Wages for Maintenance Work — Future Jurisdiction

At the regular monthly meeting of the Prince Rupert Trades and Labor Council last evening in the Carpenters' Hall a letter was read from W. J. Mackin, chief executive officer of the Western Labor Board, Edmonton, requesting the unions concerned to make submission to his Board with respect to wage rates for certain classes of labor that will be employed on the maintenance of the Prince Rupert Highway. It was learned that some of the Unions have already made submission while others will be doing so shortly.

A reply to the complaint of the Council regarding the recent impossibility of the Prince Rupert Highway, coupled with its request that same be kept open and maintained in good order, was received from the Department of Mines and Resources, Ottawa, which saw there was a possibility that the highway may be turned over to the province for maintenance but, as yet, that nothing definite had been decided.

A committee from the Electrical Workers' Union, composed of Messrs. Reid and Wardell, complained about the action of the city in discontinuing the transportation that for years past has been supplied the girl telephone operators going on and coming off duty at midnight. While the committee has been successful with the city council in having the transportation restored, the cost of same is being deducted from the girls' wages and the Union is strongly of the opinion that this is contrary to the principles of the Wartime Wage Control Order. The action of the Union in their fight to have this transportation restored was unanimously endorsed by the Council.

On motion a letter of congratulations is to be forwarded to LAC Harry Archibald, M.P. Elect for Skeena on the success of his candidacy.

The entertainment committee reported that everything is in readiness for a smoker on Saturday night.

A communication was received from Painters decorators and Paperhangers Local enclosing copy of a letter from the General President calling the attention of the members to a dispute existing between two Hollywood Locals and certain companies of the motion picture industry. A motion was passed to advise the affiliated Unions to strongly urge their members to withhold their patronage from theatres showing films of the companies concerned and that managers of the theatres concerned be advised in writing of the Council's action.

NINETY WRITE HEALTH TESTS
 Ninety city restaurant workers took tests Wednesday night which, if successfully passed, will entitle them to the sanitary blessing of the Prince Rupert health unit.

The tests, written off in the council chamber of the City Hall, were the culmination of a two-session course in sanitary handling of food given to waitresses and kitchen workers in city restaurants by Dr. R. G. Knipe and Sanitary Inspector M. J. Harper.

War News Highlights

To Destroy Jap Homeland

GUAM—Japan is soon to feel the weight of nearly fifty-five hundred tons of American bombs each day. A plan has been disclosed for the complete and utter destruction of the enemy homeland by air. Two million tons of bombs a year are scheduled for Japan, beginning on July 1.

Nearing Borneo Oil Fields

MANILA—Australian troops are within striking distance of the rich Borneo oil fields at Seria. Supported by tanks, the Aussies are meeting only machine gun and small arms fire as they probe through the jungles. The river port and capital of the North Borneo British Protectorate, Brunel, has fallen unopposed to the Australians.

JR. CHAMBER HAS NEW M.P. DINNER GUEST

Prince Rupert Junior Chamber of Commerce wound up its 1944-45 season last night with a dinner meeting at which LAC Harry Archibald, newly elected member of Parliament for Skeena, was guest of honor. Discussion at the business session covered several subjects.

Mr. Archibald, who spoke briefly on the subject of economic trends, was later made an honorary member of the chamber. In his talk he said that government must follow the present economic tendency of taking a greater responsibility for the welfare of its citizens.

"The development of northern B.C. has taken place through the unplanned will of individuals. It must be continued through planning. The armed forces coming back will want modern conveniences when they return and we will have to take that in view in any settlement schemes for soldiers," he said.

The meeting decided to contribute \$20 a month to the Prince Rupert Recreational Council, and appointed Douglas Wood and Tony Crawley as its permanent representatives on the council. Method of raising the funds will be recommended by a committee.

A plea by the North Star Bottling Works that the chamber endorse a request by the Canadian Bottlers Association to Finance Minister Ilsley that the excise tax on carbonated beverages be reduced in view of the vast reduction of sugar allotments to bottlers was endorsed and referred to a committee consisting of L. M. Felsenthal and R. G. Birch. Unless there is relief, the local bottling plant will have to close down civilian production due to high taxation and low sugar allotments, the letter said.

