## Provincial Election Called for October 25th

### REGULATION OF HIGHWAY TRAFFIC AS WELL AS RAILWAYS ADVOCATED

#### Cheap Transportation Important Factor in Commercial Competition, Transport Economist Declares

STRATFORD, Ont., Aug. 31—"Normal economic life in Canada depends largely on cheap transportation in order that our goods may be able to compete in the world markets," F. A. Gaffney, Transport economist, Department of Research and Development, Canadian National Railways, stated in an address on behalf of the Railway Association of Canada, before the Rotary Club here yesterday. "The sale of these goods after a long haul across the continent is possible to a large degree by the fact that we have in this country the cheapest rail transport in the world with the exception of Japan where there is practically slave labor," the speaker added. "The cost of rail transportation in Canada is a trifle less than one cent for moving one ton of freight one mile and, with the exception of Japan, this low cost, is only approached by one other country, the United States." Mr. Gaffney said. "To arrive at this rate there is in effect a sliding scale based on the principle of what each traffic can afford to pay rather than the actual cost of moving the commodity. "There is federal control of railways in this country but no federal control of highway transport, each of the nine provinces regulating highway traffic in the way they see fit, having regard only for their own interests," the speaker stated, and pointed out that the railways are constantly being called upon to grant competitive rates at very low levels to enable an industry suffering from some handicap, possibly the distance it must move its raw materials, or its finished products, or both, to compete with better located industry. Yet, highway transports, their greatest competitors, are not called upon to grant equal rates. "Therefore," the speaker concluded, "it would seem reasonable that proper co-ordination of these two mediums to the end that each performs the service for which it is best fitted would be in the national interest. Unless this is achieved the public must continue to pay the extraordinary costs of transportation inherent in the economic struggle between these two agencies. This co-ordination can only be accomplished by the creation of a federal control body with jurisdiction over rail and highway services."

### NEW RECORD SET FOR VANCOUVER TO WINNIPEG HOP

WINNIPEG, August 31—A Lancaster bomber of the Pathfinder Squadron, "L For Love," set a record from Vancouver to Winnipeg. The four-engine machine flew the 1500-mile distance in four hours and forty-seven minutes. The previous record was set in May 1938 by a Lockheed Fourteen of the Trans-Canada Airlines. The Civil Lockheed flew the run in five hours and fifteen minutes. The plane leaves Winnipeg today for Ottawa with Flight Lieut. Bud Larson D.F.C. of Regina at the controls.

### TORONTO STREET CAR TIE-UP IS LOOMING AGAIN

TORONTO, August 31—There is a possibility of another street car system tie-up in Toronto. The Regional Labor Board in Ontario has turned down the findings of an arbitration committee to determine the wage rates of electrical workers of the Toronto Transportation Commission. The workers and the T.T.C. have agreed to appeal to Ottawa.

### HARVESTING ADVANCED

Hot Weather Speeds up Crop Gearing on Prairies  
WINNIPEG, August 31—Hot weather has appreciably advanced harvesting operations in the prairie provinces during the past week. Previous reports of crop conditions in all areas are now confirmed as combines, swathers and binders operate overtime throughout the west, according to the weekly crop report of the Canadian National Railways. Harvesting is in full swing in southern Manitoba but in the north very little wheat has been cut. Harvesting is well under way in southeastern and southern Saskatchewan and commencing in the north. Practically all districts in Alberta report harvesting in progress. In the Okanagan weather durably cooler with one light shower the past week has been reported. About 50 per cent of the peaches have moved to markets and pears are now moving freely. High winds have been responsible for some fruits being shed. The Misses Delphine and Charlotte Balagno returned this morning after a holiday trip to Seattle and Vancouver.

### Rehabilitation Situation Is In Hand

Regional Committee Has Been Active Surveying Job, Business and Industrial Possibilities  
Post-war rehabilitation measures in Prince Rupert are well in hand, J. J. Little, chairman of the citizens' rehabilitation committee, informed the city council's committee on this subject at a conference last night. This was due to survey activities which had been carried along quietly and effectively during recent months by the regional committee of the provincial post-war rehabilitation and reconstruction organization of which Government Agent Norman A. Watt is chairman. The citizens' rehabilitation committee had been acting in an advisory capacity.

