Haifa Police Downed; Widespread Search For Terrorists

Four Policemen, Two British, Killed and 142 Persons Injured by Blast Which Shook Whole City

JERUSALEM (CP)—Haifa's 95,000 inhabitants were held under virtual house arrest today by British troops after a violent explosion which wrecked the city's police station, killing four policemen and injuring 142 persons. Two of the dead policemen were British. The blast shook the entire city. It was set off from a small automobile, containing a load of explosives, which was planted outside the station.

Thermometer Plummets to Degrees

Prince Rupert overnight experienced its coldest weather since November 18 as the thermometer dropped to a frosty 19 degrees under a clear sky. The mercury glistened on ice-glazed streets, loaded with danger for motorists and pedestrians.

Robbery in Drug Store

Eight Hundred Dollars in Cash and Checks Taken from Cunningham Establishment in Vancouver

VANCOUVER — Cutting their way through the basement wall from an adjoining apartment house, thieves entered a downtown Cunningham drug store early Sunday morning and got away with \$800 in cash and checks. They blasted the safe from which they obtained \$500, another being taken from a sub-Post Office in the store. A revolver was taken from the prescription filling section but no drugs are missing.

Another Hotel Fire, Vancouver

VANCOUVER — One hundred guests hurried out in their night attire when fire broke out on the basement of the Strathcona Hotel here at 5 o'clock Sunday morning. After the fire had, apparently, been put out, they returned to their rooms, only to be disturbed again at 9:30 when there was a fresh outbreak in the elevator. No estimate has yet been made of the damage which is not believed to be serious.

Prince Rupert's Case For Air Services; Survey in Support

(Recently, in an effort to establish the public convenience and necessity of establishing a scheduled air service between Vancouver and Prince Rupert, the Canadian Pacific Airlines made an exhaustive survey of the business, resources and services of this area. Since then Canadian Pacific Airlines has made formal application for permission to operate such a service. The information thus obtained and presented to the Transport Board is considered of sufficient interest to publish for the benefit of Daily News readers. Here is the third installment).

TERRAIN AND METEOROLOGY

The Air route proposed is, for the most part, over the mountains and generally speaking, heavily wooded. The mountains on the islands are from 3,000 to 5,000 feet high. The north end of Vancouver Island, in the vicinity of Port Hardy, is also heavily wooded, and the surrounding terrain is rugged and rocky. Weather over the route is typically coastal in nature and is affected by the nearby ranges of mountains. There is a considerable amount of drizzle and fog with low visibility conditions during certain seasons of the year.

