General Marshall Hopeful After Parley

Certain Russia Moderate Tone

WASHINGTON, D.C. (CP)—American hopes for a States-Soviet tension were buoyed by reports that Secretary of State George C. Marshall believes his country's firmness with European treaty issues may lead Russia to give up at a White House conference last night.

Marshall is said to have counselled patience with the Soviet in the hope that, as they digest the American position in the next few months, the Russians may go to London for the next conference in November more amenable to suggestions from their wartime allies on vital points involved in the proposed American and German peace treaties.

VIET-NAMESE ATTACK CONVOY

PARIS. (CP)—Forty-four persons including two ministers of the Cochinchina government were killed yesterday when Viet-Nameese forces ambushed a convoy 40 miles south of Saigon. The officials were killed when a road mine blew up their automobile. Mortar shells then smashed into the convoy in the most important attack by Viet-Nameese troops since hostilities began in Indo-China last December.

HIGHWAY PATROL HERE IS SOUGHT

Representatives of Chamber of Commerce and Auto Ass'n Meet Police Head

Desirability of a highway patrol being established on the Prince Rupert Highway was discussed when presidents of the Prince Rupert Chamber of Commerce and Prince Rupert Automobile Association together with certain committee members of the two organizations met at luncheon today with Commissioner T. W. S. Parsons, provincial police. After the opinion had been expressed to him that the nature of the highway was such that a high-way patrol car was both necessary and desirable, the commissioner said that the matter had already been under consideration but there had been such difficulties as obtaining personnel and necessary vehicles.

SOC. DEMOCRATS SHOW STRENGTH IN JAP ELECTION

TOKYO. (CP)—The moderately leftist Social Democrats, showing a strength which might land them the premiership, became the dominant party in Japan's House of Representatives today on the basis of complete, unofficial returns from yesterday's elections. The Liberals, Democrats and Conservative parties, supporting Premier Yoshida's government, held the greater combined total but the Social Democrats scored the greatest gains.

HENRY FORD, FAMED AUTO PIONEER—Henry Ford, founder of the Ford Motor Co., who died at his estate in suburban Dearborn, Mich., in his 84th year, is shown with Mrs. Ford in the first machine he built in 1896. Standing at right is his grandson, Henry Ford II, who succeeded as president of the Ford Motor Co. The famed industrialist resigned as president of the Ford Co. in 1945, but had been able to spend some time each week at the Ford engineering factory where he maintained a private office and workshop.

Wars and Slumps Seen Cause of British Woes

Two Conflicts, Decade Depression Never Allowed United Kingdom to Fully Reshape Its Economic Life

(Britain, sapped by two wars and a great depression, is fighting for her national existence in an unprecedented economic crisis. This is one of a series of stores giving Canadians detailed picture of the crisis, its causes, effects and the battle being fought to overcome it.)

By JOHN DAUPHINEE
Canadian Press Staff Writer

LONDON (CP)—The effects of two world wars, not one, and a world depression are causing the United Kingdom's economic problems today. The 1939-45 conflict alone would have been bad enough. Civilian factories were taken over for war use. Others were closed to concentrate production in the most efficient units. Civilian labor force was dispersed; and young men and women went into the forces of war industry instead of getting training in peacetime jobs.

NINE DEAD IN BLAST ON SHIP

VALPARAISO, Chile. (CP)—Nine or more crewmen were reported dead in an explosion and fire aboard the 730-ton Chilean coastal steamer Monemar, loaded with 425 tons of gasoline and 160 tons of fuel oil.

POOR WEATHER HOLDS FISHING

Four Hundred Trollers Go Out But Unable to Get Going

Some 400 boats are now assembled on the various trolling grounds in this vicinity but weather has been too poor to permit of much fishing. Southeast winds have made the sea too rough for the boats to operate. Around Boat Harbor, Dundas Island, however, a few fish have been caught. The greatest number of boats at any single point so far are some 75 at Squadaree.

WHITESAIL LAKE MINING RESUMED

Cliff V. Harrison who, during the war years became rather prominent in the mining world through an important discovery of scheelite near Whitesail Lake, recently announced that further work in the way of development will be carried on this year in Omineca District. He has been prospecting more widely in Tweedsmuir Park, and is reported to be interested in opening up another group of claims.

REFUSE SPECIAL STAMP

HALIFAX (CP)—In the midst of preparations for its bi-centennial in June, 1949, Halifax has had a request for a special commemorative stamp turned down. Postmaster - General Bertrand advised that "it has been found expedient to confine special issues to subjects of broad national and international significance."

