CANADIENS SHELLACKED

Suffered Unexpected Shut-out at Hands of Boston Bruins Last Night

BOSTON, Nov. 22—The Montreal Canadiens were slapped down with an unexpected 3 to 0 shellacking from the Boston Bruins last night. This leaves the Canadiens still in a tie for first place with the Detroit Red Wings and will attach particular interest to Saturday night's game in Montreal when the Wings and the Canadiens will cross sticks. Meantime tonight at Madison Square Garden New York Rangers and Chicago Black Hawks will meet.

Woody Dumart handed the Canadiens their first shut-out of the season last night. When the final curtain fell Boston was out in front 3-0.

But, though defeated, the Canadiens fought every inch of the way, even outshooting the Bruins.

Dumart scored two of the three Boston goals. He put the first one in the Habitant net during the first 14 minutes of play. Again early in the final stanza he rifled in a 50-footer after taking a rink-wide pass in centre from Defenceman Pat Eagan. Herb Cain wound up the scoring for the night.

The victory was the Bruins' second in three starts against Montreal to date.

Nazi War Lord Trials . . .

The international war crimes tribunal at Nuernberg where Adolf Hitler's top-ranking henchmen are at the bar of justice for having plunged the world into the colossal conflict which brought death and misery to countless millions is, naturally, the current centre of news interest.

That due and just penalties will be meted out expeditiously is the wish of the civilized world even if the desire may seem to be somewhat calculated.

There is little chance of the Nuernberg trial not bringing just deserts to Goering, Ribbentrop and the rest of the international scoundrels but it is reassuring to hear the chief prosecutor announce that, if anything should miscarry there, individual nations will have their scores to settle.

So there appears to be little chance of the Nazi war lords escaping.

Navy Week . . .

This is Navy Week and it is being observed throughout Canada by the Navy League including its active branch in Prince Rupert. Throughout the long war, the Navy League was of the value not only to the Naval Service but to the Merchant Navies of all the United Nations. Its splendidly run clubs and the countless gifts to sailors which resulted from Navy League activities, were a very definite factor in the maintenance of the war-time morale of men whose comings and goings over the great waters provided a contribution to victory so great that the war most certainly could not have been won without it.

For the provision of many of tomorrow's seamen we may look, as we have looked in the past, to the Navy League's Royal Canadian Sea Cadets whose training for citizenship is as valuable as their training as future seamen. No man can tell what the future will hold for us but the past has shown clearly enough how important it has been for us that the control of the sea should remain in the hands of those pledged to the maintenance of that peace which alone is our true security.

In addition to its work among naval ratings and merchant seamen, the Navy League sponsors the Royal Canadian Sea Cadets and, in cooperation with the Naval Service, sends many thousands of cadets to its summer camps which Prince Rupert boys know so well. In barracks, the cadets are taught many useful subjects as well as the importance of self-discipline and respect for

authority. The entire syllabus is designed to turn out young men ready to assume the responsibilities of citizenship.

Support of the Navy League and its work is a practical way to pay tribute to the men of the sea and to ensure a continuance of the sea cadet movement in the interests of Canada's future.

Hon. Frank Putnam . . .

Representing a district the interests and problems of which are largely agricultural and with long experience as a member of the Legislature, Hon. Frank Putnam, who was sworn in as Minister of Agriculture at Victoria yesterday, should be a worthy acquisition to the provincial administration.

Coalition member for the Legislature for Nelson-Creston, Mr. Putnam has been a member of the House continuously since 1928 and held the post of Minister of Agriculture under Former Premier T. D. Pattullo for a brief period in 1941 during the organization of the coalition government.

Value of Publicity . . .

One place where labor unions most of the time run circles around management is in getting their story before the public, says Financial Post.

The professional labor organizer well knows the immense power of public opinion. He is generally expert in knowing how to make it useful to him. An expert publicity man is almost invariably one of the chiefs of staff in major labor disputes and strikes.

For this reason strike leaders are ever ready to make statements to the press, almost constantly available to tell what is going on, what they think is going on, what they expect will go on. Carefully planning their press statements and timing strike moves to "make news" and to "keep the headlines" edition after edition, day after day, is a major part of the strike organizer's job.

