## CIVIC LABOR FEDERATION ENDORSES MAYOR DAGGETT FOR THIRD TERM

Alderman George Rudderham, J. S. Black, John Mulroney, Pat Foreman Endorsed For Two-Year Terms—Harold A. Ponder May Be Fifth Candidate Should Ald. Daggett Resign

In the opening move of the 1950 election campaign, Civic Labor Federation yesterday afternoon endorsed Mayor H. M. Daggett for a third term and pledged its support to George Rudderham, J. S. Black, John Mulroney and Pat Foreman in the contests for the

endorsement by the Federation of the fifth aldermanic candidate Harold A. Ponder—indicated the possibility of the resignation of Alderman William H. St. John, whose term of civic office expires this year to run. Alderman Mulroney recently won the Prince Rupert seat in the provincial election. Should he choose to resign, it is understood that Ponder will have the blessing of the Federation in the by-election that will result.

School Board candidates endorsed by the meeting on Sunday were Mrs. Myrtle Roper, who seeks re-election, and Mrs. George Howe, who will contest the seat now held by Mrs. George

representatives of practically all labor union in the city attended the nominating meeting of the Carpenters' Union Hall. Labor Federation President John Mulroney, who was endorsed as aldermanic candidate, was unable to preside at the meeting, being marooned elsewhere in the interior by the heavy and high washouts. Prince Rupert Labor Council President August Wallin was chairman.

The four two-year aldermanic seats become vacant this year are those held by Alderman George Rudderham, Alderman J. S. Black, Alderman Sorenson, Federation-sponsored member of council in two terms of office not seeking re-election. In the case of the resignation of Alderman Brett, a by-election will be called, co-incident with regular elections, in order to choose someone to replace him in the balance of his term which ordinarily would end in December next year. Incidentally, Alderman Sorenson, whose seat is not contested this year, won his seat in a by-election two years ago when former Alderman Daggett elected mayor in the middle of the aldermanic term. Mayor Daggett, who last week declined to declare his political intentions pending yesterday's nomination meeting, said yesterday afternoon that he would be campaigning "right away."

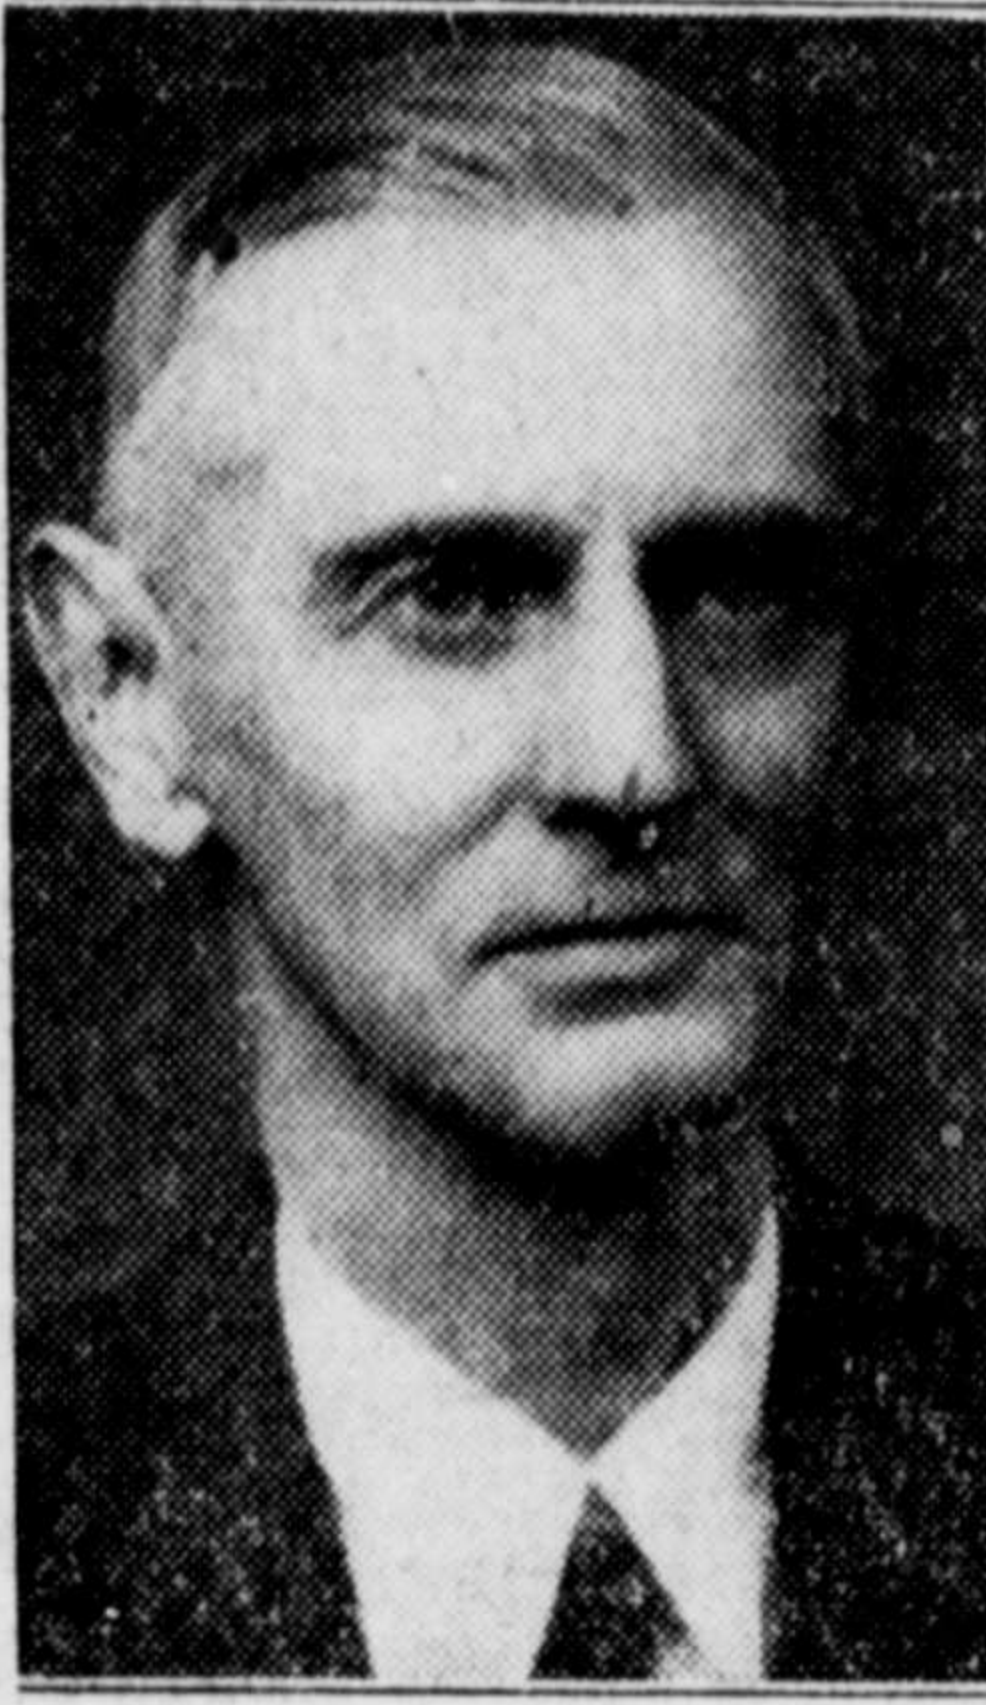

The civic elections will be held November 13.

