Hirohito May Assume Rule in 'Crisis'

FRANCISCO, June 23 (CP)—The "present crisis is unprecedented in scope in her history," Emperor Hirohito is expected to assume personal control of his empire today, according to a message, reported by Domei agency, was issued in connection with the promulgation of Japan's voluntary military act.

Prime Minister Anami followed the emperor with an address in which he declared the act effective immediately. The act, which set up a combat force in the emperor's volunteer corps has laid the foundation for sure victory. An unidentified radio commentator had asserted that Emperor might by-pass the cabinet and assume personal control in the event of a supreme crisis. The prediction came as broadcasts said that preparations for the defence of Tokyo were being completed and that the American forces were preparing to strike on the Asiatic land.

The vessel is owned by the Bell Oil Co. of British Columbia. She jettisoned her oil cargo in a desperate attempt to stay on the surface and, when towed to the cove, she was washed and full of water except for the cargo tanks.

PIONEER LOCAL RAILWAY SUP'T DIES IN EAST

Allan Kilpatrick, one of Prince Rupert's pioneer railwaymen, who still had many friends in Prince Rupert and all along the Smithers division, died on June 9 in Montreal after a long illness. For two months or more he had been in a grave condition and his final passing came as a merciful release to his sufferings. Nevertheless, news of his death is received with regret by many old friends who remember him for his genial disposition and unflinching courtesy and consideration.

Mr. Kilpatrick was 82 years of age and a native of Scotland. He had been in the railway service for 45 years and was located here in Prince Rupert as superintendent for several years around 1920 just before the amalgamation. Later he was still a familiar figure along this line for years as travelling rule instructor.

The welcome party whisked the D.F.C. winner to the Armories where he was guest of honor at a dance. Toasted by Major C. Toombs of the Prince Rupert Reserve Regiment, the young flying veteran assured his friends that he was very glad to be back in Canada and particularly Prince Rupert.

COUNCIL LIFTS REC. GRANT TO \$100 MONTHLY

City Council in special meeting last night unofficially raised the city's contribution to the Prince Rupert Recreation Council from \$30 to \$100 a month and instructed their delegate to advise the next meeting of the Recreation Council that the city's grant would be \$100 a month.

Because council was meeting in special session and the matter was not on the agenda, only unofficial approval to the increase could be given, but Alderman Nora Arnold was instructed to inform the Recreation Council that the grant would be approved at the next meeting.

It is understood that the grant will run until the end of the year.

The subject was raised by Alderman Arnold who said she felt that the \$30 grant approved by Monday night's council meeting was insufficient, and her comment met with the support of the mayor and other aldermen.

At Monday night's council meeting a mimeographed letter requesting \$30 a month was received from the Recreation Council. The request was passed with little comment.

"I was astonished that they asked so little," said Alderman Hills last night as he supported Alderman Arnold's request for an increase in the allotment.

Alderman Arnold saw the \$30 a month allotment in terms of its yearly total.

"It's only \$360 a year. Those youngsters are our capital, and we should be willing to give them more money than that."

Mayor Daggert agreed.

Alderman Hills, who made the motion that council members agree to support the \$100 donation at the next regular meeting, was asked by Alderman Arnold, the official delegate, to represent her at the next meeting of the Recreation Council on June 29.

Collective Trials for Nazi War Criminals Supported

Full-Dress European Peace Conference Probably Delayed Until Next Year

LONDON, June 23 (CP)—Responsible British sources said today that Britain will accept the United States plan to hold collective trials of Germany's arch war criminals and their terror and atrocity organizations before a high military tribunal.

The attitude of France and Russia remained undetermined, but it was generally believed that they, too, will agree to the plan outlined by Justice Robert Jackson, United States prosecutor of war criminal cases.

Britain's endorsement, although still unofficial, appeared to constitute a reversal from its previous stand that punishment of major war criminals should be carried out by executive decree without formal trial.

Concurrence by the British would mean the presentation of a solid Anglo-American front at the conference due to open early next week between the four major powers on problems involving the time, place and procedure for the war criminal trials.

Peace Conference Delayed

Also in the realm of international negotiation, it appears that unless the Big Three Berlin conference decides differently, there will be no full-dress European peace conference earlier than next year, but the possibility of an interim peace conference should not be ruled out.

