Support In War on Jap

Representative from Pennsylvania Thinks Dominion Should Support War on Japan

WASHINGTON, May 17 (AP)—A member of the American House of Representatives, Republican Gavin of Pennsylvania, declared today that Canada should announce an all-out support in the war against Japan.

Gavin said he was gratified that Prime Minister Churchill's statement which "indicates to me that the British Empire will go to the aid of the United States to bring about a total victory in the South Pacific."

"We can wait," he said, "until the prime ministers of the British Commonwealth have taken their positions." His statement continued:

"Recently we heard loudly proclaimed over the radio that no Canadian troops could be transferred to the South Pacific unless they volunteered. We also heard that all future inductions of troops would be stopped in Canada. Certainly this war in the South Pacific is not just our war."

WATERLOO BODIES FOUND

SCOTLAND, May 17 (AP)—The bodies of 100 British soldiers who died in the battle of Waterloo in 1815 were found in a trench in Belgium.

PARLIAMENT HEARS KING

LONDON, May 17—Addressing members of both Houses of Parliament at Westminster Palace today, King George called upon the victorious Allied powers to continue their unity in war into the post-war period so that world peace might be ensured.

NO ABSENTEE VOTING IN JUNE 11 POLLING

OTTAWA, May 17 (AP)—Election officials will have no headaches over absentee voting in the Dominion Election June 11 although advance polls will be held as usual. After experimenting in absentee voting in 1935 this system was dropped.

POPULAR VOTE IN 1945

OTTAWA, May 17 (AP)—The Dominion Election Act was revised in 1938, the reason given for dropping absentee voting was that it involved great expense for recording a small number of votes.

WIVES MAY GO OVER TO REICH

OTTAWA, May 17 (AP)—Government officials are considering allowing the wives of men in Canada's European occupation forces to join their husbands and set up temporary homes with them in Germany.

JAP SUBS ARE IN ATLANTIC

LONDON, May 17—Japanese submarines are reported to be operating in the Atlantic Ocean.

OKINAWA NATIVES "TAXIED" TO SAFETY—Slightly bewildered as they are "taxied" in a U.S. Marine Corps amphibious invasion craft, these natives of Okinawa are moved to a refuge camp away from the gunfire on the Ryukyu stronghold.

SKENA WAS VETERAN OF ATLANTIC; Planning a Brighter Britain

Maybe champions never do come back, but H.M.C.S. Skeena missed only because the bell sounded too soon. So it is written in the Canadian Weekly, published in London, of H.M.C.S. Skeena, the loss of which off Iceland is announced.

Two years ago the most successful sub-hunter in the Royal Canadian Navy, with the subsiding of U-boat warfare on the North Atlantic, Skeena became just another ship.

The gallant fight she put up against brutal odds in the years of 1941-42 were more or less forgotten as the bigger guns of Canada's new Tribal class destroyers blasted enemy shipping and grabbed the glory.

Not that Skeena cared—she had had her day and played her part. Or thought she had, until they brought her to the English Channel because they needed experts to sweep that stretch of water clear of U-boats.

General McNaughton was replying to statements made by Major General G. R. Pearkes, V.C., the Progressive Conservative candidate in Nanaimo. The former Pacific Coast commander said the first Canadian Corps was sent to northwest Europe in order to make up for deficiencies in reinforcements. Gen. Pearkes charged that the transfer was made in preference to using Home Defence troops.

Here are samples of what is in the wind, culled from reports from all over Britain:

Newmarket, Suffolk—The railway station will be approached along an avenue of mountain ash and silver birch and the gas works will be camouflaged behind a screen of ash, birch and cherry trees.

King's Lynn, Norfolk—A double row of Lombardy poplars and evergreens will be planted to hide a projected municipal rubbish dump.

Bognor Regis, Sussex—Each highway will be marked with multi-colored slabs paving to brighten roadways and make it easy for visitors to know where they are.

Torquay, Devonshire—A scenic drive is planned from Berry Head, which may be bought for the public, to St. Mary's Bay, with public gardens on the seaward side.

Maidstone, Kent—A new promenade is projected, and a boulevard may be built along the Medway River.

Bradford, Yorkshire—A huge new stadium to accommodate 200,000 persons is already largely built from 200,000 tons of refuse.

OTTAWA, May 17 (AP)—Government officials are considering allowing the wives of men in Canada's European occupation forces to join their husbands and set up temporary homes with them in Germany.

Two interesting visitors in the city from Montreal are Guy Vanier and L. Georges Lacoste, directors of the Montreal and District Savings Bank, on a tour of the country in behalf of the bank. Mr. Vanier is also a councillor of the City of Montreal. This afternoon they were taken on an automobile tour of the city by Mayor H. M. Dagg, Alderman Nora E. Arnold, and City Clerk H. D. Thain.

War in Pacific—Hard Fight On Okinawa

Yanks Meet Stiff Resistance On Mindanao—Nagoya Bombed Again—Fochow Battle

MANILA, May 17 (AP)—Bitter, see-saw fighting is continuing on Okinawa with casualties high on both sides. American marines have stormed across the Asato River and are fighting in the ruins of the capital city of Naha. It is estimated there are still 34,000 Japs on Okinawa. The fighting has already cost the lives of more than 3700 American troops and total ground casualties of the Americans stand at more than 21,000.

In the Philippines the Americans are encountering desperate Japanese resistance. North of Davao the Americans have smashed another heavy Jap counter-attack. In the central part of Mindanao, the Americans are within eight miles of the Valencia air bases.

American superforts have dealt another blow at the war industries around Nagoya, Japan's third largest city. More than 500 of them dropped some 3500 tons of fire bombs in the second raid within 68 hours.

Meanwhile Chungking reports street fighting continues in the Chinese port city of Fochow into which the Chinese fought their way last week. Fochow is thought a likely spot for a possible Allied invasion of the Chinese mainland.

Naval Battle In Malacca Straits

The Japanese news agency, Domei, claims that Japanese naval units engaged a British task force in Malacca Strait, at dawn Wednesday. The Japanese say the British force consisted of two cruisers and claimed one of them was sunk. There is no Allied confirmation of the enemy broadcast.

HALIFAX INQUIRY

Opened Today and Is Expected to Take Many Days

HALIFAX, May 17 (AP)—The federal investigation into the victory riots at Halifax opened this morning in the East Coast seaport and observers say the hearing may take many days.

The hearings will be held in public and commission registrar E. C. Elwood says that any person who can throw light on any phase of the two-day disturbances will be welcome to give evidence.

Prosecution of rioters and looters continued in Halifax yesterday, and five more persons were fined \$100 each on charges of illegal possessions.

Weather Forecast

Light to moderate winds, fair to partly cloudy and mild. Generally clearing at night.

It will be enlarged as soon as possible after the war.

