### Getaway To Japan

Plan Was Made But Rescue Submarine Never Reached Germany

LONDON, Oct. 17 (P)-Reuters News Agency in a dispatch from Tokyo tells of a plan whereby Adolf Hitler was to have made his escape to Japan. According to the dispatch, the escape plan! was disclosed by a former Japanese navy staff officer who said he had attended a secret meeting in Tokyo in March of this year. At the session, plans were set up under which Hitler was to escape to Japan with Eva Braun whom Hitler is said to have married shortly before the fall

The former Japanese navy taff officer is quoted as having said that Hitler had promised the Japanese plans guaranteed CTY SEEKING to win the Pacific war if they granted him a safe refuge for himself and Eva Braun. The Japanese officer added that a submarine was sent from Yokohama on March 5 and headed for Hamburg. Its mission was to pick up Hitler and his companion. According to the Japanese source, the submarine never reached its destination and its fate still is unknown. IBERALS ARE SEEKING TO RETAIN

Total Strength 55,000 Men-Almost Half In Army

OTTAWA, Oct. 17 (CP) -Tht picture of Canada's permanent armed force organization has been completed by Defence Minister Abbott. Mr. Abbott has forecast an active army of between 20,000 and 25,000 men supported by a six-division reserve.

The total estimated strength of Canada's post-war services now has been raised to about 55,000 men. That is just five times as great as the pre-war service strength.

The Defence Minister also offered the prospect of promotion and good pay to members of the permanent forces.

## SLIPPERY ANTICS

A vision of policemen and recalcitrant law breakers going through Mack Sennett comedy antics in a newly-floored police station was pictured by Ald. McKay Monday night when he entered discussion of an item in the police committee report which recommended that the police station be re-floored with masonite.

"Sort of slippery, don't you think?" he objected. "If a policeman tried to handle an ugly customer on a smooth surface like that they might all go down."

Masonite had been suggested by Sgt. O. L. Hall, committee chairman Alderman Hills pointed out, because no other flooring material was available. Police station floor is in bad condition.

Alderman Rudderham brought out a more cheerful picture of the value of smooth masonite floor.

"It will be easy to drag a drunk across," he chuckled.

## INSTRUCTORS

Arletta Hamilton and Bill Collins Make Debut

Indicative of the progress being made by leaders-in-training of the Prince Rupert Recreational Council for the winter program is the fact that two local people who have had little or no previous experience in gymnastics took the lead in instructing both the men's and women's fundamental gym table last evening. Arletta Hamilton taught the ladies fundamental gym table at the women's leaders class while big Bill Collins led the men. The tremendous effort the leaders are putting into their work is indeed encouraging. In this concentrated course, leaders are taught new techniques and new routines each evening, which they must memorize and at subsequent classes, teach the leaders' class. It is a difficult course and great credit must go to those who are seeing it

The thrill of high box vaulting was introduced for the first time to the men's leaders' class last evening. With the locally constructed springboard and vaulting box the leaders jumped in a series of vaults from the springboard over the high box into two layers of mats below.

The evening was climaxed when Denis O'Neill placed himself on top of the high box to add another two feet to its height. With "one man up," the leaders performed high straddle vaults over him.

The class ended with everyone in agreement that high box vaulting is fun.

The following new timetable is announced:
