## Rising Prices Are Casting Economic Shadow

### Canadian National Employees Seek Increase

#### Would Cost System Ten Million Year, Transport Commission Is Advised

OTTAWA (CP)—Canadian National Railways employees are negotiating for new wage increases per concessions that would cost the system \$10 million yearly, the Board of Transport Commissioners was told today. It is not known whether the Pacific Railway employees are also seeking increases.

The provinces, all except Ontario, Quebec and British Columbia, had urged that the 1920 order-in-council, declaring the Canadian National Railways requirements should not be considered in setting rates at that time, still held good in principle.

#### FIRE RAZES 4,000 HOMES

TOKYO, (AP)—A wind-driven fire which raged through the inland city of Lida, 100 miles west of here, was extinguished by rain today after it had destroyed almost 4,000 houses and left 17,000 persons without shelter. The Japanese Kyodo news service carried an unconfirmed dispatch that three had died as a result of the fire, and that 56 were injured.

PRINCESS ELIZABETH—Today she received congratulations from all parts of the Empire on her twenty-first birthday. In an Empire message broadcast from Capetown this morning, the heiress-presumptive to the British throne pledged that she would devote her life to the service of the commonwealth.

#### Suitcase of Cash Buys China Nylons

VANCOUVER, (AP)—Ladies, if you want nylon stockings, they are plentiful in China at \$5 to \$9 a pair in United States currency. When purchased with Chinese dollars the price tags range from \$60,000 to \$108,000 and a suitcase is needed to carry the amount.

Miss Zella Ward of North Vancouver recently returned after a five-month visit to the Orient, said, "there are many things offered in Chinese shops that are in short supply here—but at a price."

#### SEVEN ALASKA CITIES AFFILIATE WITH CENTRAL B.C. ASS'D BOARDS

Following the decision of the Associated Boards of Trade of Central British Columbia to admit Alaska cities and towns to associate membership, no less than seven important communities of the territory which now essays full statehood have joined up, it became known when the executive of the Associated Boards had a session at Terrace last week-end. These Alaska communities are Ketchikan, Juneau, Petersburg, Wrangell, Haines, Cordova and Fairbanks.

#### LABOR GROUPS DISCUSS MERGER

WASHINGTON (AP)—The American Federation of Labor executive council today invited the C.I.O. peace committee to confer here on Thursday on the merger of the two big labor organizations. William Green, A.F.L. president, announced the invitation after a council meeting discussed general problems, including the prospect that Congress will enact sharp legislation on labor union activities.

#### SPEED TO BURN

The white-tailed deer can run at a speed of 50 miles an hour for short distances.

#### DEPUTIES IN ACCORD ON AUSTRIA

MOSCOW, (AP)—Deputy foreign ministers of the Big Four reached agreement today on a clause of the draft treaty covering the withdrawal of Allied troops from Austria. The clause is in regard to restitutions to be made by Austria and has been agreed upon with the exception of one point relating to railway transport. Agreement also was reached on the first point of a clause regarding Austrian property on United Nations territory.

Meanwhile, Foreign Minister Molotov, speaking after State Secretary Marshall had discussed the shipment of United States food for Trieste, said today he feared that external assistance to the free territory might mean outside interference in its affairs.

Marshall told the Big Four that the United States would be able to supply food to the people of Trieste if congress passed pending international relief legislation.

#### WALLACE HITS AT CHURCHILL

COPENHAGEN, (AP)—Henry A. Wallace, in a speech here today, voiced disagreement with Winston Churchill's contention that British-American disarmament would bring on a third world war and declared that "harmonious economic approach is the road to peace."

Churchill had contended that another war is "inevitable if Britain and the United States were to follow a policy of appeasement and one-sided disarmament" which brought about the last war.

#### LEOPOLD TO BE CLEARED

But Commission Is to Recommend It Would Be Better If He Were Not King

NEW YORK (AP)—The New York Times said today in a Brussels dispatch that the "troubling question" of King Leopold of Belgium may soon be clarified with publication of a report prepared by an impartial commission which had been instructed to study "the attitude of the King since 1936."

Opponents have charged that Leopold, who ordered the surrender of the Belgian Army in 1940 shortly after the Germans invaded his country, had betrayed the country.

The Commission, it is believed, will clear the King of major charges but recommend that his abdication would be in the best interests.

#### Rustic Fun Motif Of New Bedspread

NEW YORK, (AP)—Hand-woven bedspreads and wall hangings in which sampler-like designs record the gaiety of a circus, the pace of a square dance, or prize-winning pigs at a country fair stand out here in an exhibit of fabric designs by Alexander Crane.

Brilliant colors carrying out the excitement of the circus were woven into a children's blanket after Mr. Crane took his small daughters to a performance. A dancer atop a grey horse waves a green scarf while a pair of graceful seals complete the panel.

#### THROWN UP

Volcanoes created many of the islands in the Caribbean.

## President Truman Appeals To Various Sections; Urges Moderation by All People

NEW YORK (CP)—President Truman, cautioning that the economic situation in the United States is "acute," appealed today for united effort to bring prices down and prevent depression. He told members of the Associated Press that there must be "moderation on the part of business, forbearance on the part of labor, all-out effort on the part of the farmer and wise guidance and action on the part of the government."

#### HOLD YOUTH IN SLAYING

SAULT, STE. MARIE, (AP)—A 19-year old youth was charged today with murder in connection with the double slaying of a mother and her two-year old son who were shot to death at Pancake Bay, summer resort 72 miles north of here.

#### Bulletins

##### IN SECRET SESSION

MOSCOW—The foreign ministers' council went into semi-secret session today in a desperate final effort to break the deadlock on the Austrian treaty. The action followed a declaration by Molotov of Russia who renewed his opposition to including in the Austrian treaty a clause guaranteeing Austria's integrity.

##### PALESTINE TROUBLE

JERUSALEM—Two ropes fashioned into nooses were found by British authorities today near the spot where two military jeeps were ambushed in Jerusalem by men believed to be members of the Jewish underground. There have been fresh outbreaks of anti-British violence following the execution of four underground members last week.

##### VICTORIA ROBBERY

VICTORIA—National Motors garage office safe was cracked last night and \$5000 in cash and checks was taken.

##### DEATH CALLS DANISH KING

COPENHAGEN (AP)—King Christian of Denmark died Sunday night. The popular ruler of Denmark for the last 35 years, died in Amalengborg castle after an illness of 15 days. He suffered a heart attack on April 6.

