### The Sincerity of Mr. Ilsley . . .

Hon. J. L. Ilsley, Minister of Finance, long has been a favorite statesman-in-office. He undoubtedly has been the most popular tax-imposer in our history, or perhaps in the history of any country. Sir Thomas White in the other war was highly regarded, but he merely established the principle of the income tax. It has remained for Ilsley to expand principle into practice with severity to both rich and poor.

Some people say that all Nova Scotians early are schooled in politics and Mr. Ilsley's career is no contradiction. But his hold on the Canadian people, West and East, is based on an ability, of which he seems not to be conscious, to convey the impression that here is a man of the utmost sincerity, honesty and forthrightness. His eloquence is the eloquence of conviction. His triumphs with all audiences are the triumph of a mind setting aside all petty considerations in

order to do right by the country, by us, by you and me.

Few, indeed, have been the public criticisms of the Minister of Finance. His colleagues all have been pilloried from time to time. Some other ministers are consistently and regularly condemned for their sins. But never the member from the Land of Evangeline.

## TALKS ABOUT BIG COMPANIES

Bruce Mickleburgh  
Advocates Elementary Rights of Citizenship

Reporting to Labor-Progressive campaigners gathered in their clubrooms Monday night, Bruce Mickleburgh, federal candidate for Skeena, cited alleged examples of how certain big companies had defied wartime regulations and, when people had attempted to organize in defence of the elementary rights of citizenship, had victimized them in a callous manner. "If we the people of Skeena allow ourselves to be divided to such an extent that this attitude continues, then we shall lose the peace in Skeena," he declared.

"It is as true in Skeena as anywhere in the world that nothing comes to us on a silver platter and that we are as strong as our organizations. In a thousand miles of travel through Skeena I have found it strikingly apparent that, where the workers are well organized, their wages, conditions and morale are good.

"The return of a so-called Simon-Pure Liberal government, even if it were a possibility in the Canadian political scene, which it is not, would win the peace for Canada. The much-touted twenty-five page report of the Hon. C. D. Howe, brought

down in the closing hours of the last session when there was no opportunity for discussion, states the number one post-war problem for Canada exactly—a problem of finding well over a million new jobs. But it offers no solution to the problem.

It is not likely that, if the government had a plan for providing full employment in post-war Canada, they would want to hide that plan, yet if you write to the King's Printer for a copy you will be told it is "out of print." As a matter of fact it was "out of print" a few hours after it was issued.

"The Tories and the C.O.F. know they cannot elect a majority in the next House. The Tories figure on a right-wing Tory-Liberal Social Credit-Nationalist coalition, and M. J. Coldwell says this is the best that could come out of the election 'because it would show just where everybody stands.' I say it is the worst thing that could come out of the election because it will mean depression in Canada.

"The task of progressive people is to elect the biggest possible bloc of labor members, proved in the struggle for the people, who will put squarely before the House the issue of full employment and prosperity, a bloc so strong that it will enter the government in full partnership with those other members who are prepared to go down the line on this program, and so strong that it will

## "V-E DAY" QUIET ON CHARLOTTE

Little Celebration, It Being Felt That Occasion Did Not Warrant It

QUEEN CHARLOTTE CITY, May 16—"V-E Day" came as no surprise to Queen Charlotte Islands who had been expecting it. There was very little celebration except at the Allford Bay air base. It was generally felt that there had been too much suffering in the war to justify undue celebrating of the victory.

Only two men from the Skidegate area have been through the battles in Holland and Germany—Joe Hans and Edmund Stevens both of whom were fortunate to come through the war safely.

# LIBERAL POLICIES

will create post-war OPPORTUNITIES

## for ALL

YOUR Liberal Government under Mackenzie King has taken practical steps to see that every Canadian after the war shall have a wide-open chance to make a real success of his life. It can be done by giving everybody the opportunity to get ahead faster and go further.

That includes returned men, farmers and fishermen, factory workers and people in business and children—every Canadian!

Isn't that what you want—a chance to make your own way IN your own way?

Here are definite, practical steps which the Liberal Government has taken (not just talked about, but taken) to make this Canada a better place to work in and bring up your children.

You will have to decide whether you want the men who devised these measures to carry them through, or whether you wish to entrust your own and your family's future to others.

Every one of the following 12 steps affects your job—no matter what it is—after the war!

