Premier Hart Tells About Ottawa Deal

British Columbia Gains Eight Million Dollars

Same Formula Open to New Brunswick, British Columbia Prime Minister Suggests

VANCOUVER (C)—British Columbia will benefit by more than \$8,000,000 under the new financial agreement with the federal government compared with present conditions, Premier John Hart said last night. The Premier, in an address, gave a statistical outline of the agreement and reviewed Dominion-provincial relations. He said the province would have total revenues of \$23,799,000 under the agreement compared with some \$15,000,000 now.

Mr. Hart made no direct reference to the protest of Premier J. B. McNair of New Brunswick who termed the federal offer to British Columbia "an affront" to his province but reiterated that the formula British Columbia used to reach an agreement with the federal government was now open to all provinces.

British Columbia will receive \$21 per capita instead of the federal budget proposals that offered \$15 in return for vacating the income, corporation and succession duty tax field and statutory subsidies.

The British Columbia Premier said that the formula and other considerations arranged for British Columbia were available to all provinces but added that, with the exception of Prince Edward Island which had accepted "our formula," other provinces would receive a greater sum under the per capita basis.

Cannot Entertain Island Air Mail

The Post Office Department will not be in a position to deal with the establishment of an air mail service to the Queen Charlotte Islands until such time as a scheduled air service has been instituted thereto, the Associated Boards of Trade of Central British Columbia has been advised by the Postmaster General at Ottawa in reply to a request for such service to the hands made by resolution at the convention of the Associated Boards of Trade in Terrace last August.

New Line-up in Politics

Suggestion of Calgary Conservative Not Taken Seriously For Time Being

CALGARY (C)—Arthur Smith, Calgary West Progressive-Conservative leader, broadcast a suggestion here last night of a new Canadian political party set-up merging the Co-operative Commonwealth Federation and extreme left wing Liberals and one party and rightists, Liberals and Progressive Conservatives in the other.

M. J. Coldwell, C.C.F. leader in Ottawa, was "very interested" in the suggestion but had no intention of uniting with any other party.

Smith stated that Prime Minister King had invited the C.C.F. to join with the Liberals.

Mr. King had no comment to make on either Smith or Coldwell remarks.

Senator Mayor G. G. McGeer in Vancouver said that Smith was a "capable criminal lawyer" but his political prophecy was not to be taken seriously.

Other Liberal members denied any party split.

Equal Taxation in B.C. is Out

There will be no double taxation in British Columbia following the agreement on taxation matters recently arrived at between the Dominion and the province, Premier John Hart has assured the Prince Rupert Chamber of Commerce which recently passed a resolution regarding itself as opposed to dual taxation in any form on corporate and personal income. A communication to this effect from Premier Hart has been received by the Chamber.

Hazelton Route Not Overlooked

In answering a resolution passed at the convention of the Associated Boards of Trade of Central British Columbia in Terrace last year, Premier John Hart recently wrote to Duncan Kerr, secretary of the Associated Boards, giving assurance that the project of a survey of the Hazelton route for a connection with the Alaska Highway had not been overlooked, Premier Kerr referred to the extreme difficulty of securing qualified personnel to carry out such a survey.

Little Change in Control of Rents

OTTAWA (C)—Lifting of rent control on some non-essential items of accommodation such as vacation resorts is expected to be announced by the Prices and Incomes Board before Parliament meets at the end of the month. Rent rates are not likely to be raised although a raise in the ceiling might be allowed.

Bulletins

GAS PRICE INCREASE
TORONTO — The price of gasoline in Ontario is being raised 1/2c per gallon to 35c to top grade and 33c for standard.

COL. EDGETT DIES
VANCOUVER — Col. C. E. Edgett, well known police administrator for many years, died today. He was with the R.C.M.P. for twelve years after the turn of the century and, after going to Vernon, became warden of New Westminister Penitentiary in 1929, retiring from that position to become chief of police in Vancouver from 1931 to 1933. Recently he had been president of the Industrial Association of British Columbia.

LIQUOR ADVERTISING
OTTAWA — Federal ban on liquor advertising in Canada will end under new emergency authority March 31 next but may be resumed either by Dominion or provinces.

CONSIDER CITY MANAGER
VICTORIA — The Victoria city council is considering the possibility of setting up a city managership.

LEGION PROTESTS
VICTORIA — The Canadian Legion here protests at the appointment of an American doctor as superintendent of the Royal Jubilee Hospital when there are doctors in Canada capable of handling the job.

LEGISLATION ON TIMBER

Kenney Says Sustained Yield To Be Guaranteed—Direct Allocation of Lands

VANCOUVER (C)—Minister of Lands E. T. Kenney said here last night that legislation intended to guarantee sustained yield of timber on crown lands would be introduced at the next session of the Legislature. He said that removal of the competitive system in the allocation of crown timber licences would be the keystone of the legislation. Lands would be allocated directly to operators.

Wide Open Immigration Policy Proposed by Agriculture Minister

VANCOUVER (C)—A wide "open door" policy on immigration to bring millions of immigrants from Europe was advocated here by Rt. Hon. James G. Gardiner, minister of agriculture, yesterday in an address to the Canadian Club. He said that the Dominion's only hope of maintaining the high position she has attained in the world is through immigration.

"It is immediately important to us to have millions more," Gardiner said. "It is immediately important to Europe to lose millions."

There is no better way to accomplish the closest and most cordial relations with Europe than by absorbing millions of its people into Canada. He said that industries should not be centralized but scattered all over the west.

Twelve million people should be secured first by retaining as many as possible of our native born and, secondly, by drawing upon the skilled populations of Europe.

