## "MEN," LOSING WARTIME RESUMING STUDIES AT HIS

### "Social Problem" Posed at Last Board Meeting—Twelve Hundred Pupils Are Enrolling

Members of the school board had an unusual social problem tossed into their laps at the board's meeting last night when the fact was brought to light that three 18-year-old boys are among the 444 students who were enrolled at Booth Memorial High School the first day of school.

The boys quit school at the age of 16 to take employment at the Prince Rupert Dry Dock, where they have worked for the past two years but, no longer having jobs, this term they returned to the school and were placed in the tenth grade.

If there had been any evidence of overcrowding in the school, said Principal W. W. C. O'Neill, they would have been refused admission but, since there was adequate room, he didn't want to deny them an opportunity to further their education. During a discussion regarding the 18-year-olds it was pointed out that, after a boy has worked for two years in a shipyard, he is no longer a boy but a man and could wield great influence with younger boys.

Some years ago, it was mentioned, there was a limit on the age of boys attending secondary school but the board did not feel it wanted to spoil their good intentions by imposing an age limit now, so the matter was left in abeyance.

### 1200 Pupils Are Enrolled

Attendances at the various educational institutions on the first day of school, totalling 1,156, were announced as follows: Booth Memorial High School, 444; King Edward, 307; Borden, 207; Conrad Street, 198.

When later students are counted, however, the number is expected to reach 1,200. The board appointed J. M. Clark vice-principal of Booth High School and Miss E. D. Moxley vice-principal of King Edward.

On motion of S. L. Peachey and A. MacDonald, the board dropped all negotiations with Wartime Housing for additional schoolroom space. Originally the city had offered Wartime Housing \$5,000 for a four-room staff house but the government agency wanted to rent it for \$250 a month.

In his report, Mr. O'Neill produced a letter from the W. H. Malkin Company which expressed itself as highly pleased with the work done by Miss Emily Schild, a Grade XI commercial student who was excused from school early last summer to work for the firm.

A lathe, costing \$500, will be purchased for the industrial arts class at the high school. It was decided that the tennis court behind the King Edward School should be destroyed.

During the course of the meeting it was decided to call for tenders for repairs to the furnace at the Booth school. Dr. R. G. Large, chairman of the school board, was in the chair at last night's meeting.

### BEVIN HONORED

LONDON. (P)—Foreign Secretary Ernest Bevin has accepted the invitation of Lord Bessborough to become a vice-president of the Franco-British Society, an office shared by Prime Minister Clement Attlee, Anthony Eden, Sir Archibald Sinclair, Lord Tyrrel and Alfred Duff Cooper.

## NOTICE

### PROVINCIAL ELECTIONS ACT

#### Atlin Electoral Act

Notice is hereby given that the list of voters for the above Electoral District will close on the 17th day of September, 1945, and no applications for registration filed with the undersigned after the said date will be accepted for insertion in the list of voters to be prepared for use at the ensuing election.

## Thousands Lose Jobs

### Boeing Plant at Vancouver is Now Practically Completely Closed Down

VANCOUVER, Sept. 6 (CP)—Officials of Boeing Aircraft of Canada Ltd. announced Wednesday night that its contract for superfortress bomber bases has been cancelled and about 2000 more employees are being discharged, leaving only a skeleton staff at the big Sea Island plant.

Officials said they were notified of the cancellation of contracts because of drastic reduction in the United States heavy bomber production. Nearly all employees but key personal and maintenance men have been given seven days' notice.

At the peak of production, Boeing employed 10,500 workers at six British Columbia plants.

The total number of employees is now about 500. Close to 9,000 Vancouver workers have been laid off since V-J Day. Of these 4,600 were Boeing employees and 3,400 shipyard workers. It is estimated that 8,000 men are still employed at Vancouver shipyards.

# New Parliament Is Opened

## Occupation Plans—Thousands Of Troops For Tokyo Occupation

### Re-taking of Singapore Not Without Clashes—British Military to Govern Malaya

According to Radio Tokyo, 8,000 Allied officers and men will take part in the entry into Tokyo on Saturday. Originally, the radio had reported that 3,000 troops would make the initial occupation of the city.

It is known that the units assigned to make the initial occupation will take over between 35 and 40 square miles of Tokyo. At the present time they are just outside the city making preparations for the move into the capital.

General MacArthur will formally enter Tokyo Saturday with initial occupation forces—the United States 1st Cavalry Division which is estimated at 15,000 men full strength. Eighth Army headquarters will remain temporarily at Yokohama.

The Tokyo radio also has quoted a Japanese government spokesman as claiming that Japan's armed forces at the time of capitulation equalled nearly three times their strength at the start of the war. The spokesman said that Japan's army and navy casualties numbered approximately 5,000,000 men.

## Re-occupation of Singapore Starts

Wary troops of the 5th Indian Division have begun the re-occupation of Singapore.

There have been some clashes between members of the Singapore underground and Japanese collaborators. However, the Japanese troops themselves have sullenly, but without resistance, given up their arms.

The Indian troops are advancing block by block through the city with the guns of the mighty British East Indies fleet to back them up.

The British government stated last night that Malaya will be governed by a British military force which will prepare the way for the early return of civil government. The Allied Southeast Asia commander will assume full powers and responsibilities over all persons and property in Malaya. Japanese-proclaimed laws will be cancelled immediately and laws which were in force before the occupation will go into effect.