**RAISING RESERVE**  
OTTAWA, Nov. 5. — Two Opposition members told the Commons Friday they believed Canada will have difficulty raising sufficient men for her permanent air force and her four-war reserve army. Their belief was expressed shortly after government supporter reiterated his opposition to conscription.

The C.C.F. member for Skeena, G. Archibald, said men in the force are not reacting favorably to what is being offered as prospective members of the post-war air force.

The Progressive-Conservative member for Vancouver South, Howard Green, who is spokesman for his party on military affairs, told the House that very strong leadership will be required to enlist the support of the Canadian people in raising a reserve army force of six divisions.

**Fisheries Patrol Vessel Arrives**  
The Fisheries Department 60-foot patrol vessel Babine, recently purchased from the War Assets Corporation for patrol work in this district, has arrived in Prince Rupert from Vancouver under command of Capt. Neil McDon-

STARTS CAMPAIGN—Mayor H. M. Daggett, running again as candidate of Civic Labor Federation.

## LOAN TOTAL IS GROWING

Has Now Reached \$773,750 or 110 Percent of Quota

With the first two weeks of the three weeks' campaign now ended, subscriptions up to Saturday night in the Ninth Victory Loan campaign had reached a cumulative total of \$773,750 or 110 percent of quota of \$700,000. Sales on Saturday amounted to \$26,200.

- Further individual subscriptions to be acknowledged are as follows:

- Miss Gail W. Bolam ..... 100

## Halibut Board to Meet in Seattle

SEATTLE, Nov. 5.—The International Fisheries Commission will meet here November 29 to hear suggestions of the industry for changes in treaty regulations governing the fishery.

LONDON. — Occupancy of 40 Downing Street means responsibilities as a parishioner of St. Margaret's Church, Westminster, for Prime Minister Attlee. On occasion he reads the lessons.

WIGAN, Eng. (Reuters) — Councillor Frank Roberts, railway ticket collector and platform inspector, will be the 699th mayor of Wigan, the oldest borough in Lancashire.

BRIGHTON, Eng. — Borough Engineer D. J. Howe said wanton damage amounting to £200,000 (\$900,000) was done to Brighton during the military occupation.

HUDDERSFIELD, Eng. — J. P. Q. Mallalieu, M.P. for Huddersfield suggests that the war memorials for all towns should be communities for old age pensioners, where home helps would be provided.

## Rail Tie-Up Till Friday

Will Take at Least Five Days To Clear Line of at Least Dozen Slides and Washouts

No trains will be moving on the Canadian National Railway line between Prince Rupert and Pacific until the coming Friday at the earliest owing to at least a dozen slides and washouts in the Terrace area between Pacific and Kwinita. Unprecedentedly heavy rains, warm winds and sudden melting of first snows of the season caused the situation. A regular passenger train, leaving here for the East Friday night, which had on board 141 American soldiers heading home from Prince Rupert on discharge was caught at Salvus between two slides and was relieved and brought back to Prince Rupert at 4 o'clock Monday morning.

The soldiers will be sent south by boat—some on the Princess Adelaide tonight, the others on the Catala tomorrow afternoon. Trains on the Smithers division are being run from Jasper as far west as Pacific whence they are turned back pending the clearing of the line through to Prince Rupert.

Owing to the number of slides, none of major size, it has been found impossible to effect transfer of passengers, mail and express so the traffic is being sent back to Jasper and around to Vancouver whence it will be brought back here by boat pending the clearing of the line. Wednesday's boat will bring the passengers, mail and express which would ordinarily have arrived here on Saturday and Sunday night's train. There were only three passengers from the East coming through to Prince Rupert on the train which should have arrived here Saturday night.

All wrecking and repair equipment of the railway line has been pressed into service with a view to clearing the line from both east and west sides as quickly as possible.

Delay in getting repair equipment to the scene of trouble was occasioned for several hours Saturday when the ditcher, oil car and caboose on an auxiliary train was derailed near Kaien.

These rockslides are the second to come pouring down the mountainsides along the Skeena river within a month and road crews, which cleared a slide from the tracks and Amsbury three weeks ago, today are removing boulders and gravel from the roadbed at several places along the Skeena gorge.

As far as is known the motor highway remains unobstructed except for a large slide near Rainbow Lake although information on it was not definitely available. Public Works Engineer J. C. rady is at present in the interior supervising the rebuilding of a bridge at Coyote Creek east of Terrace which was washed out by a previous storm. He is expected to return to the city as soon as transportation is available.

Telegraph communication lines suffered in the rockslide and are operating only spasmodically.

**Electric Lights Blinked Last Night**

Power transmission lines of the Northern B. C. Power Co.'s Falls River and Shawatlans power plants were undamaged but the power company reported that damage to local circuits in the city owing to the big storm Friday night was prevalent. In most parts of the city the lights blinked throughout Friday night and in some places they went out altogether for short periods.

**TWO BOMBERS MISSING**

PORTLAND, ORE.—Two Liberator bombers have been missing since last Thursday on a flight from Tacoma to Portland.

## MURDERING OF AIRMEN

Three Japanese Officers Under Arrest for Killing of Doolittle's Men

TOKYO, Nov. 5. — Allied headquarters has announced the arrest of three Japanese army officers for questioning in connection with the execution of three Doolittle airmen near Shanghai. The three fliers who participated in the first air raid on Tokyo were executed on October 15, 1942.

Two of the Japanese officers in custody are in the Omori prison camp near Yokohama. The third is in a Tokyo military hospital. One of the arrested officers is a former deputy chief of staff of the Japanese army.

Allied headquarters announced the arrested Japanese officers as being Lieut. Gen. Sawada, retired, Lieut. Wamjitsu and Major Hata.

Sawada commanded the Japanese Thirteenth Army in China at the time of the executions.

No specific charges have been filed.

The three American fliers were executed and their bodies cremated after their planes were forced down following the first raid on Tokyo.

## CLOSING ON COMMUNISTS

Reps Continue Objections to Americans Taking Part in Civil War

CHUNGKING, Nov. 5. — Chinese Communists have declared that 800,000 government troops are closing in on Communist forces in two sectors of China's undeclared civil war. These sources said that Nationalist soldiers recently occupied Communist-held Hsiang-Shan after Americans had reconnoitred the terrain.

This charge follows earlier assertions that an American-trained and equipped central government army is being used against the communists.

The Communists also claimed that two Japanese brigades are co-operating with government troops in one Manchurian sector.