Crown Prince Frederik automatically succeeds his father, and becomes King Frederik XI. The king lapsed into a coma eight hours before his death.

#### WANT HIGHWAY TO BE CLEARED "IMMEDIATELY"

Opinion that the Kwinitsa snowslide could be removed "in short order" by public works crews was expressed by some Prince Rupert motorists who drove to the slide on Sunday. More than a dozen cars made the trip, finding the road in fair shape after being cleared of its winter mantle of snow.

"It's not as bad a slide as the one that came down a year ago," said Alderman T. N. Youngs, who made the trip Sunday. "It could be cleaned up in short order if crews were put to work on it."

#### SEEKING AID FOR HIGHWAY

Associated Boards of Trade of Central B.C. to Seek Wider Support for Prince Rupert-Alberta Road

Executive of the Associated Boards of Trade of Central British Columbia, in session at Terrace at the end of the week, heard latest correspondence from the provincial government at Victoria in response to representations emanating recently from Prince George seeking completion of the missing ninety-mile link in the northern trans-provincial highway between Sinclair Mills and McBride. The latest word is that surveys for the route of this road are to be undertaken during the coming season and this information was received with satisfaction.

#### CONCERTED DRIVE TO OPEN HIGHWAY

Mr. Boddie said that he felt that the people of Prince Rupert and Terrace should get together and start a drive to have the Kwinitsa slide cleared away immediately despite District Public Works Engineer J. C. Brady's statement that the road probably could not be opened for through traffic before May 24.

Except for one place just west of Tyee, where there is only a single traffic line through the snow banks, and a similar spot near Skeena station, the road is open and in good shape, both Mr. Youngs and Mr. Boddie agreed.

"If a grader were put on it now, it could be made into a fine road," Mr. Boddie said.

#### HALT DRAGGING FOR BODY OF YOUTH

Dragging operations for the body of youthful Sten Dideriksen who was drowned Friday night in the Skeena River near Carlisle Cannery, were halted Sunday after two days of unsuccessful grappling. The search was led by the provincial police boat P.L.M. 15, with boats of the Canadian Fishing Co. assisting. The latter, however, are continuing to search the shore and sand bars. The youth was pulled overboard when he was caught in the anchor chain as he dropped the anchor of the fish packer Skedans near the Carlisle wharf.

#### THE WEATHER

Synopsis  
An extensive high pressure area off the British Columbia coast is resulting in clear weather throughout most of B.C. Continued fine weather is in prospect for tomorrow. Clear skies resulted in frosts throughout the interior of B.C. last night.

#### Forecast

Prince Rupert, North Coast and Queen Charlottes—Cloudy today. Tuesday—Overcast with intermittent light drizzle. Northern Section—Winds light, little change in temperature. Lows tonight—Port Hardy 36, Massett 38, Prince Rupert 38. Highs Tuesday—Port Hardy 55, Massett 50, Prince Rupert 43.

C. A. Berner, divisional superintendent, and R. G. Davidson, divisional engineer, Canadian National Railways, returned to the city on Saturday night's train from a week's trip to the interior as far as Jasper Park on official inspection duties.

GIVING AWAY \$80,000,000—Hugh Roy Cullen, wealthy independent oil operator of Houston, Tex., and his wife, Lillie, who have announced a gift of oil estimated at 30,000,000 to 40,000,000 or more barrels, worth \$80,000,000 at current prices, as a foundation fund for Texas educational, medical and charitable institutions. They said they "selfishly" wanted to see their wealth put to use while they lived. They previously gave several million dollars to Houston hospitals.

HOW MUCH TIMBER

FOR MANY YEARS agitation has been evident against the policy of the provincial government allowing timber to be cut without regard to perpetuation of the industry that is one of the main pillars supporting the economy of British Columbia.

It will take some months at least for the department to work out a process by trial and error methods and regulations in accord with the policy laid down by legislation.

But there ought to be general satisfaction that at long last the government and the Legislature have made a start on a system of cutting our timber resources that will ultimately ensure the permanency of the industry and employment therein, and avoid the repetition of a temporarily booming lumber town succeeded by a ghost town and no employment.

In this column over a year ago we warned against a policy that might destroy the small operators, long before the Bill was in the Legislature. We then wrote:

"There must also be considered the effect upon small operators in the interior should the sustained yield policy be enacted. Some thought must be given to working out a method by which the small operators are not ruthlessly put out of business. The small operators as a group are usually better up-builders of towns and villages than at least some of the larger operators who maintain closed towns . . . Unless the local millmen look out and present a practical method of the government by which they can operate under the new forest policy recommended by Mr. Justice Sloan they will find themselves out of timber and out of business."

It is surprising to find at this late date, now the Legislature has prorogued, the Vancouver Sun belatedly comment editorially that "small operators should get a special opportunity to draft a workable scheme for their own protection." We do not recall the Sun backing up our claim for the small operator before the Bill was drafted.

It is more surprising to find members of the Legislature who had ample opportunity in the House to make suggestions and amendments to the Bill now make the gloomy prediction that all is over for the small operators. Foresight is more necessary than hindsight.

But the outlook is not as hopeless as those who slumbered but now are prophets would make it appear. For in the Bill passed subsections 31 and 32 (a) of sections 12 provide, in summary, that where a sawmill or other forest industry is already established a license to cut Crown timber within a forest management license area may be granted, at an appraised stumpage and without public competition.

These are important provisions to established small operators who may want to remain permanent operators.

There are parts of the country where far more operators have sprung up during the present boom than the area in which they log can sustain on a permanent basis. The excess operations would have to move sooner or later whether or not there is a forest managed area created. Most of them know that and have doubtless prepared for the end of their present timber supply.

We can not keep the cake and also eat it. If our lumber industry is to be on a basis that will achieve the purpose of growing continuously and perpetually successive crops of forest products to be harvested annually, then control of timber to ensure a perpetual supply is necessary for permanent operators, permanent communities as well as for the province of British Columbia.

Any area which has more sawmills than the area can sustain on a permanent basis must face the fact that sooner or later it will be denuded of both sawmills and timber, and the communities supported by the industries will become shadows of their former selves.

PREACHER HITS RADIO APPROACH

SCARBOROUGH, England (P) — Rev. H. W. Kemshall, minister of Scarborough Unitarian Church, told his parishioners "the BEC is not helping the course of true religion by its religious broadcasts."

