Churchill and Truman Are Awaiting Stalin

Big Three Conference May Get Under Way on Tuesday

Military As Well As Political Problems Expected to Loom Large On Agenda of United Nations Leaders at Potsdam

BERLIN, July 16 (CP)—The historic Big Three conference of Prime Minister Churchill, President Truman and Marshal Stalin should be under way tomorrow. The conference is to be held in Potsdam, outside Berlin, and the meetings are taking place in the palace formerly belonging to Kaiser Wilhelm II.

The fact that the three leaders—President Harry S. Truman of the United States, Prime Minister Winston Churchill of Great Britain and Marshal Joseph Stalin of Russia—are being accompanied by leading military as well as political advisers indicates that military as well as post-war political and security questions are to loom large on the agenda. The war in the Far East and Russia's possible participation therein may be discussed as well, of course, of the problems of occupation and liberation of the European countries.

ALLIED ACES RECOGNIZED

Group Captain Johnson First and George Buerling Third

LONDON, July 16 — Group Captain Johnny Johnson has been officially recognized as No. 1 Allied ace for the war. Johnson, who commanded a Canadian Spitfire squadron, shot down 38 enemy planes, six more than any other.

Flight Lieutenant George Buerling of Quebec was the leading Canadian airman and was in third place for the combined Allied air forces with 31 planes.

Churchill and Truman, with their military and state advisors, today awaited momentarily the expected arrival of Stalin to start the conference. Full scale opening of the conference seems to have been delayed until perhaps tomorrow. It was believed that Stalin was held up by transport difficulties.

Churchill met Truman for the first time since President Roosevelt's death in what was described as simply a courtesy call. Tight secrecy prevails as 200 newspapermen assigned to the conference get as close as the adjacent suburb of Sheldorf.

The conference may last three weeks and the only authoritative news will come from the conferees themselves.

It has been disclosed that the leaders of the Big Three will take up an important matter concerning Czechoslovakia. President Edward Beneš has revealed that his country will begin removing its unreliable German and Hungarian residents within a few weeks. This action is to depend, however, on approval of the Big Three. More than two-and-a-half million persons would be involved.

THOUSANDS OF VETERANS

Ile de France and Letitia Arrived in Halifax at Week-end

HALIFAX, July 16—More than 4,000 Canadian Army men and an equal number of Royal Canadian Air Force veterans arrived in Halifax on the Ile de France at the week-end enroute to their homes in all parts of Canada after service overseas. Late today the hospital ship Letitia arrived with wounded veterans.

TAKING OUT PIT PROPS

Indians in Lakes District Find Profitable Occupation

BURNS LAKE, July 16—Three hundred Indians and their families are engaged in taking out pit props in the large area of lodge-pole pine lying between Burns and Babine Lakes. Squaws and paposes are keeping vigilant eyes on the fire situation in order to avoid the risk of destroying the timber and the rapidly-growing piles of pit props.

BYRON NELSON IS AGAIN CHAMPION

Takes National Professional Title for Eighth Time

DAYTON, O., July 16—Byron Nelson of Toledo, Ohio, made a record yesterday when the won the national professional golf championship for the eighth time. It was Nelson's championship this year.

War News Highlights

Second Naval Pounding

For the second straight day United States Navy task force on Sunday rocked the Japanese homeland with destructive shellfire. Admiral Halsey moved his fleet 250 miles north of Kamaishi, Saturday's target, and pounded the important coal shipping port of Muroran on Hokaido Island with hundreds of 1 1/4-ton shells. Shore batteries failed to return the fire. At the same time 1000 carrier-based planes delivered another withering attack, the objective not being immediately announced. British aircraft carriers are now reported to be sailing with Admiral Halsey's fleet.

New Jap Weapons

The Tokyo radio said Sunday that Japan had new secret weapons in the making which would be brought against the "enemy" when they had been perfected. The Japanese people were told that Allied naval vessels were attacking the homeland in the endeavour to bring out the Japanese air force which would not be lured to battle. The people were assured that there was safety in air raid shelters from the naval bombardment provided they were not hit directly.

Italy Declares War

Italy has officially declared war against its former ally—Japan. Italy is hoping to get a seat in the United Nations councils.

BIKE RACES TO FEATURE 1945 CARNIVAL

Bicycle races for boys and girls up to 17 years of age are likely to be an attraction of the Civic Centre carnival this year. A meeting of the Civic Centre carnival committee, held at the week-end, decided to lay plans for such events following a suggestion by Neil McDonald, Odd-fellows representative, that bicycle races replace the five-mile foot races which have been featured in the past.

It is likely that the bike races will be held for youths from 13 to 17, and under 13.

Chairman T. N. Youngs outlined plans for re-arranging the concession booths and pavilion on the Eighth Street grounds with the idea of placing them in such a way as to make more space available.

"We hope to be able to rely on organizations and individuals to volunteer their services during carnival week and assist us to put this community project across once more," Mr. Youngs said.

Possibility of tying in a baseball tournament with the carnival will also be probed.