How Old Is Aged?

When is a person old, asks the Vancouver News-Herald.

Some people may feel old at 35; others not old at 70.

Generally speaking, a person at 60 these days is not old; certainly he or she is not aged. Some radio news announcers and some newspapers don't use much tact or thought when they describe a person of 60 as aged.

Nothing makes a person of 60 or 65 so hopping mad as to hear someone of his or her own age called old or aged. These people are definitely past middle life; they will admit themselves that they are getting on—but old or aged, never, until they're four score or so, and proud of it.

When one is 20, or even 30, of course, 60 does seem ripe old age. But, despite thoughtless boys and girls of the news services and radio, it isn't.

FJIANS STILL KNIT
SUVA, Fiji, ©—The women of Fiji's Knitting and Sewing circle did not stop their good work with the end of the war. A case of 300 garments was dispatched to the Lord Mayor of London for distribution to war victims recently and a second case is now half ready.

Authorities say the difference between husky children and those who are poor eaters, underweight and nervous is often simply a matter of proper nourishment, especially an adequate supply of vitamins.

But vitamins alone are not enough. For authorities now agree that vitamins do not work alone. They work as a team with certain other food elements.

For this reason, thousands are switching to Ovaltine. Unlike mere "vitamin carriers," Ovaltine food beverage contains not only extra vitamins but nearly all the precious food elements needed for health and top vitality. These include Vitamins A, B, and D, the important minerals calcium, phosphorus and iron, high quality proteins and quick energy fuel-food—a combination of food elements authorities agree are needed for best results.

So, if your child is thin, nervous and not developing properly, why not turn to Ovaltine as thousands are doing. Three normal meals plus two glasses of Ovaltine a day give your child all the extra amounts of vitamins and minerals needed for health and top vitality.

Clever BEE!

ONLY while flowers are blooming can the busy bee gather the honey which is its food. And so it puts aside a generous supply which is not touched until it is really needed. The bee survives because it is provident. We should take a lesson from the bee. Let us continue to buy Victory Bonds and War Savings Stamps every time we get the opportunity. But most important—let us keep them until we really need them.

MOOSE WOMEN HOLD SOCIAL

Men of the Prince Rupert lodge Loyal Order of Moose—the majority of them new members—were entertained by ladies of the Women of the Moose in the Oddfellows' Hall last night following the regular monthly meeting of the women's chapter. More than 100 attended the function, being entertained by dancing, speeches and refreshments.

Guests were received by Senior Regent Mrs. Jessie Harvey, and during the evening there were speeches by George S. Hockley, district deputy supreme governor of the Moose order, D. G. Wood, newly elected Governor of the Prince Rupert lodge, and B. J. Bacon, a past governor. Reg Crozier and Jack Cain delivered recitations which were appreciated by the gathering.

Following a pleasant period of dancing to the music of Bobby Wood's Orchestra, refreshments were served. The committee in charge of refreshments consisted of Miss Kathie McMeekin, Mrs. Bellamy, Mrs. G. Stromdahl, Mrs. C. McIntyre and Mrs. M. E. Rowe.

A feature of the business meet-

TWENTY-FIVE YEARS AGO

Bankruptcy proceedings were instituted against the Prince Rupert Dry Dock and Engineering Co. by Vancouver creditors who, in the opinion of L. W. Patmore, barrister, had "double crossed" him by starting the proceedings in Vancouver instead of in Prince Rupert as had been previously arranged.

A tax consolidating bylaw dealing with delinquent taxes on soldiers' property was returned to City Clerk E. A. Woods by the inspector of municipalities for revision. The inspector of municipalities claimed that the point of the proposed bylaw was not clear.

Campaigning for re-election on a Liberal ticket, Hon. T. D. Pattullo, provincial minister of lands, spoke to a meeting at Surf Inlet.

ing preceding the social was the presentation of a wedding present to Mrs. William Thompson by Senior Regent Mrs. Jessie Harvey on behalf of the women's chapter.

