WHERE "THE SON OF HEAVEN" LIVES—An aerial view showing Emperor Hirohito's palace and surrounding area. Although Allied bombs did not hit the palace itself, buildings in the vicinity lie in rubble.

Future Government of Japan

GLOBESTER AT MANILA

Round the World Plane Now Headed Across Pacific Towards San Francisco

MANILLA, Oct. 3 (CP)—The American round the world commercial plane Globester passed the half-way mark in its globe-girdling flight yesterday and hit the long Pacific trail for the United States. The plane reached Manila Monday night and headed westward across the ocean for San Francisco and thence on to Washington.

NAVY STRENGTH IS BEING CUT

Will Be Down to Ten Thousand Men By Next March

OTTAWA, Oct. 3 (CP)—Defence Minister Abbott has disclosed that the Royal Canadian Navy will be cut in strength to ten thousand men by the end of next March. The Navy's strength as of last April 3 was 95,000 men. Mr. Abbott said the ten thousand men remaining next March will include members of the permanent force plus those reserves who re-engaged for a two-year period.

RESHUFFLE FOR JAPAN

Military Inventory Called For—Renewed Talk of Hirohito's Abdication

TOKYO, Oct. 3 (CP)—The Allied High Command yesterday demanded from the Japanese government a full accounting of Japanese production in military items as well as an inventory of all existing stocks. Meanwhile the Japanese Home Office, Foreign Office and Ministry of the Imperial Household denied reports that the country's cabinet was preparing to resign en masse. Tokyo observers said they considered the phrasing of the denial as a hint that in the near future a cabinet reshuffle might be expected rather than the reported resignation of the entire body.

However, Japanese sources reported rising sentiment for the elimination of the cabinet of ministers once associated with the beaten war-making regime as well as those blamed for the failure to anticipate growing food, housing and fuel shortages.

Earlier reports, strictly without confirmation, hinted that Emperor Hirohito might abdicate in a thorough government house-cleaning when his task of carrying out principal surrender terms is finished.

SMOKING IS RISKY

DUNGENESS, Eng., Oct. 3 (CP)—Smoking cigarettes outdoors now is permitted in this channel coast town, but residents are doing it gingerly. Outdoor smoking was banned when Pluto (Pipe Line under the Ocean) began to pump gasoline to the armies across the Channel but now the pipeline is no longer used.

Dungeness is still timorous. Police say: "As far as we're concerned smoking out-of-doors is still forbidden. We've had no instructions to the contrary."

The fire department: "The law still stands but people do smoke outside, so it's all right, really."

The army: "There are still a few places where you can't smoke out-of-doors."

One is the time when the nightly cry at the Pilot Inn at closing time was, "Time, gents, please—and put out your pipes."

GRESFORD, Denbigh, Wales (CP)—George Lloyd who died at the age of 102 said on his 101st birthday: "This is a fool of a war but if I met Hitler I would shoot him and be done with it."

Expanding Industry—

Many New Jobs For Canadians

OTTAWA, Oct. 3 (CP)—From 729 firms, Ottawa now has the promise of at least 166,000 new jobs for Canadian workers, a promise backed up by 142 millions worth of new plants to be bought or built over the next 12 months.

Those 166,000 jobs and 729 firms are only the currently visible part of the job-building picture that now involves well over 1,000 firms and over 200 million dollars of capital expenditure under the "double depreciation" section of the reconstruction program—a plan which permits industrial firms to charge twice the normal rate of depreciation when computing write-offs against taxes. The double rate applies only to authorized job-making expansion plans.

But while the 729-firm picture is thus only a segment of the growth picture of industry as a whole, the fact that these firms are budgeting a 107 per cent growth in employment, a 175 per cent jump in the value of production and a 74 per cent boost in export sales is of major significance as an indicator of the general trend.

The story is to be found in figures made available for the first time to show the extent to which Canadian business firms are taking advantage of double depreciation.

To date, the applications of over 1,000 firms for double depreciation tax credits in their postwar expenditure on plant, equipment and building construction, have been approved.

The total amount of expansion involved in these 1,000 approved applications is close to \$200 million. Of this total, about 64 per cent is for new plant or for additions to existing buildings. A further 30 per cent is allocated for the purchase or installation of new machinery and equipment. Of the balance, 4 per cent is for the purchase of used machinery and equipment. The remainder is to purchase existing buildings.

Weather Forecast

Today—Queen Charlottes and northern mainland, strong south to southeast winds, occasionally reaching gale force in exposed positions, veering to fresh to moderate southwest in evening, cloudy and mild, light rain during day. Thursday: light to moderate winds, cloudy and mild.

CANADA LABOR SCENE CHANGES

Problem is to Get Jobs for Men Rather Than Men for Jobs

OTTAWA, Oct. 3 (CP)—Release of war workers and discharge of service personnel is rapidly changing the manpower picture to the point where provision of jobs for workers is of more pressing importance than finding workers for jobs, the Department of Labor said in a review of the employment situation.

BYRNES HAS HOPES YET

Patience and Understanding Might Still Yield Agreement on European Peace Issues

LONDON, Oct. 3 (CP)—With the London conference of the Big Five foreign ministers ended, the general opinion is that no agreement of any great importance was reached.

American Secretary of State Byrnes disclosed that the issue which deadlocked the conference was Russia's insistence on barring France and China from discussions of Balkan peace treaties. He declared however, that the issue can be settled with continued patience and understanding on all sides.