The regional committee had been functioning in three ways: first, occupational service for individuals; second, for small new businesses, and, third, industrial opportunities. Mr. Little referred to the still live possibility of a pulp mill being established at Prince Rupert. This would undoubtedly result in many supporting industries coming here. "Has any survey been made in regard to finding jobs for the returned men coming home from war?" asked Mayor Daggett. Mr. Little felt that this would not be a serious problem since most of the men coming home had their old jobs to return to. "But," observed Ald. Rudderham "we are not going to be much better off on the whole if the returned men merely put other men out of jobs." Without taking any definite action, the conference last night was adjourned until such time as Mr. Little can get his citizens' committee together, he being its only member who was present last night.

The city council rehabilitation committee consisting of Mayor H. M. Dagnett, Ald. W. H. Brett, Ald. Robert McKay, Ald. George Hills, Ald. G. W. Rudderham and Ald. N. E. Arnold was out in full strength.

### Two Parties Are Uniting

Liberals and Conservatives Get Together to Fight Provincial Election  
Prince Rupert Liberal and Conservative executives, in joint session last night, agreed to cooperate in the forthcoming provincial election. A committee consisting of Dr. R. G. Large, A. D. Ritchie, E. T. Applewhite and G. L. Rorie was named to go further into plans and will report at a further meeting of the joint executives a week hence. Dr. R. G. Large presided at last night's meeting and Maurice Brydges acted as secretary.

### Halibut Season Closes Sept. 24

Announcement was made here yesterday by G. W. Nickerson of the International Fisheries Commission that the halibut fishing season in Areas No. 3 and 4 will close at midnight September 24. This will bring the halibut season for the entire coast to a close, fishing in Areas No. 1 and 2 having been declared ended some two months ago. "People in war-torn countries need food, clothing, medical and other supplies to relieve suffering and distress. The United Nations, including Canada, are making gifts of essential supplies to these peoples. Canada is also lending money to countries in war areas to help them buy supplies in Canada urgently needed to overcome the losses and devastation of war. The money Canada will spend and lend in these ways is an investment in the future peace and prosperity of the world. "Then, there are outlays of various kinds to clean up the war program, and to start us on our way towards normal peacetime living."

H. F. Glassey returned to Prince Rupert this morning on the Prince George from Vancouver.

### Labor Day Message

#### Useful Work And Security Simple Need

This Is Challenge Says Head of Canadian Trades and Labor Congress

"The twelve months that have elapsed since last Labor Day have brought great changes," says a Labor Day message by Percy R. Bengough, president of the Trades and Labor Congress of Canada. "More history has been made in the past 365 days than generally took place in that many years. Nazism and Fascism have ceased to be a threatening menace and Hitler and his cohorts are already unpleasant memories and we have celebrated the defeat of Japan. The stupendous efforts that were made by the people of the Allied Nations to defeat the Axis Powers were a revelation of what can be done by human beings applying their scientific knowledge and skill to a common cause. Undoubtedly we have a lot to be thankful for. Those of us who are alive and uninjured owe a tremendous debt to those who have died, fought and worked on our side in this fight. If we had not the ability to build a bigger and better war machine, with another fellow to use it, the story would be a different one. We came close to losing but we won. The strange part of it all is that people who produced all the millions of tons of supplies and foodstuffs necessary to win the war were, according to the Governments and financial wizards, absolutely broke about twenty minutes before this war started. Canada which produced so much had hundreds of thousands unemployed and hungry. We even destroyed food because people needing it could not buy it. The fact is we had everything we needed to make life worth living but the only way to get food for the kids was to buy it and we had no money. "During the last few years Canada has sent millions of dollars worth of food overseas. We gave a lot of it away and rightly so. Our Allies needed it. If the war has taught us anything it has proved that we could have done some giving to our own unemployed citizens during the depression and saved a lot of misery. The Goerings, Laval and Quislings are being brought to trial for the human suffering and misery brought about by their actions. The architects of past depressions, while not so spectacular in their operations, also caused untold misery and have got away scot-free. They also have a lot to be thankful for and let's hope have also learned enough not to try it again. "The mass of the people of Canada are not revolutionists. They love the great country that they are privileged to be citizens of. They value their democratic freedom. All they want is an opportunity to do useful work and have social security. Canada is a rich country. Properly managed, Canada can provide full employment for all its present population and many others and no artificial bottlenecks of finance must be allowed to prevent the present and future development of this great country. "Our first consideration is to the returning personnel of the Armed Services. They need worthwhile jobs; not another fellow's job, as demonstrated by some shortsighted individuals now clamoring for the elimination of seniority rights with a view to displacing the man who made the gun for the man who used it. The returned men and women don't want to get a job by bumping another off a job. They want and are entitled to a job of their own. The solution is jobs for all and nothing

