Responsibilities to be met

SAN FRANCISCO, April 23 (CP)—The nations sponsoring the San Francisco security conference are expected by diplomats to keep firm control over amendments to the proposals for a new organization.

Many changes are expected with the agreement of the Big Four and the conference which opens on Wednesday. The principle of Big Four responsibility which is to be the world organization is the principle that the major nations at all times concur. It appears unlikely that the United States, British, Soviet and French delegations will allow differences to develop themselves, although the scenes may have a tough edge.

**APPS HEADS GRADUATING CLASS AT BROCKVILLE**—Sylvanus (Syl) Apps, one of Canada's top-ranking athletes graduated recently, highest in his class from the Canadian Army Officers Training Centre, Brockville, Ont. Major General A. E. Walford, C.B.E., M.M., E.D., Adjutant General, is shown congratulating the former Toronto Maple Leaf hockey star.

## SUNDAY PARADE STARTS OFF VICTORY LOAN

One of the best parades ever to traverse downtown streets gave Prince Rupert's Eighth Victory Loan drive its official send-off at 2:30 Sunday afternoon. Hundreds of citizens lined Third Ave. and Second Ave. to watch the marching columns of Allied and Canadian servicemen and women and the procession of civilian floats and decorated vehicles.

Led off by a United States float depicting a slit trench in the Netherlands where Canadian soldiers are fighting a large German pocket, the parade included a detachment of American troops, the Navy band, a column of Navy men followed by Wrens and Sea Cadets.

The Prince Rupert Garrison Band was followed by a detachment from a Canadian regiment with their Universal carriers. Then came the Prince Rupert Reserve Regiment band, a detachment of the C.W.A.C., two companies of the Reserve Regiment with heavy anti-aircraft guns, and a good turn-out of the Prince Rupert branch, Canadian Legion.

The floats which followed the marching procession included one from the Prince Rupert Dry Dock, whose dominating feature was a large ship, and one by the Chinese Patriotic Society with two large bombs. One of the trucks carried members of the Prince Rupert Red Cross Corps.

## CANUCKS SKIRT FLOODED AREA

By ROSS MUNRO  
Canadian Press War Correspondent

WITH THE FIRST CANADIAN ARMY, April 23 (CP)—Canadian infantry on the West Holland front, skirting the flooded area, have advanced on the Eem River northwest of Amersfoort at a point six miles east of Hilversum. The main Grebbe Line defences run along the Eem River.

Fearing a Canadian break into their fortress Holland the Germans are increasing the flooding of the new waterline running through Utrecht. In northwest Germany, Canadian infantry is patrolling toward Oldenburg from the south and are meeting little resistance. It is expected that the Germans will fight to hold Oldenburg itself.

## Renew Lend Lease With Soviet Russia

OTTAWA, April 23 (CP)—The Department of External Affairs disclosed last night that Canada, along with Britain and the United States, has renewed her lend-lease agreements with the Soviet Union. This is the fourth of a series of agreements signed by the four countries.

## JUNCTION IS NEARER

Allied Forces From West and East Ripping Right Through Nazi Defences

PARIS, April 23 (CP)—Allied armies on the western front continue to drive closer for a junction with the triumphant Red Army. Only 15 to 20 miles now separate the Americans and the Russians south of the Berlin front. Elsewhere the Allied forces are even closer together.

It has been disclosed at Allied Supreme Headquarters in Paris that the official announcement of a link-up of Russian and British-American forces will be made simultaneously by the chiefs of staff in London, Moscow and Washington.

Fighting has flared anew on the northern Germany front. In a rapid sweep towards the great north German port of Bremen, British Second Army troops have captured the rail and road hub of Rotenburg, 21 miles east of that big harbor city. Other British forces are less than two miles southwest of Bremen.

Elsewhere on the western front, French and American armies continue to rip through German forces which, by Hitler's own admission, now are capable of little more than guerrilla warfare. The French now are at the Swiss frontier, after a lightning push which trapped thousands of Nazis in the Black Forest. American Seventh Army forces have widened their bridgehead across the Danube to 40 miles.

## LIEUT. ELGOOD STEPHENS WILL BE HOME SOON

Lieut. Elgood E. Stephens, United States Army, is expected home within the next few days for a visit with his parents, Sheriff and Mrs. M. M. Stephens. Since the first of this year he has been in Britain, France, Belgium, Holland, Germany and up to the Rhine River.

