BRITISH STRIKE CONTINUES SPREAD

City Seeks to Use Sinking Fund Payments to Finance Repairs

Prince Rupert will seek permission from the provincial government to inject money from the city's pre-than-healthy sinking fund into the anemic blood stream of its streets and sewers which, civic authorities recognize, are making a dying gasp for rehabilitation.

The city council last night approved a finance committee recommendation urging that the provincial finance department be requested to allow the \$58,977, annually into the sinking fund under the terms of the Prince Rupert Refund-Act of 1935, be withheld for two years and that the money be diverted toward repairing the streets and sewers.

Commissaries for this financial plea will be Mayor Nora Youngs and finance committee chairman T. N. Youngs, who will be for Victoria immediately. The mission was approved by council last night after a rough airing of the city's financial opportunities and its rehabilitation requirements.

In a statement by Mayor Youngs, the portion of the city's \$1,750,000 sinking fund required to be in the sinking fund by December 31, 1947, is \$999,692.

The paid-up portion of the sinking fund as of December 31, 1946, is almost \$5,000

DOES NOT LIKE UNITED STATES

British War Bride no Longer Loves Her Husband or American People

VANCOUVER, (C) — Beatrice Wall, aged 24, British war bride, who fled from her veteran husband in Philadelphia last April because she "no longer loved him," has no intention of returning to the United States.

"I went back four times," Mrs. Wall said here Monday. "Never again. I think four times is enough. People in the United States don't want to be friendly when they hear you are an English girl. I like the people in Canada. They really try to be friendly."

Mrs. Wall denied a statement made earlier by her husband that she had deserted him four times.

Prince Rupert's Case For Air Services; Survey in Support

(Recently, in an effort to establish the public convenience and necessity of establishing a scheduled air service between Vancouver and Prince Rupert, the Canadian Pacific Airlines made an exhaustive survey of the business, resources and services of this area. Since then Canadian Pacific Airlines has made formal application for permission to operate such a service. The information thus obtained and presented to the Transport Board is considered of sufficient interest to publish for the benefit of Daily News readers. Here is the fourth installment.)

TRAFFIC OVER ROUTE

An indication of the amount of air traffic available is found in the comparatively high number of passengers carried by Spillsbury and Hepburn, operating a spasmodic non-scheduled service. It is considered that a scheduled operation would create a much larger volume of air travel.

The following figures, indicating the amount of traffic via the Columbia Coast Steamship Services for the period 1945 to June, 1946, shows the volume of travel between terminals Vancouver and Prince Rupert. With Canadian National Steamships and Union

	One Way	Return
Vancouver-Prince Rupert	133	54
Prince Rupert-Vancouver	298	70
Vancouver-Prince Rupert	1,098	355
Prince Rupert-Vancouver	1,367	158
Totals	2,896	637

There is some travel also between Vancouver and Prince Rupert via all-rail service as well as means of the combination of rail and air and rail services. Canadian Pacific Airlines estimate approximately 30 passengers a month out of Vancouver destined to Prince Rupert by air and rail route.

The lumbering and associated industries in the Port Hardy and on the Queen Charlotte Islands require servicing by representatives of equipment companies, as well as of food and wholesale houses. Similar to Prince Rupert, having a number of offices and serving an extensive lumbering, fishing and other industries, a considerable amount of travel by representatives of various companies.

The industries mentioned at the points in question recruit their labor, for the most part, through the large urban centre of Vancouver. There is a fairly high turn-over of such labor particularly in the more remote districts such as Port Hardy and the Queen Charlottes. This creates a volume of travel which would move by air if a scheduled service were made available.

The residents of the Prince Rupert and Queen Charlotte areas, totalling over 20,000 in number, would themselves travel for business and pleasure purposes by air should a scheduled service at the comparatively low rates proposed be established.

WARNING OF SECTIONALISM

Minister of External Affairs St. Laurent Speaks in Toronto

TORONTO, (C) — Hon. Louis St. Laurent, minister of external affairs, last night urged Canadians to be on their guard against claims of extravagant regionalism, whatever origin, and warned that a disunited Canada would be a powerless Canada.

"No policy can be regarded as wise which divides the people whose efforts and resources must be put into effect," St. Laurent said. "The consideration applies not only to the two main cultural groups. It applies equally to sectionalism of any kind."

"Amusement Tax" Might Replenish City's Coffers

City council, one of the aldermen suggested whimsical last night, might be able to turn a badly-needed penny if it capitalized on the audience-interest of its meetings and charged amusement tax on those who sit in the public chairs at the rear of the chamber. The audience at last night's meeting was the largest to witness a council session in many years.

CONFERENCE ON AUSTRIA

Important Parley Starts in London—Canada Interested in European Solidarity

LONDON, (C) — Smaller Allied powers were marshalling their forces today—the opening day of the London "deputies" (to foreign ministers) conference at which representatives of Big Four foreign ministers start work on German and Austrian peace settlements.

A Canadian spokesman said the Dominion has no special interest in the German settlement but has strong views on the need for long-term stability of Europe to which the treaty will contribute.

ONLY TONSORIAL CHARGES GO UP

VANCOUVER, (C) — The only immediate price increase in Vancouver in reaction to the lifting of price controls in Canada was the increase in price of haircuts and shaves. The Barbers' Union, which had already been moving toward obtaining a lifting of the ceilings, raised the price of a haircut and shave in Vancouver to \$1, starting Monday. Haircuts now cost 65c and shaves 35c. Children's haircuts cost 40c. Previous to the removal of controls haircuts were 50c and shaves 25c.

SNOW DEEPER IN VANCOUVER

Death of One Man Attributed To It—Thousand Men Shovelling Streets

VANCOUVER, (C) — Vancouver's worst snowstorm in 12 years claimed one life yesterday—George MacLeod, aged 60, provincial roads engineer at New Westminster, who collapsed and died while putting chains on a snow-stalled automobile. He had been in the service of the department for a long time and was known in various parts of the province.

Milk companies brought out horse-drawn sleighs for the first time in years.

Some one thousand men shovelled downtown Vancouver streets.

Two Burnaby schools were closed, the snow being so deep that teachers and pupils could not get to school.

Nine inches of snow fell Monday and more is expected.

PLANE DAMAGED IN MID-AIR COLLISION—A damaged C-47 transport which collided with another airliner while flying 2,000 feet over Aberdeen, Md., is inspected by Capt. William Fairfield, at Aberdeen airport where the ship was forced to land. The C-47, carrying 25, was enroute to Puerto Rico when the crash with a DC-4, carrying 60 persons, occurred. The accident was unprecedented in U.S. commercial air travel.