No date was set for any future meeting and it may be up to the Big Three leaders to iron out the problem.

EXTENSION OF POWERS

Minister St. Laurent Asks For Continuation of Economic Authorities

OTTAWA, Oct. 3 (CP)—Justice Minister St. Laurent has disclosed that the government will ask the House for an extension of certain wartime emergency powers. Mr. St. Laurent said that these special powers are needed during the reconversion period.

Previously, members of the Opposition in the Commons criticized the government for not declaring officially an end to the war which would eliminate the War Measures Act and the powers allocated to the government under it.

Mr. St. Laurent said it is necessary to remove controls gradually.

Consultative Commission On Long Range Policy To Follow Big Four Control

Further Restrictions Imposed By MacArthur — "Hands Off Korea" Ordered — Secret Societies Watched

LONDON, Oct. 3 (CP)—Moscow radio announced today that Russia has informed the United States that formation of a four-power control government for Japan should precede organization of a Far Eastern consultative commission to direct long-range policy toward the defeated Pacific enemy. The radio said

that the Russian view was set forth in a letter handed Secretary of State James Byrnes by Foreign Commissar Molotov in London yesterday.

Byrnes announced a week ago that the formation of a consultative commission in which other countries that fought Japan would be given a voice had been agreed to by Britain, Russia and China.

The broadcast said that Molotov's letter reaffirmed Russia's agreement with such a project but added that Byrnes' announcement "does not reflect the present position."

MacArthur Imposes Further Restrictions. Meanwhile General Douglas MacArthur today restricted Japanese overseas financial and business communications to messages he has approved and warned the Japanese government to keep its hands off Korea while threats of famine brought fresh troubles to the Japanese cabinet.

American officials reported that they are watching strictly the activities of more than 100 former secret patriotic societies of Japan and "all other subversive groups." The Americans are particularly vigilant for any evidence that the groups might be going underground.

Seek Whereabouts Of Fisherman

B.C. police are seeking information of Joseph Granger, Prince Rupert fisherman, whose whereabouts have been unknown since he left this port in his 32-foot trolling boat, Crescent, about August 15. Granger, who has been trolling out of Prince Rupert all summer, is a former dry dock worker. Not having been heard from for more than a month, his friends have begun to feel anxiety for his safety. Granger came here from the prairies about two years ago.

TIE-UP OF INDUSTRY

Both American Federation of Labor and C.I.O. Involved in Northwest Timber Workers' Strike

PORTLAND, Oregon, Oct. 3 (CP)—The American Federation of Labor union, in the ninth day of a strike covering five states of the Pacific Northwest, picketed some C.I.O. mills again yesterday, backing up a threat to checkmate the entire lumber industry.

One gigantic Longview mill closed when the Committee on Industrial Organization men declined to cross American Federation of Labor picket lines.

Threat of an extended lumber shutdown crippling house building and industrial construction grew as the American Federation warned its 61,000 strikers would continue until next year if necessary to obtain demanded wage increases.

DENTIST'S OFFICE IS BROKEN INTO

Possibly seeking drugs, a prowler entered the offices of Dr. R. C. Bamford, dentist, in the Besner Block last night but departed after an apparently unsuccessful search. Discovery of the breaking and entry was made this morning by the office nurse. Entry was made through a transom above the outer door.

INDO-CHINA "CEASE FIRE"

Agreement at Meeting of French Authorities and Annamite Leaders

KANDY, Ceylon, Oct. 3 (CP)—Agreement for a "cease fire" order in French Indo-China has been reached at a meeting between French authorities and leaders of the Annamite independence movements, it was announced officially yesterday.

A communique said that, previous to the meeting, the situation in Saigon had been deteriorating.

Leaders of Hanoi's new political party claim that it controls three towns in Indo-China and that it has been assured by General Chiang Kai-Shek that he will support Annamese independence claims. Immediate independence is sought by native Annamese whose secret uprising was against return of French Colonial control. It was a Reuters message which said that the Southeast Asia Command announced an agreement to cease fire in French Indo-China was reached Monday by French authorities and leaders of the Annamese independence movement.

MERCY PLANE WINGS NORTH

Life-Saving Drugs Being Carried to Dying Eskimos On Baffin Island

OTTAWA, Oct. 3 (CP)—A twin-engine Douglas transport was reported last night to be winging its way far north into the bleak area beyond the Arctic Circle, carrying life-saving drugs to lonely Baffin Island where a typhoid fever epidemic is raging. Forty-five Eskimos living out in the Baffin missions already have died. The R.C.A.F. plane will have to complete a two-thousand-mile trip to deliver the drugs.

May Shorten Sugar Ration

Million and Half Tons of Sweet Material Found In Java

WASHINGTON, Oct. 3 (CP)—The American Secretary of Agriculture has made an announcement which may mean shortening of the time that sugar will be rationed. He disclosed that one half million tons of sugar have been discovered in Java since the Japanese surrender. The sugar will be added to the United Nations pool, and hence will contribute to the shortening of rationing in Canada.

REASON OF RATIONING

Simple Enough, Donald Gordon Tells Calgary Board of Trade

CALGARY, Oct. 3 (CP)—Meat rationing was imposed for "the simple purpose" of reducing Canadian consumption in order to make larger supplies available to meet world shortage, said Donald Gordon, chairman of the Board of Trade, said yesterday here.

