Getting On the Band Wagon . . .

Turkey's declaration of war on Germany and Japan, as far as any military significance is concerned, can be regarded as little more than a token. After five years of neutrality and the outcome at last a certainty, she declares war to qualify for a seat at the peace table as one of the United Nations. She has done little to help our side in the war even if she has done little to hamper us. She gets her seat at the peace table but it will not be one of great influence or consequence. At this late date, she cannot play a very noble part in the war so will not warrant an important say in the peace.

The Political Situation . . .

The federal political situation, as far as any definite indication of when the general election will be held, is about as enigmatic as it was before although it would appear to be unlikely now before early summer. The general consensus is that it will be held at a reasonably early date after the international postwar security conference to be held at San Francisco. The announcement of that conference was probably the principal factor in the apparent decision not to hold a spring election as had, up to a fairly recent date, been the intention.

It Shouldn't Be Long Now . . .

There may be possibilities otherwise, of course, but it is difficult to imagine that the war in Europe can last much more than another few weeks. The agreement as announced at the Yalta conference of the Big Three to bring the European war to a speedy and victorious conclusion appears to be taking form. With new great offensives in the making on western and eastern fronts and the Reich suffering the fiercest and most concentrated air blows yet on selected targets, now quite reasonable to anticipate that it should very soon soften into collapse for the kill. In fact, its presently continuing resistance may be surprising to some. There is every reason to believe that big battles developing this very day will be the final and decisive ones.

Individualism or Collectivism . . .

The issue between individual freedom and collectivism has reached a crucial stage in Canada. The idea that socialism is "inevitable" seems to have taken hold of many Canadians. Now the present government is trying to "cut the grass under the socialists' feet." No more dangerous a course could be followed.

It is imperative that if the issue is to be decided in favor of individual freedom, that there be drawn up a positive postwar economic program which shows conclusively that individual initiative — and its encouragement — holds the key to Canada's future economic promise.

Coast Herring Catch 104,000 Tons—30,000 Tons in This Area—Finella Landing Flatfish

Coast herring catch to February 17 was 104,633 tons, of which District Two yielded slightly more than 32,000 tons. District Three, which includes the waters below Cape Caution, closed several weeks ago with a total catch of 72,146 tons. Herring fishing in District Two is expected to close about March 10.

Heaviest catch in District Two came from the central area which includes Laredo Sound. With a quota of 40,000 tons, this area has already provided 29,283 tons. The northern area has yielded 1,271 tons while non-quota areas have produced 1,835 tons. The coast herring pack to February 17 was 1,196,239 cases. This was slightly greater than the pack to a comparable date last year, but less than in 1943 and 1942. At the week ending February 19 last year the pack was 1,195,896 cases while in 1943 it was 1,237,195, and in 1942, 1,396,908. A breakdown of the uses to which the herring was put, exclusive of canning, shows that 218 tons was used fresh, 3,363 tons was put aside for bait, and 7,893 tons was ground into herring meal. This year's catch has produced 599,647 gallons of herring oil.

The Finella, Capt. Dave Ritchie, arrived in port Friday with 15,000 pounds of flatfish for the Canadian Fish and Cold Storage Co.

WIDELY READ STORY FILMED

"Address Unknown" Showing at Capitol Theatre at First of Week

One of the most widely read current stories "Address Unknown," comes next Monday and Tuesday to the Capitol Theatre.

It is a tremendous drama of love and revenge. Paul Lukas is starred in the role of the weak and traitorous Martin Schulz. Mady Christians is in the featured role of Lukas' wife, Elsa.

Carl Emond, well-known Hollywood actor, plays Baron von Friesche under whose Nazi domination Martin falls to his final destruction. The young-and-coming Peter Van Eyck is Martin's son who is engaged to Griselle (K. T. Stevens), daughter of Max Eisenstein, Martin's friend and partner in a San Francisco art gallery.

It is Miss Stevens' first important screen role, although she has already made a considerable name for herself on the Broadway stage.