### Canada's Ninth Victory Loan

OTTAWA, Aug. 31—Canada's Ninth Victory Loan will open on October 22 and will be the biggest ever floated in this country, Hon. J. L. Ilsley, minister of finance, announced today. The loan will cover Canada's borrowing needs for the next twelve months, the minister of finance explained, making it unnecessary to have another campaign next spring. Mr. Ilsley did not disclose the objective of the drive. However, the fact that he described the loan as the biggest yet held in the Dominion means that the objective necessarily will be higher than the minimum goal of \$1,350,000,000 set in the Eighth Loan—Canada's biggest to date. In the Eighth Loan, the drive netted a total of \$1,569,000,000—\$119,000,000 over its minimum objective. "One large Loan now instead of two smaller Loans, one now and another in the spring of 1946, means a real saving of time, effort and expense," he said. "It is possible to aim for a full year's needs in one Loan because Canada's borrowing requirements over the next twelve months will not be as large as they have been in recent years. "Victory has been won in Europe and in the Pacific. The end of hostilities means the end of many war costs. But, we now face new tasks. And, these new tasks bring new needs. So, total outlays and borrowing requirements will continue at high levels. "For instance, men in hundreds of thousands must be brought back to their homeland from overseas. This will take time because of shipping shortages and continuing operations in occupied areas. Meanwhile, they must be paid, fed, housed and cared for in a hundred-and-one different ways. This all costs money—large amounts of it. "The minimum objectives for the new Loan are the largest in Victory Loan history. They reflect the two Loans in one feature of the Ninth Victory Loan, the continued need for saving, and the new level of borrowing requirements. "As individuals, Canadians know the value of Victory Bonds—the value of a reserve of savings to meet future needs and wants. With twelve months to pay for Ninth Loan Bonds, many Canadians will buy double the amount of their purchases in earlier Loans, and most others will buy more than before. "The Ninth Victory Loan will be Canada's Greatest Victory Loan."

### Polling Date Announced Today by Premier Hart

Voters' List Closes September 17—Nominations October 4  
VICTORIA, August 31—Premier John Hart announced today that the Legislature was being dissolved and that writs had been issued for a general provincial election on October 25. The voters' lists will close September 17 and nomination day will be October 4.

### THREE-MAN DELEGATION

Daggett, Watts and Nicoll to Be Sent to Capital to Present Prince Rupert's Post-war Case  
The delegation which will go to Ottawa to interview the federal government on the matter of continuation of shipbuilding a local dry dock, use of the port for trans-Pacific shipping, rehabilitation of municipal public works and utilities and development of industry and employment generally will consist of Mayor H. M. Daggett, representing the city; Ex-Mayor W. M. Watts, the Prince Rupert Chamber of Commerce; and James Nicoll, the local unions, it was decided last night at a meeting of a committee which was delegated at a general meeting earlier in the week to proceed with plans for the mission. A revised brief is being drawn up and a meeting of the finance committee is being held this afternoon to devise ways and means of taking care of expenses of the delegation. September 13 has been set tentatively as the date of departure of the delegation.