HALIBUT BOATS STARTING TO CLEAR ON TUESDAY FOR BANKS

U.N. MOVES ON HOLY LAND

LAKE SUCCESS (CP)—The United Nations set out today to decide on an approach for seeking a solution to the Palestine problem. Called into extraordinary session, the United Nations general assembly is scheduled to consider a proposal for establishing a Holy Land committee of inquiry.

A British spokesman said that Great Britain would be ready to accept any decision the United Nations makes, but will insist that the world organization enforce all its own recommendations.

Customs officers at the port of Prince Rupert today are bracing themselves for the rush of fishermen which will take their office by storm tomorrow and Wednesday, seeking clearances for deep sea fishing as the 1947 halibut season opens. The halibut season officially begins at midnight Thursday, but it is expected that a number of boats will start leaving Tuesday in order to pick up live bait at the herring pound at Hunt's Inlet.

Vessels in the L-to-Z name group will be the first section of the fleet this season. It is anticipated that between 40 and 50 will leave in the first group and about an equal number in the A-to-L group will follow 48 hours later.

WORLD SHIPPING RACKET EXPOSED

LONDON (CP)—A world shipping racket with its headquarters in the "midget banana" republic of Panama is menacing the high position of Britain's merchant navy with a "phoney fleet", the Daily Mirror said today.

Panama, a U.S. puppet state, has suddenly blossomed into the world's fourth largest maritime nation by inviting shipowners to register their vessels as Panamanian to escape other countries' labor, safety and taxation laws, the paper said.

Seamen's wages have been cut and safety rules ignored by ships flying the Panamanian flag and British seamen's unions plan immediate reprisal, the Daily Mirror stated.

LABOR GROUP OUT TO BREAK COALITION

VANCOUVER (CP)—At an executive meeting of the British Columbia Federation of Labor last night, a motion was tabled urging support to a provincial opposition party in an effort to beat British Columbia's government, it was learned today.

The meeting, called to discuss recommendations to fight legislation proposed in Bill 39, also set the date for the Federation's convention for June 6-8.

HOPE DIAMOND WEARER DIES

WASHINGTON (CP)—Mrs. Evelyn Walsh McLean, 60, fabulous social figure who wore the evil-omened Hope Diamond for a luck charm, died Saturday night, a victim of pneumonia.

General Escapes Hand Grenade

JERUSALEM (CP)—General G. McMillan, general officer commanding British troops in Palestine, escaped death when a terrorist grenade exploded in Jerusalem's "Street of the Prophets" early today.

McMillan's staff car, escorted by armored jeeps, passed the spot only three minutes before the grenade was thrown.

YOU PRONOUNCE IT!

MIMICO, Ont. (CP)—Map-makers were puzzled by a year book of the Lakeshore District Police Association which included a business directory of the western Toronto suburbs, including Mazenabekasepe. Inquiry disclosed Mazenabekasepe used to be the title of the Credit Indian Reserve.

FRENCH MEDICOS MEET

SHERBROOKE, Que. (CP)—The regional convention of the Association of French-speaking Physicians of Canada will be held here June 13-15.

GREETS SON—Laraine Day, movie star wife of Leo "Lippy" Durocher, is shown hugging one of her adopted sons, Christopher, 2 years old, at the municipal airport in Los Angeles, Calif., when she arrived from New York. She paused long enough upon arrival to comment briefly to newspapermen on her husband's one-year suspension from baseball. She said "I think it is truly unfair and un-American to condemn someone without a hearing and to deny him the right to speak in his own defence."

ARCHIBALD IS CALLED "DRIP"

Independent Member for Comox Charges "Weaseling" Around Japanese Question

OTTAWA—During debate in the House of Commons at Ottawa on the question of the return of the Japanese to British Columbia, J. L. Gibson, independent member for Comox-Alberni, in discussing the attitude of the C.C.F. to the Japs referred to H.G. Archibald (C.C.F.-Skeena) as "one drip in your party" who had remained "strangely silent" at times. He hoped the next time Mr. Archibald spoke he would not "weasel around" the Japanese question.

Knocks "Solitary" For AWOL Soldiers

LONDON (Reuters)—Solitary confinement as a punishment for soldiers who desert was criticized by Dr. W. L. Neustatter, an army psychiatrist writing in the British Medical Journal. "It is very questionable," he wrote, "if solitary confinement is not un-economic in retarding (deserters) rehabilitation as soldiers, which is the aim of military prisons."

SAFE TO START CLEARING SLIDE

Members of Highway Committee of Chamber of Commerce so Agree

Reiterating a statement made at the end of the week by Hugo Kraupner, secretary of the Prince Rupert Automobile Association, A. M. Budinich and J. E. Boddie of the highway committee of the Prince Rupert Chamber of Commerce, after motoring out to the Kwintsa slide yesterday, were in accord that the situation at the slide is not nearly as bad as it was a year ago.