## FAMOUS SOLDIER DIES

GENERAL KENNETH STUART

OTTAWA, Nov. 5.—Lieut.-Gen. Kenneth Stuart, former chief of staff of the Canadian Army until a year ago when he resigned owing to the government's conscription policy, died suddenly yesterday. He was well known throughout Canada and also took an important part in the overseas campaign. There will be a military funeral tomorrow.

# Windsor Situation Is Growing More Serious

**9 VICTORY LOAN PROGRESS**

QUOTA	\$700,000
RESULTS	\$773,750

## Bulletins

**POWER INTERRUPTION**  
Prince Rupert is receiving its electricity today from the Shawatlans Lake and the dry dock plants. A disconnection on the Falls River transmission line near Balmoral on the Skeena River cut off the supply from there this morning and caused lights in some parts of the city, including downtown, to be out for an hour or so.

**ATTLEE TO OTTAWA**  
LONDON — Prime Minister Clement Attlee will fly from Washington to Ottawa during his forthcoming visit to America and may address a joint session of the two Canadian Houses of Parliament.

**KRUPP SUFFERS STROKE**  
VIENNA.—The head of the great Krupp armament works of Germany may not be able to appear at the trial of Nazi war criminals. He has suffered a stroke and is in hospital in Vienna.

**WORLD CONTROL ATOM**  
LONDON.—The British Association of Scientific Workers has demanded that the United Nations establish a commission to control the atomic bomb. The association, which said it represents 17,000 research workers including scientists who helped develop the bomb, warned that the seeds of a new war are being sown now.

**ACTING FOR ALLIES**  
TOKYO.—Japan's former premier, Prince Konoye, has repeated his earlier assertion that his work towards revising the Japanese constitution had been suggested by the Allies. Konoye's statement apparently was meant to repudiate one issued by Allied headquarters last Thursday. It was officially stated that Konoye's efforts had not been sponsored by Allied headquarters.

**UNDERSTANDING REACHED**  
WINNIPEG.— A mutual understanding between the United Packinghouse Workers and three big Canadian packing companies has been reached in Winnipeg. Both parties state they will seek "the co-operation of the Dominion government to make the settlement effective." The agreement was announced yesterday after nine days of negotiations between executives of the union representing 12,000 workers and officials of Canada Packers, Swift Canadian and Burns and Company

**TRANSPORT COMES DOWN**  
HONOLULU—Bodies of seven victims have been recovered, eight have been rescued and eight are still missing after the crash of a large United States Army transport plane in the Pacific 50 miles east of Honolulu. The Pan-American Airways Honolulu clipper was forced down in the ocean in the same area but all 23 on board were rescued.

**PREMIER KING SAILS**  
SOUTHAMPTON — Prime Minister W. L. Mackenzie King of Canada sailed from here for New York on the liner Queen Mary yesterday.

**LOAN GOING OVER**  
OTTAWA.—The Ninth Victory Loan had subscriptions up to Saturday night of \$1,104,000, 000 against the objective of \$1,500,000. This is the third and final week.

# Number Of Strikers Increased To 18,000; Picket Lines Grow

Thousands of Extra Police Rushed to Scene But No Action Yet Taken

WINDSOR, Ont., Nov. 5 (CP)—The automotive workers' strike situation here has assumed more serious proportions and may spread further. Approximately 8500 more workers under the United Automobile Workers of America in twenty-seven more plants quit work today following a vote yesterday in support of the ten thousand workers already on strike in the Ford plant. There is danger that the strike may spread further.

Meanwhile 250 provincial and Royal Canadian Mounted Police reinforcements have arrived but no police action has yet been taken. While the city council and Windsor Trades and Labor Council warned against the police taking any action in connection with picketing, the Attorney-General has stated that extra protection is necessary. He would not order the police not to take action against "forcible and illegal" picketing. Hundreds of automobiles and other vehicles were drawn up in front of the Ford plant today as the number of pickets increased to 2500.

**Collision In Tunnel**  
Several Persons Injured in Impact on Railway Just West of Jasper  
When a freight engine and a Prince Rupert passenger train collided at the week-end in a tunnel on the Canadian National Railway line between Jasper Park and Red Pass Junction several persons were injured and some required to be taken back to Jasper for hospitalization. Local railway offices, when questioned, had nothing to say about the mishap which occurred on territory which is on the Kamloops rather than the Smithers division and, therefore, does not come under jurisdiction to Jasper for hospitalization. Most seriously injured was Engineer W. H. Louth of Jasper. The collision took place six miles west of Jasper.

**Girl Is Injured When Automobile Strikes Stump**  
A car accident on Eleventh Ave. at 1:30 this morning caused Miss Dora Cecil to be sent to hospital suffering from head injuries. Miss Cecil was a passenger in an automobile reported to have been driven by Earl Eadie which struck a stump after leaving the road near the incinerator while heading for the city. Eadie said that his car was crowded from the highway by an American vehicle proceeding out of the city.

**B.C. LEADS IN BUYING**  
Nova Scotia, P. E. Island, Alberta Follow in Victory Bond Purchases  
OTTAWA, Nov. 5.—British Columbia, with 82 per cent, still leads the provinces of Canada in Ninth Victory Loan buying. Nova Scotia is second with 80 per cent while Prince Edward Island and Alberta are having a close race for third and fourth place, the former now 67 per cent and the latter 65 per cent.

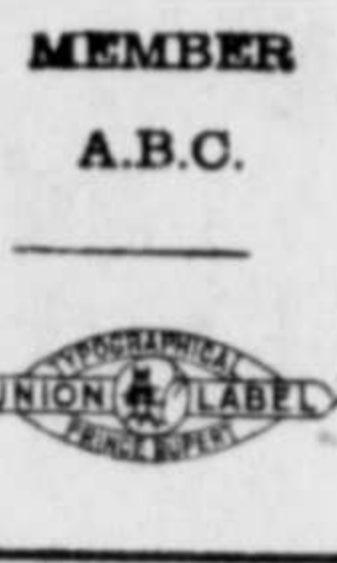

**IS KILLED IN LONDON**  
Pte. Leonard Lineham, Local Soldier, Meets With Tragic End  
While in England awaiting to be returned home to Canada after having seen service in Germany, Private Leonard Lineham, son of Mr. and Mrs. W. J. Lineham, formerly of this city and now of Victoria, was killed by a truck in an accident in London, according to word received in Prince Rupert at the week-end. The news will be received with a sense of shock and regret by many friends here of the dead soldier and his family.

Private Lineham was in his early twenties and lived as a boy at Lawyer Island; when his father was lighthouse keeper there, and later in Prince Rupert, attending school here. Several years ago the family moved to Victoria. Besides his parents, the young soldier is survived by a widow and two small children—Larry and Richard—his sister, Polema, and a brother, Private Kenneth Lineham, who was only a few days ago transferred to Vancouver after being in the Canadian Army Provost Corps at Prince Rupert.

**FIRST VANCOUVER SNOW**  
VANCOUVER — Vancouver had its first snowfall of the season today.

### On Being Cut Off . . .

To be cut off from the outside world by railway and highway leaving us the only transportation to the outside a curtailed steamship service makes Prince Rupert feel a distinct sense of isolation. Even, after a couple of days of it, business is feeling the effects, and, if it lasts very long, there may be some real inconvenience.