KNOCK FOOD RATION

STOCKHOLM, (P) — Referring to the introduction of rationing again in Sweden, the Stockholm-Tidningen, representing the People's Party blamed the government for failing to emphasize that the country could not escape the lack of goods—an inevitable result of war.

BUZZY FARMERS Bees are not exclusively occupied with honey-making—their chief job is pollination of crops.

SAILORS UNDER FOREIGN FLAGS ENVY CANUCKS

18,000 Seamen From Ports In Europe Man 500 Ships Under Flag of Panama

VANCOUVER (P)—Men doomed to roam the seas under foreign flags, their own fleets of merchantmen destroyed during the war, come to the port of Vancouver bringing with them tales of privation in their homelands and shocked by the luxury of Canadian life.

Typical is Vassilias Avonartitis, a Greek first officer on the S.S. Euripides flying the flag of Panama. He is one of 18,000 seamen from European ports now manning 500 ships under the flag of Panama.

"We are like poor relations, better kept out of sight and out of mind," said Avonartitis, who knows the hardships of post-war Europe. "You Canadians don't want to hear about the suffering of your former allies, as you called them during the war."

They see little hope in their homelands. Not for 10 years at least will misery and hunger be vanished.

Train Schedule

For the East—Monday, Wednesday, Friday—8 p.m. From the East—Tuesday, Thursday, Saturday—10:45 p.m.

COMMON SYMPTOM The common symptom of all anaemias is shortness of breath, as well as characteristic pallor. ENGLAND IN 14TH CENTURY

Letters to the Editor

QUEEN CHARLOTTE NEED

Editor, Daily News: Things are moving ahead on this Graham Island. My tax notice advises that my school tax is assessed for the Queen Charlotte District from which I take it we are to have consolidated schools over here and that means, of course, transportation for school children.

Leaving Cape Ball River, we have to travel the beach of Hecate Strait for four and a half miles and three miles of this along under high cliffs that preclude any possibility of travelling at high tide. Besides we have to cross Mayer Creek and that cannot be forded at greater than half tide when it is in full spate which is its condition practically all winter.

When we leave Hecate Strait beach we have to move over the flats of Tiel River for a further two miles, ford or ferry that stream in the vicinity of the old bridge site to reach our truck which we use from there on to Port Clements, 13 miles from there, or to reach Skidegate a matter of 26 miles with an additional 3 miles to get to Queen Charlotte City. So you see, we'd scarcely reach a school before it is time to return home!

Thirty-six years ago the Conservative government of the province built the bridge at the site on the Tiel where we now ford or ferry—ferrying is usually necessary in winter—and they built a pack trail passable for horses from the Tiel River bridge to Cape Ball River and bridged both Mayer Creek and Cape Ball River. The succeeding year—1912—they swamped out a full width road from the old Tiel bridge to Mayer Creek. No further work was ever done on the road as trail and the bridges were allowed to rot out and collapse and to further handicap Cape Ball residents the Tiel River bridge was rebuilt a mile further south and is not now accessible to us although it might be made so at any time but high tide by the removal of boulders and trees from the Tiel River flats and building a grade from the flats to the bridge approach level.

Of course, Hecate Strait does not afford us a thoroughfare because of the very generally rough water and the absence of even the smallest shelter cove.

Lack of roads more than any other thing has retarded settlement on what is probably the best part of Graham Island.

On Cape Ball River and for miles either direction is soil the equal of any in the province and only two lots are occupied!

When the first settlers came in here, they were encouraged to believe that a road would be built right up the East Coast and there was a road surveyed from the bench to south of Cape Ball River via the north Narrows of Mayer Lake that ran practically the whole distance through well drained forest land. Mr. Sandilands, then the government agent on the Islands, was certain that this latter survey would be the route of a road to Port Clements and at that time every one seemed agreed that the Mexican Tom Trail, roughly the route eventually followed for the East Coast-Masset Inlet road was altogether impracticable but residents now hope to see that road ballasted and made into a permanent and passable highway within the next ten years. Perhaps I should qualify that last statement—cars are going over this road but we hesitate to use it because of the ever present danger of picking up nails from the ancient plank tracks.

W. N. GIEGERICH.

PROSPECT BRIGHT

EDMONTON (P)—O. S. Longman, deputy minister of agriculture for Alberta, says that farm labor conditions in the province this year appear satisfactory. Mr. Longman is also chairman of the Dominion-provincial farm labor board for Alberta.

DEVIL NICOTINE Tobacco mosaic virus kept 28 years in a bottle was found still able to produce disease.

AN APPRECIATION

Editor, Daily News: I have sat back and heard the criticism and abuse aimed at Mrs. Ross Richardson on account of her interest in the inmates of the Pioneers' Home. It is too bad that the citizens feel that way. No doubt they have been too busy in social affairs to take an interest in the old people but let someone else do it and they are ready to criticize.

I happen to know of the work that Mrs. Richardson did here for these old gentlemen and if any of you wish to doubt my statement you may find your answers from the inmates of the Pioneers' Home.

Yes, it is true that they now have a new caretaker and a good one. The proof of that is the high praise bestowed on him by the inmates. Not long ago I met some of the old fellows and they told me of the wonderful change in the care of the home, the wonderful food, well cooked, and many other considerations that were making life so much more pleasant for them. One old chap said: "Pete is a wonderful

cook and he is so kind and considerate of us. His wife is so clean in her work and jolly in character that I just hope they will stay to take care of us old fellows for a long time."

Does Mrs. Richardson get any credit for this work? Well if criticism is credit or thanks she is well rewarded! I am sure the city council will agree with me that a little credit is due her. So far we have not heard anything about the good she has wrought nor of the money she has spent out of her own pocket when no one else was interested.

God help her to carry on her work—she really needs His help!

AN INTERESTED CITIZEN.

Smithers Physician Going to Scotland

Dr. L. M. Greene, physician and surgeon of Smithers, will be leaving the interior town in a few days to embark on the Aquitania for Edinburgh, Scotland, where he will take up medical post-graduate work. He expects to be away about six months. Dr. Greene is also vice-president of the Associated Boards of Trade of Central British Columbia, a post which he has agreed not to relinquish in spite of his impending absence from the district.

Mates Risk Death Find Jack Dead

BIRMINGHAM, Eng. (P) — Steeplejacks swaying 80 feet above the earth at the top of a Birmingham gas works chimney risked their lives to rescue Harry Turner, 47, wedged four feet down the stack. Turner, himself a steeplejack, had fallen into the mouth of the chimney. He doubled up and was trapped in a sitting position. After his mates had sweated to raise him to the top and lower him to earth, the doctor found Turner was dead when he fell.