Premier King Opens Battle In Vancouver

VANCOUVER, May 17 (CP)—Prime Minister Mackenzie King Wednesday night appealed for a return of the Liberal administration to office on the basis of its record of "performance."

The address included a request to Canada's voters to decide whether they want to shift the government into new hands. The Prime Minister said that the war against Japan will remain the government's first objective until Japanese militarism is defeated, but said that to make war against Japan or any other question on a single issue would blind the country to the real issue of the post-war era.

The new parliament would have many problems, and the main task of government from now on would be to maintain full employment and provide social security.

The 70-year-old Prime Minister, now embarked on his seventh election said that the "mighty issue" before Canada is whether Dominion national and international affairs will be carried on by a "tried and trusted administration" or "turned over to unknown and untried hands."

In a formal talk after the broadcast he said that Canada's first duty was toward those individual contributors to the war effort which made victory possible—the fighting men and women, war workers, and those who purchased Victory Bonds.

"If we ever forget our debt to those who brought the Germans to defeat we are not worthy of their sacrifice," he said. Among those on the platform were T. D. Pattullo, M.L.A., and Premier John Hart.

No Respite for Japan . . .

Military authorities estimate that it will be at least four months, perhaps six, before America, Britain, and their allies can have "re-deployed" their armies and are ready for the grand assault on Japan. Obviously, the very considered forces already engaging the Far Eastern enemy will not fold their collective hands and wait.

Japan is in somewhat the same situation as was Germany before the Normandy landings. Its navy is no longer a major threat, and its air force must now be husbanded for crucial operations near at home. But Japan's armies remain large and powerful. They can be concentrated against invaders either on the China mainland or on the home islands. The Allies must assume that only the destruction of these armies by even more powerful forces can bring about the defeat of Japan.

Until, therefore, literally millions of soldiers from the European theatre

are available, operations against Japan must be limited to objectives which can be blocked off from the main Japanese armies by distance, terrain, or Allied sea and air might. To attempt landings with anything less than full strength immediately available would be as disastrous in the Far East as it would have been in Europe.

A number of highly promising lines of attack seem possible within these limitations:

1. Strategic bombing of Japanese war factories, communications and airfields.
2. Continued submarine raids against enemy shipping—especially damaging to the home islands.
3. Continued blockade by surface warships, cutting off what remains of Japan's imports of raw materials.
4. Opening of additional supply routes, such as the Straits of Malacca, to which Singapore is the key.
5. Amphibious conquest of such additional staging bases for the final assault as Allied sea and air fleets can isolate and then protect—the Kuriles, and even more islands of the Ryukyus to supplement Okinawa.
6. Reconquest of vital sources of war materials relatively near at hand, such as the capture of the Borneo oil fields, already begun.

These are essentially combat operations. Pouring in supplies and equipment for China's armies, and construction of ports, airfields, camps, and supply depots for the armies to come, less dramatic but equally essential undertakings, have long been under way.

Is Pleased With Cadets

Inspecting Officer Predicts Local Corps Will Be Top One in British Columbia

"I commend you on your smart appearance and turn-out. You have shown a spirit and keenness that is most commendable. If you keep up your enthusiasm, there is no doubt you can be in time the top corps in British Columbia."

Such were the encouraging words that Captain Cook Corps, Royal Sea Cadets, Prince Rupert, heard last night from Lieut. Commander R. A. B. Garrard, executive officer, H.M.C.S. Discovery, Vancouver, who made the annual inspection of the Corps.

The address of Lieut. Commander Garrard to the Corps came after a full evening's activities which included a minute parade inspection in H.M.C.S. Chatham drill hall, a smart "March Past" on the Court House grounds and an examination of the numerous training classes such as rifle squad, band, physical training, stores and supplies, boat classes, rifle shooting, semaphore and squad drill, signals, gunnery and first aid.

There was a muster of 135 boys under the officer commanding, Lieut. Commander Alex Mitchell. They were smartly paraded starting at 7:15 when the inspecting officer arrived on the scene to be piped into the hall and accorded a salute in introduction.

The presence of the Corps bugle and drum band did much to enhance the effectiveness of the proceedings which were witnessed by a group of parents and friends of the boys. To everyone the demonstration and displays, into all of which the boys entered with fine zest, proved of much interest.

Lieut. Commander Garrard re-

ferred to the good fortune the local corps had in the availability of petty officers from the Royal Canadian Navy as instructors. It would be well to take full advantage of the training thus made available not only if it was the intention to follow the city but in any avocation. Boat pulling was, fairly good and could be improved upon. Signal classes were doing well, the senior class extremely so. The general appearance of the corps was very good but not perfect. However, if it kept up its enthusiasm it could, no doubt, become the top corps in British Columbia.

The inspecting officer referred to the number of Sea Cadets that had gone active. None had had to be called up and all were doing well. The training they had received as Sea Cadets was always valuable on active service.

"I wish you the best of luck and hope I will be able to come up and see you again next year," concluded Lieut. Commander Garrard.

President R. M. Winslow and other officials of the local Navy League branch were in attendance.

The inspecting officer was accompanied by Lieut. Grant Hooper, Sea Cadet Liaison officer, Sub-Lieut. Frank Harcourt, assistant training officer, Sea Cadet camp, and Capt. W. Rankin, president of the British Columbia Mainland Division of the Navy League of Canada.

The concluding feature of the evening's proceedings for the boys was a visit to the YMCA war services for refreshments.

TERRACE HEARS OF CONVENTION

Reports on Vanderhoof Meeting—Community Slogan Proposed

TERRACE, May 17—The Board of Trade held its regular monthly meeting in Willie's Hotel on Tuesday evening and there was a very good attendance of members who listened with interest to the report presented by the delegates who attended the meeting of the Associated Boards at Vanderhoof. A good deal had been accomplished at that conference of the several boards of trade in central B. C. A vote of thanks to the delegates for their good work was carried with enthusiasm and the meeting also voted to defray the out-of-pocket expenses to which they had been subject.

Not the least of the achievements was that the next annual meeting of the associated boards is to be held at Terrace and that the vice-chairman and secretary of the associated boards are both of Terrace. G. E. McAdams was elected vice-president and Duncan Kerr secretary.

A committee was delegated to work out a suitable slogan—one that could be condensed into a very few words. One of the members made the suggestion that a big red apple might be set up by the highway at the approaches to Terrace in the same manner that Prince George has done with a large wooden moose visible to all nearing the city.

CANADIAN INDUSTRIES LIMITED
Serving Canada through Chemistry

By making things better . . . Chemistry brings Better Living

"Chemist, prevent that fire!—and save my child." Many fabrics in clothing, draperies and upholstery will catch fire; help fires spread. But thanks to C-I-L flame-retardant chemicals, more and more fabrics are being treated by the manufacturer to lessen the hazard of fire.