Mr. Gordon told the Calgary Board of Trade that the crux of the problem is an overall world shortage existing in each of the important food groups of cereals, meat, dairy products, oils and vegetables and sugar.

Victoria Butcher Shops Reopened

VICTORIA, Oct. 3 (CP)—Victoria butchers who had closed their shops September 24 in protest against meat rationing reopened yesterday.

WATERWAY APPROVAL

Postponed St. Lawrence Drain May Materialize

WASHINGTON, Oct. 3 (CP)—Agreement to obtain Congressional approval of the Great St. Lawrence power and waterway agreement between Canada and the United States was reached in the American Senate yesterday under the powerful influence of five Democrat and five Republican senators.

If successful, the drive will bring to reality the oft-postponed dream of harnessing flow of the St. Lawrence River for electrical energy and will provide a twenty-seven foot sea-level from the head of the lakes to the Gulf of St. Lawrence.

OLBETON, Devon, Eng. (CP)—Three generations of students taught attended a farewell ceremony for Miss Eva Chadder, OLBETON school-mistress for 45 years.

Results of their official Odyssey to Winnipeg, Montreal and Ottawa locked tightly in their bosoms, two members of the city's three-man delegation which interviewed government and railway officials in eastern Canada were back at their jobs in the city today.

DELEGATES MUM ON RESULT OF EASTERN TRIP

Results of their official Odyssey to Winnipeg, Montreal and Ottawa locked tightly in their bosoms, two members of the city's three-man delegation which interviewed government and railway officials in eastern Canada were back at their jobs in the city today.

"The three of us decided to release no information before we report to the public meeting called for Friday night," Mayor Daggett told a reporter with a negative nod of his head. He and James Nicoll returned on last night's train. The third member, W. M. Watts, stopped off at Smithers and will arrive in the city tonight.

Stalwart in his decision not to release any information before it is officially presented in public meeting, Mayor Daggett, nevertheless, discoursed on incidents of the journey.

First interview was with W. R. Devenish, vice-president in charge of C.N.R. western lines. The delegation then proceeded to Montreal where it was received by N. B. Walton, executive vice-president.

Later in Ottawa, they met Hon. James McKinnon, Minister of Trade and Commerce, presenting the city's brief for steamship subsidies; Hon. Lionel Chevrier, Minister of Transport, and Hon. C. D. Howe, Minister of Reconstruction, and with the Deputy Minister of National Defence.

Returning to Winnipeg the delegation interviewed W. R. Devenish for a second time regarding the construction of a vessel to replace the Prince George and also attended a meeting of the executive of Union of Canadian Mayors and Municipalities which is preparing a brief for presentation to the Dominion-Provincial conference.

In Ottawa, Mayor Daggett said, he met Lieut. and Mrs. Lee Gordon. Lieut. Gordon, well known Prince Rupert businessman, is stationed at Ottawa with the Army.

STRIKES ARE ON INCREASE

Close to 18,000 Canadian Workers Now Out and Possibility is There May Be 30,000

OTTAWA, Oct. 3 (CP)—Close to 18,000 Canadian workers are on strike with the possibility of the number growing to 30,000 in the near future.

Seventy-seven hundred western coal miners are idle, protesting at meat rationing.

Also on strike are 10,000 workers at the Ford Motor Co. plant at Windsor, Ont. demanding a new collective bargaining agreement.

The 12,000 whose strike is a possibility are members of the Packing House Union who are demanding a 30 per cent wage increase and a forty-hour five-day week.

Vandals Threaten City Rock Crusher

Vandalism at the city's rock crushing plant has become an added stumbling block to the repair of the community's ravaged streets, City Engineer Phillips reported to council Monday night.

Council acceded to his request that better police protection be given that area.

Engineer Phillips said that recently vandals, whom he believed must have been big boys, loaded two trolley cars with large rocks and pushed them down the track at the plant. The car, went over the end of the rails, landing on the crusher. Except for some timber lying on the apparatus, which protected it, the crusher might have been seriously damaged, the City Engineer said.

CAMPAIGN CONTINUES

Prince Rupert Recreational Council Carrying On Drive Until Every Citizen Contacted

The campaign for funds for the support of the Prince Rupert Recreational Council in its local physical education and recreational activities continues with much of the city yet to be covered by canvassers. President William Noble stated this morning that the effort would be continued until every citizen in Prince Rupert has been canvassed. Up to last night the sum of \$1526 had been reached on the \$5000 objective.

Recent subscriptions have been as follows:

Table listing donors and amounts: Dr. John Gibson \$10, Dr. Jens Munthe 10, Philpott, Evitt Co. 25, Atlin Fisheries 25, F. E. Hunt Ltd. 10, C. A. Brind 5, Royal Fish Co. 10, Bill Bacon 5, Booth Fisheries 15, Ward Electric 5, W. R. Love Electric 5, Martin Stuart 5, Burns & Co. 5, Smiles Cafe 10, W. Tippett 5, L. Encouraging Industry Here . . .

The Department of Trade and Industry of the provincial government, according to press reports, is intending to set up committees in various regions of the province with a view to industrial development in those regions. In this connection it is understood that a representative of the department will soon be in Prince Rupert. No doubt, the local post-war reconstruction organization will be in a position to co-operate with the departmental representative when he arrives.

