Mr. McIntosh Passes Away—
Deceased First Post Office Here
Ten Years Ago

Highly respected dean of local business whose name was prominently associated with the very early days of this city and district, Robert Leck McIntosh, died at Prince Rupert's first postmaster's office from the first actively identified with the church and community life of the community, died yesterday afternoon at his home, Cliffside, 310 Fourth Street West. He was 80 years of age and had been in gradually declining health for some time.

The late Mr. McIntosh was born in Toronto, April 30, 1865, son of the late D. W. McIntosh, well-known grain merchant of Toronto's pioneer days. He was educated at Jarvis Street school, when the late Sir Sam Hughes was headmaster, and at Upper Canada College, which he was a member of the Old Boys' Association. He was a member of the York Pioneer Society and the Toronto Board of Trade. An enthusiastic sportsman, he sailed many boats, a member of the Royal Canadian Yacht Club of Toronto. He was also a keen curler and was member of the Caledonia Curling Club of Toronto.

Located at first for a time in the Essington, Mr. McIntosh came to Prince Rupert in 1906, being associated with the late E. Russell, who had come from Maritime provinces and, representing eastern capital, did (Continued on page 2)

WORTH OF AUSTRALIA IMPORTANT

DARWIN, Australia, Aug. 25—Australia now is planning the future of its Northern Territory. Darwin, bombed to bits by the Japs, is to be rebuilt as an air and naval base and Australia's front door.

Darwin is expected to have about 20,000 people in a few years' time. On September 1, 1949 the Territory had 6,973 whites and Asiatics on its 523,000 square miles—more than a fourth of Australia. There were about 14,000 aborigines and 1,000 half-castes, or 22,000 in all.

The chief business of the Territory is in cattle. It had 1,005,569 animals on June 30, 1944, with 334 horses and 32,795 sheep. Cattle increased by 82,000 during the war.

The largest cattle station or ranch today is Alexandria Downs, 11,250 square miles or 7,200,000 acres. It is more than five times the size of Prince Edward Island and more than half as big as Nova Scotia. In all 226,731 square miles of the Territory are held under lease nearly all of it cattle country, while 67,257 were kept as native reserves.

A mild form of closer settlement policy may be followed after the war. It is held that 2,000 square miles is enough for a family if water is conserved and the country fenced. The Barkly tableland is good sheep country but dingoes eat the sheep. It is believed that if the dingoes can be kept down the Territory can support 3,750,000 sheep.

Weather Forecast

Moderate to fresh northwest winds, cloudy and mild today and Sunday.

B.C. LAW SCHOOL VANCOUVER

A faculty of law is to be opened at the University of British Columbia. There will be a six-year course.

United States pathetic

Gen. MacArthur's position for Australia negotiations.
Aug. 25—A sharp rebuff from Australian Affairs Minister Herbert Evatt charges that Britain attempted to deny Australia equal footing in Japanese peace discussions. Dr. Evatt says Britain had denied Australia's claim that General Sir Thomas Blamey should sit as the commonwealth's representative at the surrender ceremonies. The statement declared that Britain said that General Blamey could only accompany the United Kingdom representatives to the surrender meeting. Dr. Evatt says that he took up the matter with General MacArthur and that as a result the United States agreed to Australia's claim to be represented directly in recognition of her part in the Japanese war.

TROOPSHIP DUE QUEBEC

Samaria Coming With 2,700 Servicemen

QUEBEC, Aug. 25—Nearly 400 passenger cars will have to be taken out of regular train service, assembled in Quebec marshalling yards, serviced and staffed by 450 conductors, engineers, firemen, brakemen, baggage men, stewards, chefs, cooks, waiters and porters, to be at the dockside for the arrival of the troopship Samaria expected at Quebec on Tuesday. The equipment needed will include 57 sleepers, 13 diners and 25 coaches and cars of other classes.

The Samaria, which will dock at Wolfe's Cove, Quebec, is bringing home 2,700 servicemen, 1,200 soldiers, 20 of whom are destined for Vancouver, and 1,500 airmen. Three air force specialists will go to the No. 1 repair depot, and will leave later taking the airmen to their homes across the country.