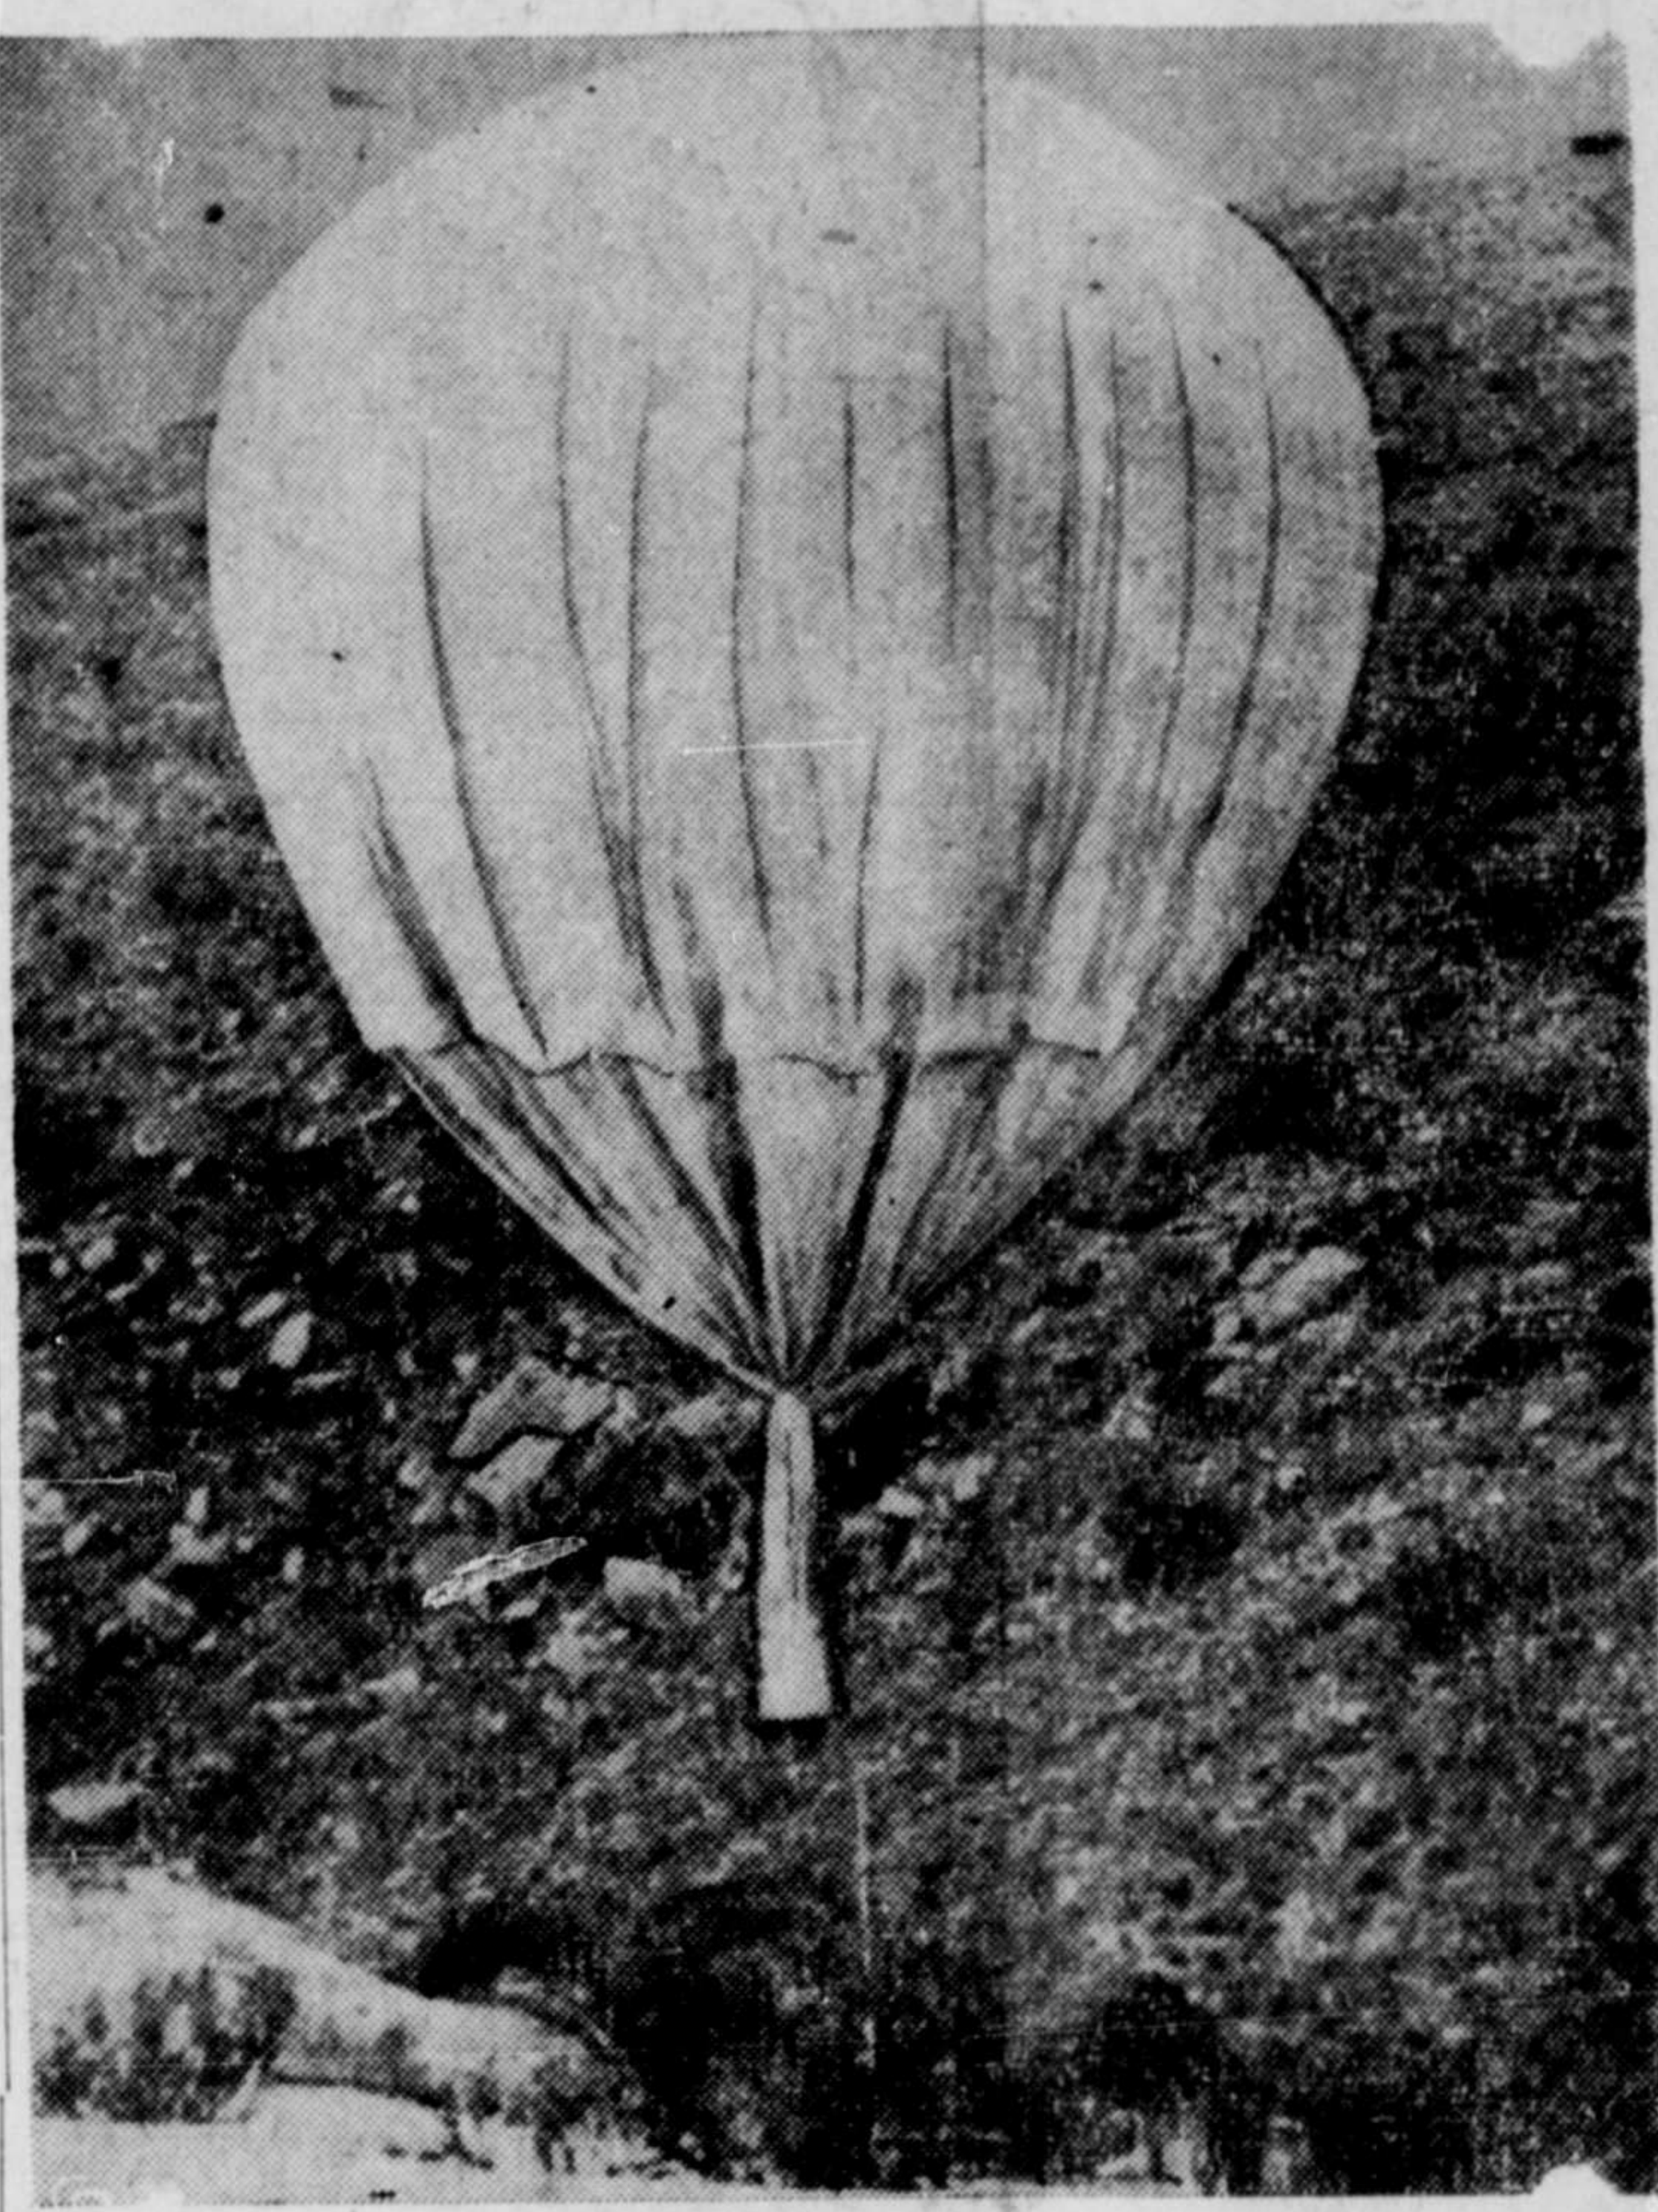

Committee heads appointed by the meeting were: Concessions and games, W. F. Stone; stores, A. J. Dominato; personnel, N. M. Carter; W. Long; construction, Duncan Wing, Alex Mitchell; flower show, C. G. Ham; finance, Alex Armstrong; queen coronation, Mrs. S. Saville; program, E. Gilmour, Arne Wick; warehouse, A. W. Allaire; ice cream and pop, L.O.D.E. chapters, Mrs. D. C. Stuart; hot dogs, Canadian Legion W.A., Mrs. F. Barber; sports, W. D. Lambie, Neil McDonald.

POLES MAY GO BRITISH

MEPPEN, Germany, July 16 —General Rudnicki, commander of the First Polish armored division, in an interview today, flatly stated that Poland's army in the field would not return to their homeland under the recently recognized Warsaw government until what he labelled "free, honest elections" were held there. He added that "if we are not satisfied that the elections are held satisfactorily I think we will stay here and ask for British nationality."

LIGHTS OF LONDON ON

LONDON, July 16 —Something happened in London last night that the British people have been waiting for ever since the war began. The lights of London went on again—in a dazzling blaze that brought celebrating Londoners out into the streets, where they walked arm in arm, singing. For many children it was the first time in their lives that they had seen the bright street lights and theatre signs.