## MRS. GAMMON IS HONORED

Presentation of a colored photograph of Prince Rupert by Mrs. J. A. Teng to Mrs. Ernest Gammon, who is leaving here for Kamloops, where her husband, Inspector Ernest Gammon, has been transferred with the B. C. Police, was made at a meeting of the Queen Mary Chapter, I.O.D.E., last night.

Donations were made toward the Polish Relief Fund and the British War Victims Fund by the organization, and \$50 was donated to the Refugee Club for the making of clothes.

Special thanks were extended to the Service Wives Club for their aid in the Bundles for Britain campaign.

## ANCIENT MARKS

The pyramids of Egypt stretch for 60 miles along the west bank of the Nile.

## MISS NORTHERN BRITISH COLUMBIA IS PHOTOGRAPHIC CHOICE IN MISS AMERICA CONTEST, ATLANTIC CITY

ATLANTIC CITY, Sept. 6 (P)—Miss New York City, Miss Birmingham and Miss Tennessee took the nod of the judges last night in the first of three preliminary contests for the "Miss America 1945" title which will be decided Saturday.

Georgina Patterson, 19-year-old Sunday school teacher of Prince George, who came from Prince Rupert as "Miss Northern British Columbia" in the classic beauty contest, was one of seven girls selected by photographers yesterday in pre-contest unofficial judging.

Miss Patterson is the first Canadian girl ever to enter the contest and she has been proving very popular.

## C.C.F. WILL NOMINATE

### Socialists to Name Candidate For Prince Rupert Next Week

The C.C.F. will hold a nominating convention next Tuesday evening, September 11, in order to select a candidate to contest the Prince Rupert riding in the forthcoming provincial election. It was decided at a C.C.F. committee meeting Tuesday night in the Meropole Hall. Names mentioned as possible candidates include those of Ald. William Brett, Mrs. James Black and others.

A large-scale "invasion" of British Columbia by visiting speakers is in prospect for the C.C.F., according to a report from Vancouver.

Harold Winch, leader of the C.C.F., principal challenger of the Coalition government, recently announced that his party's plans were "well advanced for fighting a winning campaign."

Citing the recent British election upset, he declared that "British Columbia has developed the same awareness of the need for a new approach to peace problems through the medium of government."

## Bulletins

### DR. FAUTEUX SPEAKER

OTTAWA—Dr. Gaspard Fauteux of Montreal was today unanimously elected Speaker of the House of Commons amid preparations for the opening of the first session of Canada's twentieth Parliament.

### MESSAGE TO CONGRESS

WASHINGTON—In a message to Congress today, President Truman called for relief of business from taxation next year and promised relief soon for income tax payers. He recommends huge expenditures for development of natural resources and for a tremendous housing project. Retention of some of the wartime economic controls is recommended so as to prevent business chaos.

### NEWSMEN INVOLVED

VANCOUVER—Major-General F. F. Worthington, general officer commanding, Pacific Command, has ordered an investigation into an incident at the C.N.R. station last night when newspapermen were ordered by military provosts out of the station where they had gone to meet a train bringing repatriates. One of the provosts is alleged to have used abusive language. Gen. Worthington said he felt that newspapermen should always be welcomed on meeting returned men. Six reporters and three photographers were involved.

### OIL HEAD DIES

TORONTO—Richard Leseur, president of the Imperial Oil Co., died in a Toronto hospital today.

### PEARL HARBOR CASE

WASHINGTON—Senate Majority Leader Barkley, with knowledge and consent of the president, today introduced a resolution calling for a Congressional investigation into the circumstances of Pearl Harbor.

### COURT MARTIAL FINDINGS

FARNBOROUGH, Hampshire, England—After deliberating 90 minutes a Canadian general court-martial announced late today that its finding on two charges against Pte. Edwin Barnard Martin of Riverside, Ontario, of aiding the enemy while prisoner of war were subject to confirmation and would be promulgated. The 26-year-old soldier of the Essex Scottish Regiment has been on trial since last Thursday. The defence spokesman for Martin said he should be receiving a decoration from the King rather than being brought before a court-martial.

## Pomp and Ceremony Marks Ottawa Inaugural Today

### Guard of Honor for Governor-General—Formalities Completed and Houses Adjourned Until Afternoon

OTTAWA, Sept. 6 (CP)—Canada's twentieth parliament opened today. Indicative of the return to peace was the display of pomp and ceremony common to all openings of parliament in pre-war days but absent during the long war years. However, it was not a complete return to peacetime ceremony as many of the frills were missing.

Back on schedule was the custom of having a guard of honor for the governor-general's arrival at the Parliament Buildings for the opening ceremony. Dressed in the uniform of a major-general, the Earl of Athlone was given a royal salute by the guard on arrival while a 19-gun salute boomed from outside the city's limits.

Commons members took a blanket oath today on the floor of the house and then signed the official roll. On completion of formalities, both houses adjourned until the formal opening at 3 p.m.

The Speech from the Throne called for the creation of a distinctive Canadian flag and the use, meantime, of the Red Ensign which was even then flying from the Peace Tower.

Other measures in the Speech from the Throne include additional relief for the destitute, relief of the people of Europe, ratification of the United Nations charter.