The story carries from San Francisco to Germany during the rise of the Nazi party and is said to depict all the cunning and brutality of its followers.

CANADA'S VETERANS
Their Post-War Opportunities
The third of three advertisements explaining the re-establishment credit.

How to Make Application For Re-establishment Credit—

The first two advertisements in this series have explained the principles of the re-establishment credit and have outlined the purposes for which it may be used. They have pointed out that the Credit is a non-repayable grant for which all veterans who have served without territorial limitations are eligible, but that it is an alternative to training, continuation of education and benefits under the Veterans' Land Act. It is the purpose of this final advertisement to clarify the method of making application.

APPLY FOR THE GRATUITY FIRST
In no case can the re-establishment credit be paid until the first payment on the War Service Gratuity has been received by the veteran. Application for the War Service Gratuity should be made to the branch of the armed forces with which the applicant served, on forms which can be secured at any armed forces depot or at any district office of the Department of Veterans Affairs. With the first war service gratuity check a statement will be furnished showing the amount of the re-establishment credit. This information is essential in applying for the credit.

MAKE DEFINITE PLANS BEFORE APPLYING
It is important that the veteran's re-establishment plans be clear-cut before making application as payment of the credit debars the veteran from training and education grants and from benefits under the Veterans' Land Act, and payments for training and education and under the Veterans' Land Act already made are charged against the re-establishment credit. Ample time is given to reach a decision, as part of the whole of the credit may be applied for at any time within ten years of discharge.

APPLY ON THE PROPER FORM
Official forms for making application should be used. These may be secured at any district office of the Department of Veterans Affairs.

HOW THE CREDIT IS ADMINISTERED
The Re-establishment Credit—amounting to \$7.50 for each 30 days' service in the Western Hemisphere and \$15.00 for each 30 days' service overseas—is money which belongs to those who have served and who do not elect to take training or to take advantage of the land settlement opportunities under the Veterans' Land Act. The Department of Veterans Affairs is anxious to see that it is used by the veteran to assist his re-establishment.

Payment of the money generally will be made to vendors and agencies on request of the veteran and receipts for payments made on behalf of the veteran may be secured from such recipients. It is available for use in Canada only.

In certain instances, such as the purchase or establishment of a business, the department will secure the advice of people with a specialized knowledge of the business in which the veteran is re-establishing himself. For this purpose local Re-establishment Credits Advisory Committees are being set up. These are composed of responsible citizens serving voluntarily. Applications from veterans in rural areas normally will be passed through committees administering the Veterans' Land Act. These steps are taken with the sole purpose of satisfying the Department that the purpose to which the credit is to be applied is a statutory one and has re-establishment merit.

While the principal function of the advisory committees will be to aid the Department in dealing with applications for purchase of businesses, veterans with larger credits may request that their applications for any purpose be referred to these committees so as to improve their proposals and make use of their credits to better advantage in their purchases.

PURPOSES FOR WHICH CREDIT MAY BE USED
Grant of the credit may be authorized for the following purposes:
(a) To assist in purchase of a house;
(b) To assist in building a house;
(c) To assist in home repairing or modernization;
(d) To buy household equipment and furniture;
(e) To provide working capital for profession or business;
(f) To buy tools, instruments, etc., for trade, profession, or business;
(g) To buy a business;
(h) To pay premiums on Dominion of Canada insurance;
(i) To buy special equipment required for educational or vocational training.

In the case of (a) and (b) above, it is necessary for the Veteran to have an equity in his home. In the case of (d) and (g) the Veteran must put up one dollar for every two dollars used from the Re-establishment Credit. If experience shows broadening of these purposes is needed, provision has been made for it.

 1. Does Christ promise to offer salvation to heathen who have not heard the Gospel?
 2. Does He promise hope to those who carry their good resolution to the grave?
 3. Does He say that God will be defeated in His purposes because Satan will have a multitude of the lost?
 4. Does Christ ever admit that creation was a failure?
 5. Does the Bible hint of a second chance for those who have died in sin?