COMPLAINT TO POLAND

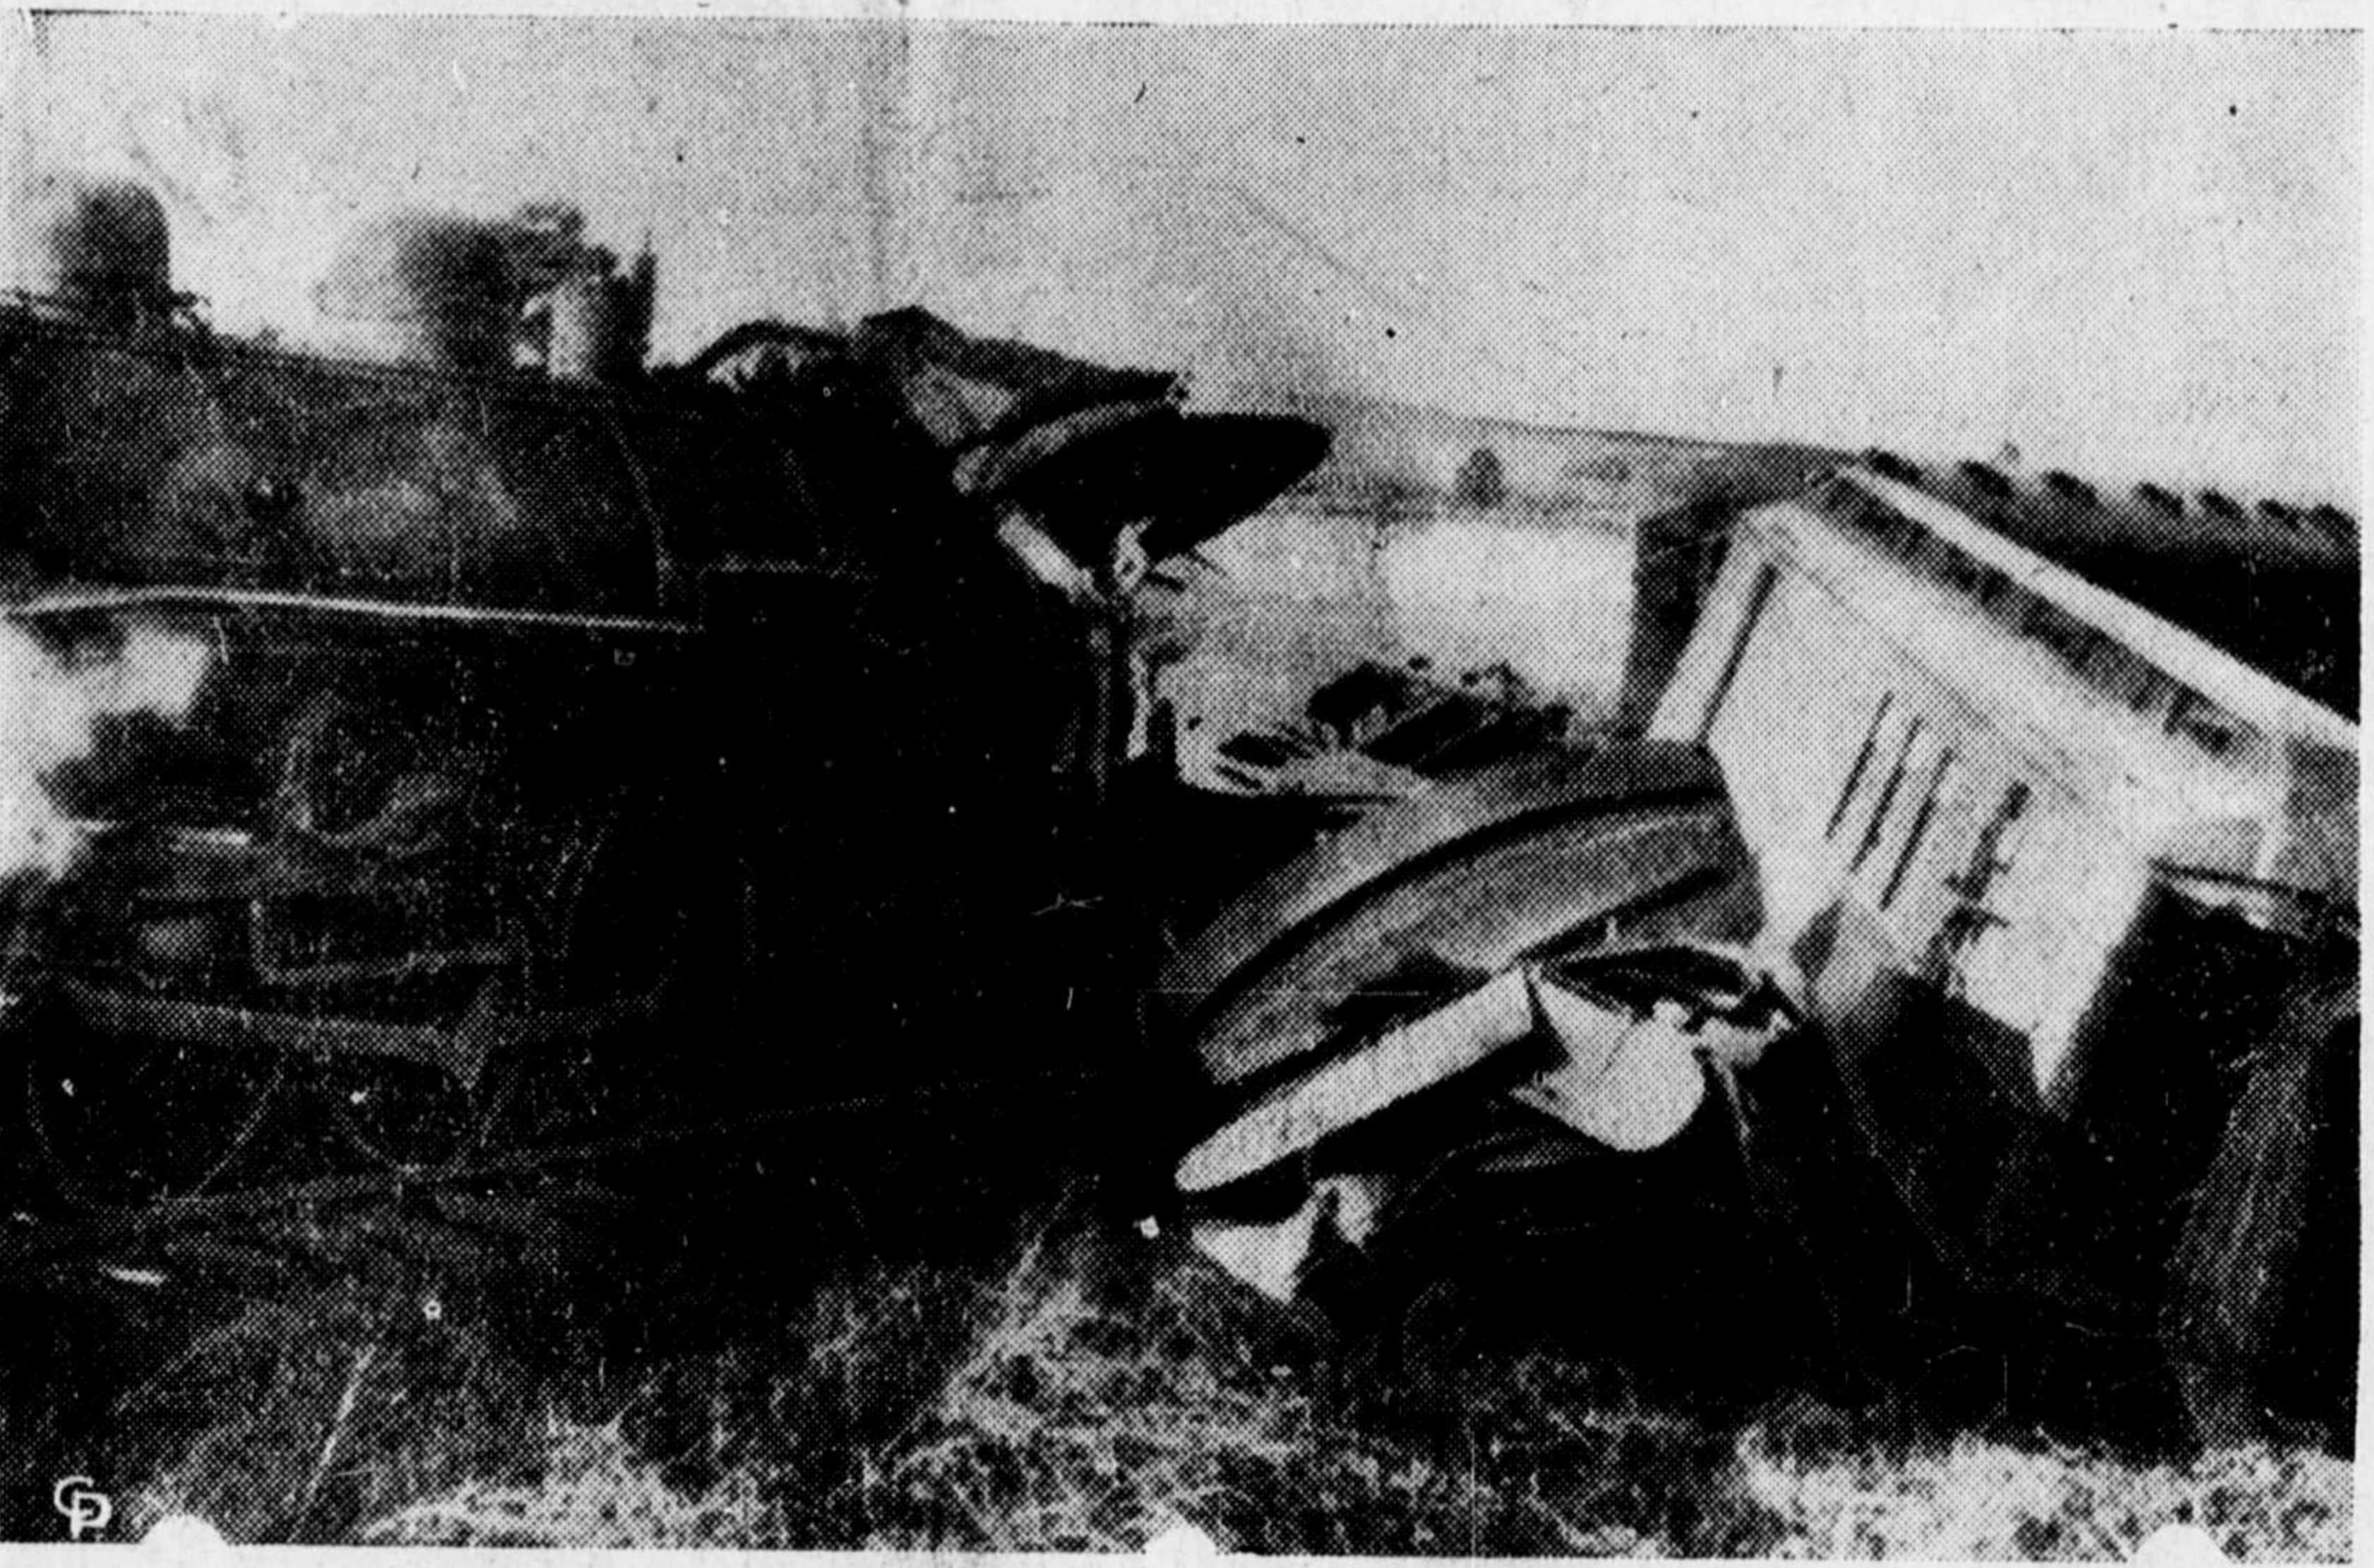

United States Sends Note Expressing Concern Over Internal Situation

WARSAW (C)—A United States diplomatic note charges suppression and coercion of opposition, violating of the Yalta and Potsdam agreements and urges that Poland pledge itself to hold free, unfettered elections.

The note expresses concern over repressive measures the government has used against democratic elements not aligned with the pro-government bloc.

RELIEVING OF VILLAGES IN ST. LAWRENCE

BAIE COMEAU, Quebec (C)— The government ice-breaker Ernest Lapointe landed supplies at three isolated north shore of St. Lawrence River villages and is preparing to go to a fourth, Seven Islands, if the ice breaker can clear ice from the channel.

FREIGHT AND PASSENGER TRAINS COLLIDE WITH 14 INJURED—Fourteen persons were injured when this freight train, left, crashed head-on with a Southern railway passenger train at Raleigh, North Carolina, derailing the engine and leading cars of the passenger train. More serious tragedy was averted by the fact that both trains were slowing to a stop when the collision occurred. The passenger engine was virtually demolished.

Coal Bin Prowler Makes Triple Play in Entering City Homes

Prince Rupert's "coal-bin" burglar, who has been prowling around and entering homes in the area between Fifth and Eighth Avenues for the last month, apparently launched a triple-barrelled attack last night, changing his mode of entry, but still remaining relatively harmless.

APPOINTMENT TO SENATE IN MIND

At the convention of the Associated Boards of Trade of Central British Columbia in Terrace last year a resolution was passed requesting Prime Minister W. L. Mackenzie King to appoint a senator from Central British Columbia in filling vacancies to the Upper Chamber at Ottawa. G. J. Matte, private secretary to the Prime Minister, has since answered as follows: "Mr. King wishes me to assure you that the representations of this resolution will be kept in mind when appointments to the Senate may be under consideration."

NEW AIR LINE ENTERS FIELD

Westinghouse Airways Also Wishes to Service Prince Rupert and North Coast

