U.S. Tariff Law May Affect Local Shipyard

Tanker Illinois May Be Sent South Because of Ship Repair Tariff

PRE-WAR LAW TO BE INVOKED AGAIN ON MONDAY

A \$300,000 repair contract by the Prince Rupert Dry Dock and Shipyard on the Shell Oil Co.'s tanker Illinois, now in dry dock here, hinges on the possible reinstatement by the United States government of a 50 percent tariff on repairs carried out on that nation's vessels in Canadian shipyards.

"BELSEN GANG" PUT TO DEATH

Official Announcement Made By General Montgomery

HAMBURG, Germany. — Field Marshal Montgomery's headquarters announced yesterday that Josef Kramer "beast of Belsen," and 10 others of the Belsen gang, including Irma Grese, were hanged Thursday for committing crimes at the notorious concentration camp. The executions were carried out by the official British hangman.

The eight men and three women had been condemned to death a month ago for atrocities committed at the Belsen and Auschwitz concentration camps. Nineteen other persons drew prison terms. Irma Grese was the pistol-packing queen of the Belsen gang. The men were hanged in pairs and the women went to their deaths singly.

NEW INCOME TAX COMING

However, There Will Be No Change This Year, Says Isley

OTTAWA — Finance Minister Isley said in the House of Commons last night that the government has worked out a new income tax structure. He gave no details but said that it had been decided to continue the practice of straight percentage deduction this year.

Speaking of the new plan, the finance minister declared that the government will return to the pre-war practice of allowing exemptions for children to take the form of income rather than deductions from taxes.

BRITISH HOUSE APPROVES LOAN

Meets With Continued Criticism of Conservative Members

LONDON—The British Parliament has ratified the proposed United States loan of \$4,440,000 to Britain. The next move now is up to the United States Congress. The British House put its seal of approval on the loan by a vote of 345 to 98.

Opposition Leader Winston Churchill and many of his fellow Conservatives declined to vote, expressing disapproval of the terms of the loan. Churchill said better terms could have been obtained.

STRIKE IN AUSTRALIA IS ENDING

CANBERRA, Australia. — The labor picture in Australia is brighter today. It has been reported, following government-union meetings, that New South Wales coal miners have agreed to return to work next Monday. The miners have been on strike since December 3. The mine work stoppage has tied up industries employing more than 600,000 workers.

POPULATION GREAT NEED

Bishop Anthony Jordan Forms Some Impressions Following First Tour of Diocese

"It seems to me that the great need for the development of Prince Rupert and its great hinterland is increased population for the rich interior country," says Rt. Rev. Anthony Jordan, vicar-apostolic of the vicariate of Prince Rupert, speaking yesterday of impressions following his first tour of the many Roman Catholic Church missions in the interior of his diocese. He was interested, the bishop said, in seeing this matter of increased population emphasized. Not only its scenic beauty but its potential natural resources and opportunities impressed the ranking churchman.

It was the Bishop's first tour of the diocese following his ecclesiastical induction a couple of months ago. It was a fact-finding trip to acquaint himself with the conditions under which his missionaries lived and the people among whom they labored. While away the Bishop also attended a gathering of all Canadian bishops of the church in Quebec.

U.S., BRITAIN SHARE BURDEN IN EAST INDIES

WASHINGTON, — The British ambassador to the United States says the U. S. shares with Great Britain the responsibility for the presence of Empire forces in the Dutch East Indies.

Lord Halifax told the English Speaking Union, meeting in Washington last night, that the decision to send British troops to revolt-torn Java was made by the combined chiefs of staff. The decision, therefore, was not British alone, but Anglo-American.

HEAVY GALE HITS EASTERN COASTAL SHIPS

HALIFAX, — Shipping on the Atlantic from the fishing banks off Canada to Bermuda has been crippled by one of the worst storms of the season. Ships are pitching and tossing in the huge waves and either are heading for ports or are waiting for help.

The Boston dragger, Gale, has run aground on Sable Island. The crew was rescued, but the ship probably will be wrecked. Another Boston ship has been towed into Halifax, her engine disabled. Further down the coast, 27 Canadian merchant seamen have been taken from the Venezuelan freighter, Independence. The freighter ran aground off Nantucket.

The black-back gull may require four years to attain maturity, but sometimes lives to the century mark.

