At a joint meeting of the executives of the Prince Rupert Trades and Labor Council (AFL) and the Prince Rupert Labor Council (CCL) held last evening in the Carpenters' Hall, it was decided to sponsor a meeting for trade unionists in the Oddfellows' Hall next Monday evening, to be addressed by the candidates for the Skeena riding of the four political parties.

This meeting was decided upon due to the fact that some of the candidates had expressed a desire to address members of various trade unions but as yet had not had an opportunity to do so.

A speaking period of fifteen minutes is to be allowed each candidate after which there will be a question period for written questions only.

Due to one of the candidates having to leave, possibly before the meeting is over, it was decided in fairness to all that there would be no rebuttal speeches.

Jack Fisher was elected chairman for the forthcoming meeting.

Major D. R. MacLaren Foresees Future for Aviation

WINNIPEG, May 30- "In the global network of the future of aviation, Canada, by reason of its position on the globe, is destined to become a crossroads of tremendous strategic importance. The people of Canada are fully aware of this and also of the necessity for nations of the world to work together in peaceful cooperation, sharing fruitfully the freedom of the air as they once shared the freedom of the seas, said D. R. MacLaren, superintendent of passenger service for TransCanada Air Lines and the fourth ranking flying ace in World War I, when he addressed the Mid-Canada Air Conference now in session here.

Oh For a Drop of Rain! . . .

We sat in our office sweltering in the afternoon sun and wondered how it ever could be that Prince Rupert and rainfall continue to be synomously associated in the minds of those who do not know this place. Here the month of May is almost gone and we have not had a decent rain fall in its merry length. We saw forest fires blazing away spectacularly across the harbor, we saw our spring gardens dry and parched, we saw the dust billow in clouds from our wartorn streets and we almost prayed for some of the good old rain which we hear so much about but have missed awhile.

The month of May with 1.71 inches of rain and fifteen days since

we had even a spatter! A visit from Jupiter Pluvius with a generous spraying would be really quite refreshing in arid Prince Rupert. The old man with the watering can would be a welcome visitor any day now.

Anxious Days in Europe . . .

We look at the post-war scene in Europe and wonder. We see Russia imposing conscription on her 15 and 16-year-old boys and announcing there would be more intensive military training in the Soviet in peace than there was in war. We see the YugoSlavs endeavouring to force their will upon the Italian people around that long-troubled top of the Adriatic Sea. We see the Polish question still agitating the peace of mind between the western Allies and the Russians on the other. And now we see serious discord in Syria and Lebanon under the French rule.

The problems of peace are piling up in rapid succession and many of them are charged explosively with the elements of conflict.

The war in Europe may be over but these are still anxious days over

TERRACE, May 30-On Friday afternoon last an appreciative crowd of parents and friends were at the Division V classroom of the Terrace Elementary School to see the final activity in an enterprise on Holland.

Keen interest was shown in attired in Dutch costumes of blue and white and in the at tractively arranged classroom itself which, in every part, had something reminiscent of old Holland. Beautiful tulips were in vases around the room and bulbs were growing in boxes or the window sills. The window decorations were in keeping with the general scene. At a special table, the children's workbooks on Holland were displayed and on the wall above, pictures with printed stories under them describing the scenes. At the front of the room, was the sandtable with a characteristic section of Dutch landscape made by the children. Above this was cleverly finished and colorful mural. Dutch people, dykes, windmills, boats, carts drawn by dogs, cattle, storks, tulips, etc., were very much in evidence. Above the whole was a Dutch

ACQUITTED

preliminary hearing and read yesterday, Steele described how he had run out onto the street from Wilbershied's barracks on Beach place and "shouted after" Miss Matzik who, he said, had driven away in the truck without him.

Steele's statements found little corroberation in the testimony of L. L. Hawn, manager of the Beach place barracks area, who told the court that he was on the street near the T-40 barracks when the truck drove away shortly after 11 o'clock. He said that he had seen the truck drive laway in a normal manner and that he had heard no shouting.

