TANKER DINAMAC SAFE AFTER BOUNDING IN Q.C. SOUND

Crew of the Home Oil Distributors tanker Dinamac is safe and unharmed after their vessel flourished around all yesterday in Queen Charlotte Sound losing her rudder. The vessel was finally picked up by a Pacific Coyle tug. The Dinamac had left Prince Rupert Saturday morning for Vancouver after delivering fuel at the company's local station.

NAZIISM GIVEN DEATH WARRANT

Germany's Conquerors Formally End Nation's War Making Powers
BERLIN, Sept. 26 (CP)—Germany's conquerors have acted formally to end the war making power of the country. A 48 point proclamation has been issued abolishing abolition of all German land, naval and air forces. SS and SA bodies and the Reichstag are all the groups which serve to keep alive the Nazi tradition in Germany—army general staff, the officers corps, reserve corps, military schools, war veterans' organizations, and other military quasi-military formations. The proclamation also signed final death warrant for the Nazi party.

ARMEN RETURN HOME RAPIDLY

OTTAWA, Sept. 26—More than 100 R.C.A.F. personnel have been repatriated from Europe by the May 1 of this year. If the present rate of return is maintained, it is expected that, except for those needed for the Canadian air force, all Canadian air force men will have been brought home by the end of March.

ORGANIZING AUTO CLUB

Membership in the local branch of the B. C. Automobile Association is rapidly growing in the near future. The A.A.A. members will be seen on the main street of local cars. Members of the steering committee met last evening in the Commodore Cafe and reported their response when contacting car owners in the membership drive. Further plans were made for a general meeting to be held within the next two weeks, definite date of which will be announced later. The Kaien Hardware has been selected as the official distributing point of information. Bruce Brown will be the local solicitor for the branch here. Those present at the meeting were J. H. Black, J. Comadina, C. Thompson, J. Wrathall, C. S. J. Hunter, A. Budinich.

MacARTHUR'S CORRECTION

Did Not Say Occupation Could End in Six Months—It might Last "Several Years"

TOKYO, Sept. 26 (CP)—Occupation of Japan might last "several years" although with a minimum of occupation forces involved, General Douglas MacArthur said through a headquarters spokesman yesterday. The statement denied that the supreme commander had ever stated that occupation forces could be withdrawn from Japan within six months.

Ted Dealey, president of the Dallas, Texas, Morning News, had said on September 21 in a signed article that MacArthur had told him the occupation could end in six months "if we are not too ruthless and cruel."

The headquarters statement yesterday said that this was incorrect and "what he said was that occupation forces under favorable conditions could be reduced to minimum size in six months."

Meanwhile, MacArthur, armed with a new presidential directive making it clear he is the highest authority in Japan, clamped his swiftly tightening controls even more rigidly on the political and economic life of conquered Japan.

Japan's cabinet has been meeting to discuss problems which well-informed sources say included mounting food shortages and repatriation of Japanese civilians from Manchuria to Korea.

Search continues for General Kenji Dohara, once called Japan's "Lawrence of Manchuria," who was his country's advance agent in its Asiatic conquest. His arrest was ordered last week by MacArthur.

MacArthur's code for the Japanese press specified that "news must adhere strictly to truth" and said "nothing may be printed which might directly or indirectly disturb public tranquility."

ANNAMITES IN REVOLT

British Forces Fire Mortars And Heavy Machine Guns Into Indo-Chinese Independence Forces

SAIGON, Sept. 26—An uprising of Annamites (Indo-Chinese Independence) forces took place yesterday and British forces fired mortars and heavy machine guns in efforts to halt the disturbance.

The Annamites, seeking immediate independence, have opposed the return of French rule to the Southeast Asia country, which was taken over by the Japanese at the fall of France.

NEW RECORD IN REVENUE

Statement on Financial Affairs By Premier John Hart

VICTORIA, Sept. 26—British Columbia provincial government revenue reached a record of over \$40,800,000 during the last fiscal year ending March 31, Premier John Hart announced yesterday. The revenue surplus was \$6,900,000. The gross debt is \$150,500,000, a reduction of \$14,000,000 since 1941.

As soon as the heat had sufficiently subsided, it was supposed that the ruined hulk would be entered if possible to find the body of the fireman, Verdon McDaniels, who was supposed to have perished in the stakehold in which he was trapped. He Daniels is reported to have been heard screaming in the blazing ship but it was too late then to save him.

According to Lieut. G. C. Bastedo of the Royal Canadian Army Service Corps here, who was aboard the Army Service boat General MacArthur, which took part in the removal of the Prince George from the dock at Ketchikan, the fire was at its worst as the liner was being towed down Tongass Narrows to her final resting place. Great flames were leaping out of her

Parley Atmosphere Is Improved

TOKYO AS ALLIED TROOPS SEE IT—This aerial view of the industrial section of Tokyo, along the Sumida River, gives a good indication of the extensive damage caused by Allied saturation raids on the Jap capital. Modern steel structures remain intact in the midst of wide areas of rubble and debris.

TRAINS TO STAND STILL ONE HOUR

MONTREAL, Sept. 26—When clocks throughout Canada are set back from daylight saving to standard time at 2 o'clock next Sunday morning, railway trains will stand for one hour at the nearest stations in order to effect the adjustment.

BILLY CONN DISCHARGED—WILL FIGHT

NEW YORK, Sept. 26 (CP)—Billy Conn, the pride of Pittsburgh, was discharged from the United States Army yesterday and left for his home in Pittsburgh for a brief rest. Conn plans to resume again in civilian rings his campaign for a shot at champion Joe Louis, and the world's heavyweight title.

LETTING OUT RESERVISTS

Eleven Thousand Skilled Air Crew May Consider Themselves Out of Service

OTTAWA, Sept. 26 (CP)—Air Minister Gibson announced last night that the 11,000 skilled R.C.A.F. aircrew placed on the reserve list now may consider themselves as discharged from the service. The Minister said no action is necessary to make the discharge officially effective.

NEW RECORD IN REVENUE

Statement on Financial Affairs By Premier John Hart

VICTORIA, Sept. 26—British Columbia provincial government revenue reached a record of over \$40,800,000 during the last fiscal year ending March 31, Premier John Hart announced yesterday. The revenue surplus was \$6,900,000. The gross debt is \$150,500,000, a reduction of \$14,000,000 since 1941.

NON-CONFIDENCE IS VOTED DOWN

Progressive-Conservative Amendment Rejected in Ottawa House

OTTAWA, Sept. 26—A Progressive-Conservative want of confidence motion in the government last night, the division being 163 to 57. A Social Credit amendment had been previously rejected by unrecorded vote.

Documents Are Discovered—NAZIS HAD AMBITIOUS PLANS FOR BRITAIN'S INVASION AND CONQUEST

BRUSSELS, Sept. 26 (CP)—The Nazis had drafted elaborate military plans for the invasion and speedy conquest of Britain prior to the fall of 1940. The plans have been disclosed from German military maps stolen by the Belgian underground. The maps of the British Isles—removed during the war from the Brussels Gestapo headquarters—were dated August, 1940, and showed that the Nazis had made full preparations for their invasion before that date.

Meanwhile documents discovered in Berlin reveal that the Germans in the autumn of 1940 were preparing to strike at southern and southeastern England with 22 divisions and with 17 divisions in reserve, it was learned yesterday. Attack in that area would have involved Canadian troops within a day or so of landing.

BACK-FIRING OIL BURNER

May Have Been Cause of Fire On Steamer Prince George—Fireman Screamed As He Perished

A back-firing burner as heat on the boilers was being shut down following the ship's docking last Saturday morning at Ketchikan may have been the origin of the fire which completely destroyed the steamer Prince George at the Alaska port. Of course, this is but speculation and the full circumstances of the disaster will not be known until an inquiry is held.