Mr. Boddie and Mr. Budinich inspected the slide at close hand and were in agreement that it should be safe now to start clearing the obstruction with a view to getting the road between here and Terrace open soon.

MILLIONS MORE YEARLY
India's population of about 400,000,000 grows at the rate of 6,000,000 to 8,000,000 a year.

Violent Christianity

"BERNARD SHAW once said that the devil gave man a mild injection of Christianity to immunize him against a more violent attack. Perhaps we could apply the same stricture to our attitude to democracy." That is a quotation from a recent book entitled "Towards Christian Democracy," by Sir Stafford Cripps, President of the British Board of Trade in the Labor government. Sir Stafford goes on to say: "What we require today is a strong leaven of men and women whom the devil has failed to immunize and who will catch the same violent infection of Christianity and democracy that struck some of our forebears. It is no use to either our personal or social salvation merely to profess our Christianity and our democracy. We must employ them ruthlessly to create a physical environment of justice and decency, in which they themselves will be able to survive, and become powerful factors for controlling the future of the world."

Those are strong words, but lest they should not seem strong enough, Sir Stafford adds: "As Christian democrats, we should form an active army fighting injustice and poverty, unemployment and inequality, with as much vigor as we showed in our fight against the same evil in the garb of aggressive nazism."

If the above combination of words mean anything they mean that Christianity should be organized like Hitler organized Nazism and Lenin, Marxism. Sir Stafford says there is need for a "violent infection of Christianity and democracy." We have heard of a "militant Christianity and democracy." We have heard of a "militant Christianity," but we have always associated it with evangelical movements and especially with the Salvation Army. A "violent Christianity" is an entirely new idea.

Even if applied to democracy alone, violence is surely out of place, except in the event of war and the maintenance of law and order. Democracy is not necessarily a Christian system, since it takes in people of various religious beliefs. The effect of Christianity upon democracy is to restrain the use of violence, and it certainly does not countenance ruthlessness in the creation of a "physical environment of justice and decency," or in "controlling the future of the world."

Mankind today is suffering from the results of two ruthless attempts to control the future of the world. The truth is that it is not within the power of any one religion or political system to control the present much less the future of the whole human race. If Christianity and democracy are to prevail, and they are, no doubt, the salvation of the world they must be accepted by persuasion and not by coercion. The need of the world is for an aggressive campaign of persuasion not for a violent attack.

Is It Safe Yet?

THE SITUATION at the Kwintsa slide, last remaining barrier to the reopening of the Prince Rupert Highway for traffic between here and Terrace, appears to have changed during the past week. More than one local motorist who went out that far during the week-end agreed that the snow condition was not nearly as bad as it was a year ago and that it looked safe for men to be put in to clear it out.

As was observed in this column last week, it is for public works department officials to make the decision as to whether it is safe for them to put the men in there and assume the consequences of such decision. Cautious as they must be, no doubt, they are as anxious as the motorists to get the road open again and will not delay unnecessarily the work required to clear it.

Value of Library

A REVIEW of the librarian's report as submitted to the Library Board at its last meeting indicates the important part this service is rendering to the community.

The total number of books in the library is 9,639. From time to time old books are discarded and it has been difficult recently, owing to the war and then the paper shortage, to obtain the new books that the book committee had chosen. In spite of these difficulties sixty new books have been added since the start of the year.

At the end of 1946 the names of borrowers were checked and 206 names were deleted from the list of active borrowers. But since the first of the year 113 new members have been added. There are 1,963 borrowers now.

In the month of March, 1,097 books of fiction were in circulation, 207 non-fiction books were read; 372 books were used by the juvenile section and in the pay section 290 books were in circulation.

Letters to the Editor

RUPERT GREAT CITY

Editor,
Daily News:
Between Mount Morse, Digby Island, Metlakatla, Seal Cove and Mount Hays lies beautiful Prince Rupert along Tucks Inlet of many bays. When in the spring the sun rises over Mount Hays and warm Metlakatla with its golden rays bleak nature awakens from its winter torpor. The turf gets greenish, Rupert enjoys longer days. The naked trees dress up with their green foliage. The sun is warmer. The robins are singing in the alleyways.

April squalls are over. The smiling verdure revamps all around. Here is joyous May.

The sun is high over the majestic Acropolis and the green surrounding hill tops are sprayed with golden rays, the clear northern sky has its display.

The magnificent circling amphitheatre crowned by the towering snowcaps over Woodwards Lake, admire silently, Rupert Tucks Inlet and its rocky bays.