Council Airs Street Objections in Defeating Alderman Casey's Motion

Alderman George B. Casey's attempt in city council last night to have City Engineer E. A. Phillips dismissed and to replace him with a "successor with proven experience and ability in road construction and maintenance" met with defeat at the hands of the other aldermen, each of whom aired an opinion on the subject.

The seven other aldermen decided to toss out Mr. Casey's motion after agreeing that Mr. Phillips' future as City Engineer here should "stand or fall" on his ability to produce satisfactory streets during the coming summer.

Mr. Casey's motion, which termed the year's work "most unsatisfactory under the direction of Mr. Phillips," was seconded by Alderman Youngs, who explained that he did so "because it is necessary that this motion be spoken to by council."

Emphasizing that he did not intend to support the motion, Alderman Youngs asserted that City Engineer Phillips "has worked under difficult conditions from the standpoint of material, finance and labor and he has not always had the support of council."

"The big complaint," Alderman Youngs continued, "undoubtedly is that block of Third Avenue known as 'Hecate Strait.' Mr. Phillips says that he believes he can correct that this year. I think that we should call on Mr. Phillips to put that block on Third Avenue in shape and that he should stand or fall by the job he does on it."

"I know our streets are important but, if our waterworks and sewers were on top of the streets here people could see their condition, we would get a lot more complaints than we do now," Alderman Youngs declared. "Mr. Phillips has in many

CHANGES IN IMMIGRATION

New Policy to be Announced Shortly Minister Glen Says

WINNIPEG, (C) — Hon. J. A. Glen, minister of natural resources, told the annual convention of the Manitoba Liberal Association yesterday that changes in Canada's immigration policy were in the making and he hoped to announce the changes shortly.

Police Search For Drug Store Robbers

VANCOUVER, (C) — Police are still searching for safe-crackers who broke into a downtown drug store here early Sunday and escaped with an amount in cash and checks now placed at \$1,145. They cut their way through the wall of a drug store from an adjoining apartment building and blew the safe. They dropped \$500 in stamps in getting away but the loot included \$764 in cash.

CALLS FOR INDUSTRY DEVELOPMENT; MINISTER SEES BIG BUSINESS MENACE

VANCOUVER, (C) — In an interview here, Rt. Hon. James G. Gardiner, minister of agriculture called for industrial development through Western Canada.

"Development from here to Winnipeg has to come and, if the industrialists will not do it, the people will take over and see that it is done," Gardiner said.

Often in the past, said the minister, industries had bought up smaller localized industries and closed them up to provide selling fields for their own products instead of opening up and developing new territories.

RUDDERHAM WINS ON REFUSAL TO HEAD BOARD OF WORKS OF CITY

Alderman George Rudderham's refusal to accept his appointment by Mayor Arnold to the chairmanship of the board of works culminated last night in the merging of the works board and the utilities committee under Alderman Robert McKay, utilities chairman.

Alderman Rudderham defended his refusal in a closed committee of the whole session after Mayor Arnold had insisted in open council that he either accept the appointment or resign from council.

"The matter is now up to Alderman Rudderham," she said.

Alderman Rudderham then pleaded personal reasons for his refusal and declined "to air his personal troubles" in public meeting.

"I have not refused to work on the board of works," he declared in council. "I have merely declined the chairmanship for personal reasons. If you can't

McGeer's Complaint

Not Satisfied with Premier Hart's Deal With Ottawa—West is Being Overlooked

VANCOUVER, (C) — Mayor G. G. McGeer complained yesterday that provincial tax sources of \$150,000,000 had been handed to Ottawa and the province would get only \$21,000,000.

The senator-mayor said that Vancouver could spend the whole \$21,000,000 and "you would hardly know it had been spent."

He continued: "I am inclined to think Premier Hart is overlooking the needs of Vancouver as Ottawa is overlooking the needs of British Columbia."

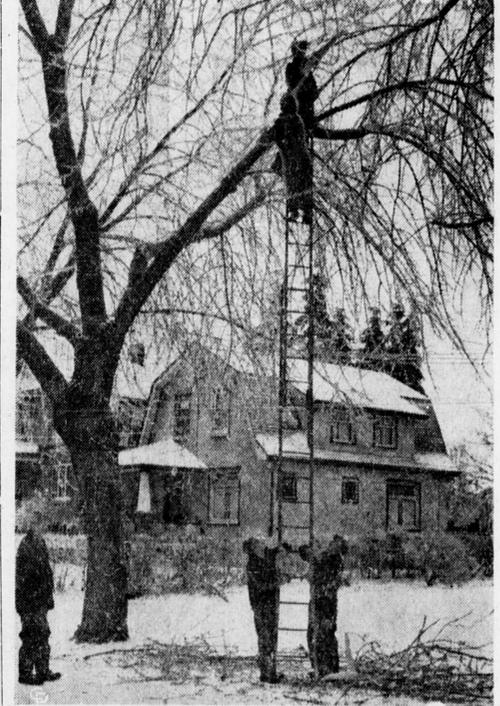

CHARGED WITH BIG ROBBERY

Chinaman Picked Up in Ontario for Theft of \$34,000 in Victoria

TORONTO, (C) — Chin Dong Gin, aged 34, started back to Victoria last night following his arrest at Peterborough on a charge of stealing \$24,000 from the crockery cupboard of his employer in Victoria. Details of the robbery were not disclosed.

NONE INJURED IN FIRE IN HOTEL

VANCOUVER, (C) — No persons were injured in the two fires within three hours which visited the Strathcona Hotel here and sent 100 guests fleeing to the street in their night attire Sunday. It has been ascertained the first fire started from overheated furnace pipes and the second from oil and grease in the elevator shaft igniting from the first.

BEAUTY AND DANGER IN WAKE OF ICE STORM—Sleet and wind storms which lashed central and southwestern Ontario turned roads into skating rinks and seriously disrupted hydro service in some areas as ice-laden wires snapped or were broken by trees which fell under weight of ice. The storm also produced some of winter's loveliest scenery. Here hydro linemen rushed to exhaustion in trying to cope with the storms, are pictured cutting away ice-laden branches.

Troops Are Moving Food Into Ships

Employers and Union Officials Meet With Labor Ministry Today

LONDON (CP)—A mass meeting of London dock workers voted today to join some thirty thousand union laborers in a walk-out in protest at the use of troops to move food supplies held up by the nine-day strike of London truck drivers. The decision, which may affect all of London's 24,000 organized dock workers, was reached at a meeting attended by 1200 to 1400 men who ignored appeals of Union leaders to remain at work.