The population of England in the 14th century was about 2,500,000.

SERVING CANADIANS THROUGH CHEMISTRY

Chemistry?

... I KNOW HOW TO SPELL IT!

WITH LITTLE GIRLS, chemistry is just a collection of letters. To them it's smart to be able to put them together correctly. But chemistry means much more than just a classroom spelling triumph.

A turn of the tap brings water purified by chemistry. The farmer grows good things to eat because his land is fertilized by chemistry. Frocks and other wearing apparel are coloured with dyes; their fabrics are improved by chemical treatment. Chemistry helps make many other things . . . brushes, paint, book-bindings, "Cellophane", nylon. Those colourful, useful plastics are also products of this great science.

And it's going to make others, for the chemical industry is always forging ahead on the trail of newer and better things . . . with the C-I-L Oval as the symbol of an organization devoted to serving Canadians through chemistry.

For Instance: "CELLOPHANE" THE SMART, modern packaging material that protects foods, cosmetics, fabrics and so many other things, shows them to advantage at the same time. "Cellophane" is a typical product of Chemistry, made by Canadian Industries Limited, Head Office, P.O. Box 10, Montreal.

### MRS. PHILLIPSON DIES IN SOUTH

Well known pioneer woman Passes Away in South

Mrs. Florence Phillipson, widow of the late A. J. Phillipson and herself a resident of Prince Rupert for many years, passed away yesterday in Vancouver after illness of a few years. She had lived for the past several years in Vancouver following the death eight years ago of her husband, "Pat" Phillipson, who was a well known fur dealer here.

Sixty years of age, Mrs. Phillipson is survived by three sons, Patrick Phillipson of Prince Rupert, Clement Phillipson of Victoria and Albert Phillipson of Smithers, and two daughters, Mrs. Charlotte Molar of Vancouver and Mrs. Harriet Pereira of Concord, California.

The funeral will take place in Vancouver tomorrow.

### Hotel... arrivals

Prince Rupert  
A. W. Dean, Vancouver; J. H. Herring, Prince George; W. E. McLean, Vancouver; Mr. and Mrs. J. Smithurst, Vancouver; Mr. and Mrs. O. Snell, Vancouver; A. C. Mitchell, Terrace; N. W. Fryer, Vancouver; T. Stevens, Vancouver; J. Rattray, Vancouver; R. Coburn, Prince George; H. H. Church, Vancouver; Earl Johannes, Vancouver; J. C. Howes, Vancouver; F. Jones, Butedale; Mrs. W. Hagen, Copper River; Mrs. A. Hammer, Copper River; L. J. Beasley, Vancouver; Mr. and Mrs. Lee Martin, city; T. Woods, Smithers; Miss L. Morrow, city; J. L. Lewis, Calgary; G. D. McLellan, Vancouver; C. W. Michiel, Terrace; E. Fairgrieve, Vancouver.

Henry L. Frank, pioneer settler and successful rancher of Terrace, returned to his home in the interior at the end of the week after having spent a few days in the Prince Rupert General Hospital receiving treatment for his feet.

Bruce David, infant son of Mr. and Mrs. Dean Miller was christened in Vancouver last week. The child wore the christening gown of his great-great grandmother. Among those attending the ceremony were Mrs. Miller's parents, Mr. and Mrs. G. W. Beveridge of Kamloops, and her brother-in-law and sister, Mr. and Mrs. Francis Stone, from Prince Rupert.

General meeting Prince Rupert Baseball Association, Civic Centre, Tuesday, 8 p.m. (93)

L. M. Felsenthal returned last evening from a business trip to Vancouver.

Jack Mair has purchased the cottage out the highway formerly owned by Jack Lindsay.

Mr. and Mrs. H. S. Whalen are sailing Tuesday on the Coquitlam on a ten-day trip to Vancouver.

Yesterday's cheerful weather brought a good many persons out of doors and they were on wheels, as well as on foot. Scores of cars went as far as Tyee and some covered a longer distance along the Skeena.

Mr. and Mrs. W. D. Griffiths and six-year-old grandson, Dennis Coulson, of Hereford, England, are guests at the home of Mr. and Mrs. Griffiths' son and daughter-in-law, Mr. and Mrs. Len Griffiths. They arrived in the city last week, and expect to be here for some weeks.

G. A. Hunter, president, and E. T. Applewhite, secretary of the Prince Rupert Chamber of Commerce, returned to the city on Saturday night's train from Terrace where they attended a field service clinic of the Canadian Chamber of Commerce last week as well as the regular quarterly dinner meeting of the Terrace and District Board of Trade.

Mr. and Mrs. J. Smethurst of Vancouver arrived in the city on Saturday night's train and will be here for a few days before proceeding south by boat. Mr. Smethurst is district manager of General Motors for the interior of British Columbia and drove through from Vancouver to Terrace last week with Mrs. Smethurst, visiting various other points enroute.

### DROPPING OF LIGHT RATES

Charges to Terrace to be Made Comparable with Smithers, It is Expected

TERRACE—The British Columbia Power Commission has given the Terrace and District Board of Trade encouragement that concessions in the way of more reasonable electric light and power rates may be expected here. At present Terrace electrical consumers pay a maximum rate of 20c per kilowatt hour.

The Power Commission advised the Board of Trade at its meeting last week that, while there cannot be uniform rates throughout the province as each district must be self-supporting in the way of meeting local operating costs, Terrace can expect a new scale soon. Indeed, the Commission is working on new rates for Terrace.

Recently power rates were materially reduced at Smithers, the maximum rate being dropped from 15c to 10c per kilowatt hour with next blocks at 2½c and 8c. The Power Commission has given no indication but there is reason to believe that the charge at Terrace may be dropped to 11c or 12c for the first block with 2½c and 8c for the second and third blocks.

### Wig-Wag Signal At Terrace Crossing

TERRACE—The Terrace and District Board of Trade was not satisfied with a letter received at its meeting last week from C. A. Berner, divisional superintendent, expressing opinion that a "wig-wag" signal was not justified by the volume of traffic at the level crossing of Lakelse Avenue over the railway tracks here. The request will be pursued further with the railway company.

### MANPOWER LACK HITS MONASTERY

WINNIPEG—Monasteries are feeling a manpower shortage. Father Marie Raymond, 27, business manager of the Trappist monastery, near St. Norbert, 10 miles south of here, says there is a pressing need for more monks.