## NEED FOR ADEQUATE HIGH SCHOOL HERE EMPHASIZED BY INSPECTOR

The greatest need of Prince Rupert as far as educational facilities are concerned is a new and adequate high school, emphasizes B. B. Thorsteinsson, inspector of schools, who is about to leave here for Vernon after having been for three years in charge of the local inspectorate. This school building should be designed and planned, among other things, to provide adequate library, technical training, auditorium and recreational facilities. Other school buildings are, of course, urgently required but the high school is the worst immediate need.

Mr. Thorsteinsson announces that arrangements have been made for the bringing to Prince Rupert of a miniature model of a school designed and built in Britain during the war and embodying all the most up-to-date in modern school design. The Prince Rupert Parent-Teachers' Association will be in charge of the display here.

The departing inspector comments on the growing interest that is being taken in the local community in the importance of modern education. He also pays tribute to the manner in which school boards and school staffs have carried on not only in the

city but in the district under the difficulties imposed by wartime conditions. There has been a distinct increase in school population since he assumed charge of the inspectorate, Mr. Thorsteinsson says, this being no doubt due to the greater industrial activity.

New schools are being opened this term at Copper City and Firvale, the inspector announced, and two teachers are being added to Booth Memorial High School staff in the city. Last year schools were opened at Sandspit and Port Edward. He sees a great future for Prince Rupert and district after the transition to peacetime conditions and says it is not without regret that he is leaving this part of the country.

## Provincial Election VOTERS' LISTS

IS YOUR NAME on the Provincial Voters' List? It is your duty to register. Take no chances. Do not depend on anyone else. You cannot vote unless registered on the PROVINCIAL list. Being on the Civic, Municipal or Federal lists positively does not put you on the Provincial list.

THE LIST CLOSES on the 17th day of September, 1945, after which date positively no applications will be received by me.

- ### Qualifications for Registration:
1. British subject by birth or naturalization.
  2. Twenty-one years of age.
  3. Residence six months in Province of British Columbia; one month in Electoral District.
- NORMAN A. WATT,  
Registrar of Voters,  
Prince Rupert Electoral District.

## CANADIAN LEGION VETERANS' WELCOME HUT OPENING TODAY—ALL HEROES TO BE GREETED

Opening of a welcome hut by the Women's Auxiliary of the Canadian Legion on the C.N.R. wharf for returning service men and women is scheduled to be held today.

Members of the Legion supplied money and labor to make the hut possible and C. A. Berner, C.N.R. superintendent, gave permission to use dock space and instal lighting. The telephone was installed by the city council.

## MRS. ROPER IS CHAIRMAN

Succeeds B. B. Thorsteinsson as Chairman of Union Board of Health—Dr. Kergin Takes Charge of Unit

Mrs. M. Roper was appointed temporary chairman of the Prince Rupert Union Board of Health to fill the vacancy left by the resignation of former chairman B. B. Thorsteinsson at a regular meeting of the board in city council chamber Wednesday afternoon.

Mr. Thorsteinsson's transfer to Vernon as inspector of schools there necessitated the change in chairmen of the Union Board of Health, a position he held in addition to his school inspectorship. Mrs. Roper will fill the position pending the appointment of another permanent chairman by the provincial Board of Health.

The board also accepted the resignation of public health nurse Miss Beulah Fry, effective August 15, and accepted an application for that position from Miss Helen Etherington, a graduate public health nurse of Ontario. Now in Victoria, Miss Etherington will arrive in the city later this month. Miss Fry has returned to her home at Toronto.

The board confirmed the appointment of Dr. W. S. Kergin as part-time director of the Prince Rupert Health Unit at a salary of \$150 a month. He replaces the former director, Dr. R. G. Knipe, who left the post to go into private practice in the south last month.

## Fish Sales

**New Transportation Era . . .**

A railway official, speaking in Stratford, Ontario, evidently foresaw the early return of the day when highway transportation facilities will be seriously competing with the railways for revenue from both freight and passenger traffic. It is to be supposed that, now Prince Rupert has its highway connecting with the interior, there will be for the first time this sort of competition in the immediate area.

With some merit it is argued that the railroads, which rose so magnificently to the occasion and played a role second to none in winning the war by keeping the men and material moving, even the Prince Rupert line playing a major part in the war in the Pacific by moving thousands of men, thousands of tons of bombs to say nothing of an enormous multiplicity of war equipment, are entitled to some measure of protection in the normal days of peace to come.

Doubtless, some way will have to be found whereby the facilities of the railways can be maintained up-to-date and active—if for no other reason than to keep them in readiness for another great emergency.

To meet the problem, it is obvious that railway facilities will have to be modernized and popularized on the one hand while there will have to be some regulation and control of the competing transportation services, including those of the highways on the other. And, withal, the public interest must be reconciled.

Nationalization of transit facilities will be the answer of many people to the whole problem. That is what the new government of Britain pins its faith in and it is significant that even some of the important private interests are bowing to the view.

Then too, in the transportation field, there will be the ever-growing factor of air as against ground transportation. The possibilities of air transportation seem almost limitless now.

Now that the restrictions of war are being removed, there will be nothing to hold back inevitable new developments in the transportation as well as many other fields of public service. Changes are in store, new problems are ensuing that some of us may not yet appreciate and have not yet got around to think of adjusting our habits and thoughts to.

**LETTERBOX**

**OLD AGE PENSIONS**

Editor, Daily News:  
May I point out that the motion which I presented at the last council meeting was as follows:

"That this council request the provincial government in any agreement reached with the federal government, to consider extending an old age pension of \$30 per month to all citizens over the age of 65 years, without qualifications in respect to any other source of income."