Certainly, the Prince Rupert region is one that should be most keenly interested in post-war industrial development with a view to filling the gap caused by the curtailment of war activities which gave us so much prosperity during the past few years.

Government departments may show all the interest in the world in communities but if there is not the fullest of local co-operation on the part of those communities themselves not much can be expected. The war recession here in Prince Rupert might be quite possibly stemmed to considerable extent by the enterprise of the citizens themselves. It is high time to bestir ourselves.

A Labor Leader Speaks . . .

In view of the unrest in labor circles throughout Canada and the consequent problems and difficulties confronting industrial leaders and the government, an editorial from a recent issue of the Labor Leader, published at Toronto in the interests

of international trades unionism, is interesting. The editor is H. G. Fester, life-long member of the American Federation of Labor, former secretary of the Trades and Labor Council of Hamilton, who writes as follows under the heading: "The Picnic Is Over—Now Down to Brass Tacks":

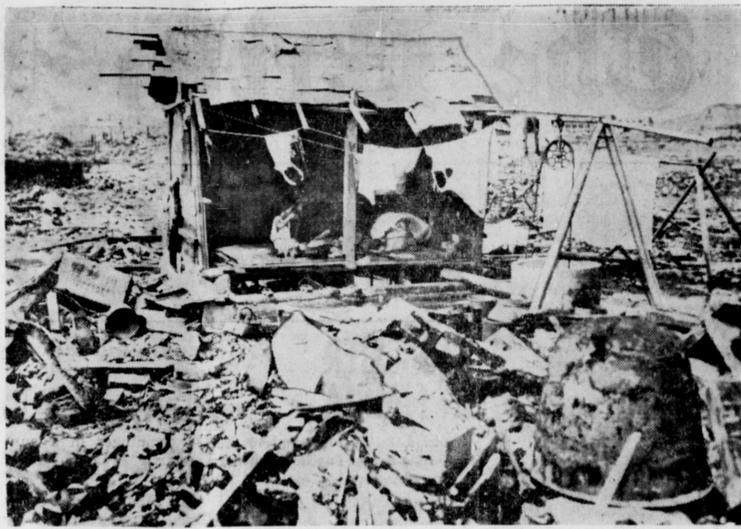

"The greatest war the world has ever witnessed has finally come to an end. Fascism has gone down in a welter of hatred and an ocean of blood. The last pages of its foul smelling history are now reaping in full measure the whirlwind they have sown.

"Now for the period of reconstruction. This will be an era of hard work for all concerned, and whether the job be done by private enterprise, or by the State, the task will try men's souls to the breaking point. It will call for the best in all of us, and at modest returns for both labor and capital. For it must be kept in mind that production for the next few years, will be largely in the form of replacement of the things destroyed, and the substitution of the machinery of peace for the machinery of war. This means that the era of high wages and high profits, is at an end for a long time to come. Only high taxes will remain.

"For the past six years we have lived luxuriously at the expense of those who died. We have borrowed from Peter to pay Paul. The time has arrived to take stock, so that we may see just what is before us.

"Labor must adjust itself to peace-time conditions. Some of its present efforts to shorten hours and inflate wages, have no sound economic basis. Such efforts can only serve to cripple the efforts of those who are seeking to assure Canada's place in the sum total of the world's available trade.

"The war is over, boys and girls, and we must now give some thought to paying for it. This will be no light task. It will test the genius of labor, capital and management to the utmost. It will mean hard work for all."

LIFE IN NAGASAKI AFTER ATOM BOMB BLAST—This Japanese family moved back to the spot where their house stood before the devastation created by the atom bomb unleashed on Nagasaki Aug. 9. Right in the centre of the rubble they constructed this crude shack from pieces of tin they found lying around. The mother and her son are eating their usual meal—rice. More than 18,000 buildings were completely destroyed and 26,000 persons were killed.

Better English
By D. C. WILLIAMS

1. What is wrong with this sentence? "Such statements are nothing else but absurd."
2. What is the correct pronunciation of "labyrinth?"
3. Which one of these words is misspelled? Fusilage, fusible, fusillade.
4. What does the word "accoutrements" mean?
5. What is a word beginning with la that means "expressing grief?"

Answers
1. Say, "nothing else than absurd." 2. pronounce lab-i-rinth as in at, both l's as in it, accent first syllable. 3. Fuse-lage. 4. Articles of apparel; equipment. "How gay with all the accoutrements of war."—A. Phillips. 5. Lamentable.

PUBLICIZE INDUSTRIES

Special Committee of Public Relations Working on Early Publication

Further plans for the early publication of an up-to-date pamphlet, designed especially to promote commercial and industrial possibilities and opportunities of the port of Prince Rupert, were made at a meeting in the Daily News office last night of a special committee of the Prince Rupert Public Relations Council. The pamphlet, according to the present plan, will be such that it may be used to complement an ambitious booklet dealing with city and district which is being issued by the provincial Travel Bureau or to be distributed separately.

The following have been requested to assemble up-to-date information under various headings, this to be assembled and tabulated into suitable form for the purpose of the pamphlet:

Fishing Industry—C. G. Gilker and Aid. T. H. Sorensen.
Mining—T. N. Youngs and Jack McLeod.
Shipping—E. T. Applewhite and Bruce Stevens.
Stone and Rock—L. M. Felsen-thal.
Lumbering—Harold Ivarson.
Hunting and Fishing—W. J. Scott, A. Dominato and W. F. Stone.
Photographs—Jack Wrathall.
Format—George Dibb.