BRETTON WOODS PACT APPROVED

LONDON. — The House of Commons yesterday gave final ratification to the Bretton Woods monetary stabilization pact, approval of which was one of the conditions laid down by the United States for the loan of four and a half billion dollars to Britain.

The measure was passed without dissent on its third and last reading and went at once to the House of Lords. The action came barely 14 hours after Commons had approved the Bretton Woods plan and the United States loan. Lord Beaverbrook, who will oppose the Bretton Woods plan and the loan in the House of Lords on Monday, said in a previous debate on the two measures that they "will involve a return to the gold standard, the obliteration of the sterling era and the destruction of imperial preference in trade."

London newspapers of all shades of political opinion echoed the view expressed by the London Times that the Anglo-American loan had been accepted by Commons "because in the present emergency there appears to be no alternative without crippling national recovery."

The Times called the agreement an "economic Dunkerque."

RUSSIA, TURKS EXCHANGE NOTES

NEW YORK. — The Moscow radio says the governments of Turkey and Russia have exchanged notes concerning anti-Russian demonstrations in Istanbul 10 days ago. The broadcast declared the Soviet Union regards the Turkish reply as unsatisfactory. The Moscow note is reported to have claimed the Turkish police protection the demonstrators as they wrecked book shops selling Russian literature and attacked newspapers friendly to Russia.

Interviews With War Criminals Stopped By Court

NUERNBERG, Germany. — The International War Crimes Tribunal at Nuernberg has prohibited any more indirect interviews with the Nazi defendants. The security section of the tribunal has threatened to bring contempt of court proceedings against anyone who obtains any kind of information from the Nazi defendants and passes it on to newsmen. A German defence lawyer has protested the ruling.

DUE HOME CHRISTMAS

MONTREAL — On Christmas Day 270 Canadian servicemen, seven for Vancouver, will arrive in Halifax from overseas on the Lady Rodney, according to the Department of National Defence, Ottawa.

Although they will not get home for the day's festivities they will enjoy Christmas dinner, the first Canadian Christmas dinner in as many as six years for most of them the 12-car Canadian National Railways Christmas Day troop special will serve turkey, cranberry sauce, plum pudding, fruit and all the trimmings that go with enjoying the holiday dinner at home. C.N.R. sleeping and dining car officials say.

Before coming to Canada, the former C.N.S.S. vessel will take 213 seamen to Newfoundland. It has been reported this will be the last trip the Lady Rodney will make repatriating servicemen. She and her sister ship, the Lady Nelson, is anticipated, will, in future, bring to new Canadian homes the overseas wives and children of Canada's servicemen.

B.C. POLICE TO GIVE TESTIMONY IN SASK. TRIAL

Sequel to the dramatic murder confession by Emil Joseph Gauthier at Terrace in October, Staff Sergeant G. A. Johnson of the B. C. Police here and Cpl. T. D. Brunton and Constable W. H. Richmond of Terrace left on last night's train for Saskatoon where they will be crown witnesses at the trial of Gauthier and his alleged partner James Goulet on a 17-year old murder charge.

Claiming that he was plagued by his conscience, Gauthier entered the Terrace police station in October and told Cpl. Brunton and Constable Richmond in a sworn statement how he and Goulet had robbed and murdered Mike Pilawski, a transient worker, near Saskatoon in the fall of 1928. The confession was later repeated to Staff Sergeant Johnson.

Gauthier was turned over to R.C.M.P. officials and taken back to Saskatoon for trial. Goulet was arrested in Vancouver.

Following Goulet's arrest, his son, just out of the Air Force, said that he would try and obtain his service gratuities to use in financing his father's defence.

The trial is scheduled to begin shortly in Saskatoon.

WORLD TRADE UNION DISBANDED

LONDON—Neither the Trades and Labor Congress of Canada nor its American affiliate, the American Federation of Labor, were represented in London yesterday when the International Federation of Trade Unions was disbanded. The winding up of the I.F.T.U. after an existence of 40 years severed the only official link of the Canadian and American unions with international labor.

MEYER TRIAL MAY LAST FOR ANOTHER WEEK

AURICH, Germany. — The Canadian war crimes trial of German SS General Kurt Meyer is expected to last for at least another week. The prosecution is planning to conclude its case Monday, but the defence may last for several days.