The full-dress European gathering may be delayed until the far east war is over, when both European and Pacific settlements, many of which are inter-related, could be considered.

The interim conference, it is understood, would consider specific questions so urgent that decisions can not be delayed.

SALMON MEN TO LEARN VOTE RESULTS SHORTLY

Members of the United Fishermen's and Allied Workers' Union and the Native Brotherhood of B.C. in Prince Rupert and other coastal centres have concluded balloting on whether or not they will accept the 1945 schedule of prices offered them by cannery operators and the results of the voting are expected to be made known in Vancouver either today or Sunday.

Results of the voting by some 5,000 members of the union will be made known shortly before the opening of the 1945 sockeye salmon fishing season at 6 p.m. tomorrow night. If the answer is the same as that already given by the locals of the union in the Vancouver area, hundreds of fishermen will stay in port until an agreement is reached.

Members of the union in the Vancouver area voted Friday against accepting the 1945 schedule offered by the canners. The union is asking 14 cents a pound for sockeye.

Union officials negotiating with the canners said in Vancouver today that they expect to confer further with the canners on Monday.

LABOUR EXIT PERMITS ARE STILL NECESSARY

Canada Still Needs Manpower For War Work And Other Essential Jobs

Persons at least sixteen years old wishing to leave Canada to seek or enter employment, even temporarily, STILL need Labour Exit Permits, unless they are in an exempt class.

Labour Exit Permits are issued by Employment Offices. Apply at the nearest Employment Office.

Persons leaving Canada on a bona fide business trip, or on a vacation, or on a social visit or call do not require Labour Exit Permits.

For example, persons going to the United States for a short visit or vacation or business trip do not require Labour Exit Permits.

Persons not requiring Labour Exit Permits include among others members of dramatic or athletic organizations leaving temporarily to perform outside of Canada; ministers of religion and commercial travellers.

Any one in doubt as to Labour Exit Permit requirements should consult the nearest Employment Officer who will issue a Certificate of Exemption where appropriate.

Customs Officers at border points have instructions to insist that each person leaving Canada shall either produce a Labour Exit Permit or prove that such a permit is not necessary.

CANADA STILL NEEDS MANPOWER. THEREFORE LABOUR EXIT PERMITS ARE STILL NECESSARY.

SEA CADETS RECEIVE PROFICIENCY TROPHIES AT ANNUAL FUNCTION

The 1945 annual At Home night of the Captain Cook Corps, Royal Canadian Sea Cadets, held in the Naval Drill Hall last night was a great success. There was a good attendance of parents and friends to witness the events. The evening opened with the falling in of the Cadets as according to the routine used each week. Following colors and prayers Lt. Cmdr. Asterbury, executive officer, H.M.C.S. Chatham, inspected the Cadets. The inspecting officer, accompanied by Lt. Cmdr. Mitchell, R.C.S.C., commanding officer of the Captain Cook Corps, then proceeded to the Court House where he took the salute during the March Past.

Upon returning to the drill hall there was a brief period of P.T. then the Cadets were broken up into classes and an instruction period followed during which the parents could wander from class to class and thereby get some idea of the various types of instruction which the boys receive.

When "Secure" was sounded the Cadets cleared the deck and the bugle band counter marched and played several sections. The Cadets then were ordered to fall in in divisions and the presentation of the various trophies took place.

Lt. Cmdr. Asterbury presented the C. M. Cree trophy awarded to the best Cadet each year to Petty Officer Arne Lien of the Bugle Band. Mr. Cheeseman presented the trophy donated by the local branch of the Canadian Legion awarded to the best recruit of the year to J. Bird of the Bugle Band. Mrs. Orchard McLeod presented the trophy donated by the I.O.D.E. for the best division of the year to Acting Midshipman F. James, acting divisional officer of the Howe division, the winning division this year. Mr. Winslow presented the T. H. Johnson trophy awarded to the division ranking highest in marksmanship in the annual competition to Petty Officer L. Youngman of Nelson division, this year's winners. Mr. L. Holby presented the trophy which he donated for the cadet ranking highest in efficiency during the year to Petty Officer G. K. Kennedy.