He said that he had seen someone sitting in the darkened truck a few minutes before and had thought it was a woman.

Large Bump Gn Accused Head

A large and presumably painful bump on the back of Miss Matzik's head, discovered the morning after Ross's death, was mentioned in court by Miss Ida Wilson, Miss Matzik's roommate, but the cause of the bruise was not brought out.

Miss Wilson said she was approached by Miss Matzik in the American civilians' club where she had been given some keys. Later, in company with two men they had gone to the front of the women's barracks, where one of the men had re-parked the truck in which Miss Matzik was said to have arrived about 11:30. Miss Wilson said her friend had appeared to be acting strangely.

"From her condition it was apparent that something had happened," she said.

Robert Nusko, U.S. Coast guardsman who had seen Miss Matzik drive up to the women's barracks on Sixth street, said he thought the truck had both headlights burning.

Four other witnesses said that they had not noticed anything wrong with the headlights of Miss Matzik's vehicle.

The death car had one headlight knocked badly askew.

A black comb found on the running board of the death truck by police could not have been Miss Matzik's, Miss Wilson said, because the accused invariably used white combs.

GORDON'S HARDWARE

Security with Freedom!

Your Vote on June 11th can bring lasting security to your work, your home, your family!

Security for your WORK

Here are some of the definite, practical steps taken by the Liberal Government to give security to home and family by assuring well-paid postwar jobs for everyone:

For Veterans - The most generous plan of any · United Nation to get returned men started in the type of work each of them chooses. The Liberal Government is determined that every man and woman coming home to Canada shall return to the land of greatest opportunity in the world.

For Workers - About a third of all Canadians depend on exports for their livelihood. Liberal plans provide for increasing our exports 60% in value over those of 1939.

For Farmers - Acting on the belief that all Canadians prosper when farmers do, the Liberal Government has arranged that they can improve their farms and equipment under a new loan plan and has arranged to put a floor under the prices of farm and fishery products.

To stimulate employment for all, the Liberal Government has created a special Department of Reconstruction which is now in operation and which will co-ordinate private and public enterprise.

Security for your HOME

The Liberals believe that the home is the heart of the nation. They aim to give Canadians every possible facility to build and furnish better homes! With Government assistance you can build a home in the country, town or city. This will make jobs for the building trades, and those who make building supplies-and those who manufacture household equipment and furniture.

New Homes for Canadians-The Liberal Government's new \$400,000,000 National Housing Act, now on the statute books, enables hundreds of thousands of Canadians to get money at low interest and on long, generous terms to build, renovate or enlarge their own homes. Now that Germany is defeated, plans are already in operation for at least 50,000 dwellings.

Other practical, workable measures for the security of your home are the Liberal Government's laws for Unemployment Insurance and liberal Old Age Pensions.

The Liberals believe in doing what can be done, as soon as it can be done. If returned to power on June 11th, they will carry on and expand the sound, constructive work already started.

Family Allowances - Starting in July, parents who benefit least from income tax exemptions will receive Family Allowance cheques every month to help them get better food, clothing, shelter and education for their children so they can

Security for your FAMILY

grow into healthy, vigorous Canadian citizens. These cheques will amount to between \$200, 000,000 and \$250,000,000 a year. As dired spending power, this will do much to help in achieving the Liberals' objective of full employment.

Health-A National Health Plan will ensure that everybody shall be taken care of while they are sick and the best measures medical science can devise shall be employed to prevent disease.

Despite the efforts of Drew, Bruce, Bracken and other reactionaries, the Liberals are determined that human interests, the needs of men, shall be placed before "business as usual".

The Liberals have faith in Canada, a united country, and in their ability to continue to build, with your support, a more abundant life and greater opportunities for Canadians.

"A genuine new deal for women, not merely pious and token concessions"

As every woman knows, a lot has been said about the splendid contributions which women have made in many lines of national endeavour. But the King Government has side-stepped the issue when it comes to doing anything about the rights of women.

John Bracken will give you definite action!