### 1 Reconstruction

Liberal aim: Jobs for 900,000 more workers than in 1939; and 60,000 more each year as the population grows. Every kind of enterprise will be encouraged. The Liberal Government has already set up the machinery: the Department of Reconstruction. The Liberal Government has the man—the Hon. C. D. Howe—under whose direction Canadians have done a great job in the war, and are ready to do it in peace.

### 2 Foreign Trade

Liberal objective: Sixty percent (60%) increase in value over Canada's pre-war export trade. This means thousands of jobs, and is based on the number of jobs created by Canada's normal export trade. Preparations are under way now: expansion of trade commissioner service; negotiations with United States and United Kingdom and other countries. Liberal policies and trade mean full employment.

### 3 Credit for Enterprise

Liberal belief: Money must serve the needs of humanity. The people of Canada shall have economic freedom. We are a great people—we are going to continue to do big things after the war. Therefore the Liberal Government set up the Industrial Development Bank to provide money at low interest for long terms. Another step towards creating full employment.

### 4 Exports Encouraged

War-torn countries will want to buy tremendous quantities of Canadian goods. But can they pay for them right away? Manufacturers can't pay their help unless they can get money for their goods. To overcome this obstacle to employment, the Liberal Government has set up the Export Credit Insurance Act. This does two things: (1) it insures Canadian exporters against loss, and (2) it makes loans to foreign governments under contract to Canadian exporters.

### 5 Farm Improvement Loans

Your Liberal Government has made low interest loans available to farmers to finance their work and make improvements.

### 6 Guaranteed Markets

To provide farmers with a better income under wartime conditions, the Liberal Government made contracts for definite quantities of important products at agreed prices—notably bacon, eggs, cheese and beef. These contracts have worked out so well the Liberal Government extended many of the agreements for longer periods (in the above cases to the end of 1946). It has provided for guaranteed markets and income for Canadian farmers. This increased trade has brought prosperity to farmers everywhere in Canada. Liberal legislation (the Agricultural Prices Support Act) guarantees future prosperity.

### 7 Family Allowances

From July next, Family Allowances are to be paid every month to parents for healthier, better clothed, better housed, better educated young Canadians. \$250,000,000 a year direct spending power in the hands of people who need it most. Liberal monthly payments until age 16 (maximum total per child \$1,224) will give all children a better chance to become vigorous happy citizens.

### 8 New Homes for Canadians

The Liberal Government's new \$400,000,000 National Housing Act enables hundreds of thousands of Canadians to own their own homes. In the first year after Germany's defeat, at least 50,000 dwellings will be built. Low rental housing schemes are included. This means hundreds of thousands of jobs for the building trades and allied industries—many thousands more for people who make furnishings and home equipment.

### 9 Returning Veterans

Canada's generous plans for enabling returned men to take their place in civil life are now well known. Gratuities, benefits and grants of \$750,000,000 will enable men and women of the Armed Services to apply their energies in building the prosperous Canada for which your Liberal Government has been planning.

### 10 Floor Prices under Fish and Farm Products

Success in farming and fishing depends upon the maintenance of fair prices. To protect farmers and fishermen, the Liberal Government has provided floor prices under these products. Prosperous farmers and fishermen make a prosperous Canada.

### 11 Better Labour Conditions

In co-operation with organized Labour, the Liberal Government has confirmed collective bargaining, provided unemployment insurance, organized labour-management committees, approved labour representatives on government boards. More than 600,000 workers, because of the Liberal Government's attitude towards Labour and the labour movement, now get annual vacations with pay.

### 12 Reduction in Taxation

The Liberal Government will gradually reduce taxation when the European war is over. Taxes will come down to free spending power and to give Canadians every opportunity for prosperity, employment and freedom. What you have done in war—you can do in peace. You can do your part by supporting the Liberal Candidate in your constituency.

## LOCALS

Mrs. E. M. Minaker of Massett and Miss M. Dyson of Port Clements sailed yesterday on the Catala for a trip to Vancouver, having arrived from the Islands earlier in the week.

Lt. Elgood Stephens, United States Army, who returned recently from overseas duty in Europe, arrived today on the Prince Rupert to spend leave with his parents, Mr. and Mrs. M. M. Stephens. He was accompanied by his sister, Miss Laura Stephens, of Vancouver, who will also visit at home.

