Greatest Russian Offensive Now On BURMA ROAD IS IN USE ONCE MORE AFTER TWO YEARS

Convoy Is At Myitkyina On Way To Tengchung

Supplies Being Transported from India to China Following Clearing of Country of Japanese

MYITKYINA, Burma, Jan. 15 (CP)—The First American convoy carrying war supplies overland from India in two-and-a-half years arrived here today. At Myitkyina the convoy will wait until either the few remaining miles of the new road from Myitkyina to Tengchung is completed or until the last 25 miles of the old Burma road from Namhkan to Wanting is cleared of Japanese.

Which Hit By Air—

Tremendous Air Assault Kept Up

Great Air Fight Yesterday Results in Score of 235 to 53

LONDON, Jan. 15 (AP)—American fighter-escorted bombers were once more over Germany today, pounding four railroad yards in the southern Reich without interference from German fighters, following large scale battles yesterday. Almost 100 American bombers and fighters from Britain were over important enemy targets today after blows by the Royal Air Force and Royal Canadian Air Force last night at Berlin and Germany's oil industries and railways.

On Sunday British and Canadian heavies in great strength dropped tons of explosives on a synthetic oil plant at Merseburg and a fuel depot at Dülmen. Two hundred and thirty enemy planes were downed in the air and eight more destroyed on the ground. The Allies lost 53 planes including 10 Canadian bombers.

COUNCIL TO CONSIDER NEW SEWER

City council will meet in its capacity as Board of Health tomorrow to tonight's regular meeting to prepare recommendations for the construction of a new sewer. Mayor Dagggett said this morning. The recommendations will then be formally considered by council in its regular capacity.

Petition for a new sewer to replace the present decrepit installation serving the hospital and nearby residences has been circulated among property owners and has received signatures of everyone but the C.N.R. which owns a considerable tract of land along the course of the sewer. Mayor Dagggett said as a matter of policy railway officials decline to sign the petition but that they have no objection to the construction of a new sewer. Since the petition cannot be recognized because it lacks the signatures of sufficient property owners, council, acting as a Board of Health, is prepared to recommend the project on sanitary reasons, the Mayor declared.

Paris Boat Train Again Operating

LONDON, Jan. 15 (AP)—The first civilian boat train in four years and nine months left London today for Paris. Passengers were notified secretly when to assemble. The service will take only business men certified by the government, relatives of wounded soldiers and servicemen.

Bulletins

RAID ON FORMOSA
SAN FRANCISCO—The Tokyo radio said today that a 4½-hour raid by carrier-based planes had been carried out by the Americans on Formosa today.

KILLED IN EXPLOSION
BRANTFORD—Mrs. Blanche Howay was killed when her home was destroyed by a severe explosion, supposedly caused by gas. Elmer Kelly, fireman, lost his life fighting the fire.

SCORES THIRD TRIPLE KILL
OTTAWA—Flight Lieut. J. McKay of Cloverdale, B. C., yesterday scored his third triple kill within the last few days in fighting over enemy territory.

WRENS COMING HOME
OTTAWA—Wrens who have been serving for one year overseas or in the United States will be returned to Canada for duty if they desire, it is announced.

RAILWAY COMPANY ANXIOUS TO KEEP PR. RUPERT BUSY

Chamber of Commerce Delegation Has Heart-to-Heart Talk With Mr. Devenish on Future of Local Shipyard and Port

The management of the Canadian National Railways is "vitaly interested" in the continued activity and prosperity of the port and community of Prince Rupert and may be relied upon to exert every effort to see that the company's properties and facilities here are employed to the fullest degree.

PRELIMINARY REVIEW OF CITY REVENUE

Figures on city revenue released by Mayor H. M. Dagggett, while only preliminary, indicate in a general way the amounts of money involved in operation of the city for 1944. In giving out the figures, Mayor Dagggett cautioned that while those on income could be considered complete those on expenditures were totalled to about the middle of November. However, His Worship felt that, while he was unable to present a precise picture, a general trend would be indicated.

Major item of expense was schools which were responsible for an estimated \$109,423 expenditure. Against this was a revenue of \$30,909, made up almost completely of the government schools grant. Thus, education costs to the citizens would be over \$70,000, or approximately \$7 per person for the year on a basis of 10,000 population.