JAP BALLOON OVER THIS CONTINENT—Here is the only picture of a Japanese balloon in the air over North America. It carries a charge of explosive, without a pilot, and in this respect is similar to the Nazi robomb.

Skeena Fishermen Average 335 Fish

Average catch of salmon on the Skeena River last week was 335 fish per boat, with the high boat for the week landing 1125 fish, reports from the river state. Indications this morning were that fishing will be very good today.

Catches on the Naas River are reported to be considerably less than on the Skeena. The 300 boats on the Naas averaged 45 fish per boat on Friday, while on the same day, Skeena River boats averaged 90 fish.

Best week's catch so far this season for one boat has been 1,711 fish. Name of the fisherman was not revealed.

SEEK INTEREST IN AIRPORT

Seeking the reaction of Prince Rupert over the establishment of a small plane airport here, a Sudbury, Ontario organization has written City Clerk H. D. Thain, outlining plans for development of a series of "air-parks" in smaller Canadian cities.

"Our idea is to start each airport on a reasonably modest basis, and extend facilities at a pace consistent with air transportation and personal flying," the letter said. "Our airports are designed to serve a different purpose than the big airfields which are chiefly devoted to long distance heavy commercial flying."

"Just where all our airports will be has not been definitely decided and we would appreciate your city's interest in our plan."

According to the organization's literature, these plans call for a country club at the edge of the airfield, accommodations for air travellers, dance floors, restaurant and tourist cabins.

"These and other facilities would make the airport the centre of activity of the whole district."

The matter will be presented to city council tonight.

MINISTER RELAXING

Hon. George Pearson in City Before Going to Ottawa For Intergovernmental Conference

Relaxing from the week from his arduous duties as provincial secretary and minister of labor, Hon. G. S. Pearson was in Prince Rupert today going north aboard the Princess Norah for the round trip to Alaska before leaving with Premier Hart and other ministers for Ottawa to attend the inter-governmental conference.

The minister made it clear that his trip was entirely in the way of a much-needed vacation and had no official aspect whatever. In an informal interview with the Daily News, however, he indicated keen interest in the change he noticed in the city since he was here last some five years ago. He was particularly interested in knowing how the housing situation was.

Asked about the possibility of an early election, Mr. Pearson had no comment to make. It was to be assumed, however, that there would be an election this fall as early as possible.

Mr. Pearson will be here again on Saturday southbound. The minister said that Premier Hart would be accompanied to Ottawa by Hon. R. L. Maitland, Hon. Herbert Anscomb and himself.