The winter is over. The hall-but fleet overhauled and painted, lines up to gather in the bait. The fishing season is nearing. Soon the boats will move up Metlakatla Passage; others down Hecate Strait.

The harbor is teeming with halibutters and salmon trollers, the air is full of sounds, from boats rushing out to the fishing grounds. After a winter's rest, it is a joyful race for the hardy fishermen to move out where fish is copiously found.

Prince Rupert has become famous with the largest of North America's fishing plants. That it is the largest and richest fishing ground everyone grants. Out of its spacious stream-lined railway yards move fish and (celanese?) laden trains; while others, fully loaded, move in to fill the elevator with prairie grains?

The Americans have proven its worth as an ocean port. It took a war to see Prince Rupert wake up from its 30 years sleep. And it is for the Rupert pioneers to enjoy the sight of dozens of freighters moving in from the ocean deep.

The pioneers who died and failed to see Canada's northern gate develop have suffered Canada's roughest deal.

Premier Mackenzie King should remember his endorsement of Sir Wilfrid Laurier's pledge and know how the pioneers feel.

—ONE OF THE FEW PIONEERS.

USE ALARM BOXES

Editor,
Daily News:
Wild rumor is about town to the effect that a considerable delay occurred in advising the Fire Department of the Clapp Building fire and that a certain person ran or drove from the building on fire to the Fire Station to give the alarm.

There was no delay. I would like to state that I received the alarm from the Telephone Exchange who knew that we were at the Corner Cigar Store via a policeman from the Police Station and as we were on the point of returning to the Fire Hall, no time was lost in responding.

However, the real reason of this letter is to emphasize the fact that the person reported to have given the alarm in person, passed up three fire alarm boxes in doing so, any of which he could have used, the nearest being within 50 feet of the Clapp Block.

This is an excellent opportunity to again urge that all our townfolk should familiarize themselves with their nearest fire alarm box. That method of giving the alarm is the most simple and direct. There can be no confusion or misdirection by using it.

The system is maintained by the city to be used by our people at the time of emergency and I cannot too strongly urge that it be so used.

H. T. LOCK,
Fire Chief.

MANY ATTEND HER FUNERAL

Many Attend Final Rites for Mrs. Frances Turner

TERRACE—Funeral services for the late Mrs. Frances Turner, who passed away early Tuesday morning at her home here, were held on Friday by Brigadier J. T. Gillingham of the Salvation Army, Prince Rupert. The large attendance and the many beautiful floral tributes gave evidence of the esteem in which the young woman was held.

The first service was conducted in the morning at the Turner home. Then the remains were removed to the home of her father, Chief Walter Wright of Kitseas. A short service was conducted there and two other services were held in the village, one at the Salvation Army Hall and the other at the Christian Band of Workers' Church. At the interment service George Wright, brother of the deceased, spoke.

Hymns sung during the services included "The Lights of Home" by Rev. and Mrs. Graham of the Pentecostal Assembly and "The Night There" by Mrs. Gillingham.

Mrs. Turner was 38 years old. She had spent her life in and around Terrace and attended school here. She was a member of the Pentecostal Assembly Young People's Club. Her husband and two children survive.

FURS ARE SCARCE HERE THIS SPRING

This is the reason that the results of the winter trapping along the coast are beginning to come in. Mink, martin, beaver, are somewhat scarce for many of the native trappers have been indifferent. Today's prices are not at all like the fancy quotations of a few years ago.

You saw it in The News!

The total number in circulation during the month was therefore 1,966.

The library is playing an important part in the city and it is a good sign that so many of the public make use of it. Its comfortable commodious quarters in the Civic Centre no doubt have added to its popularity. The resources of its reading room are becoming more widely appreciated and the many books of reference no less than the large number of periodicals attract an ever increasing number of users.

A Splendid Work

INSPIRED by the splendid gymnastic displays presented at the week-end, a few words of appreciation of the fine work which is being carried on among the young people by the Rup Rec organization at Civic Centre here are, we think, very much in order. We would like to congratulate Neil Ross, physical training director, and his associate, Miss Doreen Edmunds, whose talent and personality were so amply reflected in the accomplishments of their 250 or so proteges. The leaders and others who assisted the directors are also entitled to a modicum of appreciation for their real and splendid service in this health and strength promoting work among the young folk of the community.

This is one of the outstanding functions which makes Prince Rupert's Civic Centre so worthwhile.