"It spoiled my evening . . . everything went well until my escort spilled the drinks—and ruined my dress." After the war, more and more dress materials and other fabrics will be treated with water repellents supplied by C-I-L: "Zelan", "Zelan" and "Aridex".

"More mileage from my tires!" Yes, Chemistry helped put more mileage into your tires when, some years ago, it made available rubber compounding chemicals. And wartime development work with these and other chemicals has increased the service from synthetic rubbers, too.

CHEMISTRY makes things cost less!

CHEMISTRY—which converts available raw materials into usable goods of value to the public and industry—is also constantly working towards reducing the cost of things.

For Example—C-I-L has been able to reduce the price of "Cellophane" thirteen times since beginning its manufacture in Canada.

And Again—The price of commercial explosives has been reduced 19 times since 1926.

These are but two examples of a general policy of C-I-L. The index of selling prices of its manufactured products is today 14% lower than in 1929, whereas the index for wholesale prices by the Dominion Bureau of Statistics, including importations, is 7% higher than at the same date 15 years ago.

U. S. O. SHOW IS REHEARSED

"Music and Musket," By Pete Wambach, Being Presented to Forces

A two-hour musical comedy entitled, "Music and Musket," written and directed by Pete Wambach, of the U.S.O., staged its first dress rehearsal in the YMCA building last night.