Earlier, laborers at two of the city's large food markets—Billingsgate fish market and Spiral-fields—announced their decision to quit.

More than two thousand soldiers, angrily termed "black-legs (strike-breakers) in uniform by the strikers, and 800 service vehicles meanwhile began a second day of lugging meat and other food to the retailers serving ten million inhabitants of the Greater London area. With the soldiers taking over deliveries, food in limited quantities began re-appearing in London shops that had been almost drained of supplies during the work stoppage.

Employers and union officials were meantime scheduled to meet with the Labor ministry to set up machinery designated to end the strike.

Fruit is reported to be rotting at Calais and London docks because the strike has prevented its being moved.

OH! DON'T THE WIND BLOW COLD—IN VANCOUVER?—4.8 ABOVE TODAY

While Prince Rupert was having a moderately bracing minimum overnight temperature of 23.8 above zero with a mere flickery dusting of light snow, weather-boasting Vancouver was struggling about in a foot of the "beautiful" while the thermometer slumped down to 4.8 above there at 8:30 this morning. Nor was it the end yet of winter's icy grip on the southern city for whose people there was only the discomfiting promise of more snow and no break in the cold. Evidently, the Japanese current was still wafting its balmy breath on Prince Rupert while by-passing Vancouver which was left to the cruel mercy of a "mass of cold air" coming out of the Arctic.

Vancouver meteorological stationers were looking up records of yesteryears to find that the coldest weather ever recorded there was 2.3 above on January 15, 1907 with other low marks 4.3 above in January 1935 and 4 above on the night of January 21-22, 1943.

Coldest weather in British Columbia last night was 41 below at Finlay Forks with Prince Rupert recording 35 below.

TRAGEDIES IN SASKATCHEWAN

REGINA, (C) — Three are dead and one man is charged with murder after two separate weekend tragedies in Saskatchewan.

John McLaughlin, aged 63, railway conductor, is charged with the murder of his wife, Mary, whose axe-scarred body was found Saturday near Radville, 80 miles south of here.

Police are investigating the deaths of David Asworth and his wife, Florence, both 65 years of age, whose bodies were discovered Saturday night on the farm home near Rocenville, 120 miles east of Regina.

The Real Ties

THE WAY WAS OPENED yesterday by a judgment of the Privy Council in London for Canada to take another highly important step forward in the way of completely autonomous nationhood. Canada may now, if her own Parliament sees fit to enact accordingly, make her own Supreme Court the court of final and ultimate appeal and decision. The Privy Council, which is itself now the final resort, has made judgment accordingly.

During the war, it would have been, of course, inappropriate to cut this last constitutional tie which binds the Dominion with the Empire's capital in a jurisdictional or legal way. Now, of course, no objection may be taken on the grounds that such action might have appeared in any way as a break of solidarity.

The only objection that appears to be made against the abolition of the recourse of appeal to Privy Council is that final authority over the provincial sphere should not rest in the Dominion but that there should be protection further afield. That does not sound very well for the internal content of Canada and smacks of sectionalism from which this Dominion should be getting away through mutual understanding.

As for the act itself breaking this final judicial tie, it need only be reflected that it is not any authoritative or jurisdictional machinery that binds the Empire together in loyalty and goodwill but bonds of sentiment and spontaneous fealty far more fundamental than anything like that.

Canada may be a completely independent daughter but Britain is still her mother and the more constitutional freedom that exists between them the greater and more lasting will their moral bonds of affection, esteem and loyalty one to the other be.

* * *

It looks like a case of "sink or swim" for the city council and the city engineer on "Hecate Straits."

* * *

Issue Shaping Up

THERE is an issue of great importance shaping up in Canadian affairs—one over which the next general election may, indeed, be fought. In its starkest form it is the question: Who is the real master in Canada—the National Government at Ottawa or the nine provincial legislatures? Is Canada growing into a real homogeneous nation, or is it going backward into a league of autonomous states?

There are ten governments in the Dominion and, in certain respects, written into the constitution their autonomy is equal. Of course whenever war breaks out, the national government immediately inherits overwhelming authority, but when hostilities cease it quickly becomes a ten-government federation again.

During the war, the provincial authorities co-operated magnificently; but, just the same, it was thoroughly understood they were only loaning their power, and once the fighting stopped they demanded their rights back again. We are just now in the stages of changing back from a centralized union into a federation of nine provinces.

In Canada, in regard to a great many matters of growing importance, the final say is with the nine provincial governments rather than the federal. That would not be too awkward if all the provinces

A Long Reign

IT IS JUST over twenty-five years ago since the present Liberal Prime Minister of Canada, Mr. Mackenzie King, took office for the first time, and except for one Parliament, when he sat in opposition to the Conservative leader, R. B. Bennett, Mr. King has been Prime Minister of Canada virtually ever since.

It is a long reign for one man; in fact, he is rapidly overtaking all previous records for tenure of office. Last June, he passed the last Canadian mark set by the first Prime Minister of Canada, Sir John A. Macdonald, and there is only one record left in all the annals of Britain and the Commonwealth for Mr. Mackenzie King to shoot at.

It appears that Sir Robert Walpole remained in office for nearly twenty-one years. Now some industrious Canadian statistician has worked out the exact date when Prime Minister King, if he is still alive, and still in office, will surpass Walpole's record. The date is April 19, 1948, 15 months from now.

were similar in size, wealth and power, and if each of them had the finances to discharge its own special duties. But, we have within Canada the greatest diversity in this respect and it makes a very complicated situation.

INDUCTION AT ST. PETER'S

Archdeacon Hodson Formally Takes Over St. Peter's

An interesting service was held at St. Peter's Church, Seal Cove, Sunday evening, when Archdeacon Edward Hodson, formerly of Ocean Falls, was inducted as rector of St. Peter's Parish. Bishop J. B. Gibson conducted the service, assisted by Canon W. F. Rushbrook.

Preceding his sermon, Bishop Gibson spoke of Archdeacon Hodson's outstanding life as a clergyman and said he considered St. Peter's parish was extremely fortunate in his choice.

Announcement was made that

SEEKS TO USE SINKING FUND

(continued from page 1)

fund is composed of the following bonds and currency:

City of Prince Rupert bonds bearing interest at four per cent, and maturing 1955: \$305,697 (in this case the city owns almost \$1,000,000 of its own re-funded bonds which are returning interest to the sinking fund at the rate of four per cent).
Dominion of Canada bonds, bearing three per cent interest

and maturing in 1962, 1963, and 1966: \$93,500.
Cash: \$495.
From these bonds, the sinking fund is receiving annual interest of \$39,032 each year, in addition to the capital payments of \$58,977.
"It appears absolutely necessary to get funds for rehabilitation work," Alderman Youngs told his colleagues. "I understand that it has been indicated to some members of council, unofficially, that the provincial government would not turn down our request."