Healthy seed will also help to guard against rot in potatoes and other vegetables. For most bugs, a good commercial spray or dust, easily applied with a cheap sprayer outfit or shaken on from a porous bag, will soon bring things under control. The important thing, agree those that know, is to get the counter measures started at the first sign of trouble.

A healthy garden is, of course, the best protection, one that is well cultivated, free from weeds and growing fast. Sometimes there is a combination of unusually unfavorable weather, hot and full of moisture. This breeds the fungus disease, the kind that rusts hollyhocks and mildews roses and makes black spots on beans. Fine powdered sulphur will check the first two but is not advisable for the beans. The best guard against that is healthy seed in the first place, then keep out of the bean patch when the vines are damp.

# "Some day I'll own a General Motors truck"

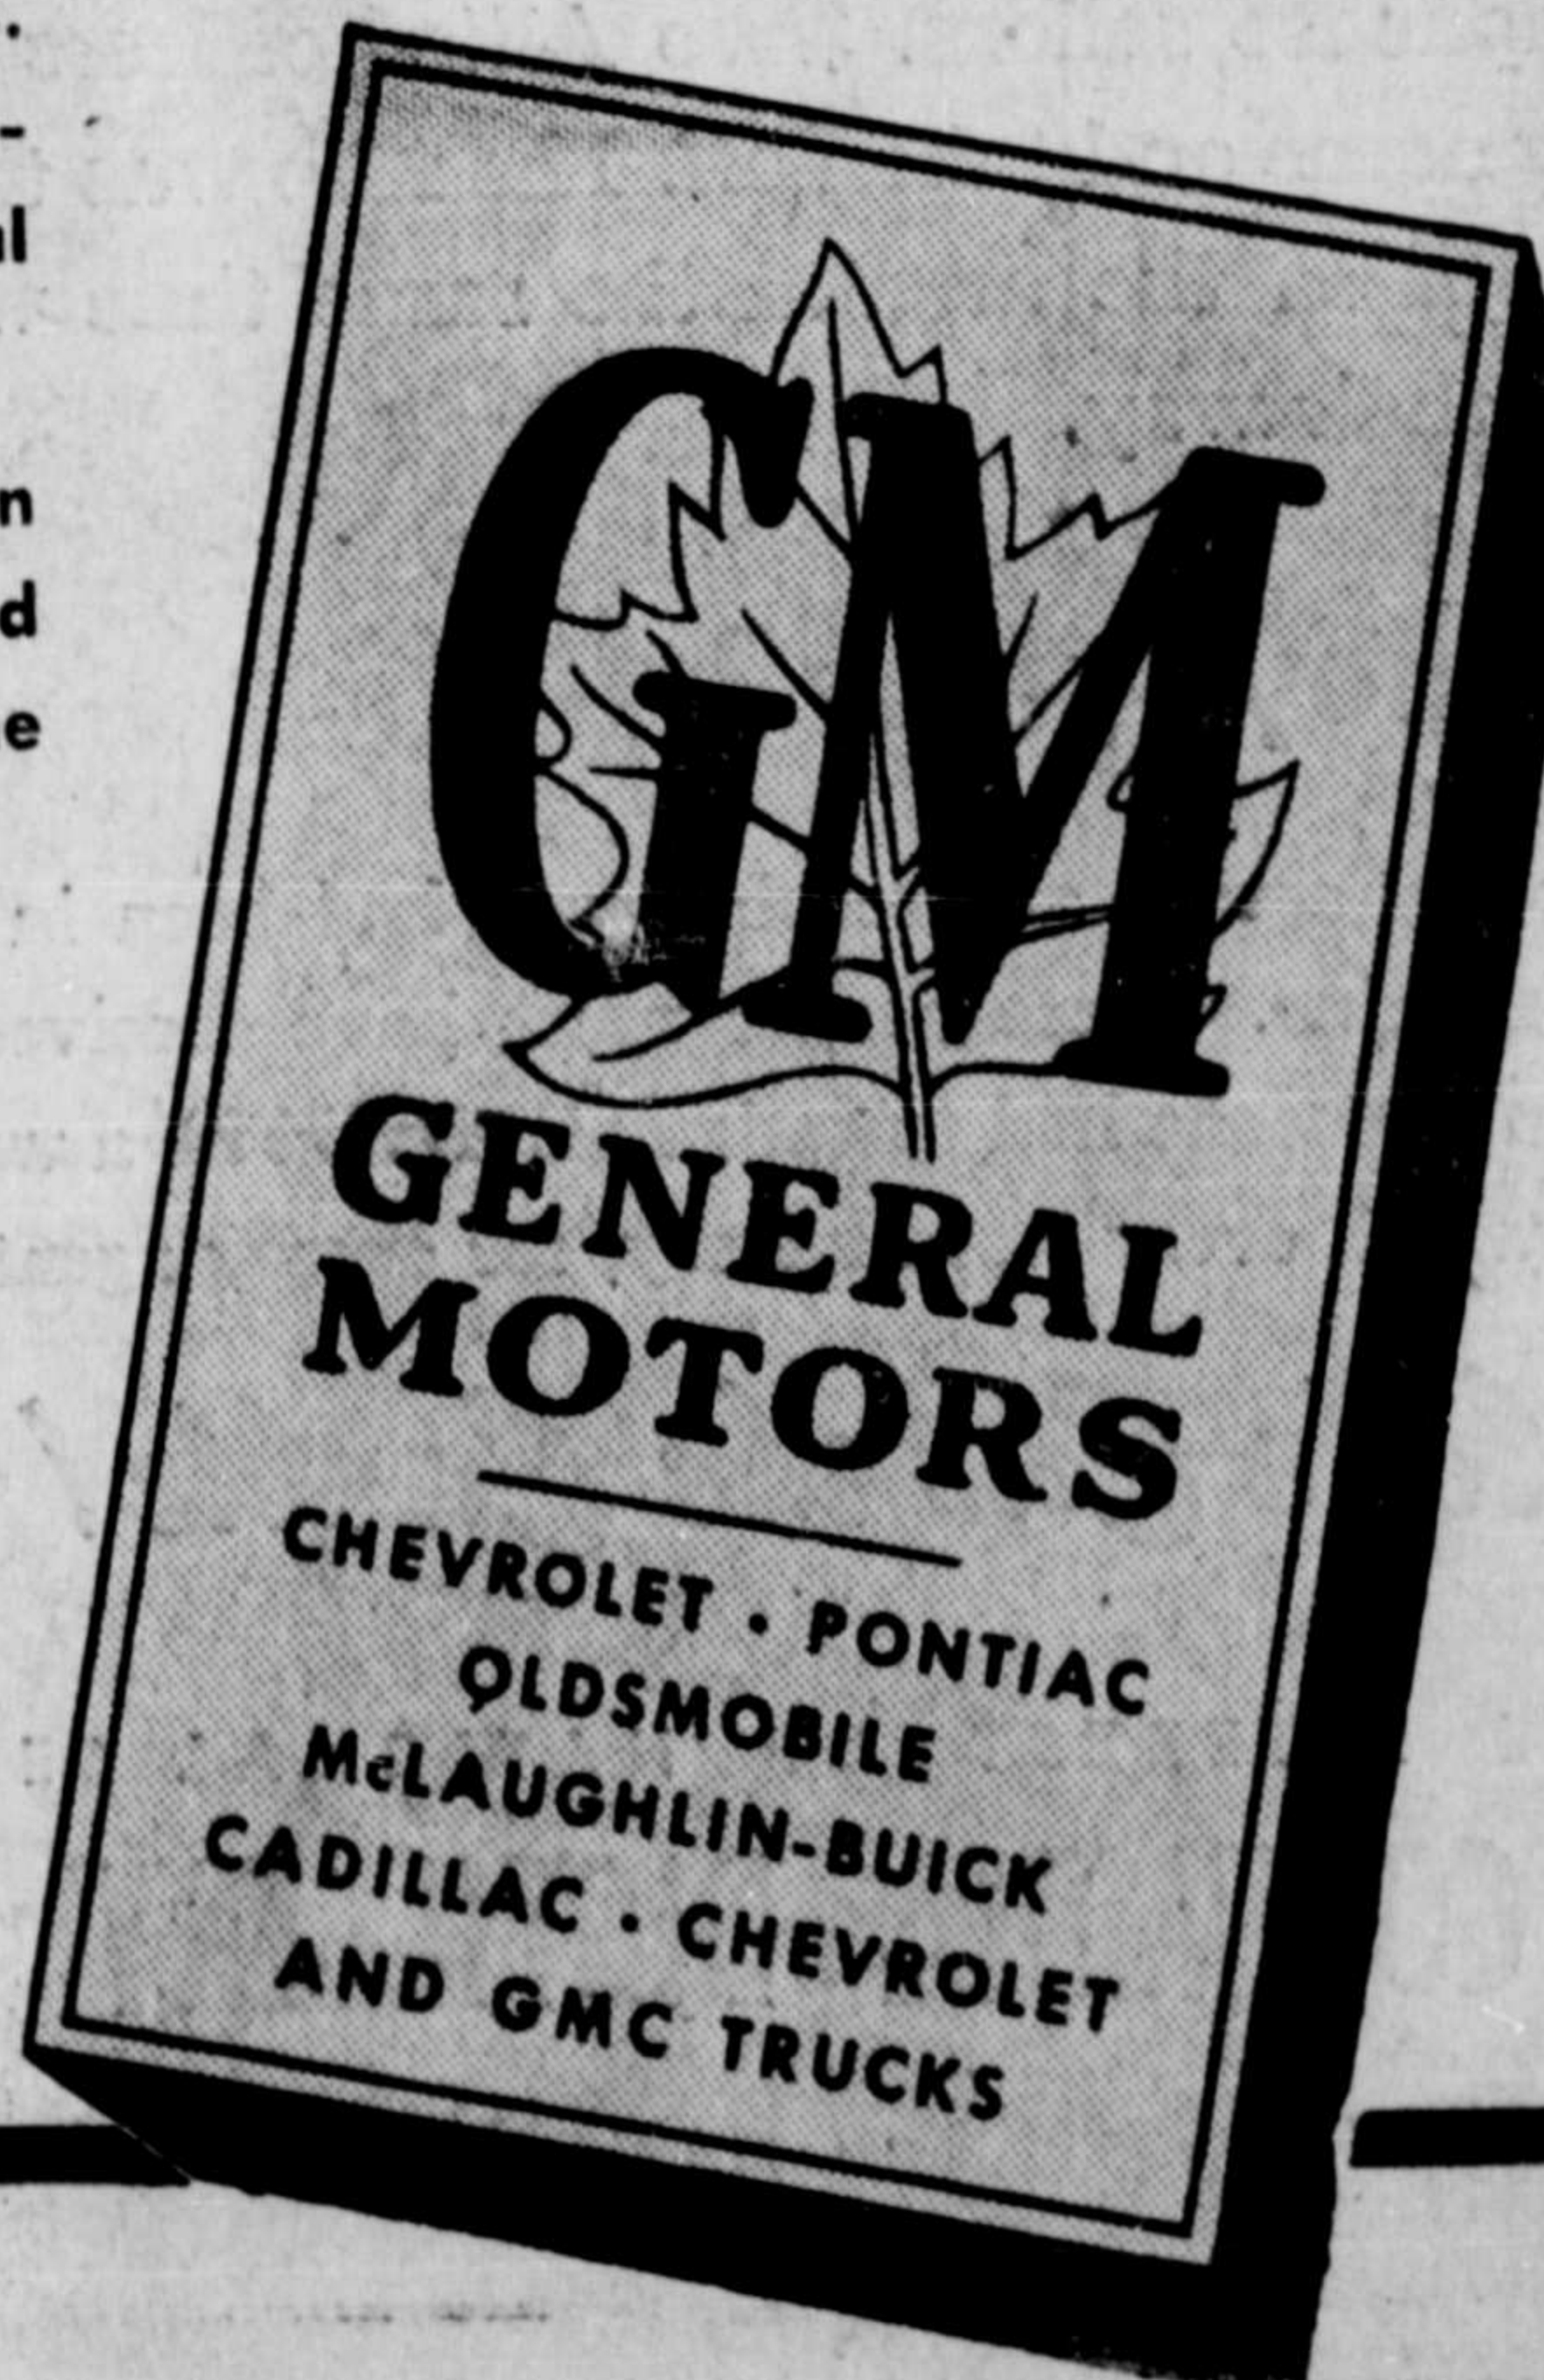

In recent years, Canadian farmers have overcome a multitude of difficulties. Despite labour shortages, storm and weather hazards, they have consistently increased production, and harvested the record crops so vital to a nation at war.