MEASLES CASUALTIES
Measles were a major cause of death among the U.S. soldiers of the First Great War.

GUILDFORD, Surrey, Eng. ☉
Four guardsmen were killed when their truck mounted a bank at the side of the road and overturned.

Members of last House.
Figures bracketed after constituency name indicate party majority in last election or by-election.

JIM COLUSSI ON ILE DE FRANCE

Well Known Local Boy Now on Last Lap of Journey Home

Pte. James Colussi, who has been overseas for four years with the First Canadian Division, returned to Canada aboard the Ile de France, which landed at Halifax Monday night, and is now speeding westward. He is the son of Mrs. C. Colussi, 1140 Ninth Avenue E., and a well known local boy. He should be arriving here next week and will be welcomed by many friends.

Pte. Colussi has seen service in Italy, France, Belgium, Germany and Holland. He was wounded in Italy and had a bad concussion from which he recovered to return to duty in Western Europe.

He will be the second son of Mrs. Colussi to return from overseas, Corp. Mike Colussi having been here until recently when he left for Vancouver where he has become attached to Pacific Command.

WINDERMERE, Eng. ☉
Windermere Lake steamers are running again after a break of five and a half years.

MUNICIPAL VOTERS!

The list is now open for nomination of voters. Is your name on? It is the duty of every one qualified to vote to see that his or her name is on the list and to exercise the franchise in support of the principal candidates who will represent them in the management of city affairs. Property-owners by agreement of sale and Licence Holders assure yourselves that you are on the list before Oct. 10.

"GOOD LIGHT

Protects Sight..."
Says REDDY KILOWATT

- Why be in the dark about taking care of your eyes? It's poor economy to save on light at the expense of your eyes! Use adequate lighting at all times and make sure the light falls on your book or paper without glare or shadow.
- Plenty of sewing or knitting to do? Be sure you don't strain your eyes under too little light. And avoid waste of light by keeping the bulbs and shades free of dust!
- Don't let the children strain their eyes by studying under a light that is either harsh or dim. Young eyes need a good study lamp that sheds a pleasant light on their books.

NORTHERN BRITISH COLUMBIA POWER COMPANY LIMITED

NOTICE TO ALL MEMBERS OF THE PRINCE RUPERT FISHERMEN'S CO-OPERATIVE ASSN.
Please attend special General Meeting of the Prince Rupert Fishermen's Co-operative Association to be held in the Oddfellows Hall at 400 4th Avenue East, Prince Rupert, B.C., on October 3rd, 1945, at 10 a.m.

Welcome Home... and Into Civilian Clothes Again...

We know how eager every discharged veteran is to take his place in civilian life again. We speed the process with our well-cut, well-tailored ready-made clothes. They're good quality and good value.

Ladies' Aid Honors Departing Member

St. Paul's Lutheran Ladies' Aid held a farewell party for Mrs. Jack Ivarson at the home of Mrs. Gust Mostad, the president, on Thursday. A delicious lunch was served after which a presentation was made of two handsome framed pictures of Prince Rupert. The presentation was made by Mrs. H. Johannesen, the vice-president.

Four little girls representing Mrs. Ivarson's Sunday School class were also present and presented her with a beautiful satin night gown.

Mrs. Ivarson expressed her appreciation in a few well spoken words.

Mrs. Ivarson left the following day to make her home at Kitwanga. She has been a very active member of the Ladies' Aid and Sunday School for many years.

NAIROBI, Kenya ☉—Audiences totalling well over 600,000 Africans in all parts of Kenya attended movie shows given by the government mobile cinema during 1944. This type of entertainment is a potentially powerful educational force among Africans.

SEA CADETS INSPECTED

Regular inspection of the Prince Rupert Captain Cook Corps of Sea Cadets was conducted in the Navy Drill Hall last night when Corps members numbering 75 marched past their commanding officer, Lieut. Commander Alex Mitchell.

The inspection featured an almost complete turnout of the Corps members and the divisions were led in the march past by their respective division commanders: Nelson division, Midshipman Al Youngman; Hood division, P/O John Wilson; Drake division, A.C.P.O. C. Currie; Howe division, Midshipman R. Cruickshank. The band was led by Midshipman M. Thompson.

BRITISH BARGAIN

Netherlands Guiana was transferred by the English to the Dutch in 1667 as an exchange for New York.

LOCHABER, Scotland—Whiskey production has been resumed in Ben Nevis distillery.

Rupert Is City Of Infant Beauty

Prince Rupert at present has the most beautiful baby population of its history in the opinion of Alderman Nora Arnold, and she gives a lot of credit for it to the city's public health nurses.

In discussion at the city council of a report presented by the Prince Rupert Health Unit, Ald. Arnold went right to bat for the public health nurses.

"I think they are doing a wonderful job among the children," she said. "There have never been as many beautiful babies in Prince Rupert as now and I think that a lot of credit is due to the nurses."

"You don't see nearly as many unhappy, crying children as you used to."

LONDON—Many hundreds of barrage balloons, used in the defence of London and other cities in Britain, have been placed by the British government at the disposal of industry. Raincoats, rubber aprons and various household goods are now being manufactured from the "demobilized elephants."