## Army Out For Bonds

Eight of 24 Local Units Already Over Top—Showing Way to Civilians

With the highest quota of any of the previous loans set, National Defence Headquarters has called upon Prince Rupert area for an average of \$80 per person in the Eighth Victory Loan campaign. Notwithstanding the stiff objective, however, eight of the twenty-four units are already over the top on opening day as far as volume is concerned with three having already reached the 100 percent mark for number of personnel subscribing. So it may be said that the people of the forces are setting a splendid example for the civilian population.

Prince Rupert Defence Headquarters is showing the way in volume with 146 percent already subscribed.

The Canadian Women's Army Corps is 100 percent in volume with 68.5 percent of personnel already buying.

The Army reports percentage figures for the various areas in British Columbia as follows:

Prince George	66%
Vancouver	62%
Victoria	61%
Prince Rupert	49%
Nanaimo	37%
Chilliwack	31%
Vernon	24%

## Tremendous Battle Is Now Raging In Very Heart of City Which Is Greatest Prize of the European War

### DECIDING FATE OF FUEHRER

LONDON, April 23 (CP)—The fate of Adolf Hitler may be decided with the outcome of the battle for his doomed capital. A German broadcast said this morning that the Nazi leader has decided to remain in Berlin.

MOSCOW, April 23 (CP)—The once proud German capital of Berlin is being transformed into a ghastly monument to Nazi tactics of suicidal defence. Soviet bombs and shells are tumbling buildings into the streets, adding new destruction to that already inflicted in Allied aerial assaults which have been discontinued now. A tremendous and devastating battle is raging in the heart of the capital—the largest city of continental Europe and the greatest prize of the war.

According to the Paris radio, which is not always reliable, Soviet forces now have reached Berlin's principal thoroughfare—Unter Den Linden—in the centre of the capital. The Paris radio adds that fierce fighting is under way around the Brandenburg gate, at the entrance to Berlin's famous Tiergarten Park.

The Berlin radio has gone off the air but other German-controlled stations tell a frank tale of the horror of three million civilians who are packed like sardines in underground shelters. By enemy account, these civilians dare not leave the shelters for food and water, as a terrific battle rages over their heads.

More conservative than the German broadcasts, the Soviet communiqué declares that twenty-one of Berlin's districts now are in Russian hands.

Unconfirmed dispatches reaching neutral Sweden assert that the Russians have swept beyond Berlin's southwestern suburb of Potsdam in a move to isolate the capital. These advices add that it is not at all impossible that Berlin will be completely surrounded with the next twenty-four hours.

## FRENCH SEEK NAZI SLAVES

PARIS, April 23—The French minister of interior says France will seek to obtain three million Germans for forced labor. In the assignment of this labor, French farmers will get the preference.

## BULGER BUYS FIRST BOND

### Prince Rupert's Eighth Victory Loan Drive Under Way

Prince Rupert's Eighth Victory Loan drive got under way at 9 o'clock this morning to the crash of an artillery salvo and even before the echoes died, canvassers with portfolios under their arms had begun to call on local citizens.

First bond to be bought here was purchased by John Bulger who was contacted at his jewellery store during the opening minutes by Mrs. S. A. Kielback. Mr. Bulger bought bonds to the value of \$5,000 and expressed the hope that other merchants and citizens of Prince Rupert would get behind the drive to make Prince Rupert one of the first cities in exceeding its quota.

"I want to get behind this thing as quickly as possible and start the ball rolling to put Prince Rupert and Canada over the top so we can finish this terrible war," Mr. Bulger said as he made the first purchase of the campaign.

"That 'Invest in the Best' slogan is a good one, because it means that we are helping to bring our fighting sons home safe—and soon."

Other canvassers contacted in the course of their first day's work reported good reception and said that they appreciated the courtesy with which they were being met and the despatch with which citizens were making their purchases.

"Each of us has a big territory to cover, and it certainly helps us when our customers are prepared for our calls. When things go off smoothly and quickly we can get right along with our important job," one of the canvassers commented.

Three-quarters of the great city is now reported to be in flames. Nazi authorities declare they will resist to the death in "history's greatest battle." Soviet units have commenced the occupation of the famous suburb of Potsdam. There is said to be a possibility of the American Ninth Army and Russian forces linking up in Berlin. The Allied forces, converging from east and west, are reported only ten miles apart in the Dresden-Liepsig area.

Advance American units now are 42 miles from the big Mindanao port of Davao. In aerial operations, Allied planes are continuing to soften up Borneo for possible invasion. More than 130 tons of bombs have been dropped on Japanese installations on the island.