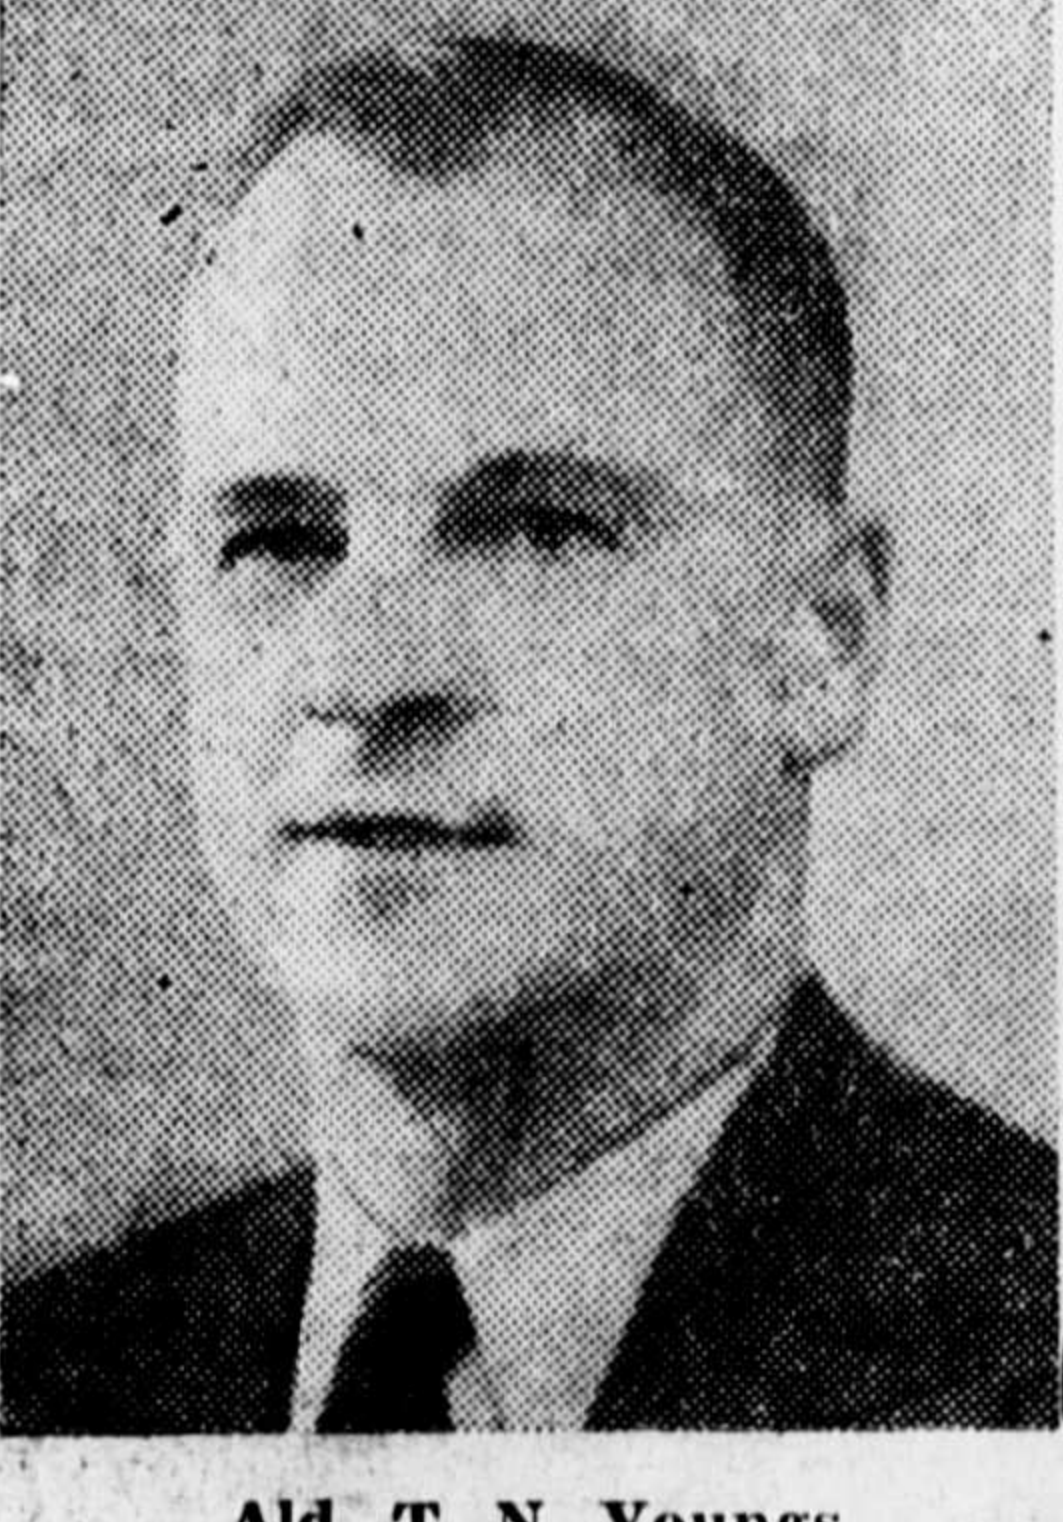

BEST FLYING WEATHER HERE

The course of a memorandum on the subject of "convenience and necessity" of an air service between Vancouver and Prince Rupert, Canadian Pacific Airlines submit on the basis of meteorological records of various points along the proposed route. Vancouver has the greatest number of hours during which weather conditions below flying operating minimums. On the other hand, survey reports "Prince Rupert" has comparatively few hours during which operations would be delayed.