They have been handicapped, by lack of proper distribution facilities, in getting produce to market, farm-fresh. Many who realize the time and labour a General Motors truck would save, look forward hopefully to the time when they are again available.

That time is coming . . .

The time when Victory signals a General Motors change-over from war to peace production . . . the time when all the experience, engineering skill and productive power now being used by General Motors to fashion tough, durable armoured vehicles, will be directed towards the production of sturdy, General Motors trucks—dependable, great-hearted trucks that will mean less work and worry, more leisure and prosperity for farmers and producers everywhere.

## THE TRUTH FOR ONCE

A Wedding Write-up As the Editor, Driven Desperately, Saw It

Every editor is castigated for telling the truth or for not telling it. Never do his write-ups please everybody. One likes this and one likes that. Very few people like the truths about themselves.

An editor somewhere decided to write the truth about a wedding according to his own lights and here is what he wrote:

The groom is a popular young bum who hasn't done a lick of work since he got shipped in the middle of his junior year at college. He manages to dress well and keep a supply of spending money because his dad is a soft-hearted old fool who takes up his bad cheques instead of letting him go to jail where he belongs.

The bride is a skinny, fast little idiot who has been kissed and handled by every boy in town since she was 12 years old. She paints like a Sioux Indian, sucks cigarettes and drinks mean corn-liquor when she is out joy-riding in her dad's car at night. She doesn't know how to cook, sew or keep house.

The groom wore a rented dinner suit over athletic underwear of imitation silk. His pants were held up by pale green suspenders. His number eight patent-leather shoes matched his state of tightness and harmonized nicely with the axle-grease polish of his hair. In addition to his jag he carried a pocket-knife, a bunch of keys, a bottle-opener, a dun for the rented suit he was wearing and his usual

look of imbecility.

The bride wore some kind of white thing that left most of her legs sticking out at one end and her ebony upper end sticking out at the other. The young couple will make their home with the bride's parents, which means they will sponge until he dies and then she will take in washing. The happy couple anticipate a great event in about five months.

## SKEENA

(Continued from Page 1)

to her assistance but the huge seas prevented them from coming alongside. At three o'clock in the morning, Lieut. J. Tate, R.N.V.R., from H.M.S. Baldur II, reached the ship in a landing craft but, unable to get aboard, was forced to work around to the lee of the island. There he was piloted to a cove by an Icelandic, Einar Sigurdsson, who had followed him in a second landing craft with a rescue party of 30 Royal Navy ratings. Sigurdsson led the party across the island to the stricken ship and at dawn the work of rescue was gotten under way.

At 7:40 a.m. a line was shot across to Skeena from Coston gun, a heavier line was taken back and the men were hauled ashore in Carley floats. At 8:30 all those who had stayed in the ship, including the captain and his officers, were safe on land.

The hours between midnight and daylight were a period of extreme trial. Every officer and man was soaked to the skin. The battered, helpless ship never ceased twisting and grinding on the rocks. She was holed in her forepeak, boiler rooms and engine rooms, and oil from her fuel tanks flooded her decks.

Bad as their condition was, Skeena's officers and men bore up superbly. With the arrival of the rescue party the strong assisted the weak into the floats and then manned the lines leading from the ship. A number toiled with that courageous Viking, Einar Sigurdsson; neck-deep in water, dragging shipmates to safety.

From the lee of the island, the men suffering from exposure were rushed to hospital. Those who had not been severely affected by wet and cold were taken to Royal Naval barracks and United States Army camps.

The funeral of the Skeena's dead on October 28 was the most

impressive ever seen in Iceland. The men were buried with full Naval honors in the War Graves Section of Fossaburg Cemetery, Reykjavik, a white cross with the name and number of each man at the head of his grave. The cemetery slopes down to a quiet bay and in the near distance are the snow-clad mountains which hold Reykjavik in their clasp and which blaze like white fire on a sunny day.

Vice Admiral B. C. Watson, C. B., D.S.O., R.N., admiral commanding Iceland Command, and senior Royal Navy, United States Navy, Royal Marine, Royal Air Force and Royal Canadian Air Force officers were in the funeral procession.