Westinghouse Airways Ltd. of Saanichton, Vancouver Island, is the latest commercial aviation concern seeking to enter the field to the north coast including Prince Rupert and it has asked the Prince Rupert Chamber of Commerce to assist it in furnishing to the Air Transport Board evidence of the "public convenience and necessity" of a charter air service within a 500-mile radius from Vancouver. The Chamber has agreed to supply this company with information similar to that given other airlines in making similar applications but without committing itself to support any particular application.

Intention of Westinghouse Airways is to operate land and seaplanes as well as amphibians, based on Victoria and Vancouver, "for the benefit of points within a 500-mile radius of Vancouver." Services would include carriage of passengers and freight, mercy flights, visual reconnaissance and photographic surveys for the lumber, fishing and mining industries.

The local Chamber is invited to make suggestions as to the needs of this community in any particular type of air service.

COMPLAINT TO POLAND

United States Sends Note Expressing Concern Over Internal Situation

WARSAW (C)—A United States diplomatic note charges suppression and coercion of opposition, violating of the Yalta and Potsdam agreements and urges that Poland pledge itself to hold free, unfettered elections.

The note expresses concern over repressive measures the government has used against democratic elements not aligned with the pro-government bloc.

DEMOLISH OLD LANDMARK GRASMERER

ENGLAND (C)—To prevent White Moss Cottage becoming an "eyesore" by being converted into a cafe, the old house has been purchased by the Friends of the Lake District Society and will be demolished.

IS WORKING FOR DIVORCE

President of Ketchikan Chamber Tells How Alaska is Trying to Throw Off Seattle Shackles

A letter written recently by Robert L. Jernberg, president of the Ketchikan Chamber of Commerce, to H. M. Daggett, then mayor of Prince Rupert, tells of how Southeastern Alaska has hopes of obtaining rescission of the Jones Act, which prohibits Canadian bottoms handling American traffic, so that Alaska may "obtain a divorce from Seattle" and develop trade from the Middle States through Canada and the port of Prince Rupert, Alaska, the letter said, was becoming increasingly impatient with the inefficiency resulting from its long-standing dependency upon Seattle, something which every effort is now being bent to break.