Emergency In Nippon

Premier Suzuki Calls Cabinet Into Pre-invasion Session—Another B-29 Attack

LONDON, July 16 (CP)—Tokyo radio said today that Premier Suzuki has called an emergency meeting of the Japanese cabinet and all regional governors to discuss the war situation and prepare the Japanese people for invasion. Nearly 500 superforts, in a pre-dawn attack today, showed red fire bombs on four Japanese cities, ranging from Oita on the northeast coast to Hiratsuka, southwest of Tokyo. More than 2500 tons of incendiaries were dropped.

Weather Forecast

Monday and Tuesday—Cloudy becoming partly cloudy during afternoon. Moderate northwesterly winds, frequently fresh during the afternoon.

CHIEF LOCK WOULD CO-ORDINATE FIRE FIGHTING CONTROL IN CITY

Co-ordination of control of the four fire departments in the city, designed to facilitate the coverage of large fires, has been recommended to city council's utilities committee by City Fire Chief O. T. Lock after receiving the blessing of the fire departments of United States and Canadian armies and the Canadian Navy.

Chief Lock's recommendations will be presented to city council tonight and, if approved, will pave the way for a system of fire protection similar to that used in large cities.

The system recommended by the city fire chief, and to which American authorities wholeheartedly subscribe, would connect U. S. Army fire control headquarters to the present city fire hall line, so that anyone making a telephone call to "50" would automatically be connected with both the city and the American fire halls. These calls would be passed on to the Canadian Army and Navy.

The city fire department would respond to all city fires, with the three service fire departments acting as reserve lines of defence.

"Up to the present time we have had 'zones of co-operation' in which the city would be assisted by fire departments of different military services in different parts of city, or by all the departments if the fire was great enough to warrant it, but there has never been a central control station," Chief Lock said.

Under the zone agreement, the American fire department would be the first to help city firemen at a fire in the west end of the city while the navy co-operated first in fires in the central part of town and the Canadian army in the eastern part.

CONVENTIONS PROHIBITED BY PRICES BOARD

PRINCE RUPERT, July 16 — The Prices and Trade Board announced yesterday that an order has been issued banning the holding of conventions and similar meetings in Canada for an indefinite period after July 20 because of the continued heavy movement of troops from overseas.

The order also prohibits any "congested area" from being more than 10 percent of bedroom accommodation on the night to conventions or other meetings or organized groups.

FIGHTER TO MAKE TRIALS

Gaspeian Park, Last of Local Thousand Tonners, About to be Commissioned

Runs of the Gaspeian Park, last of the ten-thousand tonners to be built at the dry dock, will take place Saturday of this week and will leave a day or so for the lower mainland where she will load her first cargo. Capt. Llewellyn has already taken command of the vessel. Capt. W. W. Mounce and Capt. Joseph Flood are here from Vancouver to act as pilots, having arrived last night.

PHILIPPINES CASUALTIES

MANILA, July 16—Casualties in the Philippines campaign have been made known. The Japanese suffered 400,000 casualties, including 10,000 taken prisoner. American casualties were 54,000.

HOME FROM MY CAMP

Enthusiasm Voiced By First Personnel of Local Regiment Returning from Nanaimo

"The best camp yet," was the verdict of officers and other ranks of the Rupert Regiment who returned home from Nanaimo last night. The regiment spent two weeks in summer camp. Much valuable training was acquired during the past year's inaction at local headquarters. Proficiency of the local recruits was demonstrated in the camp. There was also an opportunity to have a good and, altogether, it was a memorable experience for everyone.

The weather was very warm throughout the camp period. There were large forest fires not far away from Nanaimo but did not affect the camp area. "It looked just like a bonfire," said one of the personnel in describing a fire which burned nearby.

Major C. J. Toombs, officer commanding, Capt. J. R. Hall, Harold Ponder, Lieut. W. Pearson and some 24 other personnel were in the party returning last night. Others are on their way home and will be returning later.

MON PACK 1000 CASES

First salmon canneries had their first big week of the season July 1-7 when 40,968 cases of salmon were packed. Sockeye accounted for 32,088 cases, according to the weekly bulletin issued by the federal fisheries department.

Canneries in the Naas and Skeena River districts, packed 10 cases, all types, of which 4 were sockeye. Springs accounted for 696 cases, and chums 1 case.

In comparison with earlier years it is about 6,000 cases less than last year, but greater than 1943 or 1942.

The first Europeans coming to the area found the Indians using cod liver oil as a medicine.

Prince George's Example . . .

While Prince Rupert seems to be able to make little progress beyond the preliminary dickering stage, Prince George is now going right ahead with its National Housing Act sponsored building program. No less than \$100,000 has been poured into Prince George since construction started, the Prince George Citizen newspaper informs us, and eighteen residences are under way with several more in course of preliminary approval.

The paper says: "The fine modern homes range from \$4500 to \$7500, and are attracting the younger, settled families of the city, with the result that entire streets are blossoming forth with ardent young gardeners intent on landscaping their grounds."

"Construction of N.H.A. homes has now developed into a large enterprise within Prince George and has occasioned much favorable comment from citizens who have followed construction closely."

"It is anticipated that as materials become more available, even better strides toward the newer type of ultra-modern home will be made."

"All these homes have the latest in modern conveniences, including air conditioning, full forced air heating, the best of plumbing and modern architecture."

"The N.H.A. plan, it is pointed out, makes it possible for the aver-

age man with moderate income to own his own home, thus making him a citizen who is vitally interested in the welfare of the city."