The meeting accepted membership in the Associated Boards of Trade of Northern B.C. and instructed the secretary to express appreciation to the Associated Boards enclosing the membership fee.

A decision was passed to enter a Carnival queen at the next Civic Centre Carnival which will begin August 6, and a committee consisting of Lloyd Morris, Jack McLeod, George Dibb, Roger Bell and Bruce Stevens was appointed for that purpose.

Travelers To Sit Up

Must Also Carry Lunches—Drastic Cut in Sleeping and Dining Car Services

LOCAL LINE AFFECTED
 Starting tomorrow, only one instead of two sleepers will be operated on the local line of the Canadian National Railways. Traffic had already been congested even with the two sleepers, local offices said. Sleepers are being dropped altogether on the Kelowna-Kamloops-Blue River line.

OTTAWA, June 15 (P)—Beginning today, many Canadians who do overnight travelling in the dominion will do so sitting up. Following a directive from the transport controller, the Canadian Passenger Association has announced the cancellation of most overnight sleeping car services on Canadian railways.

The change is part of a plan to give priority on railway equipment to movements of members of the armed forces.

Civilians have been asked once again to cut down on unnecessary travel. Train accommodation for service personnel will be divided into two priorities. First choice goes to personnel disembarking from hospital ships and the next to personnel returning from overseas or moving within Canada on duty.

In order to meet service personnel requirements, it will be necessary to switch sleeping cars, tourist cars, diners, and even day coaches occasionally from a great many regular passenger trains. Some overnight sleeping car services have already been cut. These include the runs between Montreal and Quebec, Montreal and Toronto, Ottawa and Toronto, Montreal and Toronto and northern Ontario points, and Toronto and northern Ontario points.

Would-be travellers have been advised to check their sleeping car reservations, to make sure that space is still available. They have also been asked to carry lunches and to take advantage of existing day services on which coach accommodation still is provided.

BRITAIN HAS NO PARLIAMENT

LONDON, June 15 (P)—The British House of Commons will wind up its ten-year term today—the longest any Parliament has sat since the seventeenth century. Britain will be without a Parliament until the results of the election are announced some time after July 25. In the meantime, the country will be governed by Prime Minister Churchill's temporary administration.

Okinawa In Last Stage

GUAM, June 15 (CP)—Japanese officers on Okinawa are shooting their soldiers by the hundreds to prevent them from surrendering as the end of the battle for Okinawa looms. Other Japanese soldiers are engaging in mass suicide. Some, however, losing the will to fight in the face of certain defeat, are endeavouring to surrender themselves to the Americans.

There is still estimated to be a force of some 5,000 to 10,000 Japanese on Okinawa. They are fighting on a high plateau in front of precipitous cliffs over the sea.

A high United States officer said today that Okinawa would be entirely cleared of Japanese within two weeks.

RIBBENTROP IS ARRESTED

Former German Foreign Minister Reported Taken
LONDON, June 15 (CP)—A high British officer at Field Marshal Montgomery's headquarters in Germany says that Nazi Foreign Minister Joachim von Ribbentrop was arrested in Hamburg yesterday. Von Ribbentrop was found sleeping in a boarding house with a metal can of poison strapped to his body.

Von Ribbentrop's sister was also arrested. The former Nazi foreign minister said he had hoped to hide out for a while longer until feeling against him died down.

He did not attempt to use his can of poison but gave it up willingly. Capture of von Ribbentrop finds the major powers still unsettled as to plans for trying top-ranking war criminals but responsible British quarters said his hearing would be public. The United Nations War Crimes Commission would not comment.

BULKLEY VALLEY CROPS LOOK WELL

Ground Well Impregnated With Moisture—Warm
Weather Will Speed Growth
SMITHERS, June 15—Several good showers of rain recently have been very beneficial to the crops of the Bulkley Valley and, although the crops are a bit behind schedule to date, it is expected that they will make phenomenal growth when some hot weather arrives as there is now considerable moisture in the ground. Good crops of hay and timothy seed are looked for, but the dandelion pest has taken a firm hold on the district and hay fields will require more frequent cultivation now than had formerly been the practice.