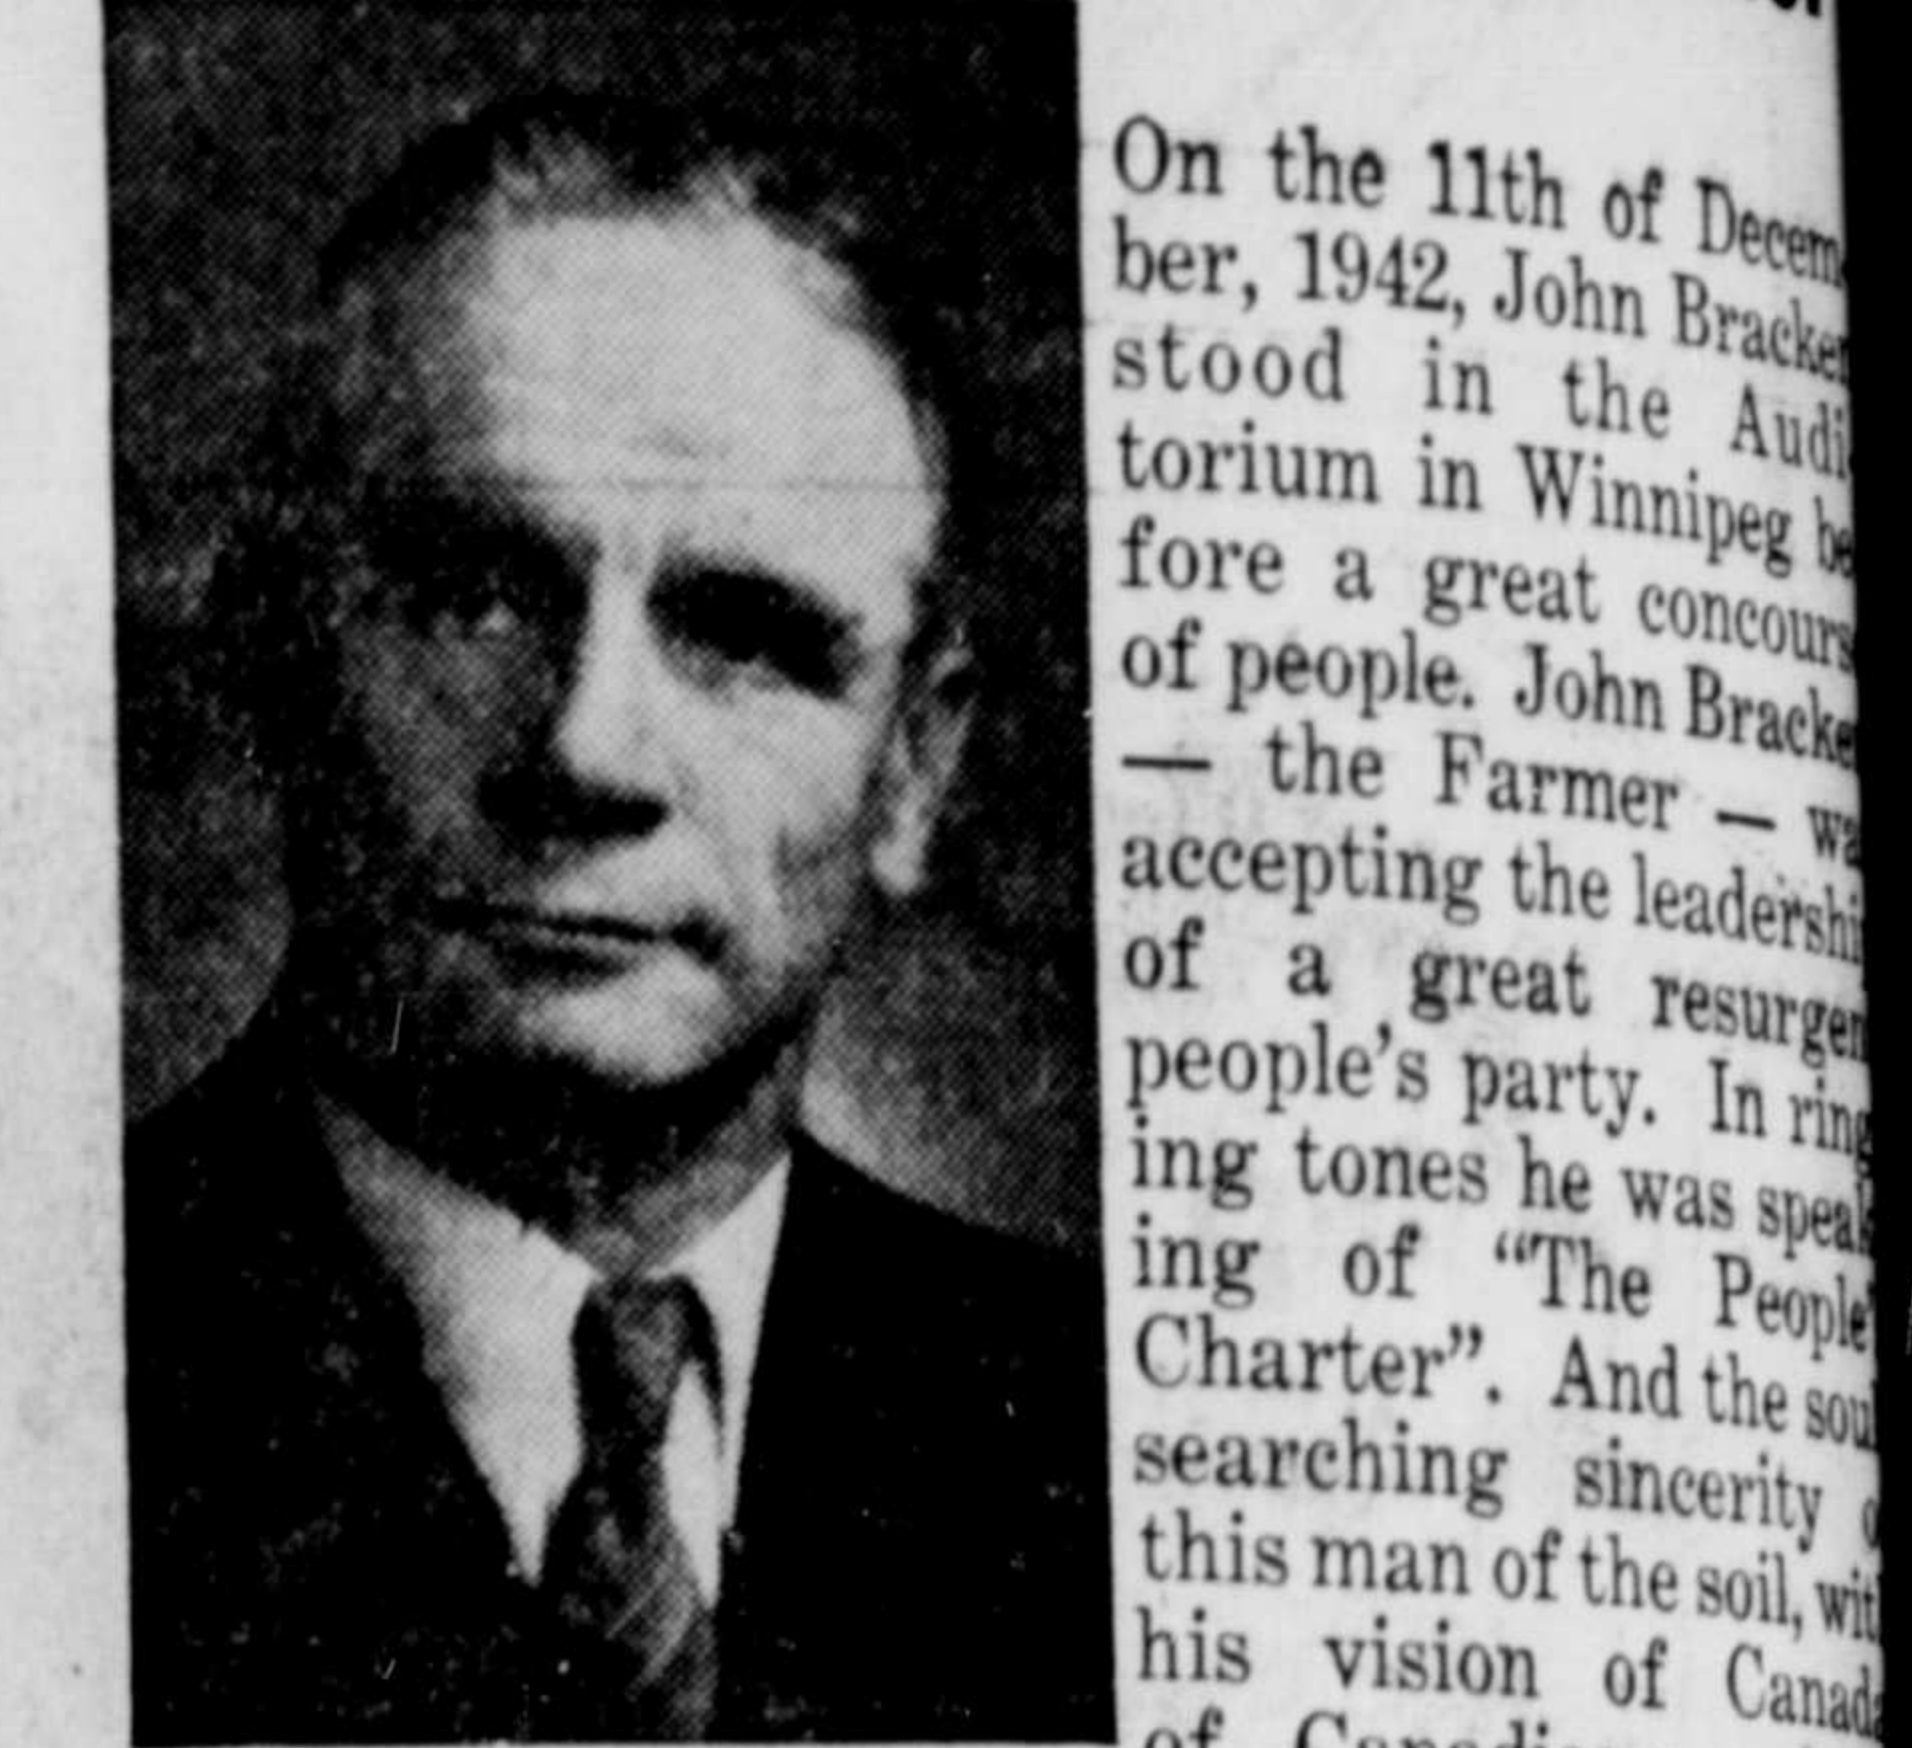

The show will play Seal Cove on Monday evening, Port Edward on Tuesday, Acropolis Hill on Wednesday and the YMCA on Thursday. It is believed the show will stage its final performance in Ketchikan. Members of the armed forces are advised to attend one of these performances, as it is tops in soldier entertainment.

The plot of the opus is centered in Prince Rupert and Ketchikan, namely, Acropolis Hill, Boston Cafe and the Stedman Hotel. The dialogue is witty and snappy with a good number of refreshing tunes. An orchestra is scheduled to rite the overture, but, during the show, the music will be handled by Fred Mansell, local civilian, at the piano.

The romantic leads are taken by Sgt. Harry Norman, well known vocalist in this area, and Jo Murray Sykes. One of the best spots in the show are the comedy roles featuring Sgt. Tommy Walton as Shorty, a "half-pint G.I.," who finds that war begins with matrimony, and his wife, Noreen, played by attractive Helen Marchildon. The opus is supported by the excellent performances of Johnny Cizmas, Walt Roberts, Bill McBride, Harry Parker, Jack Fisher, talented Canadian soldier, Ted Fenske and Alice Clapp.

Stage productions are handled by Frank Finerty, U.S.O. director, and Blackie Radditz, an accomplished commercial artist. Steve Slonski, a civilian employee of the sub-port is assisting in the direction.

John Bracken—The Farmer

"world of plenty that lies within our grasp was deeply moving.

