Canada To Buy Fish For Relief of Europe

Government to Make \$8,000,000 Available

OTTAWA, (CP)—Fisheries Minister Bridges told the House of Commons today that up to \$8,000,000 would be made available for the purchase of canned and salted fish as part of the government's \$20,000,000 program for post-UNRRA relief of Europe. The govt. in next fiscal year is prepared to buy up to 900,000 cases of west coast canned herring.

At the same time Mr. Bridges said the government was ready to proclaim fisheries prices support act of 1944 and to establish a five-man board to buy and sell fish and to prescribe prices in support of a program of effort to expand the domestic market.

BRIGGS MAY SPREAD OUT

Talking of Extending Service to Western Alaska From Here

If the maritime commission in Washington sees fit to approve, the Briggs Steamship Co. now doing business between Prince Rupert and Alaska, will be widening its scope of operations.

The company, which is operating the motor vessel Southeastern, has filed application with the commission to be included in the interim subsidy program under which three Seattle carriers are serving Alaska. Should approval be granted the company would plan to include Seward and perhaps other western Alaska points. It would add more vessels as soon as there was justification for doing so.

The Briggs company points out that current rates are substantially below Seattle charges and that strong support is looked for from Anchorage and Fairbanks.

BULLETINS

STRIKE REPERCUSSIONS
PITTSBURG—With Union leaders hurling protests at the final congressional adoption of the new Labor bill, more than one fourth of the soft coal miners in the United States—some 123,000 men—are on strike in seven states today. This closes several hundred mines. The walkout spread swiftly through the big coal fields.

FATAL WINDOW FALL
VANCOUVER—Mrs. J. MacKay, 63, was killed today when she fell 25 feet from a window of her home here. Mrs. MacKay had been in ill health.

JAP WHALING
LONDON—British and Norwegian seamen's groups have adopted a resolution urging steps to exclude Japanese from all future participation in whaling. Such a Japanese fleet might one day be the basis of a new navy, it is feared. Sunday, British and Norwegian seamen's groups adopted similar resolutions.

BIG THETFORD FIRE
THETFORD MINES, Que.—The central business section of this Quebec asbestos mining centre was burned out by a one million dollar fire Monday. It destroyed six buildings and left forty persons homeless.

HOUSEWIVES IN OTTAWA
OTTAWA—A small army of housewives, some with rolling pins, and with one lone male in their ranks, converged on Parliament Hill, bent on persuading the price decontrolling government to reverse its policy. The two hundred women include supporters of Labor Unions, social service groups and other consumer groups across the dominion.

ATOMIC PACT SHOW
LAKE SUCCESS—The United Nations have virtually abandoned all hopes of writing an atomic control treaty before the General Assembly meets in September. Russia and the western powers are deadlocked on major issues. Delegates have agreed that it is practically impossible to complete the treaty within three months.

INSURANCE INVESTMENTS
OTTAWA—The House of Commons Monday approved the Bill enabling Canadian insurance companies and foreign companies doing business here to invest in securities issued by the International Bank for Reconstruction and Development.

JAP PEACE PARLEY
LONDON—The preliminary commonwealth conference to deal with the Japanese peace settlement will open in Canberra August 26. The Australian Prime Minister, Mr. Chifley, announced that Canada, New Zealand, India and possibly South Africa will be represented.

SOVIET RUSSIA STILL EVASIVE

Not Answering Second British Clarification Request for Hungarian

LONDON, (CP)—An authoritative British source reported today that Russia, for the second time in two weeks, objected to the British request for a clarification of the situation in Hungary.

A foreign office spokesman confirmed receipt in London of the Russian reply to a memorandum submitted to the Foreign Commissar Molotov.

COUNCIL NAMES NEW ENGINEER

Charles B. Howe of Vancouver is Choice

City council last night appointed a new city engineer to fill the position vacated this month by A. E. Phillips. The new city engineer is Charles B. Howe, of Vancouver, former City Engineer of Penticton, who will take over his duties within the next month.

TERRACE WANTS RUPERT FLOATS

In Dominion Day Parade To be Held At Inatior Town, Next Week

Terrace is anxious that some Prince Rupert business houses should be represented with floats in the Dominion Day parade to be held there on Dominion Day, next Tuesday. The secretary of the Kinsmen's Club and Terrace Board of Trade, W. C. Osborne, telephoned in this afternoon to E. T. Applewhite, secretary of the Prince Rupert Chamber of Commerce, asking that an effort be made to interest the local business people. Trucks are said to be available at Terrace for the purpose. The parade will start about 11:30 a.m. immediately after the arrival of the special train.

CITY OFFICES TO OPERATE ON FIVE-DAY BASIS

Effective July 2, city offices—with the exception of the city engineer's office—will be open to the public for only five days a week instead of five-and-a-half as at present, according to a ruling passed by city council last night.

The change, made at request of the City Hall Inside Employees' Union, will eliminate the Saturday morning office hours and will leave the city clerk's and treasurer's offices open from 9 a.m. to 5 p.m. Monday to Friday.

However, workers in those offices, who now start their working day at 9 a.m., will be required to begin at 8:30.

"Actually, the city will lose one hour a week from each worker, but I think that it really stands to gain, because the workers will get half an hour's work each day in privacy without interference from the public," Mayor Arnold said.

Originally, the recommendation included the city engineer's office as well, but it was excluded after Alderman Youngs drew to the attention of council the fact that outside workers in that department will continue to work Saturday morning.

Alderman Youngs, who raised the matter in a recommendation of finance committee of which he is chairman, felt that it would be incongruous for the office to be closed while the outside staff was on the job Saturday morning.

His viewpoint was backed by Alderman Arthur Brooksbank who moved that temporarily at least, the city engineer's office be excluded from the five-day week basis.

NEW FLOOD IN STATES

OMAHA, (CP)—New flood crests rolled down midwestern streams today, forcing large scale evacuation in low-lying areas and heaping destruction in some sections for the third time in a month.

Behind the flood waters, residents in Nebraska, Iowa and Missouri repaired the damage and cleared away debris, while those located ahead of the floods were moving to higher ground.

Best Cadets of Year Are Named

Best cadet of the past year in Captain Cook Corps of Sea Cadets here was leading Cadet Ted Forman. Best cadet in recruit year was Matthew Sedgewick. Individual efficiency winner was leading Cadet Albert Eyoifson. Best division of the year was that led by Midshipman John Kennedy. The Wrenette trophy for the year went Wrenette Diane Kennedy.

Assembly Adopts French Tax Bill

PARIS—Premier Paul Ramadieu's drastic tax bill, which will raise prices on such items as bread, milk and cigarettes, was adopted today by the French National Assembly. The vote was 302 to 241. The number abstaining being 59. The bill is designed to raise over a billion dollars. Strikes against the measure have broken out over France.

LOCAL MAN NAMED HARRISON HOT SPRINGS-A
Kelowna man Malcolm Chapin is the new national director and regional chairman of the Junior Chamber of Commerce for British Columbia. He was sworn in at the final business session of the Chamber's three day regional conference. Among the regional councillors are Stuart Furk of Prince Rupert.

PRESIDENT RESTS—Taking a well-earned rest from his official tour of duty, President Truman informally met Canadian and United States newspapermen at the Seignior Club, Montebello, Que. In this picture, left to right, are President Truman, J. Hugh Campbell, manager of the Canadian Pacific Railway Company's department of public relations, and Prime Minister Mackenzie King. The informal gathering followed a luncheon for the parliamentary press corps of the two countries at which Mr. Campbell was host for the C.P.R.