Mr. Jernberg expressed appreciation of the goodwill trip recently made by Prince Rupert Chamber of Commerce members to Ketchikan and asked to be given information as early as possible as to when the annual convention of the Associated Boards of Trade would be held in British Columbia as the expectation was that there would be a substantial representation from Ketchikan and other Alaska points.

TWO AIRLINES COMPETE FOR NORTH ROUTE

Canadian Pacific Airlines and Queen Charlotte Airlines have collided in their interest in establishing a scheduled commercial air service between Vancouver and Prince Rupert. Most recent to make the application is C.P.A.L. which has just published official notice that its application is before the Air Transport Board.

According to an official of Queen Charlotte Airlines in Vancouver that company applied for a scheduled commercial air service licence on the Vancouver-Port Hardy-Sandspit-Prince Rupert run last July.

"Our application was protested to the board by C.P.A.L. on the grounds that they intended to apply for a similar licence. Apparently they have put the matter up to the board to decide between us. There is not sufficient business on the Vancouver-Prince Rupert run to justify two licences," the official said.

It is expected that the Air Transport Board will sit in Vancouver early in the new year.

The Prince Rupert Chamber of Commerce has been officially advised by Canadian Pacific Air Lines of its application having now been made for a licence to operate a scheduled service between Vancouver and Prince Rupert via Port Hardy and Sandspit.

Gov't Orders Strike End

Ministry of Labor Steps Into Britain's Worst Tie-up Since 1926

LONDON (CP)—The Ministry of Labor today ordered 13,000 transport workers to end their five-day work stoppage which is imperilling food supply and delaying mails.

The government will meet in emergency session Monday with the wage board to consider demands for higher wages, improved conditions and vacation with pay.

The strike is said to be the worst Britain has had since 1926.

B.C. PRODUCTS SHOW COMING

Display to Tour Central Interior Early This Summer

B. C. Products and Industrial Bureau of the Vancouver Board of Trade is proceeding with arrangements for a tour of Central British Columbia in May or June of this year with displays and samples of British Columbia products. A. C. Foreman, secretary of the bureau, has written to the Associated Boards of Trade of Central British Columbia in connection with the making of arrangements for the tour and the matter has now come before the Prince Rupert Chamber of Commerce.

To present the display, it is necessary to have a community hall with seating capacity of at least 500 with space also for display tables. It has been suggested that the Civic Centre here might provide the necessary venue. School authorities usually co-operate as the display is of particular educational value. There are meetings both for adults and children with moving pictures and quiz contests. Usually there is a charge for admission with the proceeds going to a charitable cause.

A. C. Foreman, secretary of the Bureau, has intimated that he will make a preliminary trip shortly in order to check transportation and trucking for the display.

RAILWAY IS INTERESTED

Associated Boards of Trade Assured It Will Do All Possible to Develop Area

"The Canadian National System which, through one of its predecessor companies, was responsible for opening up northern and central British Columbia is, of course, vitally interested in the whole of this large territory which we consider our own," says a communication recently received by Duncan K. Kerr of Terrace, secretary of the Associated Boards of Trade of Central British Columbia, from R. C. Vaughan, president of the Canadian National Railways. "We recognize the potentialities of the area and we are always ready to do everything possible to co-operate in the development of this important section of the Dominion."

The letter from Mr. Vaughan was in acknowledgment of a resolution adopted by the convention of the Associated Boards of Trade of Central British Columbia at Terrace last year urging that there be instituted and continued an aggressive policy of development of northern and central British Columbia and the port of Prince Rupert.

THE WEATHER

Synopsis
Overcast skies were general over British Columbia this morning. Rain is falling along the west coast and snow is still reported in the Prince George and Cariboo areas. The fog in the Vancouver area is lifting this morning. Little change in conditions over the province is expected in the next 48 hours.

Forecast
Prince Rupert, Queen Charlotte and North Coast—Overcast, intermittent rain today and rain showers Friday. Winds southeasterly 20 on the North Coast, southerly (15) over the Charlottes.

Little change in temperature. Low tonight: Port Hardy 35, Massett 37, Prince Rupert 37, Hights on Friday: Port Hardy 42, Massett 40, Prince Rupert 40.

Knotty Lumber Problems

THIS IS A GOOD TIME to consider the outlook for the lumber business. The prosperity of the whole central interior and coast district tributary to Prince Rupert depends greatly upon the lumber business. There is hardly any line of activity that is not indirectly affected, be it farming, secondary industry, or servicing in trades, professions, railway and government.

It is the general opinion that markets for lumber will continue good for a considerable time to come.

Whether markets can be held at higher or even current price levels is a question that few will venture to answer. The internal market is promising while the housing shortage continues and it might be possible that there will be higher prices internally although they are at present fixed at a lower price than the export market. But export markets, which are giving signs of a forthcoming shrinkage, are unlikely to be available at higher than current prices and may take some holding even at existing levels.

Hence, operators and labor leaders who are more concerned with realistic than theoretical economics will watch with keen interest the markets, the Dominion taxation, the provincial Forest Act amendments, wages, and all other factors bearing upon the price of lumber.

We can only maintain prosperity in the whole of B.C. so long as we can profitably market our lumber, which is one of the four chief keys that unlock the gates of production in British Columbia.

Percy Bengough, president of the Trades and Labor Congress of Canada and a former B.C. labor leader, has stated, according to press reports, that organized labor in Canada does not anticipate nor desire any new strikes in 1947. "A discussion around the table before the strike," he said, "will save both employers and employees a lot of grief, worry and bad feelings."

It is to be hoped that in the relations between industry and labor this sound advice from a responsible labor leader will be followed.

But we find a different attitude being taken by Harold Pritchett, district president of the International Woodworkers of America. He is reported to have said at the union's convention in Victoria last week that B.C.'s 27,000 organized woodworkers are prepared to strike on June 20 if their demands for a wage increase of at least 25 per cent are not met by the operators. (B.C. woodworkers total 37,000).

Whether that or any increase is justifiable is not our business at this time. But we believe it is fitting and proper and the right time to say that no responsible labor leader should issue a strike threat BEFORE his demands have been made known to the operators and the men and BEFORE the law of the country affecting industrial disputes, conciliation and arbitration has been complied with.

Emulation of the Lewis tactics is not likely to get any farther in this country than in the U.S.A. Bellicosity and threatening are more likely to bring their own corresponding reaction for like breeds like.

It was quite unnecessary for Mr. Pritchett to threaten to strike; unless, of course, he was merely trying to pep up his delegates in what was perhaps becoming a somewhat dull convention.

The strike weapon is the strongest and the last weapon held by labor. It should not be the first weapon to use for, if that fails, there is nothing left with which to fight. We are frankly amazed at a smart man like Mr. Pritchett springing his threat of a strike in June at this moment. He has played or at least shown his only ace card. That is bad play and poor leadership.

Surely the method proposed by Mr. Bengough is the better way: "a discussion around the table." It is definitely the step that should be taken ahead of a threat to strike.