## Border Is Closed

The Swiss radio has announced that the border between Switzerland and Germany has been completely closed. This is regarded as a move to prevent the flight of panic-stricken Nazi officials into Switzerland.

forces of the Allied in on the heart of the German people called upon to cast their votes for the victory. We may expect resistance as the war is on. **Record of Parliament . . .**

Canada's nineteenth Parliament has been dissolved. As soon as the Victory Loan drive is finished the general election campaign will begin. In the meantime Canadians would do well to pause thoughtfully in evaluation of the political situation.

The record of the last Parliament will be filled in in detail in the weeks to come. There will be controversy over things which were done and things which were not done. But disagreement over the particular should not be allowed to blur our vision of the whole. In the last five years Canada has come to maturity. It has gained confidence in its own destiny, in its own ability to do great things. In its war effort, Canada has wrought untold miracles—in the magnificent air training plan, in its expanded army and navy, in its productivity of food and ships and munitions and instruments of infinite variety and almost unlimited quantity. This Canadian miracle of production has been felt on every fighting front, for Canada produces not only for herself but for all her fighting allies save the United States.

It may be fitting to notice one of the factors which made these things possible. The fundamental fact which lies at the bottom of our achievement must be the Government of Canada which was elected in 1940. That this Government happened to be Liberal

does not matter as much as the fact that it was a government which represented every section of Canada and every cross-section of Canadian life. It held a mandate from the people of Canada—all the people of Canada.

It was because Mr. King held his mandate from all the provinces of Canada that he was able to carry through the measures which otherwise would have been impossible. His Government was able to regiment us as never before, tax us as never before, organize and enlist us as never before because every section of the country was well represented in the Government. The members from all sections of Canada, coming together in caucus, were able to make their influence felt upon government policy. While the Government moved from crisis to crisis, national unity was preserved and strengthened—something which would have been impossible for a government which had great blank spots in its representation.

If any government is to govern Canada efficiently and constructively, it must be a national party representative of all provinces. Such a government may tend toward compromise but in such a country as Canada, with its difficult problems of language and sectionalism, government must always be a compromise between the ideal and the attainable. The alternative to a real national party government is chaos—unnatural and unwieldy, temporary coalitions of groups representing sections and interests. In such coalitions there can be no stability, nor is it easy to see emerging from such coalitions any force for unity which will carry forward the unification of the country into a cohesive whole, a process now so far under way and one of the truly great gains which have accrued to Canada as a result of her full participation in the struggle for world freedom.

Mrs. A. Brookes, Mrs. E. T. Kenney's mother, accompanied by her daughter-in-law, Mrs. E. Brookes, returned to Terrace on Wednesday night's train from Prince Rupert. Mrs. A. Brookes has spent the winter in the south and Mrs. E. Brookes has just completed a trip to Winnipeg and Vancouver.

Sergeant Baehmer, R.C.A.F., left on Friday night's train for Ottawa. He is being replaced as school cadet instructor by Corporal Thomas.

Stewart Campbell of the Skeena Motor Transport left on Saturday night's train for a business trip to Prince Rupert.

Sergeant Hensen, well-known American Army athlete, was in Terrace during the week-end.

Viola Richmond, W.A.A.C., who is stationed in Vancouver, is spending furlough with her sister, Mrs. A. Shaw of Terrace.

Mildred Frank left on Saturday for Prince Rupert where she will visit for a few days.

Rev. Phil Gagliardi of the Pentecostal Assembly held services in the Gospel Tabernacle during the week. His singing was much appreciated.

Mrs. Tom Olsen of Kwinitsa spent a few days in Terrace during the week as the guest of her sister-in-law, Mrs. Jack Harris.

**GARDEN 'NOTEBOOK'**

**Much for Little**

Where space available for the vegetable garden is very limited, bulky plants like peas, potatoes, and other large vegetables create a special problem. Unlike lettuce, spinach, beets, beans, carrots, etc., which can be fitted into rows only 15 inches apart if necessary, these other things take up considerably more room. Potatoes need from 18 inches to two feet between hills or plants and if one is to have enough green peas for a meal from one picking then at least 30 feet of row, and preferably 50, will be necessary.