U. S. YOUTHS DRIVE 3,000 MILES TO "LOOK AROUND" B.C., ALASKA

Three youthful American adventure seekers who are using a new Dodge car to hunt for greener pastures in the north, are waiting transport to Alaska to continue a journey that already has taken them more than 3,000 miles in less than ten days. Over the horizon lies the Haines Cut-off and Fairbanks if they can find sea transport for themselves and their car.

The casual explanation given by Murray Scheel, 20, his 18-year-old brother Garry, of Loyal, Wisconsin and Richard Mead, 18, of St. Petersburg, Florida, for their trip is that they are "just looking around." They haven't any definite plans for settling in Alaska.

The three youths arrived in the city Sunday night. Monday afternoon they found that they could ship their car to Juneau on the Briggs Steamship vessel Southeastern but so far they are stymied for personal passage to the Alaska capital. They are not worried about the impasse however.

When they get to Juneau, they plan to take a ferry to Haines, from which they will drive over the cut-off and on the Alaska Highway to Fairbanks.

They crossed the American-Canadian border at Oliver after leaving Loyal on June 16. Monday afternoon their speedometer had added 3,187 miles, part of which they admitted was made up of "running around," and not in direct travel.

Their opinion of British Columbia highways was not particularly high, but they were emphatic in attesting that the best section of Canadian road they had driven over was between Terrace and Prince Rupert. The Terrace-Hazelton section was particularly bad.

If nothing in Alaska excites their fancy, they plan to drive back to Wisconsin on the Alaska Highway.

WILL DISCUSS SELLING OF WAR HOUSES

Details concerning the sale of Wartime Houses in Prince Rupert to their tenants probably will be ironed out tonight in the city council chamber when the aldermen confer with Denis H. Back, Central Mortgage and Housing Corporation, representative who arrived in the city last night.

Today, Mr. Back and City Clerk H. D. Thain are discussing details of the proposed sales and the proposals of the Crown Corporation will be given to council tonight.

While eager to see the wartime houses sold to private owners so they can be placed on the city tax rolls, the aldermen nevertheless are desirous that only those houses that are in areas where there are other privately-owned dwellings be turned over to individuals.

They feel that the city could not support the cost of maintaining utility services for a few privately-owned homes in the remote wartime housing subdivisions if those which were not sold were torn down.

Council also is interested in getting some revenue from the sale of the lots on which the houses stand and which were turned over to Wartime Housing during the early part of the war, in some cases for \$1.

BLIZZARD AT YELLOWSTONE

YELLOWSTONE PARK — A blizzard struck this famous mountain resort Sunday. Three men perished when the truck in which they were endeavoring to reach stranded tourists, became caught in fifteen feet of snow.

In addition to the three persons killed, at least four were injured in the week-end blizzard which trapped 70 summer vacationists on a barren mountain. Seventeen persons, nine of them children, were found taking refuge in a drift-covered trailer.

CALCUTTA HAS RIOTING NOW

Disorders Between Moslems and Hindus Spreading in India

CALCUTTA—Fierce rioting between Moslems and Hindus which had been raging in Lahore, the capital of Punjab, has spread to Calcutta where four persons were killed yesterday and one hundred arrests made. Meantime, widespread disorders continue at Lahore where two hundred homes were burned during the week-end.

NOT SERVICING FISH VESSELS

British Columbia Union Blacklists Seattle Boats

VANCOUVER, (CP)—The United Fishermen and Allied Workers on Monday instructed members at British Columbia ports not to place ice or bait aboard 14 hall-but fishing vessels from Seattle and also not to land halibut from banned boats.

The Seattle fleet has been tied up for the current season due to a labor dispute but the 14 boats, it was reported, are being taken from the Washington port by their owners and skippers to Area Three off Alaska.

MEDICOS MEET IN WINNIPEG

WINNIPEG — Six hundred physicians and surgeons are here for the annual convention of the Canadian Medical Association. Sunday was observed as "Medical Sunday" in the churches of the city and, in some of the churches, doctors took part in services. A meeting of the council of the Canadian Cancer Society precluded the convention.

CHARGED WITH KILLING WOMAN

Young Burnaby Man Held as Accused in Murder of Mrs. Burton

VANCOUVER, (CP)—Police, on Monday night, announced that Elmer Edward Johnson, 25, of Burnaby, baker by occupation, is charged with the murder of Mrs. Norma Burton in Stanley Park early Sunday. The charge was laid following a day-long "grilling" at police headquarters. A second man, Arthur Miller, is being held as material witness.

GREAT WEST CONVENTION

Life Insurance Meeting Being Held at Jasper Park

JASPER, Alta.—Arriving on two special C.N.R. trains Monday afternoon, more than 600 men and women from all parts of Canada and the United States are meeting in the magnificent setting of Jasper Park Lodge here until Thursday for the 1947 convention of the Great West Life Assurance Company of Winnipeg. The combined locale and extensive business recreation program promise to provide one of the best annual conventions in the company's long history.

Not since the national convention of the Canadian Medical Association in 1942 has this noted resort along the shores of Lac Beauvert played host to such a large group. It is the biggest of 10 meetings held this year at the lodge during the June 9-30 period.

Activity centres around the great main lodge where most sessions take place. Chief attraction of the recreation side will be the annual golf tournament, winner of which receives the Ferguson Trophy, donated by a former general manager. Other entertaining includes organized scenic motor drives, trail riding, tennis, boating, swimming, hiking, with nightly dances and bridge parties.

On Monday evening H. W. Manning, vice-president and managing director, and Mrs. Manning, were hosts at a pre-dinner reception.

Business sessions commenced this morning with Chairman D. E. Kilgour, assistant general manager and superintendent of agencies, calling upon vice-president Manning to deliver the welcoming address. The principal address was delivered by guest speaker J. Marshall Holcombe Jr., of Hartford, Conn., managing director of the Life Insurance Agency Management Association.

With two business sessions being held concurrently, the insurance people will hear about 15 talks on various phases of their business during the three-day meeting.

Strength Given To Third Party

WASHINGTON—Enactment of a new Labor law over President Truman's veto, brought prediction today of a third party movement, and the possible Republican loss of the organized Labor vote. Senator Pepper said: "Congress has done more than Henry Wallace ever did to give a lift to a third party."

Timber Worker's Strike

BRITISH COLUMBIA is facing the possibility of another disastrous strike in the logging industry. If it occurs, thousands of men will be out of work. If the strike lasts any length of time, sawmills and pulp and paper mills will close. The whole industrial set-up of the province will be thrown out of kilter again. Halted will be the supply of much needed lumber for both domestic and export markets.

The unfortunate thing about it, of course, would be that the public itself would be the worst sufferer. A long loggers' tie-up would throw workers in many other lines out of jobs and the loggers themselves would eventually be in a bad way. Ironically, the least hurt would be the operators against whom the strike would be called. The only really happy people would be those among us whose aim is merely to create trouble and chaos.

If the strike does start it will, of course, end some time and the ending would probably be a settlement on the terms that are rejected. Who would then have been the real sufferers? The most of recent strikes have certainly not been turning out to the benefit of the strikers.

* * *

AMERICAN POLITICS

THE OVERRIDING by United States Congress of President Truman's veto of the Taft-Hartley labor bill was described by one commentator as a great victory for Senator Robert Taft who is seen as one of the principal contenders for the Republican presidential nomination. Such it may have been from the standpoint of Congress itself, the Republicans, as a whole, together with the Democrats of the right, having voted to override.

It is doubtful, however, if the sentiment of the United States as a whole is as emphatically in favor of the labor bill as was Congress. There was a feeling no doubt, that some curbs on organized labor's power were necessary but whether they needed to have been so drastic as contained in the Taft-Hartley bill is another question. There might well be a sentiment that the swing in this bill was a little too drastic in the other extreme.