ARE MARRIED AT SWIFT CURRENT

Miss Lillian Carlson, Formerly of Co-op Here, and A. B. William Beck United

A quiet wedding was solemnized at the Full Gospel Church in Swift Current, Saskatchewan, when Rev. G. A. Batke united in marriage Lillian Irene, youngest daughter of Mrs. Alma Carlson and the late Martin Carlson, Swift Current, and A. B. William Edward, eldest son of Mr. and Mrs. Edward Beck, Ridgeway, Ont.

Given in marriage by her brother-in-law, Cameron Halverson, the bride looked lovely as she entered the church to the strains of a wedding hymn played by Mrs. G. A. Batke. The bride's gown was of ivory-embossed satin with sweetheart neckline and lily point sleeves. Her full length veil was held in place by a Queen Anne headpiece and she carried a bouquet of red roses. During the signing of the register, Miss Grace Forge rendered a solo.

Mrs. Cameron Halverson, sister of the bride, attended as matron of honor, and chose a sky blue sheer gown with pink gloves and matching headpiece and carried a sheaf of gladioli. The bridesmaid, Miss Arleen Brandhagen, wore a shell pink sheer gown with blue gloves and carried a sheaf of gladioli. Derald Brandhagen and Sidney Hollands acted as ushers. The groom's gift to the bride was a set of gold earrings and to the bridesmaid and matron of honor silver identification bracelets, to the best man, a tie clip.

Following the ceremony a small reception was held. The couple left later for a honeymoon in Ridgeway.

Observe 70 Years Of Married Life

RANDALSTOWN, North Ireland, Oct. 3—Andrew Murray and his wife, who have more than 80 living descendants, have celebrated their 70th wedding anniversary. Andrew is 94 and his wife 89. Of their nine sons and three daughters, all are alive except one son. In addition they have 42 grandchildren and 30 great-grandchildren, living in the United States, Canada or North-eastern Ireland.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I make a good cold cream?
A. Melt together in double boiler 1/2 oz. spermaceti, 2 oz. oil of sweet almonds, and 1 oz. white wax. Remove from fire and add gradually 4 oz. glycerine, and perfume desired.

Q. How can I make lighter chicken dressing?
A. Poultry stuffings, croquettes, or any stuffing that is inclined to be a little heavy, will be lighter if a teaspoonful of baking powder is added before cooking.

Q. How can I keep olive oil sweet?
A. Olive oil or salad oil will not become rancid if a pinch or two of sugar is added to the oil as it is opened.

LOCAL BOY IN PACIFIC WAR

Howard Frizzell in Thick of Battle of Okinawa and Later Off Japan

Quartermaster First Class Howard Frizzell, son of Mr. and Mrs. George Frizzell of this city and popular local pioneer boy, is looking forward to being discharged soon from the United States Navy with which he has seen action in both the European and Pacific theatres of war. As a result Howard is now the proud wearer of five major campaign stars.

Before he was here a year or so ago on leave, Howard had been in action in the Mediterranean and off Italy including the "Anzio" beachhead landings. Since then he has been in the western Pacific throughout the Battle of Okinawa, then sweeping in the China Sea and later in Japanese waters in preparation for the landing of the Allied forces on the Japanese homeland. It was there that he was when V-J Day came.

Howard, whose ship is the minesweeper Prevail, plans to visit Prince Rupert soon after his discharge.

LONDON—Salvage material from old aircraft is being used in Kenya to produce artificial limbs for wounded African Askaris.

REGIMENT W.A. PLANS DANCE

Arrangements for a dance sponsored by the Prince Rupert (M.G.) Regiment, to be held in the Armory, on October 12 were discussed at a meeting of the Regiment's Women's Auxiliary held in the Armory, Tuesday afternoon. The president, Mrs. L. M. Assenissen, was in the chair and there were about 12 members in attendance.

The meeting decided to serve coffee to members of the regiment at their weekly drill at the armories on Monday nights. The refreshment will be prepared and served by ladies of the Auxiliary.

There was considerable discussion about discontinuing the work of the W.A. now that the war is over but no decision was arrived at. It was decided to take no action until further word concerning the future of the regiment is received in the city.

Only 2 Tablespoons of sugar in this Luscious

MAGIC Orange Shortcake

1/4 tsp. salt
2 cups pastry flour (or 1 1/2 cups bread flour)
3 tbs. shortening
About 1/2 cup milk
4 tps. Magic Baking Powder
Orange sections (skinless)

Sift dry ingredients; cut in shortening till very fine; add milk to make soft dough. Turn dough onto floured board and shape into round cake about 1" thick. Bake in lightly greased layer-cake tin at 425°F. for 20-25 minutes. Split and butter while hot. Place whole sections of seedless oranges, between layers and top with

ORANGE SAUCE
Combine 1 1/2 cups of orange sections halved with about 1/2 cup honey. Let stand in refrigerator for 1/2 hour or longer before pouring over shortcake. Serve with whipped cream, if desired.

Cup Losses Great On English Railways

LONDON, Oct. 3 (AP)—A check-up of cups at English Railway stations shows that if the present rate of loss continues there may soon be no cups at all. One railway official said: "Before the war we bought 2,000,000 cups a year. Each cup lasted for five to six drinks. Now our quota is only 800,000, and each cup is broken after only three to four drinks."