ELECTION DATE BEING AWAITED

VICTORIA, Aug. 25—Election machinery is moving, indicating that the contest will take place this fall, probably in October so that the issue will be settled before the Dominion-Provincial conference resumes in November. Expectation is that Premier John Hart and the executive council will set the date almost immediately.

CHINA SIGNS UP CHARTER

CHUNGKING, Aug. 25—In a brief but simple ceremony General Chiang Kai-Shek, using an ordinary Chinese brush, signed the document attesting China's ratification of the United Nations charter.

Before she departs she will receive a bouquet of flowers from Ald. Nora Arnold, on behalf of Mayor Daggett, and the best wishes of a large number of citizens who are expected to see her off.

Advised Against Negative Control—Should Be Allowed Free Institutions
BELFAST, Aug. 25—General Dwight P. Eisenhower said today that the military government of Germany could not be purely negative control and declared the Germans "should be encouraged to build free institutions suitable to their needs." General Eisenhower was speaking at a City Hall ceremony in which he accepted the freedom of Belfast.

JAP EMPEROR SUICIDES?

NEW YORK, Aug. 25 (CP)—The National Broadcasting Co. broadcast "a rumor" today that Emperor Hirohito of Japan had committed harikari. It said that the rumor did not come from a regular news source and there was no confirmation. It was stressed that it was "a rumor only."

Question of Hong Kong

Denied That General MacArthur Broadcast Order to Japan to Surrender to British
MANILA, Aug. 25 (CP)—A spokesman for Allied Headquarters in Manila has denied that General MacArthur broadcast any orders to Japan to surrender Hong Kong to British forces. The BBC reported hearing such a broadcast.

In the meantime, Generalissimo Chiang Kai-Shek has announced that Chinese troops will leave Hong Kong alone to avoid international complications. Observers in Manila said it was obvious that any decision as choosing between China about such a ticklish problem and Great Britain to accept Japan's surrender of Hong Kong would not be made by General MacArthur but would be a decision for heads of nations to make.

Padre Says— Isolation Is Dead Thing

Atomic Bomb Pointed to As Indication That Whole World Is Interdependent—Must Be Co-operation
Isolationism is dead internationally, nationally, provincially, communally and individually. It is dead even interdenominationally in religious belief. There must be co-operation in all things and the principles of Christianity—the Golden Rule—must be practised in all relationships. Such might be the summation of an impressive and convincing address on the folly of "isolationism" delivered by Chaplain Orville P. Hossie of H.M.C.S. Chatham in speaking before the Prince Rupert Rotary Club at luncheon on Thursday.

STREET WORK IS GOING ON

Scarifying, Filling and Rolling Of Hays Cove Avenue and Conrad Street
Work of scarifying, filling in of holes and rolling Hays Cove Avenue from Sixth Avenue to Conrad Street and Conrad Street from Eighth Avenue to Eleventh Avenue is proceeding and good headway is being made under the direction of City Engineer E. A. Phillips as part of the city's new street improvement program. Traffic is being diverted from these streets to McBride Street and Eleventh Avenue.

The engineer mentions how some motorists on recent nights willfully lifted barriers and drove their vehicles over the new work before it had time to dry out and harden up, thereby doing considerable damage. Such acts constitute a traffic offence and penalties can be imposed on conviction, the engineer reminds.

Reluctant to Surrender

MANILA—The Japanese commander at Singapore seems reluctant to surrender to the Allies. A change may be effected in order to effect the capitulation of the former British base.

CEASE FIRE ORDERED

TOKYO—Emperor Hirohito has ordered Japanese forces in Manchuria and on Sakhalin Island to capitulate.

BRIDGE COMPANY STRIKE

VANCOUVER—A strike vote is to be taken in the Dominion Bridge plant in protest at refusal of the company to accept finding of a conciliation board on matters in dispute.

AIDS NATIONALIZATION

SKELETON AT LIVERPOOL

Mystery Puzzles People of British Metropolis
LIVERPOOL, Aug. 25—The mystery of the skeleton in the cylinder has captured the imagination of the people of Liverpool and taken police investigators 20 years back in their search for clues.

