Greek Situation Is Held To Be Very Serious

General Offensive Upon Guerrillas Is Started; United States Alarmed

LONDON (CP)—A high government source said today that United States State Department officials in Greece "took a much graver view" of the internal and international ramifications of the Greek situation than did British authorities. "We felt that the present Greek government was now firmly based," he said.

Settlement Seems Near

Nation-wide Telephone Strike in United States May End in Twenty-four Hours

WASHINGTON, D.C., (CP)—Telephone strike negotiators gave word today that key units in the vast Bell Telephone system and striking workers are close to agreement. Indications were the cross-country shutdown would continue another 24 hours.

Representatives of company union and United States government conciliation service said at the end of an eight-hour conference that they had come close to an agreement on disputed issues between the company's long line divisions and American Telephone Workers' Union.

where the Greeks could control their own internal situation.

At Athens the Greek government today announced the launching of a long-awaited "general offensive" designed to crush guerrilla forces in western Macedonia and Thessaly. The announcement said that operations began at dawn after government aircraft had dropped thousands of leaflets warning civilians that the offensive was about to start.

Unofficial reports said that the government was ready to throw most of its 130,000 regular army troops and 30,000 national gendarmes into the fight.

MUST AGREE WITH RUSSIA

Otherwise Third World War is Inevitable, Says Henry Wallace

LONDON, (CP)—Henry A. Wallace said at a press conference today that United States "political aid" to Greece had "too much smell of powder about it" but the loan to Russia would help to erase the cause of war.

"We are not getting anywhere being anti-Russian or anti-Communist," said the former Secretary of Commerce of the United States. "It will lead to war."

Wallace, who is starting on a private international goodwill tour of Europe, said a third world war was inevitable unless an understanding was reached with Russia.

POLITICAL BLACKMAIL

Charged Against Federal Government by Drew of Ontario

TORONTO, (CP)—Premier George A. Drew of Ontario says that a statement on behalf of the Dominion government "that we (Ontario) are blocking the general welfare of the people of Canada by our refusal to submit to their (federal) terms is nothing but political blackmail."

Crisis Over Germany's Boundaries

United States Would Put Ruhr in Germany--Silesia For Poland

MOSCOW (CP)—United States was today authoritatively reported to have developed a German boundary program which would retain the Ruhr in Germany and industrial Silesia in Poland. The program also gives other European states a hand in administering vital economic resources in both regions.

A Big Four battle is expected to result from the plan in the foreign ministers' council.

After a fruitless session yesterday, General George C. Marshall and Foreign Secretary Ernest Bevin pressed Foreign Commissar Molotov to agree to shelve deadlocked reparations and governmental issues and pass on to the boundary question.

General Marshall proposed today that the foreign ministers' council name a special boundary commission to recommend a permanent German-Polish frontier. The commission would be composed of representatives of United States, Great Britain, Russia, France, Poland and other Allied states. The general suggested that the commission also study measures to assure that natural and industrial resources in question "shall fairly serve" the economic needs of Europe.

FIGURES IN NATION-WIDE PHONE STRIKE—Following a meeting in Washington of the policy committee of the National Federation of Telephone Workers, union president Joseph A. Beirne (right) is pictured after reporting that a U.S. nationwide telephone stoppage had been called for this week. With Beirne are John L. Moran (left), chairman, and C. W. Werkau, strike director. The strike is now on.

William Scow Re-elected Head of B.C. Native Brotherhood

More than two-score delegates to the annual convention of the Native Brotherhood of British Columbia are on their way to their homes from Massett today after the week-long parley which concluded at midnight Monday with the election of the organization's 1947-48 officers. William Scow, of Alert Bay, was re-elected president.

TEACHERS SEEK MORE PENSIONS

VANCOUVER, (CP)—Four resolutions aimed at increasing pensions for superannuated provincial school teachers were passed by some 170 teachers at their convention here yesterday. The resolutions said that the average pensions for superannuated teachers with 33 year's service was \$46.96 monthly.

The resolutions called for minimum pensions of \$50 a month for 20 years service, with an added \$2.50 for each additional year, and that the levy be deducted from active teachers' salaries to make up discrepancies in the pensions paid to teachers superannuated in 1942. They also urged that the retirement age be made optional.

Albert Eyolfson Chosen; Going on Trip to England

Leading Cadet Albert Eyolfson, 18-year-old member of the Prince Rupert Corps of Sea Cadets, was chosen Tuesday in Vancouver to be one of three British Columbia Sea Cadets who will spend two months overseas this summer as guests of the Navy League of Britain.