Public reaction in the United States on recent sensational political developments, as a matter of fact, has not yet been thoroughly sounded. It may be found yet that this reaction may swing more Trumanward than Taftward, or may further develop the Wallace third party. The Republicans, indeed, may have gone too far in their political machinations following their Congressional ascendancy.

* * *

BILL OF RIGHTS

THE RECENT parliamentary debate on civil liberties must convince most Canadians of the need of a Bill of Rights in this nation, writes Bruce Hutchison, well known British Columbia newspaperman and now associate editor of Winnipeg Free Press. Certainly the debate seems to have brought this conviction to most members of Parliament, regardless of party.

In the first place, Canada has a responsibility to the United Nations, whose Charter binds it to respect "human rights and fundamental freedoms for all." Since the United Nations is attempting to draft an international Bill of Rights, protecting the basic liberties of all peoples, it will be Canada's duty to apply such an agreement within its own boundaries. It was primarily in pursuance of this purpose that the Canadian government proposed the present parliamentary inquiry.

It may be said that Canada's protection of human freedom is certain to be above the standard set by any international code at the present stage of history; that we can accept any international Bill of rights without altering our present laws and practices in any respect. But there seems to be agreement among all parties in our Parliament that Canada should not be satisfied merely to follow the leadership of other nations in this matter but man freedom is certain to have the standard set by any international code at the present stage of history; that we can accept any international Bill of rights without altering our present laws and practices in any respect. But there seems to be agreement among all parties in our Parliament that Canada should not be satisfied merely to follow the leadership of other nations in this matter but should give leadership to them.

Only a few nations in the world today can give such leadership for only a few nations enjoy real freedom. Among this small group, and as free as any of them, is Canada. The argument which apparently was accepted in Parliament is that, having declared in favor of freedom in an international charter, Canada should demonstrate its devotion to this ideal by positive action which all the world can see and understand. In short, if we believe in freedom for the individual, we should no longer hesitate to write it into definite law, which we presently lack. Thus, we shall not only provide protection for our own people but we shall encourage the development of freedom elsewhere.

Liquor Act Criticized

Was Among Matters Discussed at Anglican Synod, Mr. Prockter Reports

Rev. Basil S. Prockter, rector of St. Andrew's Anglican Cathedral, returned to the city by Saturday night's train after having attended the Anglican Synod of British Columbia held in Penticton last week. Mr. Prockter travelled by bus to Prince George to catch the train. He had flown south from here last week.

The Synod was also attended by Bishop Gibson, Archdeacon Hodson, Rev. S. Kitley of Aiyansh, and G. P. Tinker. There were 30-odd delegates altogether. Archbishop W. R. Adams of Kootenay presided.

Church business occupying considerable attention included a move in the direction of establishing a fixed Metropolitan See at Victoria. Up to this time the Archbishop has been the senior bishop of the province and he has stayed with his own diocese. It was seen as of value if the man who could speak for the whole Anglican Church in British Columbia could reside at the seat of government.

An amendment to the method of electing bishops was also suggested which would simply make it possible for the House of Bishops of the Provincial Synod to make nominations on these occasions. It was felt that clergy and laity in remote areas might appreciate some guidance when faced with the task of electing a bishop.

YUKON BISHOP IS DISCUSSED

Another matter receiving considerable attention was the possibility of immediate appointment of a new Bishop of Yukon to replace the late Rt. Rev. W. A. Geddes. It was felt that immediate steps ought to be taken in spite of the fact that the population of the Yukon was not large nor likely to increase in the near future. The hope was expressed that Yukon might have a bishop like Bishop Rowe of Alaska who was not only Bishop of Alaska but also a bishop - at - large who went through the length and breadth of the United States awakening the membership of the Episcopal Church to its missionary responsibilities.

A very prolonged study was made of the condition of the native work and a report of recommendations which have been made to Ottawa on behalf of the native peoples. One of the delegates at the Synod was Chief Raymond Dunstan of Lytton.

A closer organization of men in church affairs was seen as highly desirable and encouraging news was received as to progress in this regard during the past year on Vancouver Island.

Turning to the question of church union the Synod urged that every opportunity be taken to study the matter in the parishes by the formation of groups to meet for conversations with groups from other churches.

On the question of religious education in the schools of the province, the Synod heard that the graded readings of the Bible for the Schools are now in the hands of the printers. It asked that the government consider the possibility of the teaching of the essentials of religion in the school to all except those whose parents did not want it. Informational Bible teaching was seen as something which the church could not regard as essential. What was essential was that children should learn the basic Christian beliefs, how to pray and the difference between right and wrong—in other words, the Creed, the Lord's Prayer and the Ten Commandments.

The Liquor Act of the province was seen as not functioning in any way in the interest of true temperance. In the dreary beer swilling establishments not even a sandwich or a magazine or a piece of music was allowed to interfere with the supreme business of beer consumption. Regulation compelled a transient to take a bottle of liquor into a bedroom in order to consume it. These were seen as encouragement to intemperance and vice. However, the Synod did not feel that all the answer lay with the government and called on parents, clergy and teachers to enlist in the cause of true temperance.

Other social matters that came in for sympathetic study were

NEW WEAPON AGAINST CANCER—In his laboratory at Rochester, N.Y., Dr. David W. Stewart shows Mrs. Ruth Packer a jar containing the new high-concentrate Carbon 13. Availability of the higher concentration, nearly twice as rich as was hitherto obtainable, will enable chemists to see and follow more accurately chemical reactions in the body, aiding them to understand better what happens when cancer starts and grows.

Daughter of Former Mayor Newton Dies

Isabelle, daughter of the late Mayor and Mrs. S. M. Newton died recently in California, this being long after her removal to and marriage in the United States. Word of her passing, which is understood to have occurred a considerable time ago will be learned with regret by old time friends in Prince Rupert. In pioneer days she was accountant in the office of The Evening Empire.

labor-management relations and the old age pension. Some reference was also made to British immigration.

The Synod was very kindly treated by the people of Penticton. It was the first time a Provincial Synod had ever been held out of Vancouver and Victoria and was voted a most welcome and enjoyable change.

AIR SERVICE IS POPULAR

Have to Book Ahead Now to Get On Plane For Vancouver — Speedy Express Service

Business with Canadian Pacific Airlines since commencement of the scheduled service between Vancouver and Prince Rupert via Sandspit, Queen Charlotte Islands, has been so heavy that it has been necessary to book several days ahead for passage through to Vancouver. Up to now all seats allotted to Prince Rupert and Sandspit in the Lockheed Lodestar from Sandspit have been filled.

The benefit of the new service to Prince Rupert was illustrated last Friday when the Sandspit logging camp telephoned to a local automotive firm at 11 o'clock in the morning to order truck repairs, the items being delivered by the Canso amphibian flying boat from here a little less than three hours later.

What City Council Did

Decided to make August 21 a holiday for the celebration of Port Day, on request of the Junior Chamber of Commerce. The day is a Thursday and stores ordinarily would be closed in the afternoon anyway.

Approved the purchase of 425 feet of 3-inch wooden pipeline running from Atlin Avenue to Harvey Bay from War Assets Corporation. The Prince Rupert Fishermen's Co-operative Fairway Bay plant is connected to the pipeline. An easement will be sought from the C.N.R. whose property the line crosses.

Granted a six-month's time extension to R. E. Roberts for construction of a house on lots 10 and 11, block 4, sect. 2, (Gram Avenue) which he purchased a year ago under the veterans' 5 per cent discount. Under the amount agreement, home construction must be started within year.

Council accepted an offer from the Civic Centre Association donating the furnace room of the Roosevelt Park gymnasium for park purposes after the demolition of the gymnasium. Alderman T. N. Youngs suggested

that the detached building would be useful as a store room for equipment.