Seeking Money

Mayor Nora Arnold

Ald. T. N. Youngs

Will leave for Victoria tomorrow if council approves tonight.

High Commissioner To Canada Arrives

VANCOUVER — Sir Francis Forde, who is to be Australia's new High Commissioner to Canada, arrived here yesterday en route to Ottawa and was met on arrival by Chief Justice W. B. Farris and Mayor G. G. McGeer. In an interview, Sir Francis spoke of the close relationship of Australia and Canada for the welfare of the British Commonwealth of Nations.

Prince Rupert Beats Simpson

Good and interesting Hoop Play at Neighboring Village — Return Session Mooted

Prince Rupert scored a double victory over Port Simpson Saturday night when local men's and girls' teams journeyed to the neighboring village. The games were well played and highly interesting and the local teams are all for the Simpson people being brought here for a return session.

The local Senior Savoy's won a close match from Port Simpson Y.P.E.A., 58 to 31. Half-time score was 23 to 22 and it was just as close as that in play. Ted Arney was high scorer for Prince Rupert with 16. Joe Davis made 12 points; Dave Murray, 10; Mel Holkestad, 8; Rupert Holkestad, 5, and Don Arney, 2.

It was the first time these Simpson girls had ever met an outside team and they made eight points against the local Peoples Store's 20. Edna Sandhals was high scorer with eight.

Port Simpson extended its hospitality with a delightful social evening at the home of Coach Dave Musgrave before the locals started on the nocturnal return journey home.

Supreme Court of Canada Can Now Be Canada's Final Appeal Resort

Bulletins

FORCES DELIVER FOOD
LONDON—The British government has again announced that troops will be used to safeguard and distribute food supplies in view of the continued truck drivers' strike. Trucks, manned by soldiers, sailors and airmen, will deliver the food. Truck drivers in London, Liverpool, Leeds, Southampton and Bristol have voted against returning to work.

U. S. PLANE CRASH
GALLIX, Va. — Contrary to first reports, no Canadians were among 16 persons killed in the crash of an Eastern Air Lines plane which crashed in a rainstorm near here. The plane, bound from Detroit to Miami, was 60 miles off its course.

BYRD MEN RESCUED
WASHINGTON — Six members of the Byrd Antarctic expedition who had been missing for thirteen days were spotted by searching aircraft and their rescue has been completed. Three others were killed when their plane struck an ice peak and burned.

WILL PRICES ADVANCE?
OTTAWA — Canadians are watching for what the reaction will be to the lifting of price controls today on many cost-of-living items including fresh and canned fruits, furniture and certain textile lines. The government does not expect any very material price increases. Paq Conroy of the Canadian Trades and Labor Congress predicts that the lifting of controls will have the same effect as a cut in wages.