Other expenditures, not yet final, included: fire department, \$21,389; hospital, health and social services, \$23,982; relief, \$2,395; Pioneer's Home, \$3,219. These, being regular expenditures, were covered in estimates advanced by council at the beginning of 1944.

Revenue Figures More Complete

On the revenue side of the picture, the figures are more nearly complete, although they will not be known exactly until they are admitted early this year. Greatest single source of revenue was the city water system, which grossed \$106,541, and, after expenses, yielded a profit of \$87,076. The telephone system grossed \$58,017, and yielded a profit of \$16,303. Profit from the public works department was \$7,334.

Permits, licenses and police fines yielded a total of \$50,216 from the following sources:

- Police fines, \$20,883.
- Dog Tax, \$919.
- Building and plumbing permits, \$847.
- Trade licenses, \$11,598.
- Sundry receipts, \$681.
- Poll tax, \$7,432.
- Interest on arrears and general and local improvement taxes, \$662.
- City's share in motor licenses from provincial government, \$6,212.
- Tax arrears paid to the city in cash totalled \$12,644. Unpaid taxes in arrears amount to \$5,526.

From the sale of city owned lots the city received \$37,747.

FATAL FIRE IN WINNIPEG

WINNIPEG, Jan. 15 (AP)—Two women are dead and a man and woman are injured as a result of a fire which swept a three-story building—the Continental Block—in downtown Winnipeg early today. The dead are Mrs. Clara Paul, aged 65, and her daughter, Miss Bertha Paul, 30.

Derailment On Railway Spur

The local railway yard crews had a ticklish job on their hands today as a result of an unusual derailment accident early Sunday morning. Several cars which were being switched down the loading spur at the rear of the main railway wharf shed near the station became uncoupled and moved on down the spur. Out of control, the first car climbed up the block at the dead end of the track on to the road, remaining upright. Two of the truck king pins were, however, broken. The car was laden with flour for the Queen Charlottes which was transferred to the steamer Cassiar.

Attack On Singapore

This is What Germany Expects From Allies While Japs Engaged Elsewhere

LONDON, Jan. 15 (CP)—A German naval commentator predicts that the Royal Navy may launch an attack against Singapore or the Netherlands East Indies soon. The German commentator says such an attack probably will take place while the Japanese fleet is tied down by American operations on Luzon.

FISHERMEN'S PROTECTION

The current issue of the British Columbia Gazette contains notice of application to be made at the next session of the Legislature for an act to incorporate a group of Vancouver, Prince Rupert and Massett men "for the purpose of insuring against loss or damage to boats, gear, floating and other equipment and personal effects of persons engaged in the fishing industry on the west coast."

STRIKE IS UNSETTLED

VANCOUVER, Jan. 15 (AP)—Negotiations have once more broken down in the six-day-old strike of street car and bus operators in Vancouver, Victoria and New Westminster. Union officials offered to negotiate following a statement from Deputy Labor Minister MacNamara that there is nothing to prevent company and union officials from conferring about settlement.

However British Columbia Electric Railway Company officials have reiterated their refusal to negotiate. They contend that it is an illegal strike and therefore they cannot confer with the men on any basis for settlement.

O. A. Rowan, general executive board member of the Street Railwaymen's Union of the American Federation of Labor arrived here from San Diego and declined to comment on the strike. Union officials said it was hoped to start conference between him and the union advisory committee at once with a view to bringing together the union, company and government representatives.

Bill White Due In Vancouver Tonight

VANCOUVER, Jan. 15 (AP)—Sapper William W. White of Prince Rupert is one of a number of repatriated Canadian soldiers scheduled to arrive here on a hospital train tonight.

UNITED STATES LOSSES
WASHINGTON—The Department of War announced today that 40,000 Americans had been lost so far in the battle of the Belgian bulge.

Battles Sweeping Whole Eastern Front - Budapest South, Memel On North

Soviets to Eclipse Anything Else They Have Ever Thrown Against Nazis

LONDON, Jan. 15 (CP)—Battles are sweeping the entire six hundred miles of the eastern front from Budapest in Hungary to Memel on the Baltic, the German High Command said today, with the Russians launching five new offensives in Poland and East Prussia. The German communique said that the Russians had opened the "big winter battle between the Carpathians and Memel." Altogether the Russians are storming westward in seven different sectors.

