War News Highlights

On Italian Front

ROME-The Germans have made it clear that they do not contemplate an immediate withdrawal from their present positions on the Italian front. Fifth Army troops attacking enemy positions southeast of Balogna have achieved a certain measure of success in a limited offensive which lasted two days but the Germans offered formidable resistance and a dispatch from Rome acknowledges that the attacking Fifth Army forces suffered numerous casualties.

Battle of Manila

MacARTHUR'S HEADQUARTERS-American forces have cleared the Japanese from parts of the fire-swept business section of Manila. However, the Japanese continue to hold out in the southern part of the city. Enemy forces have shelled the liberated Santo Tomas internment camp where more than 3600 Allied Nationals were housed. Some of the released internees were wounded.

VERY COSTLY

Police Officer Emphasizes Need of Recreational Facilities

"The rising tide of juvenile delinquency in Prince Rupert i costing the citizens a terrific toll in damaged property and damaged morals." Constable Gardiner of the City Detachment of the B. C. Police told the Kinsmen Club of Prince Rupert at a meeting at the home of Clarence Thomson last night.

The remarks were made in the discussion by the club on the taking over of the Prince Rupert Athletic Club. The speaker went on to cite incident after in cident that had come to the attention of the authorities. When the lad is asked why he break the law, why he throws stones a street lights or breaks open an automobile he will tell you tha there is nothing else to do. Th solution then, said Constable and gymnasia but nobody seem to do much about it.

At the same discussion, J. Nicoll, one of the founders of the Athletic Club, outlined growth of the club and told the members of some of the problems they had faced and of the problems yet to be faced.

Rowdyism and drunkenness while comparatively rare among the 12 to 14 year old youngsters, lems to be faced.

At the conclusion of the discussion which was the principa business at the meeting, the sians have broken into the Bal- on every member to be prepared bor.

Price Economy Must Yield to It, Says Lecturer

The picture of the price system as we now know it, withering into the grave and being replaced by a bouncing new scientific economy which will ******** provide adequately for everyone in North America was outlined Milton Wildfong, Technocracy lecturer in the I.O.D.E. Hall

> Speaking on the theme "What Price Security,' Mr. Wildfong forecast a collapse of the price system of control following the war due to the fact that technological advancement has out moded the man-hour as a unit of

"This is an era of abundance and our economic and social problems arise from the fact that. our system is not geared to the times. We live under an economy of scarcity, created in the past when scarcities were terrifying realities. Money itself is designed to contribute to searcity. In the face of abundance prices drop and distribution falters."

Citing the depression as an example of populations choosing to exist in an environment of scarcity in the midst of plenty the speaker said that each succeeding depression would be increasingly severe until the price system collapsed.

"In 1929 when North America arrived at a period of plenty, the economy based on scarcity collapsed. In spite of the optimism of Herbert Hoover and Arthur Brisbane it folded up. The 'recession' of 1937 was even more precipitous. It would be wise to institute a system of controls in line with our abundance."

At the present time Canada i producing five times as much as it did before the war with threequarters of a million of its best men in the armed services. The north American continent with 12,000,000 men under arms. able to supply its armies, give lend lease and yet maintain the highest standard of living that it

Distribution Is Problem

"Obviously then, the need not for man-hours but for a system of distribution that will operate to the benefit of everyone, not just a privileged few. At the end of the war we will face every problem we faced at the beginning of the war and when the inevitable social change comeonly a system that is designed for the welfare of every individual will be good enough."

Mr. Wildfong affirmed Tech nocracy's stand against the inclusion of orientals in its ranks and said that it was primarily for North Americans. The export of goods to China

and India was economically unsound, he said, because their vast nquiry has completed hearing populations and high population

"The experience of the British in India has been that, while their efforts have benefited few, the total effect of their work The incidents were alleged to has been smothered by great

New Period in United States Foreign Policy - Problems of Liberated Countries Getting Attention

WASHINGTON, D.C., Feb. 8 (CP)—Following announcement yesterday that Churchill of Britain, Roosevelt of United States and Stalin of Russia, at a meeting somewhere in the Black Sea area, had reached "complete agreement" on joint military oprations for the winding up of the war against Germany, Big Three plans for joint political action in Europe are expected to be completed within the coming week. John M. Hightower, Associated Press staff writer, says these plans will mark the beginning of a new period in United States foreign policy by calling for active American participation in European settlements. The plans are being worked out by Roosevelt, Churchill and Stalin at the conference which started on Monday and is now believed half-finished.