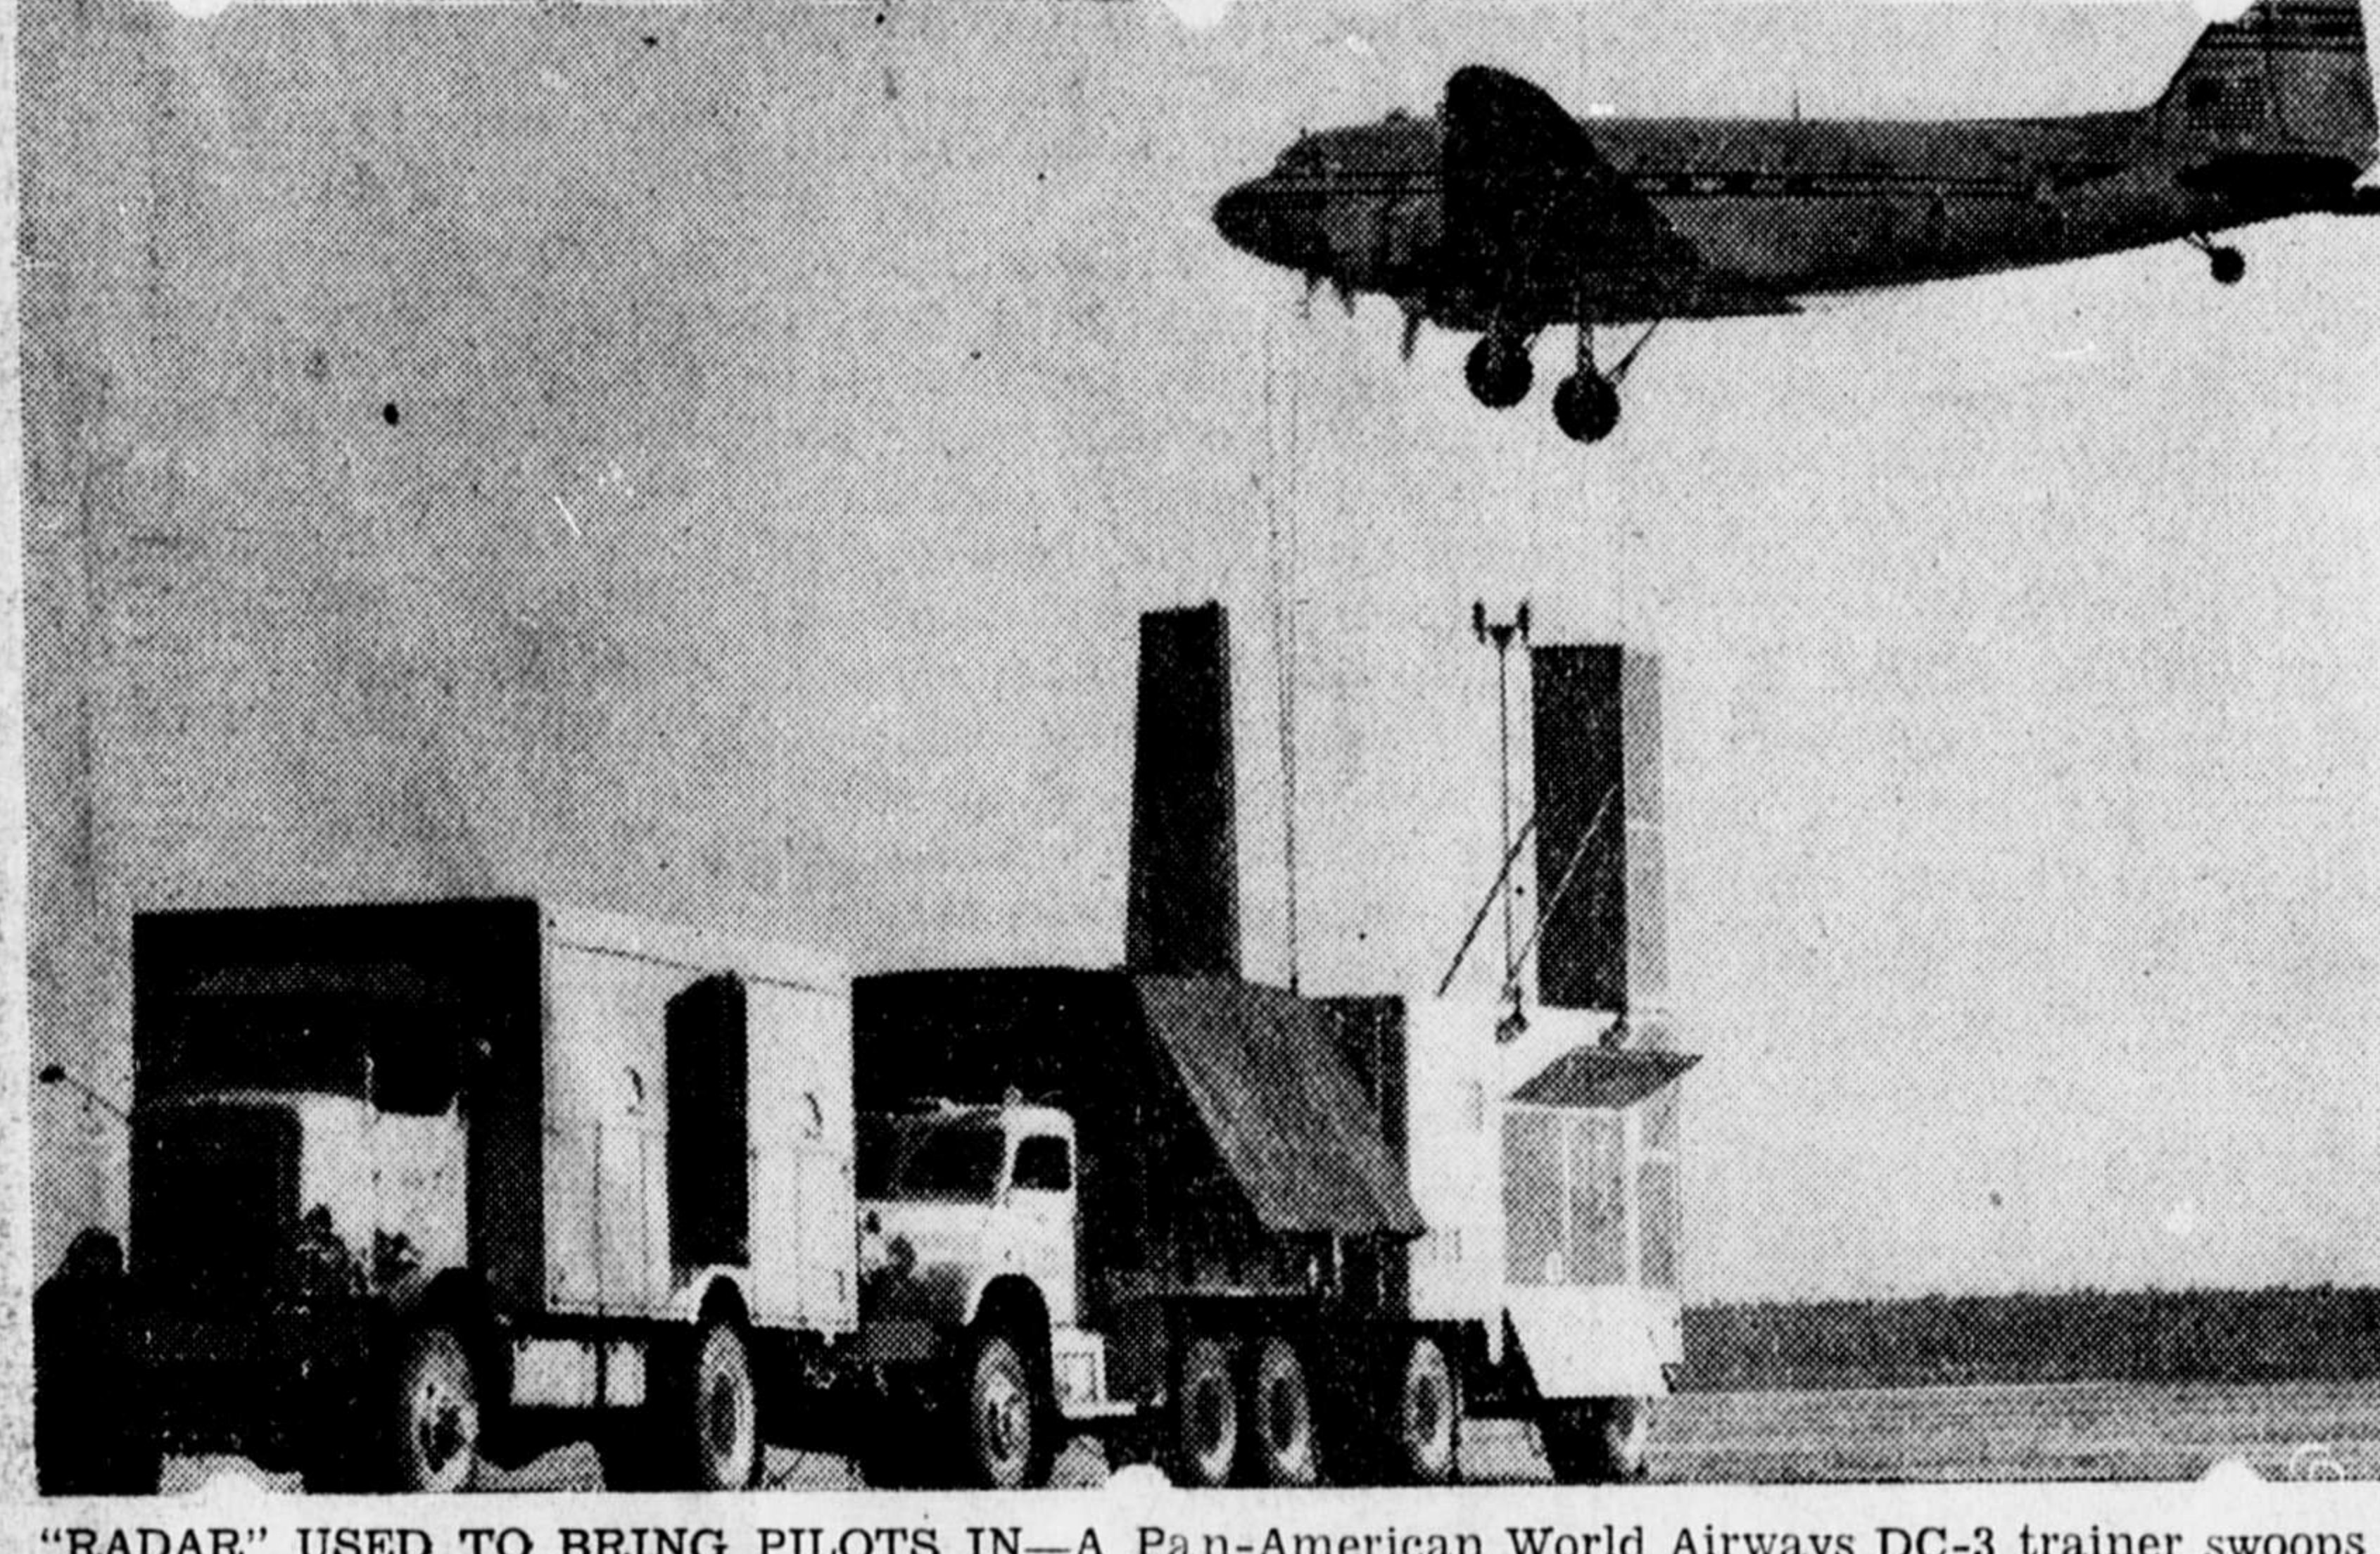

SUPPORTS TRUMAN
CLEVELAND, Ohio — Speaking here Saturday night, Senator Arthur Vandenberg, Republican, chairman of the Senate foreign relations committee, went on record as agreeing with President Truman in favor of the United States taking a greater part in international relief measures and in a downward revision of tariffs.

SHOW PRICES SAME
VANCOUVER — Vancouver theatre managers said today that their head offices had advised them that, in spite of the lifting of controls, there would be no increases in show prices for the time being.

OTTAWA CONFERENCE
FREDERICTON — Premier J. B. McNair of New Brunswick announced today that he was leaving for Ottawa to join Premier Stuart Garson of Manitoba and Premier T. C. Douglas of Saskatchewan for a financial discussion tomorrow with Hon. Douglas Abbott, federal minister of finances. McNair had previously suspended taxation negotiations. The three provinces seek equalization of the \$21 per capita grant with British Columbia, having previously settled for \$15.

QUEBEC FIRE TRAGEDY
ST. HYACINTHE, Quebec — Three children were burned to death early today when their home was destroyed by fire. One was a four-year-old girl and the other two boys, two years and 13 months.

BABE PRATT RELEGATED
BOSTON — Walter (Babe) Pratt, former star Boston Bruins defence man, was relegated to the minor leagues today by Manager Art Ross in a reorganization of the team which has been making a disappointing showing of late. In 1943-44 season Pratt had been adjudged the most valuable player in the league.