"It is the policy of this party," he says, "to see that women are given the opportunity to take their full place in the councils of the nation, in the Cabinet, in the Senate and on government boards administering public business."

John Bracken's policies for social betterment also reflect his awareness of the rights and wishes of the women of Canada. Perhaps the fact that he is a family man himself influenced him as he shaped these policies, for they give Canadian women the assurance of economic security and better opportunities for their children-advantages which women have always sought for themselves and their families. In short, John Bracken's objectives are the objectives of Canadian women everywhere.

To these measures John Bracken is pledged:

- To provide a uniform and comprehensive security plan for all Canadians, including extended unemployment insurance coverage, accident and sickness benefits, children's allowances, maternity benefits, widows' benefits, retirement pensions and increased old age pensions at age 65.
- To set up a positive national health programme including improved nutritional standards, an efficient preventive health service and a contributory health insurance scheme.
- To provide financial assistance to enable young Canadians, according to their abilities, to receive advanced technical or professional training.

No token gestures, these, but definite guarantees that the rights and aspirations of women will be backed by legislation when John Bracken takes up the reins of government! Only the Progressive Conservative Party has a practical program designed to cure the social and economic ills which women have long recognized and sought to overcome. Only this Party offers a genuine new deal to the women of Canada.

EQUAL RIGHTS FOR WOMEN IN BUSINESS AND INDUSTRY

The Progressive Conservative Party recognizes that Canadian women have earned the right to take their place, on equal terms, beside men in business and industry. It stands for the principle of equal pay for equal work and equality of opportunity and treatment in other respects as between men and women. Taxation and other reforms to encourage the establishment of new businesses will open to enterprising women new and better opportunities to engage in profitable business for themselves, and to play their full part in the business of the nation.

ACTION ON HOUSING

This Party is pledged to a nation-wide housing program. It will co-operate with the Provinces, the municipalities, the building trades and other agencies for immediate construction of modern apartments and homes throughout Canada.

BETTER FARM INCOMES

John Bracken, himself a farmer, is pledged to see that-

- Farmers get prices that are in line with what they have to pay for goods and services.
- Markets for agricultural products are expanded, both at home and abroad.

Maj. Harvey Speaker

Criticizes Mackenzie King Reinforcement Policy-Advances Own Party's Platform

Major J. T. Harvey, Progressive Conservative federal candi-

seas duty, castigated the Mac- ing of my leader." kenzie King government on its reinforcement policy and cutlined his party's program. Introduced by Dr. R. G. Large,

president of the local Progressive Conservative Association, Major Harvey viewed the government's manpower policy in what he described as the angle of the men overseas.

pride—the insistence of the gov- and Skeena riding." ernment in refraining from putsacrifice and service."

anger among overseas soldiers terprise system. against the government.

Should Have Started Right

"Conscription would have been accepted at the start of the war and in 1940 but the government refused to do anything about it. The only policy that was fair and which could have provided sufficient reinforcements was thrown out.

"The men were not angry against the home defence soldiers. They laid the blame on the policy of the government which has brought disunity to the nation which will take years to dis-

"One man is responsible for this disunity and he does not deserve to be perpetuated in of-

Major Harvey denied that there was any justification for considering the Progressive Conservative party reactionary.

"There is no reactionary party in Canada today and very few reactionaries. There is nothing reactionary in John Bracken's background or platform. It is progressive.

The type of candidates nominated by the Progressive Con-

servative party are men in whom you would have confidence to place your private business. You should be equally careful i whom you place your public busi-

Give This Betrayal Your Crushing Rebuke!

How would you feel if you had stood in the mud and filth of French, Holland and Italian battlefields facing mutilation and death while your government shifted and twisted and evaded and played politics over sending you help?

Was Mackenzie King's two-army "Zombie" policy the true voice of Canada? Is his niggardly consent to this half-hearted course an expression of your own views?

Do you or do you not approve of a government whose course of action is held in complete contempt by the boys who did the fighting?

Your verdict will tell on June 11.

YOUR CANDIDATE-Maj. James T. Harvey