It is to be hoped that good common sense will prevail and on all questions affecting labor relations in the lumber industry there will be conciliation and arbitration and that every effort will be made to maintain our markets so that high production, high employment and prosperity may be assured.

PACIFIC COAST RADIO STATION

C.B.C. Heard From in Regard to Transmission Project

Decision to build a short wave station on the Pacific Coast would be a government matter since funds for the Canadian Broadcasting Corporation's international service are provided by regular Parliamentary estimates each year and do not come out of the regular domestic revenue of the C.B.C., says a letter from A. D. Dunton, chairman of the Canadian Broadcasting Corporation, in answer to a resolution passed at the annual convention of the Associated Boards of Trade of Central British Columbia at Terrace last August suggesting a high power short wave station on the Pacific Coast, particularly to serve the Orient.

"I think," continues Mr. Dunton's letter, "it should be borne in mind that the cost of such a station in providing service in different Oriental languages would be very high and, according to information we have, there are very few short wave receivers in most Oriental countries."

The present short wave station at Sackville, New Brunswick, adds Mr. Dunton, is delivering a satisfactory signal to New Zealand and Australia but it is doubtful if a good signal can be laid down from Sackville in China, Japan or any other Far Eastern countries.

\$17,000 School Accounts Passed

Prince Rupert and district school board last night approved payment of accounts totalling \$17,102, greatest part of which was for the month of December. The figure also included a delayed portion of the November accounts totalling \$4,481.

CONSCIENTIOUS OBJECTORS OBJECT—A group of conscientious objectors, dressed in prison garb, parade in front of the White House, Washington, D.C., with signs urging President Truman to grant amnesty for some 700 still in prison, and for 5,300 others who have been released from federal institutions, but remain handicapped by loss of their civil rights.

Gyros Are Asked To Donate Blood

Request that members of the club actively support the current Red Cross drive for registration of volunteer blood plasma donors was made at the Prince Rupert Gyro Club luncheon yesterday by Arnold Flaten, local Red Cross president. The members were asked to register for call. Business at yesterday's luncheon largely concerned internal affairs of the club including reports on various activities. G. L. Rorie was appointed editor of the club bulletin for the year.

P.-T. CLASSES CIVIC CENTRE

Venue There to be Used by Public School

A plan by King Edward Elementary School Principal R. G. Moore to have his three senior grades take a weekly class in physical education at the Civic Centre was warmly received by the school board members when it was presented to their meeting last night.

Mr. Moore proposed that Grades Four, Five and Six at his school should each have a half-hour physical education class a week in the Civic Centre and spoke of co-operation in this regard offered by Rup-Rec director Neil Ross.

The classes, he said, would be the final ones of the school day. The children would march from the school to the Civic Centre under the control of their class teacher, receive their training, then dismiss for home.

The board members commended the idea, and gave it unanimous approval.

Alaska Goodwill Tour Is Lauded

Don Morrell, secretary of the Canadian Chamber of Commerce, has written to the Prince Rupert Chamber of Commerce congratulating it on the recent goodwill tour from here to Ketchikan. The value of such trips are emphasized by Mr. Morrell.

YES—I will be a BLOOD DONOR

No greater gift can one human being give another than life itself. Today, thanks to modern advances in medical science, *Blood is Life*.

Every year—on the operating table, after accidents, in childbirth, in serious illness, lives can be saved which would otherwise slip away.

Yes, henceforth you will be able to help save these lives. A great new civilian Blood Transfusion Service has been opened by the Red Cross to provide whole blood and plasma FREE... not even a Hospital Service charge, to all hospital patients in Canada who need transfusions.

The small gift of blood from you is the gift of life itself to someone whose life is in danger. The inconvenience to you is slight.

Contact your local Red Cross Branch or Clinic and say, "Yes, I will be a blood donor!"

National Film Board Chairman

R. G. Moore, principal of King Edward School, has been appointed chairman of the National Film Board for Prince Rupert, succeeding M. L. Harper. Films will be shown in the Civic Centre every Thursday night. This week two reels will be shown, "Canadian Magazine" reel and "Better Tomorrow."

RENEWS OLD FRIENDSHIPS

Mr. and Mrs. Andy Borland were passengers northbound on the Princess Norah this morning returning to Whitehorse after a two months' holiday spent in California and Vancouver Island. Mr. Borland prior to the war was associated for some years with P. M. Ray in the shipping business of this port and is now on the staff of the White Pass & Yukon Route at Whitehorse. While the steamer was in port "Andy" was kept busy looking up old friends in the city.

COTTAGE CHEESE VALENTIN DAIRY

New Creamed — Fresh Made
 Your Daily ALL-WEATHER SERVICE

Home Recipe

Refrigerator Rolls
 1 cake compressed yeast
 Or—
 1 tablespoon quick rising dry yeast
 1 cup lukewarm water
 1 teaspoon sugar
 1/2 cup shortening
 1/2 cup sugar
 1 teaspoon salt
 1 cup hot mashed potatoes
 1 cup scalded milk
 2 eggs (well beaten)
 6 to 7 cups sifted all-purpose flour

Dissolve yeast in lukewarm water and add the teaspoon of sugar. Place shortening, sugar and salt in mixing bowl. Add mashed potatoes and cream well. Combine lukewarm milk, eggs and dissolved yeast. Add to first mixture. Add flour to make a stiff dough. Toss on floured board and knead well. Place in a large greased bowl and let rise until double in bulk, if rolls are to be baked immediately. Knead slightly, shape into rolls as desired, cover and let rise until light. Bake in hot oven, 400 degrees F., for 15 to 20 minutes.

If this dough is to be stored in refrigerator before baking, after first kneading place in a greased container, brush surface with melted fat and cover tightly. About 1 1/2 hours before baking time, shape into rolls as desired. Let rise until light and bake as above.

Yeast doughs may be frozen and kept for a longer period than if stored in a refrigerator cabinet. After first kneading, wrap dough in waxed paper and place in a freezing unit. Remove about 4 hours before baking time. Let rise until dough is light; this will take about 3 hours. Knead slightly, shape into rolls and let rise until light. Bake in a hot oven, 400 degrees F., for 15 to 20 minutes.

BOLIVIA FIFTH LARGEST

Bolivia is the fifth largest country of South America.
 BOSTON, England © — Oak piles sunk 1633 and still sound were used again in construction of this Lincolnshire town's sewage disposal plant.

British Columbia Civil Service WANTED

Outstanding In Baseball

Yawkey, Dyer and Musial
Get Sporting News Call

ST. LOUIS, Mo. — Thomas Yawkey, president of the Boston Red Sox; Eddie Dyer, manager of the Cardinals, and First Baseman Stanley Musial, also of the Cardinals, were named the outstanding men of the major leagues in their field for 1946 by the Sporting News in the baseball weekly's annual citations of the No. 1 men of the year.

In the minors, similarly honored, were Earl Mann, president of the Atlanta Southern Association Crackers; Clay Hopper, manager of the Montreal International League Royals, and Sebastian Sisti, shortstop of the Indianapolis American Association Indians, who is returning to the Boston Braves after leading the league with a batting average of .343.