The veteran coast liner now lies at a 45-degree list to the port side on the rocky shore of Gravina Island about two miles from Ketchikan where she was towed and beached following her abandonment. Her starboard side is collapsed and, according to word reaching here, the destruction was so complete that little of salvage value remains.

Following the beaching a series of explosions, each accompanied by a dull thud, occurred. A larger explosion took place about midnight, supposedly being caused by the boilers blowing up.

The ship was still smouldering as late as 3 o'clock Sunday afternoon.

As soon as the heat had sufficiently subsided, it was supposed that the ruined hulk would be entered if possible to find the body of the fireman, Verdon McDaniels, who was supposed to have perished in the stakehold in which he was trapped. He Daniels is reported to have been heard screaming in the blazing ship but it was too late then to save him.

HOW BUTCHERS ARE REACTING

ST. JOHN, N. B.—Saint John meat dealers agreed to wait until October 1st before taking any action in protest against rationing regulations. Many centres in New Brunswick are expected to follow Saint John's lead.

MONTREAL—More than one thousand Montreal butchers claiming to represent the views of 100,000 Montreal consumers decided to continue their strike against the present system of meat rationing. They said they will enlist the aid of other meat dealers in their fight.

TORONTO—The Independent Retail Butchers Association of Toronto decided at a meeting attended by four hundred representatives, to send a telegram to the Federal Government, urging rescinding of meat rationing regulations, "until the need becomes apparent."

VICTORIA—About fifty butchers in Victoria are remaining closed Monday in protest against meat rationing. Butchers in Nanaimo, Ladysmith and Port Alberni decided to withhold a previous decision to close until October 1 when they expect a report from the Retail Merchants' Association on the situation.

GILLIS PURCELL NEW C.P. CHIEF

TORONTO, Sept. 26—J. A. McNeil, general manager of the Canadian Press since 1939, has retired on account of ill-health and is succeeded by Gillis Purcell, assistant general manager. It is announced by Senator W. A. Buchanan, president, Mr. McNeil was formerly managing editor of the Montreal Gazette. Forty-year old Gillis Purcell has been with Canadian Press since 1928.

HIROSHIMA BUT "FIRE CRACKER"

WASHINGTON, Sept. 26 (CP)—Development of super atomic bombs, which will make the one dropped on Hiroshima a "small fire cracker by comparison," was reported to the United States House of Representatives yesterday by one of its members. He said his information came from a "most competent authority."

5,447 NAMES ON VOTERS' LIST

This Is An Increase of 2,357 Over 1941

The provincial voters' list for the October 25 election is made up of 5,447 names, an increase of 934 names over the 1941 list which was 4,513. There have been 2,457 new names placed on the list since 1941 but against these many names have been deleted. The 1945 list is now in process of completion at the provincial government agent's office by A. C. Forbes, who is in charge of compiling it.

Of the 29 polling divisions in the constituency, Prince Rupert city contains all the voters but 800. There are 4,647 voters registered here.

The increase in the number of voters was confined almost wholly to the city, the other centres showing little change from the 1941 figures.

Returning Officer A. Bruce Brown so far has not completed arrangements for voting in the city, but says that he has a tentative list of deputy returning officers for the outside divisions.

WOODS WORKERS NEEDED

OTTAWA—Labor Minister Mitchell announced a campaign to obtain 50,000 additional workers for woods operations. Mr. Mitchell said that the demand for workers is heaviest in Ontario, Quebec and British Columbia.

HARD ON TRAVELLERS
At the beginning of the 20th century there were no railroads in all of Arabia.

New Friendliness Seen At Big Five Conference

LONDON, Sept. 26 (CP)—Sudden improvement in the atmosphere around the conference table was reported today as the Big Five council of foreign ministers scheduled discussion of problems of German peace. Members of several delegations who earlier had commented on growing tension at the conference could not explain fully the new friendliness but it was pointed out that discussions had veered away from the knotty question of Russian insistence on participating in Mediterranean control and Anglo-American demands for a voice in Balkan affairs.

Bulletins

JAPAN POLICY APPROVED

WASHINGTON—President Truman said today that the present occupation policy of Japan and the appointment of General MacArthur as commander-in-chief had approval of the Allies.

HIROHITO AND MacARTHUR

TOKYO—Unconfirmed Japanese reports tonight said that Emperor Hirohito will meet General Douglas MacArthur tomorrow, presumably at the residence of the supreme Allied commander.

EISENHOWER SUMMONS PATTON

FRANKFURT - ON - MAIN—General Eisenhower today summoned General Patton to make a personal report on progress of the program of eradicating Nazis from public affairs in Bavaria. Eisenhower called for an immediate report on Nazis still holding office in Third Army territory.

SHIPYARDS CUT DOWN

VANCOUVER—It was reported here yesterday that Vancouver's steel shipyards will have an employment total of only 4,000 by next February unless new contracts can be obtained by then. The yards employed around 25,000 at the height of war contracts. South Burrard dry dock is to close in December, Clarence Wallace, president, announces. This yard employs about 800 men.

PREMIER RENOMINATED

VICTORIA—Premier John Hart with W. T. Straith and Mrs. Nancy Hodges have been renominated to contest Victoria riding which the trio won as Liberals in the 1941 election.

DANGEROUS POLICY

MOSCOW—Newspaper Izvestia said today that Field Marshal Sir Henry Maitland-Wilson was playing a "dangerous game" in making statements regarding Russia purported to him at Washington.

ESQUIMALT CANDIDATE

VICTORIA—Commander Charles Baird received the coalition nomination for Esquimalt last night, defeating the sitting member, E. V. Finland, 130 to 72.

BUTCHER SHOPS REOPEN

MONTREAL—Nearly 100 stores in Montreal, most of which sell meat in one form or another, opened today after being closed Tuesday or after having announced they would be closed as a result of visits from vigilante groups seeking to enforce the strike against meat rationing.

SPEED DEMOBILIZATION

VANCOUVER—The R.C.N.V.R. demobilization rate at H.M.C.S. Discovery, now 700 per cent, is to be doubled. Discharges will be given within one day of application.

ERNEST VALENTINE PASSES SUDDENLY

Ernest N. Valentine, pioneer local engineer and for many years identified with the staff of the local dry dock, passed away suddenly at noon at his home on Fifth Avenue East. He had been here since 1910 and was prominent in Masonic circles. He is survived by a son, James, in New York, and his daughter, Helen, here. His wife died several years ago.

POLES TO BE REPATRIATED

BERLIN, Sept. 26 (CP)—The movement of thousands of Polish displaced persons from the British and American zones of occupied Germany back to Poland is expected to start within a few days. It will be the first large scale movement of Poles, who are virtually the last big group of displaced persons left in the British and American areas.

DO NOT HAVE TO BE AGED

OTTAWA, Sept. 26—Hazen Argue, C.C.F., Wood Mountain, Saskatchewan, youngest Member of Parliament at 24 years, told the House yesterday that he did not believe a member had to be grey-headed and come limping in with a cane to make a real contribution.

37 ENDORSERS FOR PATTULLO NOMINATION

Nomination papers of T. D. Pattullo, independent candidate in the forthcoming provincial elections, were approved by Returning Officer A. B. Brown Wednesday afternoon. He was the first candidate to file papers. W. O. Fulton is his official agent. Contained on the papers was a list of 37 citizens assenting to Mr. Pattullo's nomination. The provincial Elections Act requires that at least ten qualified voters assent to the nomination of a candidate.