### PLANNING FOR POST-WAR WORK

YMCA supervisors stationed in the Prince Rupert Area leave tonight on the Cardena for a five-day conference at Bowen Island near Vancouver. The conference this year takes the form of a training school organized to deal particularly with problems confronting War Service supervisors as they deal with servicemen in the post-war period. Topics under discussion will be program service from now till final demobilization and there will also be a study of new handicraft methods as it is felt handicrafts and hobbies will be a very active field now when servicemen have more leisure time on their hands. One of the main committees being set up at the school will be on community program as it is realized that there will be more and more need to dovetail service personnel's activities in with community recreation and program. YMCA supervisors making the trip are: Don Forward, Area Secretary for the Northern B.C. District, Frank Ryan, Area Movies Supervisor, Bill Turner, Prince George, Helen Miles, Smithers and Terrace. Bernard Knipe, Queen Charlotte Islands detachments, Burrell Stevens and Margaret Homer-Dixon, Alford Bay, H. P. Collins, Seal Cove, Frank Watson, HMCS Chatham. John Montgomery, Physical Director, local YMCA. Bob Morrison, Prince Rupert Defence Headquarters. Bill Hood, Coast Regiment. Helen Brandt, Downtown Army Units. During the nine days the members of the YMCA staff are away all functions except the weekly dance will carry on as usual at the downtown Red Triangle Club with Margaret Fleming, assistant program supervisor, in charge, assisted by Mrs. Helen Ferguson, YMCA hostess, Miss Mildred Hill, secretary, and Mrs. D. Ashcroft, receptionist.

### Occupation Of Japan Is Extending

TOKYO, Aug. 31—The Allied occupation forces in Japan are cautiously extending the web of their control. So far there have been no reports from Tokyo of any outburst from the enemy who are peaceful—almost suspiciously peaceful. The British and American occupying soldiers, marines and sailors are taking over the entire Yokohama and Tokyo area. General Douglas MacArthur has set up headquarters in the new Grand Hotel in Yokohama. New plane-loads of troops and supplies are arriving by the hundreds. short of that will be of use either to those who have fought or those who have worked. "In Canada our war government has been returned to power. It is quite safe to say they have great responsibilities. They have promises to keep. The people of Canada want democracy that will operate in the interests of the mass of the people. They want full employment and social security. If the Government fails in these things now it is safe to prophesy that this will be their last opportunity. "In Great Britain people have changed their Government. The results of the recent general elections there are very significant and demonstrate the desire of the people for a better deal. "If big business in Canada prevents the present government from giving good government in the best interests of the most citizens, the answer is apparent: The writing is on the wall. The workers of Canada on this Labor Day now pledge their support to the establishment of a worthwhile peace—one that will guarantee Jobs and Security for all in Canada."

### Another Victory Loan Coming

The war has been won but the victory is still a long way from being implemented and there are many costs of readjustment and rehabilitation yet to be faced. Therefore, we must float another great Victory Loan, the date of opening of which the Minister of Finance announces for October 22.

Canadians are, of course, too sensible to retain the thought that, even if they had ever entertained it, because the fighting of the enemy in a physical sense is over, there are no more costs to be met. Of course the cost will not be so great now. A statement of the minister of finance outlines some of the costs in support of his preliminary appeal to the people of Canada to rise to the occasion in this new loan as they did so splendidly when there was the stimulus and spur of war to urge them. We urge our readers to con-

sider these reasons very carefully. And, apart from all other reasons, one which may be stressed as of utmost importance is that Victory Bonds are still the best investment and the most profitable way of conserving our financial resources at a time when it may be more important than it ever was before that we should do so.

In our own self-interest buying of Victory Bonds may well be, indeed, better business for us individually than ever before.

### Clear Target, Fire Straight . . .

The President of the Trades and Labor Congress of Canada, through the Daily News, has delivered a Labor Day message to the people of Canada. It is rather wordy but the pith and burthen of it are simple and clear enough. He says that the people of Canada (and of the world; for that matter) need in the establishment of a worthwhile peace just two things — work and security — which two things imply the meeting of all needs requisite to human welfare and happiness. The aim is simple and clear enough. Maybe if the fire was as direct and free of diversionary interests which, in the final analysis may be of little ultimate importance to any of us, the happy object might be achieved.