It is something to wonder at that here in Prince Rupert we cannot also be doing like Prince George in this matter of home building. Surely, it cannot be lack of enthusiasm on the part of possible home builders themselves!

On With the Show . . .

We would like at this time to put in a good word—and we think we are quite justified in doing so—for the annual Civic Centre Carnival to be held shortly in Prince Rupert. The war situation is much happier than it was when last year we had our carnival and we can feel more conscientiously like celebrating. Also we can be assured that the day is not too far distant removed when we will be able to proceed with the actual fulfillment of our long civic centre dream.

As we all know, it has been the series of successful annual carnivals that has been directly responsible for the building up of the already substantial fund which will make it possible to go ahead with the project just as soon as the post-war period makes it possible to do so. If the forthcoming carnival is nearly as successful as some of its predecessors we shall be well along towards the \$100,000 mark which will really be something to do business with.

The public will patronize the carnival, there is no doubt about that. Possibly the worst need is for helpers in various preliminary phases and for the manning of the big show when it comes. There are many ways in which people can help along the actual work and, of course, everyone can get in now and boost the show and such features as the carnival queen and beauty contest.

"Are they French—the way they keep embracing?"

BADMINTON TOURNAMENT

International Tournament at "Y" and Acropolis

An international badminton tournament with mixed and men's doubles and men's singles events at the "Y" and Acropolis courts commences tonight. The opening draws are as follows:

Mixed Doubles
First Round: Cornet and Cornet vs. Craft and Brundt; Hanslow and Oak vs. Sapper and Mrs. Beradine.

Second Round (advanced by bye): Ogilvie and Haggood vs. Stewart and Stewart; McGill and Bell vs. Haddon and Mapp; Livingstone and Chemko vs. Pigeon and Maxwell-Smith.

Men's Singles
First Round: M. McGill vs. C.P.O. Stewart; K. Livingstone vs. A. Boyd; Major Smalle vs. Lieut. Farmer; F. Pigeon vs. Bombardier; F. Watson vs. K. Haddon.

Second Round (by bye): Capt. Smith vs. Lieut. Ogilvie.

Men's Doubles
The men's doubles will be played tomorrow night with draw as follows:

First Round: Smalle and Ogilvie vs. Livingstone and Howlett; Farmer and Rubien vs. Craft and Hanslow; Haddon and Stewart vs. Pigeon and McGill.

Second Round: Capt. Smith and Morgan.

Local Merchant Was Besieged By Beauties

(By Barney Mulvaney)

BURNS LAKE, July 16 — Besieged by a bevy of ambitious "Bathing Beauties" Bill Sheardown was compelled to seek the comparative safety of the coast metropolis. His store windows at Burns Lake were decorated with beautiful photos of past winners of the "Miss America" contests at Atlantic City which so excited the interest of the pulchritudinous beauties of the jack-pine centre that the popular merchant was in great demand as a sponsor. He left for Prince Rupert most hurriedly. Two of the favorite entrants from here are native daughters of Prince Rupert.

LIVERPOOL, Eng., (P.—R. P. Biddle, regional port director, has disclosed that the first trials of model sections of the prefabricated Mulberry harbor took place in the bathroom of Prime Minister Churchill aboard a liner taking him to the Quebec conference.

LIVING HIGH IN SEATTLE

Local Business Man Gives Impressions of Puget Sound Port

"You can't get out of a restaurant after any kind of a meal, and a mighty slim one at that, for less than \$1.50," reports Fred Hardy, well known local business man, who returned to the city at the week-end from a visit in Seattle. "You might get a piece of meat about the size of a postage stamp and you do not get butter with any meal."

Wages are very high in Seattle, Mr. Hardy reports. School boys get as much as \$1.50 an hour for holiday work. However, they have real inflation down there and big wages do not mean a thing as living costs are so high. "We can certainly be thankful that we have kept control in Canada," he says.

Everywhere one turns in Seattle, and the same is said for the rest of the States, exception is taken to the fact that meat is practically unobtainable there while it has been plentiful in Canada.

Mr. Hardy reports that his father, George Hardy, who lived here in the early days and was employed at the City Hall and later at the Prince Rupert General Hospital, is still well and keen despite his ninety years. He still takes a great interest in sports and never misses listening to games and fights. Mr. Hardy's brother, Sid, is doing well in Seattle operating a road house while his brother-in-law, Benny McDaniels, who was in the electrical line here in the early days, is also prospering.

LETTERBOX

MR. CASEY REFLECTS

Editor,
Daily News.

In view of the outcome of the civic by-election on July 12, it is the purpose of this letter to point out to the electorate that they would be well advised to view with skepticism the direction indicated in the voting. Remember—eternal vigilance is the price of freedom!

In a previous letter I pointed out that an effort was being made and, I am sorry to say, with some success, to rob the individual citizen of his individuality and make men and women mere cogs in a municipal machine designed to grind grist in the mill of the manipulator who always has an axe to grind.

In the light of Thursday's voting it would appear that 23 per cent of the voters already realize this fact. That number must be increased by another 28 per cent within the next six months in order to redeem municipal power to its rightful owners—the people who believe one man is as good as another and no particular class as a monopoly on honesty, virtue or wisdom.