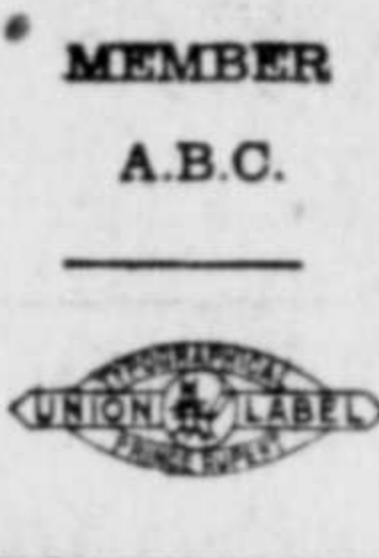

The following names which appear on Mr. Pattullo's nomination papers are in addition to Cyril H. Orme, who proposed the nomination, and George W. Nickerson, who seconded it: George Bernard Casey, William Joseph Scott, Waldon Robert McAfee, Sydney Douglas Johnston, Charles Knutson Yterberg, Nora Ethel Arnold, W. J. McCutcheon, William Otis Fulton, Max Henry Heilbronner, Charles C. Mills, Bert James Bacon, Arthur Brooks-bank, John Edwin Boddie, William F. Stone, John H. Bulger, David Rufus Lyon, George Olaf Dybbavn, James N. Killas, Jean M. McClymont, Stanley Ernest Parker, J. Harry Black, Oscar E. Havroy, John J. Judge, John Stanley Lindsay, Charles Peter Balagno, George James Dawes, Richard Geddes Large, George C. Mitchell, Robert McKay, Louis Wellington Kergin, George Fritz, Peter M. De Jong, J. J. Th. Colliart, Harry Menzies, Gillis Royer, Duncan Cunningham McRae, John Bulger.

TORONTO BANK IS HELD UP

Armed Bandits Take \$15,000 From Leaside Branch of Royal Bank
TORONTO, Sept. 26 (CP)—Four masked and armed men today robbed a branch office of the Royal Bank of Canada in suburban Leaside, escaping with nearly \$15,000 after firing two warning shots into the wall behind the teller's cage.

The shots were fired as four men, one carrying a tommy gun and the other three revolvers, entered the bank.

New Conditions of Peace . . .

Unwillingness of workers who have been receiving exceptionally high wages in the emergency war industries during the past few years to return to normal and less remunerative jobs now that the war is over is given by the federal Department of Labor as one of the principal causes of present unrest in labor ranks.

There can be no denying the fact that the readjustments of reconversion from the war-time to the peacetime economy are going to involve change and, possibly, sacrifice for all classes of citizens. For one instance, the industrialists are going to be faced with the problem of being able to produce better goods for civilian consumption at prices lower than have prevailed during the war years. We are probably all agreed upon that. The industrialists are naturally going to wonder how, if they are to reduce the prices of their commodities in a peacetime economy, they are also going to increase their overheads.

There is no doubt that Canada is entering upon one of the most difficult times the world has ever ex-

perienced. Because conditions especially favorable to certain classes of industrialists and workers might have existed during the war does not make it reasonable that they should be expected to continue any more than we should expect the continuation of certain undesirable conditions which during war we have had to accept. If industry, on one hand, labor on the other, and the government between are ready and prepared to look reasonably upon the situation in a spirit of understanding and willingness to compromise and change, mutually satisfactory solutions to all vexed problems should be possible without involving undue suffering for any class or person.

If we could each realize that disunity among ourselves now as a result of personal, class or community selfishness and lack of mutual understanding has the seed of the very conditions against the imposition of which we have just fought and worked through a very bloody and devastating war, we might be more disposed to get together on common ground to the end of levelling out of conditions making possible either undue benefits or undue hardships. Certainly there is going to be no common ground reached if labor, on the one hand, or industry, on the other, is going to insist upon the projection into the days of peace conditions of especial benefit to one class or the other which may have existed in the war.

Possibly one of the greatest difficulties is that of mistrust and prejudice which often are, no doubt, quite unwarranted.

LETTERBOX

BOYS APOLOGIZE

Editor, Daily News:
Regarding my letter on vandalism in the West End the boys were a small number of a boys' club. Their leader and the rest of the members got the boys together and came as a body and apologized for the damage they had done.

I thought it a very good gesture on their part and showed that the majority were against such conduct.

I don't think the delinquents will do it again as they realize that it reflected on the whole club.
This proves the need of recreational facilities in this city. These boys have done a lot of work to make themselves a play ground and evidently have come to the end of their resources.

H. R. HILL.

ISLANDERS DELIGHTED

Editor, Daily News:
The citizens of the Queen Charlotte Islands are delighted to hear that redoubtable Duff Pattullo will again represent them in the legislature at Victoria. Duff, who is a pioneer of the great northwest, has mushed behind dogsleds, has travelled by canoe, carried a pack, and a heavy one at that, and has eaten his share of sourdough and beans. Surely he is the proper man to represent the people at Victoria. The north has taken great strides ahead and it will take a man like Duff to keep it going ahead. Every citizen of the north who has the interest of the north at heart and who wants to see our resources developed will support Duff at the forthcoming provincial election.

E. C. STEVENS.

Queen Charlotte Islands.

REPLY TO MICKLEBURGH

Editor, Daily News:
Mickleburgh wrote up a very good score against Pattullo in your issue of last Saturday but when he attempts to castigate H. Archibald, M.P. for Skeena, in the manner he did without any consideration as to the personal merits of our member and the fact he has only recently entered office and not had a chance to

ORE MILL AT NEW HAZELTON AND BUNKERS HERE IN COMPANY PLANS

A 250-ton flotation mill near the New Hazelton railway station and ore bunkers at Prince Rupert for the transshipment of ore are included in ambitious plans of Hazelton Star Mines Ltd. for bringing back into production of the famous old Silver Standard mining property on Roche de Boule Mountain

Oxygen-Acetylene Plant Planned

VANCOUVER, Sept. 26—The Dominion Oxygen Co. announces plans for a new oxygen and acetylene plant in the False Creek area at a cost of \$500,000.

prove himself he shows very bad taste and poor sportsmanship. Mickleburgh, I am quite sure, himself, under the circumstances could not do any better or possibly not quite as well.

Furthermore Mickleburgh is not doing any good for the labor movement by back-biting, mud-slinging and trying to undermine Mr. Archibald's fighting efforts to combat the working class people's enemies, as well as the enemies of the East who are constantly bleeding and designing against the people of the West as a whole.

Mickleburgh, seeing he himself was beaten at the last poll, should shake Archibald's hand, bury his differences and get behind Archibald, support him and boost him for the good of all the working class movement. Make him your friend and encourage him, particularly when Archibald is away, busy at the front fighting for Mickleburgh and everybody else's battles and common interests.

H. L. THORNTON.

near Hazelton, it is revealed by Frank E. Maguire, president of the company, who is spending a week in the city on business in connection with negotiations for bunker site and other matters.

For over a year now the new company has been working on the property with Dewey Bullock, engineer in charge. The crew is now to be increased from three to eleven men, Mr. Maguire states so that work of equipping the mine and putting it into shape for production may be speeded up. There is already \$100,000 worth of machinery on the job.

It is expected to put in the mill next spring, the type to be finally decided upon after results have been ascertained of the nature of ore found in the 300-foot extension of the 1000-foot tunnel on No. 4 vein. This extension is expected to be completed in about thirty days, Mr. Maguire states. This is one of two tunnels in the mine.

The mill will be in a position to carry out custom work until such time as Hazelton Star absorbs all its capacity itself. In the early days \$300,000 was spent on the Silver Standard property and \$500,000 worth of silver-lead ore was shipped out through Prince Rupert. Then the property lay dormant for many years. Assays of early shipments showed .25 oz. gold, 130 oz. silver, 15 percent lead and 35 percent zinc.

The plan, in the meantime, is to haul the ore from the mine to the mill at New Hazelton in trucks and later install a surface tram over the five-mile distance from mine to station. Shipments will be made to Tacoma smelter.