Individual marksmanship badges, awarded to those making above 75 in the marksmanship contest, were presented to the following Cadets: G. K. Kennedy, E. Pierce, R. Blake, T. Forman, J. Thompson, T. Boulter, F. Grimble, G. Caul, by Mr. S. Woodside, chairman of the local branch of the Navy League. Lt. Cmdr. A. S. Mitchell then made a presentation to Rev. E. W. Scott, chaplain of the Captain Cook Corps, who is leaving Prince Rupert in the near future. Mr. Scott replied very briefly expressing regret at leaving Prince Rupert and thanking the Cadets and especially Lt. Cmdr. Mitchell for the happy associations that he had enjoyed here in Prince Rupert.

Following these presentations, Sunset was observed with the lowering of the flag and the evening concluded with a dance to which the parents were invited to remain.

The program for the evening was drawn up by Lt. J. Wilson, R.C.S.C., executive officer of the corps. Mr. Wilson supervised the various sections of the evening's program.

ROTARY HEARS TALK ON FISH

Private Lives of Pilchard, Herring and Dogfish Are Revealed
The private lives of the pilchard, herring and dogfish were exposed by Dr. Johan Hart of the Dominion Biological Station of Nanaimo who was guest speaker at the weekly Prince Rupert Rotary Club luncheon meeting Thursday.
The pilchard, Dr. Hart explained, is of a strongly intolerant nature while his little cousin, the herring, does his travelling in a relatively small area. Dogfish are born, not hatched.
Biological stations are maintained, Dr. Hart said, to supply biological information on which to administer the fisheries, while fisheries experimental stations have the job of seeking methods of marketing and processing fish.
Investigation into the life of the pilchard revealed that they migrated from the spawning grounds off Southern California to as far north as Surf Inlet. They are tagged by biological workers who insert metal tags inside their bodies. These are retrieved at the reduction plants by electro magnets placed over the semi-processed fish. The pilchard is a prolific species, spawning several times a year, and laying about 40,000 eggs to a spawning.
Herring are particular home-loving fish, and rarely wander far from their native areas, Dr. Hart said. Herring of the Queen Charlotte Sound rarely mix with those from Hecate Strait, and those from Prince Rupert harbor are equally exclusive.
Their habits are investigated by means of tagging. The tags are recovered in the processing plants by means of electric coils which indicate which fish have metal tags inside them.
Investigations are under way at present about flatfish in Hecate Strait, and are made difficult by the fact that there are more than 30 different species of flatfish. In order to gain information on flatfish, logbooks are being placed in fishing boats in which the masters can write down information concerning the fish.
"The final decision on methods of fishing flatfish will be beyond the scope of the biological workers," Dr. Hart said. "It appears that it will be a matter of deciding to use the most efficient methods or give employment to the greatest number of fishermen."
"If it becomes necessary to curtail flat fishing it won't be because of the activities of the Canadian fleet," he asserted. "If you go off the west coast of Vancouver Island you will find 10 American boats for every Canadian vessel."
The dogfish, which have become an important source of vitamin oils in recent years, have unusual origin. They bear their young alive and have a gestation period of 23 months. Although they reproduce only once every two years the young are large enough when born so as to be not endangered by the enemies of small fish.

CONGREGATION HONORS PASTOR

Members of the congregation of First United Church met Thursday night in the church hall to honor Rev. and Mrs. J. A. Donnell, who are leaving for Nanaimo, where Mr. Donnell has accepted an invitation to become pastor. Mr. Donnell was presented with a purse of money by the gathering.

On behalf of the ladies, Mrs. E. Foster and Mrs. Andrew Thompson spoke, while J. S. Patrick spoke for the official board. All emphasized the great part that Mr. Donnell had played in church activities and in the life of the community.

To Mrs. Donnell also went the thanks of the congregation. A special word of appreciation was reserved for Mrs. Meggs who had made for herself a very warm place in the hearts of all.

J. S. Wilson, who was chairman, concurred in what had been said. While the monetary value of the gift was considerable it was but a token of the esteem and respect felt by all who contributed. It was in gratitude for the past and was coupled with best wishes for the future. Mr. Wilson said.

Mr. Donnell confessed that he found difficulty in acknowledging adequately the sentiments expressed by the speakers. He had been the recipient of many kindnesses and much consideration from the members. He would take away with him many precious memories.