The captain of H. M. C. S. Skeena, his officers and ratings followed their shipmates to the grave. Present were Commander J. D. Prentice, D.S.O., and Bar, R.C.N., senior officer of Skeena's group, and Captain of H.M.C.S. Qu'Appelle, the captains of H.M.C.S. Chaudiere, H.M.C.S. St. Laurent, and H.M.C.S. Assiniboine, together with their officers and detachments of ratings. Men of the Royal Navy, Royal Marines, the Royal Air Force and the Royal Canadian Air Force marched in the solemn procession.

Flag Draped

Bodies Buried.

The bodies of the victims wrapped in Union Jacks were carried to their graves by shipmates. Others of Skeena's company bore the wreaths that were placed on each man's resting place.

## The Allied Freighter Incident

An Allied freighter was stopped off the Pacific Seaboard by a Japanese submarine and boarded by Japanese sailors. Two Allied officers were asked for by name and taken off. The ship was torpedoed. Other ships in the area at the same time were allowed to go their way.

## How did they know?

Enemy agents ashore obviously had been in contact with the submarine. These agents must have received inside information; someone had talked. This should be a warning to all of us to watch every word we say, for enemy agents are everywhere.

## LOCAL GIRL WEDS REGINA VETERAN

A wedding of particular interest in the city took place at 8:30 Saturday night in the chapel of the Church of the Annunciation when Miss Lillian Vaccher, only daughter of Mrs. C. Vaccher, 711 Seventh Avenue West, became the bride of Leading Seaman Frank Johnson, R.C.N.V.R., of Regina. Rev. Father W. F. Lantagne officiated. A large number of friends attended the ceremony.

The bridegroom recently returned from overseas where he served for three years with the combined operations command in the European theatre.

Given in marriage by her brother, Primo Vaccher, the bride looked lovely in a gown of heavy ivory satin with a short veil crowned by a wreath of gardenias. She carried a bouquet of red roses.

Matron of honor was Mrs. Gordon Viereck, a cousin of the bride, who wore a gown of pink sheer with a short veil, and carried a bouquet of carnations. Groomsman was Lino Collusi, also a cousin of the bride.

Following the ceremony a reception was held at Valhalla Hall, where more than 100 friends gathered to extend their best wishes to the happy couple.

Toast to the bride was proposed by Rev. Father Lantagne, and response was made by the bridegroom. At midnight the lovely three-tier wedding cake was cut by the bride and groom. The table was prettily decorated for the occasion. Refreshments were served after the cake-cutting ceremony.

Mr. and Mrs. Johnson left on Monday night's train for Terrace where they will spend a short honeymoon at Lakelse Lake after which Mr. Johnson will proceed to duty at Halifax. Mrs. Johnson will accompany her husband as far as Regina, returning later to Prince Rupert.

Chile was discovered by Diego de Almagro in 1535.

With Bob Morrison in charge the regular Tuesday evening Music Hour was held last night in the Common Lounge. After the recording program with commentaries by Bob Fleming, two films were shown. The first, "The Percussion Group," showed the percussion instruments used in the orchestra. The second was a filming of Brailowsky's interpretation of "Valse Brillante." Very clever photography showed an interesting study of the pianist's technique. In the absence of the scheduled guest artist, Bob Fleming took over at the piano, playing first Brahms "Rhapsody in G Minor," followed by one of his own compositions, "Humoresque." He continued with a clever set of variations on a simple theme showing how different composers would have handled it. A technical movie, "Ottawa On the River" completed the program.

Tonight there will be bingo in the Writing Room with Alf Wingrove in charge.

Soo Suds are holding a dance tonight and "Monty" the "Y" Man wants all service girls and hostesses to attend. Transport leaves the Red Triangle at 8:30 and the Wren and C.W.A.C. Barracks at 8:45.

**Canadian Unity is More Than an Empty Word**

One of the monumental problems the Mackenzie King government has created for itself is a growing disunity in Canada.

It has been deliberately fostered as a "divide and rule" political principle—play on the fears of a racial minority, then pose as their saviour.

There is only one basis for national unity. That is, one standard of sacrifice and duty for all. The real basis of national unity is justice with equal responsibility for all and one standard of rights for all.

Do you think Canadians have leaders devoted to this purpose? Our country is hot with resentment over continued discrimination in both civil and military affairs.