ROMFORD, Kent, Eng. (P)—When a witness at Romford Court was called on to take the oath, the New Testament was missing. The previous witness had put it in his pocket after being sworn in.

Another policyholder reports . . .

"I AM a policyholder in The Mutual Life of Canada, an average man with the average means. I know what people mean when they talk of stretching the dollars to meet all the needs. That is the reason why I decided to insure in the first place. I knew that it was unfair for me to go on making plans for the future with my family and doing nothing to guarantee their fulfillment if I should not be here. It was then that I realized that the only practical solution was life insurance.

"I DISCUSSED my needs with a Mutual Life representative and as a result I purchased Ordinary Life insurance.

"THE AMOUNT I pay remains the same each year. I share in the Company's earnings and my protection remains in force as long as I live. But I also have the option of using the value of the policy to provide a retirement income at any time I choose. What I shall do will depend upon my circumstances but it gives me a great sense of security to know that I own this insurance with its constantly increasing values."

Let a Mutual Life representative help you select a policy adapted to your particular circumstances.

BOYS HAD PLEASANT RUPERT VISIT; HUNTING ATTRACTS COAST PEOPLE

After an enjoyable time seeing Prince Rupert, visiting friends and trying out all the entertainments offered by the Dry Dock Recreation Centre a group of about thirty softball juniors and their fans arrived home on Sunday evening. They had left early Sunday morning for Prince Rupert where they planned to play the team.

The weather was against them here a week but the players were John Charles Cote, Parker Mills, Paulson, Lawrence Pratt, McKie, Ronny Paulsen, Paulson and Frank Earl.

E. T. Kenney is once again dropping in to see at his real estate office on Main Street. He says it feels good to be back in the district.

Planning drew a number of Terrace people to Terrace on the week-end. These included Johnny Comadena, Bert Pettit and Fred Jensen.

Shopping at Terrace for a time Sunday while enroute for a hunting trip to Burns Lake were Alex Mah, W. C. and John Wing of Prince Rupert.

An enjoyable day's fishing was had at Lakelse Lake Sunday by Harry Whittaker, Harold Singman and A. B. Towne of Vancouver.

B. Hunt of Prince Rupert a week-end visitor to Terrace.

Colonel A. B. Cole of Dayton, Ohio, spent the week-end as a guest of Norman A. Watt at Lakelse Lake.

On Friday afternoon the cadets of the Terrace schools will witness a display of equipment used by the Royal Canadian Corps of Signals to provide communication in the field. Such items as wireless sets (walkie talkies and handy talkies), field telephones and switch boards are to be included.

John Loen and Mr. McLean arrived in Terrace from Kwinitsa on Saturday evening to spend a few days with their families.

While the train was stopped at the station on Sunday evening, Al Berner got off and greeted some of his Terrace friends.

Army-Navy Are Stripped

General MacArthur Makes Move to Relieve Famine—Threatens Civilians

TOKYO, Sept. 26, (CP) — General Douglas MacArthur today stripped Japan's army and navy of all equipment, directing that their stocks of food and clothing be turned over to famine-threatened civilian population under strict accounting.

A member of Japan's House of Peers proposed in an interview that Emperor Hirohito withdraw from all political affairs in order to eliminate a "clique around the throne" and thus make democracy possible.

RANGE FINDERS NOT ABANDONED

Nor Are Airports at Terrace and Smithers, Minister of Reconstruction Advises

While range finding stations which were established during the war by the Department of National Defence for the Royal Canadian Air Force at Terrace and Smithers have been reduced to a "caretaker" basis, they have not been dismantled nor are they being abandoned but are capable of being opened up if and when air traffic warrants. This information has been received by E. T. Applewhite of this city from Hon. C. D. Howe, minister of reconstruction and supply, in answer to an inquiry. Neither are the airfields at these two points being abandoned, says Mr. Howe, although instructions are not being issued for snow removal.

STEVEDORES IN MONTREAL ARE STRIKING NOW

MONTREAL, Sept. 26 — Some five hundred longshoremen went on strike here today as a sequel to the butchers' walk-out.

SLY BUT SALT

REGINA, S. — A young miss in a Regina restaurant thought she was getting extra sugar for her coffee when she slyly helped herself to contents of a bowl on the counter while the waitress was not looking. She received a jolt, however, when the waitress returned and began filling the salt shakers with the contents of the bowl.

BUTCHER SHOPS HERE STAY OPEN

In spite of threats by meat retailers in widely separated parts of the country to close up their businesses in protest against meat rationing, local butcher shops will continue to serve the public, the Daily News was told this morning.

Victoria butchers Sunday night said they would remain closed for an indefinite period beginning Monday and some New Brunswick and Alberta meat retailers said they would not open today.

"Our national organization, the Retail Butchers' Association, is negotiating with the government and has asked us to take no action until at least October 1," a local butcher commented.

He said that the introduction of rationing had increased the amount of work in his shop by about 25 per cent and that he wasn't happy about it at all.

The increase had come in spite of the fact that meat sales had declined due to rationing. A considerable amount of the extra work was caused by the unwillingness of the public to keep posted on information about rationing.

"Customers come in and drop their ration books on the counter and say, 'What can I get?' So we have to take time to get the thing straightened out while we should be carrying on with our regular work."

Current information on rationing is supplied by the government and it would save the butchers a good deal of trouble if the public kept posted on it, he added.

Wholesale stocks of meat in the city are consistent with the demand and there has never been any spoilage due to the sudden cessation of buying which was felt when rationing started, a meat wholesaler said.

MAY LEAVE CONFERENCE

British Trades Unions Do Not See Eye to Eye With World Organization

PARIS, Sept. 26 (AP)—Sir Walter Citrine, general secretary of the Trade Union Congress and head of the British delegation at the World Trade Union Conference here, threatened today to withdraw British trade unions from the World Federation now being set up.

Citrine said that the British Trade Unions' acceptance of the new organization depends on a satisfactory outcome of negotiations with the International Federation of Trade Unions and international trade secretariats.

MAN'S CLAIM PARTLY MET

Expropriation proceedings against Samuel W. Cocker of Vanderhoof for land claimed by the Dominion government and used as an airport site in 1942 were dealt with in Exchequer Court here before Mr. Justice C. A. Cameron of Belleville, Ontario. A claim by Mr. Cocker for higher assessment was partly met.

Cocker was claiming a price of \$15,350 for his farm of 160 acres, two and a half miles north of Vanderhoof, as against the price offered by the Crown of \$40 an acre or \$6,400. He was granted \$8,000.

The hearing, which opened Monday, is believed to be the first sitting of the Exchequer Court of Canada to be held here in many years. Cocker presented his own case without counsel while T. W. Brown argued the case for the Crown.

The timber which covered his land in 1916 when he purchased it cost him \$90 an acre to clear in comparison with prices charged by land clearing contractors at that time, Cocker told the court. He cleared the land himself. In addition he sets at \$3,000 the cost of the farm buildings and \$1,750 as the cost of a drilled well.

He told the court that in 1942 he had been willing to accept the valuation of \$12,000 set by Harry Bowman of the Canadian National Railways Colonization Department which appraised the land but was unable to accept the reduced figure finally offered.

Watching briefs were conducted by G. G. Baird, C.N.R. land commissioner and R. M. Spankie K.C. of Ottawa, for the Crown.

Local Naval Men Off to Esquimalt

Three officers and sixty-seven ratings of H.M.C.S. Chatham, local naval base, which is being decommissioned, left by train last evening for Esquimalt by way of Jasper Park.

RETURNS HOME FROM OVERSEAS

Colin Carrell, who arrived in the east coast recently by hospital ship after service overseas with the Canadian Army, reached the city Monday afternoon on the Princess Adelaide from Vancouver for a visit here with his wife, the former Swanna Olafson. His home is in Mission.