Approved a report of the licensing committee granting trade licences to Carl Poulsen, service station; Gordon Clark, ladies' wear; F. S. Robertson, transfer; Lloyd Bolam painting and window cleaning.

Approved a recommendation by the board of works that a half-ton Dodge truck be purchased for the city at a cost of \$1,350.

Passed for payment accounts totalling \$87,246 for the month of May.

Granted a 50 per cent ex-serviceman's discount to W. O. Night on the purchase of lot 9, block 33, section 5 (Eighth Avenue West) which was purchased by Knight when he was unaware that such discount was available to ex-servicemen for home building.

Adopted finance committee recommendation of the sale of the following city-owned lots:
Lot 24, block 35, section 5 (Ninth Avenue West) to Mildred G. Wide for \$50.
Lots 13 and 14, block 23, sec-

Rt. Rev. James B. Gibson of Prince Rupert, after attending sessions of provincial synod of the Anglican Church at Penticton last week, returned last night on the Princess Adelaide from Vancouver where he attended a meeting to elect a new principal for the Anglican Theological College.

Chester Clapp left by air yesterday on his return to California after a week's visit here with his brother and sister-in-law, Mr. and Mrs. E. J. Clapp.

25 YEARS AGO

June 24, 1922

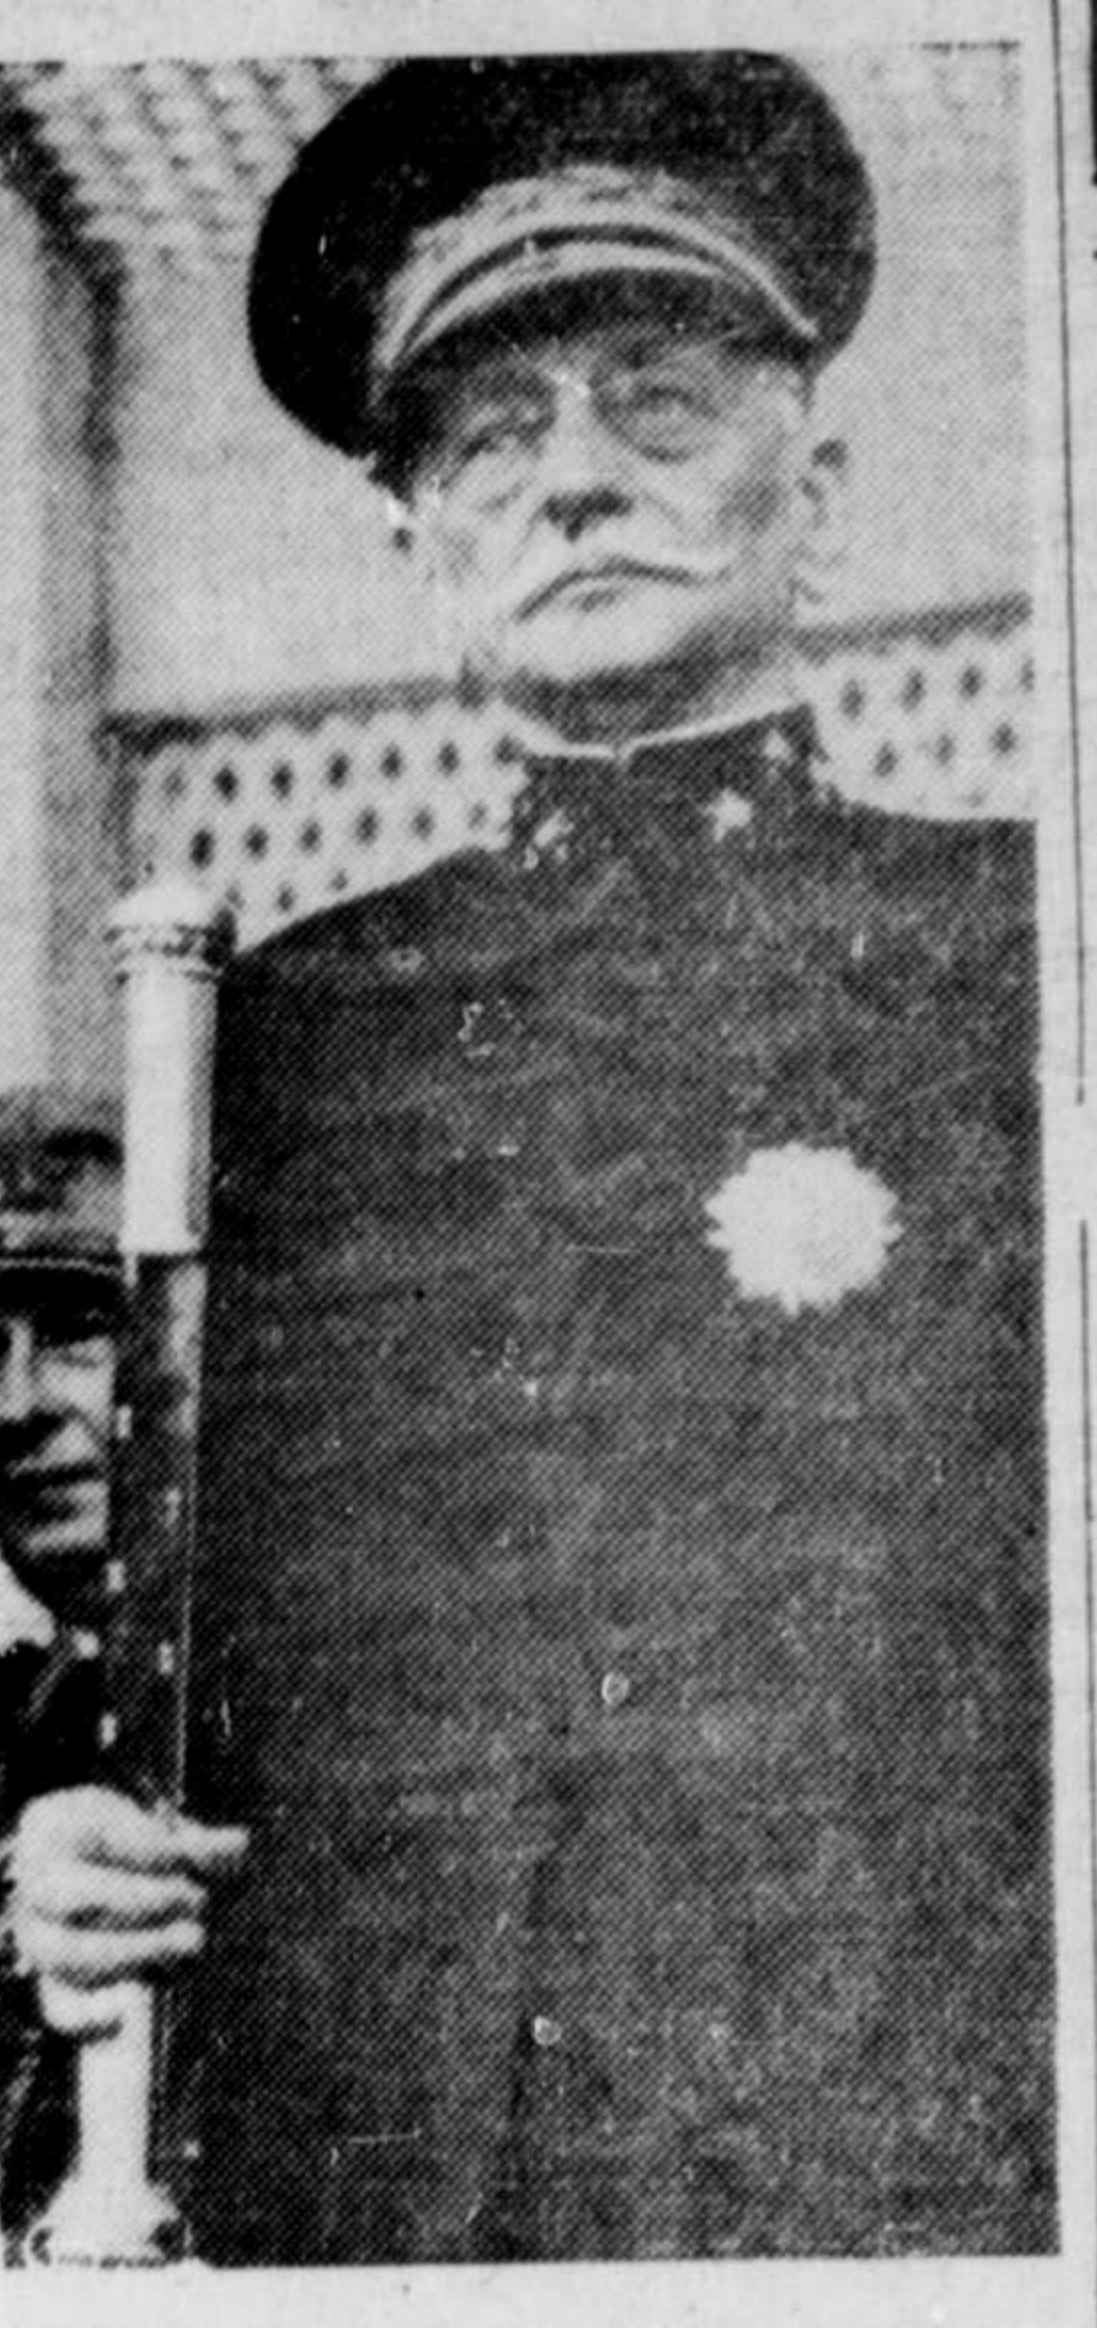

The coastal steamer Princess Charlotte, Capt. W. J. Boyce, docked at the Canadian National wharf with 300 visiting Masons and their wives, here for a three-day visit to hold the twenty-first annual communication of the Grand Lodge of British Columbia. Masons from all parts of the province were in the visiting party.

Provincial police believed that a native man and woman who perished along the Khyex River were Mr. and Mrs. Stafford of Kitwanga. The couple were believed to have gone to the headwaters of the river to trap the previous fall. The bodies were discovered by other natives. Possibility existed that four children of the family may also have perished 30 miles up-river while the parents were on their way to the railway line for supplies.

A big forest fire at Anyox swept three miles in a few minutes, endangering the high level railway and the new dam site. The blaze swept over the explosive magazines but miraculously caused no damage.

Forty cases of "the very best Scotch" were captured by American federal agents before breakfast at Ketchikan. The liquor was smuggled on two boats from Prince Rupert.

tion 7 (Sixth Avenue East) to F. A. Parker for \$225.
Lots 13 to 20, inclusive, block 39, section 8 (McNicholl Avenue) to T. N. Rowe for \$205.
Lots 3 to 6 inclusive and lots 8 to 12 inclusive, block 39, section 8, to Arvid Mattson for \$230. The latter two sales are of property at the extreme southeastern part of the city and are contingent on the purchasers providing or paying for their own utilities.

WINS HIGH HONOR—President of the Portuguese republic, Gen. Oscar Fragozo Carmona holds a baton after he had been promoted in Lisbon to the rank of marshal. It was the second time in the history of the republic that such a title, the highest military position in the nation, had been bestowed to any official.

Having been delayed by freight for waypoints and strong headwinds, C. P. R. steamer Princess Adelaide, Capt. William Hubert, arrived in port at midnight last night from Vancouver and Ocean Falls, sailing early this morning on her return south. The vessel brought in eight passengers for the eastbound train which was held pending her arrival.

MOOSE - SAVOY MEET TWICE THIS WEEK

The Moose-versus-Savoy controversy which is continually extending itself beyond the confines of Roosevelt Park baseball field and into more congenial downtown surroundings, will flare into fierce life this week as the Royal Brethren and the Hotelmen clash in two successive games.

Round-table postmortems after each previous game have grown more animated as Moose, the poor whites of last year's league, show increasing ability this year and are posing an increasing threat to the supremacy of the Savoy squad.