TERRACE FORUM ACTIVE GROUP

Citizens Group Plans Movie Show at Early Date

TERRACE, Feb. 24 — Many people have recently been asking "What is this Citizens' Forum?"

The Terrace group which was formed last October was approached by the Daily News reporter and this was the answer.

Citizens' Forum is a CBC radio program planned so that all Canadians can find out more about the issues that face our nation.

Radio programs with nationally known speakers go on the air every Tuesday. They are called "Of Things to Come—A Citizens' Forum." Specially prepared bulletins on the same subject are sent out with full background information and special questions for discussion and reporting.

Already hundreds of groups are in action across the country in an effort to learn more of these problems and to see what they can do about them.

In addition to the bulletins and discussion material, complete study booklets are issued by the Canadian Association for Adult Education who also sponsor the broadcasts.

Here are a few of the more interesting subjects of the past few weeks which give a fair idea

Better Miners' Work Conditions

VICTORIA, Feb. 24 — Sam Guthrie, C. C. F. member for Cowichan - Newcastle, asked in the Legislature that the Coal Mines Act be amended to provide that all miners shall be out of the mines 16 hours before re-entering and that all employees of coal companies shall be under jurisdiction of the Act with a six hour day and 30 hour week.

of the scoop of the movement: "How can we keep our factories running?" "What chance to have a small business?" "What opportunities on the land?" "Can we build a lasting Peace?" "What is Canada's responsibility?"

The Terrace group has already been mentioned several times on the radio with commendation for their reports. Plans are now under way for a showing of motion picture films relating to the subjects being studied by the Forum. The date has been set for March 5 and, through the courtesy of Mr. Adams, the use of the Terrace Theatre has been obtained. The films have been produced by the National Film Board and deal with such subjects as "Russia our Northern Neighbor" "The Working of the Unemployment Insurance Act" "Forest Conservation in Canada" and others. Further details of this show will be given in next week's paper.

The secretary of the Terrace group is Miss Freda Hall.

C.W.A.C.'S TAKE FIRST FINAL

Bo-Me-Hi Girls' Winning Streak Broken in Close Game

The Bo-Me-Hi girls' string of 12 successive victories was halted last night when the school quintette was defeated by the Canadian Women's Army Corps, 16-15, in the first Ladies' Basketball League finals last night in the Y.M.C.A. gym.

On the short end of a 7-6 score at half-time, the Booth team suffered a serious loss when Grey, the club's top scorer, was banished early in the third quarter for five personal fouls.

One of the secrets of the C.W.A.C.'s surprising triumph was their uncanny accuracy in taking free throws. The winners sunk eight out of 13 shots for a percentage of .615, while the Bo-Me-Hi squad scored six out of 16 for a mark of .375.

The leading snipers for each team, McMullen of C.W.A.C.'s and Hamilton of Booth, are not usually found at the head of the scoring parade, but last night they secured seven points each.

The second of the best-of-three game series is expected to be played next Wednesday.

The line-ups follow:
C.W.A.C.'s—Cooper 3, Molitor, McMullen 7, Bullen 3, Drinkwater 3, Chemko, Smith, Grisenthwaite, La Porte—16.
Bo-Me-Hi—Pavlikis, Sandhals 4, Grey, Berg 3, Balagno 1, Hamilton 7, Thornton, Anderson—15. Referee, Frank Watson.

FLOOR HOCKEY INAUGURATED

Air Force Wins Five to Nothing Over Navy in First Game

Inaugurating the Area Floor Hockey League schedule, the Air Force scored a 5 to 0 shutout over the Navy last night in the Y.M.C.A. gym.

Rochon scored a goal in each of the three periods while Gibson scored two. The former bagged the first counter 57 seconds after the game started and his last one four minutes before the final whistle.

Frann, Navy player, suffered a knee injury a minute before the game ended.