NEW WAY OF LIFE

Our fair homeland is vast in space
Our Sovereign's heart is charged with grace
But our people's breasts are filled with woe
And idle workers have no place to go.

Yet nature's laws are loving and giving
Her sternest code is "work for our living"
Democracy's virtue is showing the way
For poor mortal man to live moral and gay.

But "Mars" designs that wars be fought
To be dearly won, and dearly bought
Mankind has fought, has died, has bled,
For a new way of life, to honor the dead.

Utopia land seemed white as the snow,
A place to dream of and maybe to know.
But dreamers don't change try as they can,
Overnight the modes and ways of man.

But the call to action re-echoed as thunder
Britain's war coalition was torn asunder
And to Laski's star went the dubious job
Of appeasing the prince and pleasing the mob.

And the "Socialist" star the courage did lack
To move in on the prince and was forced to tack
For Prince's and pirates of wealth would be shorn.
If India's crown by Gandhi were worn.

The "Socialist" spoke to his people at last,
He patted their heads and said "danger is past"
But his people gave heed, and it's universally felt
Instead of a new way of life they must tighten their belt.

—ALEX GILLANDERS.

GOOD WORK AT SEAMEN'S CLUB

"We thought at the start that we might have a tough job but it proved to be much to the contrary," reflected Supervisor A. E. Tuttle of the American Seamen's Club here in reminiscing on fourteen months of happy and useful work in directing the activities of the club in ministering to the recreational needs of men of the sea from many parts of the world during the latter days of the war at Prince Rupert.

"Never had we to ask a single man to leave the club. Nor did we ever have to check a single incident of strong language."

"During the life of the club, which is now drawing to a close as war activity concludes at Prince Rupert, there were visiting seamen from all parts of Canada and the United States as well as from Britain, Russia, China, Finland, Estonia, Australia and other countries.

Many men who might otherwise have had a lonely time during the stay of their ships in port found rest and recreation at the club and Mr. Tuttle recalls some of the personal incidents—the story of the British seaman who was adrift for 42 days on the Atlantic after his ship had been torpedoed, the young American sailor who was persuaded to send home \$80 to his mother instead of "blowing his stake."

No less than 20,391 men visited the club from the time of its opening in July 1944 up to September 15 of this year.

"Pop" Tuttle is loud in his praises of the assistance received in the operation of the club from the Women's Auxiliary of the Navy League of Canada led by Mrs. J. K. Elfert, president, and Mrs. A. L. Holtby, secretary.

The Seamen's Club here was operated by the American Salvation Army. "Wherever there is a great need, the Army is there to meet it," says Mr. Tuttle. "It is there to put good into action. That is what we tried to do at the Seamen's Club and I am thankful to believe that we accomplished this at the Seamen's Club."

Sugarless BUT Sweet

MAGIC Honey Pound Cake

1 1/2 c. seedless raisins	2 1/4 tsp. Magic Baking Powder
1/2 c. shortening	1/4 tsp. salt
3/4 c. honey	3/4 tsp. vanilla extract
3 eggs, well beaten	3/4 tsp. lemon extract
2 1/4 c. sifted all-purpose flour	

Rinse raisins; drain; dry on towel—cut fine with scissors. Work shortening with spoon until fluffy and creamy; gradually add honey, while continuing to work with a spoon. Add beaten eggs, and blend. Gradually stir in sifted dry ingredients; beat with spoon until smooth. Add extracts, raisins; stir to blend. Bake in greased, lightly floured 9" x 5" x 3" pan at 300°F. for 2 hours.

"Your ELECTRIC OVEN is a Time and Money Saver"

says **Reddy Kilowatt**

"There's no more guess-work, no more standing around waiting for things to bake when you use your electric oven. Its perfectly controlled heat lets you go ahead with other work... even frees you for outside activities. And at the same time it saves fuel by providing exactly the degree of heat you need for just as long as you want it."

Did you know?
... that you don't need to baste roasts in your electric oven?
... that a great deal of your cooking can be done by using stored-up oven heat, after current is turned off?
... that meats are usually placed in the bottom of the oven, pastries and desserts on top?

Reddy says: "When you can put the whole meal in the oven and cook it all at once—you'll save on electricity."

Build New Ships Here

Labor Progressive Club Passes Resolution—Support Windsor Strike

The Prince Rupert Labor-Progressive Club at a meeting Monday night strongly urged that new passenger vessels for the Canadian National Steamships to replace the Prince George, destroyed by fire, and her aged sister-ship be built in the local dry dock which is owned and operated by the C.N.R. itself. The resolution also said further that:

"We emphasize that the awarding of these contracts will halt the 'slow-motion shutdown' which is proceeding at the dry dock with men being laid off almost daily and will bring the yard safely through the initial reversion period to the point where it can carry on repair work and a modest building program in the period of expanded North Pacific trade that can be expected to develop.

"Further, we condemn in strongest terms the baseless sordid defeatism in some sections of Prince Rupert labor and business circles which are prepared to surrender the dry dock without a struggle, that we congratulate those local spokesmen in the press and elsewhere who are fighting to stamp out this defeatism and that we heartily greet Prince Rupert's labor-business delegation as it arrives in Ottawa along with similar delegations from all over Canada.

"Finally, in support of this delegation we communicate at once with Hon. C. D. Howe, urging the building of C.N.R. vessels in Prince Rupert as outlined above."

Windsor Strike Is Supported

The club also passed the following resolution for communication to Labor Minister Humphrey Mitchell, Harry Archibald, M. P., John Bracken and M. J. Coldwell, to all local trade unions and labor councils:

"The embattled Ford strikers are now on the front line for all Canada in the struggle to win the peace. Their demands are the demands of the Canadian labor movement from Halifax to Prince Rupert. They want union security, veterans' seniority rights and decent working conditions and living wages in the post-war. If labor loses its fight for a high standard of living in Canada, this country will return to the hungry thirties and worse. In that kind of Canada Prince Rupert will have no more future than it endured in the last post-war.

"Ford, through its Canadian president, W. R. Campbell, is leading the advanced battle of all Canadian reactionary monopolists against the entire working class of Canada, the same reactionary monopolists who would dearly love to see the dry dock closed in Rupert, the Skeena Highway abandoned, and the north strangled as an area of potential competition.

"If Ford wins, the onslaught will descend on workers here in the logging camps, in the canneries, at sea, in the shipyard, in the railways and on the wharfs. The Prince Rupert Labor-Progressive Club greets Local 200 of the United Auto Workers

PRAISES LOCAL YOUTH WEEK

High praise to Prince Rupert citizens for their "Investment in Youth Week" now being observed was received today by Rec Director George McGregor from Major Ian Eisenhardt, national director of physical fitness, Ottawa.

A telegram from Major Eisenhardt to Mr. McGregor and the Prince Rupert Recreation Council this morning said: "Congratulations to the city of Prince Rupert in its conduct of Investment in Youth Week. Canada's committee on physical fitness endorses the efforts of the citizens of Prince Rupert."

which has loyally maintained all-out production through 18 months of wartime company provocation and exhausted every means of reaching a peaceful settlement. We greet the veterans of the Essex Scottish on the picket line and the people of Windsor who are solidly entrenched to make this struggle labor's and Canada's Stalingrad in the fight for the peace.

"The Prince Rupert L.P.P. Club calls on every union local and council in Northern B.C. and on all progressive people to pledge their support to the Ford workers and to join in demanding that the federal government compel Ford to live up to collective bargaining and make full the law of the land."

HISTORIC LOVE TALE

Tempestuous Romance of Frederic Chopin and George Sand Picturized in "A Song To Remember"

A great factual love story in technicolor "Song to Remember," is coming this Thursday, Friday and Saturday to the Capitol Theatre. It is a "must see" picture and it comes here widely heralded as one of the finest pictures.