A BORN SOLDIER?—WAC Captain Dorothy Smith Hentic, who created an unimpaired stir by having her baby while still in the U.S. army, is shown with her son, Yves Frank, as they arrived in New York from Europe. Capt. Hentic, who spent 47 months in Europe as an intelligence officer, married Lieut. Pierre Hentic, who fought with the French underground. She was slated for discharge last October but because of a gland ailment was kept in the army for medical observation and treatment. During her stay in a Paris military hospital, Capt. Hentic gave birth to the boy and soon afterward the army ordered mother and son transferred back to the United States. Now Capt. Hentic is wondering when she and her son will be separated from the service so that they can join her husband who is serving with the French army in Indo-China.

Another Tulsequah Property Is Active

Now that there is resumption of operations at Tulsequah in Northern British Columbia, survey work is in the hands of J. C. McLean who has arrived from Kimberley. The property is being developed by the Consolidated Mining and Smelting Co.

NEW Streamlined Plumbing Fixtures

NOW AVAILABLE — FOR IMMEDIATE DELIVERY
Good news at last! After many years we now offer you genuine cast iron, triple coated enamel bathroom fixtures and kitchen sinks. Imported from U.S.A. these handsome models are masterpieces of beauty and durability.

A. Modernistic rim seat cast iron recess tub. Complete with chrome overrim fixtures, waste, overflow. Weight app. 435 lbs.

44 1/2" ft. size \$103.50
54" ft. size \$106.00
54 1/2" ft. size \$107.00

Pressed steel enamel recess tub
5 FT. Complete less shower, \$88.00
NOTE: Specify right or left outlet.

B. Cut Corner cast iron enamel basin 17"x19" with faucets and trap. Weight 90 lbs. \$31.50
Size 18"x20" \$32.75

C. Vitreous china close couple low compact 2-piece closet set, white seat. Wght. aprx. 100 lbs. \$52.00

D. U.S.A. heavy galvanized hot water range boilers. 30 gal. \$15.95

E. White streamlined toilet set. Best grade fittings. White toilet seat. Approx. shipping weight 100 lbs. \$41.50

F. Acid resistant cast iron enamel drain board sink. Chrome plated. Swing faucets. Dual strainer and trap. Weight 260 lbs. Size 20"x42" \$53.50 (Specify right or left hand drain board). If fittings not required deduct \$10.00

All Prices F.O.B. Winnipeg. For prompt shipment, include money order. Deposit required for C.O.D. orders.

BESNER BLOCK THIRD AVENUE

\$10 DONATION BY CHIEF "OUT OF GRATITUDE"

A \$10 contribution by Fire Chief H. T. Lock to the Mayor's Fund to aid the dispossessed victims of the double apartment house fire which left 29 people homeless early Friday morning was accompanied by the following comment by Mr. Lock: "I feel very lucky to be here to give something to help these people out. I'm glad to be able to make this token of gratitude."

Fire Chief Lock narrowly escaped from the fire with his life after he was trapped in the burning basement by falling debris. Unconscious, he was rescued by Roy Levin, an occupant of the destroyed Clapp Block, and Police Sergeant L. A. N. Potterton. Levin carried him to the edge of the burning mass where he was taken to safety by Sgt. Potterton.

CULTURAL SOILS OF TERRACE VALLEY; OPPORTUNITIES OUTLINED

Cultural soils of the Terrace district are divided by a provincial government survey into four regions — Lakelse, Kitsumgallum, Skeena and Skeena. Of these, Lakelse soils, which are said by the survey to resemble in some respects the Cowichan soils of Vancouver Island although having slightly higher moisture efficiency, comprise 15,500 acres. "These are the most extensive agricultural soils in the Lakelse-Kitsumgallum valley and occur within easy access of Terrace," says the survey. Lakelse soils, of which only a small acreage has been cultivated, are mellow, easily worked, productive and well adapted for a variety of uses. Forage crops are the main crops now grown. Orchards undoubtedly could be made to produce satisfactorily as well as profitably with improved management and cultural treatment.

The Kitsumgallum Association consists of 34,400 acres. "There is a possibility," says the report, "that finer textural types in this association may be successfully used for fruit trees, berries, fruits, vegetables, etc. providing care is used in the selection of site and suitable fertilizers and soil management practices are adopted."

The Skeena Association soils cover a relatively small area in the Kitsumgallum-Lakelse Valley. In general they occupy high-lying, well drained terraces. Total acreage of this association is placed at 7,300. "The percentage of cultivated land in the Skeena Association is small but contains the largest acreage of improved land in the Kitsumgallum Valley. "The cultivated lands are devoted to a variety of crops. Oats, hay crops, and pasture represent the major crops. High quality potatoes are grown but only in sufficient quantities to satisfy home needs and to a certain extent the local market. "A number of farms have devoted a small acreage to such crops as apples, pears, plums, cherries and small berries. The yield and quality of these special crops vary with seasonal conditions and management practices. "The Skeena soils have a high potential value for tree fruits and berries. The good drainage, the deep open subsoil are characteristics of a good orchard soil. With the large and increasing market at Prince Rupert, a general increase in vegetables, roots and all farm crops, as well as dairy and poultry products, would undoubtedly be profitable. "The Rens Association consists of 6,500 acres and miscellaneous soils in the Terrace area are placed at 2,000 acres.