Yawkey's untiring efforts and lavish investments in players and farms to give Boston a pennant winner, which ambition was realized with the Red Sox the past season, earned him the title of No. 1 executive of the year. The Sporting News also points out that he has built up an organization that promises to be a factor in pennant races for many years to come.

Dyer Is Called Ace Manager

The accolade of No. 1 manager of the year was bestowed on Dyer for his handling of the Cardinals in the strenuous closing days of the season, through the playoff for the National League pennant with the Dodgers and in the world's series triumph over the highly-favored Red Sox. The Sporting News points out that his test as a freshman pilot came early when, stepping into the shoes of Billy Southworth, he found himself faced with finding replacements for players traded during the winter and lost through raids by the Mexican league. His daring decision to move Stan Musial from the outfield to first base and his success in alternating three light-hitting outfielders, making Murray Dickson a winning starting pitcher, converting Red Schoendienst into a second baseman and in juggling his lineup and mound staff are cited as examples of his managerial genius. Credit for the spirit, courage and teamwork of the Redbirds that overcame many obstacles also is given Dyer. The Redbird manager won the 1942 award for the minors, when he piloted Columbus to an American Association pennant.

Musial was hailed as the outstanding player of the year because, in addition to taking over an unfamiliar position at first base and playing it well, he not only led the National League in batting with an average of .365, but was first in the number of hits, runs, singles and doubles, topped the sluggers with a percentage of .587 and ranked third in runs batted in.

Ten years after winning the 1936 award as the No. 1 business executive in the minors, Earl Mann of Atlanta qualified again for the distinction for turning in an unprecedented record as an independent club operator. His club drew an attendance of 395,699, nearly a fourth of the

MEANING OF CITIZENSHIP

Judge W. E. Fisher to Address
Borden Street School Parent
Teacher Association

Included in the plans made at the meeting of the executive of the Borden Street School Parent Teacher Association yesterday afternoon for the regular meeting to be held next Wednesday was the suitable observance of "Citizenship Week." Judge W. E. Fisher has acceded to the Association's request to speak on the privileges and responsibilities of Canadian citizenship. Also included in the program will be a quiz for parents and selections by the Borden Street School choir.

Arrangements were also made for a rummage sale to be held in February.

The membership committee reported that there were 133 paid up members.

The report of the president, Mrs. George Howe, told of the request of the association that the central council take up the matter of the restoration of the milk subsidy. It was pointed out that the request would not likely be complied with and a speaker is to appear at the next meeting to explain why it is not feasible or desirable that the subsidy should be restored.

Members present were Mrs. G. Howe, in the chair, Mrs. J. Garrett, Mrs. S. Anderson, Mrs. D. Parent, Mrs. W. J. Lineham, Mrs. Seaman, Mrs. Rutherford, Miss Sim, Messrs. J. S. Wilson and S. A. Cheeseman.

Navigation Aids Are Considered

Request of the Associated Boards of Trade of Central British Columbia, at its annual convention in Terrace last year, that a major light and fog alarm be established on Bonilla Island as a prime requisite in safe navigation of Hecate Straits has been brought to the attention of officers of the Department of Transport for consideration, according to a communication received by the secretary of the Associated Boards, Duncan K. Kerr of Terrace, from the Minister of Transport.

PUERTO RICO AREA
Puerto Rico has a total area of about 3,400 miles.

Southern Association's record 1,931,236, and the Crackers won their sixth flag in the 12 years he has been in charge.

Clay Hopper's ability to perform near-miracles with an average pitching staff, his development of rookies and his knack of blending speed and power are credited with the triple success of the Montreal club in winning the International League championship, the Shaughnessy playoffs and the junior world series title.

The comeback of Sissy Sisti at Indianapolis was hailed by the Sporting News. Accepting a demotion from the Braves with a determination to fight his way back to the majors, Sisti, shifted from the other side of the infield to second base, handled the most chances at the keystone sack and, although only a .240 hitter with the Braves, topped the American Association with a batting average of .313, led in triples, was second in doubles and total bases and tied for fourth in runs scored.

MAROONED PLANE SURVIVORS RESCUED FROM ST. LAWRENCE—Seven men were aboard a twin-engine aircraft which plunged into ice-clogged St. Lawrence River. Three of the men were brought ashore by plane after being exposed on the ice for 54 hours. Another survivor was rescued Christmas night, two more were rescued after 70 hours and the seventh man is still missing, believed drowned. Heroes of the rescue were Pilot Jim Wade, shown at the controls of the plane which he landed amid treacherous ice, and Co-Pilot Pat Twist. James R. Hartley, pilot of the ill-fated plane, is seen at left.

KINSMEN CLUB NAMES HEADS OF COMMITTEES

Standing committees for 1947 were named at the year's first meeting of the Kinsmen Club in the Civic Centre last night. The meeting, attended by 25 of the club's 27 members, took a thoughtful look into the coming months in arranging for its projects.

The following were named committee chairmen:

Ways and Means, R. G. Moore. House Committee, Stanley Saville.

Sergeant-at Arms, Ed Garner. Entertainment, William Bremner.

Kin Education, Charles Collins. Publicity, Dan McDonald. Historian, S. C. Elkins.

As far as Queen Charlotte Air Lines is concerned, the Air Transport Board advises the local Chamber that this company already holds a licence from the board to operate charter commercial air services based at Vancouver. "Under this charter the company is authorized to provide as many trips as may be required to move the traffic, the only stipulation being that the air carrier must obtain payment of the full charter toll for the entire aircraft for each trip. Under these circumstances, it is considered that there should be no failure of service to the public pending the board's decision with respect to applications (for scheduled service)."

Because of the requirement of the Air Transport Board that full charter toll must be obtained for each trip before it is made, Queen Charlotte Air Lines recently suspended regular service between Vancouver and Prince Rupert.

A musical program, composed of classical piano selections, was presented by Joseph Franky.

Harry Sheardown was initiated as a new member.

(continued from page 1)

spit. The application has been accompanied by an exhaustive document setting out the "public convenience and necessity" of such a service between Vancouver and Prince Rupert. The plans of C.P.A. include the development of an air strip on Tugwell Island for the handling of land planes.

The Air Transport Board, writing to the local Chamber in regard to application for scheduled air service franchises on this coast, points out that considerable work is involved in the reviewing of material already on file in support of the applications, but that ultimate decision will not be unduly delayed. Meantime, it is impossible to say what disposition will be made of present routes and services.

As far as Queen Charlotte Air Lines is concerned, the Air Transport Board advises the local Chamber that this company already holds a licence from the board to operate charter commercial air services based at Vancouver. "Under this charter the company is authorized to provide as many trips as may be required to move the traffic, the only stipulation being that the air carrier must obtain payment of the full charter toll for the entire aircraft for each trip. Under these circumstances, it is considered that there should be no failure of service to the public pending the board's decision with respect to applications (for scheduled service)."

Because of the requirement of the Air Transport Board that full charter toll must be obtained for each trip before it is made, Queen Charlotte Air Lines recently suspended regular service between Vancouver and Prince Rupert.