There are 35 priests and lay brothers engaged in religious duties and handling the 1,600-acre farm at Notre Dame de la Prairie. These are not enough for the work that has to be done, he says, and 15 more are needed. The monks are agricultural specialists and have taken many prizes with pure-bred Holstein cattle. They have 235 head in the barns this year. Their 80 hives of bees produce honey sold in the market. They also make a Trappist cheese specialty.

Father Raymond says that despite abstinence from meat, fish and eggs, life at the monastery is healthy. Brother Alphonse, 89, who helped found it 55 years ago, is still in good health.

### THIS AND THAT

—And if you take that trip to France, I'll let you have my old army address book!

### Received Word Of Bereavement

TERRACE—Just as he was leaving here Friday by car for Smithers in the course of a tour of central British Columbia, Evan McCormick, manager of the field service division of the Canadian Chamber of Commerce from Montreal, received sad news of the sudden death of his sister, Mrs. P. H. Desrosiers, who had died suddenly of a heart attack at her home in Montreal. Mr. McCormick was able to get in touch almost immediately by long distance telephone with his mother in Montreal and it was decided that his itinerary should continue uninterrupted. His next field service clinic after here was at Prince George today and from Prince George he will fly into the Peace River district tomorrow. Mr. McCormick drove from here by motor car to Smithers with Dr. L. M. Green and party who had come to attend the clinic here.

### GROUNDHOG INFORMATION

Results of Old Surveys to Be Sought In Britain

TERRACE—Many years ago extensive surveys of the Groundhog coal fields were made on behalf of British interests and much information in regard to the area is believed to be in the possession of the British government. In the endeavour to obtain this information, Dr. L. M. Green, vice-president of the Associated Boards of Trade of Central British Columbia, intends on a forthcoming trip to Britain, to get in touch with the Department of the Secretary of State for the Dominions in London. The Associated Boards of Trade executive, at a meeting here at the week-end, agreed to arm Dr. Green with authority from the Associated Boards to take the matter up in London.

The Associated Boards will also communicate with Mrs. Maisie Armitage-Moore of Vancouver whose father, the late R. C. Campbell-Johnstone, made extensive surveys of the Groundhog coal fields and who recently, through the press, offered to make information she possess available.

The Associated Boards is at present engaged in a campaign to have interest revived in the Groundhog area in view of the impending new wide scale development of industries and natural resources of central and northern British Columbia.

### Army Building As Masonic Temple

TERRACE—Lakelse Lodge, A. F. & A.M., is another local organization which is to have a new home, using one of the buildings from the old Army camp for the purpose. The lodge has acquired the structure which had been provided by the Jewish women as a library for service men. The building, 20 by 60 feet, will be removed from the Army camp to lots on Lakelse Avenue where it will be renovated in the conventional way for lodge purposes.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE

IN THE MATTER OF THE ESTATE OF THOMAS KENNEY, OTHERWISE KNOWN AS THOMAS KENNY, DECEASED

IN THE MATTER OF THE "ADMINISTRATION ACT" TAKE NOTICE that by order of His Honour Judge W. E. Fisher, made the 8th day of April, A.D. 1947, I was appointed administrator of the estate of Thomas Kenney, otherwise known as Thomas Kenny, deceased. All parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 15th day of May, A.D. 1947, after which Claims filed may be paid without reference to any claims of which I then had no knowledge.

And all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

DATED this 9th day of April, A.D. 1947.

GORDON FRASER FORBES, Official Administrator, Prince Rupert, B.C. (94)

**Seasonable Ideas for Housekeepers**

**Read Labels When Buying Food Packaged; Worth While Knowing**

It is equally foolish to disregard the information given on the label of canned or packaged foods, as it is to drive recklessly along a strange highway, without looking at the signposts. Many homemakers when buying such foods do not bother to read the label. They trust to luck, which is always blind. The thrifty homemaker reads the informative material, printed on the labels for her benefit and buys by grade with confidence to assure the maximum value for every dollar spent.

No other country in the world has the privilege of buying so many foods, which have been graded and marked under supervision of the Dominion government. To buy with real economy and satisfaction, home economists say it is necessary for the homemaker to know the standards which have been established for the various grades.

All eggs sold in Canada are graded. The highest, grade A1, are eggs of the finest quality obtainable. Often, the supply does not equal the demand and the price is always high. Grade A eggs are also of excellent quality. Both these grades have a firm, jelly-like white which holds its shape, and are perfect for frying, poaching or cooking in the shell. In grade B eggs, the whites are thinner and may be used for baking purposes.

Canned fruits and vegetables are sold under three grades: fancy quality, choice quality and standard quality. In fancy quality, the product is as nearly perfect as possible in maturity and color, of uniform size and free from blemishes. Choice quality gives excellent flavor, but allows slight variation in size, color and maturity. In standard quality, good flavor and high food value are obtained.

The particular use of the canned fruit or vegetable will determine the grade to be purchased. Fancy quality should be used only for special occasions where uniformity of size and color is essential. For general family purchases, choice quality will prove quite satisfactory. Fruits of standard quality are excellent for puddings, gelatine desserts and frozen dishes, while the vegetables of this grade make good scalloped dishes, soup or salads where shape is not important. Other foods which may be bought by grade in Canada, are beef, poultry, maple syrup, honey, fresh fruits and vegetables. Butter is also graded in most parts of Canada.

**Supper Peas**

- 3 tablespoons bacon fat
- 1/2 cup finely chopped onion
- 1 cup sliced fresh mushrooms
- 3 tablespoons flour
- 1 cup milk
- 1 teaspoon salt
- 1/8 teaspoon pepper
- 1/4 teaspoon Worcestershire sauce
- 2 cups drained standard quality peas
- 2 hard-cooked eggs, chopped

Melt fat in saucepan, add the onion and mushrooms. Cook, stirring occasionally, for 3 minutes. Add flour, blend well and add milk. Cook until mixture thickens, stirring constantly. Add seasonings, peas and hard-cooked eggs. Serve hot on buttered toast or patty shells. Six servings.