After the year or more of direct connection with the outside by highway, it feels really strange to be cut off from our neighbors at Terrace and elsewhere in the interior communities.

It is a long cry now from the early days when we used to be served with a couple of slow boats a week from Vancouver and were quite happy about it all.

\* \* \*

### Hon. H. G. T. Perry . . .

Since his apparent defeat at the recent provincial election in his home riding of Fort George, there have been widespread expressions of regret over the loss to the government and the province that will be entailed through Hon. H. G. Perry, minister of education, being no longer a member of the administration. If Mr. Perry was not appreciated in his own seat he certainly was in other parts of the province. Some of the comments which were made after his defeat became known may be of interest.

Said Premier John Hart: "I regret exceedingly the defeat of so able an administrator as Hon. H. G. T. Perry, who was one of our outstanding parliamentarians, and who, as minister of education, did so much to improve the standards of learning

throughout the province. We shall miss Mr. Perry greatly."

From the sidelines is given the critical opinion of a veteran political writer, James Dyer, of the Vancouver Sun: "Harry Perry is gone. Harry Perry, who was Prince George's biggest citizen for many years, its mayor for four terms, owner of its newspaper, broker, auctioneer, theatre owner.

"He entered the B.C. House in 1920 and sat until 1928, when he was defeated. Re-elected again in 1933, he was Speaker of the House for some years, became minister of education in 1941. Now he is defeated."

The Victoria Daily Times editorially, in part:

"Many will regret that Hon. H. G. T. Perry, lost his seat in Prince George. As minister of education and chairman of the province's Postwar Rehabilitation Council, he had rendered an excellent account of himself. His report of the body over which he presided with such distinction was regarded far and wide as a model of preparation for the war's aftermath in all its ramified aspects; he was the sole ministerial casualty."

Political writer for the Vancouver News-Herald, J. K. Nesbitt, writes: "Education Minister Perry, an able administrator, a self-educated scholar—he, too, is gone. He collapsed in the northland's general swing to the left."

Francis Aldham, Province columnist, describes how "to members on the floor and reporters in the gallery there will be gaps in the serried ranks, lacunae that no newcomer will fill for many a day.

"The ghost of Harry Perry, for one, will haunt that assembly hall. Sometimes it will wear a cap and gown of Mr. Speaker and always it will personify the man who so leavened his scholarship that he never wore cap and gown in his debate with his peers.

"The new member for Fort George will have a difficult niche to fill. His predecessor was the very bone and sinew of the legislature during his 15 fighting years.

"As a debater he was facile and as a critic he was remorseless—even with his own party. He was ever impatient of casuistry. His capacity for work was prodigious and he has left a fine record as parliamentarian and cabinet minister."

### United Church—

## Pageant Is Impressive

Stirring Sermon By Dr. Andrew Roddan Rounded Out Evangelical Spectacle Yesterday

A large congregation which attended morning service at First United Church on Sunday witnessed an inspiring blending of the youthful pageantry of the church's current and purposeful "Crusade for Christ and His Kingdom" with the evangelical eloquence of Dr. Andrew Roddan of Vancouver's First United Church.

Dr. Roddan's sermon followed the flag-embellished pageant in which participants in all junior departments of the church's activities came before the congregation and affirmed their sincerity in leading the Christian life militantly. The eminent churchman's message pointed out clearly the world's present need for such practical Christianity.

Sharing the pulpit with Dr. Roddan were Rev. R. A. Wilson, pastor of First United, who led the service, Rev. W. P. Bunt, of Vancouver, Superintendent of Missions, who led a prayer, and Mrs. C. J. O. Olsen, who acted as narrator of the pageant.

The junior choir, led by C. A. Davis, who acted as pianist, provided special music from the chancel the background of which comprised two large crusade flags.

Dominating the pageant was the Christian Flag, a white banner with a red field in one corner on which was a white cross. These flags were carried among the flags of nations by the group which participated.

Following the narrator's introduction, Miss Joy Foster, one of the church school leaders entered leading two small children, Pauline Olsen and Larry Parent. Miss Foster responded to the narrator and was followed to the platform by members of the beginners' Sunday School class. Speaking for the class, of which she was a member, little Doraleen Olsen said: "We pledge our allegiance to the Christian church and to the Kingdom for which it stands, uniting all mankind in brotherhood and love."

Members of the beginners' class were Arthur Parent (standard bearer), Louise Wood, Ronnie Ciccone, Doraleen Olsen (speaker), Kate McNeish, Georgina Brooksbank, Melvin Oyer, and Lynn Nickerson.

The Mission Band followed and the speaker was Sheila Bennett. Members of the band were Dorothy Marshall, Marjorie Way, Patricia Lemon, Sheila Bennett, Marion Watson, Audry Birch and Trudy Birch.

Robert Woods was speaker for the boys' Explorers group which came next. Boys in this group were Robert Holt, Penio Penoff, Robert Woods, Jimmy Holt and Keith Young.

Final group was the Canadian Girls in Training, with Rosemary Hartwig responding to the narrator. Girls in the group were Jean Faught, Christine Spencer, Frances Webber, Joyce Young, Marjorie Shrubbsall, Esther Harrison and Rosemary Hartwig.

**Stirring Sermon By Dr. Roddan**  
In one sense the war against error, evil, selfishness, sin and oppression is over and the boys are coming home expecting to see realization of the better things for which they fought but the world is still sick at heart and something more than external and material are needed, declared Dr. Roddan in his crusade sermon. "There is one foundation on which we must build. That is the true Christian foundation. If there is clear thinking and firm resolution, if human considerations are put

### PLENTY OF BACHELORS

Good Field for Husband Hunters But Housekeeping Not So Easy

WINNIPEG, Nov. 5 (C)—Canada's northland provides an abundant field for husband-hunting women as long as they don't mind the cold. Bachelors are numerous with eligible males including Mounties, trappers radio men and even missionaries, says Rt. Rev. Henry Martin, Bishop of Saskatchewan who recently returned from the Arctic. Bishop Martin, formerly rector of St. George's Church, Winnipeg, journeyed this year to Anglican missions in the north on behalf of Rt. Rev. A. L. Fleming, Bishop of the Arctic. He doesn't seriously recommend housekeeping in the Arctic. "It's no life for a woman," he said. "Still, if you have a can opener you'd get along fine." Through his meetings with Eskimos he has come to the conclusion that life among the natives of the far north has changed.

"There was a time when the Eskimo who wanted another man's wife killed the other man before taking her," he said. "But that's all changed now."

"I've never known a people who have so little of this world's goods and yet are so happy. As always the Eskimos only fight for existence in the great northern wastelands. Consequently in the past few years, his race has been one of the few that have been unconcerned with the battles raging in the rest of the world."

The Eskimos were found to be in good physical condition, Bishop Martin said. Apparently the disease doctors have to watch for is tuberculosis and there were very few cases detected.