Mrs. C. E. Larkin, who has been visiting here with her daughter, Mrs. A. S. Nickerson, returned last night to Vancouver.

Top soil is very dry at some points south and west of Regina and between Regina and Saskatoon. Northeastern Saskatchewan received good rains as did north central Alberta. On June 13 growth in the latter territory had been almost at a standstill owing to drought. Good rains covered the Peace River area where crops are two weeks later than normal.

Weather has been quite cool in the Okanagan Valley. Previous estimates of fruit crops still stand. Cherries are expected to start moving between June 25 and the end of the month. No damage to crops is reported from any source.

India's New Deal . . .

The British government has gone further on the way towards according self-government to India. The All Indian Congress is given greater concessions. Through the retention of the viceroyship and military command-in-chief, the British government is still in the driver's seat. As already said, the changed policy represents a measure of new deal for India. Whether or not it will go far in resolving the fundamental difficulties in the Commonwealth's most enigmatic constituent is something that is still left very much in doubt. The concessions may do a good deal to satisfy the Indian element but the further measure of appeasement in their direction will

not be relished by the Moslem minority. The whole situation is still difficult.

Is This Looting? . . .

Many reports of soldiers casually picking up civilian possessions in Europe are coming to light. Some of the newspapers have been carrying a picture showing a boy displaying a dial telephone which, the underlines say, his father, a senior American army officer, jerked from the wall of a German farmer's home. If, as it appears, this was a civilian telephone, doesn't this constitute looting? Possibly there is a legitimate explanation for the incident. But certainly officers should take care to set a right example for the enlisted personnel.

The Army undoubtedly has a rule against this sort of pilfering, but it seems to be loosely enforced. Picking up military souvenirs from the slain enemy, the battlefields, or dump heaps is one thing. Seizing the property of civilians is another. Any American or Canadian can picture how he would feel if an invader should enter his home and steal his radio, a picture, or a prized book.

Navy League's New Executive

S. P. Woodside, President, and Maurice Brydges, Secretary-Treasurer

S. P. Woodside was elected president of the Prince Rupert branch of the Navy League of Canada at the adjourned general meeting last night. He succeeds R. M. Winslow who, though relinquishing the presidency, was prevailed upon to remain on the executive. Douglas Wood, as vice-chairman, and Maurice Brydges, secretary-treasurer, bring new blood to the executive. The complete list of officers is as follows:

Honorary President, Hon. Douglas Abbott, minister of naval affairs.

Patrons—LAC Harry Archibald, M.P.-elect, T. D. Pattullo, M.L.A., and T. H. Johnson.

President, S. P. Woodside. Vice-President, Douglas Wood. Honorary Secretary-Treasurer, Maurice Brydges.

Executive—R. M. Winslow, J. N. Forman, J. S. Wilson, Corp. A. T. Lashmar, Theo Fortine, Commander M. A. Wood, Lieut. Commander Astbury, Lieut. Commander A. S. Mitchell, Mrs. J. R. Elfert, Mrs. F. Barber, Mrs. J. E. Boddie and Mrs. A. L. Holtby.

In brief remarks on the occasion of his retirement from the presidency, Mr. Winslow spoke of the pleasures that had accompanied the office—the making of contacts with people interested in the work and the noting of the progress of the boys of the Sea Cadet Corps. The affairs of the League were in good shape with an active Women's Auxiliary and a good financial standing.

Reference was made to the attendance by C. H. Elkins at the meeting of the executive of the Mainland Division of the Navy League of Canada at Vancouver.

The Mainland Division executive has asked the local branch for co-operation in the filling of 3500 ditty bags.

It was announced that the local Sea Cadet Corps would have its annual camp this year near Vancouver, leaving here July 13 on the steamer Cardena and returning July 29 on the Catala.

The annual "At Home" of the Sea Cadet Corps will be held June 22 when the boys will

Walter Synyk of Smithers, who has seen several years' service in North Africa and Italy in the Royal Canadian Air Force, has arrived home and expects to receive his discharge from the Air Force shortly.

