITHERS, July 23—Babine Lake is fast becoming a mecca for tourists, fishermen and pleasure seekers from the surrounding district but unless something is done to improve the road in from Topley those who wish to get there will have to go on foot before very long.

The last ten miles to the lake are in very bad shape and those who were at the lake on a recent week-end found difficulty in travelling the road when it had become wet from the rain over the week-end.

The hills are bad enough when it is dry but, when they are wet and with the many bad holes caused by the heavy traffic of lumber trucks, the road is just barely passable.

The boys from the United Church, under Rev. C. E. Motte, have been camped at the lake for the past 10 days and will be returning to Smithers immediately. Their camp will be followed by a camping party of girls from the United Church, these camps being established there each year for 10-day periods, when they enjoy boating, bathing, fishing, and occasional trips up to the Old Fort, and Hudson's Bay post at the head of the lake.

Babine Lake being 110 miles long and the largest lake in British Columbia there is no doubt that it will eventually become a very fine summer resort. Game abounds in the area and visitors there last week encountered on the road, moose, bear and deer.

It is hoped that means can be found to facilitate travel over the 27 miles of road from Topley into the lake by much needed repairs and improvements.

FORTRESS WINS OVER BATTERY

In a senior league softball game at Gyro Park Sunday night Fortress defeated Battery 6 to 1 to move into undisputed second place. Superb pitching by Sher, who limited his opponents to 4 hits, was the deciding factor in the game. The boys from the Battery showed much improvement over previous games and should make a place in the playoffs.

Score by innings:
Fortress .002 1 2 1 0 0 0—67
Battery .001 0 0 0 0 0 0—14
Batteries:
Fortress—Sher and De Fuca.
Battery—Rosentreter and Lane.

MEN FOR HOME BUILDING MUST BE SECURED

Home building is highly essential to overcome pressing housing shortages, and to provide dwellings for the Forces as discharged.

Shortages of workers for building homes and for producing the building materials are threatening to impede Canada's program for the construction of 50,000 homes as soon as possible.

All men experienced in home building or in producing building materials, who are not now working in either of these industries, are urged to apply to the nearest office of the National Employment Service immediately.

Men experienced at home building or producing supplies, if now in other essential work, will be given permits to work at jobs which will assist the house building program.

All men, not now at house building nor producing supplies, who can fill a job in this program, are urged to answer this call.

Apply at once at the nearest office of the National Employment Service.