Picture the background of this man—this farmer, John Bracken, the farm boy, on his father's farm in Ontario, milking, haying, carrying in the wood, plowing . . . then young Bracken, honours student at the Ontario Agricultural College going to Manitoba as representative of the Department of Agriculture . . . on Saskatchewan as Superintendent of Farms and Farm Institutes and Secretary of the Provincial Livestock Association . . . then, later, John Bracken, author of writing books about farms, farming, farmers . . .

And now years later, in Winnipeg, John Bracken, the farmer, is speaking of "the right of farmers and other primary producers to a fair share of the national income." Notice the simplicity of the language he uses, clear, concise—sincere.

"During the last decade," he is saying, "farm income fell to such a low average as to become of very great concern in our Canadian economy. It is the responsibility of the nation to see that this great inequality be not perpetuated."

Then, suddenly his voice rises, becomes even clearer, more incisive. "I may say quite frankly that if it has not been for that plank in your platform which provides for a square deal for agriculture, I would not be here."

Two years later, in Alliston, Ontario, — again the same simplicity, the moving sincerity.

"I am an agrarian," said John Bracken, "and I am Canadian . . . who seeks to correct the major injustice of our day — the unfairly small share of the national income that goes to farmers and farm workers and farm workers." Then, with a statesman's enlargement of vision, he added, "When the injustice to the farmer is removed, the economy of Canada as a whole will be strengthened."

No one could be less parochial in his outlook — more deeply concerned with national welfare than John Bracken, the farmer who embarked twenty years ago on a career so successful as to be without precedent in contemporary political history within the British Commonwealth of Nations.

SKEENA WAS VETERAN
(Continued from Page 1)

boats so the invasion armada could sail untouched. That put new life into Skeena. Like an ex-champion seeking a new crown, the ship that was getting stale on an Atlantic run went into the Channel 24 hours before the invasion. She didn't have to wait long to prove her mettle. On June 7th the cry of CPO. George Bowditch, D.S.M., of Victoria, made the helmsman leap hard on the wheel. Skeena turned in her own length and a torpedo skimmed along her side. The next two days were busy ones. Eight torpedoes in all raced at the paper-thin sides of the destroyer as her skipper, Lt.-Cmdr. P. F. X. Russel, Victoria and Halifax, weaved her clear. After that things were quiet. "Just the usual sub patrols," according to Lieut. P. G. Chance of Ottawa, until July 6. Then Skeena took on a new role. Strictly an anti-submarine destroyer with guns of sufficient weight only to smack a U-boat to bits, Skeena went after surface shipping. Straining over boiler, the old-timer swept right into Brest Harbor, under the muzzles of shore batteries, and beat up three enemy craft. Probably the only man aboard who was really happy at this Skeena's first surface action, was Lieut. Don Bauld of Halifax, ex-tennis champion turned gunnery officer, who never before had a chance to see what his weapons would do to armed ships.

Telling about it, Don just grinned and said, "Well, I guess I forgot my navy training. I got excited and kept yelling, 'Shoot again . . . they're not your relations.'"

The enemy kicked back and 15 casualties were suffered by Skeena. Then, on July 24, Skeena was attacked by bombs—one fell so close the explosion flung part of the bomb's wing on to the deck—and a few days later the little destroyer was back off Brest again in another surface action, this time supported by the veterans Qu'Appelle, Assiniboine and Restigouche, the force making one of the two 100 percent Canadian destroyer flotillas in the Channel. Two enemy patrol boats were

KITCHEN ACCIDENTS—Kitchen accidents are bound to happen occasionally even to the best cook. Correcting or disguising them is quite an art, and home economists offer a few helpful suggestions:

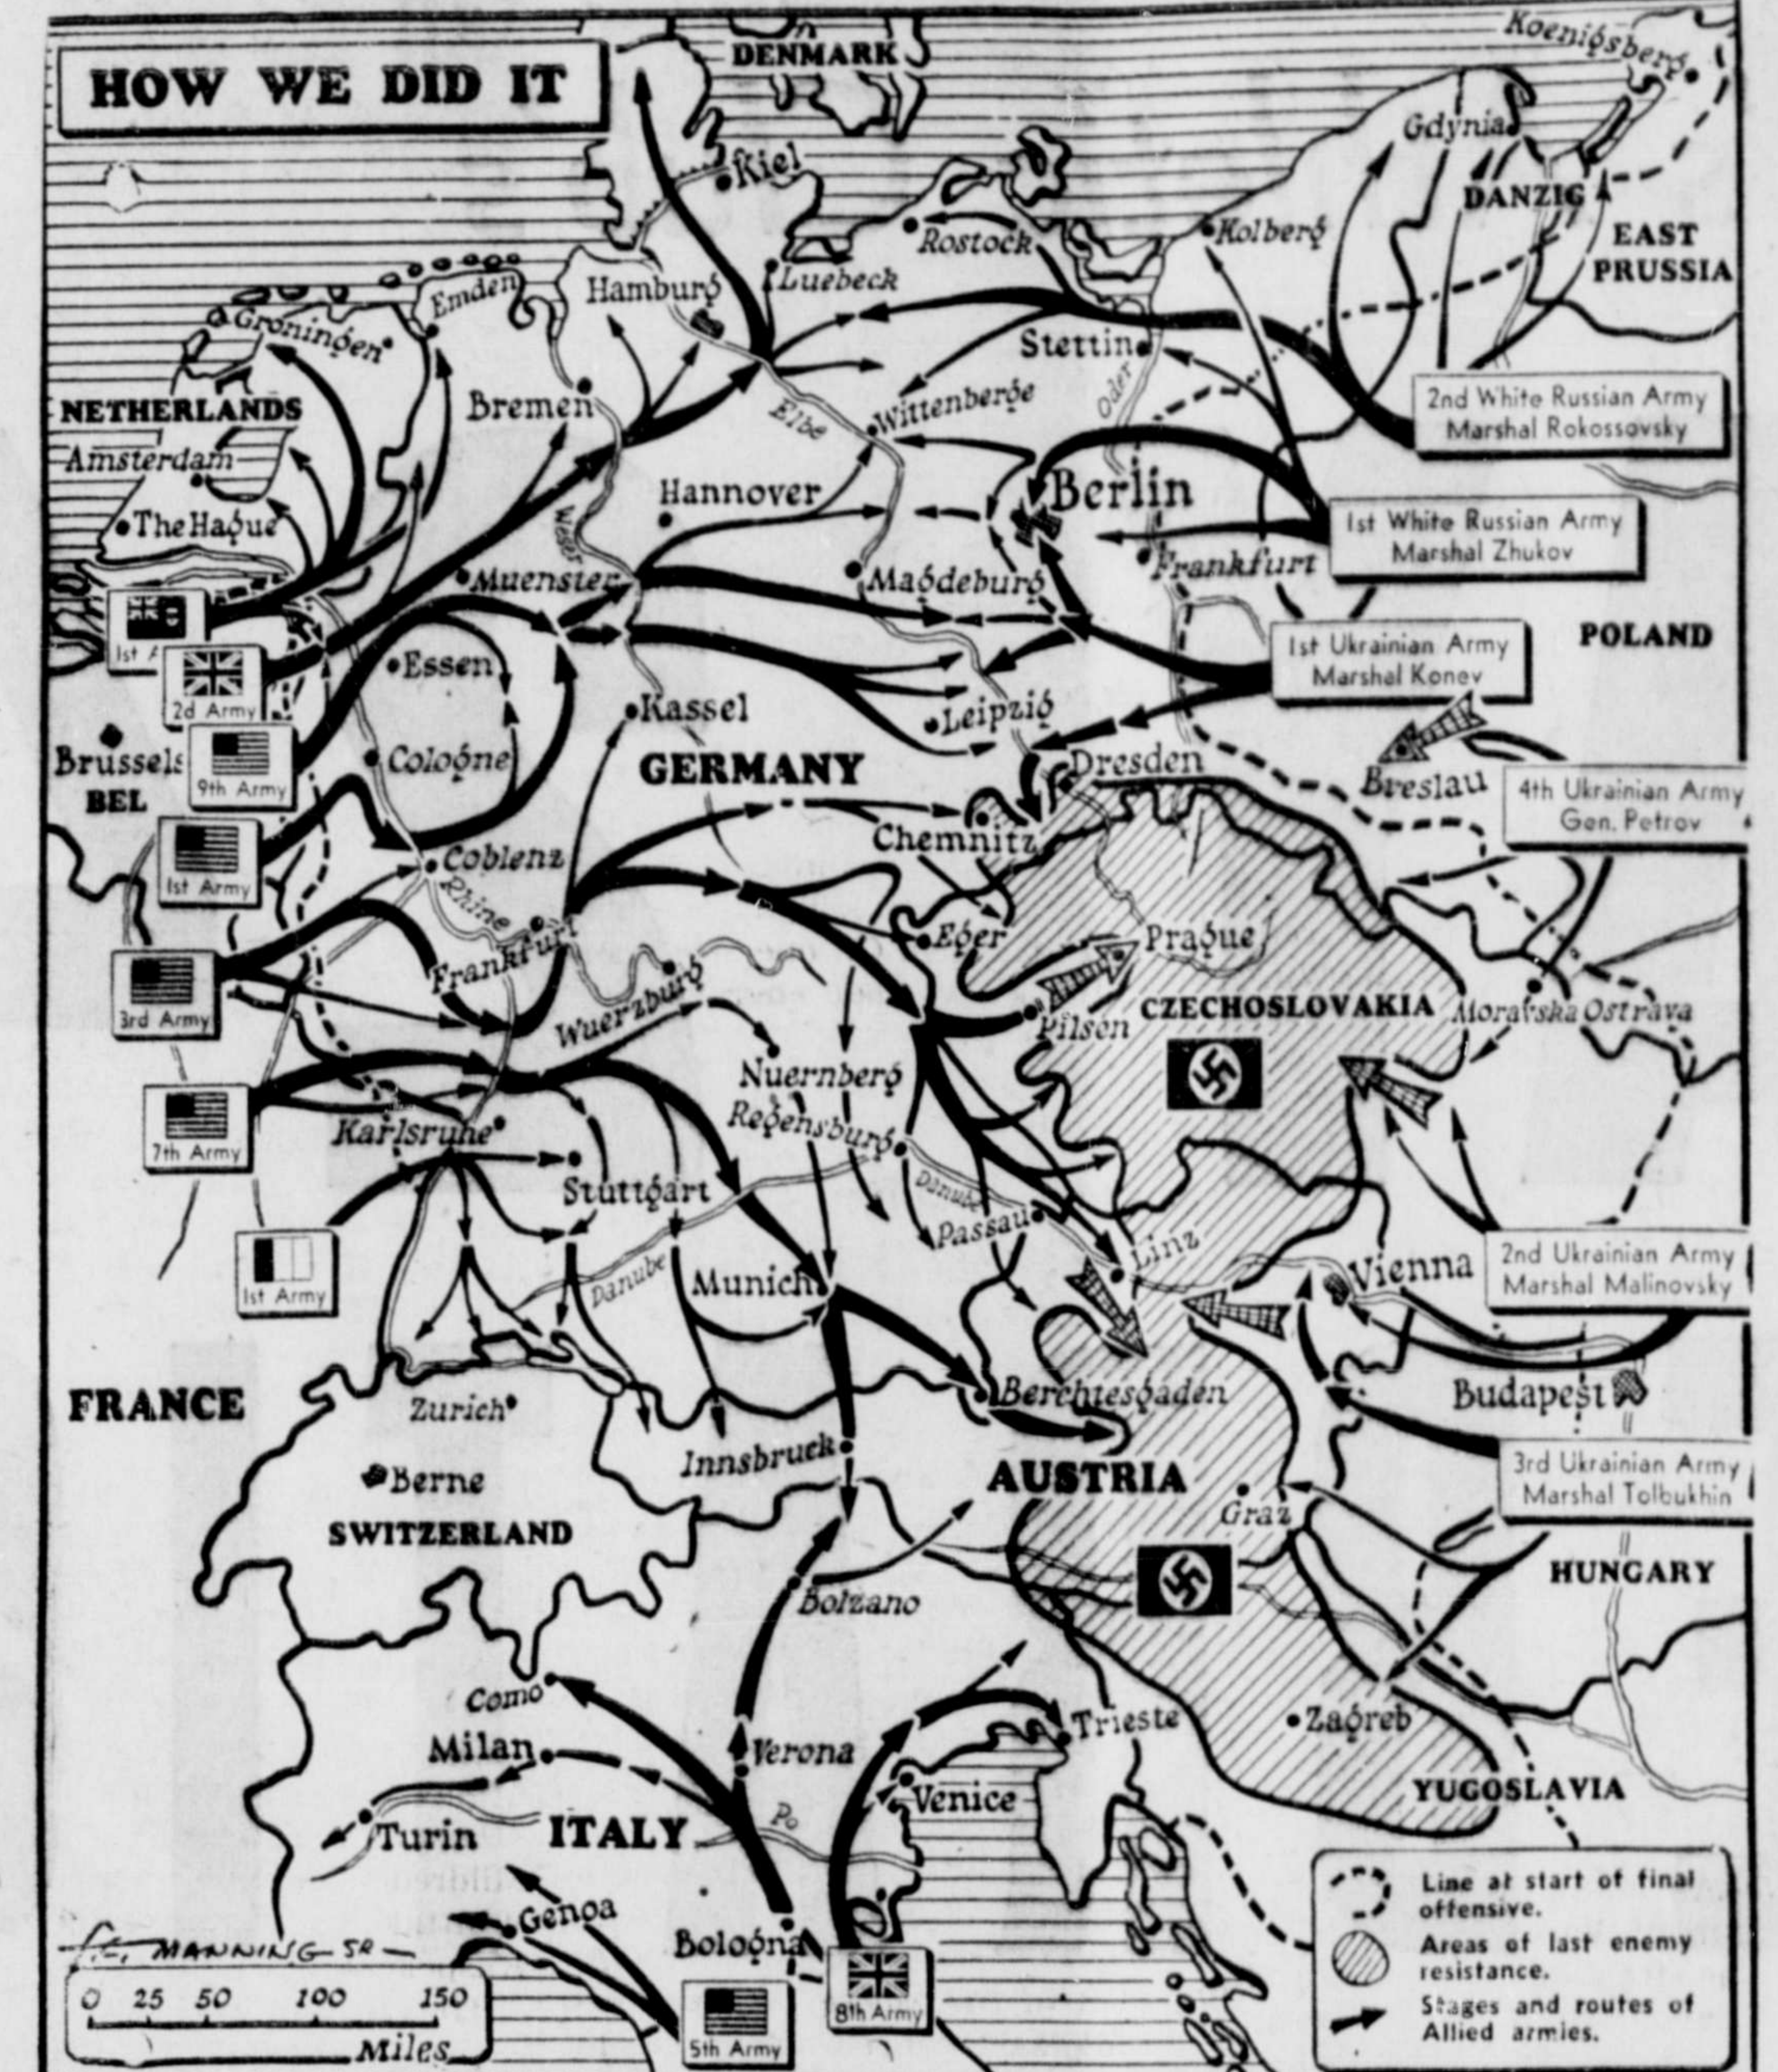

Curdled soft custard can be made smooth by setting the pan in cold water and beating the custard with a rotary beater. **Salty soup** can be made palatable by cooking a sliced potato in the soup, then removing it. **Lumpy sauce** can be made "lumpless" by sieving. **Vegetables** which are beginning to scorch while cooking should be removed from the heat, the pan set in cold water for a moment, the vegetables drained, while scorched pieces are removed, then shaken into another pan. Add fresh boiling water and complete the cooking.

RHUBARB FOAM—Here is a contribution to the recipe file. Called Rhubarb Foam, it was developed by the Agricultural Department Consumer Section and is a spring dessert it rates high. Cook three cups of diced rhubarb in ¾ cup water until tender. Blend together 1½ tablespoons cornstarch, ½ teaspoon salt and ½ cup granulated sugar. Stir slowly into rhubarb. Cook 10 minutes or until there is no taste of raw starch, stirring frequently. Cool, then fold

ICE CREAM
AS LOW AS 12c A PINT

Sure to be pure—you make it. In 2 minutes, mix Landonberry, sugar and cream (even war time cream). Whip, freeze, that's all. No cooking, smooth, no ice crystals. (Use milk or skim milk for delicious frozen desserts). 10c pkg. makes 16 servings. Any flavour. Ask your grocer for Landonberry. If he does not carry it send us \$1.00 for 7 packages and 20 famous recipes, postpaid.

Landonberry of Canada, 524 Dominion Square Building, Montreal, P.Q.

PUSH TO VICTORY—For the record, here's how final victory was achieved. The arrows show the stages and routes of the final drives, which began on February 23. Shaded areas show where last Nazi resistance took place and where some post-surrender shots were fired.

set ablaze and the crew is sure a third got it, too. Skeena was just hitting her old-time stride at this point and seemed set to go on a German-killing rampage that would win back her old title of Canada's "Fightingest" destroyer. But the bell rang to end the fight when Allied troops took over the Channel ports and Skeena returned to fruitless patrols, ever watchful but never hopeful.

DISBAND HOME GUARD
LONDON, (P)—Orders for disbandment of the Home Guard are being drawn up and will be issued soon. The Home Guard "stood down" several months ago but a nucleus of trained personnel was maintained against a possible emergency.

In two egg whites, stiffly beaten, and one tablespoon of vanilla. Chill and serve with a custard sauce made from the egg yolks. This makes six servings.

GELATINE DESSERTS—Gelatin desserts are always family favorites and with added butter-scotch flavor are real winners. The following recipe heads the list of this type of dessert not only for its flavor but also for its economical use of sugar:

Butterscotch Spanish Cream: Ingredients are 1½ tablespoons of gelatine, ¼ cup cold water, two tablespoons butter, ½ cup brown sugar, 2¾ cups of hot milk, three egg yolks, ¼ teaspoon of salt, one teaspoon of vanilla and three egg whites. Soak the gelatine in hot water. Melt the butter and sugar in top of double boiler over direct heat. Stir until a rich brown color. Add hot milk, set pan over hot water and stir until sugar is dissolved. Beat egg yolks and salt, blend with a little of the hot milk mixture. Stir gradually into remaining hot milk and cook over hot water for five minutes or until custard coats a spoon. Dissolve gelatine in the hot custard. Cool and add vanilla. When mixture begins to thicken, fold in the eggs which have been beaten until stiff. Turn into wet moulds and chill. This makes six servings.

USING OVEN—Choice of the right oven companions is the key to the successful use of the oven. Choose foods which bake well together, and require similar temperatures. Be sure that baking dishes and pans fit into the oven to allow sufficient space around them for free circulation of air. Foods will not brown or crisp well if there is too much steam in the oven. Avoid cooking moist foods with those which require dry heat, unless the moist foods are closely covered. Place items to be removed first within easy reach in the oven to save fuel and time when one dish must be removed while another is finishing cooking.

» Smiles «

The Modern Miss
The demure young bride, a tremulous little smile on her innocent face, walked slowly down the aisle on the arm of her father. As she reached the low platform in front of the altar her slippered foot overturned a potted plant. Gravely regarding the spilled earth for a moment, she lifted her childish eyes to the sedate face of the old minister and said: "That's a hell of a place to put a lily."

No, Just Your Eyes
The sweet young thing had broken her glasses. She carefully picked up the pieces, placed them in an envelope and took it to her optometrist. "Will I have to be examined all over?" she asked as she handed him the envelope. "No," he replied, "just your eyes."

Wartime Deathrate Of Natives Soars

MELBOURNE, May 17 (P)—Emaciated by sickness and starvation during their nomadic wanderings to escape the Japanese in the mountainous interior of Bougainville, refugee natives are constantly creeping through to the Australian and New Guinea Administrative Unit compound at Cape Torokina.

They have died in scores during recent months. The mortality has been highest among elderly natives and children—mere skeletons, whose recovery has been hopeless from the start.

High A.N.G.A.U. officers declare that a terrific problem faces the Administration throughout the Solomons, New Britain and New Ireland. Wherever the Japanese have occupied native territory, gardens and villages have been pillaged or destroyed by aerial attack.

This disruption of native life is already having violent reactions against the Japanese. Bands of natives, with bush weapons and firearms seized or stolen from the Japanese, are harassing the enemy's flanks and outposts in a manner particularly terrifying to small parties.