"RADAR" USED TO BRING PILOTS IN—A Pan-American World Airways DC-3 trainer swoops low over the ground control approach unit at Floyd Bennett Field, N.Y., where the Clipper pilots are being "checked out" in G.C.A. approaches to "weathered-in" airports. Sitting in the unit before radar screens are operators who give landing instructions to the pilot. The war-developed system may eventually replace other devices used to bring planes in to crowded airports and minimize air traffic delays.

Walter Thompson Says— RAILWAYS OF VITAL FUNDAMENTAL RELATION TO NATIONAL ECONOMY

MONTREAL—"The fundamental relationship of the railways to the national economy has not changed," declared Walter S. Thompson, C.D., director of public relations, Canadian National Railways, in an address Saturday night before transportation officers, civic and industrial leaders.

Snowbound

Southern City Struck by Worst Blizzard in 12 Years

VANCOUVER — In the worst snowstorm since 1935, more than 7.2 inches of snow fell in Vancouver in 24 hours and the forecast is for six inches more today.

Streets are snow-packed and traffic moved at a slow pace but few accidents have been reported.

Street car traffic is disrupted and bus service between Vancouver and New Westminster is suspended.

Owners of buildings with flat roofs have been warned to clear them.

There is but little snow in the Fraser Valley. At Nelson eight inches has fallen.

EGYPT TO PALESTINE
CAIRO — British military sources said today that the British Third Division was now being transferred from Egypt to Palestine.

Local Man Plans Flying Visit To His Australian Homeland

R. G. Van der Sluys is going "up" on his way to "down under." The well-known proprietor of Van's Bakery is leaving Saturday night for Vancouver where he will climb aboard an Australian National Airways plane to start the 8,400-mile flight which will take him to his homeland which he has not seen in 18 years.

More than a little thrilled at the prospect, "Van" expects to be in Australia on January 28. He will step from midwinter into midsummer.

"It's about 102 degrees down there now," he said with a quick glance outside his bakery at snow-covered Third Avenue. "I guess I'll stay till I get fed up on the heat."

Dominion Need No Longer Be Subject To Privy Council

LONDON (CP)—A Privy Council judgment today opened the way for the Supreme Court of Canada to become the final court of appeal for the Dominion. The judgment meant in effect that the Privy Council would cease to be the final resort for Canadian court cases as soon as Canadian Parliament adopts legislation implementing the decision.

The judicial committee of the Privy Council ruled that Bill 9, introduced in Canadian Parliament in 1939 under the title of "An Act to Amend the Supreme Court Act" but never finally adopted by Parliament, was intra vires.

The judgment said that the Supreme Court of Canada, if the bill becomes law, shall have exclusive and ultimate civil and criminal jurisdiction within and for Canada and the judgment of the court shall in all cases be final and conclusive.

The attorneys general of Ontario, British Columbia, New Brunswick and Nova Scotia with Quebec joined in appealing to the Privy Council to determine the validity of the bill.

The decision had been awaited as, perhaps, the most basic in the history of Canadian jurisprudence since the passing of the British North America Act in 1867.

At Ottawa, Minister of Justice J. L. Ilesley said he did not know whether Parliament would take action at the forthcoming session to bring the judgment into effect. He did not wish to make any comment. The bill would have to be put through Parliament to make the Supreme Court the final court of appeal.

Nova Scotia Town Has \$75,000 Fire

NEW GLASGOW, Nova Scotia — Damage estimated at \$75,000 was done by fire which started in a garage, also destroying 10 new automobiles, an adjoining woodworking plant and a curling rink.

BUILDING FOR UNIVERSITIES

Projects Running Into \$30,000,000 Are Endowed

MONTREAL—Universities of Canada plan expenditures totaling \$30,000,000 on new buildings, particularly for the extension of scientific research work. McGill University has \$9,000,000 for such work endowed; University of Toronto, \$8,000,000; and McMaster University, University of Alberta and University of British Columbia, \$5,000,000 each.

THE WEATHER

Synopsis
Cold weather is general throughout western Canada and northwestern United States today with snow falling in most areas during the night.

Forecast
Clear today with increasing cloudiness tonight. Overcast on Tuesday with snow flurries. Winds northwesterly 15 m.p.h., decreasing to light tonight. Little change in temperature.
Low temperatures tonight: Port Hardy 25, Massett 14, Prince Rupert 22, highs Tuesday: Port Hardy 32, Massett 31, Prince Rupert 31.

