AGEMENT TO SATURDAY HOLIDAY

Garages and auto repair probably will change their half holiday from Thursday afternoon to Saturday afternoon following the approval of the council last night of the order-in-council authorizing the change.
 The order-in-council will be presented to the Lieutenant-Governor in Council by the attorney for the garages' association to be made effective.
 The order is to be considered by the Lieutenant-Governor, the first had to meet the approval of the Prince Rupert city council which several weeks ago approved the draft clause which the association considered objectionable.
 The order-in-council was approved unanimously by council members last night.
 It provides that local garages will have a half holiday on Saturday afternoon instead of Thursday as at present, and provision for doing emergency work on automobiles.
 The objection of the garage-keepers to the Thursday half holiday is that Thursday is actually the busiest day, the only day commercial trucks are to be repaired.

Ottawa Trade Board Offers Its Services

Ottawa Board of Trade is offering a special service to other Boards of Trade of the country by making it impossible for personal representatives to commission capital to take up matters with the government. A representative from the Ottawa Board, at the meeting of the Prince Rupert Chamber of Commerce last night, said it would be glad to make any appointments with the government officials in cases on its behalf.

10,000 FUND TO BE RAISED

Prince Rupert Joint Publicity Committee is setting its financial sights high.
 The committee of the joint Prince Rupert publicity committee reported to the Prince Rupert Chamber of Commerce at its meeting last night that local business people would be asked to contribute to a fund of \$15,000. It was planned to raise the fund by means of public appearances for city and district. The end of the month let-ting solicitation would go forward and it was expected there would be a generous and spontaneous response in view of the need of the community for publicity.
 The committee referred to ways in which the joint publicity committee was already active.
 W. Calderwood of Smithers, a letter before the chamber that he had been elected by the Smithers and District Chamber of Commerce to operate with Prince Rupert, publicizing tourist attractions in the district. The communication was referred to the joint publicity committee.

ROAD IN GOOD SHAPE

Local Automobile Dealer Back on Motor Trip to Vancouver
 Except for two spots, the highway all the way from Prince Rupert to Vancouver is in excellent condition, it is reported by Miss Frizzell who returned to the city over it last week. He was in Vancouver to attend an automobile dealers' convention where it was made known that civilian cars would again become available this September.
 The road is quite passable to the north of one car at Kwinitsa where it had been blocked by a fire. Mr. Frizzell reports that the car was near William Street's place at Woodcock where there has been a cave-in.

EISENHOWER SPEAKS IN CONGRESS

FINED \$100 FOR POSSESSION OF SMALL HALIBUT

Charles Stewart, skipper of the halibut boat Essential, was fined \$100 plus \$3.75 court costs when he pleaded guilty in city police court Monday afternoon to a charge of being in possession of undersized halibut. Laid by the supervisor of fisheries here, the charge is believed to be the first of its kind in a local court. When the Essential arrived here Friday she had aboard 30 fish of a size smaller than the regulations allow to be retained. Regulations provide that to be of commercial size, fish must weigh more than five pounds or measure more than 26 inches from tail to underjaw.

Prince Rupert Road Is Not Known Yet

There are still some people who do not know about the highway to Prince Rupert. The Prince Rupert Chamber of Commerce, at its meeting last night, heard a letter from E. H. Hall of Eugene, Oregon, who wanted to know if one could drive to Prince Rupert. He also inquired regarding boat service from here to Alaska points. The necessary information is being sent to Mr. Hall by the secretary.

Beck, commanding officer of the Acropolis Hill cantonment, has arranged an anniversary banquet this evening for all officers and enlisted men who have been stationed at the Prince Rupert Sub-Port of Embarkation for three years or longer. Says Service Men Expect Solution of Peace Problems—Lauds Roosevelt, Churchill, Russia

WASHINGTON, D.C., June 19.—Speaking before a joint session of Congress Monday, Gen. Dwight P. Eisenhower, Allied commander-in-chief, said that the service men felt that the problems of peace could be quite as readily solved as those of war providing there was the same unity, determination, resolution and consideration. The same qualities which had brought about the defeat of one enemy would see them through to the defeat of the other, they were confident.
 Eisenhower referred to Roosevelt and Churchill as two "God-given" men to whom the world would owe a lasting obligation. The military commander-in-chief referred to the decisive part that the Red Army had played in winning the war in Europe.