Returning Service Personnel Records Are Being Sought

The Daily News is anxious to completely record the arrival of all service men and women returning home from the war. Accordingly, it is requested that information be made available to this office regarding the date of arrival home, the service with which the veteran has been identified, in what theatres of war, if wounded, ill, etc. If inconvenient to call at the office, the information may be written or telephoned in. Pictures would be particularly welcome. Street and Postal addresses and telephone numbers are also requested.

VETERAN IS KILLED

"Scotty" McIvor Victim of Lake Hunting Tragedy
BURNS LAKE, Oct. 3 (Special to Daily News)—"Scotty McIvor, well known in northern B.C., who had just returned from overseas after four years service met with a fatal accident while hunting at Ootsa Lake. Placing his gun in a boat he was in the act of shoving off when the gun discharged, the bullet struck him below the heart. Death was almost instantaneous.

The ship docked 2:00 p.m. Saturday at Halifax.

RENEWS BID FOR CROWN

Former Shropshire Police Inspector Again Campaigns After Serving with Home Guard and Working in War Factory

By HENRY B. JAMESON
LONDON, Oct. 3 (AP)—"King Anthony" still has his eye on Buckingham Palace.
Anthony William Hall, affable 46-year old ex-police inspector of Shropshire and one-time Toronto resident, who claims he is a direct descendant of King Henry VIII and that King George VI is a commoner, has come out of his wartime seclusion to renew his claims to the throne.
King Anthony, as he calls himself, launched his bid for the title 10 years ago and predicted he would be living in the palace by 1940. He made more than 2,000 speeches in an effort to convince the English that he is their legitimate king, and he acquired quite a number of followers. But when the war came along Hall dropped all "royal" activities, went to work in a war factory and joined the Home Guard. He was a volunteer in the British Army of 1914.

"Now that the war is over, I propose to continue with my campaign," Hall declared as he outlined his policies.

A vigorous advocate of private enterprise and free trade, Hall proposes that the state withdraw entirely from religion, money and business. He referred to the recent Labor Party landslide at the polls as the "bloodless revolution of 1945" and predicted that "business classes" will not long stand for state ownership.

Besides wiping out all government, municipal and overseas debts, Hall says that when he is recognized as king he will also remove all taxes on beer, whisky, tea and entertainment.

While he styles himself "King Anthony the First of England and Prince of Wales," Hall, who once had an export business in Toronto and worked for a while in Eureka, California, is also flirting with the idea of reviving the ancient Irish kingdom—with its crown on his own head because his mother's maiden name was "Eire."

Hall bases his "title" on the alleged mix-up on the royal family tree back in the early 1600's. King George claims royal blood through King James VI of Scotland.

"It now appears that the real King James VI of Scotland died in infancy and that a changeling, James Erskine, was placed in the dead king's cradle and foisted on the British people," Hall states in his printed campaign propaganda.

"This James VI changeling story is true," he says. "Therefore, the Wettin family—now called Windsor—is out of the picture."

Proceeds to be used to erect a Legion Memorial Hall and Recreation Facilities for our returning Veterans and the citizens of this district. Date of drawing to be announced in the press. Don't delay! Act now!
— AGENTS WANTED —
(No. 114)

line of succession. The personage known as King George VI is a commoner. Mr. Albert Wettin, and the throne is vacant.

Hall claims that in 1830 a coffin containing the bones of the "real" King James was discovered in the walls of Edinburgh Castle.

"But the matter was quickly hushed up," he declares. Little official notice has ever been taken of Hall and his theory. But that does not bother him because in Hall's book no laws passed by Parliament since 1603 are legal anyway.

Errorless Ball Game

CHICAGO CUBS WIN OPENER WORLD SERIES, SHUTTING OUT DETROIT 9-0

DETROIT, Oct. 3—Timely hitting and faculty of taking full advantage of all the scoring chances enabled the Chicago Cubs, National League champions, to shut out Detroit Tigers, the American League champs, by a score of 9 to nothing in the opening errorless game of the World Series here today.

Heroes of the game were Hank Borowy, star Club hurler, who had no difficulty and did a masterly job in keeping the Bengals under control throughout the game, and Phil Cavaretta, who sparked at bat with two hits and one homer.

It was a bitter pill for Hal Newhauser, their ace hurler, to be driven from the Tigers' mound after the Cubs had touched him for a barrage of four runs and four hits in the very first inning. Then followed a procession of Tiger pitchers—Benton in the third, Tobin in the fifth, Les Mueller in the seventh and Paul Richards in the eighth—but all to no avail.

MOST VALUABLE PLAYER AWARDS

Tommy Holmes of Boston Braves and Eddie Mayo of Detroit Tigers

ST. LOUIS, Oct. 3—The Sporting News, the American National Baseball League weekly, has announced its choices for the most valuable players in the two major leagues. Tommy Holmes, Boston Braves outfielder and Eddie Mayo, the second baseman of the Detroit Tigers, are the two selected for the honor. Continuing the special awards for pitchers, which were inaugurated last year, the Sporting News chose Hank Borowy of Chicago Cubs and for the second successive year Hal Newhauser of the American League's Detroit Tigers.

Attendance figures for the National Leagues have been announced, and they disclose that more fans watched major league baseball in 1945 than ever before. Five teams passed the one million mark and the over-all unofficial total for the 16 clubs soared to 11,375,000 customers.

C.O.D. DERIVATION

The term, "C.O.D." meaning collect on delivery, originated in 1841 when a shipper asked an express company to collect payment for the goods from the consignee at the time of delivery.