GEORGE B. CASEY.

Roy Wolf, maintenance and repair supervisor for the Otis-Fensom Elevator Co., is in the city from Vancouver on business.

Leading Seaman William Murdoch is home on 28 days' leave, visiting his wife and family after two years in the Atlantic convoy service aboard the corvette Strathadam.

A. H. Huggins, publicity director of the B. C. Tuberculosis Society, left Saturday night on his return to Vancouver after spending a couple of weeks here in connection with the visit of the travelling mobile unit.

Flying Officer D. W. Burnip, son of Mr. and Mrs. A. W. Burnip, 1426 Second Ave., Westview, was among repatriated members of the Royal Canadian Air Force who arrived at Halifax from overseas at the week-end aboard the Ile de France. He is coming straight home from the East coast, according to word received by his parents, who are keenly awaiting his arrival.

"WE LEAD— OTHERS FOLLOW"

CANCER CANVASS IS SUCCESSFUL

Sum of \$200 Realized as Result of Week-end Canvass— Campaign to Continue

Well over \$200 was realized as a result of the Cancer Fund stamp canvass held Friday and Saturday by local chapters of the Imperial Order Daughters of the Empire. Contributions received at the hut ranged from 2c to \$10 to make a total there of \$75.

Ladies who assisted at the hut and canvassed for donations were Mrs. R. J. Keron, Mrs. D. Orchard McLeod, Mrs. R. S. Scher, Mrs. V. Parsons, Mrs. J. P. Hutchison, Mrs. J. J. Mulroney, Mrs. J. A. Teng, Mrs. S. A. Kielback, Mrs. D. C. Stuart, Miss Audrey Wrathall and Mrs. Earl Becker. Girls who assisted in the canvassing were from Galloway Rapids I.O.E. and were Mary Bird, Dorothy Hutchison, Helen Hibbard, Mary Adcock, Velma Ingham and Barbara Teng.

Specimens of cancerous organs, selected by Dr. R. E. Coleman, pathologist at the Prince Rupert General Hospital, proved interesting and excited desire for more information.

The campaign will continue through July and August and there will be a cancer booth at the forthcoming Civic Centre carnival.

Band Plays, Girls Show

Interesting Hour Last Night At Y.M.C.A. War Services Auditorium

Introduction from the stage of the Young Men's Christian Association War Services auditorium of four charmingly attractive young ladies who are the candidates for Queen of Civic Centre Carnival honors here early next month featured a concert staged last night by the Canadian Army's local band. Each girl, as she was called to the stage, received a warm reception and it was evident, from the volume of applause, that each has many enthusiastic admirers and friends. The girls were Miss Ruth Giske, candidate of the Women of the Moose; Miss Evelyn Bussey, Rotary Club; Miss Lillian Knutsen, Gyro Club, and Miss Beatrice Didrickson, Junior Chamber of Commerce.

The introductions were fittingly carried out by Mayor H. M. Daggett who appealed, for support of the carnival in aid of the city centre project which has as its principal aims the acquisition after the war of the Y.M.C.A. building as a civic centre and the building of a swimming pool. Due to the success of previous carnivals, there was already a substantial fund on hand but more money would be required. He was happy, his worship said, to introduce these attractive young ladies as candidates for carnival queen honors and he looked forward to another pleasure later in crowning as queen the one who obtained the greatest number of votes in the campaign.

The band concert was under the guest conductorship of A. E. Tutte, supervisor of the Salvation Army's Seamen's Club here, who was a Royal Canadian Air Force bandmaster in the early days of the war and has had long experience in such work, this being indicated by the manner in which the band responded to his baton last night in a versatile program ranging from popular marches, highlighting Keler-Bela's overture "Lustspiel" and selections from "Chu Chin Chow" and concluding in appropriate Sunday evening spirit with the hymn, "Dear Lord and Father of Mankind." Warrant Officer R. Mills, regular bandmaster, retired to the ranks of the band with his cornet in the band for the evening. Solo features were "When You Come Home" by Harry Sarkisian with his cornet and "Danny Boy," trombone solo by Frank Cracknell.

The complete program, presented with permission of Col.

Tom Flewin Home After Five Years Overseas Service

After five years overseas, another member of the old pre-war 102nd Battery returned home last week. He is Gunner Tom Flewin, son of William Flewin and member of a well known Northern British Columbia family. He served in Italy and Western Europe and married an English girl who will be arriving later. Tom crossed the Atlantic aboard the same transport on which arrived Bertie Cross who is now in Vancouver where his parents, Mr. and Mrs. H. T. Cross, formerly of this city, reside.

C. K. Rosebrugh, was as follows:

March, "Middy" (Kenneth Alfred).

Overture, "Lustspiel" (Keler-Bela).

Cornet solo, "When You Come Home," Harry Sarkisian.

Selections from "Chu Chin Chow."

Popular, "Valencia" (Boyer-Charles-Padilla).

Trombone solo, "Danny Boy" (Weatherly).

Scotch medley, "The Thistle" (arr. by Middleton).

March, "Semper Fidelis" (Sousa).

Hymn, "Dear Lord and Father of Mankind."

Lloyd Morris was master of ceremonies and Bruce McIntyre was announcer.

Scott, Vancouver.