Frank Finnerty of U.S.O. Gives Farewell Talk at Gyro Luncheon

"He may have been going home and he may have been happy about that but there has not been an American soldier who served at Prince Rupert for any length of time who did not leave with a tear in his eye and a pang in his heart for, due to the kindness and hospitality which they received here, they formed pleasant associations and will have happy memories which will urge them to come back some day," Frank Finnerty, who will be closing up the United Services Organization at Prince Rupert in a few days now, told the Prince Rupert Gyro Club in a farewell talk at luncheon yesterday.

"As for the U. S. O. I think we came a long way since that cold winter morning nearly three years ago when I arrived on a late train in a blackout and stumbled up to the camp at Acropolis Hill, feeling that here was desolation indeed and very much like heading back home on the next train. But we found Prince Rupert to be a very pleasant place and from here we shall all take beautiful memories."

Mr. Finnerty recounted some of his experiences in U.S.O. work after opening on an interesting vein.

He singled out as the most important institution of all U.S.O. work here the snack bar. There was something physiological about that. Good food is the greatest ice breaker in the world. The hamburgers brought the boys to us and then they stayed to see the movies, write letters and spend their evenings in healthful and agreeable surroundings instead of in the barracks or possibly less desirable places.

Mr. Finnerty leaves here soon

THIS AND THAT

after closing up of the U.S.O. December 1 for New York whence he is to be assigned to the Philippines and China.

President J. J. Gibson occupied the chair at the Gyro luncheon and the speaker was introduced by C. G. Ham. A luncheon guest was Aubrey Bate.

"He's trying to break his habit of smoking."

CRANBERRIES REACH MARKET

Japanese Oranges Are Expected Here for Christmas

Cranberries are making their first, hesitant, pre-Christmas appearance in some local stores this week but are arriving only in small quantities. However, merchants predict that there will be increased quantities available in time for Christmas cookery. When available they are selling at 49 cents a pound.

Predicted Yule-tide shortages of many of the fancy food products which have graced Christmas dinner tables even during the wartime years will still leave substantial variety of less exotic but equally nourishing foods for holiday consumption. Practically everything that is imported in the way of fancy foodstuffs is expected to be lacking with the probable—and paradoxical—exception of Japanese oranges, which, it is believed, may return to the market.

Seasonable Ideas for Housekeepers

TIMELY COLLECTORS' ITEMS FOR KITCHEN RECIPE FILES

A variety of easy to prepare supper or luncheon dishes are a boon to any homemaker. When, in addition, they combine economy and attractiveness, their value is enhanced. Such are the recipes published today. They are just the thing to serve on a cold day when appetites are in fine fettle and something especially satisfying is in order.

Onion Casserole

4 cups thinly sliced onions (6 to 8 medium)
8 slices buttered toast
2-3 cup grated cheese.
2 eggs
2 cups milk
½ teaspoon salt
¼ teaspoon pepper

Slice onions in rings. Cook in boiling salted water until tender, 10 to 15 minutes. Drain. Place toast in bottom of greased casserole. Arrange on this a layer of onions and cheese. Repeat, using remaining toast, onion and cheese. Beat eggs until light. Add milk, salt and pepper. Pour over mixture in casserole. Bake in moderate oven, 350 degrees F., for 40 minutes. Six servings.

Creole Eggs

½ cup raw spaghetti 1" inch pieces)
3 tablespoons fat

2 tablespoons all-purpose flour
1 cup milk.
2 tablespoons chopped onion
1 cup tomato juice
1 clove garlic, mashed (optional)
¼ teaspoon chile powder
4 hard-cooked eggs, sliced
¼ cup dry bread crumbs
1 teaspoon salt
¼ teaspoon pepper

Cook spaghetti in boiling salted water and drain. Meanwhile make cream sauce of 1 tablespoon fat, flour and milk. Add seasonings. Cook onion in 1 tablespoon fat until tender, but not brown. Add tomato juice, garlic and chile powder. Cook until thick. Add to cream sauce. Place alternate layers of spaghetti, sauce and eggs in greased two-quart casserole. Sprinkle with crumbs which have been mixed with the remaining tablespoon of fat, melted. Bake in a moderate oven, 350 degrees F., for 20 minutes. Six servings.

Cauliflower Souffle

2 tablespoons fat
3 tablespoons flour
1½ cups milk
1½ cups grated raw cauliflower
3 egg yolks
3 egg whites
¼ cup grated cheese

Melt fat, add flour then milk.

