Steady, Canada!

Are we thinking that, at long last, there is an end to it all? Our soldiers know better.

True, the dust of defeat rises over the fallen pillars of Hitler's hideous temple.

But our men have a vast mopping-up operation ahead of them. And, after that, they have still another capital to topple in the dust, still another aggressor to drag out of his hole.

Millions of tons of materials must continue to flow across both seas until Victory is final, complete!

We must continue to produce these materials.

And we must continue to gladly buy the Victory Bonds that will pay for them.

Time for rejoicing, yes. But let it be in our hearts only. It is also a time to remain steadfast.

There are still many tomorrows ahead of our boys across the seas.

Let us all be men who think of tomorrow by investing to the utmost in Victory Bonds today.

SAFETY SERVICE was never more important than it is today. Not only is Spring traffic heavy, but many vehicles are over-age and in poor mechanical condition after a hard, punishing Winter.

Take the first step towards safe driving by seeing the General Motors dealer for a complete Safety Check-up. Let him put your brakes into sound, efficient shape. Let him inspect your steering, test your wheel alignment and tires. Let him check your lights, windshield wiper and glass.

Remember—the life of your vehicle and the safety of yourself, your passengers and other road users all depend largely upon the good mechanical condition of your car or truck.

V-DAY means not a thing to this husky young rascal, unless it is his Daddy's coming home. This little citizen is happy any day so long as he's well fed and feeling fine.

Yet he — above us all — is the one to shout for joy today. Is it not for him - and for millions of bright faces of his generation - that men have been willing to suffer and to lay aside their freedom — bit by bit — so that one day they might have it complete, secure?

Even so—the fruits of Victory are not alone for those too young to know the privations of war . . . not alone for posterity.

Here and now, men and women of our generation scarred and wearied by long, grinding years of war - shall know the blessings of a new-born day. This new day is for the common man . . . for greater social

justice, for broader opportunity to enjoy a richer, fuller life.

I vo thinking citizen here in Canada, or in any land touched by war, would believe for a moment that our problems are

The prospect ahead is no easy one . . . Yet it cannot daunt the hardy stock of Canada - the men and women who carved this nation out of a wilderness, who through the years have fought the good fight as each emergency arose - down to the last Victory Loan . . . down to the last blood donation.

No, the prospect is hard, but a new spirit is abroad. We Canadians, like all our Allies who have fought this fight with us, have been chastened by the ordeal, and we are determined - by the effort of the individual citizen . . . by the effort of the community - to bring a better, stronger, healthier world out of the raging storm through which we have passed.

This is a day for cheering not simply for victory over dictatorship, but for the assurance we have of the dawn of a better day.

The thoughtfulness which haracterized the observance of V-E Day in most Pacific Coast cities held sway to a large extent in Prince Rupert and, except for a few minor outbursts by merrymakers Tuesday night, everything was calm.

One citizen in conversation with a reporter seemed to strike the keynote of reaction here when he said: "In spite of the fact that we have been concentrated on the European war, Prince Rupert has always had a for their assessed value of \$1,watchful eye on the war across the Pacific. The end of Hitler's war means the real start of the Jap war and that will be pretty close to home for us."

Downtown roistering las night was confined to a few loical instances, none serious.