**Jellied Spring Salad**

- 2 tablespoons gelatine
- 1/4 cup cold water
- 1 1/2 cups peach syrup
- 1/2 teaspoon salt
- 2 tablespoons vinegar
- 3 tablespoons prepared horseradish
- Green food coloring
- 1 package cream cheese
- 1/4 cup mayonnaise

- 2 egg whites
- 2 tablespoons sugar
- 3/4 cup diced peaches—fancy or choice quality

Soak gelatine in cold water for 5 minutes. Bring peach syrup to boiling point and add soaked gelatine. Stir until dissolved. Add salt, vinegar, horseradish and enough food coloring to give a bright green. Chill until mixture begins to thicken. In the meantime blend the cream cheese with mayonnaise. Beat egg whites until light, add sugar gradually continuing to beat until stiff. Arrange peach slices in the bottom of a lightly greased ring mould. Cover with a thin layer of green jelly base and chill until firm. When remainder of jelly base is almost set, beat in mayonnaise mixture and the beaten egg whites. Blend well. Fold in diced peaches. Pour over peach slices in ring mould and chill until firm. Unmould on crisp lettuce and garnish with mayonnaise, and peach halves. Six servings.

**Timely Recipe**

**PEACH BISCUIT TORTONI**

- 1 cup canned cling peach halves
  - 5/8 cup granulated sugar
  - 1/8 teaspoon salt
  - 1/4 cup milk
  - 2 tablespoons lemon juice
  - Few drops almond extract
  - 1 tablespoon sherry
  - 1/2 cup macaroon crumbs
  - 1 cup whipping cream
- Drain peaches thoroughly and crush. Add sugar, salt, milk, lemon juice, flavoring and sherry, and stir until well blended. Fold in macaroon crumbs and cream whipped until stiff. Pour into refrigerator tray, place in freezing compartment with control set at lowest temperature, and freeze until firm without stirring. When firm reset temperature control to normal. Yield about 1 quart.

**TEMPLES OF SNOW**

The Himalayas, "Temples of Snow," are 1,600 miles long with 20 peaks over five miles high.

**BUT GET AWAY**

About 100 new species of fish are discovered annually.

**LEGION HOLDS INSTALLATIONS OF OFFICERS**

Installation ceremonies for the 1947 officers and executive members of the Prince Rupert branch, Canadian Legion, will be held in the Legion Hall Wednesday night, the first ceremony of its kind in the history of the organization.

In previous years, the newly elected officers assumed their positions without the formality of installation ceremonies. Officiating officer will be J. S. Wilson, who was recently elected zone representative for the Prince Rupert and district branch.

Special guest at the meeting will be Leading Sea Cadet Albert Eyoifson, who was chosen to be one of three British Columbia Sea Cadets to visit England this summer.

Following the ceremonies, colored films of British Columbia scenes will be shown by Sgt. L. A. N. Potterton of the city police.

WATCHMASTER regulating machine. Prices  
\$20 to \$60 for the guaranteed kinds.

THIS AND THAT

**CIVIL SERVANT,  
82, AT DESK  
FOR 70 YEARS**

Served 14 Premiers, Re-  
members When Early  
Theme Kept in Vault

TORONTO — Governments may come and go but Charles Alfred Fitch, consultant in the Ontario government criminal justice department, seems to go on forever. On April 1, he began his 70th year as a civil servant—an occupation folks back in 1873 said he wouldn't like nor keep.

Now 82, he has served under 14 premiers and 17 attorneys-general, a record believed unequalled in Canada. And, having no desire to leave, he's going to carry on. "My work is an extremely important part of my life," he confesses.

Slight of structure and mild of manner, he launched his career with the government as

a boy of 13. "Ah, how well I remember that first day. The 'precious' telephone, the only one in the office, was locked in the vault and one person was designated as attendant. The rest of us were afraid to touch it."

As for the typewriter, it was still on probation. It had to prove its worth and instructions were issued that it was not to be used for documents of record for fear the writing would fade.