Land For School At Port Edward

Possibility that industrial development at Port Edward might lead to a "scramble" for land in that area led the Prince Rupert and District School Board to take serious consideration of setting aside ground there for school purposes.

The suggestion was made by Inspector of Schools E. E. Hyndman who foresaw that, in the event of major expansion there, no land might be left for schools. Land at the townsite, now controlled by the Department of National Defence, soon will revert to the provincial Department of Lands and Forests, he said.

The matter was referred to the board's building committee for investigation.

Advertise in the Daily News.

OLD STYLE XMAS IS CELEBRATED

Tuesday was Christmas for one section of the population in Prince Rupert — communicants, either active or traditional of the Greek Orthodox Church, the Holy Days of which are still determined by the Old Style or Julian calendar.

Several families of Yugoslav origin celebrated the occasion in traditional fashion, with banquets and merriment, followed by visits between the various homes in which the celebrations took place.

One such party took place at the home of Mr. and Mrs. John Gurvich, 736 Fifth Avenue West, where 50 guests enjoyed a dinner followed by native Yugoslav entertainment. Other observances took place in the homes of Mr. and Mrs. Samuel Bill, Mrs. Vuckovich and Louis Pestuk.

WINNING TURKEYS AT SASKATOON SHOW—How would you like to sink your teeth into a Christmas dinner fashioned around one of these? They are the winning turkeys at the Western Canada Dressed Poultry Show held at Saskatoon. Displaying the birds are Peter Balogh and Anne Caton, both four-year agriculture students at the University of Saskatoon.

South Francois Lake Marooned

FRANCOIS LAKE—With Francois Lake closed for navigation and the ice still unsafe for crossing the people on the south side are practically marooned as the Nadina Road is not in good condition.

The captain of the Francois Lake ferry ran his boat up until the last possible minute without risking his little ship and succeeded in getting all cars on the side of the lake to which they belonged.

However, the annual fear of accident and even tragedy is obsessing the people of both sides of Francois Lake. For many years incidents have occurred which demand crossing the lake on new ice at great risk.

On one occasion Frank and Johnny Keefe, who were then living at Southbank, crossed the lake on an inch-and-a-half of rubber ice, hauling a woman on a log hauled as it was imperative that she should reach medical attention immediately.

The car of a well known commercial traveller still lays in three hundred feet of water and the driver had a narrow escape.

A car returning from a dance at Francois Lake was heavily loaded and broke through below Colleymount. The car hung by the running board for a few minutes. All passengers got clear most miraculously owing to the presence of mind of the driver, whose name was Emil Manu and he was of Finnish extraction. The people of the Lakes District are demanding that a bull-dozer or plows be kept on the Nadina road until it is in shape to provide an alternative route.

NO CAUSE FOR RIGHTEOUSNESS

"We are called upon as Christian people to recognize and alleviate the plight of thousands made homeless and hopeless by the ravages of war but we are not in any position to undertake the task in a spirit of self-righteousness." Rev. A. F. MacSween of First Presbyterian Church told the second gathering of the Week of Prayer in St. Andrew's Cathedral Tuesday night.

"Our first duty is recognition of our own share of guilt. There is need for repentance on our part as well as on the part of the people of Germany and Japan," Mr. MacSween said.

Mr. MacSween spoke briefly at the opening of the meeting which was led by Rev. Basil S. Procter who conducted the reading of prayers to a fair-sized congregation.

The three leading Christian nations of the world—Britain, the United States and Canada—could well undertake a period of moral self-examination. Mr. MacSween said, since it was they who unloosed the atom

TAKE NO CHANCES WITH BABY'S COLD

DON'T let your baby's little cold develop into something worse. Let Mrs. Geo. McBride of Scarborough tell you what to do. "My baby of 26 months caught a nasty cold, so I tried Baby's Own Tablets and she threw this cold off quicker than ever before. I certainly am for Baby's Own Tablets from now on."

Baby's Own Tablets help in the treatment of colds by their laxative action. They are sweet-tasting, easy to take—and may be crushed to a powder if desired. Effective in treating troubles, constipation, simple fevers, upset stomach, summer complaint, diarrhoea and other minor ailments. No "sleepy" stuff—no dulling effect.

Get a package today. Sickness so often strikes in the night. 25 cents. Your money back if you are not satisfied.

Women's Institute At Francois Lake

Mrs. H. Neave Re-elected President—Plans For Coming Year Made

The annual meeting of the Francois Lake Women's Institute was held in the Beach House on Thursday afternoon last with ten members and three visitors attending. All the 1946 officers were re-elected:

President, Mrs. H. Neave. Vice-President, Mrs. J. Jeffrey.

Secretary, Mrs. Reg. Partington. Directors — Mrs. Van Zanten and Mrs. J. Keefe.

The roll call was answered by helpful hints and a report of last year's many successful undertakings was read by the secretary.

Articles of food were brought for another parcel for a London, England, hospital in the bombed district. It was decided to have the annual amateur program here in April.

Tea was served at the close of the meeting, Mrs. Neave being hostess.

Two District Families Joined

Two prominent families of Metlakatla and Port Simpson were joined at a quiet wedding rite at 5 o'clock Tuesday afternoon when Miss Rowena Green, daughter of Mr. and Mrs. Charles Green, of Port Simpson, became the bride of Johnny Alfred Aukland, son of Mr. and Mrs. Alfred Aukland, of Metlakatla.

Performed by Rev. R. A. Wilson in First United Church manse, the wedding was attended by a number of friends and family members. The bride who wore a floor length gown of white satin, was given in marriage by her father.

Attending the bride as Matron of Honor was Mrs. Katherine Gosnell of Prince Rupert, while Miss Violet Price and Mrs. Joseph Wright acted as bridesmaids.

Groomsman was John Ryan of Metlakatla, and Henry Ryan and Fred Aukland acted as ushers. The newly married couple will make their residence at Metlakatla.

START EXPERIMENTAL FARM BOMBAY, India — A 236-acre co-operative farm, with a perennial water supply, is to be set up in Bombay as an experiment in land colonization. The farm will be located in the Kundelika Valley, in the district of Kolaba.

BUY U.S. WAR GOODS CANBERRA, Australia — The Australian government has bought all surplus American service property in Australia for £625,350, Prime Minister Chifley announced recently. The goods include many types of mechanical parts and radio equipment.

bomb, with its tremendous destructive power.

During the service, the congregation joined in singing a number of hymns. Peter Lien was at the Cathedral organ.

SCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as stunted growth, soft bones, poor teeth, faulty nerves, loss of appetite, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B, C, D, Riboflavin (B2), and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances—complete proteins to build muscle, nerve and body cells—high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard normal growth.

So if your child eats poorly, is thin, underperforms, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.

New Kind of Chocolate Pudding!

Sure to be liked—easy to make!

ALL-BRAN DEVIL'S FOOD PUDDING

1/4 cup sugar	1 egg
1/2 cup milk	1 cup sifted flour
2 squares unsweetened chocolate	1/2 teaspoon soda
1/2 cup shortening	1/2 teaspoon salt
	1/2 cup All-Bran
	1/2 teaspoon vanilla

Combine 1/4 cup sugar, 1/2 cup milk, and chocolate; cook until thick (stir occasionally). Cool. Blend shortening, remaining sugar and egg; beat until fluffy. Add chocolate mixture. Sift flour with soda and salt; add to first mixture alternately with remaining milk. Add All-Bran and vanilla. Pour into shallow greased baking pan; bake in moderate oven (300°F.) about 40 minutes.