WORLD HAMMER AT FEDERAL GOVERNMENT
While agreeing that the \$58,977 annual capital payments should be diverted toward re-

building the city's services, Alderman Robert McKay insisted that the city still keep hammering at the federal government for its compensation offered by the Walsh commission which probed into military damage to the city's streets and services more than a year ago.

"I am glad to see that we are doing something to help ourselves, because it might give us a better chance with the federal government when they decide how much we should get as compensation under the Walsh report," Alderman McKay declared.

Mayor Arnold recalled for benefit of the aldermen that the Walsh report set \$344,000 as the estimated cost of rehabilitating the city's streets and suggested that the city should get half that sum, \$172,000, in payment

for damage done by military vehicles.

Alderman Black supported Alderman McKay's contention that the city should keep after the federal government for the pension money.

Alderman McKay moved Mayor Arnold and Alderman Youngs be sent to Victoria and make the proposed arrangement with the provincial government. The motion was passed by council.

Alderman Brooksbank suggested that the delegates to the city's compliments to sinking fund trustees appointed by the provincial department who had had the fund so ably. Many of the city's own bonds were purchased at depreciated values and are well above their par value.

SUPPOSE WE HAD NO IMPORTS

Well, it wouldn't come to this...

BUT... CONSIDER

a wardrobe without cotton... a breakfast table without tea, coffee, or citrus fruit juice... a long walk to work in a country without enough gas for cars and buses... and then, perhaps, no job when you did get there. And that is just a bare beginning.

For nearly all the things mined, manufactured or grown in Canada contain, or are produced with the help of, some imported article. From diamond drills to insecticides, from sole leather to perfumes, we must use things that other countries produce.

To get these things from people in other countries, we must trade our goods for theirs. And the more we trade, the better off we are, the higher our standard of living. In fact, over one-third of our national pay envelope comes from foreign trade—and work that is equal to three jobs in eight.

So no matter what you help to produce or what service you perform—do a good job. What you do, or help to produce should add to Canada's good reputation so that our customers abroad will continue to buy from us for years to come.

The Foreign Trade Service of your Department of Trade and Commerce is helping our importers to obtain the things we need from other countries—and our exporters to sell Canadian goods abroad. Trade Commissioners are located in 30 countries, and an experienced export and import staff at head office collects up-to-date information on foreign markets and sources of supply.

35 CENTS OF EVERY \$1.00 YOU GET... COMES FROM CANADA'S TRADE ABROAD.

- 1 You start the day. No shirts! Cotton and linen are imported. Maybe you'd wear just a turtle-neck sweater, for Canada hasn't enough domestic wool to give everybody a suit!
- 2 Shaving would present problems with not enough soap—or razor blades. We depend on imported vegetable oils, steel and other commodities to make our soap and razor blades.
- 3 Aw heck—let's have breakfast anyway. But what's this? No coffee? No tea? No orange juice? Breakfast doesn't look the same as it used to—or taste as good.
- 4 Then—probably no newspaper! For even Canada, great paper producer that she is, is dependent to a very large extent on other nations for essential chemicals used in paper making.
- 5 No gas or oil for your car—in fact, no car at all, unless we could find substitutes for materials now imported. And of course the buses wouldn't be running!
- 6 When you got to work you might find yourself one of the many Canadians out of a job... for lack of imported materials used in the manufacture of your own product.
- 7 What! No sheets—no pillow slips! One can't even go to bed in comfort and forget it all in a country without imports.
- 8 "What's the use—might as well end it all." But a man can't even hang himself decently without a rope! And it takes fibres, imported from abroad, to make our ropes!

James N. Killas returned to the city on the Coquitlam this morning from a brief business trip to Stewart and Premier.

▲ Burns Banquet date changed to Saturday, January 25. (12)

Charles Graham, inspector of mines, returned to the city on the Coquitlam this morning from a trip to Stewart on official duties.

▲ COME, LISTEN, LEARN, at yearly meeting, St. Paul's Lutheran Church, Tues. Jan. 14, 8 p.m. how the congregation is run. (11)

Mr. and Mrs. J. G. McCammon, who have been guests of their son-in-law and daughter, Rev. and Mrs. R. A. Wilson since before Christmas, sailed this afternoon by the Coquitlam on their return to their home at Burnaby.

MANY CELEBRATE THEIR WEDDING

Native Village en Fete for Nuptials of Kitwancool Couple

KITSEGUCLA—The marriage here recently of Miss Rosabelle Douse, daughter of Mr. and Mrs. Walter Douse of Kitwancool, and Jonathan Derrick, also of Kitwancool, which took place here with guests in attendance from various villages in the neighborhood including Kitwancool, Kitwanga and Kitsegucla. Mrs. Fanny Williams of Kitwanga was matron of honor and Albert Douse of Kitwancool was groomsmen.

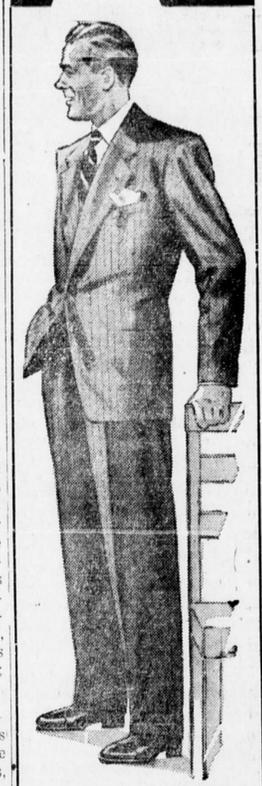

After the ceremony, the Kitsegucla band escorted the bridal party from the United Church to the hall where a wedding feast was held with 100 or more persons in attendance. Selections were played by the band during the feast and speeches were made by leading chiefs from Kitwanga and Kitwancool. Wallace Morgan proposed a toast to the newlywed couple and Alfred McDames closed the proceedings with prayer.

In the evening there was a dance and, with some 100 couples on the floor, the hall was filled to capacity. Refreshments were served at midnight and it was 4 a.m. before the party broke up. Music was by Douglas Wesley and his orchestra. Fred Sampare was master of ceremonies.