The Germans admit that the Russians have forced a strong bridgehead over the Neda River in southern Poland, penetrating to within 62 miles of Germany's Silesian border and 32 miles of Krakow. Associated Press dispatches from Moscow said indications were that the Red Army may shortly engage every division on the eastern front in some of the heaviest battles of the Russo-German war, eclipsing perhaps anything the Soviets have yet thrown against the Nazis.

Advancing a mile an hour towards German Silesia, the Red Army has cut the main railway line between Krakow and Warsaw in Poland. Americans Now Only 91 Miles From Manila and Have Yet to Encounter Serious Resistance

Truce In Effect

All Quiet In Greece

Hostilities Between Left Wingers and British Troops Finally Ended

ATHENS, Jan. 15 (CP)—A truce ending hostilities between the left wing E.L.A.S. militia and British troops went into effect today.

The peace was negotiated with E.L.A.S. leaders by Lieut. General Ronald Scobie, British commander, who yesterday told cheering demonstrators that his forces would protect the Greek people and their liberties against revolution from any quarter.

SLAYER CONVICT GIVEN RESPITE

VICTORIA, Jan. 15 (AP)—Daniel Harrison, aged 29, honorably discharged soldier, was granted respite at the week-end when the British Columbia Court of Appeal reserved judgment on Harrison's appeal against conviction on a charge of murdering Clifford Lennox and sentenced to hang this Wednesday. Harrison is a former resident of Edmonton.

RUSSIA TO SHOW HAND

TOKYO—The Domei News Agency said today that Russia would show its hand in regard to the war in the Far East by April.

In Philippines—

Agno River Is Crossed

Americans Now Only 91 Miles From Manila and Have Yet to Encounter Serious Resistance

SOUTHWEST PACIFIC COMMAND, Jan. 15 (AP)—The United States Sixth Army on Luzon Island passed a formidable barrier as they crossed the winding Agno River, 91 airline miles from Manila, still meeting negligible resistance. They expanded their Lingayen Gulf beachhead 35 miles to a total of 45. General Douglas MacArthur reported today. The Americans hurled the Agno, where the enemy had been expected to make a stand, at Bayambang and continued southward at a pace limited only by the ability of supply columns to keep pace with them. The important rail and highway junction of Damortis was captured on the north end of the line and the Americans approached Alaminos on the southern side of the crescent-shaped arc.

ASK ABOUT DRY DOCK

At the last regular meeting of the Trades and Labor Council, August Wallin, president; J. S. Black, vice-president and P. A. Bond, secretary-treasurer, were re-elected to office for the ensuing six months period. J. Mulrone, Nick Bird and Tom Andrewchuk were elected as trustees.

A resolution that was previously drawn up and dispatched by the executive to the Opposition in the federal house, requesting that the government be asked to state its stand on the floor of the House regarding its future policy towards the status of the Prince Rupert Dry Dock and Shipyard as a shipbuilding entity, was heartily endorsed by the meeting. This action was decided upon when the Council considered that the government's reply to a previous resolution was non-committal.

A wire to the executive of the Street Railwaymen's Unions in Vancouver, Victoria and New Westminster was dispatched extending the moral support of the Council in their strike action, because it was felt that the attitude of the National War Labor Board in dealing with their case was provocative in the extreme and the real cause of the action taken by the Unions.

Task of the Years . . .

The victory in Europe, which seemed so near when British, American and Canadian armies were romping across France as rapidly as motor tourists in a hurry, is yet firmly to be grasped. At the moment it is far from certain that fighting will not be proceeding on a seventh Christmas.

It should never be forgotten that continuing war is cause of continuing sorrow for mothers and fathers and wives and sons and daughters. The price of victory must ever be the tragedy of individuals, and no nation can be as rich as not to suffer from the absence in their mature years of the young who on the verge of manhood answered the call of duty and went forth to fight and die. The more glorious their death, the greater is the

responsibility of duller, less able people who are left to live and work. How high can we hold the torch? Can we make Canada as great as it should be to justify the death of such heroes? Can we teach ourselves to preserve the ancient freedoms and to press forward to a new day when folly will not lead to threat of destruction, when partisanship succumbs to patriotism, when knowledge prevents the prosperity of false prophets, when government by the people is always for the people and not merely of the people?