The remark: "At present anyone who wants an old age pension must turn over everything they possess to get it" is attributed to me in error. My remarks were confined to "other sources of income."

ALD. T. B. BLACK.

**MISS N. B. C. AT WINNIPEG**

"Miss America" Aspirant Met at Prairie City

(Winnipeg Tribune)

Georgina Patterson, recently crowned "Miss Northern British Columbia," passed through Winnipeg Tuesday evening on her way to Atlantic City, where she will be the sole representative of Canada for "Miss America" honors. She was accompanied by her mother.

Georgina, 19, pretty, personable, said she had no particular wish to practice on beauty contest judges. "I just walk up there," she declared, "and if they don't like me they can tell me to get off."

She expected to arrive in Atlantic City, Sept. 2, the eve of the pageant.

Here's the brief history of Georgina as a beauty queen.

She was selected as "Miss Prince George" at the annual contest held in that city this summer, entering it "just six hours before the final contest." Winning it, she was sent to Prince Rupert by the Prince George Junior Chamber of Commerce, where she gained the title of "Miss Northern British Columbia," Aug. 10.

Then came the chance to compete at Atlantic City. On hand to greet Georgina and her mother at the C.N.R. station were members of the Young Men's Section of the Board of Trade. C. H. MacKellie, president of the Young Men's Section, presented her with a gift.

For Results—try a Classified.

**WOMEN'S STATUS ROSE IN NIPPON**

Activity in War Augurs Well For Increased Post-War Freedom

NEW YORK, Sept. 6 (AP)—Japanese now in the United States say the Nipponese woman's war activities on farm, factory and fighting line have done much to free her from her old position, which was virtually that of man's slave.

They expect to see her much more active in careers and politics in the post-war world and even to win the right to vote in the next 25 years. Those who express that opinion are chiefly identified with educational fields. None of them want to be quoted. They are in the United States as enemy aliens and under injunction not to talk.

But what they say sums up to this:

"The position of Japanese women already had begun to change before the war. During the war they produced most of the country's food and much of its weapons and even fought in battle. After the war a certain number of them can be expected to exert themselves in education, literature, art, birth control, the labor movement and the women's suffrage movement."

Before the war Japanese women were considered generally as the unappetizing, most restricted women in the modern world. Their whole lives were bent on serving and pleasing men.

**Japanese Marriages**

Their marriages generally were arranged by family or marriage broker and many of them saw their husbands only once or twice before marriage. Once married, a Japanese wife had to wait on her husband when he dressed, scrub him in the bath, bow low before him when he left and entered the house, walk behind him, carry his packages and be waiting with a sweet smile to welcome him when he returned from a party with the geisha girls.

A husband could divorce his wife on very slight pretext, which meant disgrace and social eclipse for her.

Women were expected to spend their time in household tasks, flower arrangement, tea ritual, visits to family and shrine. They were discouraged from going to movies and theatres and acquiring much education.

But gradually the picture began to change, partly as a result of Japan's activity in the outside world after the First Great War. Japan now has a number of women doctors, lawyers, teach-

**Arrives Here After 3 Years Overseas**

After three years' service overseas with Manitoba Twelfth Dragoons, having been in France, Holland, Belgium and Germany, Trooper William Forbes is visiting with his parents, Mr. and Mrs. Harry Forbes, Sixth Ave. E. His father is a civilian store-keeper for the Navy here. Enlisting originally in Winnipeg, Trooper Forbes is now on leave. He volunteered for the Pacific.

ers and dentists. Japanese women also have worked in agriculture, fishing, mining, traffic and industry. Figures of the 1930 census reveal that out of 32,059,850 women in the country, 10,589,403 were breadwinners and 354,792 of these were employers.

Women of the upper classes began to be active in social problems.

Within the last few years Japanese women formed philanthropic, social and suffrage associations and during a recent parliamentary election women speakers were in greater demand than men.

**ELDER COLONY**

Most of the world's emeralds come from Colombia.

**SHE IS ALWAYS READY FOR HER MEALS**

Authorities say the difference between husky children and those who are poor eaters, underweight and nervous is often simply a matter of proper nourishment, especially an adequate supply of vitamins.

But vitamins alone are not enough. For authorities now agree that vitamins do not work alone. They work as a team with certain other food elements.

For this reason, thousands are switching to Ovaltine. Unlike mere "vitamin carriers," Ovaltine food beverage contains not only extra vitamins but nearly all the precious food elements needed for health and top vitality. These include Vitamins A, B<sub>1</sub> and D, the important minerals calcium, phosphorus and iron, high quality proteins and quick energy fuel-food—a combination of food elements authorities agree are needed for best results.

So, if your child is thin, nervous and not developing properly, why not turn to Ovaltine as thousands are doing. Three normal meals plus two glasses of Ovaltine a day give your child all the extra amounts of vitamins and minerals needed for health and top vitality.

NAGASAKI, major shipbuilding centre and port on the Jap island of Kyushu was the target of the second atomic bomb attack according to communique issued by Gen. Carl A. Spaatz, commander of the U.S. strategic air forces. The communique, which told of the dropping of the dread bomb on the city of 253,000 population, added that "crew members reported good results." Shown here is a view along a typical narrow street lined with flimsy buildings in a residential district of the city.