THE WEATHER

Synopsis
Extremely cold weather prevails over British Columbia today. Vancouver reported the lowest temperature during the night in the coastal region with a minimum of 7 degrees while Prince George was the coldest spot in the interior with a minimum of 36 below zero. A storm is developing in the Gulf of Alaska which is expected to bring milder weather to northern British Columbia tonight and Wednesday and is expected to give snow over southern British Columbia late tomorrow.

Forecast
Prince Rupert, Queen Charlottes and North Coast—Northern portion: overcast with snow-furries today becoming intermittent mixed rain and snow tonight and Wednesday; winds southerly (15), increasing to southerly (25) tonight and Wednesday. Southern portion: clear with increasing cloudiness late today; overcast with intermittent snow Wednesday; winds light; milder tonight and Wednesday. Low temperatures tonight—Port Hardy, 24; Massett, 31; Prince Rupert, 29. Highs Wednesday—Port Hardy, 32; Massett, 36; Prince Rupert, 35.

What City Council Did

The City Engineer was authorized by a board of works report approved by council to construct a ditch on the south side of Sixth Avenue east above the Hays Cove Avenue junction and to install a culvert across the highway at the city limits to protect the main waterline from erosion.

... Accepted a board of works recommendation that recommendations contained in the City Engineer's annual report regarding preparation of master plans for sewers, water lines and roads, and the hiring of technical assistance to enable this work to be done be approved, and that his recommendation for proposed road work in 1947 be held in abeyance pending receipt of information on what funds will be available.

... Approved a board of works report authorizing the City Engineer to do the following work: repair a hole in the dry dock road adjacent to Sixth Avenue East, install a catch basin and culvert across Borden Street and to make arrangements to conduct water across Borden Street School grounds.

... Approved a recommendation by the board of works and the city engineer authorizing replacement of 1,500 feet of existing 18-inch steel pipe between Shawatlans Lake and tidewater with a 24-inch enameled steel pipe and that tenders be called for the pipe.

... Adopted a utilities committee recommendation that a one-year contract be signed with Northern B.C. Power Co. covering the power to the city's water booster pump.

... Approved a board of works recommendation that council sit as a board of health to condemn the existing sewer crossing King Edward School grounds and order the construction of a new sewer on Eighth Avenue East.

... Approved the licensing committee's action in issuing of trade licences to: Olof Martinson, taxi operator; A. E. Field, broker; Einar Einarson, barber; F. S. Robertson, hotel keeper; Western General Adjustment Bureau, collection agency.

... Received a police committee report stating that the deputy commissioner of B.C. provincial police has been requested to meet the committee to discuss the new police contract.

... Approved the action of the finance committee in communicating with Canadian Pacific Airlines and Queen Charlotte Airlines to learn if they are sufficiently interested in the Seal Cove air base to give financial assistance toward its retention for civilian use.

ROAD IS NOW SNOW CLOSED

Between Rainbow Lake on West and Amsbury on East

Between the Rainbow Lake summit on the west and Amsbury on the east, it now appears that the Prince Rupert Highway is now closed for the winter because of snow conditions. Just what the situation all the way between the two points may be is somewhat obscure although there is snow of considerable depth over a good deal of the section of the road which skirts the railway line and can be observed therefrom. From this end driving is possible from the city to Rainbow Lake through Terrace and east.

ENTHUSIASTIC OVER HIGHWAY

Two Alaska Families Had Delightful Drive Starting Here and Ending in Indiana

Two Ketchikan families, who had passed through Prince Rupert last November, bringing their cars with them and driving east to Indiana from here, were in the city again last week returning to Alaska by steamer. Calling on J. H. Black, president of the Prince Rupert Automobile Association, they enthused over their trip and agreed that one of the really delightful features of it had been the drive from Prince Rupert up the Skeena Valley and through the central interior.

MAPLE LEAFS AND CANUCKS

Canadian National Hockey League Leaders to Meet Both Wednesday and Thursday

TORONTO — Toronto Maple Leafs and Montreal Canadiens, who appear to have the fight for National Hockey League supremacy exclusively to themselves as the season advances, will be playing against each other both Wednesday and Thursday night of this week—on Wednesday in the Maple Leaf Gardens here and on Thursday at the Forum in Montreal. At present the Leafs have a comfortable lead of seven points in the standing so they are in no danger of being dethroned at this time, even if the Canadiens did happen to win both games which is hardly to be expected in view of the sensational showing which the young Maple Leafs have been making so far.

Of interest almost equal to the first place struggle is the battle being waged among Boston Bruins, New York Rangers and Detroit Red Wings for third place, only one point dividing one from the other.

Having won their last three starts, the Chicago Black Hawks who seemed firmly ensconced in the cellar, appear now to be making a comeback. They are only four points behind the fifth place Red Wings.

The schedule for tomorrow night:

Montreal at Toronto.
Detroit at New York.
Chicago at Boston.

The league standing to date:

	W	D	L	F	A	Pts
Toronto	22	4	8	117	82	48
Montreal	19	3	10	106	70	41
Boston	11	8	14	88	96	30
N.Y. York	12	5	18	93	101	29
Detroit	11	6	18	97	119	28
Chicago	11	2	18	91	124	24

SHORT SPORT

Just seven years ago last night New York Rangers defeated Toronto Maple Leafs 4-1, and set a new league record of 19 consecutive games without a loss. Their mark surpassed Canadiens' winning streak of 18 set in 1926-27. However, Boston Bruins, in 1940-41, established a record of 23 games without a loss, a string which still stands.

Bob Fitzsimmons stopped Jack Dempsey "The Nonpareil," at New Orleans January 14, 1891, winning the world's middleweight title. He stepped into the heavyweight division and climbed to the top in 1897 with a 14-round knockout of James J. Corbett. He was dethroned in 1899 by James J. Jeffries. Four years later Fitzsimmons won his third title—light-heavyweight ruler. He died in 1918.

LADIES "A" LEAGUE SCHEDULE

Miller Bay	13	32	13

BOOTH PLAYERS ASKED TO ROYAL CITY TOURNAMENT

Booth Memorial High School basketball team's invitation to take part in the New Westminster high school hoop association's inter-city tournament in the Royal City on March 7 and 8 was confirmed Monday by Ken Wright, Duke of Connaught coach, thus admitting the local youths into select company.

The invitation was originally issued following the Connaught's invasion of the local basketball terrain when Coach Wright, who is the moving spirit behind the intercity series, found himself impressed by the showing put on by the Booth hoopsters.

Melton tossers in all categories here are congratulating the Rainmakers on the invitation which, in effect, places the students among the top eight high school teams in the province and gives them the opportunity to shoot for the George Sparling trophy, a desirable piece of silverware.