### BE PATIENT WITH VETS

Few of Them Free of Emotional Strain, Army Nurse Tells Rotary Club

"Few, if any, of those who have been overseas and under fire in war come home without being emotionally unsettled in more or less degree and I would urge you to be patient with the men who come back from service," said Lieut. (Nursing Sister) Beatrice Berner as she concluded a talk on overseas experiences before the Prince Rupert Rotary Club yesterday. Showing that she had been very observant during her travels in the course of service, the popular local girl dealt principally with experiences and impressions of Italy where she spent from March of last year to March of this year with Canadian General Hospital No. 14.

Lieut. Berner, who landed in Naples on arrival in Italy, told of the marvels of penicillin and the sulfa drugs as a result of the use of which the sick and wounded in this war had a much better chance than in the last. She commended the work of the military doctors and the chaplains, including Major Roy Durnford of this city who was among those she had encountered in Italy. The story of moving northward through Italy as the armies advanced proved interesting to the young lady's listeners.

Points of interest visited in Italy included Mount Vesuvius with its vivid glow, roaring noise and peculiar odor, nature's disturbance being accompanied by an air raid over Naples; the ruins of ancient Pompeii where her companion had been Dr. James Stewart, former Prince Rupert boy, now an Army doctor; the Isle of Capri; the beaches of Salerno and Sorrento; historic Rome, including the Appian Way, the catacombs, the Coliseum, Forum, Pantheon and cathedrals; Vatican City and the paintings of Michaelangelo; the village of Assisi, and the ruined yet still beautiful city of Florence.

Italy was described as a land of contrasts with dire poverty and privation on one hand and luxury and extravagance on the other.

But with all its beauties, Italy or any country she had seen could not compare with Prince Rupert. "I was happy in the service but I can tell you I am glad to be home," she concluded.

President James H. Thompson

### DOUG STALKER IS BACK FROM WAR

Pte. Douglas Stalker, formerly of the city fire department, arrived from overseas last Thursday to visit here with his daughter Barbara. He arrived in Quebec on the Duchess of Richmond after serving with the B.C. Dragons in the Eighth Army. He left last night for Vancouver to visit his wife.

### Funeral Today of Charles Svedmark

Funeral services for the late Charles Svedmark, who passed away Tuesday at the age of 81, were held today from the B. C. Undertakers' Chapel. Interment was in Fairview Cemetery. Born in Sweden, the late Mr. Svedmark was a retired carpenter and had been a resident of Prince Rupert for more than 20 years.

### Whifflets From The Waterfront

The Ferder, Axel Setso, skipper, has had its bottom newly painted and Friday returns to the coho fishing grounds in He cate Straits. R. G. Collison, skipper of the Frelya, reports that his total catch of humps and pinks for the season amounts to 80,000 fish. On his last trip out, in Wales Channel, Mr. Collison caught 8,400 humps. He is now getting ready to sail to the Queen Charlottes for chums.

C.P.R. steamer Princess Louise, Capt. Thomas Cliff, arrived in port this morning with 240 passengers, all except one for points north of Prince Rupert. The one person to get off here was Mrs. Janetson.

was in the chair and, in addition to a good attendance of club members, there were guests in the persons of Col. J. H. Mellom, Judge J. R. Brown of Penticton and J. H. Askey and J. F. Fisher of Ocean Falls. Birthday celebrations were extended to David Henderson, J. J. Little, Fred Scadden and J. C. Gilker.

### CLEVER NEW TECHNIQUE

"The Three Caballeros" Combines Animated and Real Life Characters

Popular animated characters and lovely girls of real life share the screen in the technicolor extravaganza of fantasy and romance, "Three Caballeros," showing this Friday and Saturday at Capitol Theatre here. The new combination constitutes an innovation in the technique of moving picture presentation. It permits the photographing of the animated figures in combination with the live action by the personalities.

The story, paced by 16 rollicking songs, has to do with Donald Duck and two cronies—Joe Carioca, a Brazilian parrot, and Pan-chito, a Mexican rooster who dash hither and thither from the South Pole to a tropical beach at Acapulco.

