To Look Up Home Sites

Mass Purchases of Lots Suggested Last Night
Suggestion that an association be formed to buy and improve a group of lots for the purpose of building homes under the National Housing Act was put forward at a meeting of the Prince Rupert Housing Association last night...

There were seven members present with Mayor H. M. Daggett as guest. The meeting was held in City Hall council chamber with T. N. Youngs as chairman.

In discussion it was felt that, if at least 10 members would join in the group purchase of lots, the cost of lots and improvements might be reduced considerably.

Mayor Daggett suggested that, by buying a group of lots, and making their own improvements, the association members might work to their own advantage.

"You probably could get the lots for considerably less than if the city was faced with the cost of making improvements," he said.

On motion of T. N. Youngs two committees were formed—one to investigate possible building sites throughout the city and the other to look into the prospects for building homes in Section Four between Acropolis Hill and Park Ave...

Named to the first committee was James Parker and Charles Collins. The committee which will investigate the Section Four district consists of T. N. Youngs, Maurice Brydges and Syd Elkins.

Theo Collart will act in an advisory capacity on both committees.

Among letters from insurance companies which were asked to assist the local project by extending loans, one from the Canada Life Assurance Co. was given the most attention.

It expressed an immediate interest and asked that information on the city and the association be given. Secretary Maurice Brydges was asked to supply the data.

YUKON BISHOP LEADS SERVICES

Rt. Rev. W. A. Geddes, Bishop of Yukon, was a visitor in the city on Sunday and Monday, leaving by Monday night's train for Vancouver. On Sunday morning he conducted services at St. Andrew's Cathedral and in the evening he officiated at the confirmation service at St. Peter's Church, Seal Cove, in which 12 young people were confirmed. Those confirmed were Charles Graham, James Hemmons, Vaughan Tattersall, Ned Tobey, Lavinia Elliott, Patricia Tumilson, Shirley Charleston, Donna Kerrighan, Lorraine Barbe, Mary Adeock, May Leask and Kay Toombs.

AUDIENCES INCREASE

Audiences have been highly gratifying at the lectures being held here by Prof. Basil Matthews, director of Union Theological Seminary in Vancouver, on international Christian relationships. The large number of service men attending was a notable feature. Tuesday night those present at First Presbyterian Church included Col. J. H. Melom, commanding officer of Prince Rupert sub-port of embarkation, and Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral and Bishop-elect of Caledonia. Rev. A. F. MacSween was in the chair.

Prof. Matthews pointed out that this very day the first signature to the great charter of international peace and security at the San Francisco conference had been made by brush and ink on behalf of China by Dr. Wellington Koo, graduate of a Christian university. Twenty-four hours earlier in China an even more distinguished Chinese Christian, Da T. V. Soong, brother of Madame Chiang Kai-Shek, had become premier of China. These two events symbolized the fact that the Chinese church was not an unimportant group but was the centre of the nation's life in the most formative period in all its history.

By personal stories of intimate Chinese friends, Prof. Matthews showed the heroism, initiative and creative leadership that China was getting today from its Christians.

Furthermore, Prof. Matthews referred to how Generalissimo Chiang Kai-Shek had recently said that the courage and self-sacrifice with which missionaries—Canadian, British and American—had thrown themselves into helping Chinese refugees and orphans and educating a new leadership for tomorrow revealed their value to the nations of the world.

LETTERBOX

FUTURE OF DRY DOCK

The Editor, Daily News,
Following is a copy of letter sent to the Chamber of Commerce of April 12, 1945. No acknowledgement has been received, so it is to be assumed they are not interested.

In view of recent developments in Vancouver resulting in congestion of ship-building and cargo handling some spirited effort should be made to secure some of this business, and, if the Chamber of Commerce is not interested, perhaps there is some other public spirited body who would be interested.

"Secretary,
"Chamber of Commerce,
"Prince Rupert.

"Having read in the press of your efforts to increase the amount of ship repair work in Prince Rupert, and also to share in the cargo handling, you may find the following comments useful.

"Advantages — Prince Rupert can justifiably claim that it should receive favorable consideration in its request for a considerable share of such repair work and shipping. We have a large, deep and well protected harbor. Further, we are 400 miles nearer Asia than any other North American port with transcontinental railway connections.

"Repairs—The local dry dock is splendidly equipped to handle repairs. It has a very competent and experienced staff, and on a competitive basis compares very favorably with Vancouver yards. But it needs very strong action to overcome Vancouver competition.

"Handling of Cargo — The questionnaire submitted by the Russian agent to yourselves is very pertinent and shows that he is fully alive as to what is necessary for the speedy and economical handling of cargo. In this connection, the port would need additional and modern equipment and facilities.

"Wharfage—A modern dock of approximately 200,000 square ft. is necessary to handle an approximate general cargo of 10,000 tons. As far as I am aware, the Ocean dock, at present occupied by the U.S.A., is the only cargo dock in Prince Rupert and this is woefully inadequate in up-to-date handling facilities.

"Equipment—A general cargo dock needs at least two 5-ton cranes to facilitate the loading of cargo. Ships of course have their own winches, but it is often necessary to use two cranes in one hatch, and economical handling is the essence of modern business. I know of one case where by more efficient organization, the cost of handling cargo was reduced from 32½¢ to 12½¢ a ton.