In selecting teams for the competition, the executive of the New Westminster High School Basketball Association does not merely cast a cursory eye on the record of wins piled up by the team. They consider quality of play, sportsmanship and other factors as well.

Teams selected to take part in the invitation tournament this year are Vancouver College and McGee High School, Vancouver, Duke of Connaught High School and Trapp Technical School of New Westminster, Victoria High School, Pentstemon High School, Kamloops High School and Booth Memorial High School, Prince Rupert.

In addition to the George Sparling Trophy, the Rainmakers stand a chance of having one of their players selected as "the player most valuable to his team," thereby winning the Bill Gifford Trophy, a high personal honor.

Loss of its first game would eliminate a team from a chance at the grand championship, the Sparling Trophy, but the team then would have a chance at one of the consolation awards. Thus each team is assured of at least two games.

When the Booth team, which is now devising ways to raise funds, goes south, it will have to pay its own transportation costs, but billets for 10 players and the coach are assured in the Royal City. Net proceeds from the games, which may either be played in New Westminster's arena, arena, or the Y.M.C.A. gym, will be divided between the visiting teams on a pro-rata basis.

Whifflets From The Waterfront

Two vessels of the Canadian Pacific Railway's British Columbia Coast Steamship Service were in port late yesterday afternoon. Princess Norah, Capt. Graham Hughes, arrived at 4:15 from Skagway and other Alaska points, sailing an hour and a half later for Vancouver. At 5:30 p.m. the Princess Adelaide, with Capt. W. Hubenet now in command, arrived from Vancouver, sailing at 10 p.m. on her return south.

ROSSAL, Lancashire, Eng. — Highest beacon guiding shipping off the Lancashire coast—a 131-foot steel mast with four lights—has been built here.

UNSINKABLE LIFEBOAT TO BE LAUNCHED—A mid-Atlantic launching to test an "unsinkable lifeboat" is to be made from a liner next May. The lifeboat is the work of Professor Harold A. Gaskin, of Knightsbridge, London, who since 1912, following the "Titanic" disaster, has made 124 models of lifeboats for patent rights and Board of Trade tests in America and England. His first model was made from old milk cans. His latest is a full size craft fitted with two Diesel engines and radio. It can be described as two boats fixed bottom to bottom. If either section is uppermost an air-cushion underneath makes the craft non-sinkable. On May 11 the lifeboat will be taken to Southampton, loaded on to a United States-bound liner, and launched in mid-Atlantic from where the vessel will be sailed to New York. This photo shows two replica models of the unsinkable boat. The mirror shows the reverse bottom of the boats and illustrates how they are similar to two boats fixed bottom to bottom.

SAVOY, IMPERIAL LEAD 10-PINS

Watts and Nickerson eggers took two games from 99 Taxi in the latest session of the men's 10-pin bowling league while, in the same session, Savoy garnered in three wins from Imperial Oil. B.A. Oil lacked a competitor when General Motors failed to show up but, under the new "no-default" rule, the motorists will have to play off this game at a later date.

G. Anderson of Watts and Nickerson rolled the highest individual single game score with 212 while Sparks of Savoy bowled the highest three-game score, with 575, for an average of 195.

Watts and Nickerson are now tied for league leadership. Here are the latest game scores:

Why a... Self-Winding Watch?
Many people wonder if a self-winding watch could be reliable.
These watches are not really new but it was not till about 1930 that they came into quantity production.
The timekeeping parts are similar to the regular watch with the addition of the self-winding attachment which is a swinging weight which operates by a ratchet when the wearer's arm is moved.
Some advantages are that the watch is always fully wound making a constant tension on the stem mainspring, preventing breakage of springs and stem.
There is a special device to keep the watch from overwinding.
We have a very satisfactory model at \$37.50. Also the famous Mido at \$60.00.
Omega has recently produced their master at \$32.50. All plus tax.

THIS AND THAT

The George Matthew Adams Service, Inc.

"I don't like this workin' days up here. I'm usta workin' nights!"

Home Recipe

RAISIN SPICE LOAF

1 cup seedless raisins.
1 cup golden raisins
1 cup lukewarm milk
2 cakes compressed yeast
1/2 cup granulated sugar
4 tablespoons butter or margarine
2 tablespoons salt
1 1/2 teaspoons cinnamon
1/2 teaspoon mace
1/4 teaspoon cloves
1 egg
5 1/2 to 5 3/4 cups sifted all-purpose flour

Rinse raisins in hot water; drain and dry on a towel. Combine milk and crumbled yeast and stir to dissolve yeast. Cream sugar, butter, salt and spices. Add beaten egg and mix. Add yeast-milk mixture and 2 cups flour and beat. Add raisins and stir to blend. Add remaining flour and mix. Lift to board and knead 4 to 5 minutes. Return to mixing bowl—cover and let rise in warm place until double in bulk (this dough is rich and heavy with fruit, so will require more time for rising than ordinary yeast bread) about 2 1/2 to 3 hours. For minto one large loaf to fit a pan about 2 3/4 to 3 hours. Let rise in warm place until double in size (about 1 1/2 hours). Bake in a moderate oven (350 degrees F.) 50 to 60 minutes. Remove from pan and brush top with melted butter.

Dough may be divided and

Princess Elizabeth, eldest daughter of the King and Queen is shown in this latest charming pose reading in her own private study in Buckingham Palace. It has been reported that the lovely princess may marry Prince Philippe of Greece, with whom she has been frequently seen at various social functions in the British capital.

The Experts Say...

By KAY REX
Canadian Press Staff Writer

Outdoor Appetites
There's snow for skiing and ice for skating and if there are any children or athletic adults in the family chances are the winter outdoors will cause their appetites to demand hot, nutritious meals.

Not only does an oven-cooked meal save on your fuel bill, but it also allows you plenty of scope and is usually something you can prepare beforehand and just slip in to cook at the last minute if you're pressed for time.

And for the main course, how about macaroni and cheese.

Ingredients: one cup macaroni, one teaspoon salt; two cups milk (or milk and vegetable stock); one cup buttered crumbs; two teaspoons grated onion (if desired); four tablespoons flour; two tablespoons dripping; one cup (one-third pound) grated cheese.

Break macaroni into pieces, wash, cook uncovered in large amount boiling water (salted) half an hour. When tender, drain in a sieve. Save this water for sauce or soup. Rinse macaroni. Make white sauce, stir in grated cheese and onion, then add macaroni. Heat through. You may serve this way or—turn into greased baking dish, cover with crumbs, cook. Set in pan of water in oven until crumbs are browned.