Out of a total of 619 names on the Smithers voters' list there were 499 voters polled here to make an 80 per cent poll. A number of local voters were out of town on election day or the average would have been slightly higher. Wilfred Watson and Archibald Tordiffe were deputy returning officers and Mrs. Len Evans and Mrs. Percy Davidson officiated as clerks at the regular poll while C. L. Dimock and Wm. Grant conducted the advance poll at which 12 cast votes.

The annual fee was set at \$2 and the expectation was voiced that each parent with a boy in the Sea Cadet Corps would become an active member.

A letter of sympathy will be sent to Lieut. Commander Alex Mitchell on the death of his father.

A vote of thanks was tendered to the retiring executive.

The new executive will hold monthly meetings.

LETTERBOX

PROTECTION FOR GIRLS

Editor,
Daily News:

Once again a delegation of the International Brotherhood of Electrical Workers will meet the city council tonight in the endeavor to negotiate for the return of the transportation arrangements which has been in effect for the last two and one-half years for the protection of the telephone operators changing shifts at midnight. At a previous meeting the delegates were dismissed without receiving satisfaction but later received a letter from the council advising them that transportation would be resumed at a cost of \$1.50 per month to each operator. For the protection of the girls, until more satisfactory arrangements could be made, this arrangement was accepted under protest for a period of 30 days. For two and one-half years the council supplied protection for the operators who had to be on the streets near midnight due to the conditions prevailing in the city; then out of a clear sky the City Council decided that the streets were safe around midnight, and informed the operators that transportation would be discontinued. Within a few nights two operators were molested on the streets on their way home from work, and were rescued by the

timely arrival of two American M.P.'s.

The brothers and sisters of the Electrical Workers Union consider that the \$1.50 per month which has been deducted from the salary of each operator has the effect of a reduction in wages as she only receives the benefit of the protection and transportation for two weeks out of nine due to the rotation of shifts, and some operators who live close to their work do not use the transportation at all.

Norman Green, Anglican Church missionary, will officiate.

HARTLEY BAY TALK SUBJECT

Life among the native people of the picturesque and historic village of Hartley Bay, down the coast from Prince Rupert, was the interesting subject for a talk given yesterday afternoon before the Women's Canadian Club by Mrs. J. A. Findlay, who has lived for 10 years there with her husband who acts as missionary as well as carrying out other duties such as those of postmaster. The meeting was held at the home of Mrs. C. C. Mills, Musgrave Place, and was presided

over by Ald. Nora Arnold, the president of the club.

One of the pleasant features of the afternoon's proceedings was the presentation of a souvenir spoon to Mrs. J. A. Donnell, who was president of the club last year and who is about to move to Nanaimo. Appreciative remarks were made by Mrs. Arnold. Mrs. Donnell replied appropriately.

A letter of congratulations was ordered sent from the club to Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, on the occasion of his election as Bishop of Caledonia.

Mrs. A. T. Lashmar was elected to represent the club on the

local consumers' council of the Wartime Prices and Trade Board.

It was Charter Members' Day and the cake was cut by three such charter members—Mrs. M. J. Dougherty, Mrs. C. E. Cullin and Mrs. A. L. Holtby.

Mrs. J. A. Donnell and Mrs. J. D. Fraser poured. Members of the executive served in the persons of Mrs. T. N. Youngs, Mrs. B. Thorsteinsson, Mrs. W. J. Nelson, Mrs. C. H. Orme, Mrs. S. R. Donaldson and Mrs. Thornton Hay. Acting as cashier was Mrs. William Brass.

Mrs. Alf Rivett presided at the piano to accompany the singing of the National Anthem.

Wagon Wreckage Taken From River

SMITHERS, June 15.—Part of the wagon which was lost in the Bulkley River when F. H. L'Orsa met with a bad accident here last week, as his team of horses bolted and fell into the river, has now been recovered near the Bulkley River bridge at Smithers. The accident occurred several hundred yards up the river from the bridge and it would appear that, when the wagon turned over in the river, the king bolt dropped out, allowing the rear end of the wagon and the reach to separate from the front part to which the horses were hitched. No further sign of the remainder of the wagon or the horses has yet been found.