SEATTLE MEETS SAN FRANCISCO

Semi-Finals in Pacific Coast Baseball League Completed Yesterday

SEATTLE, Oct. 3—Seattle defeated Portland by a score of 3 to 1 yesterday to win the best out of seven semi-final in the Pacific Coast League four games to three. Seattle had lost the first three games of the series but came back to win the last four. On Monday Seattle beat Portland 4 to 3 to even up the series.

San Francisco defeated Sacramento 9 to 6 in the other semi-final to take their series four games to three. Frisco had won the first three and then dropped a trio, then taking the last. In Monday's game Sacramento beat Frisco 1 to 0 to even that series.

Seattle and San Francisco are, therefore, finalists.

SHORT SPORT

Power at the plate was one of the features of the play of Detroit Tigers in their successful American League pennant drive and may be expected to be a big factor in the 1945 World Series opening today. Opposing pitchers fear three Bengals more than the others. The big three stickmen under Manager Steve O'Neill are Hank Greenberg, a mid-season dischargee from the Army; Roger (Doc) Cramer, the 39-year old outfielder; and Rudy York, the home run slugger. Of course players like second sacker Eddie Mayo, shortstop Joe Hoover, right fielder Roy Cullenbine and third sacker Jimmy Outlaw may break up any game with a homer. They've done it before. Any time Greenberg, Cramer or York come to bat you can bet that the pitcher is going to give those three plenty of attention. Hank, Doc and Rudy, along with Mayo, are the money players of the ball club. They're always dangerous up at the platter and can break up a game any time.

Greenberg has been in three post-season classics. He has clipped the ball for .323 in the 16 games he's played and never failed to make at least one homer in the 1934-35 and 40 series. Hank's all-time major league batting average is .325 and he's been connecting as of old ever since he returned from the wars. Don't forget also that the six-foot-four native of New York holds the major league record for hitting two or more home runs the most times, and has clouted the most round trippers of any Tiger, 58, which also tied the biz time record for a righthanded batsman.

Cramer has averaged .298 at the plate since he broke in with Philadelphia in 1930. Doc has played more than 2,000 games since then and led the American League at bat many times including three consecutive years, 1933-34-35. He was in one series before, with Philadelphia in 1931, when he hit 500. York has played regularly with the Tigers since 1937 and more than one American League pitcher has groaned after he threw one to big Rudy. The 210-pounder hit 221 homers up to the start of this year, averaged 284 at the plate, and holds the major league record for whacking the most blows in one month, 18. York took part in the Tigers' last appearance in the World Series in 1940, played all seven games, and won one of them with a homer.

TRY AND TRY AGAIN

Little Willie, exhibiting his skill in riding a new bicycle, came down the street in front of his home. "Look, mother," he cried, folding his arms, "no hands!"
Again he came into view, this time coasting with his feet off the pedals. "Look, mother," he shouted, "no feet!"
Half an hour passed and little Willie put in an appearance. This time somewhat subdued, he gurgled, "Look, mother, no teeth!"

LOOKING OVER BALL LEAGUES

The big event of the baseball world is all set for this afternoon as the Detroit Tigers and the Chicago Cubs meet in the first game of the World series at Detroit. The game gets under way at 1:30 p.m. Eastern Daylight Time with Hal Newhauser hurling for the Tigers as the first Chicago batter comes to the plate. Opposing Newhauser was Hank Borowy, the ex-Yankee who more than any other man probably spelled pennant to the Cubs this year. He, like Newhauser, has been the clutch pitcher for the Cubs in the last stages of the hectic pennant race. He stopped the Cardinals three times in the month of September and each time it was when a victory was essential to the Bruin cause.

The first game of the series may turn out to be much more important than the usual first game. This is said with full knowledge that the opener is always rated highly.

Both teams are leading with their team pitchers and, naturally, the winner is going to get a quick lift in morale. This would be true especially of the Cubs, who are younger than the Tigers, and may be a trifle jittery going into the series.

Detroit has been made a six to five favorite to win the series for two reasons—the outstanding pitching of Newhauser, easily the best southpaw to hit the big show since Carl Hubbell was in his prime, and the money playing abilities of such men as hammering Hank Greenberg, Rudy York and Doc Cramer.

OCTOBER REC CLASSES GET GOOD START

The October schedule of the Recreational Council's leaders' training course got under way Monday evening at the I.O.D.E. Hall. In the absence of Director George McGregor, the girls' section was directed by Margaret Homer-Dixon, former Canadian champion badminton star. As a part of the training program, leaders were chosen to take charge of each of the various activities of the evening. Mrs. Gogal taught the women's fundamental gymnastics table and Miss Marjorie Jackson instructed the sixteen girls who attended in passive exercises and exercises in two's.

In the men's leaders' class, Eric Freeman, an expert gymnast himself, put the future instructors through a snappy program of mat and springboard tumbling. Mat tumbling is advancing in leaps and bounds. Front somersaults in the air are no longer considered beyond the ken of Prince Rupert leaders. Ted Parkhouse has developed a nodding acquaintance with some beautiful backhandsprings and, with the present shortage of equipment, mat tumbling should prove one of the major activities of the winter season.

The leaders of both classes showed fine spirit of co-operation in accepting with a true gymnastic enthusiasm the difficult conditions under which they are forced to work.