The honor of representing British Columbia as part of the contingent of 24 Royal Canadian Sea Cadets was awarded yesterday to Albert and to Petty Officer A. McLennan of Vancouver. A third British Columbia representative is still to be chosen at Victoria.

STUDENTS DIE IN AIR CRASH

Worst Disaster in Venezuela's Aviation History is Recorded

CARACAS, Venezuela, (CP)—An Aeropostal Venezolana two-engined plane crashed in mountainous region near here Tuesday, killing all 27 persons on board. Twenty-one of them were High School students and three professors. All the bodies were consumed by fire. The students, five girls and 16 boys, ranged in age from 14 to 18 years. It was the worst disaster in Venezuela's air history.

His mother, Mrs. R. E. Eyolfson, was obviously excited when informed of Albert's selection this morning by the Daily News. She expressed pride that her son had made a good impression, but found herself both happy and sad at the thought of him going away.

PROSPECTORS' GRUBSTAKES AVAILABLE

The provincial Department of Mines "grubstake" program, designed to stimulate prospecting, will be effective again this year, according to an announcement Tuesday by J. M. Black, resident engineer for the northwestern mineral survey district. The program was begun in 1943 during the wartime need for strategic metals.

According to Mr. Black a limited number of grubstakes up to \$300, plus travelling expenses up to \$200, if these are necessary, are available to bonafide prospectors who wish to prospect for lode deposits during the coming season.

Under the scheme, Mr. Black says, no interest is retained by the government in any discovery made by a grubstake prospector. The prospector is free to stake claims and dispose of them to his own benefit.

Mr. Black will be leaving early in May on a seasonal inspection trip of mining properties in the Alice Arm, McDames Creek, Tulsequah-Taku and Portland Canal districts, which will keep him in the north for the greater part of the summer.

COSTLY CASUAL BEER

EDMONTON, (CP)—P. G. Dilworth, who dropped into a beverage room here for a casual beer, thinks its price was too high. He told police he lost \$2.50 in cash while in the beverage room. The money, secured by an elastic band, was in his overcoat pocket.

Labor Leaders Do Not Like Rent Increase

OTTAWA, (CP)—Labor spokesmen are on record with vigorous protests against the new federal order permitting a 10 per cent increase in domestic rentals. Pat Conroy, secretary-treasurer of the Canadian Congress of Labor, said the move had "taken another slice off the real earnings of Canadian workers." He considered it an "open invitation" to labor to use whatever means it commanded to protect its living standards.

CHAMP LOG CUTTER

IROQUOIS FALLS, ONT. (CP)—Adelphie Blanchette, native of Couerelle, Que., employed near here as a railroad cutter, thinks he is a champion of sorts. Over a three-year period, he has cut on the average 175 logs or 600 cords a day.

HENRY FORD

THE CAREER of Henry Ford and the facets of his genius touched in some way upon the lives of most of the world's peoples.

He brought into being an industry that changed the course of the world and was of the select company assured of perpetual fame.

He built more than 30,000,000 automobiles and then, with the coming of the second world war, despite a life-long hatred of war and all its ramifications, embarked upon a gigantic war production program with characteristic energy.

The building of millions of motorcars was only a part of the amazing accomplishments of the one-time obscure farm youth who became master of a vast industrial empire reaching into the far corners of the earth and one of the most colossal family fortunes the world ever has known.

His genius—and the huge fortune whose exact extent probably never will become public knowledge—took him into many fields unrelated to motorcars.

But he primarily was a mechanical wizard. He believed it was his good fortune to have lived at a time when the world was ready for the mechanical age, and he contributed to that era in huge measure.

Smithers Priest Speaks From Pulpit in Language of Indians

The story of a Catholic priest who takes his pastorate among the Indians as seriously as did the pioneer missionaries who made Christian history among the tribes is revealed in a pastoral letter by Father Paul Sanschagrin, O.M.I., of Smithers, who is going more than half-way to meet his communicants.

Although located at Smithers* only a comparatively short time, Father Paul, as he is known, has begun to learn the Babine tongue, and gave his first sermon in that language at Easter. The translation was made with the help of his native teacher, and was read in church.

"Quite an event," said Father Paul in his pastoral letter. "These people have not heard a priest speak their language in church for more than 40 years."

Father Paul planned to administer their first Communion to seven Indian children at Easter, presenting the rite in the native language.