Meantime, detailed evidence concerning the shooting of seven Canadian prisoners of war has been presented to the court. The shooting took place at Meyer's headquarters near Caen on June 8, 1944.

Meyer is accused with direct or indirect responsibility for the shooting of 48 Canadian prisoners of war during the two weeks following the Allied landings in Normandy on D-Day, June 6, 1944.

MANY ATLANTIC CROSSINGS

OTTAWA — A plane of the 168th Transport Squadron, based in Ottawa, yesterday completed the squadron's five hundredth Atlantic crossing. The first Atlantic crossing was made December 15, 1943. SOLDIERS IN JAIL

OTTAWA — The House of Commons learned last night that members of the armed forces who have spent time in jails or in penitentiary may be given certificates to show they were imprisoned for military, not civilian offences. Justice Minister St. Laurent said he will see what can be done about providing such men with certificates. He told the House that about 80 members of the forces, convicted by court martial overseas, now are serving their terms in Canada.

Government May Stop Water Chlorination Early Next January

Prince Rupert City Council Not Yet Decided On Future of Chlorination Here

Chlorination of Prince Rupert's water by the federal government may end early in January.

Along with other coast cities, Prince Rupert will be in a legal position after January 1 to end chlorination of its water supply if it wishes.

Attitude of the Prince Rupert city council has not been clarified as to whether or not it favors the continuance of chlorination here after the military cease operating the plant, but some of this year's council have gone on record as favoring it.

CHELSEA. — A weeping, 23-year old mother, Mrs. Rose Carlan, was arraigned here today on a murder charge in connection with the death of her six-months old baby boy, whose body was found Friday in her home, 16 days after she had reported him kidnapped.

Mrs. Carlan did not plead to the charge, but said weepingly: "It's not true!" The case was adjourned until December 24 and the woman was committed to a psychopathic hospital for observation.

MASS ARRESTS FOLLOW LONDON POLICE RAIDS

LONDON. — An army of military and civilian police today concluded an unprecedented city-wide manhunt in an effort to apprehend 10,000 British, American and Canadian deserters and smash the city's record crime wave.

Striking suddenly at 8 p.m., 2,000 London policemen aided by military police of the three countries, estimated by one newspaper at 6,000, sealed off metropolitan London in a gigantic dragnet and combed the city with the precision of a military invasion.

Early today police stations were jammed with hundreds who were unable to satisfy officials as to their identity. Newspapers reported that between 500 to 800 persons were brought in during the first five hours of the roundup.

George Medal Is Awarded to Hero Of Plane Crash

OTTAWA. — The George Medal has been awarded to Flt. Lieut. Dennis Peter Varden of Merrickville, Ontario, and Montreal, for saving five members of a burning Liberator bomber. The plane crashed near Dorval airport last June 30, not far from the home of Varden who was on leave.

The Flight Lieutenant ran to the scene of the crash and with complete disregard for his own safety pulled three airmen clear of the blazing wreckage. Then with the help of his wife, Varden poured water on part of the plane to cool it enough to remove two others who were pinned down.

Daily newspaper advertising in support of the war effort in Canada and the United States helped sell 850 million war bonds, collect over 25 million tons of waste paper and encouraged people to plant 50 million Victory gardens.

Happiness, prosperity and all other material things that normal humans crave are invariably won by thinking. In other words, things are the children of thought. Like folks, thoughts too fall in love and marry. Two thoughts joining each other often give birth, painlessly and immediately, to scores of other even brighter and better thoughts. No one can read the newspaper without marrying his own thoughts to those of others.

This Is Money Well Spent . . .

The Canadian Tuberculosis Association and its affiliated agencies are appealing to the public to buy Christmas Seals so that the vitally preventative work in the field of tuberculosis can be carried on for another year.

The sale of these seals provides a great deal of the money with which to carry out preventative T.B. work in Canada. This money has purchased all x-ray equipment for both permanent and mobile clinics (where chest examinations are available free of charge), paid for many surveys, and continues the vitally necessary health education program in homes, schools, offices and industrial plants. In other words, what these seals actually make possible is a broad program of suppression of a disease that, if left unchecked, would be capable of killing off our population in a matter of a few years. There is every reason to be generous in the purchase of the T.B. Christmas Seals.