A bomb fell in Homer Street four years ago, uncovering a metal cylinder seven feet long and two feet in diameter. It was sealed at either end and until recently no one paid much attention to it.

Then young Tommy Lawless opened one end and found inside the clothed skeleton of a man. Pathologists said the skeleton had been in the cylinder for anything up to 20 years, but police so far have been unable to trace its identity.

The man, according to the pathologists' report, was more than 25 years old. Cloth-covered buttons and a cloth-sided boot found in the cylinder are said to be of the Victorian age.

Police ruled out the possibility of murder and said "the man may have been of a 'queer' type who crawled into the canister to sleep and died. What was once an open end of the cylinder might have been crushed in by the bombing.

C. J. Norrington arrived in the city last night by car from Terrace for a week-end visit and will return to the interior tomorrow evening. He is accompanied by Nigel Sherwood.

WELCOME RUSSIANS

Soviet Forces Getting Great Reception On Moving Into Korea
MOSCOW, Aug. 25—Russian naval and marine units pushed down the eastern coast of Korea today while airborne units made further landings in the interior in a quick campaign to complete the occupation of this once Japanese-held country.

POLE DRIVE IS NOW ON

Interior Output Larger Than Last Year, Olof Hanson Reports
The drive of timber from the camps of the company on the Skeena and Bulkley Rivers is now on and proceeding smoothly, reports Olof Hanson, head of the Hanson Timber and Lumber Co., who is in the city from Smithers on business. Bulkley River timber is being gathered up at Beament and that from the Skeena at Nash. Although labor has been short and limiting production, expectation is that the output of poles and piling for an active market will be heavier than last year.

Mr. Hanson confirms reports of excellent crop conditions in the Bulkley Valley as fall approaches. Hay is all cut and a good deal of it is now in. Warm weather came at just the right time for the hay and was splendid also for the grain and field crops which had been nurtured by timely moisture during the growing period.

When the mobile chest clinic, sponsored by the Division of Tuberculosis Control of the provincial Department of Health, completed its work in Prince Rupert yesterday the clinic had X-rayed more than 4,000 persons including 375 natives.

The clinic has been here since July 3 and is directed by Miss Mary Harrison, X-ray technician of Vancouver, assisted by Miss Elizabeth Campbell, also of Vancouver. During the unit's stay here Miss Dorothy Kergin, daughter of Dr. L. W. Kergin, has assisted the clinic by doing clerical work and Miss Harrison expressed gratitude for this assistance.

Except for a trip to Port Edward last week, the unit has been in the city continuously since early in July.

Miss Harrison has been with the clinic since 1942 although the unit didn't leave Vancouver on its northern tour until November of '43. The unit will leave for Terrace this Sunday afternoon and, after stopping at the various communities en route, is expected to arrive in Prince George September 15.

A sign inside the clinic reminds visitors that the unit was purchased through contributions to the Christmas seals fund. The vehicle was built by General Motors of Detroit, Michigan, and is driven by W. M. Swain of Vancouver.

Warehouses were found crammed with Japanese war material.

RETIREMENT OF WILLIAM REID

Popular Railwayman Honored Yesterday Afternoon
William Reid, electrician for the Canadian National Railways at Prince Rupert since 1916, completed his service on Saturday, August 25 and retired on pension.

One of the best known and most popular railwaymen here, Mr. Reid and his wife were the guests at a meeting in the Ladies' Waiting Room at the railway station on Friday afternoon when the general superintendent, W. T. Moodie, presented them with gifts of railway workers many of whom were present to hear the opening remarks by C. A. Berner, superintendent, acting as chairman, who read messages from several former superintendents and other officials not now resident in Prince Rupert, but who evidently retain a lively recollection of the genial and efficient "Billy" Reid.

Messages were also received from the Mayor of Prince Rupert and from the Vice-President of the Northern B.C. Power Co., expressing their appreciation of Mr. Reid's qualities as a citizen and as a technician who co-operated in a neighborly fashion in any emergency.