John Christensen returned on the Coquitlam Sunday night from a two week's visit to Vancouver.

Women's Canadian Club nominations meeting, Tuesday, April 29, at City Hall, 2:30 p.m. (1)

Miss Alice Barbe returned on the Coquitlam Sunday night from a holiday trip to Vancouver.

Owen McFadden, well known Portland Canal mining man, passed through the city last night on the Coquitlam returning north after a business trip south.

Dr. and Mrs. Neil McNeill, formerly of Prince Rupert and for years residing in Vancouver, entertained Sunday afternoon at the Royal Vancouver Yacht Club. Presiding at the urns were Lady Heathcote and Mrs. J. W. Manson.

As local gardens become more in evidence, so do mischief making proclivities increase. Residents complain of flower beds trampled and torn, buds and blooms pulled out entirely or damaged and neat little plots of ground made an eyesore.

W. J. Raymond, former editor of the Evening Empire, who has been occupying rooms in the Empire Building for a number of years, is moving this week to the Bayview Hotel. The Empire building has been sold to Sheardown brothers.

See photos of Rup Rec show in window of Rupert Radio and Electric. (101)

Moose whist drive and dance every Saturday night, 8:30 p.m. (98)

Dr. Joseph T. Mandy, former resident mining engineer here and now located in Vancouver, was in the city aboard the Coquitlam last evening going through to Stewart for a week's visit in a consulting capacity.

Mr. and Mrs. R. G. Lovin, accompanied by Mrs. Arvid Mattson, will sail by the Princess Adelaide this evening for Vancouver. Mr. Lovin is making a business trip in connection with replacing the losses sustained when his premises and stock were destroyed in the Clapp Block fire.

Mrs. Margaret Gottschamer with her son, Mark, and mother, Mrs. Lonnie MacIntosh, all from Juneau, were here last week aboard the Princess Louise en route to Houston, Texas, to join Mr. MacIntosh, who has been transferred south. He is Special Narcotics Agent for the U.S. Treasury Department. The new home of the family will be in Houston.

J. A. Findlay of the local Indian Agent's office left at the end of the week for Massett where he will become acting Indian Agent in place of B. T. Phillips who is retiring. Mr. Phillips will continue to reside at Massett.

Hugo Kraupner returned to the city on Saturday night's train from a business trip to Terrace.

Mr. and Mrs. Dusenbury came north from Vancouver to Tallheo cannery in Rivers Inlet on the steamer Catala at the end of the week. Mr. Dusenbury is manager of Tallheo cannery.

Mrs. Godfrey Lomas of Vancouver Island, Blue Pointed Guider, high rank in the Girl Guides' movement, arrived in the city on the Princess Adelaide this afternoon from the south, accompanied by her daughter. They are guests of Mrs. J. B. Gibson at Bishop's Lodge. Mrs. Lomas will visit the various Girl Guide and Brownie groups during her stay here and will proceed to Prince George and other interior points on Wednesday evening's train.

Sergeant Otto Nordling, who spent some time in Prince Rupert during the war, is now at Camp Borden, Ontario, taking a special two months' training course. Sergt. Nordling, since leaving here, visited the Philippine Islands. He hails from Dawson, and in the north served as bank employee and was also interested in mining and publicity work. During his absence at Camp Borden Mrs. Nordling is remaining on the coast.

TORNADOS SWEEP MIXED LEAGUE

In the mixed "A" division of the spring five-pin bowling league, Tornados blasted a clean sweep, winning three games straight and leaving the Dodgers crouched behind a goose-egg when the storm was past. They were the only three-game winners of the session.

Zephyrs took two games from Highway Service, Cougars won two over Sureshooters and Screwballs captured two games from Cuckoos to complete the evening's play.

R. Tubb of Cougars was high scorer both in the single and triple men's tally. His high single game score was 261 with 637 for the triple. Ladies high scorer was Evelyn Bussey who led the single game scoring with 244 and also bowled the highest three game score of 617.

A survey of the team scoring revealed that Tornados bowled the highest single game with 1,111 while Sureshooters rolled the highest three-game total, 3,228.