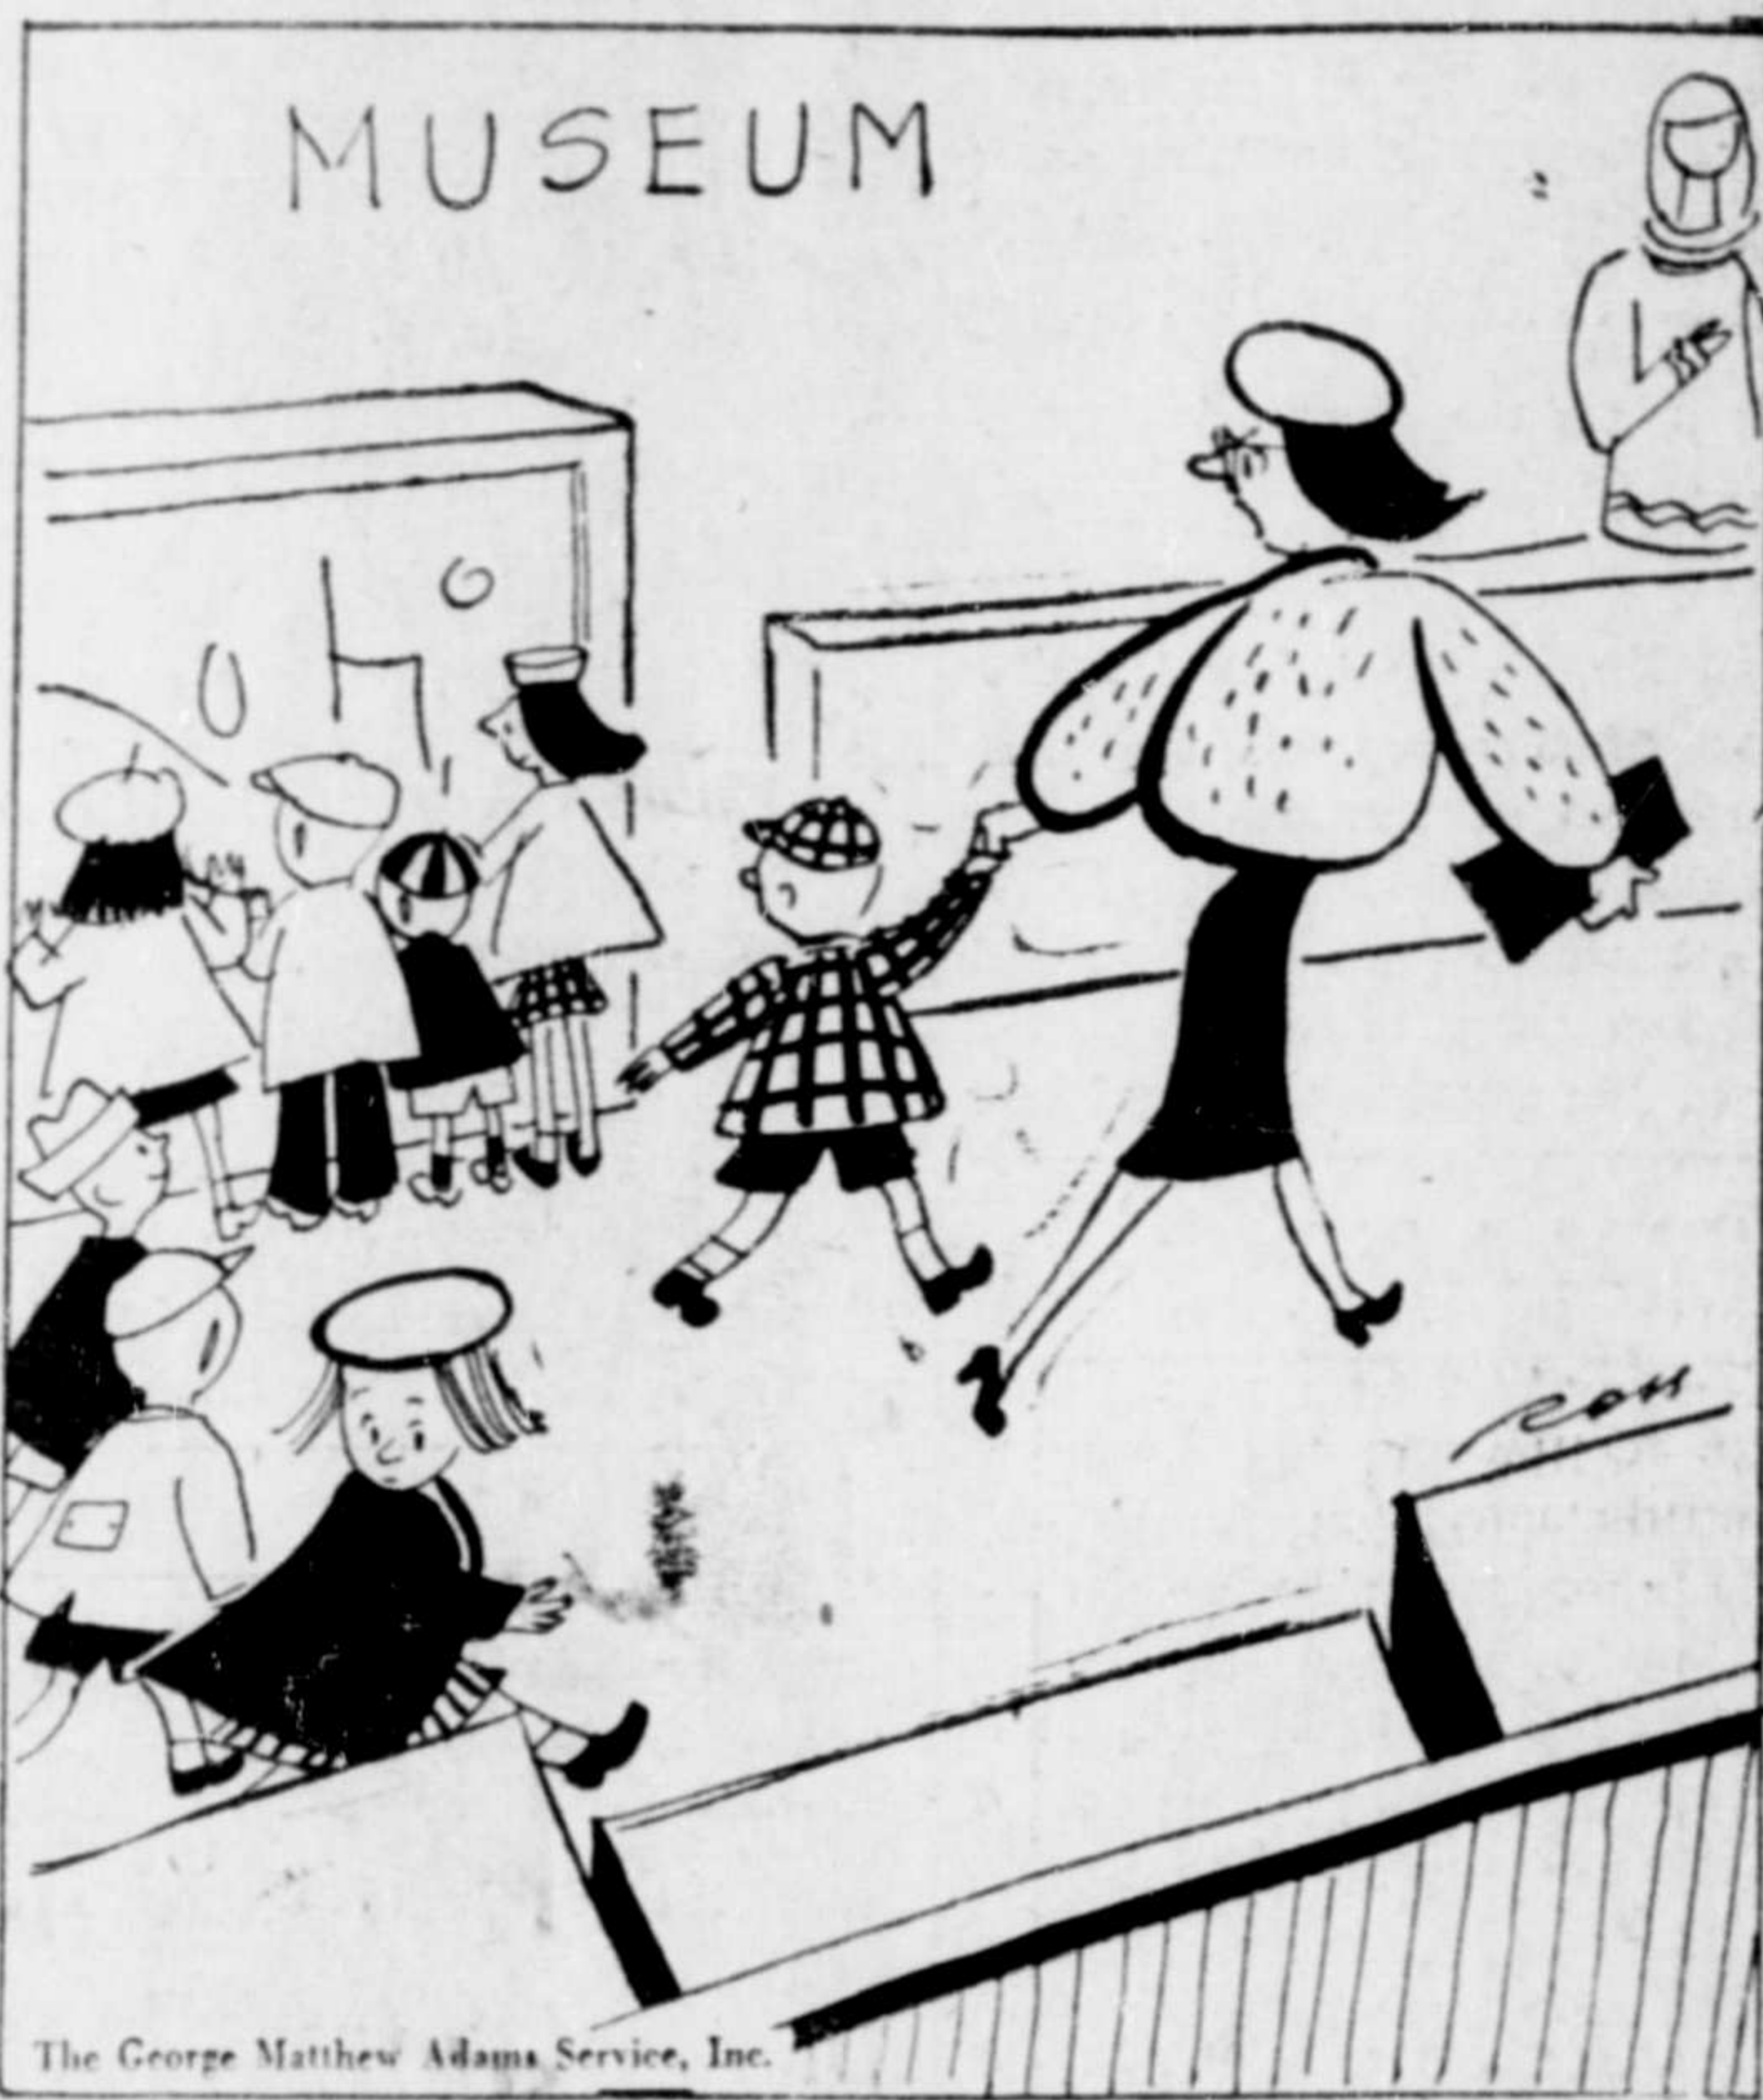

When Charlie Fitch was a green office boy there were only two women on the staff and he said some officials looked on them with disfavor. "Now, there are hundreds of women."

While the stress of years has compelled him to forego his former pursuits of fishing, hunting and bowling, Charlie Fitch is still a keen movie fan and a motorist, and a civil servant!

"Stop looking at things, or we'll never get around all the floors."

**EXTRA CROPPING—**  
From one piece of land, even in Canada's relatively short growing season, it is possible in a single season to get two crops of vegetables and several of flowers. Where this sort of gardening is practised, there is greater satisfaction but, also, of course, a little more care is required.

Indeed, with flowers, if one hopes to have anything like continuous bloom this multiple planting is essential. The first bloom in this case is usually secured from fall-planted bulbs like tulips, snow drops, hyacinths, etc. Almost as early as these will be the first of the perennials like dwarf phlox and the first of the iris. By late June the first annuals will be in bloom, especially if started plants have been used. From then until the October blooming chrysanthemums, continuous bloom is easily achieved.

Usually the experienced gardener will use a combination of perennials, bulbs and annuals flanked by, or in front of, flowering shrubs. By using a little selection in each group it is possible to get a succession of bloom from the time the snow goes away until it arrives again in the fall.

In some of this multiple gardening actually one layer of plants will lie under another, such as the deep planted tulips under the shallow planted annual. Certain later blooming annuals, too, will be used to screen others that are fading. In this intensive gardening with flowers, as with vegetables, extra fertilizing and extra cultivation and, in dry season, extra watering will be necessary.

**DOUBLE PLANTING—**  
Where one aims at getting two crops of vegetables from the same ground, usually a combination is selected of something early and late such as radish, lettuce, spinach and peas, followed by late beets, beans and carrots. Just as soon as the soil is fit to work one can put in the first three mentioned. By the time these are ready for the table there will still usually be time to make the last sowing of beans, beets, carrots, corn, etc.