"Song to Remember" is the picturization of the tempestuous love story of the great composer of romantic melodies and Polish patriot, Frederic Chopin, and the great novelist and heart-breaker, George Sand. Basis of the story is the bitter struggle of wills between the novelist and Chopin's music master for supremacy over the will and genius of the great composer.

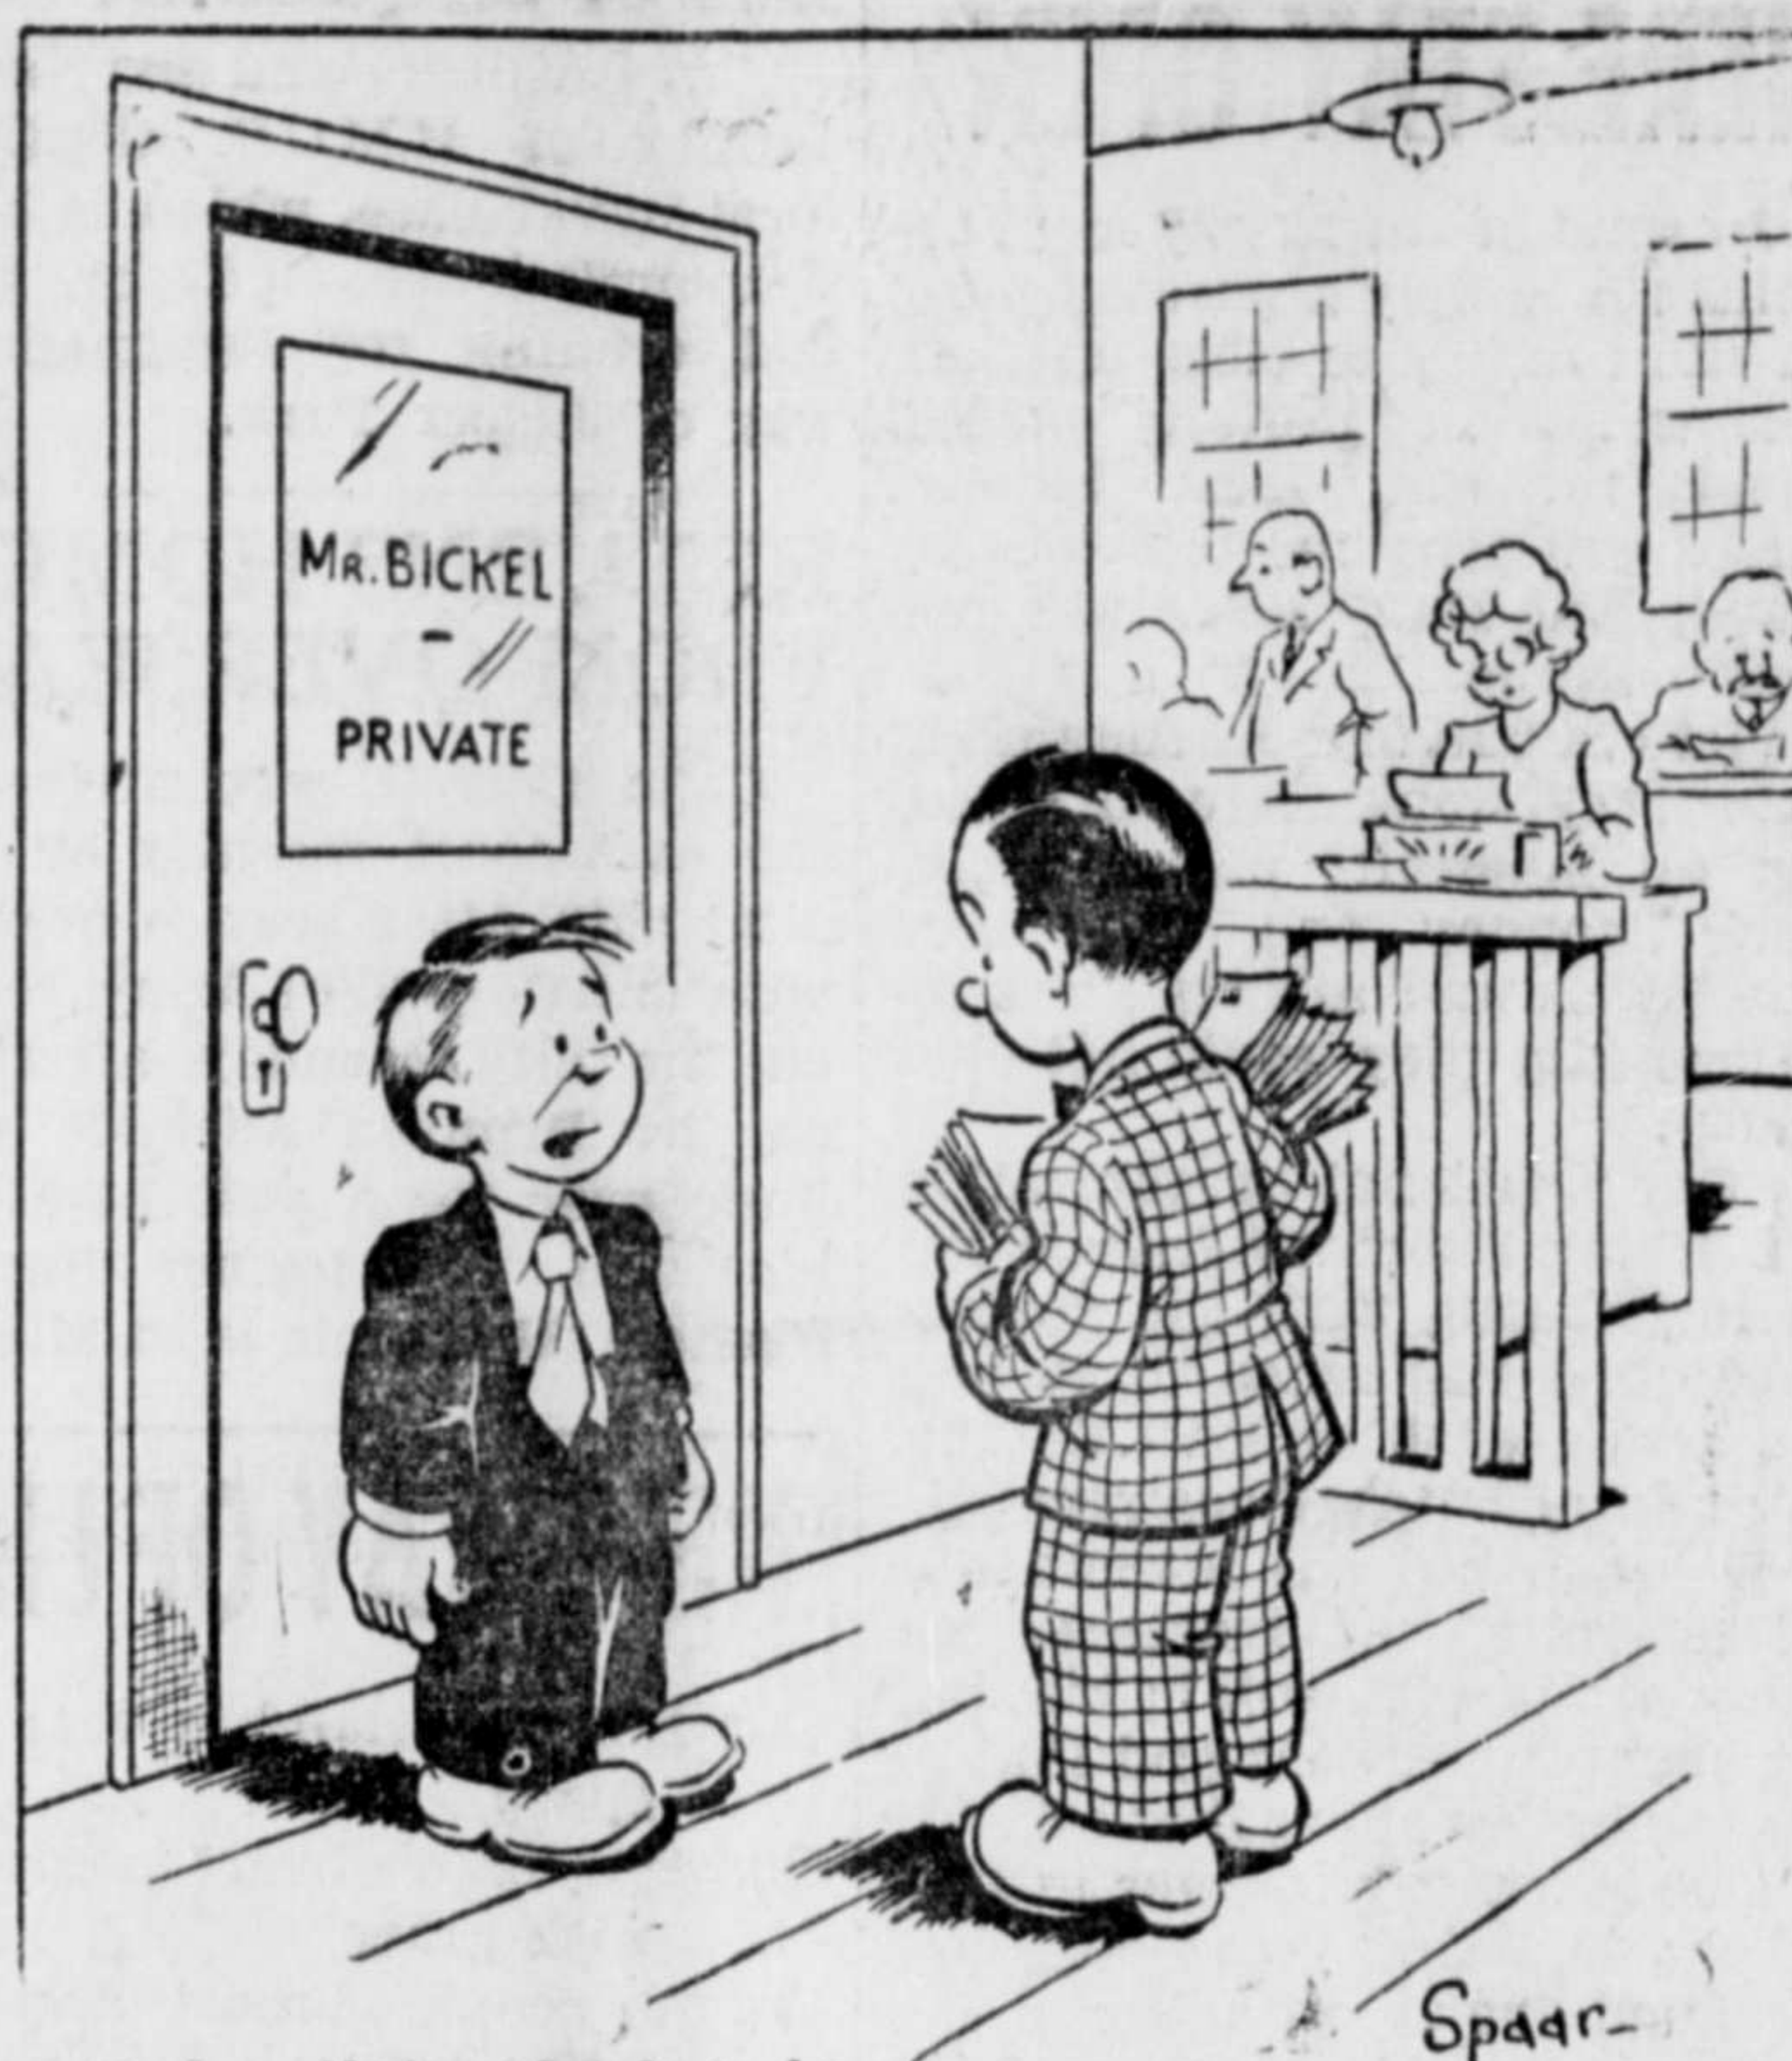

Leading roles are taken by Paul Muni as the music master, Merle Oberon as George Sand and Cornel Wilde as Chopin.

There are eighteen compositions heard in the picture from the scores upon scores of tuneful products which were composed by this most prolific of all composers.

The whole production is replete with the complicated ingredients of a colorful area.

The story starts with the opening of Chopin's concert career and moves on to his dramatic tragic death following the composition of the famous "Polonaise."

THIS AND THAT

By George Matthew Adams Service, Inc.

"Gosh, I'm in a fix. While I was at the ball game yesterday my grandmother called up and asked why they sent her flowers!"

Boatwomen Are No Longer Training

LONDON, Sept. 26 (AP) — The training of women barges under a Ministry of War Transport scheme is to be discontinued. Further volunteers for a two-month course are not likely to be accepted.

Only a few of the pioneer crews of these emergency boatwomen now are at work. Their training at first was on shore, but later they went afloat and learned canal navigation, barge management, handling cargo, working locks and operating engines.

Buy War Savings Stamps

Palling Soldier Is Returning Home

BURNS LAKE, Sept. 26—Staff Sergeant Cliff Anderson of the Seaforth Highlanders is expected shortly from overseas to visit with his parents, Mr. and Mrs. Gust Anderson, at their farm home at Palling. He enlisted in 1940, arrived in England May 1941, and served as a gunner at Dunkerque. Following his return to England he became an instructor.

Whifflets From The Waterfront

Union steamer Catala, Capt. Ernest Sheppard, had a bumper list of no less than 105 passengers when she sailed from here at 2 o'clock yesterday afternoon for Vancouver. All available accommodation on the vessel was filled.