Rup Rec Display Again Impressive

Another large audience at the Civic Centre gymnasium was impressed Saturday night by the splendid display of the physical and recreation activities by 250 young folk of the Rup-Rec department of the Centre. The proceedings were opened with a brief address by J. C. Gilker, president of the Prince Rupert Parent-Teachers' Association, who emphasized the importance of thus promoting the health and strength of the young people, congratulated the directors and leaders and spoke appreciatively of the existence of the Civic Centre which made such work possible. R. G. Moore, principal of King

Edward School, acted as announcer for the evening. There was generous response to another collection for sufferers in the week-end apartment house fire in the sum of \$67.65.

CATHOLICS RALLY AID FIRE VICTIMS

Prince Rupert's Roman Catholic congregation Saturday night put the Christian spirit into concerted application by sponsoring a shower for four of their members who lost their household and personal effects in Friday morning's Clapp and Shortridge apartment house fires.

Donations of household goods, including linens, dishes and other articles, and also money, received from scores of people, many of whom attended the function in the Knights of Columbus Hall, and from others who were unable to attend.

Sympathy for their circumstances was expressed by Father J. Carroll on behalf of members of the parish and Father Carroll was requested by the fire victims to convey their gratitude to those who had rallied to their assistance.

The shower was concluded by a luncheon prepared by Mrs. L. Doiron, Mrs. J. Bouzek and Mrs. Joseph Garon of the Catholic Women's League, which sponsored the shower.

WARS AND SLUMPS

(continued from page 1)

pared with a long-term target of a 75-per-cent increase. There is still a big over-all deficit in the nation's overseas accounts, and it is most serious in Canada and the United States from which the United Kingdom must get half its imports. The Second World War made Britain a debtor nation instead of a creditor.

DEPRESSION CYCLE

But it is necessary to go back to 1914 to get the full picture. The First World War cost Britain almost £8,000,000,000. It was followed by a short-lived boom, a depression, another boom and another depression.

Basic industries, already out-of-date in comparison with their foreign competitors, carried out little reorganization. Mass unemployment reduced the need for greater mechanization. Prosperity was returning in the late '30's under the spur of war preparedness, but even then exports were less than imports, the difference being met by "invisible" exports such as investments abroad and shipping services.

And, when the Second World War, came, Britain had not yet fully adjusted itself to the new economic situation created in 1914-18.

Today the country's economy is "more battered and distorted" than it has ever been, says Sir Stafford Cripps, president of the Board of Trade. There is not enough manpower to produce as much as the United Kingdom needs, unless there is increased factory mechanization and modernization—all of which takes time.

"The central fact of 1947," said last month's economic White Paper, "is that we have not enough resources to do all that we want to do."

"To get all we want, production would have to be increased by at least 25 per cent. This is clearly impossible in 1947."

THIS AND THAT

"Say, Mr. Ellis, it's pretty late! Don't you think you ought to be in bed?"

DRAMA IS POIGNANT

"Devotion," feature picture tonight and Tuesday at the Capitol Theatre, is the stirring romance of two sisters who fall in love with the same man. Ida Lupino and Olivia de Havilland are the sisters and Paul Henreid is the man, a curate in the parish of their father, played by Montagu Love.

It is actually the story of the romantic life of Charlotte Bronte, who wrote the famous novel "Jane Eyre" and her sister, Emily, who wrote "Wuthering Heights." Arthur Kennedy has the role of the erratic brother of the two girls whom they believe to be a genius but who turns out to be a failure. Scandal and poignant drama enter into the narrative.

MOOSE WHIST DRIVE, DANCE

Regular Saturday night Moose Lodge whist drive and dance held in the Moose Temple attracted a large number of members and guests at the weekend. The whist drive was directed by William Ferry, entertainment committee chairman, while W. D. Weiss was master-of-ceremonies at the dance which followed.

Ladies' whist prizes were won by Mrs. Sahlstrom and Mrs. J. Ratchford while Carl Davidson and John Mostad won the men's prizes. Distribution of prizes was made during an intermission in the dancing, when refreshments were also served.

Committee in charge consisted of William Ferry, Percy Bond, Everett Morrow, Malcolm Blair, Joseph Ratchford and Joseph Long.

NEW BOOKS FOR LOCAL LIBRARY

Several new books of current interest have been added recently to the shelves of the Prince Rupert Public Library as follows:

"Harvey Custanz" (John F. Fulton), "Hell Hath No Fury" (John Fleming), "Pick Your Victim" (Pat McGill), "Tangled Trail" (Roy Manning), "The Kenneth Roberts Reader" (Kenneth Roberts), "The Black Key" (F. Michel), "The Angelic Avengers" (R. Andrezel), "Three For Bedroom C" (Goddard Lieberman), "Where Two Way Met" (Grace Livingstone Hill) "White Man" (Peter Freuchen).