REMOTE MORICE LAKE VISITED

Frank Dockrill Made Four-Weeks Trip to Little Explored Country South of Bulkley Valley
F. M. Dockrill, pioneer Telkwa mining man, who has been in the city for a couple of days on business, just recently completed a four-weeks' trip by 31-foot outboard motor boat a distance of 90 miles up the Bulkley and Morice Rivers to Morice Lake. He was accompanied by Tom Heslip and Sam Irvine. The object of the trip was to explore some gold deposits which were supposed to extend to that area. The country there has not been explored often. An elevation of 7,000 feet is reached and at Morice Lake one is not far from upper Gardner Canal, which is part of the Pacific Ocean.

business in a tent on the waterfront where the railway station now stands. It was on November 22, 1906, that Mr. McIntosh opened the first post office here in a tent and he continued as postmaster for nearly 30 years. He was also this city's first stipendiary magistrate. Other organizations with which he has been identified in Prince Rupert included the Prince Rupert Curling Club, of which he was president; the Prince Rupert Museum Board, of which he was president; the Prince Rupert General Hospital Association, Prince Rupert Club and Prince Rupert Horticultural Society, of which he was honorary president.

The late Mr. McIntosh was always a devout member of the Anglican Church. He was elected people's warden of St. Andrew's Church, later the cathedral, at the first meeting in the old Grand Trunk Pacific mess-room in 1906 and continued in that office until 1932. He was also registrar of the Diocese of Caledonia, serving with the late Archbishop F. H. DuVernet and the late Bishop G. A. Rix.

Mr. McIntosh acquired land at Kitkaumkalum on the Skeena River near Terrace long before the railway line was built and, through the years, developed thereon a fine home where he loved to spend the summers. Even this year he had gone there but the condition of his health made it necessary for him to return to Prince Rupert.

The widow will have the genuine sympathy of numerous friends for she is equally beloved.

YOU CAN AND MUST SAVE FUEL THIS WINTER!

Start Now-TODAY-to prepare your house and furnace to save fuel

These are the plain facts about conserving the fuel supply which you can expect to have next winter.

1. Canada will have nearly 1,000,000 tons less fuel this winter than was burned in homes last winter.
2. You as a householder will be definitely restricted in the amount of coal and coke you will get. Wood as well as coal will be in short supply.
3. Unless you economize during the first part of the winter you may not have enough fuel to keep your house warm *all through* the fuel-burning season.

HERE ARE THREE MAJOR WAYS YOU CAN SAVE YOUR FUEL

1 CLEAN YOUR FURNACE NOW

Your furnace is the centre of the heating system. Soot and scale will reduce effective heat by one-third or more. Your furnace should be cleaned immediately and kept clean.

2 STOP HEAT-STEALING LEAKS NOW

Insulate, if you can. That is the biggest heat-saving improvement you can make. Caulk all cracks between doors and window frames and outside walls. You can rent a caulking gun from your hardware merchant if you cannot get a repairman to do the job. Get your storm windows and doors cleaned and ready for early use.

3 HAVE CHIMNEYS CLEANED NOW

Remove old soot from flues. Replace rusted pipes. Learn to manage the drafts in your furnace to assure steady, efficient heat without wasting fuel.

By taking this warning seriously you can make sure of the greatest possible comfort during the seven months of winter. Do not assume that it will be a mild winter and that you do not need to bother with these suggestions for conserving fuel. Be wise. Prepare for the long cold days and nights that are sure to come.

CHATHAM BAND CONCERT SUNDAY

A musical concert will be given by the band of H.M.C.S. Chatham conducted by Chief Petty Officer H. Sainsbury this Sunday afternoon at three o'clock on the Court House green, weather permitting.

The program will include "The Children's Prayer," from Engelbert Humperdinck's fairy opera, "Hansel and Gretel," arranged for band by P.O. Barker, R.C.N.V.R., which, incidentally, comes at a time very close to Humperdinck's birthday, September 1.

The next offering will be Drigo's "Valse Bluette," followed by a selection, "Victor Herbert's Favorites"; a brass quartette with Leading Bandsman Baker and Bandsmen Ketchum, Ginter and Taylor playing "Love Divine"; "Pavanne" by Morton Gould, and the "Quartet from Rigoletto."