Steamed Fruit Pudding
Here is a baked or steamed fruit pudding for dessert.

Ingredients: six cooking apples; three-quarters cup brown sugar; one and one-half cup flour; three teaspoons baking powder; one teaspoon salt; three tablespoons shortening; three quarters cup milk or water.

Wipe, quarter, core, pare and slice apples. Spread in buttered baking dish; sprinkle with sugar. Bake or cook on top of stove until apples are nearly tender. Combine the remaining ingredients and pour over apples. Bake or steam half an hour. Serve with a sauce.

Baked Stuffed Apples
Home economists suggest baked stuffed apples as an ideal winter dessert.

Ingredients: six medium apples; six tablespoons grated cheese; one-quarter cup sugar; peppermint flavoring; one-half cup water.

Wash and core apples. Place in baking-dish. Mix cheese and sugar and add three or four drops peppermint flavoring. Fill centres of apples with this mixture. Pour water into pan and bake in a moderate oven until apples are tender. Serve hot. This recipe allows for six servings.

UP WITH THE BEST
SYDNEY, Australia (P)—Australian clothes can keep company with the world's best now, according to Mrs. L. R. Coleman, who has returned to Sydney from an eight-months tour of the world. She examined clothes in the United States, France, England and Belgium, and decided she could not do better than her own all-Australian outfit.

IPSWICH, Eng., (P)—Workmen discovered a skeleton believed to be over 400 years old at nearby Foxhall.

TERRACE RED CROSS ANNUAL

R. Cory and Slate of Officers Elected Last Friday

TERRACE—The annual meeting of the Terrace and District Red Cross was held on Friday evening in the Red Cross rooms with a fair attendance. Reports were submitted and R. Cory was returned as president by acclamation. Slate of officers is nearly the same as last year and is as follows:
President—R. Cory.
First Vice-President—M. Dubeau.
Second Vice-President—C. Michiel.
Secretary—Mrs. Mary Harris.
Treasurer—Mrs. T. E. Brooks.
Members of the Executive Committee—Mrs. D. G. Little, Mrs. G. Dover, Mrs. W. Robinson, Mrs. S. Mills, F. Gavan, F. Noakes, Mrs. Dubeau, G. McAdams, Miss G. Fisher.
Mr. Cory is to be the delegate to the provincial council being held in Vancouver February 20 and 21.

DUBLIN, (P)—This harbor is having its first boom since 1939 and customs and shipping company staffs are working long overtime to clear shipments.

SUGAR SAVING APPLIES TO RECIPES FOR FINAL APPLES NOW IN SEASON

As long as there are crisp juicy apples in the larder it seems that summer is still on the doorstep. This year's crop of apples is abundant. It is a treat to crunch a raw apple or to have apple sauce or apple pie or any one of the dozens of other apple desserts.

The problem of planning desserts was a real endurance test to the homemakers during those apple-less years.

However blue the sky there is always a cloud somewhere. The cloud in the apple picture may be rationed sugar.

Home economists are experts in making the sugar ration stretch to the limit and their recipes for apple desserts are no exception.

Here are three good apple desserts. For six servings 1/2 cup of sugar is allowed.

Spicy Apple Pudding
1/4 cup shortening
1/2 cup sugar
1 cup pastry flour OR 1 cup less 2 tablespoons of all-purpose flour
1 teaspoon baking soda
1/4 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon nutmeg
1 egg
2 1/2 cups chopped apple
Cream shortening and sugar. Add sifted dry ingredients. Add

egg and beat well. Lastly add chopped apple. Place in greased baking dish and bake in a moderately slow oven, 325 degrees F., until done—about 40 minutes. Serve hot with top milk or pudding sauce. Six servings.

Apple Meringue Pie
6 medium apples
1 1/2 cups Custard Sauce
2 egg whites
2 tablespoons sugar
Apple jelly
Remove cores from apples. Prick the skins, place in a casserole and bake in a moderate oven, 350 degrees F. When tender, remove from oven, pour sauce over and around apples. Beat egg whites until stiff but not dry, then beat in sugar. Top each apple with meringue and garnish with a spoonful of jelly. Oven poach in a moderately slow oven, 325 degrees F., until meringue is brown, about 10 minutes. Serve hot or cold. Six servings.

Butterscotch Apple Pie
1/4 cup brown sugar
6-8 medium apples
3 tablespoons brown sugar
2 tablespoons shorten (half butter)
3 tablespoons flour
1 cup milk
1 deep, uncooked 9-inch pie shell
Sprinkle the 1/4 cup brown sugar over the bottom of the uncooked pie shell. Peel apples and slice thinly, fill the pie shell, heaping apples slightly in the centre. Cream the 3 tablespoons brown sugar with the shortening and the flour until well blended. Crumble the mixture over the top of the apples. Pour the milk into the pie and bake in a hot oven, 400 degrees F., until top is brown and apples are tender, about 45 minutes. Cool and serve. Makes 1 deep 9-inch pie.

THIS AND THAT

"It's simply marvelous, dear! I have a completely automatic kitchen!"

Bake sweeter, tastier bread!

NO WAITING—no extra steps! Full-strength—Fleischmann's fresh active Yeast goes right to work. Makes sweeter, finer bread! And makes it faster! You can be sure of tender, smooth texture—lightness—delicious flavour every time!

IF YOU BAKE AT HOME, insist on Fleischmann's fresh Yeast with the familiar yellow label. It's dependable—Canada's tested favourite for more than 70 years.

Always fresh—at your grocer's

RAILWAYMAN WAS KILLED

C. Fallon, 42, and R. Ferguson, 40, fell from a railway motor car on the track. C. Fallon, foreman of the Canadian National Railway & Department, was killed while being transported to the Mission Hospital. The fatality occurred on Thursday of last week. Mr. Fallon was a single man, 42 years of age and had been in the service of the Canadian National Railway for 25 years in the district. His territory was between Pacific and Fortson.

SAFETY BOXES ARRIVE HERE

Canada's steel shortages which hampered business men during the war and the first post-war year, has been relieved for one local institution for which possible steel is a stock-in-trade. Bank of Montreal Manager G. R. & Mackay announced today that the bank has received the first shipment of safety deposit boxes since the early part of the war.

The steel demand for the safety deposit boxes has been filled against their stores supply, but now a substantial number of them are available due to a recent shipment. Mr. Mackay said fifty requests for the boxes to protect private documents have had to be turned down, but now the demand can be met, he declared.