Circulation of Canadian daily newspapers increased by over 15% during the war. The Daily News circulation increased over 66 2/3%.

### THIS AND THAT

first, it will be well with Canada. After two terrible wars and one great depression within one generation, direction, discipline and control are indeed needed."

and bring peace, joy and righteousness! From no other source can it be obtained."

### Winnipeg Plans Big Grenadier Memorial

WINNIPEG, Nov. 5 (C)—A living memorial to the deeds of Winnipeg Grenadiers who fought in the battles of the Second Great War, particularly the men at Hong Kong, is the aim of a \$10,000 building fund being built up here. Percy Gaynor, a Grenadier veteran on the publicity committee for the new Grenadier building, said he would like the whole amount, whether \$10,000 or many times that, to be in dimes. "It would be nice to think so many citizens contributed their bit."

### LEGION HOLDS CHURCH PARADE

Marching to martial music of the Prince Rupert Machine Gun Regiment Band, some 30 members of the Prince Rupert branch Canadian Legion and ladies of the Women's Auxiliary attended the organization's annual church parade at St. Andrew's Cathedral Sunday morning.

With other members of the congregation they heard Bishop J. B. Gibson speak on the subject of "Remembrance," using as his text the admonition "Ye are not your own. Ye are bought with a price." He dwelt on the sacrifices of the dead of 1914-18 and of the need for men to dedicate themselves to work for Christ's Kingdom on earth.

The Legion parade formed in front of the Legion Hall on Third Ave. at 10:30. It was headed by the Prince Rupert Regiment Band and by the Legion banner carried by Standard Bearer S. A. Cheeseman. The band was directed by Bandmaster Peter Lien.

At the conclusion of the service the parade re-formed in front of the cathedral and marched back to the Legion Hall where it was dismissed by Harold Ponder, its director.

Yesterday's church parade will be followed next Sunday by the Legion's Armistice Day parade and service at the cenotaph.

## HOW CAN I ???

By ANNE ASHLEY

Q. How can I keep the colors bright in house dresses?

A. When a new colored cotton house dress is to be laundered for the first time, use one tablespoon of salt to each quart of water. This treatment will keep the colors bright.

Q. How can I remove odors from bottles?

A. Put a tablespoonful of dry mustard in the bottle, then fill it half full of cold water. Shake thoroughly and let stand for half an hour, then rinse with clear water.

Q. How can I prevent cracks in the icing of the birthday cake?

A. There will be no cracks or breaking icing on the birthday cake if the candle holders are inserted in the cake before the icing has set.

## City of Prince Rupert NOTICE

A Court of Revision to correct and revise the Municipal Voters' List will sit on Thursday, November 15th, 1945 at 10 a.m. in the Council Chambers, City Hall, 500 St. George Street, Prince Rupert, B.C.

H. D. Thain, City Clerk. (260)

## TOO LATE TO CLASSIFY

FOR RENT — Office space in Stone Block. Enquire W. F. Stone. (261)

## LITTLE NORWAY KNITTING CLUB HAS FINAL TEA

The eighth and final tea and sale to be held by Camp Norway Knitting Club, which was organized at the home of Dr. and Mrs. Jens Munthe February 19, 1942, and was extremely active during the later years of the war, was held Saturday afternoon at St. Paul's Lutheran Church and, like all previous ones, it was a complete success.

Both ladies and men called during the afternoon and were received by Mrs. Jens Munthe, the club president. The visitors kept coming for three and a half hours.

At a beautifully decorated tea table Mrs. J. Hansen and Mrs. Blomberg poured. Serviteurs were Mrs. Shier, Mrs. Pedersen and Mrs. Norgaard. Cashier was Mrs. Henry Stangoye. In charge of the kitchen were Mrs. Fosheim and Mrs. Wilsey. Mrs. H. Paulsen and Mrs. O Wick directed the sale of home cooking.

Not the least interesting feature of the afternoon was a display of articles produced by members of the club. This was just an indication of the splendid work the club carried on during its period of activity. Not only has the club sent much-needed knitted articles to Camp Little Norway in Toronto and the hard-pressed homeland but it also gave financial assistance to the Norwegian Seamen's Church and hospital in Montreal and also sent parcels each Christmas to the boys in the Norwegian Merchant Marine.

## BRITAIN HONORS QUEEN OF TONGA

LONDON, Nov. 5 (C) — Queen Salote, the only queen besides Queen Elizabeth in the Empire, ruler of the South Pacific islands of Tonga, has been awarded the Grand Cross of the Order of the British Empire.

The people of the Friendly Islands have been the friends of Britain since the time Captain Cook became the first westerner to see the islands and when war with Japan came the queen raised \$450,000 and a force of men to fight them. She gave two Spitfires to Britain to fight the Germans, too.

## SPARSELY POPULATED

Only 20 per cent of the 300 islands in the Bahamas are inhabited.

## Announcements

All advertisements in this column will be charged for a full month at 25c a word.

## THIS AND THAT

"They do such a good job here, my own son-in-law whistled at me!"

WALCHEREN RISES FROM THE SEA AGAIN—Literally "sunk" when its dykes were breached by the Nazis during the invasion by the British about a year ago, Walcheren Island, off the Holland coast, is being reclaimed from the sea by Dutch workers with British aid and equipment. A breach in the sea-wall is here being closed by sinking specially-built barges and adding a rock fill. After the inlets from the sea are closed the great task of pumping out the water will begin.

**"It's sure worth lining-up for, Myrt!"**

## Bride-Elect Is Tendered Shower

In honor of Miss Glendine Fee, who is leaving Prince Rupert shortly for Grand Forks, where she is to be married, Mrs. J. S. Patrick, 80, Sixth Avenue East, entertained at a shower party last Thursday evening. Some twenty guests assembled to wish the bride-elect farewell and to present gifts in a novel manner.

Little Johnny Rosedale, dressed as a Cupid with a silk top hat, drew in a decorated wagon named "Honeymoon Express" which contained many beautiful gifts which were handed to Miss Fee who duly opened them and appropriately expressed her thanks.

During the evening delicious refreshments were served by the hostess who was assisted by Mrs. W. E. Chappell, Mrs. E. Llewellyn, Mrs. Rosedale and Miss Louise Patrick.

### SOW FLOWERS THIS FALL FOR NEXT YEAR'S BOUQUETS

There are two uses for annuals in the garden quite separate and distinct, one for cutting, to furnish bouquets for the house. The other is to figure in the color scheme of garden decoration. Many gardens make them serve two purposes at once, but if cut freely for bouquets, naturally, the color effect in the garden is spoiled.

Gardeners have adopted the plan quite generally, when they have room to do so, of growing some of their annuals in rows like vegetables solely for cutting purposes and use others in the garden scheme. A large number of annuals may just as well be planted this fall as next spring, particularly the cutting garden. Centaureas, which have little garden decorative value, are very valuable as cutting material. They will winter safely if they come up from seed this fall. The same is true of annual larkspur, indispensable for cutting. Both had best be sown this fall to get an early start next spring.