OLDEST INN CLOSED
ANNAPOLIS ROYAL, N.S. (AP)—The oldest hotel in this town in Canada, the Annapolis hotel, closed its doors recently. As Sinclair's Inn it was opened in 1740 and it is said the first Masonic meeting in Canada was held within its walls.

HAM PURCHASES STORK BUILDING

The Second Avenue Building formerly known as the Stork Block which during the war was used as a Salvation Army servicemen's hostel, has been purchased from War Assets Corporation by the Prince Rupert Supply Co., Alderman C. G. Ham, company proprietor, said this morning. Alderman Ham said that he plans to move into the newly-purchased premises about May 15. In the meantime, alterations are being made to the building which adjoins the Prince Rupert Hotel.

NATIVE COUPLE ARE WED HERE

One of the most colorful wedding ceremonies of the season was solemnized at 3 o'clock Saturday afternoon when members of two prominent native families were joined before Rev. R. A. Wilson in First United Church. Close friends of both families attended the rites.

Principals were Miss Zora Annie Haines, daughter of Mr. and Mrs. Eddie Haines, of Kincolith, and Charles Edward Alexcee, son of Mr. and Mrs. Charles Alexcee, of Port Simpson.

The bride's entourage included eight maids of honor and two flower girls, all gowned in lovely pastel floor-length dresses. Matron of honor was Mrs. Florence Stewart, of Kincolith.

The bride looked charming in a gown of rich, white satin, with floor-length veil which formed a halo on her head.

Groomsman was Frank Alexcee, of Port Simpson, uncle of the bride.

Following the ceremony, the wedding party was host to 75 friends at a reception held in the Commodore Cafe.

CHICAGO MAN IS DELIGHTED WITH RUPERT

Mr. and Mrs. A. S. Griffiths of Chicago sailed last Thursday night for Vancouver enroute home after a four day visit here in the course of which Mr. Griffiths went on a steel-head fishing trip to Cloyah Bay which was a climax to his impressions of delight in regard to the scenery and the general

surroundings of Prince Rupert. Mr. Griffiths is a member of the same pharmaceutical firm in Chicago with which Howard Frizzell and Douglas Stork are identified and head of which was the late J. B. Roerig, also formerly of Prince Rupert. Mr. Griffiths was in Prince Rupert for three weeks last year. They plan on coming back again soon and often.

BIRTHDAY CAKE FOR T.C.A.: When Trans-Canada Air Lines celebrated its 10th birthday the smallest and largest passengers leaving Dural were seven-year-old Beverley Bower and Primo Carnera, both bound for Toronto. Beverley cut the big birthday cake for Primo and Stewardess A. G. "Pat" Collier.

SHIPS AND WATERFRONT

Her appearance definitely improved as a result of the heightening of her stocky funnel by seven feet which allows clearance of any smoke from her spacious sun deck. Union steamer Coquitlam, Capt. John Boden, returned to service on the Vancouver-Prince Rupert-Stewart route, arriving at 8:45 last evening from the south and sailing at midnight for Stewart and other northern points whence she will return here tomorrow morning southbound.

The crew. The Island Prince was towed to Vancouver.

C. P. R. Alaska liner Princess Louise, Capt. Graham Hughes, docked here at 4 o'clock Saturday afternoon southbound from Alaska ports carrying 78 passengers, 10 of whom disembarked here, planning to leave by rail to Canadian and American destinations. P. A. Hale is purser of the Louise.

NEW SEINER LAUNCHED AT SUNNYSIDE

A new Caterpillar diesel engine left Vancouver today for installation in a 47-foot seine-boat launched last Tuesday at Sunnyside Cannery by Alvin Leask of Metlakatla who designed and built the craft during the last six months. The boat will be in operation within the next few weeks.

Fellow fishermen who have watched the boat under construction, anticipate that she will be a sound, seaworthy craft, and will show herself to be both fast and handy at her forthcoming trials.

Name of the boat remains a secret until her christening, which will take place within the next couple of weeks, after finishing work on the hull is completed.

The new vessel is 47 feet long, with 15 foot beam. Her keel is of solid fir, measuring 10 by 14 inches, and her keelson, also of fir is 10 by 16 inch dimensions. Six bilge stringers of three-by-eight-inch plank run the length of the hull. She has two-by-three inch oak ribs covered by two-inch fir planking.

The fine vessel was designed and built by Mr. Leask, who is one of the youngest accredited boat builders on the coast. A Metlakatla native, Mr. Leask passed his mariners' tests in Vancouver in 1943 and at the same time won a scholarship in marine architecture. He was 25 years old at the time.
