IN the highlands of Scotland, it is the right of any traveller who has journeyed more than twenty-five miles to arouse the innkeeper at any hour of the day or night and demand "reasonable refreshment".

Nowadays, mine host may ask you to sign the visitors' book if you arrive after closing time, but he will still make you welcome.

If perchance you visit the Qld Country some day you will find a simple hospitality inherited through the ages and as much a part of tradition as the birthplace of Robbie Burns or the changing of the guard before Buckingham Palace.

The former salary schedule paid the teachers ranged from \$1,300 to \$2,200 for elementary teachers and from \$1,500 to \$3,000 for secondary teachers. The teachers had asked sched- ules ranging from \$1,500 to \$2,600 for elementary and from \$1,800 to \$3,200 for secondary. They also asked that this be made retroactive to September 1, 1946. The annual \$100 increments, which become effective next September, are subject to satis- factory inspectors' reports. Full credit, for increment purposes, will be given for experiences in British Columbia schools, while half-credit will be allowed for teaching experience in other provinces.