After the playing of "The Children's Prayer," the concert will be concluded with "La Reine de Saba" (The Queen of Sheba) by Gounod, and God Save the King.

SOFTBALL EVENED UP

Battery and Fortress Have Now Won One Game Each

Behind the two-hit pitching of Scherle, the 11th Coast Battery defeated Fortress 4 to 1 last night at Gyro Park to even up the best-of-three-games series in the Senior Softball League semifinals. Fortress won the previous fixture.

Martel, star Fortress catcher, who has been absent from the line-up for some time, made his return known by walloping a triple but the losers were able to make only one other hit while Scherle struck out nine.

The only inning in which either team scored more than one run was the third when the 11th Coast team followed up two walks with a double by Larson to score two counters to force a 3-0 lead.

Hertzman, pitching for Fortress, struck out seven and yielded nine hits.

Score by innings: Fortress 000 000 100—1 11th Coast 102 000 10x—4 Batteries: Fortress—Hertzman and Martel; 11th Coast Battery—Scherle and Busnik.

LOOKING OVER BALL LEAGUES

Rainy weather in the States forced the postponement of several Major and International League contests last night.

In the American League the Washington at New York tussle was postponed but the pitching duel between Bob Feller for the Cleveland Indians and Hal Newhouser for the Detroit Tigers came off as scheduled and Bob Feller won. The former Major League strike-out king limited the league-leading signals to four hits as he handed Detroit's ace hurler Newhouser his eighth defeat against twenty victories. Newhouser gave up seven safeties. The final score was Cleveland 4, Detroit 2. The paid attendance was more than 46,000. In the American contest, the St. Louis Browns defeated the Chicago White Sox 3-1. The triumph secured third place in the league standings for the Browns.

In the National League, the

New York at Brooklyn tangle was postponed as was the Boston at Philadelphia game. The Cincinnati Reds bested the Pittsburgh Pirates 2-1 to break a losing streak at six games but the big game for the National was in Chicago where the St. Louis Cardinals and the Cubs opened their all-important three-game series. The initial game of the series ended with a 1-0 victory for the Cards.

In the International League, Rochester and Buffalo split a double-header. The Red Wings blanked the Bisons 3-0 in the opener but the lowly Buffalo club came back 11-8 in the arc-light contest. The Jersey City at Newark and Syracuse at Baltimore games were postponed.

Here is today's schedule: American League—Washington at New York, double-header; Philadelphia at Boston; Chicago at St. Louis, night (only games scheduled).

National League—New York at Brooklyn, double-header; Boston at Philadelphia, double-header; Cincinnati at Pittsburgh; St. Louis at Chicago.

International League—Jersey City at Newark; Syracuse at Baltimore, double-header; Rochester at Buffalo, night; Montreal at Toronto.

SHORT SPORT

The Acropolis Hill Browns of the Prince Rupert Sub-Port of Embarkation will be out to chalk up another victory, their seventeenth for the season, when they meet the Prince Rupert All-Star team on the Acropolis Hill diamond tomorrow afternoon. It is expected that coach Lt. Bob Farmer will start Sanchez at the pitching post with Calinovich receiving. Young Tony Sanchez is the hurler who recently ran up a total of 23 strike-outs in a 13-inning contest.

Lieut. Walter Smith Back In Civil Life

Walter Smith, one of the originals of the old Royal Canadian Naval Volunteer Reserve unit here, returned home on Wednesday of this week and, having received his discharge, has resumed his pre-war position with W. F. Stone, men's clothier. For a couple of years prior to discharge, Walter Smith, as a lieutenant, was signals officer in Atlantic convoy service aboard the corvette H.M.C.S. Hepatica.

Sweet Caps Salute Those Who Wear This Badge —

Today the only thing that distinguishes them is a crowned silver shield bearing a trefoil of red maple leaves. An unobtrusive button symbolic of so much in the life of the wearer, Canadians at home welcome them back with pride.

Ask those who wear it, they'll tell you that during years in uniform the demand was for the unflinching solace of Sweet Caps — and now, back in "civvies" it still rates first in smoking pleasures.