Two local halibut boats were in today with black cod catches. The Gony disposed of 19,000 pounds to Canadian Fish & Cold Storage Co. and Tramp, 22,000 pounds to Prince Rupert Fishermen's Co-operative.

TINKLING SHOES

The long pointed shoes of the Middle Ages reached such fanciful proportions that at one time the points were fastened up to the knees with tassels and bells.

We had it before... LET'S NOT HAVE IT AGAIN!

The Worst Inflation came after the last war NOW is the Real Testing time ...

Victory has been won on the battle front — but we must not relax our efforts if we are to continue to avoid the evils of inflation and deflation.

We are rapidly moving towards the day when shortages will be overcome — but reconversion takes time.

The danger of inflation, and its black shadow — deflation — will last as long as goods are not enough to meet demands.

The ending of the war brings the temptation to scramble for things we've been without, and to offer to pay any price to get them.

That's the way inflation gets started. Inflation with its soaring cost of living is bad enough.

But inflation is always followed by deflation with its falling prices, bankrupt businesses, unemployment and distress.

Deflation would be a calamity that would involve every man, woman and child in Canada.

The only controls that are being maintained are those that aid the production of needed supplies and their speedy and fair distribution to the public, and which prevent an inflationary price rise.

As soon as conditions warrant, these will be dropped.

Until industry gets back to normal production, price ceilings, rationing and some controls are a necessary safeguard for everyone of us.

Keep them working.

IT'S YOUR JOB AND YOUR SAVINGS THAT ARE AT STAKE

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing a further increase in the cost of living now and deflation and unemployment later.

TIME TO WINTERIZE

We can now supply you with Genuine PRESTONE Anti-Freeze. Place your order now as the supply is limited. First come . . . first served. Don't delay!