The Disney imagination is at its height in a dazzling saga of merriment and excitement.

The principal figures are Carmen Molina, a famous Mexican dancer, Aurora Miranda, outstanding Brazilian songstress, and Dora Luz, top Mexican singer.

### Childish Dishes THAT Grown-Ups Love!

Do you think that to give the children milk-rich dishes, you must cook specially for them? Not if you use Carnation Milk. The endless variety of nourishing dishes that are easy to make with Carnation are tempting to the whole family. (The free Carnation Cook Book contains many desirable recipes.) Carnation adds creamy-smoothness and richer flavor to all cooking.

Carnation is good whole milk, reduced to half the volume by evaporating part of the natural water; homogenized and sterilized. For milk recipes, use half Carnation, half water. For cream recipes, use Carnation undiluted, as it pours from the can. Write for your free Cook Book. Carnation Co. Limited, Vancouver, B.C.

### JEAN RITCHIE IS BRIDE OF BILL HANSON

A marriage of much interest in Prince Rupert took place today in Vancouver when Miss Jean Ritchie, daughter of Capt. and Mrs. David Ritchie, became the bride of William Hanson, son of Olof Hanson, former M. P. for Skeena and Mrs. Hanson.

Until very recently Miss Ritchie was a resident of London, England, where she lived for 11 years.

The groom was born in Prince Rupert and the bride was born in Vancouver. Both lived here for years as children.

### NAVY NURSE IS BRIDE

A quiet but extremely interesting wedding locally took place at Victoria on August 10, according to an announcement which has just been made. The groom was a very well known and popular Prince Rupert young man—Lieut. Walter Smith, son of the late J. Arthur Smith and Mrs. Smith, who has just returned to civil life here after spending six years in the Royal Canadian Navy. The bride was Lieut. (Nursing Sister) Shirley Smyth of Victoria.

The wedding rites were performed by Rt. Rev. Bishop Cody in the Roman Catholic Cathedral at Victoria. The bride, daughter of Mr. and Mrs. Smyth of Victoria, was charming in her naval nursing uniform. Attendants of the couple were Mr. and Mrs. Minnis.

The couple will make their home in Prince Rupert, the bride being due to arrive here within the next few days.

### Hi School Girls Are Champions

Scored Sensational Comeback In Final Last Evening

Despite the fact that they had lost the second of the best-of-three game series by 14 runs, Booth Memorial High School team made the most remarkable comeback seen here in years as they trounced the Allies 9 to 3 last night on Acropolis Hill to win the final series and the women's softball championship of Prince Rupert.

After their 15 to 1 setback at Algoma Park earlier in the week the Bo-Me-Hi girls were at a great disadvantage but, nevertheless, came through with flying colors to dethrone Allies, 1944 champs, and capture the women's city softball title for the first time in the annals of the school.

The Allies took a 2-0 lead in the first two innings only to see their margin disappear as the Booth squad counted four runs in the third on singles by Arletta Hamilton, "Rusty" Thain and Jane Hamilton and a triple, long-est hit of the game, by Marie Coldwell.

Lil Hitchins, Bo-Me-Hi centre-fielder, who cracked out a double was responsible for the only other extra-base blow of the game.

Betty Hamilton pitched the whole game for the winners to chalk up her twelfth victory of the season against two defeats. Last season her record was only two wins and five losses, thus indicating a very noticeable improvement.

Defensively, "Rusty" Thain and Diane Kennedy of Bo-Me-Hi, were outstanding with exceptional fielding efforts.

### SPUD CHANDLER IS DISCHARGED

Star Right Hand Hurler of Yankees to be Playing Again This Season

NEW YORK, August 31 (C) — The former right-hander, Spud Chandler, is to be discharged from the Army on September 13. Announcement of Chandler's discharge comes from Yankee Stadium. The veteran hurler is expected to join the Yankee for the last two weeks of the season.