First of the two clashes will occur tonight when a game which ended in postponement on June 15 will be played off. This will be the third Moose-Savoy battle of the season. The other two were solid Savoy victories.

The fourth game will be on Thursday night when the two will meet in a regularly scheduled encounter.

Moose, whose pitching force is taking better shape all the time, feel that they have a good chance against the hotelmen tonight. In the interval since the two teams last met on June 5, Moose have been consistently bettering their form at the expense of Watts and Nickerson, this year's traditional underdogs.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE IN THE MATTER OF THE ESTATE OF CARL CHRISTOPHERSEN SKJEPSTAD, DECEASED
IN THE MATTER OF THE "ADMINISTRATION ACT"
TAKE NOTICE that by order of the Honourable Mr. Justice Wilson, made the 29th day of May, A.D. 1947, I was appointed administrator with the will annexed of the estate of Carl Christophersen Skjepstad, deceased. All parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 1st day of August, A.D. 1947, after which claims filed may be paid with reference to any claims of which I then had no knowledge. AND all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

DATED this 10th day of June, 1947.
GORDON FRASER FORBES,
Official Administrator,
Prince Rupert, B.C.

LAND REGISTRY ACT
Re: Lot One (1) of Block "F" of District Lot Fifteen "A" (15-A), Queen Charlotte District, said to contain One decimal Six One (1.61) acres, more or less, as shown outlined red on Reference Plan No. 1798.
WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of Howard Young has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a Provisional Certificate of Title in lieu of said lost Certificate, unless in the meantime valid objection be made to me in writing.
DATED at the Land Registry Office, Prince Rupert, B.C., this 20th day of May, 1947. A.D.
ANDREW THOMPSON,
Deputy Registrar of Titles.
(149)

SHORT SPORT

The Scottish Football Association which staged the Britain versus Rest of Europe game at Hampden Park, Glasgow, has received a coronation loving cup similar to those given to English first division clubs in the 1937 Coronation Year. Only 30 cups were made. The King has one and the others are held by the English Football Association, Football League, city of Stoke-on-Trent, the 22 first division clubs of 1937, the two teams which won promotion to the first division the previous season and Glasgow Rangers. Possessors of the cups drink the health of the King and Queen on New Year's Day or on the first home game every year.

Chester's ancient racecourse has introduced a revolutionary plan to deal with betting disputes on the track. One-man courts have been set up in each betting enclosure and the 'judge' has authority to receive and settle all complaints. Each court was held at a spot where a "complaints" notice was fixed and in future the track intends to build a red box to be occupied by the judges.

Seven-year-old Trimbush, bought six years ago for \$30 (\$120) and now valued at \$8000, has developed the apple-a-day habit. He will not return to the stable after his morning workout until Jockey Harry Blackshaw produced the fruit.

Parish Model, breaker of two greyhound track records in eight days has a pint of goat's milk daily and Trainer John Bott is convinced this is a big reason for the dog's success. The milk is produced by pedigree goats reared on Bott's farm at Wokingham, Berkshire.

Marybone Cricket Club has adopted a new rule—first since 1884—dealing with the question of dislodgement of a ball. The rule is effective in 1948 and says a batsman will only be bowled if the ball or balls are completely removed from the top of the stumps. To assist the rule (or should it be the bowler) the stumps will be dome shaped at the top and each ball one-eighth of an inch shorter. We trust this is clear to the "well done" sir" brigade.

