THE SMOKER PAYS

MOKING has become more than a habit; it's a was soaked, windswept and com- him and accompanied Bill to natural resource. To the tax collector, every cisely friendless. But it was not pre- came from Vancouver, was a wispy, whirling cloud of the cigarette's waste where in town lived a man who stranger in town and a returned product is spun gold.

While it does not show in the cost-of-living index, the grey dawn or dewey eve he way along the avenue - and smoking is perhaps the most inflated item in the av- cut the hateful wires and bade what was he doing in a police erage citizen's daily budget.

In most provinces cigarettes sell currently for 33

cents for a package of 20.

Of that price 12 cents is for federal "excise tariff." This is just about twice what the manufacturer gets for the finished product.

But to his price (6.13 cents) and the 12-cent tariff his added the 8 per cent sales tax, accounting for another 11/2 cents.

To make certain the smoker did his bit in financing the war, Ottawa charged him an extra 2 cents for every five cigarettes, or 8 cents a pack—"war revenue

Thus, 211/2 cents of the 33-cent price is strictly for the government.

But there is more.

The remaining 111/2 cents is divided among the tobacco grower, the manufacturer, the transportation companies, the wholesaler and the retailer.

Out of it come those direct major taxes-income and corporation profits taxes plus unemployment insurance tax, the motor and gasoline taxes, property and business taxes.

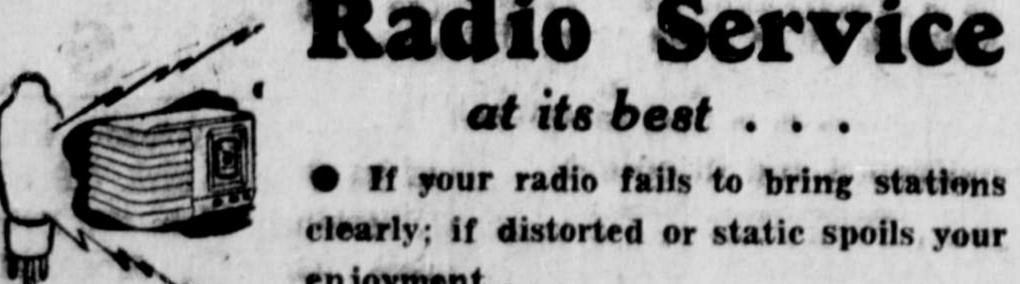

Therefore, each time a smoker spends 33 cents, all but 8 cents goes for taxes.

HAT'S the East Indian's way of saying Asphalt Shingles. But, here in British Columbia, most people simply call them "Duroid" Shingles, even though the odd time the name does not apply.

"Duroid" is an exclusive trade name, used only on shingles made by Sidney Roofing. These famous shingles are made with a

base of the best quality felt. Thats why they last so long. That's why they're found on so many homes and have become so well-known for dependable quality.

Make sure you get Genuine Duroid Shingles for your home. Look for the Sidney Seal of Quality on every bundle.

> They're Genuine CNLY if they're made by

Do You Buy A New Fur Coat Every Year?

Of course you don't but you want your fur coat to be upto-date every year.

Why not re-style or alter your furs during the summer months?

HERE'S OUR PROPOSITION . . .

Get in touch with your SWEET SIXTEEN store and arrange to store your furs with us.

We will send the furs to our shops in Vancouver (you

paying only the express charges down and back). An expert will inspect every piece of fur and make a

report showing any work needed and estimating the cost. You authorize what work you want done and state when you wish your furs for use again.

When we return your coat you may, if you wish, pay on our Budget Payment Plan.

Thus our Prince Rupert customers get the same service as Vancouver.

SAVES TIME . . . SAVES LABOR . . . The P.M. Power Saw is fast and amazingly efficient. In a day you can cut more cordwood, fence posts, construction timbers, pulp wood or clear more land, etc., with less work. Weighs only 35 to 37 poundsis well balanced and compactly built to carry easily and work in small spaces with a minimum of strain on the operator. The swivel arrangement of the carburetor assures easy cutting on either vertical or horizontal timber. 14, 20 and 26" cutterbar lengths are available. Operation is economical . . . a builtin oiler lubricates the saw in action. The high-grade air-cooled magneto assures easy starting. Repair parts are readily available and inexpensive.