Another method of double cropping is to have alternate rows of quick maturing things with slower but larger growers. Thus in between the rows of potatoes, beets, beans, corn, etc., we will plant the lettuce, spinach and radish. The last will be used up and out of the way before the first named require full space.

**NEW VARIETIES—**  
Both beginners and old-timers should remember that the business of improving flowers and vegetables does not stand still. There are strains and types today that were not in existence before the war, and each year there are some brand new varieties. It is a sound rule to try something new each season. In this way, variety and interest will be added to the garden. Plant breeders are constantly striving for new colors, more disease resistance and harder and earlier plants.

**SOS OF 1906**

The distress call SOS was adopted internationally in 1906.

**Scores Attend Moose Whist-Dancing Party**

Prince Rupert Lodge, Loyal Order of Moose, was host Saturday night to scores of members and their friends who enjoyed an evening of whist and dancing. William Terry, chairman of the entertainment committee, supervised the whist which took up the early part of the evening. Prize winners were, ladies: Mrs. Riffou and Mrs. Lawly; men, P. Siwicki and J. Ratchford.

Dancing commenced at 10 o'clock with W. D. Weiss acting as master of ceremonies and with music provided by Robert's Orchestra. During intermission delicious refreshments were served and prizes distributed. Committee members in charge were W. Terry, chairman, Everett Morrow, J. Long, J. Ratchford, Percy Bond, Malcolm Blair.

**MERRY UNITED CHURCH SOCIAL**

The Senior Women's Auxiliary of the United Church sponsored a merry social in the Church Hall on Friday evening.

A real party program had been arranged by Mrs. Wm. Holt, Mrs. Erling Pedersen, Mrs. C. T. Young, Mrs. R. A. Wilson and Mrs. C. J. O. Olsen.

There were games and dancing—both old time and modern—and tables for cards.

Mr. Milton Hauser and Mr. Roberts made sweet music for the dancers.

Refreshments and community singing rounded off an evening of fun and relaxation for the 65 or more guests present.