SHUT-OUT FASTBALL

Co-op Wins by Score of 14 to 0 Over Navy
Last night's 14-0 fastball victory for Co-op over Navy in a Men's League game at Gyro Ball Park proved largely an opportunity for the Co-op batters to fatten their batting averages. The luckless Navy nine fielded a revamped line-up which featured the addition of Pete Postak behind the plate, Frank Parlett on the mound and Boyo Gurvich in centrefield.

The Co-op lads countered by starting Cy Kellett on the mound and Cy, in his first appearance of the year, successfully throttled the Navy batters by doling out only two scratch singles in the six innings that he worked. Alex Slater relieved Kellett on the mound for Co-op in the seventh inning and was equally stingy as he allowed only one single in three innings to complete the shut-out.

Co-op batters went to work on Parlett's offerings early in the game and, as a result of one walk, a double, a single, and two errors, scored four runs in the first inning. They pushed over one more in the fifth inning on two errors and two singles. In the sixth two singles, a triple by Warren, and Smith's home run accounted for four more runs to bring the total to nine. Finally in the eighth inning, when the Co-op team batted completely around the line-up, they completed the rout by scoring five more runs on three singles, two errors, and Parlett's four-master which Boyo Gurvich lost in the outer reaches of centre field.

Railway Greet Cellulose Plant

It is estimated, according to competent authority, that the \$15,000,000 celanese plant to be built at Watson Island near Prince Rupert, when in full production, will turn out twenty per cent of the world's supply of cellulose pulp. The Canadian National Magazine prints pictures of Port Edward and plant site. These include a mile long dock, which allows for direct loading from the railway lines which run alongside. "Announcement of the decision to build," says the C.N. Magazine, was gladly received by all concerned, particularly provincial officials, city fathers and townspeople of the important northern seaport. The plant will have a capacity of 200 to 400 tons per day."