Presumably the meeting is taking place on Russian soil, possibly in the Crimea, in order to allow Stalin to continue close supervision of the Russian invasion of Germany.

A joint announcement said that political problems of Europe are the prime concern of the meet-

Problems of many troubled countries, notably YugoSlavia, Poland, Italy and Greece, will be discussed.

Highway Repairs Are Being Sought

The Prince Rupert Chamber of Commerce is making represen tations to the provincial department of public works requesting that repairs be made to the section of the Prince Rupert Highway between Galloway Rapid Bridge and Prudhomme Lake in and economic plan for the meetgovernment.

> wool dress with navy blue ac- 13, 8:00 p.m. cessories and was attended by United Church Valentine Tea, her sister, Mrs. A. Macfarlane, Feb. 15. wearing a mustard-colored wool dress with brown accessories. The groom was attended by Cpl. Lloyd T. Morris, United States

The reception was held at the home of Mrs. J. R. Murray which | urday: was decorated with pink and white streamers, the three-tier February 22. wedding cake being featured in the decorated archway where the bride and groom cut the cake and received congratulations from some forty guests. Delicious refreshments were served in a form of a buffet sup-

Mr. and Mrs. Baldwin will reside in Prince Rupert where the groom is now stationed with the United States Army.

The board of directors of the highly enlightening picture on fire marshal, H. T. Lock. In his Prince Rupert General Hospital Russia. "The Nose Has It," a report for the month, Chief Lock was in regular monthly session (34) notified the hospital board last last night. President G. P. Tinker night that notices to this effect was in the chair and others in had been put up in the hospital. attendance were Arnold Flaten, The chief advised the board that Thomas B. Black, W. O. Fulton, the fire alarm systems were in T. H. Sorensen, Robert Gordon good order and housekeeping W. M. Watts and Mrs. S. A. Keilounces of peroxine powder from any conditions were satisfactory in back, directors; H. W. Birch, both hospital and nurses' resi- managing secretary, and Miss P. M. Mooney, lady superintendent.

 Authorities say the difference between husky children and those who are poor eaters, underweight and nervous is often simply a matter of proper nourishment, especially an adequate supply of vitamins.

But vitamins alone are not enough. For authorities now agree that vitamins do not work alone. They work as a team with certain other food elements.

For this reason, thousands are switching to Ovaltine. Unlike mere 'vitamin carriers," Ovaltine food beverage contains not only extra vitamins but nearly all the precious food elements needed for health and top vitality. These include Vitamins A, B1 and D, the important minerals calcium, phosphorus and iron, high quality proteins and quick energy fuel-food—a combination of food elements authorities agree are needed for best results.

So, if your child is thin, nervous and not developing properly, why not turn to Ovaltine as thousands are doing. Three normal meals plus two glasses of Ovaltine a day give your child all the extra amounts of vitamins and minerals needed for health and top vitality.

Good Eating for the Lunch Boxes

and so easy to mix!

ALL-BRAN RAISIN BREAD

1 cup Kellogg's All-Bran 14 cup sugar 21/2 cups sifted flour 1/4 cup molasses 2 teaspoons baking cup sour milk or 11/2 teaspoons salt ½ teaspoon soda

Beat egg well. Add sugar, molasses, milk, shortening (melted and cooled) and All-Bran; mix well; let stand until most of moisture is taken up. Sift flour, baking powder, salt and soda together; add to first mixture with raisins; stir only until flour disappears. Bake in greased loaf pan lined with

1/2 cup chopped raisins

waxed paper in moderate oven (350° F.) about 1 hour.

Extra good and so different! This rich brown loaf has that heavenly nut-likeflavouronly Kellogg's All-Bran can give ... and that marvelously soft, light All-Bran texture. Perfect for the lunch boxes because it's packed with nourishment and keeps fresh. Clip the recipe now and get Kellogg's All-Bran from your grocer today. 2 convenient sizes. Made by Kellogg, London, Canada. Helps keep you regular-
