# Transport Is Revived

VANCOUVER (CP)-Hope grew today that the twenty-day-old mystery shrouding the fate of the missing TransCanada air liner might be solved, with at least one of the fifteen persons aboard found alive, as telegraph operators at Ashcroft and Lytton reported picking up messages purporting to come heard late Saturday night. It said "this is the lost T.C.A. BULLETINS plane." The second was heard north of Coquitlam."

FIRST MEN FROM JOB-POOR MARITIMES ARIVE AT BRANTFORD, ONT.-Forty-four young men from Nova Scotia and Cape Breton Island, the vanguard of an estimated 2,000 workers to be moved from the Maritimes to Ontario by the Employment Service of Canada, have arrived in Brantford, Ont., to take jobs with the Massey-Harris Co. They met people they knew from "back home.". Walking through Massey-Harris plant, Bill O'Connell, right, saw Helen March, a neighbor from Sydney, N.S., who has been operating a drill at the plant since early war days. She went to Brantford as war worker. With O'Connell and Miss March are Stan McDougall, second from left, and Stan Bye, M.P., left, member of company's personnel staff who escorted the Maritimers around.

ice at the First United Church In the potter's molding of clay Jeremiah saw a striking similarity to the handiwork of God as He worked with men and nations. If a flaw appeared in vessel the potter was turning on his wheel he must remove the clay, remix it and try again. So it was with God and men. He molded men but often a blemish in the form of sin appeared. But God and only God could remove the stain from man's soul Though man may sink to the very lowest level he might still reach the very heights if he would but submit himself to the hands of God. LANTIGEN "E" contains extracts of pollens of grasses, weeds, and spores of Canadian origin to which Hay Fever sufferers in Canada are usually allergic. Sufferers from Hay Fever are well advised to start taking LANTIGEN "E" about a month before their usual attack begins. The severity of the attack may be greatly reduced, if not eliminated entirely, when LANTIGEN "E" is taken as directed. Since bacterial infection of the upper respiratory tract frequently occurs with Hay Fever, LANTIGEN "E" combines he antigens of these organisms, a vaccine, with the pollens of grasses, weeds, and spores.