FEWER PATIENTS AT HOSPITAL

Number of patients treated at the Prince Rupert General Hospital declined sharply from 437 in October to 361 in November, and the apparent cost of maintenance per patient-day rose during the latter month, according to the report submitted by finance committee chairman Arnold Flaten at the monthly meeting of the hospital board last night.

The apparent cost to the hospital per patient day increased from \$4.32 in October to \$5.19 in November, but, according to Mr. Flaten, the increase was due to the provincial government's method of accounting as set out for hospitals—the accrual basis.

"The figures will automatically adjust themselves in December, and the actual cost per patient-day will be considerably less, probably about \$4.30 a day," he said.

Total hospital expenditures during November were \$10,293, as against \$10,573 in October, and \$11,021 in September. Cost per patient-day in September was \$4.82.

Publicity Value . . .

Continued reference to the Prince George-Prince Rupert road as the Prince Rupert Highway by Prince Rupert Daily News is irritating to the Interior News at Smithers.

"Who does the Prince Rupert Daily News think they are kidding?" asks the Interior News.

"Popular opinion has always indicated that the highway be named the Skeena Highway, or the Skeena River Highway, and no attempt on their part will change this feeling. The News' continued misnaming of the highway smacks of an out-and-out hoggish attitude, or an attempt to publicize their city by overlooking public feelings in the matter. We suggest they mend their ways."

The Citizen suggests that it is the road more than the city of Prince Rupert which benefits the greater by the Daily News reference.

How to Stay Young . . .

Youth is not a time of life—it is a state of mind.

Nobody grows old by merely living a number of years; people grow old only by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair—these are the long, long years that bow the head and turn the growing spirit back to dust.

Whether seventy or sixteen, there is in every being's heart the love of wonder, the sweet amazement at the stars and the starlike things and thoughts, the undaunted challenge of events, the unfailing childlike appetite for what next, and the joy and the game of life.

You are as young as your faith, as old or your doubt; as young as your self-confidence, as old as your fear; as young as your hope, as old as your despair.—This Week Magazine.

LETTERBOX

WANTS TO KNOW?

Editor, Daily News:
I am interested to learn from previous letters to your paper that the Junior Chamber of Commerce plan to hold a radio auction on Monday, Wednesday and Saturday evenings of next week. From what I have read I gathered that this organization plans to inveigle the gullible public into donating a lot of money. This is well and good if the money is going to be used for some worthy cause. On the other hand, if this money is going into the general funds of the Junior Chamber of Commerce for some "brain child" which they may foster, then I believe the public are being taken for a ride. In my estimation, collections of this nature should be used entirely for Christmas cheer or social service work and I understand the Junior Chamber of Commerce is not a social service organization.

Now, sir, if you think this letter worthy of space in your paper it will be much appreciated.

STANDARDIZED SALARIES FOR NURSES URGED

Opinion that wages in the nursing profession in British Columbia should be standardized, with modifications allowed for isolated hospitals, was shared by members of the Prince Rupert Hospital Board at their monthly meeting Friday night.

The discussion was piloted by Arnold Flaten following his motion of acceptance of the report of Secretary W. H. Birch who attended the twenty-eighth conference of the B. C. Hospital Association at Vancouver in November.

At the conference, Percy Ward, inspector of hospitals was reported to have said that it was "impractical to try and get the wages in the hospitals standardized because the hospitals had to operate anyway."

Mr. Flaten objected to the implication that hospitals should have to bid against one another to obtain nurses during the present shortage, and calculated that it would be to the benefit of both the hospitals and the nurses if there was a standardized wage scale throughout the province.

"If we go ahead and steal 10 nurses from Ocean Falls, it doesn't do anyone any good," he asserted.

Hospital Superintendent Miss Phyllis Mooney said that she favored "stabilized wages for nurses within the province, but on the other hand there should be preference in case of isolated spots."

"I think it is in the best interests of the nurses themselves, and I think it is up to the Registered Nurses Association to stabilize the wage scale," she said.

Members were agreed that nurses in isolated outpost hospitals should be offered some preference above the general wage level, and that the general level should be subject to local adaptations.

Commenting on the current shortage of nurses which, however, does not acutely affect the Prince Rupert hospital at present, Secretary Birch said that there was no relief in sight, mainly because many of the nurses who are returning from military service are going into the government service rather than into hospitals.

