American Air Forces Were Preparing for It Long Before Actual Soviet Declaration

CHUNGKING. Aug. 10 (P) -Lieut.-Gen. Albert Wedemeyer, commander of American forces in the China theatre, conferred with Russian military representatives yesterday shortly after the announcement of Soviet declaration of war upon Japan. American air forces have been

hammering Japanese routes of withdrawal northward for past months with foreknowledge of Russian entry into the war and have "seriously interfered" with the enemy's movements toward Wedemeyer said.

Pattullo stated that he had re-ceived assurance from the gov- ARE ELATED ceived assurance from the government that funds were available to do the work which will be carried out by day labor by the department. A start is to be made immediately.

It had been intended to carry out this important piece of road being carried out.

The road between Port Cle ments and Tlell, known to old timers as the historic "Mexican Tom Trail," is an important link in the Graham Island Marine Drive which ends on the south tative of the Wartime Prices and at Queen Charlotte City.

Their Appeal to Allies Said to Be Transmitted Through Sweden Has Now Been Received-Would Like to Keep Hirohito

The Japanese Domei News Agency announced today that Japan was ready to accept the terms of the Potsdam Declaration calling for Tokyo's surrender so long as Emperor Hirohito is permitted to retain his prerogatives. At Washington it was confirmed today that a Japanese surrender offer had been made.

Domei said that the Japanese government acted in obedience to Hirohito who it said "desires earnestly to bring about an early termination of hostilities."

Domei said that Japan was informing the Allies of her acceptance through Swiss and Swedish governments.

Stockholm radio said Friday night that Japan has handed the Swedish minister of foreign affairs a note to British and Russian governments offering to surrender.

This means the third member of the Tokyo-Rome-Berlin Axis is surrendering three months and one day after the capitulation of Hitler's Germany.

An official statement from the residence of Prime Minister Clement Atlee said today that the British government is in communication with the United States, Russia and China about a Tokyo broadcast offer to surrender.

Following the Tokyo broadcast, President Truman called in Secretary of State James Byrnes, War Secretary Stimson and Navy Secretary For-

Byrnes, on departure, said that any surrender offer would be a matter for Allied consideration alone. It was noted that the Potsdam declaration to the Japanese did not refer to any condition for unconditional surrender.

Contrary to the Japanese condition that the Emperor's sovereignty would not be compromised, the Potsdam declaration said "we will not deviate from our terms. There are no alternatives. We shall brook no delay."

AFTER THE 'QUAKE-IT LOOKS WORSE TODAY-This photograph of the city of Kamaishi, on the island of Honshu, 275 miles northeast of Tokyo, Japan, was made after the disastrous earthquake of 1933. The place has been shaken to pieces again—by man-made earthquakes hurled at it and its industries by a battleship-headed bombardment group of the U.S. navy command by Rear Admiral J. F. Shafroth. Three of the newest and fastest U.S. battleships headed the nine-ship bombardment fleet.

Bulletins

NEW T.C.A. PLANS

TORONTO - The Victory Aircraft plant at Malton, Ontario, near Toionto, has completed the first of four transport planes to be delivered to TransCanada Airlines within the next two weeks. The planes all basically resemble the Lancaster bomber and will be used in the trans-Oceanic service scheduled to begin next month.

CONTROL LOW FLYING

VANCOUVER-A stricter control of low-flying aircraft over the Vancouver area will be requested of the Western Air Command by the Vancouver Traffic and Safety Council. The council will be acting on the recommendation of city school trustee-Alan Fellowes-who says that low flying planes may cause possible danger in Vancouver similar to the Empire State Building crack-up in New York.

REPATRIATION BY AIR

DORVAL, Que.-The armed services are continuing their repatriation by air plan. Twenty-four more Canadian soldiers arrived by air from Europe aboard a plane of the R.A.F. Transport Command. They arrived at the big ferry command base at Dorval, Quebec-just outside of Montreal—and immediately left for their homes.

UNBELIEVABLE DAMAGE

GUAM - Airmen 70 to 250 miles away witnessed the atomic bombing of Nagasaki and described it as "too tremendous to believe."

UGANDA AT ESQUIMALT VICTORIA-H.M.C.S. Uganda steamed into Esquimalt Harbor today, escorted by surface craft. An elaborate program of reception has been arranged.

CIVIL AVIATION MEET

MONTREAL—The Canadian Preparatory Committee of the Provisional International Civil Aviation organization has announced the appointment of two more delegates to the organization's meeting in Montreal next week. They are the director-general of civil aviation for Egypt - Mohamed Rushdi Bey - and the counsellor of the Turkish embassy in Washington - Orphan H. Erol. The opening meeting of the interim council is due to take place on August 15.

GABBY HARTNETT QUITS TORONTO-The former Chicago Cub catcher - Gabby Hartnett — has resigned as manager of the Jersey City Little Giants in a surprise move. Gabby has been succeeded by infielder Russ Wein. The former Major Leaguer did not announce the reason for his resignation but left Torento immediately by plane for Jersey City. The Little Giants played great ball for the early part of the season but lately have been slipping badly. Recent defeats have toppled them into the league's sec-

ond division. TO KEEP SECRET

WASHINGTON - President Truman said last night that the secret of the atomic bomb would be retained by United States, Great Britain and Canada until it was safe to release it to the world.