Other annuals that can be sown now are all the various members of the poppy tribe, peonias, snapdragons, alyssum, nicotiana (the flowering tobacco), gypsophila, Chinese forget-me-nots, calendulas, and hosts of others. The tender annuals,

such as marigolds and zinnias, should be held until spring, although occasionally marigolds self-sow.

Snapdragons which have bloomed this summer may be cut back and given protective cover and come through for early bloom next spring. Experiment has shown that the California wax paper cloches will bring the snaps through the winter in fine shape. The cloche should have a small ventilating slit cut in its side.

The one factor in fall seed sowing to be attended to is mulch. Heavy rains will wash the seeds out of their regular rows unless a protection against the driving showers is given. Leaves, straw or stalks of the flower garden will give ample protection. If the seeds can be sown in a seed bed for transplanting in the spring, a wooden curb about the bed to prevent the washing of heavy rains is advisable.

#### BIG OIL RESERVE

The Kuwait field on the Persian Gulf is regarded by geologists as potentially one of the world's major petroleum reserves.

### TRAINING IN OLD MANSION

London Hospital Moves to Make Profession Attractive to British Girls

By NORMAN CRIBBENS  
Canadian Press Staff Writer

HADLEY COMMON, Eng., Oct. 5 (C) — Here in a stately old-world mansion nestling in its own spacious grounds is one answer to Britain's vital problem of the shortage of nurses.

What was once a nobleman's Hertfordshire home now is the Central Preliminary Training School of the Prince of Wales Hospital in London where nurses are being trained under improved conditions.

The word "probationer" has been discarded. Girls enter as student nurses and everything is done to impress them that they are going into a splendid profession.

There are flowers in the lecture room, modern desks, new training equipment, well-furnished bedrooms and wardrobes for every student. Good food is served in a pleasant cream-walled dining hall. Indoor games are played in the cosy recreation room; netball and tennis on the wide, green lawns outside.

Students are free in the evenings and at week-ends. They may go to dances and stay out late if they want to. But most of the students often work till

10 at night, determined to pass high in the initial examination.

#### Comfort Is Now Factor

The school was originated by Sister Edith Penny of the Prince of Wales Hospital who, mindful of the drudgery of her own training 30 years ago, was anxious to train nurses in a happy, homely way.

From the training school student nurses are sent to carry on their training in 10 different hospitals fed from this centre.

At the Prince of Wales Hospital, Stamford Hill, they continue training under conditions similar to those at the school. Each nurse has her own bedroom in a modern nurses' home and there are recreation and social rooms.

Nurses off duty are given breakfast in bed. But shortage of staff means that the students work 104 hours every two weeks instead of 96.

They are entitled to 28 days' holiday with pay, plus allowances for living out. Pay is at the rate of £40 (\$190) a year plus board residence, uniform and laundry, rising to £60 (\$270).

Hospital authorities believe that once the stigma of drudgery and indifferent feeding has been removed from hospital life thousands of girls will be attracted to nursing as a profession.

### DIPLOMAT'S WIFE DAZZLES OTTAWA

Argentine Newcomer Loves Ultra-Fashionable Self-Designed Hats

OTTAWA, Nov. 5 (C) — One of the most exotic newcomers to Ottawa's diplomatic row is blond, chic Mme. Martha Leguizamón-Pondal, wife of the new Argentine ambassador to Canada.

A fashion enthusiast, she designs her own clothes and her couturiere in Buenos Aires made up her wardrobe from her own sketches and suggestions. A glimpse at this wardrobe promises a dashing addition to the capital's first post-war social season.

Speaking in French—she is studying to perfect her English—she told in an interview of her pleasure at coming to Canada and her philosophy of dress—glamorous.

For the interview slim, young Mme. Leguizamón-Pondal wore a black tailored suit trimmed with military braid and a pure silk, handmade yellow blouse.

"I just love hats," she declared, and after she had modelled 20 creations she had brought with her, she was anxious to know whether Ottawa would like them.

To say the least, Ottawa should sit up and take notice when the svelte Argentinean appears in a tall, white hat with five ostrich plumes sweeping down beneath her chin.

She carries a large, white ostrich muff to match, and to complete the picture, wears a black satin two-piece dress with an interesting bustle effect.

In Favor of Tall Hats  
The capital will see much of Mme. Leguizamón-Pondal's hats

### Urge Identity Cards To Encourage Travel

LONDON, Nov. 5 (C) — Abolition of passports and visas and greater use of identity cards is being recommended to governments by "Popularis," an international body set up with headquarters in Switzerland for the encouragement of travel among workers of all nations.

Ernest W. Wimble, British representative on "Popularis," said that during the war identity cards had been used as passports between Great Britain, France, Belgium and Switzerland. This system might be used permanently for travel, the organization said.

for she likes nothing but a tall, exclusive model. She wears a large hat of green cock feathers as naturally and unaffectedly as a schoolgirl wears a beret.

Clever craftsmanship went into the working of beads, sequins and pearls which decorate nearly all of her evening and most of her afternoon clothes.

Although most of her gowns are black she uses color effectively. A vivid purple dress is one of her favorites.

A feature of her wardrobe of particular interest to Canadians is her extensive collection of handmade shoes. This made-to-order footwear costs as little as \$12 in Argentine—here you would pay \$30.

Of Belgian and French descent young Mme. Leguizamón-Pondal and her husband, Honorio, were married four years ago. Their pride and joy is their two-and-a-half year old son, Honorio Jr.

Besides dress designing, the new ambassador's wife's hobby is interior decorating and the furnishings and decorations of her home in Buenos Aires were planned by her, down to the last ash tray.

### The Experts Say - -

GROUND MEAT HARD TO BUY—For convenience, versatility and ration value it is pretty hard to beat ground meat and it rates especially high with the small family who can't easily cope with larger cuts of meat.

There are a dozen ways in which ground meat may be used and even hash can be given style if served as shortcake over split baking powder biscuits.

There are two schools of thought on meat loaves. Some like a brown, crusty loaf and others a soft moist loaf. The same meat mixture can produce either type of loaf, the Agriculture Department Consumer Section tells us.

For a brown crusty loaf they suggest that the meat be moulded lightly and baked in a shallow roasting pan. When they want a moist loaf they line a deep loaf pan with wax paper and pack the meat more solidly into the pan.

When company comes and the meat ration needs stretching, this might be the answer—Baked Stuffed Peppers, as prepared in the Agriculture Department's testing kitchen.

"Build B. C. Payrolls"

CANADA ASKS A BILLION AND A HALF

It is the 9th Loan. The money is to be used to bring home the forces and re-establish them. Remarkable skill and economy has been behind the spending of our money all during the war, and if the Dominion did not absolutely need this \$1,500,000,000 it would not be asked.

## 1885 SIXTY YEARS OF PROGRESS 1945

### A Dream Come True

When, on November 7, 1885, the last spike was driven linking the rails of the Canadian Pacific Railway, developments only dreamed of that day were to follow.

Soon ships flying the red and white Canadian Pacific house flag were plying the Pacific... then the Atlantic. There followed a chain of hotels... resorts and lodges... coastal and inland steamships... express and telegraph services—the whole forming an all-Canadian system stretching more than half way round the world.