"Many of them are also enter-

Miss Mooney said that the Prince Rupert hospital is experiencing the slackest period in a long time, and that there are enough nurses to keep the institution properly staffed.

RESIDENT HERE SINCE 1910, FRED LANZA PASSES

Fred Lanza, resident of Prince Rupert since 1910, passed away in the Prince Rupert General Hospital at 4 o'clock this morning four hours after he had been brought to hospital suffering from an acute heart condition. He was 78 years old.

Born in Italy, Mr. Lanza arrived in Prince Rupert in 1910 and during the years that followed he followed the trade of plasterer until eye trouble in his later years forced him to retire. He was unmarried and leaves no relatives in Canada.

Apparently feeling fairly well yesterday, Mr. Lanza was down town but last night he complained of feeling ill and about midnight was taken to hospital. He had many friends in the city.

MAISIE CAMERON IS PRETTY BRIDE

On Monday of this week Maisie Cameron, daughter of Peter D. Cameron and the late Margaret Cameron of Prince Rupert, and Louis Janze, son of Mrs. F. G. Martin, well known family of Hazelton and district, were united in marriage in the Chapel of the Annunciation Church.

The bride wore a pale blue street-length dress with matching veil and gloves and carried a corsage of gardenias and white heather.

Her matron of honor, Mrs. Michael Mitchell, wore the same outfit in pink with corsage of Talisman roses. Hal Dornan acted as groomsman.

A reception was held at the home of the bride's aunt, Mrs. Fannie White, on Seventh Street, where a few friends gathered to extend their best wishes. Servitors were Miss Susie Woods, Miss Rita Turgeon, Mrs. Bernice Campbell and Mrs. Earl Corliss.

Both being employed by the American Army Post Engineers, the happy couple will take up residence in Prince Rupert until the closing down of the installation after which they will go to Port Alberni.

DELIGHTFUL RECEPTION

Mr. and Mrs. Ross Mansell at Home to Friends Last Night Following Recent Marriage

The Old Landmark was the scene of a delightful reception last night when Ross Mansell and his bride, the former Mrs. Annette Woods, were at home to a happy party of friends to celebrate the occasion of their recent marriage. Dancing to the strains of tunesome music by Andy McNaughton was the order of the evening and the feature of the proceedings came about midnight, when, after the serving of refreshments, a toast to the couple was proposed by Col. S. D. Johnston who paid especial tribute to the bride for whom he expressed admiration as a good mother, successful business woman and estimable citizen. Suitable response was voiced by the groom. Following the toast, musical honors were accorded the couple.

Invited guests of the evening were Mr. and Mrs. Arnold Flaten, Col. and Mrs. S. D. Johnston, Mr. and Mrs. G. A. Hunter, Mr. and Mrs. J. Kasper, Mr. and Mrs. Mort Math, Mr. and Mrs. A. E. Dickens sr., Mr. and Mrs. James Brown, Dr. and Mrs. R. G. Large, Mr. and Mrs. A. Ostashower, Mr. and Mrs. B. Windle, Mr. and Mrs.

Saturday Sermon

(By ADJUTANT P. L. GORRIE, Salvation Army)
"Almost thou persuadest me to be a Christian." Acts 26:28.

King Agrippa, after listening to the testimony of the Apostle Paul, said that he was almost persuaded to be a Christian. To be a Christian—what does that mean? There are many shades of opinion on this matter, varying from those who would be insulted if called other than Christians, although they think nothing of blaspheming the name of Jesus Christ, denying His divinity or breaking His commandments, to those who by grace live constantly in the knowledge of the presence and will of God by Jesus Christ.

To be a Christian is to be a follower of Christ, but how can we follow unless we know the way or can see the Leader? How can we find the way? Listen, friend, Jesus said, "I am the way, the truth and the life." (John 14:6) When we know Him we know the Way, and by the goodness of God we can both see and hear our Leader. Constantly in the Bible invitations are given to you and me to meet Jesus. (Rev. 3:20, Matt 11:28, etc.). When we are willing to acknowledge our own sinfulness and bow before Him in humble penitence, asking forgiveness of our sin through the sacrifice of, and in the name of Jesus Christ, then and not till then can we become followers of Christ, or Christians.