Children Allowed Unrestrained Play

Cleric Sponsors Youngsters' Hour Free From Adult Interferences

LONDON, July 16 (AP)—A special children's hour, at which parents are advised "not to interfere with childish freedom they have long forgotten or never possessed," is conducted at Acton parish church by Rev. Percival Gough.

Instructions to grown-ups accompanying the children say: "Do not by glance, word or act attempt to restrain the natural restlessness of the children. Since no one can hope, or should try, to maintain the curiosity of children for long, a room will be provided for play when interest lags. If the children want to sleep, let them, and if they want to play they shall do so. If you don't approve of this don't send your child."

Party For "Chuck" Sunberg Is Enjoyed

Occasion of farwell and birthday was happily combined Saturday night at the I.O.E. Hall in honor of Charles Sunberg, son of Mr. and Mrs. S. Sunberg, Sixth Avenue West, when 100 guests, including many boys home on leave from duty with the forces, enjoying singing and dancing. It was "Chuck's" twenty-first birthday. He is leaving tonight for Pacific duty after having been for three years in convoy on the Atlantic.

INCREASING SCHOOL POPULATION AT TERRACE; NEED NEW QUARTERS

TERRACE, July 16—The annual ratepayers' meeting of the Terrace School District was held in the elementary school Saturday night with a good attendance of parents and other residents, the ladies being in the majority.

The meeting opened with a contest for the position of chairman, Wm. Kirkpatrick just beating H. Halliwell when the votes were counted.

The financial statement for the year just closed showed gross receipts (exclusive of supplementary government grants) of \$9145, while net expenditures were \$8083. This new board will have over \$1000 on hand at the start of the year but quite heavy expenditures are expected.

The auditor's report was presented by H. Halliwell.

J. G. Lambley's term as trustee expired this year. Three names were placed in nomination for the vacancy, those of J. G. Lambley, Mr. Stokes and Gordon Kerr. Gordon Kerr was elected. The continuing trustees are C. W. Michiel, chairman, and Mrs. C. M. Hall, secretary. Mr. Michiel welcomed Mr. Kerr to the board and thanked retiring trustee Lambley for his years of service. Mr. Lambley, who was vigorously applauded, spoke of his enjoyment of his service on the board and the cordial relations which had always existed.

The trustees recommended an appropriation of \$8500 this year, an increase of \$1000 over last year, pointing out that it had been necessary last year to borrow an additional \$1000. This appropriation was authorized and will have the effect of raising the mill rate from 16.23 mills to approximately 18 mills.

In explaining the work of the trustees during the past year, Mr. Michiel stated that Terrace is still increasing in population, not decreasing as many expected. As a result more permanent accommodation will be needed by the schools. At present one elementary class is in rented quarters. Four elementary grades are in the permanent school and two high school classes in a converted home. The meeting discussed the possibility of obtaining the use of an army drill hall after the war with Japan is over, it being certain that four new classrooms will shortly be needed. It was decided to carry

SEEKS TERRACE DETACHMENT OF RESERVE REGT.

TERRACE, July 16—Efforts are being made by Capt. C. J. Norrington, formerly of Prince Rupert, to establish a detachment of the Prince Rupert Reserve Machine Gun Regiment at Terrace. Capt. Norrington has written the Terrace and District Board of Trade seeking its co-operation in his proposal.

Capt. Norrington's letter outlines the desirability of setting up such a detachment which would be a branch of the Prince Rupert unit of which he has been an active officer since its formation.

"It is true that there is little danger of hostile attack at the present time, but the reserve army is designed to function in peace time as well as war time," says Capt. Norrington.

Training schedules would emphasize technical education rather than drill, he points out.

Officers of the Pacific Coast Militia Rangers, already established in Terrace, think the idea a splendid one, Capt. Norrington says.

DURHAM, Eng., (P)—Because his brother had been killed in action, William Walker, 41-year old discharged soldier, threw a stone at a busload of German prisoners-of-war returning here from farm work, injuring one of the Germans. Walker was bound over for six months and ordered to pay the equivalent of \$28 costs and damages.

DON BLAKE ON HIS WAY HOME

Gunner Don Blake, who was one of the members of the small initial draft from the old 102nd Battery which left for overseas early in 1940, is expected home before the end of the month. He is the son of H. M. Blake, 216 Seventh Avenue West. Don, who was a messenger with Canadian National Telegraphs before the war, was in Germany when last heard from but is now known to be on his way home.

SEVEN BURNS LAKE GIRLS IN CONTEST

BURNS LAKE, July 16—Entries for the "Miss America" bathing beauty contest to be held at Prince Rupert have been piling in and today the candidates will face the local judges. They are "Miss Central B. C.", "Miss Nadina," "Miss Francois," "Miss Babine," "Miss Burns Lake," "Miss Tweedsmuir" and Miss Decker.

The judges' choice will enter the Prince Rupert Civic Centre carnival competition where, from an array of northern talent and beauty, "Miss Northern British Columbia" will be chosen and will be sent to Atlantic City competition where "Miss America" will be named. The winner will receive a \$5,000 scholarship and be suitably entertained.

LONDON, (P)—Field-Marshal Viscount Wavell, Viceroy of India, is a candidate for the chancellorship of Aberdeen University.