LOCAL TEAM GOING NORTH

Acropolis Hill Browns to Play in Ketchikan July 4.

The Ketchikan All-Stars have invited the Acropolis Hill Browns of the Prince Rupert Sub-Port of Embarkation to play in the annual Independence Day baseball game in Ketchikan. The Browns went down to defeat last year before the Coast Guard All-Stars.

Lt. Bob Farmer, coach of the Browns and former star second baseman of the House of David, Benton Harbor, Michigan, has formed the Army nine around the nucleus of his team last year with Hoppe at shortstop, Wiloughby on the keystone sack, Lancaster in left field, and Ofsonka in centre field.

The Browns have scored five straight wins this season behind the powerful battery of Kalnovitch and Gilbert. Although it is likely that Gilbert will be transferred from the sub-port shortly, it is expected Bob Kienor, top hurler of the district, will return from furlough in time to make the trip to Alaska.

The tentative line-up, subject to change, of the Acropolis Hill Browns for the Independence Day game, July 4, is as follows: Kalnovitch, c.; Gilbert, p.; Bartlett, 1b.; Wiloughby, 2b.; Kearney, 3b.; Hoppe, ss.; Lancaster, lf.; Ofsonka, cf.; Glibin, rf.

Service Vote Is Announced

CHAMBER OF COMMERCE IMPATIENT OVER HIGHWAY—MINISTER IS BLUNT

Impatience was expressed at last night's meeting of the Prince Rupert Chamber of Commerce at the bandying of the Skeena River Highway between the federal and provincial government as far as responsibility for maintenance is concerned. It was suggested that the governments be asked to settle the matter once and for all. The matter was referred to the highway committee.

Bulletins

PIONEER PASTOR DIES

Early minister of First Presbyterian church here and later prominent cleric of Winnipeg and Montreal, Rev. Dr. Fred W. Kerr died in Winnipeg last night after a lengthy illness. News of his passing was received with feeling of regret by his old friends here.

GENERAL BUCKNER KILLED

GUAM.—By an ironic twist of destiny, the commander of the United States forces on Okinawa died at the very threshold of victory for his troops. He was Lieut.-Gen. Simon Bolivar Buckner and he was killed at the front by a Japanese shell.

TREMENDOUS WELCOME

NEW YORK.—Six million people joined today in giving to General Eisenhower the greatest welcome any hero has ever been accorded. Broadway and Fifth Avenue never saw such a paper shower. The commander-in-chief attended a big league baseball game and tonight will be entertained at a dinner in the Waldorf-Astoria, \$15 per seat.

JAPS DENY FEELERS

SAN FRANCISCO.—Japanese propagandists chorused today that Japan is not seeking peace and will not surrender unconditionally.

GREAT GERMAN TREASURE

BERLIN.—American troops have found a great five billion dollar German treasure consisting of Bavarian and Austrian national wealth.

Old Hulks at Cow Bay Hamper Fishermen

Old fishing boat hulks which clutter up the inner tide flats at Cow Bay are to be removed. The unsightly abandoned craft were subject of discussion by city council last night when Alderman Nora Arnold said that their number left no room for fishermen to bring their boats to that area for repair.
 "Surely there is some way we could get those things out of there," she appealed.
 "There's a way all right," Alderman Rudderham rejoined. "In 1930 we got an order from the Harbor Master and burned them."
 Council requested City Clerk H. D. Thain to contact Harbor Master Capt. J. R. Elfert for authority to destroy or remove the present crop of hulks.