In 1939, this vast system was dedicated to the winning of the war. Since then the Company's rail lines alone have handled more than 128 billion ton miles of freight—and 11 billion passenger miles. All ocean steamships have been on active service—many have gone down fighting.

Now the Canadian Pacific faces the future. Plans have been completed for the construction of new, improved locomotives and coaches... sleeping cars... parlour cars... diners; for the renovation of stations and hotels; and for the building of a new fleet of ocean vessels.

In a world at peace the Canadian Pacific will do its part in providing modern, efficient transportation by land and sea.

# Canadian Pacific

### Commandos Big Shots At Archery Meeting

WINCHESTER, Eng., Nov. 5 (AP)—Four Commando officers, who went into wartime action with short Sten guns in their hands, drew deadly longbows in the Southern Counties archery meet, the first public tournament since 1889.

Lt.-Col. F. W. Fynn, just back from Italy, did some fine shooting. He evidently had taken instruction from his friend Col. Jack Churchill, the Commando

who always carried his bow and arrows and bagpipes.

The setting was like a scene from an Elizabethan play, with the large, bare oaks or trees. The archers wore the green dress of the Royal Toxophilite Society.

BELFAST (AP)—Sir Roland Nugent, Northern Ireland Minister of commerce, has announced that 15 new industrial undertakings are about to be established in Northern Ireland which would provide work for about 5,700 persons.

### Ask Big Response Princess Fund

TORONTO, Nov. 5 (AP)—The Princess Alice Foundation Fund committee for Ontario with Mrs. Albert Matthews, wife of the lieutenant-governor presiding, met recently to discuss further plans for the appeal to Ontario women.

Organized to honor Princess Alice on her departure from Rideau Hall when the Earl of Athlone's term as governor-general expires, women's committees across the Dominion are hoping to establish a \$50,000 fund to be used for leadership training among young women.

The Ontario committee, undertaking to raise \$25,000 is anxious that every woman in Ontario should have a part in honoring Her Royal Highness who has shown such an interest in the youth of Canada.

### Modern Etiquette

BY ROBERTA LEE

Q. What is the maximum number of pieces of silver that are placed next to the plate?

A. Three pieces on each side of the plate. Any extra silver can be placed just before the course for which it is required is served.

Q. What kind of dress should a woman wear when making formal afternoon calls?

A. An afternoon dress and wrap.

## Smiles 'n Chuckles

Angus MacPherson, New York's biggest undertaker, went home to Scotland on a visit. The little old town was unchanged and the people of it honored him with a banquet. In appreciation, he got up and said, "Ladies and gentlemen, I want to do something in this fine community an honor. There is only one thing that I myself do well. That is to bury people. The MacPherson service is known all over America for its thoroughness. Listen, I am going to give a free and complete first rate burial to the first person in this town who dies." Then he sat down and everyone went home. That night, thirty-two Scotchmen committed suicide.

LONDON, (AP)—First supplies of wallpaper made in Britain since the war will reach the stores in November. Manufacturers have been given an allocation of pulp for fresh production.

HULL, Eng., (AP)—One hundred boxes of whitening were thrown into the sea here for the second time in two weeks because the minimum price of 15 shillings (\$3.40) a box was not obtained.

FRECKERHAM, Eng. (Reuters)—As no church or hall is available residents of this village on the Suffolk-Cambridgeshire border held their harvest festival in a garage.

At Carnegie Hall the Society for the Advancement of Women held a meeting. "Now," boomed the amazon chairman, from the stage, "is there any man in the audience who would let his wife be slandered and say nothing? If so, stand up."

A meek little man rose to his feet. The lecturer glared at him and rasped, "Do you mean to say you would let your wife be slandered and say nothing?" "Oh, I'm sorry," apologized the little man. "I thought you said slaughtered."

### A FICTIONARY DICTIONARY

Bacteria—The rear of a cafeteria.

Blotter—Something you look for while the ink dries.

Civilization—System under which a man pays a half a buck to park his car so he won't be fined two dollars while he eats a thirty-cent meal.

Courtship—Period in which the girl looks around to see if she can do any better.

Duck—A chicken with slow shoes.

Dollar—Form of currency which Jack Benny thinks ought to have a homing pigeon instead of an eagle.

The new maid was receiving instructions about the children from the Madam on her first day on the job. What they were supposed to eat, what they should wear, and the time they should be put to sleep. That evening the lady of the house went out and again reminded the maid that the children were to be put to bed no later than eight o'clock.

When the mistress returned she asked the maid how she had gotten along with the children. "Just fine, ma'am," replied the maid. "All except the oldest boy—the red-headed one. He just wouldn't—"

"The red-headed one!" shrieked the Madam. "That's my husband!"

Two people were walking along a quiet country road together. One was a young woman and the other a handsome farmer lad. The boy was carrying a large kettle on his back, holding a chicken in one hand, a cane in the other, and was leading a goat. Presently they came to a dark ravine.

"I'm afraid to walk with you in there," said the young lady. "You might try to kiss me."

"How could I," said the farmer, "when I have all these things to carry?"

And she replied: "Well, you might stick the cane in the ground, tie the goat to it, and put the chicken under the kettle."

Several years ago, Frank Buck was speaking at a dinner given in his honor—just before he started one of his long treks into the heart of Africa. The toastmaster called upon him unexpectedly—but he was able to get up and give a more than ample account of himself. In concluding, he said: "I thank you all for your kind wishes regarding my welfare on this dangerous journey, and I want you to know that when I'm far away, surrounded by ugly, grinning savage faces, I shall certainly think of you."

A girl who worked as a dance hostess in a public ballroom was complaining to a friend, also a hostess, that she was never invited out to swell parties. "I get invited once," she explained, "but that's all." Her friend took her aside and said, "The reason that you're never invited again is because you can't discuss any subject with people. Read a book and you'll become an interesting conversationalist." So the social climber read a book and when she was invited to a cocktail party a few days later she was prepared. She listened to the conversation for a while and then cut in, "Say, wasn't that tough about Marie Antoinette?"

Not very long ago an old gentleman was invited to dinner in a wealthy home. He was a nice old gent—with one peculiarity. He had lost his nose several years before.

To avoid and foolish faux pas the matron of the house took her six-year-old grand-daughter aside and said, "Gwendolyn, I want you to be very particular and not make any remarks about Mr. Jenkins' nose."

Gathered around the dinner table everything was going well; the child was eating quietly but looking rather puzzled. Suddenly the staid setting was disturbed by the child's piping voice: "Grandma, why did you tell me to say nothing about Mr. Jenkins' nose? He hasn't got any."

A customer sat down at a table in a smart New York restaurant and tied a napkin around his neck. The manager called the waiter and said to him: "Try to make that man understand as tactfully as possible that that's not done here. But remember—we must not hurt his feelings."

This created quite a problem for the waiter, who paced back and forth in front of the objectionable customer for a few minutes. Finally, he approached the table, bowed politely, and said, "Shave or haircut, sir?"