### LOOKING OVER BALL LEAGUES

The New York Yankees bowled over the Boston Red Sox 7-1 yesterday with the Sox ace Dave Ferris suffering his seventh defeat of the season as against 20 wins. Ferris has suffered four of his losses at the hands of the Yankees. Floyd Bevens let the Sox down with a single hit. In the only other American League game the Chicago White Sox and Cleveland Indians played nine innings to a 4-4 standstill. The game was called to permit the Cleveland club to catch a train.

In the one National League contest, the Pittsburgh Pirates gave the St. Louis Cardinals a hand by tripping the Chicago Cubs 6-4. The loss clipped the Cubs' lead down to four games over the second-place Cards.

In the International League, Jersey City and Syracuse split a twin-bill with the Giants capturing the opener 9-4 while the Redmen came back 6-0 in the nightcap. The Rochester Red Wings salvaged the final game of their three-game series with Toronto by defeating the Maple Leafs 3-2. The Newark Bears took the measure of the Baltimore Orioles twice, 1-0 and 7-6 while the Buffalo Bisons toppled Montreal's Royals 8-6.

### Coach Silverman Held Responsible

Coach "Moe" Silverman spent considerable time this year training the High School club, which won only three games out of 10 last season, but the success of his efforts are now plain to see.

The line-ups follow:  
Bo-Me-Hi—Cowie c., A. Hamilton rf., Thain ss., B. Hamilton p., J. Hamilton lb., Caldwell 3b., Kennedy lf., Thornton 2b., Hitchins cf.  
Allies—Sulyma 2b., McLeod cf., Wassie ss., Sadaway lb., Morgan p., Lowe 3b., Flynn rf., Butterworth c., Nickerson lf.

The score by innings follows:

### SOFTBALL DEADLOCK

Junior Softball League Sudden Death Play-off Unsettled

Although they were behind by a score of 6 to 2 at the end of four innings, Wartime Housing counted seven runs in the next three frames to the Knights of Columbus' three to deadlock the score at nine-all and the Junior Softball League sudden-death game for the championship last night at Gyro Park was subsequently called on account of darkness. The two clubs will re-play their crucial game at Gyro Park Saturday night.

With the Wartime Housing club trailing, 9 to 8, going into the seventh and last inning, Flaten the Housing pitcher, was walked and brought home with a hit by Gomez to tie up the game. The most spectacular fielding play of the fixture occurred in the sixth when rightfielder Jones of the Housing team caught a fly on the fly then turned a complete flip but managed to hang onto the ball.

Olsen, slugging first-baseman of the Caseys, secured the only extra-base hit of the game, a double in the fifth inning.

McDougall pitched the full contest for the K. of C. nine while Intermela started for Wartime Housing and gave way to Flaten in the fifth.

The line-ups follow:  
K. of C.'s — Bourgeat 2b., Moore lf., Olsen 1b., Lesieur cf., McDonald 3b., DeJong ss., Sharon c., McDougall p., Myers rf.

Wartime Housing—Intermela p.—2b., Gomez 2b., McDonald ss., Nordgaard c., Forbes 1b., Overgaard 3b., Jones lf., Anderson 2b., Owens cf., Flaten rf.—p.

The score by innings follows:  
W. Housing 0 2 0 0 3 3 1 0—9  
K. of C.'s 4 2 0 0 1 2 0 0—9

Batteries:  
Wartime Housing—Intermela, Flaten and Nordgaard.  
K. of C.'s — McDougall and Sharon.

### SHORT SPORT

The long-awaited game between the Prince Rupert All-Stars and the Acropolis Browns is scheduled to be played this Sunday afternoon on Acropolis Hill. The pitching selection for the Browns is not known at this time but Bill Lambie will probably be on the mound for Prince Rupert. On Labor Day the United States Army Corporals and Sergeants, who played to a deadlock in 17 innings recently, will renew their rivalry with a game on Acropolis Hill.

Numerous incidents of wilful destruction have occurred this season at Gyro and McClymont Parks, thus loading more worries onto the men who have been trying to operate organized softball leagues in the city. Operation of a circuit is difficult enough under the best of conditions but when vandalism appears the situation for league officials is well nigh intolerable. It is to be hoped that this form of rowdism will cease.