As the Australians advance, A.N.G.A.U. officers, experienced in native customs and administration, begin the colossal task of restoring the native mind to normality. The natives must be fed during the period of cultivating new gardens, which will produce six months afterwards.

GERMAN MEDALS AS SOUVENIRS

A 1914-1918 Iron Cross and a more recent Hitler decoration, once cherished possessions of a member of Hitler's "Volkestrum", the home army, are now souvenirs of Mr. and Mrs. J. D. McCrimmon whose son, Rfn. Ken McCrimmon, achieved possession of them in Germany. Along with the two medals the Prince Rupert soldier sent home a "Volkestrum" arm band, given to German home front fighters in place of uniforms. The collection was presented to Rfn. McCrimmon by a German in the Ems river district late in April. The Hitler medal resembles the Iron Cross and has a light blue ribbon attached. On one side it has a black swastika engraved and on the other a brief inscription in German.

OFFICERS OF MOOSE LODGE

Gillis Royer was installed as governor of the Prince Rupert Lodge, Loyal Order of Moose, for 1945-46 at an installation ceremony which followed the annual election of officers at a meeting held in the I.O.D.E. Hall Tuesday night. He succeeds B. J. Bacon who held the office of governor for the year 1944-45. W. B. McCallum was re-elected to the office of secretary.

The meeting was attended by members of both the men's lodge and the ladies' organization, Women of the Moose. A social evening was enjoyed at the conclusion of the business meeting.

Following is the new slate of officers:

Past Governor, B. J. Bacon.
 Governor, Gillis Royer.
 Vice-Governor, Roy Beatty.
 Prelate, Steve Slonski.
 Secretary, W. B. McCallum.
 Treasurer, A. Ohnesorg.
 Trustee, S. Haudenschild.

SKIT FEATURES WOMEN'S MEET

The regular meeting of the Prince Rupert Chapter, No. 211, Women of the Moose, was held last night with Senior Regent Kasper in the chair. Two new members, namely Joan Wynne and Alix Wallin, were admitted into the Heart. A report was made by Gr. Regent Haugan on the banquet to be held this coming Friday at the Commodore. It was decided by the Chapter that a softball team be outfitted for the field to play in the Women's League, sponsored by the "Y."

Nomination for new officers took place with Junior Regent Jessie Harvey being nominated by acclamation for the Senior Regent's chair and Recorder Dorothy Ballinger for Recorder renominated. The other officers will be elected next meeting. As Mrs. Olsen was absent, there will be \$5 in the "Moose Cash" drawing next time.

Following the meeting, a delightful social was enjoyed.

The Child Care committee, Chairman Mrs. F. Grimble, proved themselves capable actors in the skit of marrying Lil Abner to Daisy Mae. The cast consisted of Linda Erickson, Audrey Grimble, Ethel Hague, Jessie Harvey, Chrissie Chandler, Alva Mortensen, Jordis Hill, Mildred Wide, Rose Healy, Verna Whittaker, Lena Grimble Amy Kasper and Sophie Carr.

The affair was carried out even to wedding gifts displayed and a wedding cake cut by the bride and groom. Pictures of the cast and of the members were taken by Mr. Lemon. Applause was extended to all members of the committee for their efforts to making such a splendid success of the social.

HOW CAN I ???
 By ANNE ASHLEY

Q. How can I clean ordinary window shades?
 A. Rub with wall paper cleaner. Holland shades should be stretched tightly on floor or table and tacked down, then scrubbed with hot suds and a brush. Rinse with brush and warm water. Wait until almost dry, then iron.

Q. How can I make it easier to launder clothes?
 A. Clothes will be easier to wash if they're soaked overnight in cold, soft water, into which one tablespoon of ammonia to each bucket of water has been added.

Q. How can I drive away mice?
 A. Place bunches of peppermint, or essence of peppermint, around their haunts.

VICTORIA DAY CELEBRATION IS BEING RESUMED IN THIS CITY WITH FULL PROGRAM OF SPORTS

A full day of sport activities culminating in a baseball game in the evening and a dance at the Moose Hall are the plans of the Kinsmen of Prince Rupert for Victoria Day next Thursday. All the color and entertainment of Victoria Days in the past when the whole city would turn out to see the fun is planned by this service group for the entire day.

As a matter of fact, the sports entertainment will actually start on Wednesday, the eve of Victoria Day. A school boy boxing tournament is planned to be staged in the YMCA gymnasium. Boxers participating are all members of the local schools and have been receiving instruction at the East End gym during the past three weeks. Bandsman Sullivan, R.C.N.V.R., prominent in Canadian boxing circles for some years, has consented to referee the matches.

Victoria Day sports will start with a huge parade from the Court House grounds at 12:30 and will travel to the Acropolis Hill where the track and field events will be staged. In the parade will be floats and decorated cars. Children's entries will predominate and there are prizes in many classes from doll buggies to the best dressed clown. A full list of classes and an entry form will be published in the local press on Thursday of this week.

To every youngster who enters the parade either in competition or marches with the rest free ice cream and pop will be given from the refreshment booths on the Acropolis grounds. The track and field events will start immediately the parade reaches the grounds. The events will consist of races for those six years of age to 15, including relay races, sack race and three-legged race. The local schools are co-operating in this day and are holding elimination contests this week to choose the four best in each age group and event. Prizes are given for the winners on Victoria Day.

During the afternoon a city championship tug-of-war will be run off for a new trophy—the Daily News annual challenge cup. Servicemen's teams and civilian units are entering for this event. Another feature for the adults is the five-mile road race which is open to all. Good prizes are also offered for this event.

At 6:30 the Americans will meet the City in a baseball game. Both teams are already practising and, remembering the good games that were staged last year between these two outfits, this event will be popular. The day will close with a Victoria Ball in the Moose Hall at which the grand drawing for the prizes will be held. Each admission ticket to the sports on Acropolis Hill is eligible for

Care Is Necessary In Marking Ballot

OTTAWA, May 17 (P)—There are many errors by which voters can kill their vote in the Dominion election June 11. If a voter writes his "X" opposite the wrong candidate, crosses it out and tries again, he kills his vote. The correct procedure is to ask for a new ballot. In this election, too, any citizen who takes the serviceman's privilege of writing the name of his choice on a ballot, kills the ballot.

Skeena Survivor Declines to Talk

Release Wednesday of the story of the sinking of the Canadian destroyer Skeena sent Daily News reporters to Petty Officer Writer George Dibb, Prince Rupert survivor of the veteran ship Skeena which foundered off Iceland last October. It was believed—rightly enough—that his experiences would make a first rate story but, beyond an admission that he put off with other seamen in a life raft from the doomed ship, the local sailor was very reticent. "Your published story tells the whole affair completely and, if I were to try and add anything more, it might seem that I am trying to take undue credit," he parried.