The line-ups follow:
Air Force—Gibson, Sandsbury, Gerasmoff, Rochon, Woodley, Flash, Ephraim, Dorland, Court, Winger, Ford, Fitzgerald, Hughes, Sunop.
Navy—Dennison, Billinger, Astle, French, Gill, Turcott, Mercer, Stewart, Dufour, Owens, Oliver.

PORT EDWARD TOPS KETCHIKAN TO WIN ALASKA HOOP CHAMPIONSHIP

Championship in the Alaska Mainland basketball circuit was secured by Port Edward last night when it beat Ketchikan Coast Guard 49-46 in the agonized final tussle of the series at Anchorage. Unbeaten in the mainland playoffs, Port Edward will now move to meet the champion of the Alaska Islands circuit, whose playoffs have been developing simultaneously with the mainland series.

Name of the Island champion team is not known nor is the place where the game will be held, both apparently being shrouded for security reasons. Winner of the forthcoming game will be crowned champion of all Alaska.

Last night's game was an action-packed, see-saw struggle which culminated in desperate effort by both teams in the final seven minutes of play.

Ketchikan made the first score, then Port Edward's Henson broke through to start a scoring tour in which every Port Edward player chalked a basket in the first quarter. Score at the end of the first quarter was 16-6 for the army team.

Port Edward pulled Henson to the bench early in the second quarter after he had tallied 12

TRUE STORIES OF CANADIAN WAR HEROES

CURRIE...HERO OF THE FALAISE GAP

By GORDON SINCLAIR
Internationally famous journalist and author of several best-selling books on war and travel.

ONE of the greatest victories against odds ever scored by Canadian arms was the August closing of the Falaise gap by which parts of two German armies were trapped in Normandy.

Early in that wild battle a scouting force of tanks, assorted guns and infantry, under command of Major David Currie of Owen Sound and Moose Jaw, advanced against a small village to be met with withering fire from heavy guns. This shattered two of Currie's tanks, killed or wounded all of his officers, and left the survivors in dangerous exposure.

That night, Currie entered the village alone and mapped the defences. At dawn, without artillery preparation or further orders, David Currie led an attack, fought six hours, drove the enemy back, and seized half the village.

There Currie set up a defence with such skill that attack after attack was shattered with terrible loss as it approached the major's positions.

So numerous were these attacks throughout three days and nights that no member of the party counted them. In all that time Currie had but one hour of sleep and one tin of food.

When Canadian reinforcements started toward his support, Currie personally led them to positions under intense fire.

When Canadian artillery backed him up, Currie coolly watched his own shells fall within fifteen feet of his own position without calling for a change of range.

When victory came, Currie fell asleep on his feet.

So strong was the final attack that the Canadians shattered seven tanks, twelve guns and forty armored trucks. They killed 300 Nazis, wounded 500 and took 2100 prisoners.

For his cool valour under intense fire, Major David Currie was awarded the Empire's highest medal, the Victoria Cross, and the plaudits of an admiring and grateful homeland.

FROM LUZON TO LUXEMBOURG the enemy is being battered on fronts 13,000 miles apart. The road to final victory is being trod by the front line troops and paved with the munitions and materiel from the home front.

War-needed high-test alcohol from the great U.D.L. plant will continue its important contribution to the overthrow of Fascism in Europe, and after... until the present mighty output may no longer be required on the front lines of freedom.

points and four fouls. Ketchikan plugged even harder and but succeeded in shortening Port Edward's lead by two points at half time. Score at the half time break was 28-20 for Port Edward.

Ketchikan started a scoring spree at the beginning of the third quarter, but when Henson came back into the game he made a break which enabled Port Edward to run up eight points, giving them a lead of 36-30 as the game went into the final period.

The coast guardsmen tied up the score with seven minutes to go in the final period. Then Port Ed took a one point lead on a free throw until a Ketchikan basket put them in the lead with two minutes to go.

Henson once gained the lead for Port Ed, widening it to three points. Ketchikan scored again to narrow the margin, but Moline got his fifth basket of the opening to set up the game.

Henson was high scorer with 21 points, many of them due to superb passing and excellent teamwork by the Port Edward five.