"Trackage—Railway trackage is also a very important matter for the rapid and economic switching of cars. With some classes of freight, such as lead, zinc, flour, apples, as many as 200 cars are frequently loaded on one boat at an average speed of 5 cars per hour. Wherever possible much cargo is loaded direct from cars to hatches of boat. This requires trackage between shed and ship and eliminates trucking freight through shed which is a costly procedure.

"Jitneys, Dollies, etc.—Jitneys, dollies and cargo boards have eliminated the old method of trundling freight on hand trucks. A visit to Ballantyne Pier at Vancouver would show something of what is required for a modernly equipped pier and I would suggest that some of your members examine such a pier.

A Dominion-wide Matter — There is no doubt but that unlimited business can develop with the Far East. This will effect not only this community, but the Province and the Dominion will also stand to benefit. It is therefore very probable that the Dominion Government would be interested in having the dockage, facilities and equipment here of the most modern type. All would benefit by aggressive action. "Wishing you every success in your efforts."

LEADERSHIP IS INDIA'S NEED

Prof. Matthews Believes This Can be Provided by Christianity in New Self-Governing Rule

When India secures free self-governing status the greatest of all her needs will be leadership which will desire to serve and not exploit the people in a democratic constitution, Prof. Basil Matthews told another public meeting in First Presbyterian Church last night as he spoke on the leadership of the new India in the light of current discussions between the Vice-Roy, General Wavell, and Indian leaders. The speaker, maintaining that there was a swift growth of the Indian Christian community, proportionately more rapid than any other religious community in India, said that a new and intelligent rank and file of citizenship was being created, especially in the rural population which comprised 80 to 90 percent of the great Indian nation. There were already great Christian leaders developing who might provide that required leadership.

The very idea of democracy had never entered the minds of any Indian before the coming of Britain and her education, the speaker said. All Indian history had been a history of despotic rule until 1937 when provincial self-government had been given with cabinets selected by popular vote.

Prof. Matthews gave evidence from his personal observations in every part of India, observations that were highly interesting, that Indian education was beginning to produce men and women who believed in equality, who had integrity and were free from corruption and who could in civic and national life help to build a sound democracy.

John E. Davey presided at the organ to accompany the hymns. The benediction was pronounced by Rev. J. A. Donnell, pastor of First United Church.

The church was well filled with an appreciative audience.

LAST RITES OF ALFRED ADAMS

Last rites for the late Alfred Adams, president of the Native Brotherhood of British Columbia, were held recently from St. John's Church, Massett. Scores of relatives and friends from Skidegate, Massett, Langara Island and Kitkatla filled the church to pay their final respects.

Rev. James Murray of St. John's Church officiated and the Massett choir led the singing of hymns. The congregation sang "Onward Christian Soldiers," "What a Friend We Have in Jesus," "Abide With Me," "Forever With The Lord," and "Safely Gathered Home," and a duet "Someone entered the Pearly Gates" was sung by Mrs. Emily Parnell and Mrs. Florence Davidson. Organist was Mrs. Margaret Williams.

Chief William Matthews addressed the congregation, outlining the life of the late president. He told how Mr. Adams was the first man to develop the Massett band, the choir and the Church Army. He was a leading church lay worker as well as a business man.

Untiring in his efforts to help his people, he worked continually. He had plans for uniting his people and, as president of the Native Brotherhood, he labored in that regard for 15 years.

Interment took place at the Old Massett cemetery, and during the march to the cemetery the Massett band played "Safe in the Arms of Jesus" and "Rock of Ages."

Palbearers were Robert Davidson, Thomas Marks, Claude Davidson, Harry Bell, Joseph Parnell, Paul White, Albert Edwards, Clement White and Paul Hill.

Stewart, Mrs. G. A. Hebb, Mrs. Frank Ellison, Mrs. H. Smith, jr., Margaret Dunnington, Margaret Wide, Lenora Gardner and Ellen Korhonen had charge of the tea room.

Mrs. W. Boulter and Mrs. Henry Smith, sr., were cashiers and also conducted the raffle of a large iced fruit cake and set of dollies.

Mrs. Hugh Killin and Mrs. F. Barber looked after homecooking. Mrs. Charles Barker and Mrs. Goodsell, plants, and Mrs. J. McGreish, novelties. Raffles were won as follows: Large cake—Mrs. Gunnar Anderson (donated by Mrs. Chas. Morrow).

Plain fruit cake—Bea Marshall (donated by Mrs. H. Smith, sr.). Set of dollies—Barbara Jean Hinton (donated by Mrs. Watson).

Special decorations are being planned by Cpl. Frey.

Regimental Dance Highly Enjoyable

The Armory was gaily decorated with yellow and gold streamers and red, white and blue patriotic flags and adornments when officers and sergeants of the Prince Rupert Machine Gun Regiment entertained some 150 guests at a highly enjoyable dancing party.

Music was by Andy McNaughton's Orchestra and Lieut. A. Ostashower was a genial master of ceremonies.

Feature of the evening was the enthusiastic welcome given Flt. Lieut. Pat Dean D.F.C., on his return home from service overseas. Major C. J. Toombs, officer commanding, spoke appropriately and a great ovation was given the guest of honor.

The committee in charge consisted of Lieut. A. Ostashower, Lieut. J. P. Carr, Sergeant P. A. Bond and Sgt. L. Astoria.