MARRIED ON MISSION BOAT

The mission boat *Speed the Light*, berthed at the Prince Rupert Yacht Club, was the scene of a pretty informal wedding Wednesday evening at 7:45 when Paula, the only daughter of Mr. and Mrs. D. A. Maxwell of Seattle, became the bride of Henry J. Friesen of this city. Rev. J. Elwood Shannon officiated.

The bride chose a white dressmaker suit with matching accessories and wore a corsage of gardenias, yellow rosebuds and carnations.

Mrs. J. E. Shannon was the bride's attendant and Ernest Friesen, brother of the groom, acted as best man.

The party partook of the wedding supper aboard the Mission boat.

The happy couple plan to take up residence in Prince Rupert.

Stir until thickened. Add well-beaten egg yolks, then cauliflower, salt and pepper. Fold in stiffly beaten egg whites. Sprinkle with grated cheese. Pour into slightly greased baking dish. Set in pan of hot water and oven-poach in a moderate oven, 350 degrees F., until set, about 50 minutes. Six servings.

Savour the flavour when you add:

- A pinch of celery seed to potato salad.
- A speck of mace to tomato soup.
- A dash of ground cloves to creamed onions
- A bit of sage to meat loaves.
- A little nutmeg to squash.

HOW CAN I ???
By ANNE ASHLEY

Q. How can I remove moths from rugs?

A. When moths are in a rug try covering with a wet towel, then applying a hot iron until the towel is dry. This will kill both the moths and the eggs. Then sprinkle with salt every week before sweeping.

Q. How can I separate glasses that have stuck together?

A. Pour cold water into the inner one, and place the outer one in warm water. They will separate readily.

Q. How can I keep egg yolks?

A. If it is desired to keep egg yolks for several days, cover them with cold water until needed.

The Experts Say - -

SPINNING OUT CANNED MILK — Home-makers, looking with pride at the well-filled shelves of home-canned fruits, vegetables, jams and jellies and pickles, often make mistakes in their use, home economists say.

First temptation is to serve the family's favorites too often so that the supply is finished too soon. Also, they say, it isn't well to hoard special dainties for extra-special occasions and have them left over when next summer's crop is available to make a fresh supply.

Commercially canned products can supplement home prepared ones, but this year again these are limited and it is not always possible to get just what one wants when it is wanted.

Planning is the answer. Canned fruits, vegetables and also jams can be used to good advantage in many ways that make them go further, thus making the most of every precious sealer.

One of the best of old-fashioned desserts becomes modern when canned fruit gives its own flavor to simple steamed pudding and the variety is limited only by the number of fruits on the shelves. Black currants, strawberries, cherries, plums or any other fruit gives the dessert its own name.

The consumer section suggests this recipe for steamed fruit pudding:

Two cups of canned fruit, one cup of sifted all-purpose flour, two teaspoons of baking powder, ½ teaspoon of salt, two tablespoons of mild-flavored fat and ½ cup of milk.

Pour the fruit into the greased top of a double boiler. Mix and sift the dry ingredients. Cut in the fat and add milk. Spread dough over the fruit. Set over boiling water, cover and steam for 35 minutes. Turn out to serve. This makes six servings.

CEREAL BOLOGNA — "Cereal added" pork bologna, one of the poor relations of the meat family for a long time—today found a champion in the health and welfare department's nutrition division, whose experts have been studying its food value especially as compared to pure pork.

They report that the bologna contains as much protein, calcium, phosphorus, iron and riboflavin as does pork. The thiamine content is lower. However, as this value is compared with that of beef, it is found to be three times as high.

Bologna, like liver, kidneys and

other nutritious meat portions, is not rationed, so if coupons are spent in highly palatable and scarcer cuts there is still good nutrition to be had from ration-free meats.

ON TAKING LAXATIVES

Junior probably doesn't like taking a mineral oil laxative, and the nutrition division backs him up because the oil has bad qualities which most persons may not know about. These qualities are just as bad if the oil is used in food because of the present animal fat shortage.