WOMAN DIED OF NATURAL CAUSES

An inquiry by Coroner M. M. Stephens into the death Sunday night of Mrs. Lucy Stoddell, 66-year-old resident of a cabin on

the north shore of the harbor, indicated that death was from natural causes. Mrs. Stoddell, a widow, had been a resident of this district since 1931.

CHANGING NEW PORTRAIT OF PRINCESSES—This new portrait study, just released by the royal family, shows Princess Elizabeth, left, heir to the British throne listening to her young sister, Princess Margaret Rose, play the piano in their own private study in Buckingham Palace. It has been reported that Princess Elizabeth may marry Prince Philip of Greece, with whom she has been frequently seen at various social functions in the British capital.

Airs Streets Objection

(Continued from page 1)

experience. A man must have built a road before he can do a successful job here and Mr. Phillips admitted to the Board of Works that he had never built a road before taking this job.

"Eighty-five per cent of the money spent on streets last summer might just as well have been thrown into the bay. Getting a value of 15 cents on our road-building dollar is not good enough," he said.

Alderman McKay asked Mr. Casey to name a City Engineer who had been employed here who was satisfactory to the council and the ratepayers.

"Mr. Good," replied Alderman Casey.

"Mr. Good took a lot of criticism from some quarters in his time, too," Alderman McKay retorted. "There never has been an engineer here who understood our streets. They require a year to get acquainted. If Mr. Casey will go back he will recall that our streets cost twice as much to build as was estimated."

Alderman Ham admitted that "no one is more disgusted with the streets than I. The city council is on a spot and that is as it should be. Last year's council should have accepted responsibility for the streets and did not do so." He suggested that the City Engineer be placed on probation on his road building ability this summer.

Alderman T. B. Black urged that the city engineer be allowed to do the grading and contour work on the streets but that contracts be called for their surfacing.

"Mr. Phillips chose the worst block in the city to experiment on," Alderman Black said. "Beattie Strait has never been successfully surfaced. I am well satisfied with Mr. Phillips' work in other ways."

When Alderman Black asked City Engineer Phillips the cost of surfacing Third Avenue from First Street to McBride, Mr. Phillips replied: "Between \$1,100 and \$1,200, much of it being used in making the joint between the old and new pavement."

Alderman Black urged that Mr. Phillips be allowed technical help on street work. "If we put him on probation, council will not be entirely free from blame if it does not work out," he declared.

Mr. Phillips told the aldermen: "I believe I can make a job on that block on Third Avenue. If not, I will retire."

TWO CHILDREN CHRISTENED

Infant daughters of two well-known local families were christened by Rev. R. A. Wilson during the morning service at First United Church on Sunday. The children were Georgina Lynn Dobb, daughter of Mr. and Mrs. George Dobb, and Karen Jane Sheardown, daughter of Mr. and Mrs. Harry Sheardown. Godmother of Georgina Lynn Dobb is Mrs. Lew Kerph. Stanley Saville is godfather.

LAD ON SLEIGH STRIKES CAR

Ray Smith, young son of Mr. and Mrs. W. Smith, 143 Eighth Avenue East, escaped with only a scratched face during a sleighing mishap that might have been serious at 6 p.m. Monday. Coasting on his sleigh westward on Eighth Avenue, the lad struck a car driven by Joe van Wallingham as the vehicle proceeded slowly northward on McBride Street at the intersection of the two streets, according to a police report.

No Street Program Until Funds Found

City council's 1947 street building and repair program will be held in abeyance until the financial arrangements which will make it possible are clarified. The aldermen decided last night on recommendation of the board of works.

"To lay down a road program at this time would be a hazardous way of doing things," Alderman Bruderman commented in answer to a question by Alderman Ham. "We have to get the money first."

He assured Alderman Ham that casual maintenance of streets would be carried out in any event.

FOR SALE BY TENDER

CROWN ASSETS
War Assets Corporation will receive offers to purchase all or any of the Crown-owned buildings described below. The purchaser shall remove the building or buildings, fill in excavations and restore the ground to its original elevation, leaving the site in a neat and tidy condition in a manner satisfactory to an authorized representative of the Corporation.

Military Hospital—Wing to Prince Rupert.
General Hospital—5th and Green Street, Prince Rupert, B.C. Building No. 1—Loxave 24'x60'. Building No. 2—Frame—24'x60'.

Sale of these buildings shall include only such normal plumbing, heating and lighting fixtures as may be installed therein at the date of sale.

These buildings are sold for removal and restoration of the sites.

All areas and dimensions given are approximate. A certified cheque or bank draft to the value of ten percent of the tender price, made payable to War Assets Corporation must be forwarded with the tender in a sealed envelope plainly marked:

TENDER NO. 402-379
FOR HOSPITAL BUILDINGS,
AT PRINCE RUPERT, B.C.

Addressed to: Branch Sales Manager, War Assets Corporation, 1188 West Georgia Street, Vancouver, B.C.

Tenders will close at twelve o'clock noon Pacific D.S. Time, Monday, January 29, 1947.

The tenderer must state the use to which the building or buildings, or materials contained therein, will be put, as this will be a determining factor in deciding the acceptance of any tender. Tenders received after closing time cannot be considered. The highest or any tender may not necessarily be accepted. Cheques or bank drafts will be returned to unsuccessful tenderers.

The successful tenderer will, when notified of acceptance of his or her tender be required to furnish a certified cheque or bank draft for the remaining ninety per cent of his or her tender, and in addition, a certified cheque or bank draft for an amount equal to the estimated cost of restoring the site or sites, as a guarantee that he will comply with all terms and conditions of the tender. This cheque or bank draft guaranteeing restoration will not carry interest and will be returned upon the satisfactory completion of the terms of the tender.

WAR ASSETS CORPORATION
1188 West Georgia Street Vancouver, B.C.

Note: Passes for inspection of the above buildings must be obtained from

Sales Representative, War Assets Corporation, PRINCE RUPERT, B.C.

Bulletins

POOR PRODUCTS OF OTTAWA—The Prices and Trade Board today announced retail price increases ranging from 1c to 7c per pound on bacon and other pork products to bring them in line with recent increases in the export of bacon sold in Britain. The increase is effective tomorrow.

AERIAL PRESENTMENT

PARIS—Socialist Vincent Auriol was today elected president of France's national assembly, getting 234 votes to 234 for the Movement Republican Popular candidate, Robert Schuman. Communists helped to elect Auriol.

NEW PORCULE SEEN

OTTAWA—Premier T. C. Douglas of Saskatchewan said here today that he understood the Dominion was prepared to being forwarded an "altogether revised formula for working out subsidies to be paid the provinces for tax field concessions."