The task is one demanding the work and thought and prayers of every living soul, man and woman, rich and poor, skilled and unskilled, townsman and farmer, unionist and individualist. It demands work at cockerow and the burning of midnight oil. It is not merely reconstruction. It is dedication. It is building. It is recovery and advance beyond. And the effort will definitely fail unless we are not only willing but eager to labor to the limit of brain and muscle.

The soft years are gone for a generation or longer.

The Saskatchewan professor who advocated establishment of a "residential, agricultural, co-educational" college in his province, must have hopes of seeing prairie foliage grow as long as his own verbiage.

Prince George Man Slightly Wounded

A Canadian Army casualty list just released lists as slightly wounded Pte. Arthur Frederjek Greensill, of a B. C. regiment. His mother, Mrs. Nellie Greensill,

lives at Prince George.

Listed as slightly wounded is Pte. Percy Glen David English, of a B. C. regiment. Pte. English is the son of Mrs. Mary E. English care of C.N.R. B. and B. 41 who is understood to be now living at her home at Dome Creek, east of Prince George.

RAILWAY COMPANY ANXIOUS TO KEEP PR. RUPERT BUSY

Continued from Page 1

pany, naturally, was desirous that the organization should be maintained and would do all in its power to obviate its being broken up through lack of work.

The vice-president felt that the ideal set-up for the local yard would be a backbone of steady new construction work which would keep the organization intact and in readiness for carrying out repair jobs—large and small.

Mr. Devenish pointed out that the negotiation of contracts for work at the local yards was carried out by the executive at Montreal. He referred to the general falling off in ship-building activity which was seriously affecting shipbuilding plants all over the country.

"I have never seen a better spirit existing in any industrial organization than is apparent at the Prince Rupert dry dock," said Mr. Devenish who had spent the better part of a couple of days at the local yard and who had just come to the interview with the Chamber of Commerce from attending a meeting of yard foremen.

The vice-president told the delegation that there were at present 389 men on the payroll at the yard. One of the two ships at present building at the yard was now fitting out and would be ready for sea by February 20. The other was at present on the ways and was expected to be ready for launching by March 10.

The railway management was interested in the maintaining of shipbuilding and repairing activity here not only from the standpoint of the yard itself but because of the traffic which it developed for the railway line.

Mr. Devenish paid tribute to the fine organization which had been built up here by the manager, Mr. Allen. The yard had won a high reputation both in the building and repairing of ships.

If no more ship contracts were available, Mr. Devenish was asked what staff might be maintained at the plant. He suggested it, at least, would be no less than before the war as a result of which a dilapidated plant had been modernized and put in shape for large work. "We certainly hope," he said, "that sufficient work will be available to maintain the organization." It was not at all likely that the plant would be dismantled.

Mr. Devenish was non-committal as to what might be expected in the way of shipbuilding after the war or as to what the Canadian National's program of new ship construction for service on this coast might be. He reminded the Chamber that it had already been advised by the president, Mr. Vaughan, that the matter of the company's post-war coastal steamship requirements was under consideration.

Future Size of Prince Rupert

The vice-president, on the question of the future of Prince Rupert generally being brought up, commented that the place had been handicapped by the fact that there had been no ocean going shipping developed out of the port despite its natural advantages and ideal location. "No matter what the future may hold in store, however," observed Mr. Devenish, "a good dry dock and shipbuilding plant such as you now have will always be a benefit." There was a yard here which was infinitely better than it was before the war. He felt there would be no difficulty in

manning the plant could the work be obtained.

As for the future of the railway generally, Mr. Devenish realistically observed that, after the abnormal activity of war was over, it would be necessary to get back to the fundamentals such as agriculture, fishing, mining, timbering and industry for normal markets.

Mr. Devenish expressed appreciation of the conference with the Chamber of Commerce delegation. The company was always anxious to keep in touch with such organizations so as to know the local viewpoints and requirements.

The delegation consisted of President Mitchell, Past President W. J. Scott and Secretary E. T. Applewhite.