## Victory Carnival Is Getting Play

The Gayland Victory Carnival, which is making a week's stand in the Carnival Grounds on Seventh St., has been drawing good crowds since the opening on Saturday night although weather on some occasions has been none too favorable. Attractions include such rides as chair-planes, kiddies' auto seaway and airplane. Tents contain shooting gallery and such games as guns and darts. Refreshments are being dispensed from a hot dog stand. Twenty-five percent of the gross take is being turned over to the Canadian Legion for its rehabilitation fund.

were discussed at a meeting in the Canadian Legion Hall recently with William Irvine, M.P. for Cariboo.

## BALLAD OF NOVA SCOTIA WRITTEN

HALIFAX, Sept. 6 (C)—The sea exploits of Nova Scotians during the American Civil War are told in a book-length ballad entitled "Tallahassee" and written by Andrew Merkel, Atlantic Superintendent of The Canadian Press.

Author of "The Order of Good Cheer," Mr. Merkel relates in verse the adventures of the ships Chesapeake, Alabama and Tallahassee in his latest volume, published by Imperial Publishing Company, Halifax.

The issue of Mr. Merkel's second book of Canadians marks the 81st anniversary of the Confederate raider's story in Halifax Harbor during the civil war. "The Order of Good Cheer" was based on the expeditions of 17th Century French explorers.

## Gyro Club Plans Some Activities

Annual picnic, stag party, dance, were among forthcoming activities which were planned by the Prince Rupert Gyro Club at its regular weekly luncheon yesterday. The picnic was to have been held already but was postponed after destruction by fire of Dr. R. G. Large's yacht Soogwills. Dr. J. J. Gibson, president, was in the chair at yesterday's luncheon and James Field of Vancouver was a guest. Next Wednesday the Gyro Club will be having its regular monthly business luncheon and the week after that will be addressed by A. E. Tutte, supervisor of the American Seamen's Club here.

## Timely Topics from Terrace

### HUNDREDS OF PRINCE RUPERT CARS THROUGH; XMAS TREE PLANS

Some idea of the motor traffic which passed through Terrace bound from Prince Rupert to interior points for the Labor Day holiday week-end may be gained from a count which a Terrace citizen is showing that no less than 105 cars went through the town bound eastward. Many of these cars were heading for the Telkwa barbeque while some went as far as Burns Lake. Possibly another 100 or so cars went as far as Terrace and there was also a large reverse movement of cars from interior points bound to Prince Rupert.

Mr. and Mrs. E. C. Sande returned to Terrace at the end of last week from a holiday trip to Vancouver. Mr. Sande is one of the partners in the operating

of a recently established new sawmill here. They were accompanied by their daughter, Bernice, and son, Raymond. Bernice, having completed school studies, is to join the sawmill office staff as bookkeeper. The family had been attending the wedding of an elder daughter, Pearl, in Vancouver.

Miss Frieda James arrived in Terrace at the end of the week from Victoria to join the Terrace school teaching staff, taking over grade II duties.

Plans are already being made for the second annual Community Christmas Tree at Terrace. This event was instituted last year as a result of a \$500 bequest made for the purpose under terms of the will of the late William Johnson who died over a year ago. R. W. Beecher is chairman of the committee in charge and E. Haugland, treasurer. The plan now is to keep the original fund intact as far as possible, raising funds each year to augment it.

Mrs. Geoff Lambly and her daughter, Roberta, have opened a new lunch counter and short order restaurant in the small building on Lakelse Ave. near the old Army camp, which was formerly occupied by H. S. Olsen with a jewelry shop. They commenced business on the eve of Labor Day.

### BARBECUE AT BURNS LAKE

BURNS LAKE, Sept. 6—Three-day preparations for the Labor Day celebration at Burns Lake were more than justified in the success of the event although it had taken the time of all the most community-minded residents from daylight until dark and on the final day from dark till daylight. Credit was largely due to the efforts of members of the Burns Lake and District Board of Trade which sponsored the event.

The great barbecue pit, 24 feet long and five feet deep, had been floored and lined with selected boulders by the past master of the art of barbecuing, Harry Beck of Walcott. For 14 hours a roaring fire had been kept in the pit. Then six huge quarters of prime beef, in great roasting pans with ring bolts on the corners, were lowered to the carefully cleaned pit and the whole pit covered with corrugated iron, over which a two-foot coating of sand, which was almost fluid with the extreme heat, kept the pit airtight.

A noon of the following day the pit was opened in the presence of some 400 visitors and half as many Babine Indians. The meat was cooked to perfections and the delicious aroma whetted the appetites of the on-lookers to such an extent that it took a small army of expert carvers to satisfy the demand.

A huge kettle of real Boston baked beans was lifted from the pit to the enjoyment of the old-timers who composed a large percentage of the crowd. A splendid program of events entertained the visitors, the "greasy pole contest" being the most popular event of the day. There were four entries, but none of them was able to make the \$10 bill which surmounted the pole. However, they co-operated and proved the truth of the old adage "United we stand; divided we fall."

Doug Horning led off but succeeded in making only two feet. He was followed by Glen Spence who made another foot, then by Dick Hall, a Babine Indian, who succeeded in getting up six feet when Jack Wynn followed him with a new supply of sand but both struck fresh grease and descended ignominiously. Doug made another attempt, with Dick Hall following and Spence supporting him.