Fastball Schedule

GARDEN 'NOTEBOOK

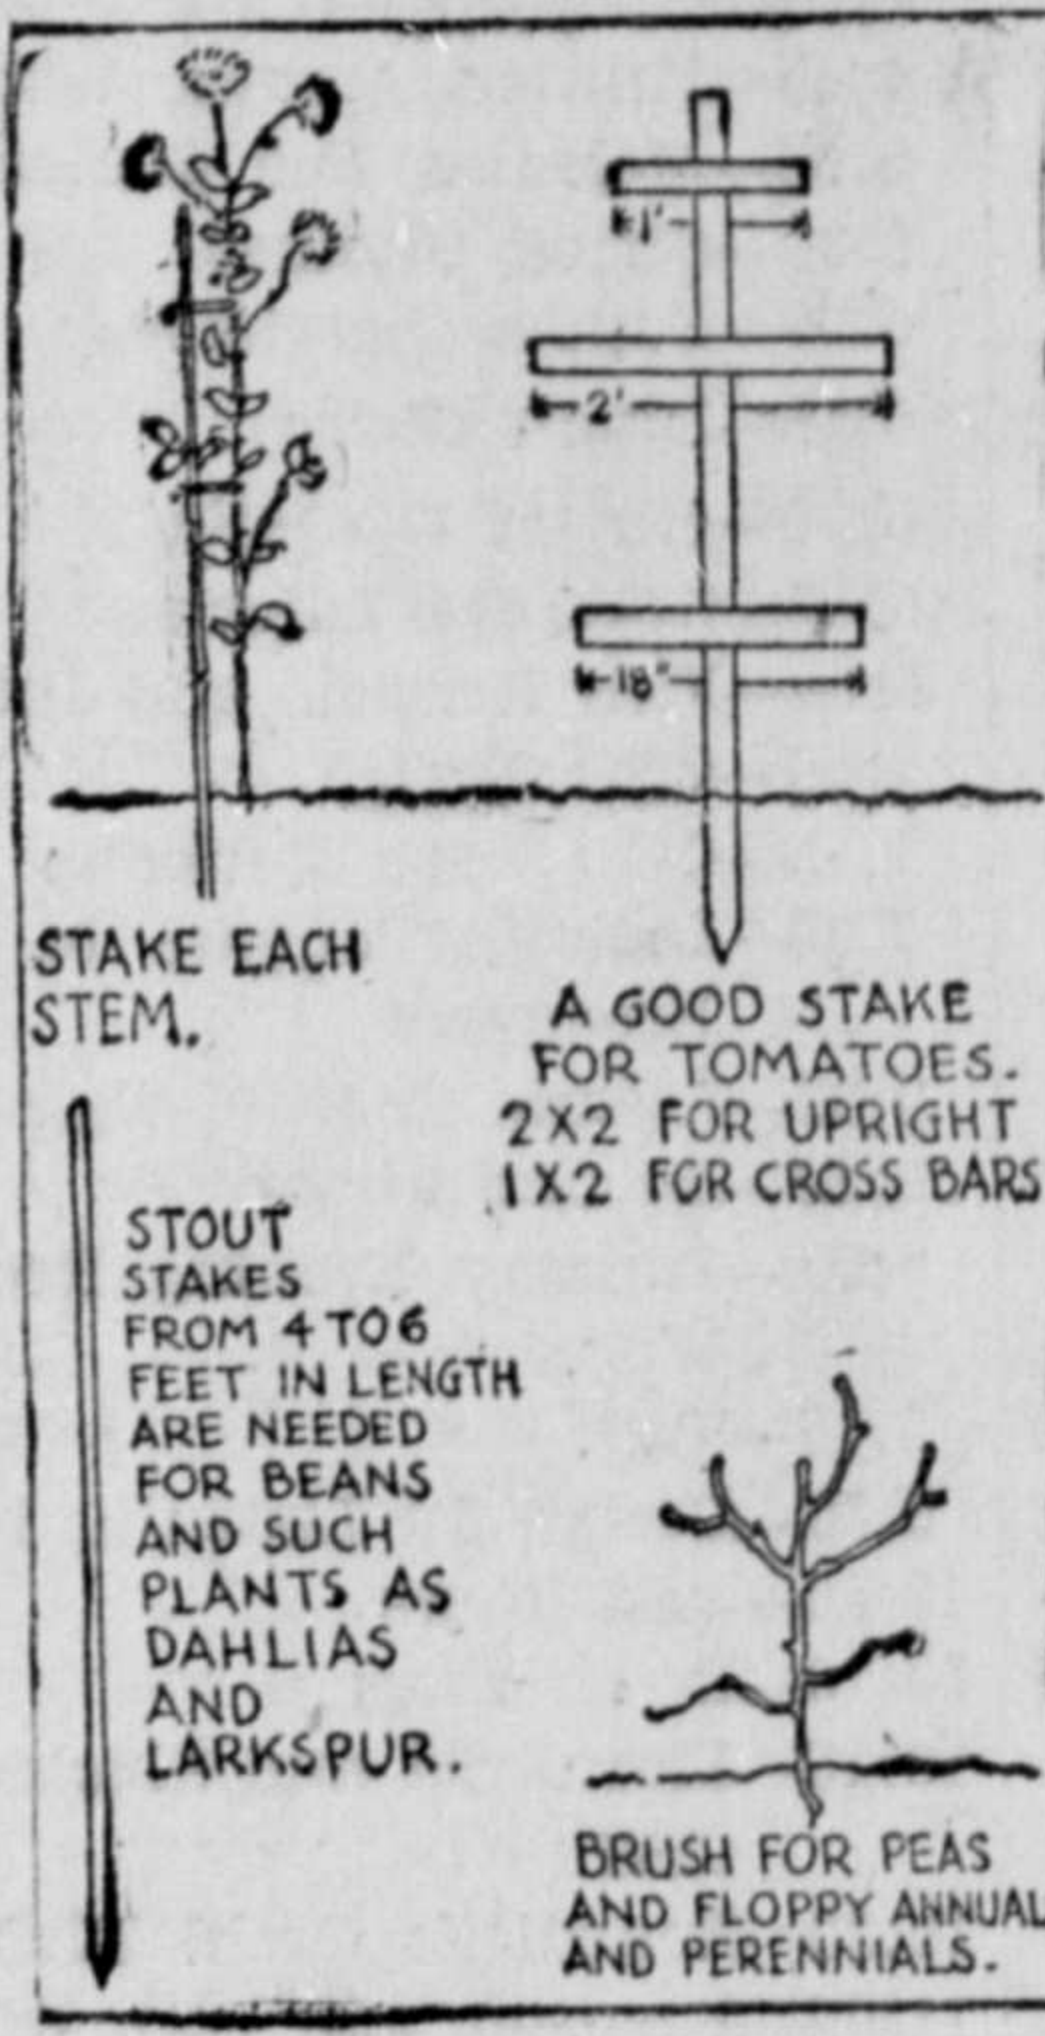

**FOR WELL GROOMED GARDEN
MANY PLANTS NEED STAKING**

Properly staked plants insure an orderly garden. Lack of proper staking means that you are reasonably sure to have some wrecked and messy beds later in the season. A heavy rain or wind storm is likely to knock over tall and heavy foliage plants which naturally have stems not sufficiently sturdy to stand up under the circumstances.

Delphiniums are the first plants in the garden to show the need for staking. The heavy spikes of bloom on these stately perennials make them singularly susceptible to destruction by winds or heavy rains. Stake them before the buds start to open and save the beauty of the delphiniums.

Gladiolus with heavy spikes of bloom are likely to need stakes. Lilies and iris of the taller types also need this assistance. Tall African and French marigolds are tipped over by wind or rain and become a jungle. Staking would have saved them.

The first requisite of good staking is that the stakes should be strong and capable of holding up the plant, but as unobtrusive as possible. Green painted stakes are least conspicuous. The cheapest and most efficient stakes are the bamboo canes sold in varying lengths by dealers. They may be bought already painted or in their natural color and you can paint them yourself. They are strong and durable. Heavy wire stakes are least obtrusive of all especially when painted green. Plants can be tied to them easily and held upright so that the tying cannot

be distinguished until viewed at close range. Set the stakes and tie the plants before they come into bloom. A good job of staking that will not make the plant look stiff and obviously tied up cannot be done after it has come into bloom. For plants of lighter growth that are apt to sprawl and be of untidy habit, twigs branches carefully applied make the best supports. The tall snapdragons need staking. If pinched back and tied the tall types throw out branches and become pyramids of bloom. The long terminal spike is sacrificed but a much greater quantity of bloom and finer garden display is obtained. Get in a supply of stakes and give the plants known to need staking attention early in their career. The sooner staking is attended to, the less obtrusive will it be when the plant reaches the maturity of its bloom.

QUIETLY MARRIED SATURDAY NIGHT

Miss Carolyn Faure Becomes Bride of Charles McIntyre

At a quiet wedding solemnized by Rev. R. A. Wilson at 8 o'clock Saturday night in the First United Church Manse, Carolyn Edith, younger daughter of Mr. and Mrs. H. F. F. Faure, 1439 Eighth Avenue East, and Charles Monteith McIntyre, son of Mrs. William Flewin, also of this city, were united in marriage.

The bride looked lovely in a distinctive street-length gown of teal blue crepe accented with white accessories and a corsage of pink carnations, rose-buds and miniature gladioli. Attendant was the bride's sister, Mrs. R. Rupert Greissel, gowned in coral pink sheer with brown accessories and a corsage of pink carnations and gladioli. Rupert Greissel acted as best man.

Following the ceremony, a reception was held at the home of Mr. and Mrs. Greissel, Eighth Avenue West, adorned for the occasion with summer flowers and pink streamers.

Receiving guests were the mothers of the bride and groom, Mrs. Faure wearing a mauve tea-gown and Mrs. Flewin a navy blue ensemble with white accessories. Both wore corsages of iris and baby glades. Many friends were present to offer congratulations and to participate in the toast to the bride, proposed by A. E. Welch. After the reception, Mr. and Mrs. McIntyre left for the Queen Charlotte Islands to spend their honeymoon.

OFFICERS INSTALLED

Mrs Stewart Heads Moose Women at Stewart

STEWART—The annual installation of the officers of The Women of the Moose, Portland Canal Chapter took place in the Moose Home last Thursday. Including members of Portland Canal Lodge No. 1218 Loyal Order of Moose, over sixty witnessed this very colorful ceremony. The officers installed were:— Senior Regent—Mrs. H. A. Stewart Junior Regent—Mrs. C. E. Gibson. Chaplain—Mrs. W. J. Wakefield. Recorder—Mrs. J. Wolstenholme. Treasurer—Mrs. H. C. Bennett. Guide—Mrs. G. Kustas. Assistant Guide—Mrs. J. Thompson. Argus—Mrs. T. Kirkpatrick. Sentinel—Mrs. H. Wilkinson. Pianist—Miss Dixon. Graduate Regent—Mrs. Fisher. The installing Regent was Mrs. W. R. Tooth, assisted by Mrs. H. Rosair.

The newly installed regent was presented with a beautiful bouquet of flowers. After the ceremony the guests were entertained at whist. Winners were:—women's first Mrs. E. Jenkins, consolation Miss Dixon; Men's first Robt. Barwise consolation Angelo Bugnello. Supper was served at the close of the proceedings.

THANKS FOR ROTARY CLUB

Hospital Board Appreciative of Substantial Grant for Children's Ward

Rotary Club was extended a vote of thanks by the board of directors of the Prince Rupert General Hospital at its meeting at the week-end for the active support and interest shown in the hospital's children's ward. The Rotary Club had advised the hospital board that it had immediately available the sum of \$2500 for the complete furnishing and equipping of the children's ward as soon as the board was prepared to go ahead with a further \$500 available over a period of time if required. The work is to be carried out by the hospital board.

The financial statement for the month of May, as presented at the meeting, showed that there had been a total of 217 patients with 143 outpatients treated. Expenditures for the month totalled \$10,884.34 at a per diem cost per patient of \$5.35.

The board was advised that the majority of the staff had membership certificates in the Blue Cross plan for hospitalization.

Ald. C. G. Ham, president of the board, was in the chair and directors present were Thomas McMeekin, Arnold Flaten, G. F. Forbes, B. R. Dodds and Dr. L. W. Kergin.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends for acts of kindness, expressions of sympathy and the beautiful floral offerings extended to us during our recent bereavement in the loss of a loving husband and father, the late Mr. J. R. Murray. Special thanks to Dr. W. S. Kergin and the nurses in the Prince Rupert General Hospital.

Mrs J. R. Murray and family.

"Ah fair Juliet, thine eyes are as two bowls of honey-golden Grape-Nuts Flakes!"

"They're made for thee to feast upon. My Romeo—as is the malty-rich nut-sweetness of Post's Grape-Nuts Flakes!"

"Post's Grape-Nuts Flakes are wondrous good, I swear it. Two golden grains do make them so: sun-ripened wheat and malted barley, skillfully blended, baked and toasted."

"In truth they give thee carbohydrates for energy; proteins for muscle; phosphorus for teeth and bones; iron for the blood; other food essentials. And on each package are enrolled fine recipes for such good things as cookies, muffins, cakes."