Mr. Devenish, who came west expressly to visit Prince Rupert, left Friday night on his return to Winnipeg.

He took the Universe apart

Euclid, brilliant Greek mathematician, explored new realms of science, and analyzed the universe into points, lines, angles, curves, surfaces and solids. His Elements of Geometry, has been in use, practically unchanged, through 2000 years. New worlds of knowledge were opened through Euclid's research.

RESEARCH still goes forward. Twenty-four years ago industrial research with Nickel was greatly intensified. The Nickel laboratories in Canada, the United

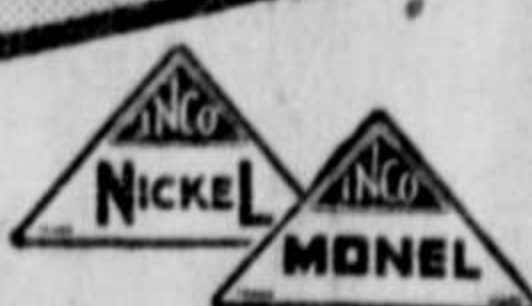

States and Great Britain have since discovered hundreds of new ways in which Nickel and its alloys can be used to make better products. This research has been a valuable aid in the great expansion of Canada's Nickel industry.

When the war is won, these laboratories will again direct their efforts toward new peacetime uses for Canadian Nickel. They will be aided by the great store of knowledge gained during the war.

Canadian engineers and metallurgists, who are constantly seeking better materials with which to make better products, are invited to make use of this store of information obtained through the years of Nickel research.

Thus will science and industry, working together, broaden the use of Nickel, and so help keep the Canadian Nickel mines and plants operating and men employed.

NAVAL WEDDING PRETTY AFFAIR

Wren Marie Elder Becomes Bride of Telegraphist John Winlaw

A charming naval wedding by candlelight was performed Friday evening in the Wren quarters here when Wren Marie Elder, daughter of Mr. and Mrs. N. H. Elder of Toronto, and Telegraphist John Winlaw of Nelson were united in marriage.

The ceremony took place under an attractive arbor of greens flanked by tall white candelabra and was performed by Naval Padre Gods.

The bride, given in marriage by Lieutenant F. H. Peters, was dressed in uniform and carried a white prayer book pinned with white gardenias and silver streamers.

The bridesmaid, Wren Jenny Berke, also carried a prayer book trimmed with tulle and roses.

The groomsmen were Telegraphist David Humphrey.

A guard of honor was formed by Wrens Almon, Maxwell-Smith and Mathie and Telegraphists Garvin, Douglas and Miller.

During the signing of the register, Wren Laura Lang sang "Because."

A reception followed with Skipper Lieutenant Williams proposed the toast to the bride.

The bridal couple left immediately after the ceremony and will spend their honeymoon in Toronto visiting the bride's family.

HIGHLIGHTS IN A BLACKOUT

A Chinese employee of a Third Ave. cafe who sought to obey the admonition "Let there be light" during a power failure Friday night left both himself and the fire department in the dark.

In an attempt to light a gasoline lamp after the electric power shut off, gasoline escaped and created a wild blaze. The Chinese quickly grabbed the lamp and hurled it out the front door onto the street where the gas quickly burned out.

In the meantime another Chinese in the cafe, an employee of a produce store across the street, dashed to a telephone and called the fire department. In his excitement he told the firemen to go not to the cafe but to the produce store.

When firemen arrived at the store they met with bafflement. There was no sign of a fire. Several inebriates on the street indicated the presence of fire water but that was all. They made rollicking offers of assistance.

Seeking the source of the call Chief Lock inquired at the cafe where he was told what had occurred. The fire, his informant added needlessly in the blackout, had already been put out.

Flier Born Here Recovering From Bomber Crash

Flt.-Lieut. Robert Allan Clothier, R.C.A.F., born in Prince Rupert and son of a former well known mining man of Stewart, has been taken off the "seriously injured" list on which he was placed after he received a broken back when the Mitchell bomber which he was piloting crashed and burst into flames at Boundary Bay on December 23.

A veteran of the air war over Germany, Flt.-Lieut. Clothier is the son of Mr. and Mrs. R. A. Clothier of Vancouver, formerly at Stewart.