Jack Wynn climbed over the backs of his three supporters and succeeded in reaching the prize which, with a good collection from the admiring crowd was divided between the four contestants.

The high jump was won by Guy Wynn, the slow bicycle race by Jack Wynn and the two-mile bicycle race by Earl Scott with Jack Wynn a close second.

All stalls were well patronized and the event was a success from every angle.

The grand ball which was the crowning event of the day drew a record crowd. Dancing continued until daylight to the music of the Palling orchestra augmented by the best of the Burns Lake talent.

### VANDERHOOF

Miss Mary Gaen of the Royal Canadian Air Force (Women's Division) returned to Vanderhoof last week from England.

Gunner John Reynolds, Royal Canadian Artillery, arrived here recently on his way to Stuart Lake, where he is spending 30 days' leave with relatives.

Corporal Cyril Campbell returned home recently after spending five years in the army overseas in Holland, France, Belgium and Germany.

Matters which people of the Vanderhoof district wish brought to the attention of Parliament

## Whifflets From The Waterfront

The steamer Camosun, formerly Prince Charles, of which sale by the Union Steamship Co. to Greek interests was recently announced in the Daily News, left Vancouver a few days ago for Cuba where she is to pick up 100 passengers and proceed to the eastern Mediterranean. Before being brought to this coast some 20 years ago by Canadian National Steamships, the Prince Charles plied in Mediterranean waters from Gibraltar.

Coasting vessels of the various companies, including the ships which ply into Prince Rupert, will soon be resuming their bright peacetime colors again after having been a drab gray during the war years. The welcome transformation will be carried out on some vessels, it is expected, even before they take their annual winter overhauls. For instance, Union Steamship Co. steamers are expected to have their stacks repainted back to the usual red and black with in the next trip or so. It will depend to some extent on weather conditions when work of changing the upperworks back to the traditional glistening white is carried out.

C.N.R. steamer Prince Rupert, Capt. Ernest Caldwell, arrived in port Wednesday morning at 10:45 o'clock. Among the 150 passengers on board were the following people for Prince Ru-

## MARRIED AT ACROPOLIS HILL

A marriage of much local interest took place last night in the chapel at Acropolis Hill when Miss Jessie Ella Parker, daughter of Mr. and Mrs. Frank Parker of Smithers, became the bride of Technical Sergeant Richard W. Brackett, son of Mr. and Mrs. P. W. Brackett of San Francisco.

It was a double ring ceremony at which Chaplain Lye D. Robinson officiated. The bride was lovely in a floor

length gown of white satin with sweetheart neckline and long sleeves. Her long veil was held by a heart-shaped halo. She wore pearl earrings and necklace, a gift of the groom, and carried a bouquet of pale pink sweetheart roses.

A cousin of the bride, Miss Jean Buchan, was bridesmaid. She wore a long yellow sheer gown with matching headress and carried a bouquet of pink carnations.

Sgt. Walter Montgomerie was groomsmen.

Following the ceremony the couple passed through a guard of honor then proceeded to the Red Cross Club where a reception was held. The guests were received by the bride's mother, who was attired in grey with mauve accessories. Her corsage was of roses and carnations.

Pouring at the reception were Mrs. J. Buchan of Smithers and Mrs. J. T. McEwen of Prince Rupert.

Telegrams of congratulations were received from friends in Vancouver.

After the reception the happy couple left for a brief honeymoon trip to Ketchikan. The bride chose as a going away outfit a three-piece pale blue suit with matching three-quarter topcoat trimmed with Persian lamb and black accessories. On the groom's discharge from the Army the couple will make their home in San Francisco.

The bride has been employed by the Canadian National Railways here as a stenographer and the groom is attached to the U.S. Special Services office.

## JEWISH HOLY DAYS BEING CELEBRATED

High Holy Days for Jewish army, navy and air force personnel and civilians will be observed at the Prince Rupert sub-port of embarkation chapel on Acropolis Hill, beginning with ceremonies of Rosh Hashanah (New Year) on Friday evening and continuing until Sunday. This celebration will be followed by a whole day of prayer on Yom Kippur (Day of Atonement) which will start on Sunday evening, September 16.

Preparation for the ceremonies are being made by Cpl. Harry Hirschhorn of the U. S. Army assisted by Sgt. Bernard Maas of the Canadian Army. Cpl. Hirschhorn will conduct the ceremony of Rosh Hashanah. For the ceremony of Yom Kippur, Honorary Captain Ephraim Mandelcorn, R.C.A. chaplain will be present.

At the conclusion of Yom Kippur a banquet for members of the Jewish faith and their guests will be held in the civilian men's mess hall of the American Army.

## Goods Are Free; Cash for Advice

LONDON, Sept. 6 (P)—Leonard Cowley, a radio engineer who was refused a license by the Board of Trade to reopen his shop after he had been bombed out, gives his goods away and still makes money.

Here is how he does it. A notice, hanging in his radio shop, reads:

"Due to a Board of Trade order, no cash of any description can be taken over the counter and no goods sold."

"All cash taken is for advice only. Any goods taken from these premises are given away free. Cash received is for advice specifying such goods."

The shop does a booming business on this "advice" dodge which Cowley says he was forced to adopt to keep his family from starving.

VALUABLE CHINESE VASES  
LONDON, (P)—A pair of Chinese vases of the Kang Hsi period brought about \$59,033 at an auction at Christies.