 Other presentations honoring Mrs. Weber included a silver cream, sugar and tray set presented by the Order of Job's Daughters of which organization Mrs. Weber has been a valued member, acting as guardian treasurer. The Eastern Star also presented Mrs. Weber with a beautiful chenille bedspread.

CAMBRAI WARD BEING IMPROVED

To Assist Recreational Council—Welcome War Brides

At the regular monthly meeting of Cambrai Chapter, Imperial Order Daughters of the Empire, held at the home of Mrs. Crawford Moore this week, the regent, Mrs. J. Munthe, presiding with 24 members present, it was reported that the new furnishings for Cambrai ward at the Prince Rupert General Hospital had arrived. These furnishings consisted of a dresser and mirror, night table with washbasin, overbed table, two sets of slip covers for easy chairs and drapes.

The secretary read an interesting and comprehensive report prepared by the regent on the provincial annual convention held in Vancouver in April. A vote of thanks was extended to Mrs. Munthe for this splendid report.

The membership was in complete agreement with a proposal to assist the Prince Rupert Recreational Council and represent

tatives were appointed. It was agreed that the sum of \$30 be donated to the frigate H.M.C.S. Prince Rupert to purchase added comforts for the men.

A committee has been formed to welcome and assist war brides on their arrival in Prince Rupert. A stamp convener has been appointed to supervise the distribution of vacation stamps in aid of the Jessie Burke Cancer Fund.

Assistance is again to be given the Civic Centre Carnival.

In view of the chapter's coming summer recess till September 11, War Convener Mrs. B. Thornsteinsson has distributed sufficient materials to enable the members to continue their work at home on clothing for overseas shipments.

The regular monthly raffle of War Savings Stamps was won by Miss Helen Valentine.

The opening meeting on September 11 will be held at the home of Mrs. B. Thornsteinsson.

LABOR-PROGS STILL HAPPY

Not Downhearted Even If They Were "Also-Rans" in Federal Election Race

Although its candidate finished up in fourth place and evidently lost his deposit in the federal election campaign in Skeena, the local Labor-Progressive party is not downhearted. Indeed, it feels that, having started from scratch, it did not make too bad a showing at all. The local organization will be kept active for coming provincial and federal contests.

At a meeting of the party held on Tuesday night, the day after election, Bruce Mickleburgh, the candidate and moving spirit in Labor-Progressivism here, reviewed the post-election situation and the future possibilities of the party in Skeena riding. The election had, at least, afforded the opportunity of establishing the party as an organization and making its aims and objects known to the public. Foreseeing the danger of a right wing coalition resulting from the high stalemate which the national result had produced, Mr. Mickleburgh felt that there might be another election

Whifflets From The Waterfront

Joe Scott returned a few days ago after spending a week aboard Helmer Hanna's trolling boat Sturdy taking a few pointers on how an expert commercial salmon troller plies his trade. Is was an interesting experience for the redoubtable local authority on matters piscatorial. A fair catch was taken in spite of the doubtful assistance which Hanna received from Scott. They worked from Somerville Bay northward into the mouth of the Naas River. There is quite a substantial run of springs in those waters just now and the gillnetters are doing quite well. Sockeye are also showing up in promising numbers.

before long. The Labor-Progressives would again be an active factor in such a contest.

Mrs. Ruth Turner reported on organizational matters. Stan Boshier was in the chair and there was a good attendance of party supporters.

Dickey's Bad Throw Led Him to Majors

FREDERICK, Md., June 15 (AP)—Manager Lena Blackburne of the Lancaster Red Roses of the Inter-state League tells how he first saw possibilities in Navy Lt. Bill Dickey, who caught 1,735 games in his 16 years with the New York Yankees. "While managing the Little Rock Travelers in 1925 I saw a catcher at Hot Springs, Ga., pick up a bunt in front of home plate and throw the ball up against the right field fence," says Lena. "That catcher was Bill Dickey." Blackburne, who starred for the Chicago White Sox in the early 90's, assisted in coaching the Philadelphia Athletics during the spring training here this year.