"Good night, good night. Post's Grape-Nuts Flakes I'll beg or borrow—and dream of them 'til it be morrow!"

Air Passengers

Departures by Canadian Pacific Airlines plane this afternoon for the south were A. J. Allnut, Mr. Jones, Mr. Young, Mr. Stevens, Mr. Pearson, C. C. MacKenzie and Dr. C. M. Barbeau for Sandspit and L. Husoy, T. A. Humphries, W. T. Cooper and Mr. Briggs for Vancouver. Arrivals yesterday afternoon were A. J. Eddie, W. W. Fraser, W. Glass, D. Secord, Miss Loveseth and D. Neil from Sandspit and H. Hansen, W. Minard and H. B. Thompson from Vancouver.

Native Girl Passes Away

Amelia McKay, 16-year-old native girl from the Naas River died last night at Miller Bay Hospital. Funeral services will be held here later this week after the arrival of her parents from the north.

Bake sweeter, tastier bread!

use **FLEISCHMANN'S FRESH ACTIVE YEAST**

NO TENDERS FOR GARBAGE

City Council's efforts during the last two weeks to let out the city garbage collection system on contract, fell on barren ground as the tender period closed Monday without response from applicants. City Clerk, H. D. Thain told council that, up to the close of tendering period, he had received only two verbal enquiries. The aldermen, who at the previous council meeting, had decided to exchange municipal operation of the system to one under which private individuals would make collections on contract, voted to extend the tendering period until July 7.

UGANDA AT SANDSPIT

Canadian Cruiser Spends Better Part of Week on Queen Charlotte Islands

Since its departure from Prince Rupert at the first of last week, the Canadian cruiser H.M.C.S. Uganda has been paying a five-day visit at Sandspit, Queen Charlotte Islands, having left Skidegate Inlet Sunday in continuation of its return swing to base at Esquimalt.

Members of Uganda crew enjoyed angling in Copper River at Sandspit and received hospitable treatment at the hands of the people of the Island community.

Are Driving From Here To Golden

HAZELTON— Mr. and Mrs. Fisher of Golden stopped off at Hazelton, Thursday on their way home. The Fishers spent the last ten months in Alice Arm and will always remember last winter as the year of the big snow. Weight of the wet snow caused many of the roofs to cave in on empty cabins and kept the Fishers busy shoveling theirs off to avoid a like fate. In Prince Rupert the Fishers bought an old second hand car planning to see what this part of British Columbia had to offer the motorist. Before reaching Terrace they ran out of gas and at Hazelton the battery went dead on them but, despite their troubles, they reported an enjoyable trip. Although they live near the heart of the Rockies they felt that the magnificent scenery between Terrace and Hazelton is mighty hard to beat.

Renovating C.N. Totem Poles

Continuing the good work of restoring the local park to its condition of pre-war beauty, Canadian National Railways are having the picturesque totem poles renovated. All the poles are now up again and the work of renovation is being carried out by Charles Dudoward who recently completed similar work to the city in Alder and Service Parks.

Another totem pole job being carried out this year involves the removal of poles from former H.M.C.S. Chatham grounds and from the Army Signals camp at Westview for re-erection in front of the museum building.

PIONEER WOMAN OF CITY PASSES

The funeral service for Mrs. Beatrice Merryfield, who lived in Prince Rupert in very early days, took place in Vancouver last Saturday morning from the Georgia Street Chapel of Carter & Hanna. Burial was in Mountain View Cemetery.

It was in 1887 that Mrs. Merryfield, with her parents, arrived in Vancouver, coming to the coast from Winnipeg, and she had been a resident of this province ever since. Many old friends in Prince Rupert and Skeena regret to learn of her death, for she had resided in Prince Rupert between 1909 and 1916, moving north with her husband, Joseph E. Merryfield, and son.

Surviving members of the family are the husband, two sons, Basil R. and Jack W., of Vancouver; four sisters, Mrs. E. B. Stitt, Tacoma; Mrs. Agnes Lloyd of Powell River; Mrs. Mary McIver and Mrs. W. O. Robinson, Vancouver; two brothers, W. R. Black, Vancouver, and Thomas Black, Long Beach, Washington.

Mrs. Alex Slater of Prince Rupert is a niece of the late Mrs. Merryfield.

Reminiscences and Reflections

By W.J.

Prince Rupert's waterfront skyline is changing and comment is along cheerful lines. But the difference isn't a patch on the glories once visioned on the old Westholme Theatre curtain. Today a new generation is coming along and many have never heard of the colorful masterpiece, let alone see it. The man who thought it up could have been nothing less than a genius with permission to go the limit. Giving uncontrolled play to imagination, he pictured Prince Rupert 25 years in the future. After the first shock, the local populace seemed to become so intrigued that they felt an honest pride in this bold expedition into the realm of free art. A fitting description has to be done in relays. The job is beyond the best efforts of one individual.

merry and bright. Their car contained a variety of natural products—including a stuffed snake with an evil expression. And there were full-blown watermelons; scores and scores of them for distribution to civic dignitaries along the way. Portland Canal was their northern limit. Mining camp hospitality was all to the good. From there, the tourists turned homeward—awed by the lordly scenery, and declaring it all "a right fine country and people, suh".

Uncle Jerry was well groomed and portly. He looked so prosperous that just to behold him made one feel the same way. He sold real estate. He liked to call Prince Rupert the future San Francisco of Canada—saying it with a relish that suggested the leisurely eating of something good. Jerry Kugler was a born salesman. With him, all lots—in Prince Rupert—were what he called snaps. If he had pressure, it was not high. He had an excellent front, a faultless build-up and an easy and engaging line of conversation without extravagance either in statement or gesture. He came with the first. He was the right man, in the right field at the right time. Of course, to term the new city the future San Francisco of Canada might be thought a shade superlative, but when Uncle Jerry said it, it was with a twinkle in his bright eye. Still, who knows. Perhaps he took a long look ahead, and saw fifteen million dollars coming this way.

It is not every tourist who brings a bit of his own country with him where he goes a-touring. During the thirties, a party from Dixieland, in their own private car came rolling into Prince Rupert. The southerners, with drawl and all, full of curiosity and questions, were welcomed by M. P. McCaffery. Happily smiling, he spoke from the top of a baggage truck, while the visitors, smiling back, didn't miss a word. And so, everything was

BETTER, SAFER HOME CANNING ALWAYS with a **National PRESSURE COOKER**

For safety and economy in your home canning (and cooking, too) use the scientifically designed, perfectly constructed NATIONAL PRESSURE COOKER.

Leading food authorities say that pressure cooking is the only safe way to preserve non-acid foods, including vegetables, meats, fish and fowl. A NATIONAL PRESSURE COOKER makes foods safer to eat because high heat under pressure kills spoilage agents and bacteria.

Horse and buggy days are past and gone, for **LIFE INSURANCE, too**

The day of the patent medicine spiel is past. Nowadays you go to your family doctor, or a specialist about your health. You go to a lawyer for counsel when you need legal advice. And the serious and far-reaching problem of your future and that of your loved ones should be discussed with a good Life Insurance agent.

Life Insurance companies in Canada employ tests and examinations to insure that new salesmen have the aptitude and the natural capacity to learn all they have to know in order to give the public sound advice on Life Insurance.

These companies are also requiring both new and established salesmen to take educational courses, some companies bringing men into head office for a period of intensive training, while others have excellent courses conducted in their branch offices.

Today, you can discuss your future with men and women who have been well grounded in the principles and functions of Life Insurance, and who are thereby competent to give you sound advice. Planning your Life Insurance is one of your most important continuing responsibilities.

A message from the Life Insurance Companies in Canada and their agents.

It is good citizenship to own LIFE INSURANCE