To be a Christian—What does it involve or necessitate? It involves many things—a severance from uncleanness in thought and deed, from anything contrary to the teachings of Christ. It necessitates the development of spiritual qualities such as love, kindness, purity, humility, self-denial, faith, truthfulness. It involves a new life completely, with new desires, thoughts and deeds inspired by the example of the One we now follow. It almost certainly will involve persecution. "Yea, and all that will live godly in Christ, Jesus shall suffer persecution." (2 Tim 3:12).

To be a Christian—can it be achieved? The answer is definitely "yes, it can." Countless thousands of men and women, and boys and girls today enjoy this experience, and testify to the fact both by their words and by their lives. God's word, the Bible, teaches that the purpose of life, sacrificial death and resurrection of Jesus Christ, God's own Son, was that mankind should be reconciled to God. "And all things are God, who hath reconciled us to himself by Jesus Christ, and hath given to us the ministry of reconciliation; to wit, that God was in Christ, reconciling the world unto himself." (2 Cor. 5:18, 19).

To be a Christian—a challenge! Let us examine our own lives, are we true followers of Christ? Are we seeking to develop and grow spiritually? Are we dead to sin, but alive unto God? Do our lives show forth

the beauty of Jesus? If we are not believers in and followers of Christ, let us not take upon ourselves the name of Christians. Let us all seek earnestly to know the Way, and He will lead us on to life eternal.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove a cork that has broken and fallen inside the bottle?

A. Pour the contents into another bottle. Then pour some ammonia into the bottle, enough to float the cork, and allow it to remain for two or three days. The ammonia will consume enough of the cork to permit its easy removal.

Q. What can I use as a container for paraffin?

A. Use an old coffee pot as a container for the paraffin. When paraffin is taken off a jar or glass, throw it into the pot. When wanted for use, melt the paraffin and pour.

Q. How can I remove rust from tools?

Need More Cities In South Africa

CAPE TOWN, C.—In 10 years there will be another 2,000,000 people in South Africa's cities. This is the estimate given by the Social and Economic Planning Council in a report on regional development.

The council urges that any new industries should be sited in new areas and not in the existing few industrial centres which are becoming congested and are tending to become economically unsound from the national aspect.

Little Seldon brought home his report card, and with it was a note from the teacher.

"Dear Mrs. —," Seldon is a bright boy but he spends all his time with the girls. I'm trying to think up a way to cure him."

"Mrs. —" studied the note then wrote the teacher as follows: "Dear Miss Smith: If you find

a way to cure him, please let me know. I'm having the same trouble with his old man."

Picked Up

Did you hear about the foreign businessman who was persuaded to use a dictaphone on a trial basis—when asked how he liked it he replied: "Well, I'll tell you, it ain't so bad, but it tucks mit awful hexent."

An "A" Finally

It happened during the rush for gasoline coupons and the scene was a High School. The white-haired teacher at the table looked up and grinned at the man standing before her. "Well," she said, "After all these years, I'm finally able to give you an 'A'."

The old-timer, looking bent, weary and dejected, hobbled painfully up to the bar.

"What's the trouble?" asked a kindly acquaintance. "You look bad."

"It's yoorz," moaned the old-timer. "I've got a bad case of yoorz."

"What's yoorz?" asked the puzzled friend.

"A double Scotch, thank you."

ST. PETER'S COMMUNITY HALL—The members of the recently opened Rup-Rec class at St. Peter's Community Hall at Seal Cove became very voluble through their instructor, Don Wilson, last evening after going through their last gymnastic class without equipment. Gymnastic equipment has been on the priority list throughout the war years and even now is difficult to purchase. However, a local firm, which has undertaken the task of constructing some of the essential pieces, has promised to rush it through as quickly

PRO-REC FILMS—Three colorful reels of Pro-Rec display films were shown at a special meeting of the Rup-Rec staff, late last evening. William Noble, Rup-Rec president, Dr. R. C. Bamford, C. G. Ham and D. C. Wing were in attendance. Scenes from the 1940 mass display at the Hastings Park Forum in Vancouver were probably the most outstanding shown. These scenes included the grand march of a thousand athletes, shots of group dancing, advanced gymnastics, mass pyramids and other spectacular events. The gathering was unanimous in its approval. As one of the young instructors said, "If the people in town could see them, they would all want to join our classes."