### Sea Cadet Orders

R.C.S.C. "CAPTAIN COOK"

Parade Schedule Tuesday, November 6

6:45—Duty Watch muster on main deck.

Memorandum:—Inspection, march past and class rehearsal for inspection of the corps by A/Commander K. C. McRae R.C. N.V.R. to be held Wednesday November 7, 1945.

E. JOHN WILSON, Lieut. R.C.S.C. Executive Officer.

### URGENT WEST INDIAN UNIT

LONDON (AP)—A note addressed by the colonial secretary to the governors of Bahamas, Barbados, British Guiana, British Honduras, Jamaica, Leeward Islands, Trinidad and Windward Islands suggested the possibility of a West Indian federation. The object would be to speed development of a self-governing unit within the British Commonwealth.

### STAMPS RECALL WAR EMERGENCY

LONDON, Nov. 5 (Reuters)—Postage stamps printed five years ago are being sold in British post offices—mementos of an emergency that never came.

The stamps, darker in color and fresher in appearance than later issues, were part of an emergency stock the post office saved for issuing in case its printing factories were destroyed by enemy action in the war.

Stamps of the present color have been in circulation since July, 1941, when it was announced stamps up to threepence would be printed in lighter shades to save valuable dye.

## Weekly RATION FASHION for a family of four

SUN.	MON.	TUES.	WED.	THUR.	FRI.	SAT.
Roll'd Shoulder of Lamb	Meat Loaf	Lamb Pie	Sausages	Braised Veal Cutlets	Boiled Fish	Liver
Group B	Group C	left-over lamb	Group D 1 lb.	Group B 1 lb.	unrationed	unrationed
3 lbs coupons	1 lb. 4 tokens	4 tokens	3 tokens	5 tokens		
		4 tokens for 1/2 lb. bacon				

This week's ration fashion calls for an expenditure of two coupons and sixteen tokens. The sixteen tokens are equivalent to two coupons, so that full use is made of the four coupons available each week in a family of four.

If Sunday brings a dinner guest, the rolled shoulder of lamb could be elasticized with your favorite dressing and a tempting brown gravy. The left-overs will provide the wherewithal for the lamb pie suggested for Tuesday's dinner. A pound of hamburger stretched with soft bread crumbs will make a meat loaf which can be served hot on Monday and sliced cold for Tuesday's luncheon, either for the sandwiches packed off to school or work, or for the meal at home along with a crisp salad. You may find you have some tidbits to spare from the roast or loaf which can be added to a spaghetti dish for Wednesday's lunch, when sausages will be used for dinner. Braised veal cutlets for Thursday will assure the man of the house that, although rationed, meat can still hold a prominent place on the dinner plate. Fish appears on the Friday menu. For Saturday liver will provide a nutrition-enriching and ration-sparing meal, leaving you with four tokens to devote to half a pound of bacon, or to carry over as a contribution to the next week's roast.

Greg Kabat, star quarterback of the Winnipeg Blue Bomber football squad, was awarded the McKinney Trophy as the most valuable player in the Western International Football Union five years ago today. A product of Wisconsin University, Kabat was most famous for his magic toe in the field goal department.

Newsy Lalonde, all-time great of Montreal Canadiens, went to Saskatoon of the Western Canada Hockey League in exchange for Aurel Joliet. It was 23 years ago that the trade was announced. Near the end of his career, Newsy later returned to the Canadiens as coach, Joliet became one of the game's most famous figures.

**COURT SEQUEL TO HALLOWE'EN**

Sequel to Halloween disorders, James Harvey appeared in city police court Saturday charged with receiving and having in his possession 23 bottles of ginger ale alleged to have been stolen from Poulsen's Grocery. He has been remanded until the coming Saturday.

In juvenile court a 15-year old youth was charged with possessing a blasting detonator "under such circumstances as to give rise to a reasonable suspicion that it was not in his possession for a lawful object." The charge was dismissed.

A juvenile stands charged with assaulting Carl Poulsen, proprietor of Poulsen's Grocery.

A third juvenile is charged with doing damage to a wooden garbage container belonging to Carl Poulsen.

**MOST OF LOG CUT IS SPRUCE**

Almost half of last month's log cut was composed of spruce which totalled 20,226,885 board feet, while hemlock was second with a cut of 16,728,447 board feet. Cedar was 7,140,940 board feet, while the jackpine cut was 452,333, balsam 281,235 and fir 231,099.

Poles cut during the month totalled 830,917 lineal feet, an increase of almost 700,000 feet over September when the cut was 147,343. In October 1944 the pole cut was 436,707 lineal feet.

Total pole production in the district so far this year is 2,423,044 feet, while for the same period last year it was 1,422,632.

In October 18,898 ties were cut, all but 154 being jackpine. The October total dropped sharply under September's production of 34,991, but was much greater than in October 1944 when only 6,195 ties were produced.

**Suggests Aids For Travelling Mothers**

DERBY, Eng., Nov. 5.—The Duchess of Devonshire, president of the Derbyshire Federation of Women's Institutes, described facilities for mothers in railway waiting rooms as "dirty and most unsuitable."

The Federation suggested that on every long-distance train there should be a compartment where travelling mothers could feed their babies and attend to their needs, at a nominal charge, and the same convenience should be provided at every railway and bus station.

It is estimated that an average of one gallon of gasoline per day was needed for every soldier engaged in offensive operation.

34,991, but was much greater than in October 1944 when only 6,195 ties were produced.

**Explosive-Infected Buildings Destroyed to Save Lives**

Corporation. Pieces of wood from structures at Defence Industries Limited (right) show one of the tests to detect the presence of explosives. Chemical compounds are poured or sprayed on the material; if the wood does not change color, the explosives are not present, but if it turns pink or red, explosives are imbedded in the fibres of the wood and are combustible.

**Building Permits Total \$12,875**

Building permits issued by the City Engineer's office in October totalled \$12,875, the majority covering small repairs to existing structures. Total value of permits issued so far this year is \$197,529. Value of permits for the similar period last year was \$200,405.

Largest single item on October's list was a permit for \$3,450 for repairs to the Wallace Block issued to L. M. Feisenthal. A permit was issued to Carl Poulsen for \$1,500 for construction of a garage and Ward Electric in Cow Bay received a permit to construct an addition to their premises to the value of \$1,200.

LONDON—Four new blocks of flats at Red Lion Hill Estate, East Finchley, are to have a roof-top laundry and children's playground so that mothers can keep an eye on their youngsters while doing the washing.

**OPPORTUNITIES FOR VETERANS**

Thirty-six percent want to Get into Small Business Says Rehabilitation Officer.

Thirty-six percent of discharged personnel of the armed forces have expressed the desire to get into small business and, accordingly, the Bureau of Post War Reconstruction and Rehabilitation is concentrating upon the development of opportunities along this line. This is stated by W. H. Croker, Prince George field representative of the Bureau, who is in the city to confer with the regional advisory committee here. Mr. Croker arrived at the end of the week by train from the interior and expects to be here for the next few days. Recently he made a trip into the Peace River country.