We suggest you have your battery checked. Worn out batteries mean hard starting on cold mornings and frayed tempers all winter.

Wise motorists will winterize with winter grade oil and gear lubricants. It pays.

Local News Items...

Constable M. L. McLeod of the city police detachment left Tuesday on the Catala on prisoner escort duty to Vancouver.

Sid Alexander is home from Halifax on discharge leave from the Navy. He arrived last week from the East coast.

T. D. Pattullo will be leaving Friday night on the Cassiar to spend a week on the Queen Charlotte Islands in connection with his provincial election campaign.

William Cruickshank, special agent of the Canadian National Railways here, returned to the city on the Prince Rupert this morning from a vacation trip to Vancouver.

John Currie of John Currie and Son, contractors, left Tuesday on the Catala for Vancouver on business connected with the construction of the new fishermen's floats.

Mrs. Julia Nuss and her sister, Miss Lillian Internela, will be leaving on tonight's train for Windsor, Ontario, where they will be met by Mr. Nuss, and will motor to Akron, Ohio, to take up residence. Mr. Nuss was with the United States Army here for three years. He has recently received his discharge and is now employed with the B. F. Goodrich Co. in Akron.

Hill 60 Chapter Honors Mrs. Keron

On Monday evening members of Hill 60 Chapter, Imperial Order, Daughters of the Empire, made a surprise visit to Mrs. R. J. Keron, Water Street, to honor her before her departure for the south in October. During the evening various contests were enjoyed which were followed by delicious refreshments. The Regent, Mrs. D. Orchard McLeod, referring to Mrs. Keron's many years of enthusiastic work for the I.O.D.E., presented her with two pretty flower pictures, as a token of members of Hill 60 Chapter's esteem. Mrs. Keron suitably replied.

W. L. Armstrong, local freight agent for Canadian National Railways, returned to the city on the Prince Rupert today from a trip to Vancouver.

CANADIANS WIN BOUTS

NEW YORK, Sept. 26 (P)—Two Canadian fighters came through with wins last night. Nick Porimiani, 139, of Montreal defeated Joe Nuccio, 141, of New Orleans, in a six-round bout at White Plains, New York. Pat Giordano, 150, of Toronto, outpointed Solomon Stewart, 150½, of Providence, Rhode Island, in an eight-round affair at New York.

Baseball Scores

Pacific Coast League
Portland 3, Seattle 6. (first game best of seven semi-final).
National League
Brooklyn 7, New York 4.
St. Louis 5, Chicago 6.
Pittsburgh at Cincinnati, postponed, rain.
American League
Chicago 1, St. Louis 5.
Cleveland at Detroit, rained out.
International League
Play-off between Newark and Montreal rained out.
American Association
Louisville 5, St. Paul 1 (evened play-off at two—all in best of seven series).

SHORT SPORT

The former contender for the heavyweight boxing crown, Buddy Baer, is out of the United States Army. Baer, who was a staff sergeant in the service, received his final processing this morning.

Lloyd Waner, the Little Poison of that long-time one-two punch of Pittsburgh Pirates, has hung up his uniform for the last time. The little 150 giant says that he'll probably never wear one again. However, Waner doesn't expect to be out of baseball. He says he'll be around again next year. He has some business to take care of, he said, as he left for his farm in Oklahoma, or he'd stay the rest of the season. There apparently is some sort of job awaiting him with the Pirates next year but he didn't say what it is.

Thirty seven year old Walter Monson has been named coach of the Winnipeg Monarchs, the Western Canada Junior Hockey finalists. Monson was a member of the Winnipeggers when they won the Olympic title in 1932.

The St. Catherines Athletics will meet the British Columbia lacrosse champions at Vancouver next month in the Mann Cup Finals. The Ontario club Monday night won the Senior Ontario and Eastern Canada title by beating Brampton - Lakeshore Combines 13-5, in the sixth game of a best of seven series. Their win gave them the series, four games to two. Last year Athletics defeated New Westminster Salmonbellies for the Mann Cup.

IN INDIAN FAMILY
Leading anthropologists regard Eskimos as merely one kind of North American Indian, both in blood and language.

Winnipeg Puck Players Leave For Minnesota

WINNIPEG, Sept. 26 (P)—The Winnipeg Free Press says that nine young Winnipeg hockey players have left for Minneapolis, to enrol at the university of Minnesota. They will also attend the Minneapolis Millers' Training Camp which opens next month.

The Winnipeg paper says that those who are deemed ready for professional hockey will be offered contracts by the Millers and, while playing pro hockey, will continue to attend university. Those who do not make the grade, or who do not wish to turn pro will also continue at Minnesota and probably will turn out with the University hockey team.

LOOKING OVER BALL LEAGUES

The Chicago Cubs opened the door to the National League throne yesterday as they finally broke the St. Louis jinx to beat the Cardinals 6-5 in the first of two crucial games. The win puts the Cubs two and one half games ahead of the Cards.

Chicago has six more games to play and St. Louis five. Four wins out of those half dozen Chicago tilts would clinch the title for the Cubs. There was only one other National League game played, New York taking a 7-4 trimming at the hands of Brooklyn.

In the American League, the climatic game between Detroit and Cleveland was rained out. The St. Louis Browns took a 5-1 win from Chicago White Sox in the lone American League game played.

The opening game of the International League play-off final series, between Montreal and Newark, was also rained out—for the second night running.

Here are today's games:
American League—Cleveland at Detroit (doubleheader); Chicago at St. Louis.
National League—St. Louis at Chicago; Brooklyn at New York; Pittsburgh at Cincinnati (doubleheader);
International League Play-offs—Newark at Montreal.

LEADERS TRAINING

Prince Rupert Recreational Organization Already Very Active

The Prince Rupert Recreational Council is conducting an intensive program of leader training in Prince Rupert at the present time. These leaders will become the instructors of a wide variety of gym classes planned for the winter season. These classes will include men and women, boys and girls.

Beginning Monday, the leaders classes for women will be held as follows:

Monday, October 1—7 to 8 p.m. at I.O.D.E. Hall.

Friday, October 5—7 to 8 p.m. at I.O.D.E. Hall.

Saturday, October 6—2 to 3:30 p.m. at the Y.M.C.A.

Fifteen young women have attended the two leaders classes held during the past week. In view of their keenness and ability, it has been decided to close this class to further members. By restricting the number in the class, each prospective instructor will receive more specialized training. These trainees will be taught to conduct open classes for girls and women.

These open gym classes will be arranged in the following age groups:

Junior girls, 6 to 12 years.

Intermediate girls, 12 to 16 years.

Women's gymnastic classes, over 16 years.

Women's keep fit classes, over 16 years.

In spite of the fact that the leaders class has been closed any person who has had previous experience in gymnastics will be welcomed.

Leaders' Classes For Men Scheduled

Leaders' classes for men will be held as follows:

Monday, October 1—8 to 9:30 p.m., I.O.D.E. Hall.

Wednesday, October 3—8 to 9 p.m., Y.M.C.A.

Friday, October 5—8 to 9:30 p.m., I.O.D.E. Hall.

Five young men are still needed in the men's leader class. Men who have had previous experience in gymnastics or who are keenly interested in learning the technique of these activities are required. The most proficient members of this leader's class will be selected to take charge of the following groups:

Tiny tots classes, pre-school group.

Junior boys gym classes, 6 to 12 years old.

Intermediate boys gym classes, 12 to 16 years old.

Men's gym classes, 16 and over.

Business men's classes, 16 and over.

An ancient Negro was being interviewed about his religion. "Do you believe in prayer?" his employer-to-be asked. "Yes, suh," was the reply. "Do you say your prayers every day?" "Yes suh, every day." "Does God answer all your prayers?" he was then asked. "Yes, suh," replied the cullid one. "He answers them all—one way or another."