It's your favorite "Chocolate Devil's Food" served up in a delicious hot pudding. And All-Bran's toasty nut-sweet flavor makes it better than ever!

Tender, crunchily All-Bran does marvelous things to the texture too! Clip the recipe now.

1,100 ATTEND CITY SCHOOLS

Prince Rupert's school population in December 1946 was 1,106 pupils, as compared with 1214 in the same month of 1945, according to figures contained in the monthly reports of school principals read before the school board last night. Enrollment in the four district schools outside the city was 49.

Booth Memorial High School had a December enrollment of 459, according to Principal W. W. C. O'Neill, 245 of which were in the junior high school, and 214 in the senior. Attendance for the month was 90 per cent.

At Borden Street elementary school the enrollment was 189, and the attendance percentage was 93, according to the report of Principal John S. Wilson.

Conrad Street School's enrollment was 194, of which 110 were boys and 84 girls. Principal T. G. Bateman's report showed 89 per cent attendance at the school was 39 per cent.

Principal R. G. Moore reported that King Edward elementary school had an enrollment of 264 during December, and that the percentage of attendance was 89.

In the rural schools, Port Essington had an original

STONE SUGGESTS SOLUTION TO SHACK PROBLEM

School Trustee W. F. Stone opened a refreshing approach to the perennial subject of the former Chinese bunkhouses which have been cluttering up Booth Memorial High School grounds and the School Board meetings unnecessarily since their destruction last year by the celestial shipbuilders.

The tarpaper shacks occupy ground at the rear of Booth School and have been subject of complaint by Principal W. W. C. O'Neill and by the Board for several months. They are owned by War Assets Corporation.

A rumor that the buildings were "alive with vermin" was discredited by Sanitarian M. J. Harper who recently told the board that the building had been fumigated in the last few months.

WAX CONSERVES LEATHER

Shoes, purses, briefcases, luggage and riding boots will be conserved if a coating of wax is spread over them. The wax will act as a dry lubricant.

December enrollment of 29, later reduced to 13, 12 students were enrolled at Port Simpson school and 22 at Digby Island.

WILL RE-OPEN SALARY TALKS WITH TEACHERS

Salary negotiations between the School Board and the Prince Rupert Teachers' Association will be re-opened next week in an effort by both parties to avoid arbitration proceedings which were requested by the teachers at the final meeting of the 1946 board on December 4.

The arbitration request, which was followed by the board's appointment of J. T. Harvey as its representative, was based on a "misunderstanding." Board President Dr. R. G. Large told last night's meeting after the reading of a letter from the president of the Teachers' Association, J. S. Wilson, in which he expressed willingness to re-open negotiations.

Dr. Large urged speed in settlement of the contention which has hung over the local education horizon for almost three months and suggested January 13 as a tentative date for the representatives of the board and the teachers to get together.

He named a committee of three board members—Mrs. E. W. Becker, A. B. Brown and himself—to act as negotiating committee.

Dr. Large deprecated a suggestion that last year's board and the teachers had reached a "deadlock" in their negotiations, saying that the difficulty had arisen because of a "misunderstanding" on the part of the teachers of the board's attitude.

The present salary scale for the teachers ranges from \$1,200 to \$2,200 annually for elementary school teachers, and from \$1,500 to \$3,000 for high school teachers.

The teachers have requested a schedule ranging from \$1,500 to \$2,600 for elementary teachers and from \$1,800 to \$3,200 for high school teachers.

Acceptance of the scale asked by the teachers would mean an annual payroll increase of \$8,800 above the present salary total.

The board, by way of compromise, has offered to meet the salary schedule set by the B.C. Teachers Federation, which favors salaries at from \$1,300 to \$2,400 for elementary school teachers, and from \$1,600 to \$3,000 for high school teachers.

Seal Cove School Declared Surplus

The old Seal Cove school was declared "surplus" by the School Board last night and the ancient, two-roomed building will be turned back to the city in whom the title is vested. However, in notifying the city that it no longer has any use for the building, the Board will suggest that any money raised through its disposal be made available for school purposes.

The man at the barber shop told me not to get my scalp wet!

URGES NATIVE SCHOOL HERE

A motion by Trustee Mrs. Earl Becker that the Indian Department be asked to establish a separate native school in Prince Rupert failed to find a seconder at last night's school board meeting, despite the fact that 50 native children are attending city schools.

Mrs. Becker based her contention on grounds that native children require a special curriculum and that there are sufficient of them in the city to justify such a school.

"The cost involved as compared to the tuition received for them from the Indian Department does not justify keeping them in the city schools," she said. "Seal Cove school is ready to be set up again. Maybe they could take it over."

The discussion arose over the application for three native children to enrol at Borden Street School. Two of the children, aged 12 and 10, were in Grade One, and the third, aged seven, had had no previous schooling.

The Board moved that the two older children be accepted, but that the younger child not be accepted at so late a date in the term.

When it was suggested that such large children would create a problem in Grade One, Trustee A. B. Brown commented: "Ten and 12-year-old children are a problem in Grade One whether they are native or white. If they were white we would have to take them, so I see no reason for discrimination."

At present there are 50 children in the city's schools for which the Indian Department pays tuition. There are 23 at Borden Street, 15 at Conrad, three at King Edward and nine at Booth High School.

LARGE HEADS SCHOOL BOARD

Committees for Year Named at Meeting Last Night

Dr. R. G. Large was unanimously named chairman of the 1947 Prince Rupert and District School Board at the board's first meeting last night. Dr. Large resumes the position he held on the board last year.

Dr. Large appointed the following committees:

New Buildings—Trustees A. B. Brown (chairman), Mrs. E. W. Becker, A. J. Dominato.

Finance—Trustees A. J. Dominato (chairman), and W. F. Stone.

Grounds—Trustees W. F. Stone (chairman), Dr. R. G. Large and A. J. Dominato.

Personnel—Trustees Mrs. E. W. Becker (chairman), Dr. R. G. Large and A. B. Brown.

Schools—Booth Memorial High School, W. F. Stone; Conrad Street, Mrs. E. W. Becker; Borden Street, A. B. Brown; King Edward, A. J. Dominato.

Recreational Grant Is Up to Legislature

Hon. George M. Weir, minister of education, has written to the Prince Rupert Chamber of Commerce, replying to a recent request that a considerable increase be made in the grant of \$50,000 for recreation and physical education in British Columbia, a grant which was described as "pitifully small" by the local chamber in view of the importance of the work. Dr. Weir, in his reply, says that "should the legislature make the money available, we shall be able to advance along the lines suggested in your resolution."

CONVERT TO OIL

LONDON (AP)—The Neasdon generating station which supplies the entire London underground railway system with current now is to be converted to oil-burning, the London Passenger Transport Board announced recently. The conversion will mean a saving of 70,000 tons of coal.