"With the help of my teacher of Indian I have translated into their language the first communion catechism. I am using that text book to teach them. The children understand without too much difficulty the explanations given in their own language and, when I don't know how to say something, I speak English.

"With the help of my patient teacher I keep studying the English language, but I am too busy to be able to give much time to it. My teacher lives three miles from the church. At night, when I am free, I walk to his home.

Since Christmas I travelled on skis. It saves time and is more interesting."

Father Paul's sermon in the Babine language was translated with the help of his teacher and read from the pulpit. It presented difficulties.

"English and Indian are so different that it is impossible to translate word for word. Besides, there are no abstract words in the Indian language. To translate the sermon properly, the interpreter would have to be a theologian, and he has only a public school education."

Father Paul tells of a visit by Bishop Anthony Jordan, who celebrated mass at Moricetown, after arriving there to preside at the election of a Church Chief. Out of 275 Indians belonging to the reserve, only 75 turned up, so the elections were postponed.

Said Father Paul: "Bishop Jordan discussed with the Indians the question of liquor and also the problem of attendance at school. The Indians are never in a hurry. They arise when they awake and they eat when they are hungry. They like to say about the 'pale faces' that

they have to look at their watch to see if they are hungry. With such a system, one can easily understand why Indian children come late to school or do not come at all."

Father Paul is at present the custodian of materials for the construction of a new church at Teikwa which will be built this spring. However, he has a small problem of money, which, he feels certain he will be able to solve somehow.

FRANCOIS LAKE

Mrs. Bud Cottam took Mrs. Brantor to Burns Lake on Thursday to see Dr. Holmes. On the previous Sunday she had slipped on the steps of her home and thought that her ankle was sprained. As it did not improve she decided to have it properly cared for and an x-ray at the Burns Lake Hospital showed that one bone in the ankle was broken.

Jack Reed took John Harganic into the hospital on Friday evening.

This month's meeting of the Women's Institute was held at the home of Mrs. P. Peebles on Thursday. Final plans for the amateur program and dance on April 18 were made. A parcel of food was collected to send to England. Some very appreciative letters have been received from the recipients of the parcels.

Miss Hartman, teacher of Francois Lake School, and her pupils last week tackled the job of spring cleaning the interior of the school and kalsomined the ceiling and walls, varnished the desks and scrubbed and oiled the floors. On Friday afternoon the teacher and pupils were at the hall enjoying P.T. and badminton. The pupils are busy in spare moments making an array of handicraft articles and are planning on having a bazaar in the near future.

ANGLICAN TEA IS SUCCESSFUL

April Smiles on Annual Spring Affair at Cathedral

April smiled yesterday afternoon for the women's Auxiliary of St. Andrew's Cathedral, helping to make their spring tea and sale a very popular affair. The church hall was decorated for the occasion in Easter theme and colors of yellow, lavender and green.

Rev. Basil S. Prockter gave the opening address. Callers were welcomed by Mrs. Prockter and Mrs. Lionel Hottby, president of the Women's Auxiliary and general convener for the function.

Mrs. W. M. Watts was convener for the tea room, assisted by Mrs. Inace Potterton, Mrs. H. C. Flood, Mrs. Jack Bulger, Mrs. Carl Brechin, Mrs. Keith Dixon, Mrs. Geo. Hill Jr., Mrs. R. E. Mortimer and Mrs. L. Rapp.

Presiding at the urns were Mrs. J. B. Gibson, Mrs. Gordon Durkin and Mrs. F. T. Applewhite.

The home-cooking and delicatessen booth was convener by the "Evening Branch" and those in charge were Mrs. F. E. Anfield, Mrs. G. D. Mead, Mrs. C. J. Currie, and Mrs. D. Wynne.

Convener for the white elephant and trifle-apple stall was Mrs. Grossener assisted by Mrs. S. H. Partridge, Mrs. J. T. Langridge and Jerry Prockter.

In charge of the sale of plants were Mrs. H. F. Pullen, Mrs. W. M. Hall, Mrs. Jarvis McLeod and Mrs. J. P. Gade.

The plain sewing and fancy-work tables were convener by Mrs. W. F. Eve assisted by Mrs. J. L. McEwen, Mrs. T. B. Black, Mrs. Trevor Johnson, and Mrs. R. G. Hopkins.

Mrs. Greer acted as cashier.

Queen Mary Chapter in Session With Mrs. Brechin as Hostess

Mrs. Carl Brechin was hostess last night when Queen Mary Chapter, Imperial Order, Daughters of the Empire, was in regular session with the regent, Mrs. J. A. Teng, presiding.