Paragon Lands 200,000 Pounds in Two Trips

Skipper Pete Jacobsen's 87-foot halibut schooner Paragon, which arrived here Sunday with 100,000 pounds of halibut aboard, probably has done something that no other vessel has done in Prince Rupert in recent years. She unloaded 200,000 pounds of halibut here in two consecutive arrivals.
 However, the Seattle vessel didn't do it all in one season. Her arrival here on Sunday was her first since she brought in 100,000 pounds from Area Three last August 19. The big schooner landed her other cargoes at Ketchikan and Seattle.
 Her catch yesterday was sold to Pacific, Atlin and B.C. Packers.

Alderman Lauds Garbage Department

The garbage situation had a faint aura of optimism when it was brought up in city council last night. Alderman Arnold, who in the past has stated her objections to the present collection system, last night complimented the garbage department staff on the way they handle the collections.
 "They deserve to be complimented on the careful way they handle the garbage. They don't spill it and scatter it on the sidewalk the way it used to be done," she said.
 Alderman Brett put in an appeal for the garbage department.
 "I think they should have more co-operation from the citizens," he declared. "The way some garbage is brought out to the street makes it hard for the collectors."
 Earlier, council endorsed a move by the utilities committee requesting Sanitary Inspector M. J. Harper to inspect all garbage cans in the city and to condemn those unfit for further service.

Record Flight to India and Return

LONDON, June 19.—The British air ministry says a four-engine Skymaster plane of the Royal Air Force transport command has made a 9,120-mile round trip from England to Karachi, India, in a little over two days. Average speed was 215 miles an hour for the 42-hour 23-minute flight. The plane carried military supplies to India and returned with 27 service passengers and some freight to England.
 LONDON.—The number of radio receiving licenses in Great Britain and Northern Ireland has reached the record total of 9,710,950.

READING MATERIAL

More than 9,000 new books are brought out each year.

Various Parts of World in Search Of Contacts Here

Several communications regarding the possibilities of making of business contacts in this city were read at last night's meeting of the Prince Rupert Chamber of Commerce from various parts of the world. A Montreal company wanted a list of druggists and retailers who might be interested in their products. A Havana, Cuba, concern sought the names of importers of rosaries and religious goods. From Lima, Peru, came a communication seeking representatives for a firm of exporters of silver and gold. A Belgian concern asked information regarding representation for import of food and liquors. Another letter sought agencies for food products to be sent to Holland, Belgium and France. The Vancouver Board of Trade sent a letter from an agency in Sydney, Australia, which sought to represent manufacturers or exporters in this country.

OTTAWA EDITOR TO VISIT CITY

C. A. Bowman of Citizen to Spend Two Days Here
 In the course of a trip to the Pacific coast to gain first-hand information on resources and industrial possibilities, C. A. Bowman, editor of the Ottawa Citizen and eminent Canadian newspaperman, will arrive in the city by train on Thursday night and proceed Saturday night to Vancouver. He will meet the Prince Rupert Chamber of Commerce at luncheon on Friday. Mr. Bowman has a brother, Lieut. Commander R. V. Bowman, in the Navy here.

Air Service to Seattle But It's Strictly Military

A military air service between Annette Island and Seattle with shuttle connection to Prince Rupert has been established by the U. S. Army's Eleventh Air Force enabling a fast exchange of military mail and personnel between Seattle and the north coast ports. Put in effect recently, the Seattle-Annette Island flights is made by land planes of the Eleventh Air Force, the Prince Rupert connection being made by amphibious aircraft. The service is said to be strictly for military use.
 "I think your chamber should make very strong protest to Ottawa asking that the matter be attended to."
 W. J. Scott recalled that there was already correspondence on the chamber's files to the effect that the federal government had invited the provincial government to take the Prince Rupert Highway over and incorporate it into the provincial highway system. However, the provincial government, it seemed, did not want to do so for two years or until after certain heavy work had been done. He (Mr. Scott) would write to Mr. Ansbomb to ascertain what the provincial government's intention was.
 The outcome of the discussion was to refer the matter to the highway committee.

GOVERNOR AND LOCAL NURSE

Hon. W. C. Woodward Meets Lieut. Bea Berner Overseas
 Lieut. Governor W. C. Woodward has written to Mr. and Mrs. C. A. Berner of this city from B. C. House in London telling them that, during a visit to Canadian hospitals overseas, he had met their daughter, Lieut. (Nursing Sister) Beatrice Berner. "She looked well and was quite happy," said the letter.
 "Hospital authorities hold her in high esteem," says the letter, and she is doing "a grand job in a noble cause."

Major Durnford Returning Home

Rev. R. C. H. Durnford, Honorary Major, who has been overseas as chaplain of the Seaforth Highlanders Regiment, is expected back in Canada in July, according to word reaching here. Major Durnford has been on leave of absence from his parish of St. Peter's at Seal Cove here. It is not known at present whether he is to be demobilized from the Army or whether he will proceed for duty in the Pacific.

CITY APPOINTS NEW ENGINEER

E. C. McEachern, Fisheries Project Engineer, Receives Appointment
 E. C. McEachern, 31, former airport construction engineer, at present concluding work on the Fraser River Hell's Gate salmon project, was appointed city engineer of Prince Rupert last night after city council members resorted to ballots three times to choose between him and another applicant.
 He will fill the position left open by the departure last month of former City Engineer George S. Hanes.
 Before making an appointment, council members stipulated that the successful applicant serve six months on a probationary basis before being given a permanent appointment.
 With only seven council members and Mayor Dagget present, three votes had to be taken in order to break the deadlock which arose when aldermen split into two groups, one favoring McEachern and the other impressed by the qualifications of J. W. Southin, 49, former city engineer of Point Grey, Vancouver, whose background in municipal engineering work carried weight.
 McEachern asked \$300 a month salary and Southin \$400.
 After considering the qualifications of both candidates, the tallying cry of the McEachern group, headed by Aldermen Arnold and Hills, was that being a young man, he would be more likely to take up permanent residence in the city.
 McEachern's application stated that he had been directing engineer of large airport construction projects in Alberta and the Yukon and was at present concluding his work as assistant director of the Hell's Gate salmon project on the upper Fraser river. He is a graduate of the University of Saskatchewan.

JONES ACT SUSPENDED

Waiver Further Extended from May 31 to July 31
 The waiver of the Jones Act, which prohibits the delivery of American commodities from Alaska to Prince Rupert in Canadian ships, has been extended from May 31 to July 31, the Prince Rupert Chamber of Commerce was advised by its Alaska committee last night. Whether or not the act, which has been suspended during the war shipping emergency, will be allowed to come back into force after that date is uncertain. However, southeastern Alaska public bodies are working for further extension of the waiver. Ketchikan, Juneau, Petersburg, Wrangell and other Alaska Chambers of Commerce are active along this line and the Prince Rupert Chamber of Commerce was advised last night by the Skagway chamber that it had made similar representations.

Mackenzie King Loses Prince Albert; Victoria Swings Over to Liberals

Little General Change Results From Counting of Preferences of Canada's Fighting Men

Ballots cast by Canada's servicemen in the June 11 Dominion election brought about only four constituency changes when combined with the civilian vote but Prime Minister Mackenzie King, his government returned to office, suffered personal defeat in Prince Albert constituency. The prime minister, who had successfully contested Prince Albert in four general elections, was defeated by E. L. Bowerman (C.C.F.) by 129 votes on the combined civilian and service vote. Consideration was being given at Ottawa today to the question of finding a new seat for Mr. King. It is expected a seat will be opened for him.
 The result of the service vote left the Liberal total unchanged with two gains and two losses; Progressive Conservatives with a net loss of one seat, and the C.C.F. with a gain of one additional previously unconceded seat which was placed in the C.C.F. column.