There is evidence that more than two tablespoons of mineral oil in the digestive system will reduce the absorption of carotene and, to a slightly less extent, of vitamin A since both are soluble in fats and this oil is not absorbed into the blood stream. Vitamin A is the vitamin necessary for good vision and healthy, beautiful skin.

GOINGS ON IN THE WORLD OF SPORT

November is nearing its close and still league basketball has to make its start—not that the talent is lacking, not that it is unorganized but that, here in the midst of so many playing venues, not one is available so that the sport may go ahead. A situation in that regard has arisen that seems hardly reason-

able. Postwar rehabilitation of sports and athletics, a very important phase of community welfare and happiness, is being held up at a time when it is most important that it should be making a strong start. Surely it should not be difficult to rectify the matter of obtaining a place to go. And that right soon.

period, battering in four goals. The win boosted them into a second place tie with Shawinigan Falls Cataracts in the Quebec Senior Hockey League standings. In Saskatoon, the Saskatoon Elks defeated the Regina Capitals 4-2 Tuesday night. The game went into overtime.

only recently was discharged from the Canadian Army.

Pete Gray, the one-armed outfielder, has been released by the St. Louis Browns to the Toledo Club of the American Association. Gray once played with the Browns last winter after serving with Memphis of the Southern Association, where he had been a sensation.

Annis Stukas has given notice that he and brother Bill are quitting the Canadian gridiron sport. "We've had enough," he said last night. He said they were retiring to the sidelines.

Last year's National Hockey League rookie award netminder, Frank McCool, may be going back to professional hockey. That's indicated today in a story carried by the Calgary Albertan. The paper says that McCool, who left the Toronto Maple Leafs before the first game this year as a result of a contract misunderstanding with Manager Connie Smythe, has been reinstated by the Leafs and returned to the payroll. His contract calls for a salary of \$4500 compared with the basic pay of \$3000 for which he played a year ago. McCool is quoted by the Albertan as saying: "I realize now that I made a mistake. I guess if I had stayed in Toronto we could have ironed out the differences then."

Agreement has been reached by officials of six clubs in the Junior "A" division of the Manitoba Hockey Association to take action to distribute all excess players equally among the clubs, thus providing a more balanced league. There was some opposition. Henry Borper and Art Chipman, representing the Winnipeg Ramblers, protested the conditions of the player pool. They threatened to withdraw their entry if two of their players—Fred Nelson and Bill Johnson—did not return to Winnipeg from Brandon. Chipman claimed that the other clubs in the circuit were raising players from the Rangers.

The National Hockey League veteran, wingman, Mac Colville, has been signed with the New York Rangers and may see action against Chicago Black Hawks later this week. Colville

In Ottawa Tuesday night, the Hull Volants bowed to a 5-3 victory marked up by the Valleyfield Braves. The Braves turned on the pressure in the second

HOOP GAME IS THRILLER

Ordnance Defeats Service Corps by Narrow Margin of Two Points

In a game that was packed with thrills from start to finish, Ordnance basketball team went to the top of the Service League Tuesday night as a result of a close 32 to 30 victory over the Service Corps. The game was played at the Y.M.C.A. gym.

The Ordnance had garnered a two-point lead by half time and managed to hold on to that slim margin for the balance of the contest. Some phenomenal shots were recorded, an outstanding one being that of Bertieind.

Top scorers for Ordnance were Sutton, with 10 points, and Lubin with nine. For Service Corps Trieky and Lang scored nine each and Cummings eight.

WESTERN MUSIC AND ROMANCE

"Song of Nevada," with Roy Rogers, Coming This Week

Deluxe musical western, starring Roy Rogers and Dale Evans and Mary Lee. "Song of Nevada" is the new end feature at the Capitol Theatre here Friday and Saturday.

Against a background of modern west, the picture combines action, new songs, musical chorus routines, comedy and romance.

Rogers rides and sings in a lighthearted and footloose boy who, at the request of wealthy rancher, attempts to break up the romance of rancher's pretty daughter and suave, fortune-hunting stranger.

Climaxing the picture is stagecoach race in which horse teams are driven in a cross-country contest.

Thurston Hall, John Eddies, the Sons of the Pioneers, LeRoy Mason are in the supporting cast.