CHURCH HAD GREAT YEAR

Success in Every Department of First Baptist—Rev. W. W. Silverthorn Drawing Large Congregations

The year 1944 was one of definite success for First Baptist Church, according to reports presented at the annual congregational meeting last week. Each department reported steady progress in attendance, membership and financial standing. There has been a notable increase in membership of 29 and during the past several months congregations have filled the church to capacity. The church has the gratifying sum of \$1235.90 in the treasury.

Rev. W. W. Silverthorn, the pastor, presided at the annual meeting. He declared all offices of the church vacant and then presented a new constitution for the church which was unanimously adopted by the membership.

The following officers for the ensuing year were elected:

Deacons—P. H. Linzey, P. D. Kelly, B. Edmundson, S. Calder and Mayor H. M. Daggett.

Clerk, Miss Kay Watson.

Treasurer, Mrs. P. H. Linzey.

Finance Committee—P. H. Linzey, A. E. Martin, C. H. Elkins, Mrs. P. H. Linzey and Miss Kay Watson.

Envelope Steward—C. Raimor.

Building Committee—Mrs. A. E. Martin, P. D. Kelly and B. Edmundson.

Deaconesses—Mrs. P. D. Kelly, Mrs. B. Edmundson, Mrs. J. C. Gilker and Mrs. A. E. Martin.

Organists—Miss Kay Watson and Mrs. J. C. Gilker.

Choir Leaders—C. Reimer (senior) and Mrs. P. D. Kelly (junior).

Auditors—Mayor H. M. Daggett and A. E. Martin.

Sunday School Superintendent, P. D. Kelly.

Assistant Sunday School Superintendent, Miss Kay Watson.

Missionary Treasurer, Mrs. H. Berg.

Church Reporter, Mrs. A. E. Martin.

Votes of thanks were tendered to the choir leaders, organists, leaders of Canadian Girls in Training and Trail Rangers, the Young People's Societies and ushers particularly the Misses June Berg and Gladys Carroll.

The congregational meeting was preceded by a supper and a brief musical program which included vocal quartettes.

P. H. Linzey, in a suitable speech, extended a hearty welcome to new members.

Mrs. P. D. Kelly was convener of the committee of ladies which prepared the supper and which was accorded a vote of appreciation.

Mrs. J. D. Fraser sailed Saturday night on the Prince George for a visit to Vancouver.

intendent, Miss Kay Watson. Missionary Treasurer, Mrs. H. Berg. Church Reporter, Mrs. A. E. Martin.

Votes of thanks were tendered to the choir leaders, organists, leaders of Canadian Girls in Training and Trail Rangers, the Young People's Societies and ushers particularly the Misses June Berg and Gladys Carroll.

The congregational meeting was preceded by a supper and a brief musical program which included vocal quartettes.

P. H. Linzey, in a suitable speech, extended a hearty welcome to new members.

Mrs. P. D. Kelly was convener of the committee of ladies which prepared the supper and which was accorded a vote of appreciation.

Mrs. J. D. Fraser sailed Saturday night on the Prince George for a visit to Vancouver.

Why is Friday a good day to bake?

It is a favorite day for week-end baking -- and among Canada's best cooks the favorite flour for bread, cakes and pastry is

Good News! For folks with sniffly **Head Colds**

Quick relief from the sniffly, sneezy, stuffy distress of head colds is what you want. So try Va-tro-nol—a few drops up each nostril—to reduce congestion, soothe irritation! And Va-tro-nol also helps prevent many colds from developing if used in time. Try it! Follow directions in folder.

VICKS VA-TRO-NOL

TO THE PEOPLE OF PRINCE RUPERT WHO SUFFER WITH THEIR FEET

You will be interested to know that there is a man in town who has had a wide experience in the correction of fallen arches, and can make Arch Supports that will relieve that painful and tired feeling that only foot sufferers can explain.

Mr. Bill Terry, with many years of study of foot ailments, is now in Hill's Shoe Store, and will be pleased to take an impression of your feet and let you know what can be done in your individual case.

Mr. Bill Terry is also in charge of the Shoe Repairing Dept. where your repairs are executed neatly and promptly. Call around and see him for either reason.