PREMIER LOSES PRINCE ALBERT

Mr. King Is Without Seat In House of Commons as Result of Service Vote
 OTTAWA, June 19.—Attention was centred upon the results of the service votes which were made known today. Premier Mackenzie King has lost his seat in the Prince Albert constituency. Mr. King finished more than 100 votes behind his C.C.F. opponent, E. L. Bowerman. Mr. King had a lead of 263 on the basis of the civilian vote but this was wiped out.
 Two Liberal gains through the service vote came in Colchester-Hants, Nova Scotia, and Victoria, British Columbia. Robert Mayhew won out after all over Sir Henry Drayton.
 The standing of the three leading parties is:
 Liberal 119
 Progressive Cons. 65
 C.C.F. 28
 In addition there are seven Independent Liberals and three Independents who are expected to give general support to the Liberals allowing the government to count on a possible total of 129 in a 245-member house.

Meaning of Service Vote

The service vote in the federal election has gone very considerably C.C.F. That is no surprise. It need not be taken as a vote for the C.C.F. as a party or for the C.C.F. candidates as individuals. Their vote favoring the C.C.F. can be taken as the servicemen's expression of opinion that something better can be done in the way of improving social and security conditions within the country to which they will shortly be returning home.

Possibly General Eisenhower expressed, on behalf of the American servicemen, what the Canadian servicemen also feel when he told Congress yesterday the servicemen's opinion was that, if the seemingly insurmountable difficulties of war could be surmounted so that victory was achieved, the problems of peace should be as readily surmounted if there was the will and determination to do so.

The service people represent a strong portion of the body politic and they have many sympathizers. An old line party is still in power in Canada and will be for the next four or five years. These years will be a testing time, indeed. If the government does not make good and provide what it must realize the people are demanding it may expect to disappear. It is evident that the people are in a temper for change and improvement such as they have never been given before and, if there is any return to conditions in the impending peace such as existed before the war, there will be a very definite

swing if not to the C.C.F. to some new reform party.

The people of Canada, if we judge aright, are not disposed to listen much longer to the views so often expressed by the old line parties that there are certain things which cannot be done. On the contrary, there are many things that must be done and, indeed, those with experience and seasoned in administering the public's affairs should be in a better position than any to do them.

Why Should We Complain?

Recent news from Australia tells us that our friends "down under" are facing many difficulties with their usual cheerfulness, in fact they are not nearly so well off as Canadians are. Although Australia produces as much butter and meat as Canada does, both these necessities are rationed. Then too, although Australia is the greatest wool producing country in the world, strict clothes rationing has swollen the ranks of window shoppers. And clothing coupons must also cover household linens.

Only utility furniture is made in Australia today—plain, practical and barely adequate. Recently a small consignment of crockery appeared in the shops . . . hitherto breakages have been replaced with glassware.

Shopping is a headache, especially for women with young children, as all retail deliveries are banned except for the one baker and the one milkman who are allowed to deliver in each district.

Travelling is a grim business. One cannot go by train into another State, except on an essential mission, and even journeys within the same State are difficult. Sleeping cars on that vast continent are a thing of the past, and congestion is so bad that you are lucky if you can find a seat on your own luggage.

Yet there are few long faces in Australia. Throughout all the anxieties of this war, the easy-going Aussies have refused to look on the dark side of life.

Lodge Not Intolerant

Orange Head Sees Objectionable Features in Regulating of Laws and Citizenship

The Loyal Orange Lodge is not intolerant nor does it "hate" the Roman Catholic Church since its beliefs are based on King James' version of the Bible which abhors hatred, but it does not believe in any religion that interferes with the laws of the land and keeps people in ignorance and subjection, J. E. Clancy of Vancouver, provincial grand master of the Loyal Orange Lodge, said in addressing a "semi-public" gathering last

night after having paid an official visit to the local lodge.

Mr. Clancy condemned the dual language system in Canada and dubbed "a disgrace to any part of the British Commonwealth" an immigration policy whereunder naturalization was made "a mail order business designed for vote getting."

To assist in making good law-abiding citizens was one of the objects of the Orange Lodge, the Grand Master declared. It did not play on pity or superstition.

Mr. Clancy objected to the Knights of Columbus getting \$376,000 per year from the federal government for the operation of army huts while the I.O. D.E. and other organizations, he alleged, got not a nickel.