Most small garden operators—those with only a plot 20 feet or so each way at their disposal—usually decide after some experience to abandon potato growing altogether. And the experts agree that they are wise. The first new potatoes right from the garden at the door are a treat, but there are other things that take up less room that are even more satisfying. But the other three vegetables mentioned should not be given up without more consideration. It is absolutely impossible to duplicate the quality of peas right out of the garden. As a matter of fact a distinct change takes place in these vegetables in from two to four hours after picking. The sugars change to

starches and that is the reason why ordinary "bought" peas simply do not compare in sweetness with the same vegetables picked fresh, cooked and ready for eating within an hour of harvesting.

**Must Have a Reason**

A good general rule in laying out grounds is to break straight lines wherever possible. This means wavy edges of perennial borders rather than string, straight ones, clumps of shrubbery and trees rather than rows, curved paths and driveways rather than the other kind. It also means, in screening, clumps of shrubbery at the corners of all buildings, and at least here and there, along foundation lines, fences and walls, even attractive ones, partly screened, and the other kind completely hidden by vines, trees and shrubs.

But one can go too far in this direction. One must provide a reason for a curve if a real one is lacking. Shrubbery or trees are planted to give this reason. Because they hide the view ahead they also add mystery to every turn and make even a small garden look quite spacious.

**How to Handle Slopes**

Handling of sharp slopes is another special problem. Ex-

erts caution against having the lawns drop away too steeply. Not only is the general effect less pleasing but there is a very real danger of heavy, storms loosening the soil and starting washouts. In most cases they advocate laying out the grounds on two levels, with a bit of heavy shrubbery or a rock garden connecting the lower with the higher. If the drop is only a foot or so sometimes a low stone wall or simply a reinforcing of flag stones flat will accommodate the drop.

For a rock garden, well weathered, fairly large stones give best results. These should be sunk about two-thirds deep, firmly in the ground, with pockets of soil in between. In these pockets special low growing rock plants are planted.

## SALVATION ARMY HOME LEAGUE

Special Week Is Being Observed By Women

This week has been designated as "Home League Week" in The Salvation Army when members throughout the Dominion will hold special meetings and outline the League's objectives and review its past accomplishments.

One of the far-reaching organizations with the Salvation Army is the Home League, at work in almost every Corps throughout Canada and also in every country where the Army Flag flies, being international in its scope. The object of the League is the raising of high standards of home life and the spiritual and practical help of the family.

The work of the Home League women covers many phases of home front activity and adapts itself to the conditions of the community in which it operates. The human touch and the understanding heart have been proved by The Salvation Army to be an infallible means of meeting the human problem and the ever present chaos in which men and women find themselves.

In Prince Rupert the Home League and Red Shield Auxiliary have, in the past six months, sent 93 garments to the Toronto Headquarters for shipment overseas, including:

Service garments—7 sweaters, 7 pairs mitts, 2 scarfs, 17 pairs socks, 1 helmet, 5 chest protectors.

Civilian goods—1 quilt, 16 pairs children's pyjamas, 3 children's sweaters, 34 assorted civilian garments.

## Church Is Debt Free

St. Paul's Lutheran Congregation Sees Its Mortgage On New Edifice Burned

Clearing the church entirely of debt following the ambitious building development of the past few years, the congregation of St. Paul's Lutheran Church, at a special service yesterday afternoon, witnessed the formal burning of a \$3000 mortgage. While the ceremony marked an important milestone in the history of the church, resolve was expressed that it would be allowed to mark no flagging point in the life and activity of the church in the spiritual life of the city but rather should be a signal to greater christian activity.

Rev. M. B. Anderson, pastor of the church, was in charge of the service in which also participated Rev. J. H. Myrwang, of Paulsbo, Washington, former pastor, under whose organization and leadership the fine church at Fifth Avenue and McBride Street was built, and Rev. Roy E. Olsen of Ketchikan.

Mr. Myrwang gave a history of the church with particular reference to the events leading up to and through the carrying out of the building undertaking. He paid tribute to the loyalty and zeal of the congregation which had been the determining factor in keeping the church alive during the difficult times of depression when it had appeared it might go under. Now, however, the church was firmly established, occupying a place of definite esteem and respect in the community. He trusted that the church would continue to serve as a beacon past the rocks of sin towards the goal of God.

Mr. Olsen, speaking inspiringly, congratulated the congregation on the accomplishment symbolized in the burning of the mortgage but emphasized that this should be no time to slacken up in the work of the church but should rather be the signal to renew efforts

towards an even larger program of service in spreading the word of God. No doubt, there were many people in Prince Rupert who did not go to church and many children who did not attend Sunday School. He warned particularly against the church failing the men and women in the forces who would soon be returning home.