PETAIN RESISTED NAZI AID PLAN

PARIS, Aug. 10 (P)-One of the witnesses at the treason trial of Marshal Petain yesterday testified that the aged general resisted efforts of several Vichy ministers to ask German help in repelling Allied landings in North Africa.

With two aces—the atomic bomb and Russia's declaration of warplayed against her in quick succession by the Allies, Japan could be neither willing or able to stay in the war longer. Her unconditional surrender and "V-J Day" were inevi-

ity. Japan should have been thinking about that on December 7, 1945. Of course, if she had known what was going to eventually come, there would never have been any Pearl

Principles of the justice of warfare are elemental enough. We did use for the second would never have that it was instrumental in shortenheavily in lives and suffering of our

The entry of Russia into the war against Japan, although the an-

nouncement was sudden, need not have been surprising.

At that events of the past two or three days have been world-shaking and stunning and possibly their implications may be upon us even before we have come to appreciate what they may be.

Reconversion .

The problems of peace, it sometimes seems, are being made more difficult by the assumption that government can solve most of them for us. We have become so accustomed to government control in wartime, when our national life has been dominated by a single purpose, that we have not yet been able to visualize a time when we shall be freely allowed to make our own decisions.

Perhaps the basic problem of reconversion is how to rid ourselves of excessive government control. With that big problem solved, the native ingenuity of our people may be trusted to solve the others.

Shipping Grain Through Here

Evidently, it is to be another case of scraps left over from the rich man's table as far as grain shipments through Prince Rupert are concerned under the new program of full cargo movements by way of the Pacific Coast to India and European countries which has just been announced. That, at least, appears to be the intended policy.

Just why it should be necessary to make small shipments through here because there is only one elevator or why the shipments should be confined to whatever grain is already in the local house does not seem quite clear.

Prince Rupert people will rightfully expect that this port should get a fair share of this traffic which will, undoubtedly, be sustained not only now but for a long time as Canadian food is rushed to the devastated countries which have been war stricken these many years.

JUST A RANCHER.

MAGNETIC MINE WAS REAL TEST

LONDON, Aug. 10 (P) - The magnetic mine was Germany's No. 1 secret weapon and the story of the wooden minesweepers which beat this menace is one of the Royal Navy's best sagas of daring and endurance.

Many of the magnetic mines were sown in the Thames Estuary, but when Britain shifted her shipping centre to the Bristol Channel ports when the fall of France in 1940 made east coast ports almost untenable, the waters fringing Wales became the most heavily mined in the world at that time.

The important task of sweeping these waters and keeping them clear for shipping fell to Royal Navy minesweepers, special wooden ones to combat the magnetic influence of the new mine, sailing from Milford Haven and Swansea.

The job called for daring and endurance. As the number of mines increased with each night's air raids, as the mines were made more and more sensitive so that it seemed a wave could denonate them, the minesweepers had to work long hours in a constant game of "tag with Facial and Reducing Treatment

swept all through those early,

wedding of Miss Bernice Frances way's western lines. Straub, daughter of Mr. and Mrs. Wisc. to Lt. George D. Wooks Stop HAY FEVER Wisc., to Lt. George D. Weeks of the Prince Rupert Sub-Port of Embarkation. The Port Chaplain, William D. Rowlands, of- ation of eyes and ears. Just do what thouficiated at the double-ring ceremony in the candle-lighted chapel before a flower-decked altar. The bride wore a street dress of powder blue with matching ac- were interested to hear Capt. Charlotte Islands. cessories, and a corsage of red Albert Mah speaking over the carnations and white gardenias.

Mrs. Weeks has been employed for some time by the Transportation Office of the Sub-Port. Lt. Weeks, of Portland, Maine, has been Adjutant of the Acropolis Hill Cantonment Headquarters.

Miss Verle Straub was her JITTER DANCERS sister's only attendant and Lt. Kenneth J. Lewin was best man. Capt. Louis D. Maguolo gave the bride in marriage. Ushers were Capt. Frederick P. Rivara and WOJG Milton J. LaLonde. The guard-of-honor included Lt.-Col. Eugene J. McNamara, Maj. Louis W. Beck, Capts. Paul L. Dawson and Roy L. Lewis, and Lts. Jack Alderson, Martin Sloan, Ralph Christopherson, and George Lyon.

Preceding the ceremony, T/4 Harold Normann sang "I Promise You," accompanied by T/5 Walter Roberts. "The Wedding March" from "Lohengrin" and Mendlessohn's "Recessional" ond. were played by T/4 Harold Nor-

Following the wedding, a reception was held in the American Officers' Club. In the absence of the bride's mother, WAC Lt. Ruth Talcott received the guests. The couple will leave tomorrow night for Seattle where Lt. Weeks has just been posted.

LONGEVITY SYMBOL

In China the peach has always been associated with long life and immorality and therefore appears in many old Chinese works of art.