Mrs. G. R. S. Blackaby, who will represent the Chapter at the annual provincial convention, was instructed as delegate. Another donation of \$25 was made to the Second War Memorial fund in response to a special appeal.

The Chapter also considered tentative plans for a bazaar this fall.

A new member, Mrs. George Howe, was welcomed into the Chapter.

A short discussion on the organization and financing of Prince Rupert School District No. 52 was led by Mrs. E. W. Becker. It was brought out that, since the implementation of the Cameron report, the city has benefitted materially by several thousand dollars. The rural districts have not been so fortunate.

After the meeting refreshments were served by hostesses Mrs. C. Brechin and Mrs. James Clark.

The next meeting will be at the home of Mr. H. M. Foote, Borden Street on May 13.

CAMBRAI PLANS YEAR'S WORK

Cambrai Chapter, Imperial Order, Daughters of the Empire, drafted tentative plans for the coming year at its monthly meeting in the Civic Centre last night starting off by naming a committee to take charge of the tea and sale which will be held on May 15. The meeting also heard a satisfactory report on the Cambrai birthday party, which, the members agreed, was successful. Mrs. D. G. Esselmont was chairman and there was a good turnout of members.

FAVOR U.N. TAKING OVER PALESTINE

The troubled Palestine situation came under scrutiny of Prince Rupert Citizens' Forum last night and, after a lively discussion, the eight members present found agreement in the opinion that the country should have the right to determine its own type of government but that until stability is achieved, the United Nations should be in control.

Discussing the topic "What is our Attitude Toward Palestine?" the meeting agreed that the matter of future immigration into that country should be decided by the people of Palestine and should not be subject to diplomatic expediency by other nations.

The meeting was in favor of sending Canadian troops into Palestine to maintain order only if the United Nations asked for such help but was definitely against sending Canadian troops there to help "maintain the British mandate."

The meeting was of the opinion that the clashes between Arabs and Jews in the Holy Land are largely a result of outside political influences and that, if alone, the two population groups would find a way to live at peace.

Until stability is achieved in the country, the United Nations should assume the control now exercised by Britain.

Canada, the meeting felt, should open its doors to Jewish immigrants as part of a policy to receive refugees of all races. This country would thus benefit from an increase in population, which it badly needs.

Chairman of the meeting, which was held in the Civic Centre, was George Hills.

ARRANGEMENTS FOR CANCER CAMPAIGN

Preliminary arrangements for the Canadian Cancer campaign here were made at a luncheon meeting of the local unit of the Cancer Society with Mayor Nora Arnold in the chair. Mrs. J. C. Gilker reported on a recent meeting of the provincial executive which she attended in Vancouver. Growth and extension of the organization and activities of the society in this province were reported upon.

On Friday night of this week at the Civic Centre there will be a public meeting sponsored by the local cancer society unit. Some important facts about cancer and the work of the B.C. Branch will be discussed at the public meeting to be presided over by Mayor Arnold. The speakers will be Dr. John Ganshorn, well-known Vancouver surgeon, and Rex C. Mills, executive secretary, B.C. branch, Canadian Cancer Society. Dr. Ganshorn will discuss the growth of cancer cells in different parts of the body and how they differ from normal cells. A new sound motion picture entitled "Time is Life," will be shown. This is a documentary print and ends in an optimistic note, with no "horror" sequences. Mr. Mills' talk is entitled "The Society and You."

EVEN STEAL MANHOLES

MONTREAL—Claude Robillard of the City Public Works Department can produce an amazing list of what has been pilfered from the municipality, including 300-pound manhole covers and cement-reinforced

park benches. Other items include bathroom plumbing and paper from comfort stations, lanterns, shovels, tools, electric bulbs in subways and pedestrian tunnels, traffic signs, construction materials and playground equipment.

The Experts Say - -

BEAUTIFUL SOUP—"Beautiful soup of the evening..." the Mock Turtle sang to Alice. Whether beautiful or not, housewives will agree that soup beats most other foods in economical and nutritive value.

A popular item in the daily diet, soup can be an inexpensive nourishing dish when made at home. Delicious soup can be made entirely without meat. A hot cream of vegetable soup is particularly valuable for the children's lunch.