We can say this in three words ---

"WHERE DOLLARS HAVE MORE CENTS"

UNEMPLOYMENT INSURANCE

What it is

It is a PERMANENT INSURANCE plan. Employers, workers, the state, all contribute. Bonds are bought with the money. The interest earned is added to the fund. The fund now totals more than \$250,000,000. Benefit is paid to unemployed, qualified persons.

What it is not

It is not a temporary war measure. Contributions are not a "tax." Benefits are not "relief." It is not just a way of raising money for the war. It is not an experiment.

Unemployment Insurance is here to stay because it is in line with all up-to-date, forward-looking methods for meeting social problems. It is planned co-operation, and its value will be demonstrated more and more as time goes on.

Basketball—

SIX GAMES SCHEDULED THIS WEEK

Port Edward, Navy and High School girls are leaders respectively in "A", "B" and Ladies basketball leagues, each with an unbroken series of wins. Acropolis, Soo Suds and W.D.'s are respective runners-up in the three groups.

Six games will be packed into two playing nights this week. At Acropolis on Wednesday night Allies will meet High School and the Acropolis hoopers will join battle with their countrymen from Port Edward two hours later.

At Twenty-Ninth Regiment hall R.C.A.F. will play Twenty-Ninth Regiment. At Seal Cove C.W.A.C.'s will meet Mussallems in the ladies league, Fortress will meet Navy in Section "B", and High School will tackle Co-ops in Section "A".

Present league standings follow:

A Section			
	W	L	Pct.
Port Edward	6	0	1000
Acropolis	7	1	.875
Amer. Officers	5	3	.625
City	3	5	.375
Co-op	1	6	.143
High School	0	7	.000
B Section			
	W	L	Pct.
Navy	8	0	1000
Soo Suds	5	2	.714
Fortress	4	3	.571
R.C.A.F.	2	5	.286
Ninth	2	5	.286
Ladies			
	W	L	Pct.
High School	7	0	1000
W. D.'s	3	2	.600
C.W.A.C.	3	4	.429
Mussallems	3	4	.429
Allies	3	4	.429

Terrace Board to Have Annual Dinner

TERRACE, Jan. 15—A committee of the Board of Trade held a meeting on Thursday to make plans for a banquet of moderate dimensions on the occasion of the annual meeting when it is anticipated several new members will be enrolled. This committee also had entrusted to it the business of overhauling the bylaws, some of which have become obsolete. Good progress was made, chiefly in the direction of simplicity. It was felt that too many bylaws defeat the object of the Board of Trade. Few prospective members enjoy being threatened with penalties if they don't keep to the rules, so the committee did considerable expunging and substituted a few necessary rules.

DIRECTING PICTURE

"Studio Scrapbook" popular CFPR morning program, will not be heard during the next two weeks. Announcer Bob Willett is on loan from the Canadian Broadcasting Corporation to the local Health Unit to direct a feature motion picture entitled, "A Test in Time." The film will show technicolor scenes of the city and district and will outline the many activities of the Unit and the agencies which assist in its work. It is expected that the picture will be ready for release in about two months' time. It will be shown in Prince Rupert as well as in other parts of the province.

Whifflets
From The Waterfront

Large quantities of frozen halibut and other fish from Ketchikan are now moving through Prince Rupert to the United States. Yesterday afternoon the motorship Northland arrived with 22 carloads and returned this morning to Ketchikan. She will be back tomorrow night with another 16 carloads and will then go back to Ketchikan for still another load before going on to Seattle. Recently the Northland delivered no less than four straight loads of frozen fish here.

On her way from Vancouver to the Queen Charlotte Islands on a regular voyage, Union steamer Cassiar, Capt. Harry McLean, was in port yesterday, leaving last night. The vessel had a good-sized list of passengers. While coming up from Vancouver the Cassiar had an exceptionally rough crossing of Milbank Sound.

CATTLE PRICES HIGHER

AYR, Scotland ©—Spectacular prices marked two recent Ayrshire cattle sales, with the top price of 2,000 guineas (about \$9,400) for a 10-month-old bull, Burton Knight Errant. The five-year-old stock bull Bargover Golden Future brought 1,700 guineas.