The Australian Airmen Incident

Under the Empire Air Training Plan thousands of young men from Australia and New Zealand have come to Canada. One large group arriving by boat at San Francisco came up to a Canadian Pacific coast terminus by train. No official mention was made of their expected arrival or time of departure, yet on both occasions groups of the Australians' relatives and friends assembled at the depot to greet them.

How Did They Know?

No newspaper had carried a line about these Australians. Security Officers had taken every precaution to keep the information secret. But well-meaning relatives, having inside information, have talked out of turn. The enemy, whose agents are everywhere, could thus have gained valuable information as to numbers and disposition of our air trainees.

... Let's Out the Cackle!

THE WAR IN THE PACIFIC IS NOT YET WON.

BROWNS HAD CLOSE CALL

Given Read Run for Their Money in Baseball Game at Smithers on Wednesday

The American Army baseball team, Acropolis Hill Browns, returned to the city on last night's train from Smithers where on Wednesday they narrowly escaped defeat at the hands of the Smithers town team by a score of 7 to 6 in an afternoon game.

The Browns scored one run in the first inning of this game and then went scoreless until the eighth, while Smithers piled up six in the eighth, the Browns hen scoring four runs, including two homers, and two more in the ninth while Smithers failed to come through again.

The game which started in the morning had to be called at the end of the second inning on account of rain with the Browns eading Smithers 1 to 2. The game was continued in the evening and the Browns had no trouble winning with a score of

After the morning showers, it turned fine and sunny in the afternoon and a large crowd witlessed the play.

Final count on the first heavyweight boxing championship since the European peace showed that the 40,000 who crowded into London's Tottenham football grounds contributed a gate of from £23.000 to £30,000 (\$126,-000 to \$135.000). Jack Solomons, who promoted the fight that saw 24-year-old Bruce Woodcock knock out the British and British Empire titleholder, 32-yearold Jack London, in six rounds, gave the figures. His costs, including entertainment tax, were about £22,000 (\$99,000). but he has made no fat profit. "The ncome tax man takes half of it from me," he said. "There's the British Boxing Board's customary five per cent, as well as my office organization to mainain." Still, Solomons is the first Transport Auxiliary, wartime promoter to challenge the inland service which men and women revenue's 48 per cent boxing tax members flew service aircraft and show any profit. If Solomans can help it. Woodcock won't be making a boxing trip rying duties will be taken over to the United States for a while. Just when fans were getting A.T.S.'s duties in future will tired of the old champions, a new, young one has come along and Solomons wants to keep overseas ferrying will be left to Woodcock, a railway fitter from the R.A.F. Responsibility of de- Donacster in Yorkshire, busy livering new aircraft will pass fighting right in Britain. Right from the ministry of aircraft at the moment, Solomons is planning another big fight on the same outdoor grounds next September in which Woodcock will be matched with an unnamed American heavyweight. There was some talk of the opponent being Billy Conn, but that can be ruled out because Woodcock is not flying that high. He will be nursed along carefully. An amateur until three years ago, Woodcock, in winning the British and Empire crowns from the giant London, won many admirers by the orthodox, old-English style of his boxing. Chin tucked into his shoulders. Woodcock lets his left hand make openings for his right. Since he has disposed

BALL LEAGUES

Clear skies permitted the Major Leagues to play a full schedule yesterday. The New York Yankees edged the Cleveland Indians 3-2 while the mighty Detroit Tigers chewed up the Boston Red Sox 11-5. The Washing ton Senators licked the Chicago Cincinnati 2-3, Brooklyn 9-4. White Sox 7-2 as the St. Louis Browns blanked the cellar-dwelling Philadelphia Athletics.

The National League schedule saw the St. Louis Cardinals blast the New York Giants 5-3 while the Boston Braves whipped the Chicago Cubs 7-3. Pittsburgh Pirates chopped down the Philadelphia Phillies 3-1 while the Brooklyn Dodgers took both ends of a double-header from the Cincinnati Reds by scores of end."

LONDON BISHOP STAR ATHLETE

Says Development of Social Understanding Is Big Task of Future

LONDON, Aug. 10 (9) - Dr. J. W. C. Wand, a grocer's son who rose to the appointment of bishop of London, believes that one of the most important tasks for the future is to develop an understanding among people of high and low ranks of society.

"Some people live in small rooms and some in large," Dr. Wand said in an interview. "One of the most important tasks beore us is to make the two classes of people understand the other better. One who has lived in both circumstances has some contribution to make to that

Dr. Wand, who succeeded Dr. The Toronto Maple Leafs Geoffrey Frances Fisher, now

Dr. Wand captained his college boat club and played football, at centre half, for many years. He was president of Queenland football association and is looking forward to becoming an active supporter of the Fulham club. Fulham Palace is his diocesan headquarters.

Questioned about Sunday sports, Dr. Wand said that in Britain "people seem to have settled down to a common-sense view that Sunday relaxation need not be forbidden provided! worship is not neglected." He deprecated, however, commercialism in Sunday games.