The Orange head charged that, in spite of their being banned from the coast, there were 48

Japanese residing in the defence areas on various pretexts, one being a dentist in Vancouver who was allowed to remain because he was married to his white nurse—the marriage having taken place only a few days before Pearl Harbor. Further, 100 Japanese had been allowed to come from the interior to Vancouver in order to buy clothing. Could one imagine such a privilege being allowed to write prisoners of war in Japan?

Mr. Clancy described as "unfair" any policy of distributing Japanese in other parts of Canada because they were not wanted in one part.

Canadian men returning from the war should not have to compete with cheap yellow and French-Canadian labor, the speaker asserted.

Some of the churches, Mr. Clancy contended, were taking a wrong stand in advocating citizenship privileges for the Japanese. He also opposed granting the franchise to Hindus or Chinese.

The franchise should be granted not because of military service but on the basis of good citizenship and citizenship should not be granted except on qualifications for which there should be proper examination with impressive ceremonies of conferring citizenship.

Declaring his objection to any religion of Fascist or Nazi tendencies, Mr. Clancy expressed the opinion that the Protestant churches might well emulate the Roman Catholic Church in the importance it attached to youth.

"I say—train the young men in citizenship and fit them to carry on the affairs of the country. Organize and educate them now."

Special concessions were granted to the Roman Catholic Church in matter of non-pay-

CATHOLIC WOMEN TEA AND SALE

A very successful tea and sale of home cooking was held in the Knights of Columbus Hut Saturday under the auspices of the Catholic Women's League.

In charge of the home cooking was Mrs. L. Doiron, assisted by Mrs. J. Garon and Mrs. J. Bouzek.

The tea room was in charge of Mrs. A. Turgeon. Pouring were Mrs. J. MacArthur, Mrs. J. A. Smith, Mrs. M. P. McCaffery and Mrs. H. F. Glassey. Serviteurs were Mrs. C. P. Lyons, Mrs. B. Barrie, Mrs. P. DeJong, Mrs. Angus C. Gillis, Mrs. F. Ethier, Mrs. Landry, Mrs. J. Murray and Mrs. E. J. Fitzpatrick.

Cashier was Mrs. H. Lahti. Mrs. F. Schaffer was in charge of the raffle of a beautiful three tier wedding cake made and decorated by Mrs. J. J. Gillis. It was won by Mrs. A. Foschiem.

ment of taxes and the priests paid no income tax because their salaries went back to the church. "Why should one province of Canada have one law and the others another?" asked Mr. Clancy. He charged the two old political parties with playing for the church vote in Quebec while the other essayed to convert the Roman Catholic Church to Socialism.

J. A. Teng presided over the gathering which was attended by members of the men's and women's Orange organizations and certain outside invited guests. Mrs. George Howe, grand secretary for British Columbia, was also on the platform and spoke briefly.

Serving of refreshments followed Mr. Clancy's address.

Notes and Views of the City Council

Council last night adopted a resolution presented by the utilities committee which agreed to continue supplying night transportation to telephone exchange operators providing they contributed \$1.50 a month each. This course was taken after it was discovered that the original scheme of deduction of the \$1.50 from the girls' pay checks was illegal. Free transportation will be provided the girls to the end of June in order to give the Electricians' Union time to consider the proposal.

Documents concerning the city's dealings with the federal government will be placed at the disposal of LAC Harry Archibald, M.P.-elect for Skeena, prior to the opening of the next parliamentary session so that he may become acquainted with the city's problems in relation to Ottawa and thus be in a better position to advance the city's interests, council decided last night.

City council last night granted the Women's Hospital Auxiliary the right to hold a tag day on September 15.

City council last night moved to endorse a resolution of the Canadian Institute of Sanitary Inspectors urging that municipalities employ only qualified sanitarians as sanitary engineers. The resolution will be submitted to the next conference of the Union of B.C. Municipalities in September.

A resolution submitted by 32 residents of Hays Cove Avenue, Eighth, Ninth and Eleventh Avenues asking that Arrow Bus Lines resume their former route via Ridley Home was received by city council. Council instructed the city clerk to inform the company that it had received such a communication.