Mrs. Donnell also gratefully acknowledged the many happy times she had had here. It was an experience that she would not want to have missed. She would take away very many happy memories of the many kind friends she had met.

On behalf of the Service Club Miss Thompson said that it was in the home of Mr. and Mrs. Donnell that she with very many others, including men and wom-

en of the services, had found a real Christian home welcome. In appreciation there was a gift from the club; she then asked Ken Mah to make the presentation.

In acknowledging this additional unexpected token, Mr. Donnell admitted that the association with the members of this club was one of the memories that he treasured most. On behalf of Mrs. Donnell and himself he thanked them.

Refreshments were served and a social hour followed.

Vocal solos by Miss Florence Connor accompanied by Mrs. Carrell were enjoyed, while under the direction of J. S. Wilson the audience entered very wholeheartedly in the community singing. In closing, the members joined in the hymn, "Blest Be the Tie That Binds." Mr. Donnell pronounced the benediction.

Halibut Boats to Turn to Dogfishing and Other Pursuits—Another Million Pound Week.

Halibut landings have been lighter here during the past few days following the rush in port of many boats over last week-end after their final trips of the season. Practically all the smaller Canadian boats are now safely in following the closing of fishing in Area 2 a week ago. A number of these smaller vessels will be proceeding during the next week or so to the black cod fishing grounds to engage in that fishery for the summer months. Larger Canadian vessels will continue halibut fishing in Area No. 3 where the season is still open. Two American boats, with 88,000 pounds, and one Canadian, with 65,000 pounds, were in port today.

Landings here since the closing of the Area Two season last Friday total 1,139,500 pounds, making it the fifth week since the start of the season that more than a million pounds of fish have been brought in. Total halibut landed here since May 1 is 7,930,000 pounds. Thus the average for the seven-week period also has been more than a million pounds a week. By far the heaviest landings, of course, have been made by Canadian boats. They have brought 5,967,500 pounds, while during the same period U.S. vessels have landed 1,962,500 pounds. An interesting sidelight on the situation is the fact that since the season's start 360 landings have been made by regular halibut vessels here, 46 of them American. This works out to an average of 25,000 pounds per boat per trip.

The death Friday morning of William Thain, one of Prince Rupert's real pioneer fishermen, breaks another of the city's links with its earliest beginnings. His hundreds of friends in the fishing industry and in the city undoubtedly felt strongly the loss of a man who was one of the few remaining who

had made his livelihood from the sea since the city was first built. Mr. Thain came to his death at sea like so many fishermen before him. To fish alone in the morose waters of Hecate Strait in a small boat requires a brand of courage that often is not recognized because it rarely has opportunity to shine forth in sudden glittering actions, but remains an unpretentious part of his character, sustaining him in his difficult calling. Many people will feel sorrowful at the passing of William Thain.

Double Header—KETCHIKAN TEAM TO PLAY HERE

The Ketchikan Coast Guard team is expected to arrive in Prince Rupert late today to participate in a double-header with the Acropolis Hill Browns tomorrow at the Acropolis Hill field. The twin bill, weather permitting, is scheduled to open at 1:30 p.m., with the second game to start at 3:30.

Lt. Bob Farmer, coach of the Sub-Port Army nine, will start Gilbert and Kainovitch in the opening game, holding Sanchez and Randall for the second tilt. Opening line-up for the Browns will be as follows: Bartlett, 1b.; Willoughby, 2b.; Kearney, 3b.; Hoppe, ss.; Lancaster, lf.; Ofsonka, cf.; Giblin, rf.

The Coast Guard line-up will not be known until its arrival in the city. Several from the Tartan will no doubt be members of the Ketchikan All-Stars which meets the Acropolis Hill Browns in a big match at Ketchikan on July 4.

BURMOND FANS SEVENTEEN FOR BARRETT WIN

Hank Burmond, winner of seven straight games in 1944, struck out 17 and allowed only one hit as he pitched Barrett to a 5-0 victory over Navy in an Area Senior Softball League game last night at Gyro Park.

The triumph was the first for the Barrett squad, who have replaced Soo Suds in the standings.

The score by innings:
Barrett..... 220 000 001—5
Navy..... 000 000 000—0
Batters: Barrett—Burmond and Bard; Navy—French and Stein.