During the ceremony of the burning of the mortgage, members of the church council gathered in front of the chancel and the document was kindled by Even Evenson, a former member of the council who was active in the building period but had since removed to Vancouver. Pictures were taken.

Messages appropriate to the occasion from Dr. J. A. Osgard of Minneapolis, president of the Lutheran Church of America; Rt. Rev. H. L. Foss of Seattle, president of Pacific District; Rev. C. L. Nashby, secretary of the Home Mission Extension Board, and from Rev. A. R. Anderson, Rev. M. Olsen and Rev. A. O. Aasen of Vancouver on behalf of former members of the congregation now living in Vancouver.

There was special music by a Norwegian choir under the leadership of Peter Lien with

Claiming to be one of the oldest crews in the matter of age in the R.C.A.F. are the seven Bison squadron airmen who teamed up to fly the Halifax bomber "M for Mike," veteran of 95 trips, on its last flight with their outfit.

Youngest man in the crew was 23-year-old F/O D. D. Fallon, navigator from New Jersey, and the second youngest was the pilot, Flt.-Lt. J. L. Brown of Domremy, Sask.

Other members were a 33-year-old wireless operator air gunner, 35-year-old flight engineer, 36-year-old bomb almer, 37-year-old rear gunner and 40-year-old midupper gunner.

Rev. E. Olsen of Ketchikan as soloist.

Special Thanksgiving services were also held morning and evening with Mr. Myrwang preaching in the morning and Mr. Olsen in the evening.

**ROYAL SANDWICH SPREAD**  
—Another favorite Miss Freeman keeps handy in her recipe book is this one for an unusual sandwich filling.

The recipe calls for two tablespoons butter, 1/2 can thick tomato soup and 1/4 pound mild Canadian cheese, grated.

Heat and stir until all the ingredients are blended. Remove

from the heat and add one egg and beat until well blended. Return to the stove and cook until thick and smooth, stirring. Remove and add one cup of flaked canned salmon, removing the skin but using the oil, and three tablespoons of chopped stuffed olives. This makes about 1 1/2 cups of the spread. As the tomato gives color, any variety of canned salmon may be used in making the spread, not necessarily red salmon.

"You can leave out the butter and never notice it, and it's much more economical these rationed days," Miss Freeman said.

Detroit—Lumley, Seibert, H. Jackson, E. Bruneteau, McAtee, Armstrong, Howe, Purpur, Lindsay, Carveth, M. Bruneteau, Lindcombe, Quakenbush, Hollett.

**LOOKING OVER MAJOR LEAGUES**

Phil Weintraub, 38-year old New York Giants first-baseman, who hit only 13 home runs last season, has already slugged three in his first five games this year. Weintraub's second and third circuit blows came as the Giants defeated Brooklyn Dodgers 10-6 at New York Friday.  
"Rip" Sewell, victor of 21 games in 1944, gained his first win of the season as Pittsburgh Pirates shaded the Cubs, 5-4, at Chicago.  
A home run by "Butch" Nie-man in the ninth with two on enabled Boston Braves to nose out the Phillies 6-5 at Philadelphia.  
St. Louis and Cincinnati did not play.

In the American League, Tony Cuccinello doubled in the tenth to give the White Sox a 3-2 victory over St. Louis Browns at Chicago. Ed Lopat held the Browns to nine hits and knocked out a home run.  
Although handicapped by four errors, New York Yankees scored their fourth straight victory, beating the Senators 6-3 at Washington.  
With Frank Hayes homering in the first inning, Philadelphia Athletics downed the Red Sox 5-3 at Boston.  
Cleveland Indians defeated Detroit Tigers 4-1 behind the six-hit pitching of Steve Gron-nick. The Indians tallied all their runs in the first three innings off "Stubby" Overmire.

The fabulously wealthy Maharaja Gaekwar of Baroda has arrived in England to watch his horses run in the racing classics. With him came the champion jockey of India, Edgar Britt, an Englishman who will ride the Maharaja's string. The Gaekwar has Her Highness entered for the 1,000 Guineas and the Oaks, and Gaekwar's Pride and Baroda Squadron in the Derby. The horses, of course, have been trained in England. Last year the Maharaja, 35, married and father of eight children, met Seti Devi, 21, daughter of the Maharaja of Pithapuram. She too, was married and could not be divorced under Hindu law. So she embraced Mohammedanism and obtained a divorce. Then she and the Gaekwar married in Bombay after Seti Devi had resumed her Hindu faith.