Council last night endorsed a recommendation of the Board of Works and Utilities committees

A Board of Works and Utilities committee recommendation regarding the construction of a new sewer outlet across the C.N.R. tracks near the engine round house was received by council last night. LOCAL GIRL WEDS SAILOR

Miss Arline Fitzgerald Becomes Bride of L/S Pottle

St. Andrew's Cathedral was the setting of a colorful wedding Saturday night at 7:30 when Arline Marie Fitzgerald, eldest daughter of Mr. and Mrs. L. Fitzgerald of Prince Rupert, became the bride of Leading Seaman W. R. Pottle, son of Mr. and Mrs. A. R. Pottle of Moose Jaw. The rites were performed by Very Rev. J. B. Gibson, Dean of St. Andrew's, in the presence of about 100 friends.

Given in marriage by her father, the bride wore a gown of white satin, Princess style, with floor-length veil and Mary Queen of Scots headdress. She carried a bouquet of red roses and was followed by two bridesmaids and a maid of honor.

Bridesmaids were Eleanor Fitzgerald, younger sister of the bride, and Betty Titcomb of Terrace, a cousin. Both bridesmaids wore long dresses of white sheer, with blue veils and blue gloves, and carried old-fashioned bouquets of carnations.

Miss Evelyn Bussey was maid of honor. She wore a long dress of white brocade organza, with a floral headdress of carnations with a small veil. Her bouquet was of pink and white carnations.

A dress of rose crepe with black accessories was chosen by the bride's mother.

Groomsman was Petty Officer Lloyd Rice, a comrade of the bridegroom, and the ushers were Naval Bandsman Gordon Sullivan and Able Seaman Bronson Bussey.

During the ceremony Miss Joanne Langridge, soloist, sang "Because."

More than 100 friends attended a reception held in Valhalla Hall after the ceremony. A toast to the bride was offered by Dean Gibson and the bridesmaids were toasted by Petty Officer Lloyd Rice.

The lovely three-tier wedding cake, which centred the table spread with a lace cloth and decorated with pink candies and carnations, was cut by the bride in the traditional manner.

The guests danced to music of a six-piece Navy orchestra.

Following the reception the bride and bridegroom left by boat for a honeymoon in Vancouver and Victoria. For going-away the bride wore a navy blue tailored suit with white accessories and a corsage of white and pink carnations.

Following the reception the bridegroom will rejoin his ship at Esquimalt, and the bride will return to live for the time being with her parents.

LAST RITES OF MRS. PETERSEN

Last rites for the late Mrs. Anna Petersen, wife of Emil Petersen, 950 Sixth Ave. E., were held from St. Paul's Lutheran Church at 2:30 Monday afternoon, scores of friends filling the church to pay their final respects. The service was conducted by Rev. Magnus Anderson of St. Paul's, and the Varden Singers led the singing of hymns.

During the service the congregation sang "O For a Faith That Will Not Shrink," and the Varden Singers sang a Norwegian hymn, "Tenk No En Gang" and "Abide With Me" and "Nearer My God to Thee." Peter Lien led the Varden Singers and presided at the organ.

Interment took place in the Moose Lodge plot at Fairview cemetery.

'SCARED STIFF' MURDER COMEDY

Is Feature Picture at Capitol Theatre This Wednesday Only

"Scared Stiff," coming to the Capitol Theatre this Wednesday only, is a comic piece about murder which is essentially a tragic business.

Jack Haley, Ann Savage, Barton MacLane and Veda Ann Borg have the leading roles in a story about a chess expert, an antique dealer, a lady detective and a boy prodigy. The action takes place in a winery owned by a couple of elderly eccentrics. The latter have come into possession of a set of rare old chessman and, for one reason or another, all the others in the cast are out to get hold of the chessman. The most serious competition comes, however, from a pair of professional crooks and there are some pretty dirty doings in the winery before order is restored and the boy gets the girl.