SELL UNLINED COATS  
LONDON, (P)—Large stocks of women's coats will probably be sold in the United Kingdom this year without linings. Manufacturers say they have no materials for linings and thousands of otherwise finished coats are hanging on rails. The board of trade recently gave permission for half-lined coats to be sold and now the sale of unlined garments is planned.

THE RECALL STORE Phones 811

MEN WHO THINK OF TOMORROW ARE PLANNING "COOKING WITH LIGHTS"  
Miracles of cookery performed not by the heat of a fire, but by the heat of light, are planned for the kitchens of tomorrow! Ovens lined with "electric light bulbs" will cook your foods better in shorter time with the even, easily controlled penetrating heat of infra-red rays!  
It's better things for living such as this that your Victory Bonds will buy tomorrow!

## Men who think of tomorrow say "HOLD ON TO YOUR VICTORY BONDS TODAY"

VICTORY BONDS have helped us to fight and win a war.  
They've minimized the danger of a war-inflation economy.  
They've formed a backlog of safely-invested buying power that will benefit the individual and the nation when the danger of inflation is over.

But remember: inflation strikes hardest after a war.  
What our Victory Bonds will do—if we hold on to them—is to keep prices down until supply meets demand...when a dollar will buy a full dollar's worth of goods.  
Think of tomorrow before thinking of cashing a Victory Bond!

### How to Make All-Bran Muffins

Easy and better than ever!

**INGREDIENTS**  
1 cup sifted flour  
1/2 cup molasses  
1/2 cup bran  
1 egg  
1/2 teaspoon salt  
1/2 teaspoon soda  
1/2 cup water

Combine flour, bran and molasses and milk; add egg, salt and soda. Mix thoroughly. Fill greased muffin pans two-thirds full. Bake in moderately hot oven (375° F.) about 20 minutes.

A rich, satisfying flavour you get together in a tender hot muffin! And what a deliciously mouth-melting texture! That's because All-Bran is milled to make the delicate shreds soft and tender. Enjoy these grand muffins with a glass of milk for a bed-time snack... or spread them with jam for the youngsters when they come home from school. Get Kellogg's All-Bran today. 2 convenient sizes at grocers. Made by Kellogg, London, Canada. Helps keep you regular—naturally!

**Kellogg's All-Bran**

### Modern Etiquette

By ROBERTA LEE

Q. If one is shopping and has a certain price limit, would it be all right to tell the sales person about the price one wishes to pay?

A. Yes. It saves times and is the sensible thing to do.

Q. Would it be proper for a bride to have a maid of honor and also a matron of honor?

A. No; she may have whichever she prefers, but never both.

Q. Should an acknowledgment be sent when one receives an invitation to a dance?

A. Yes, and promptly.

## Durocher To Yanks

The "Lippy One" May Take "Marsa" Joe's Place  
 (By Chip Royal)

NEW YORK, Sept. 6.—The way baseball fans already are wagging their tongues about this and that player and manager, wondering what's going to happen to them, etc., the fires should be hotter than ever in the old stove league this winter. There are going to be many changes before another baseball season rolls 'round in 1946 and the great American game grabs its share of the anticipated sports boom. It's a pretty good bet that Joe McCarthy will be missing from the New York Yankees the coming season. And don't be surprised if Leo Durocher is "Marsa" Joe's successor.

Larry MacPhail, like everyone else, has been watching and admiring the fine job Leo turned in for Brooklyn this season. There's no doubt that "the Lip" is the manager of the year. Of course, Branch Rickey knows all that too, and he may not want to let Durocher go although he seemed willing to get rid of him before the season started.

It's a funny situation. When Rickey came to Brooklyn, he wondered how he was going to get rid of Durocher, whom he had inherited from MacPhail. Some of the wiser old-timers around the burg warned Branch not to fire Leo because the action might hurt the attendance. Branch figured he'd keep Leo a year and then get rid of him. The right manager wasn't available so the Lippy One was kept on "for the duration." The ferocious gentleman has done so well with a nine that finished seventh in 1944 that he'll have to be retained another year unless some other boss takes him off Rickey's hands.

One of baseball's biggest surprises came when MacPhail named Leo manager. The Dodgers got him in a trade with St. Louis at the end of the 1937 season. When Burrell Grimes was judged in 1938, Larry didn't know whom to name manager. John McDonald, one of the club's secretaries at the time, suggested Durocher.

The records show Leo went on to win the nod as No. 1 manager of the 1939 season by bringing the Dodgers in third. In 1940, his team finished second, and in 1941 they won the first pennant for Brooklyn since 1920. The Bums also were clicking on all cylinders in 1942 and won more games than any other Flatbush outfit (104), but it was only good enough for second in the league. In 1943, the team was third. Last year, the Durocher-men were a poor seventh. This season practically every baseball writer selected the

Sunday: Third game of Senior Softball finals—Port Edward vs. Fortress, 2:30 p.m. at Gyro Park.

## Lawn Bowls Singles In Semi-Finals Now

### CAMERON TO FINAL

Neil Cameron advanced to the finals of the C.N.R. Bowling Club's singles tournament when he defeated Dave McPhee, 18 to 3, at the club's green last night in the semi-final. If weather permits the final will be held tomorrow night with Mr. Cameron opposing Jack Judge.