THEY CALL IT WIT—Instructor Don Wilson was vigorously engaged in sweeping a number of tumbling mats, last evening, when co-worker Bill Collins cracked: "If you worked that hard for Mott Electric we might get somewhere!"

DENIES DOPING RACE HORSE

NEW YORK — The trainer Tom Smith testified last night before a hearing by the New York State Racing Commission and Jockey Club that he was innocent of stimulating the Main Chance Stable's horse, Magnificent Duel, last November at Jamaica. He declared that never in his life had he doped any animal.

Pleading for remission of his one-year suspension from racing, the 70-year old horseman told freely of having sprayed Magnificent Duel and other horses of the Main Chance Stable with a 2.6 per cent solution of ephedrine. But he protested that he did not believe it was a stimulant.

Earlier, Doctor Harry Gold of Cornell University testified for the defence, declaring thousands of experiments at Cornell had shown that ephedrine was not a stimulant unless enormous quantities were used. Doctor Gold was emphatic that the quantity supposed to have been administered to Magnificent Duel could have had no effect at all.

LONDON (CP) — British sport, set back on its heels during six years of war, is coming back strong for 1946 with recovery well under way. But the fight back to 1938 standards will be a long one. Like most phases of British activity, sport suffers from shortages of manpower and materials, with future prospects uncertain. Scores of pre-war stars were killed or wounded and hundreds more are still in uniform. Many will never be back in competition. Equipment is hard to get, sports clothing takes precious clothing coupons, the grounds requisitioned for military use have not been returned and buildings damaged by enemy action have yet to be repaired.

Despite all these problems, however, big plans are afoot for great new sports centres in London, Manchester, Liverpool, Cardiff and Birmingham. There are schemes to revive ice hockey which languished through the war and to build up international sport by using transport aircraft in moving teams from place to place.

Soccer play is far below 1938 standards — Arsenal for one still has 40 players in the forces — but the game is still the prime spectator sport with week-end gates of 500,000. Next April's cup final at Wembley is expected to bring in £40,000 (\$180,000), £15,000 more than a pre-war cup match.

Surprising Russian Soccer Team

Biggest attraction of the year was Moscow Dynamos, the first Russian soccer team to make a British tour. Games on the continent were resumed with the liberation of Western Europe.

From the players' viewpoint, the happiest event was a raise in pay — from £8 (\$36) to £9 a week for regular players and from £4 to £5 for "guest stars" playing a single match. Pre-war bonuses of £2 for a win and £1 for a draw were also reinstated and compensation for injured players was increased.

Horse racing boomed with the end of the European war and some meets not held since 1939 were restored. Wonder horse of the season was Sir Eric Ohlsen's Dante which won the Derby and now, insured for £100,000, is being used at stud. Gordon Richards, champion jockey for 18

seasons in the last 19, rode the 3,000 winner of his long career.

Ice hockey, a growing sport before the war, is not yet on its feet but Canadian service teams have been drawing big crowds at Wembley and Brighton where their leagues are operating. Promoters have big plans for later on, and Canadian players will likely get the nod when the time for contract signing comes around.

Four British and Empire boxing titles were decided. Bruce Woodcock, young Doncaster railwayman, won the combined heavyweight championship from Jack London with a sixth-round knockout. Ernie Roderick beat Vince Hawkins on points for the combined middleweight title and 39-year-old Nel Tarleton held his combined featherweight title with a points win over Al Phillips. World flyweight champion Jackie Paterson beat Jim Brady on points for the Empire flyweight belt.

Canadian Negro A Star

Montreal's Danny Webb, Canadian negro soldier, was a London sensation, fighting his way to a bout with Phillips before a sixth-round knockout in that fight spoiled his chance for a shot at Tarleton's Empire featherweight crown.

Now Jack Solomons, British fight promoter, is negotiating with United States boxing men

Gift Horse Proves Talk of Australia

SYDNEY, Australia (Reuters) — Dhotti, a stallion given to the late Duke of Kent by the Aga Khan, is the sensation of Australia's racehorse breeding world. Dhotti's stock, the oldest of which is three years, have won £17,727 (\$82,049) in 18 races this season. Dhotti's fee, at present 200 guineas (\$735), is expected to increase to 500 guineas. But there will be only two or three colts to go for Dhotti's present owner intends to keep all Dhotti's fillies in order to raise the standard and number of mares at his stud.

for "big name" fights on both sides of the Atlantic.