CREAM SOUPS—Three tablespoons dripping or shortening; 1½ teaspoons salt; two cups vegetable stock and pulp; four tablespoons flour; pepper; two cups milk or milk and water. Vegetables are pulped by mashing or pushing through a

sieve. Melt dripping, blend in flour and seasonings. Add either hot vegetable stock or hot milk gradually; stir and cook for 10 minutes; add remaining ingredients. Reheat. Strain if necessary or beat with a Dover beater. Serve at once.

Tomato, potato, carrot, onion, corn, pea, spinach, bean and cheese soups can be prepared in this way.

STOCK SOUPS—Cheap cuts of meat, bones, scraps of meat and left-over cooked meats may be used for soup stock. Cereals, greens or potatoes may be added. A small amount of herbs or spices will give a good flavor.

Cut meat into small pieces and cover with cold slightly salted water. Let stand one hour, then simmer gently for three or four hours. Strain, cool, and remove fat. For each cup of stock allow one-quarter cup mixed vegetables and one-half teaspoon rice or barley. Cook until tender.

PEANUT BUTTER SOUP—One-third cup peanut butter; four cups milk; four tablespoons flour; two tablespoons fat; one-half teaspoon salt; one-half teaspoon scraped onion.

Mix peanut butter to smooth with one-half cup milk. Make white sauce with remaining ingredients, stir in peanut butter mixture and cook a few minutes longer.

Norwegian Airlines Builds Entire Town

STAVANGER, Norway—A new town of 5,000 aircraft workers soon will spring up around Sola Airfield near here, selected as eastern terminal of Scandinavian Airways transatlantic service. Hangars and workshops will be built to maintain long-range aircraft runways will be extended and hotel accommodation provided. Sola will become an important junction for feeder service to the Scandinavian capitals and perhaps other European countries. "I am convinced the decision will have untold significance for Norwegian airways and the country as a whole," said Bernt Blachen, veteran Norwegian airman and a director of Norwegian Airlines.

in the food line? Home economists recommend this out-of-season jam recipe in which beets and carrots are used as the base.

RUBY JAM—Four cups peeled, finely chopped beets; two cups peeled, finely chopped carrots; two cups boiling water; three cups sugar; two lemons, juice and grated rind; three oranges, juice and grated rind; one-quarter teaspoon allspice; one-half teaspoon cloves; one-half teaspoon cinnamon; one-quarter teaspoon ginger.

Boil vegetables in water for 20 minutes. Add sugar and bring to a boil for 10 minutes. Add juice and grated rind of lemons and oranges, and spices. Boil until thick—about 15 minutes. Pour into hot sterilized jars, cool, and seal. Yield: about three pints.

Heads Brotherhood

(Continued from Page 1)

Brotherhood, while Mr. Williams was chosen to represent the unaffiliated Indian groups in the province.

Mr. Kelly has been informed by T. L. McEvoy, clerk of the joint parliamentary committee that Indian spokesmen will be heard "as soon as possible" after the Easter parliamentary recess, and Mr. Kelly has suggested that the delegation appear before the committee either during the first or last weeks of May.

"The convention was one of the most successful that I have attended in some time," Mr. Kelly said. "While there were not a large number of delegates, they really showed a desire to get things done."

Bella Coola was chosen as the site of next year's convention, which will be held at a time chosen by the executive.

Rev. Peter Kelly of Ocean Falls, chairman of the legislative committee of the Brotherhood, arrived in port early yesterday afternoon from the convention at Massett with the United Church mission boat Thomas Crosby and is leaving this afternoon for Hartley Bay, first stop on his return trip down the coast to the Ocean Falls base. The Thomas Crosby brought over from Massett a party of delegates as did also the seiners Adelaide J., Capt. George Jones, and the Western Ace, Capt. David Parnell.

William Scow, re-elected president of the Brotherhood, proceeded from Massett to Skidegate for a visit to that village and may fly from Sandspit to Vancouver.

BOND CLOTHES

says Elmer Ferguson, Sports Editor of the Montreal Herald, and well-known member of the Hot Stove League on National Hockey Broadcasts.

"A sports seer can't always be right when he's calling a hockey race. But it's easy to look right... if you wear Bond tailored-to-measure clothes. They fit just the way a double-column sports scoop fits the sport page. They have that extra special something. Maybe it's that excellent worsted called Bonsted. It sure offers a wide variety of patterns and colours. Maybe it's the real interest in craftsmanship Bond tailors show. Anyway, I can tell you that Bond clothes give you good value for your money, good looks and good wear. Order a Bond tailored-to-measure suit and see for yourself!"