A team consisting of A. Finnie, J. S. Irvine and J. A. Frew won a knockout tournament at the C.N.R. Lawn Bowling Club's green Sunday to annex the Benson Trophy. In the singles competition Tuesday, John Bulger advanced to the semi-finals by defeating Neil Cameron, while Jack Judge also gained a berth in the semi-finals by winning over Angus Macdonald.

## Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "Business is good in our section of the country."

2. What is the correct pronunciation of "suite"?

3. Which one of these words is misspelled? Masquerade, massage, massacer.

4. What does the word "denouement" mean?

### Answers

1. Say, "In our part of the country." 2. Pronounce sweet, and not suit. 3. Massacre, a, not mas. 4. The solving of a plot; outcome or solution. (Pronounce da-noo-mang, first a as in day, oo as in tool, second a as in ah, accent second syllable.) "I was surprised at the unexpected denouement."

Dodgers to wind up in the National League cellar. The team was about the same as 1944. So what happens? The ferocious gentlemen go out and fight for the pennant! MacPhail knows that Durocher has performed miracles with mediocre teams the last few years—has outdrawn all his foes at the gate, including the Yankees, when the size of Ebbets Field compared to the other stadiums is considered. That means only one thing, it seems. Durocher, the shortstop the Yankees traded away because he was too fresh, will be back in the Stadium as manager. What next?

## JAP BALLOON CARRIED FIRE THREAT TO CANADA

THE STANDARD JAPANESE BALLOON

## BOB HOPE ON SPANISH MAIN

Buccaneering and laughter are blended in "The Princess and the Pirate," technicolor offering starring Bob Hope as a cowering thespian who becomes hilariously involved with a pirate band on his way to the West Indies in 1740. The picture comes to the Capitol Theatre this Thursday, Friday and Saturday.

With Virginia Mayo as his leading lady, Hope is said to give the funniest performance of his career as the boastful actor delights in bloodcurdling threats of what he would do to a pirate if he ever met one. But when a ferocious buccaneer and his band capture the vessel on which he and a runaway princess are voyaging to Jamaica,

the actor's courage rapidly evaporates.

Thenceforward Hope and Virginia find themselves in plenty of hot water. With the aid of a double-crossing pirate they escape and reach a French island, only to be tossed into prison by the rascally governor. Then the pirates arrive and things begin to happen in rousing style, with Hope compelled to impersonate the black-hearted buccaneer before his own crew.

The final rescue of the pair by the royal father after a blistering sea fight leads to the unexpected ending of the sparkling comedy. Walter Slezak, Walter Brennan and Victor McLaglen head the featured cast of the offering.

## Octogenarian Dies After Long Ordeal

SOUTHAMPTON, Sept. 6.—Mrs. Alice Kiddle, 82-year old widow, died in hospital after lying alone in her house for nearly a week with her leg caught in the staircase bannister. She had been without food or drink.

Mrs. Kiddle lived alone and neighbors did not hear her cries for help. She suffered only superficial injuries from what apparently was a fall and her death was due to shock.

## Basketball Buzz

Booth Memorial High School's boys' basketball team is going to hold its first practice of the season tonight under the direction of Alex Bill, who has had notable success in coaching the Bo-Me-Hi girls' quintet. Under Bill's guidance the High School girls in the past two years have chalked up a record of something like 39 victories in 33 games.

The boys are anxious to open their training campaign in preparation for a game later in the season with the Ketchikan High School. The Alaskans defeated Bo-Me-Hi decisively in 1941 but the next time the teams met—in 1943, the competition was much keener, although Prince Rupert again lost. However, the Booth cagers intend to trounce Ketchikan once and for all this year and are eager to make preparations toward that end.

Coach Bill is also going to manage the girls' team this year as usual, and will commence practise soon.

## SHORT SPORT

Australia's tennis forces climaxed a thrilling comeback by defeating United States' Davis Cuppers in both final single matches six years ago yesterday winning the international lawn tennis trophy. After the match the Aussies were ordered home because of the declaration of war by Great Britain the previous day. Harry Hopman and Adrian Quist were members of a Melbourne regiment.

Boston Red Sox of the American League announced purchase of 35-year-old Mike Ryba from Rochester Red Wings of the International League five years ago tonight. Ryba, the league's outstanding right-handed pitcher, became a 20-game winner for the second time in his long career in 1941.

Japanese balloons, carrying high explosive and incendiary bombs, landed in the densely wooded areas of British Columbia and the prairie provinces since early in the year and might have caused widespread fires had the attack occurred in the summer months. In the Bella Bella area south of Prince Rupert a number were found. A drawing (left) of the Jap balloon was made from parts recovered during these attacks. At the right is the "chandelier" which carried the mechanism and bombs. The balloon, constructed of ough paper, 33 feet in diameter and carrying 19,000 cubic feet of hydrogen gas, was designed to operate at a height of nearly five miles and to stay aloft for about one week. On the main balloon were 19 shroud lines, each 45 feet long, connected to the "chandelier." The "chandelier" contained 72 holes with blow-out plugs in all but two holes. The plugs were electrically operated from a battery to release sand-bag ballasts when the balloon ascended too high. The mechanism was arranged to drop the missiles after all the ballast had been released. The whole mechanism was designed to destroy itself when the load was dropped. Here is carries ballast bags, incendiary canisters and a high explosive bomb. (Canadian Army Overseas Photo.)