So far transportation problems have held international sport to a minimum and the outlook is still uncertain. Restoration of fast air travel between the United Kingdom and the continent probably will bring an increase during 1946.

Construction of the planned new sports centres in London and other cities will likely be delayed for many months although a London company has been set up under chairmanship of Lord Semphill to carry out the project.

Typical of them all, the London centre will seat 20,000 persons and cost perhaps £1,000,000 (\$4,500,000). Facilities will be provided for boxing, hockey, tennis, bicycle racing, horse shows and military displays.

N.H.L. PLAYERS WILL SHARE IN PLAYOFF MONEY

TORONTO, (P) — National Hockey League President Red Dutton has announced that the circuit has approved an arrangement whereby players on teams in the play-offs share the total receipts, less expenses. For the initial four games in every play-off series, Dutton explained that this would give the players a better break than ever before.

The N. H. L. boss made the disclosure last night, following a meeting of league governors. "Of course," he said, "if any series goes longer than four games, the league will get its usual cut of five per cent on those added games. That gives us a reserve which in the past we have always put to some charitable use."

Dutton revealed that expansion of the league also came in for some discussion at the all-day meeting. Three new appli-

cations for franchises were received, all from West Coast cities, and these will be dealt with in the regular manner at the league's annual meeting next summer. The applications came from two groups in Los Angeles and the third from San Francisco.

Dutton said the governors of the league definitely want expansion and are ready to increase the league membership as soon as buildings are available for play.

Questioned as to the method of sharing the "New Deal" play-off money, Dutton said the matter would be taken up at the league's February meeting. He added that it was his belief the money would be shared in proportionate order of final standing in the league and in the post-season series.

60 YEARS WED, USK COUPLE ARE TOWN'S GUESTS

A bride and groom of sixty years ago were honored recently on their diamond jubilee at Usk, when Mr. and Mrs. Charles Durham, residents along the Skeena River since 1933, were guests of honor at an anniversary party in the Usk Hotel. The function was alive with evidence of the respect and friendship generated by Mr. and Mrs. Durham in their more than 40 years at Kitselas and Usk.

In preparation for the event, which was attended by a large number of friends, a committee of ladies, Mrs. J. L. Bethurem, Mrs. W. Poberney, Mrs. R. Fredrickson and Mrs. J. D. Gunn, assisted by others, had the plans laid weeks ahead.

Guests assembled at the hotel at 7 o'clock, sat down to a dinner of roast chicken with all the trimmings. The dining room was tastefully decorated for the occasion with wedding bells and

streamers. The table was centered with a three-tiered wedding cake.

A toast to the bride and groom of 60 years ago was proposed by J. Bell, and responded to by Mr. Durham.

Among the many gifts received by Mr. and Mrs. Durham was an illuminated address to commemorate the occasion, presented by Mrs. J. L. Bethurem on behalf of the citizens of Usk. Many congratulatory telegrams, messages of good will and flowers from members of the family and friends in Vancouver and elsewhere were received.

Following the presentation Mr. and Mrs. Durham cut the wedding cake in traditional fashion while Mrs. H. Allard and J. Bell sang "I Love You Truly." A dance was then arranged, with music supplied by J. O'Brien and M. Skinner. Hotel proprietor A. McGillivray was warmly thanked for his generosity in holding open house and for assisting in the catering.

Out-of-town guests included Mr. and Mrs. H. Varner and children, and Mr. and Mrs. A. E. Blackhall and son of Prince Rupert, and Mrs. S. Dobbie of Copper City.

Peace in 55 years?

Here's a fight that's far from over—against tuberculosis, the dread plague that still kills more Canadians between 15 and 45 than any other disease.

Your annual purchase of Christmas Seals since 1900 has helped cut the TB death rate 75%! And TB can be wiped out—some authorities say by the year 2000.

Yet wartime conditions give TB a new lease on life—human life.

So please, help us bring up the reserves. This year, buy extra Christmas Seals. Remember, there can be no peace treaty with tuberculosis.