Lively Times Ahead

IT IS only a notice of motion, of course, that Ald. Casey has put in regard to having the city council seek the resignation of the city engineer and we comment upon same at the risk of infringing on the dignity of the city council before the matter is formally before it. However, the notice of Ald. Casey, who gives early promise of keeping the civic legislature stirred up and thereby stimulating a new interest generally in city affairs, is a topic of much discussion. Whether or not the city engineer was to very great extent responsible for the failure last year of any material progress being made in the repair of the city streets, is a question upon which it is pretty difficult for any of us to judge and on which we are quite incompetent to express an opinion. The best of engineers would be in a difficult position if they were not provided with the wherewithal to work.

Everybody knows the condition of affairs as far as our streets is concerned is deplorable, to put it mildly, and, unless something is done about it, the position will be impossible. It is easy enough—fairly or unfairly—to make the goat of some one in a situation like this and it might not be so easy to find another goat. In fairness to everyone concerned, the council will do well to judge carefully whether Mr. Phillips was given a fair chance to exercise his skill and ability. If there was muddling and scuttering about last year on street repair work in Prince Rupert, it might be that it was due as much, if not more, to lack of policy and means provided by the city council itself than to lack of competency or unsatisfactory direction on the part of the city engineer.

In spite of embarrassment to Mr. Phillips, however, there is one satisfactory thing about it and that is that aldermen like Mr. Casey will not be content to sit back and pardon inaction with the excuse that it is impossible to do anything about it. There has been too much of that sort of thing in Prince Rupert of late and the city councils have been as great offenders as any in failing to come to grips with the problems, no matter how great the difficulties may be.

Fortunately, the 1947 city council, which gets down to business tonight, gives promise, as indicated in the keynote speech of the lady mayor last week and the restlessness of Casey and possibly some others, of getting something really done this year or perish politically in the effort. The council is wise in getting in contact at once with the governments in regard to financial co-operation for money, and plenty of it, is needed to carry out work the long deferment of which makes its utter essentiality the more apparent.

Lifting the Controls

THE new minister of finance, Mr. Abbott, appears to be going about the matter of price control the safe way although, in his "gradual and orderly readjustment," he may not be going quite as far as some interests might like. There may not be any serious repercussions in the way of uncontrolled increases of prices since the controls are being released only on goods and services which are considered in good supply. From time to time, it is to be expected that controls on further items will be removed until the old system is resumed where prices are regulated by the process of balance between supply and demand with the additional brake of the public's judgment as to whether or not it will buy at the prices being asked.

The question of rent control, so far untouched and which the minister appears to be diffident about disturbing for the time being at least, is, of course, a subject of much difference of opinion in view of the direct conflict of interest between owner and renter. It is to be anticipated that something will be done in due course in the way not of removing control altogether but permitting a reasonable increase in the ceilings so that the renter will not be unduly hurt on the one hand while the owner will get a little better break on the other.

Let It Rain!

IT WILL be a matter of real satisfaction for those of us who are so jealous about Prince Rupert's good name as far as weather is concerned to be advised from no less a source than an official survey of flying conditions on this coast prepared by the Canadian Pacific Airlines, in support of its case for the institution of a scheduled air service between Vancouver and Prince Rupert, that Vancouver has the worst flying weather on the whole route while Prince Rupert's weather occasions a minimum of delay as far as flying is concerned. Of course, none of us when we fly back and forth along the coast want to be hung up by the fog as we endeavor to get in or out of Vancouver, even if CPA's case suggests that, if the worst comes to the worst, we might find some other means of transport than flying between Vancouver and the clearer places along the coast. Be we can reflect that, even if we do have the odd rain shower around Prince Rupert while Vancouver is so often tightly enveloped with its traditional "pea soup" fogs, those same showers are all the while keeping our air clear and fresh here.

And so Prince Rupert very officially scores over Vancouver for once as far as the weather is concerned.

RAILWAYS VITAL

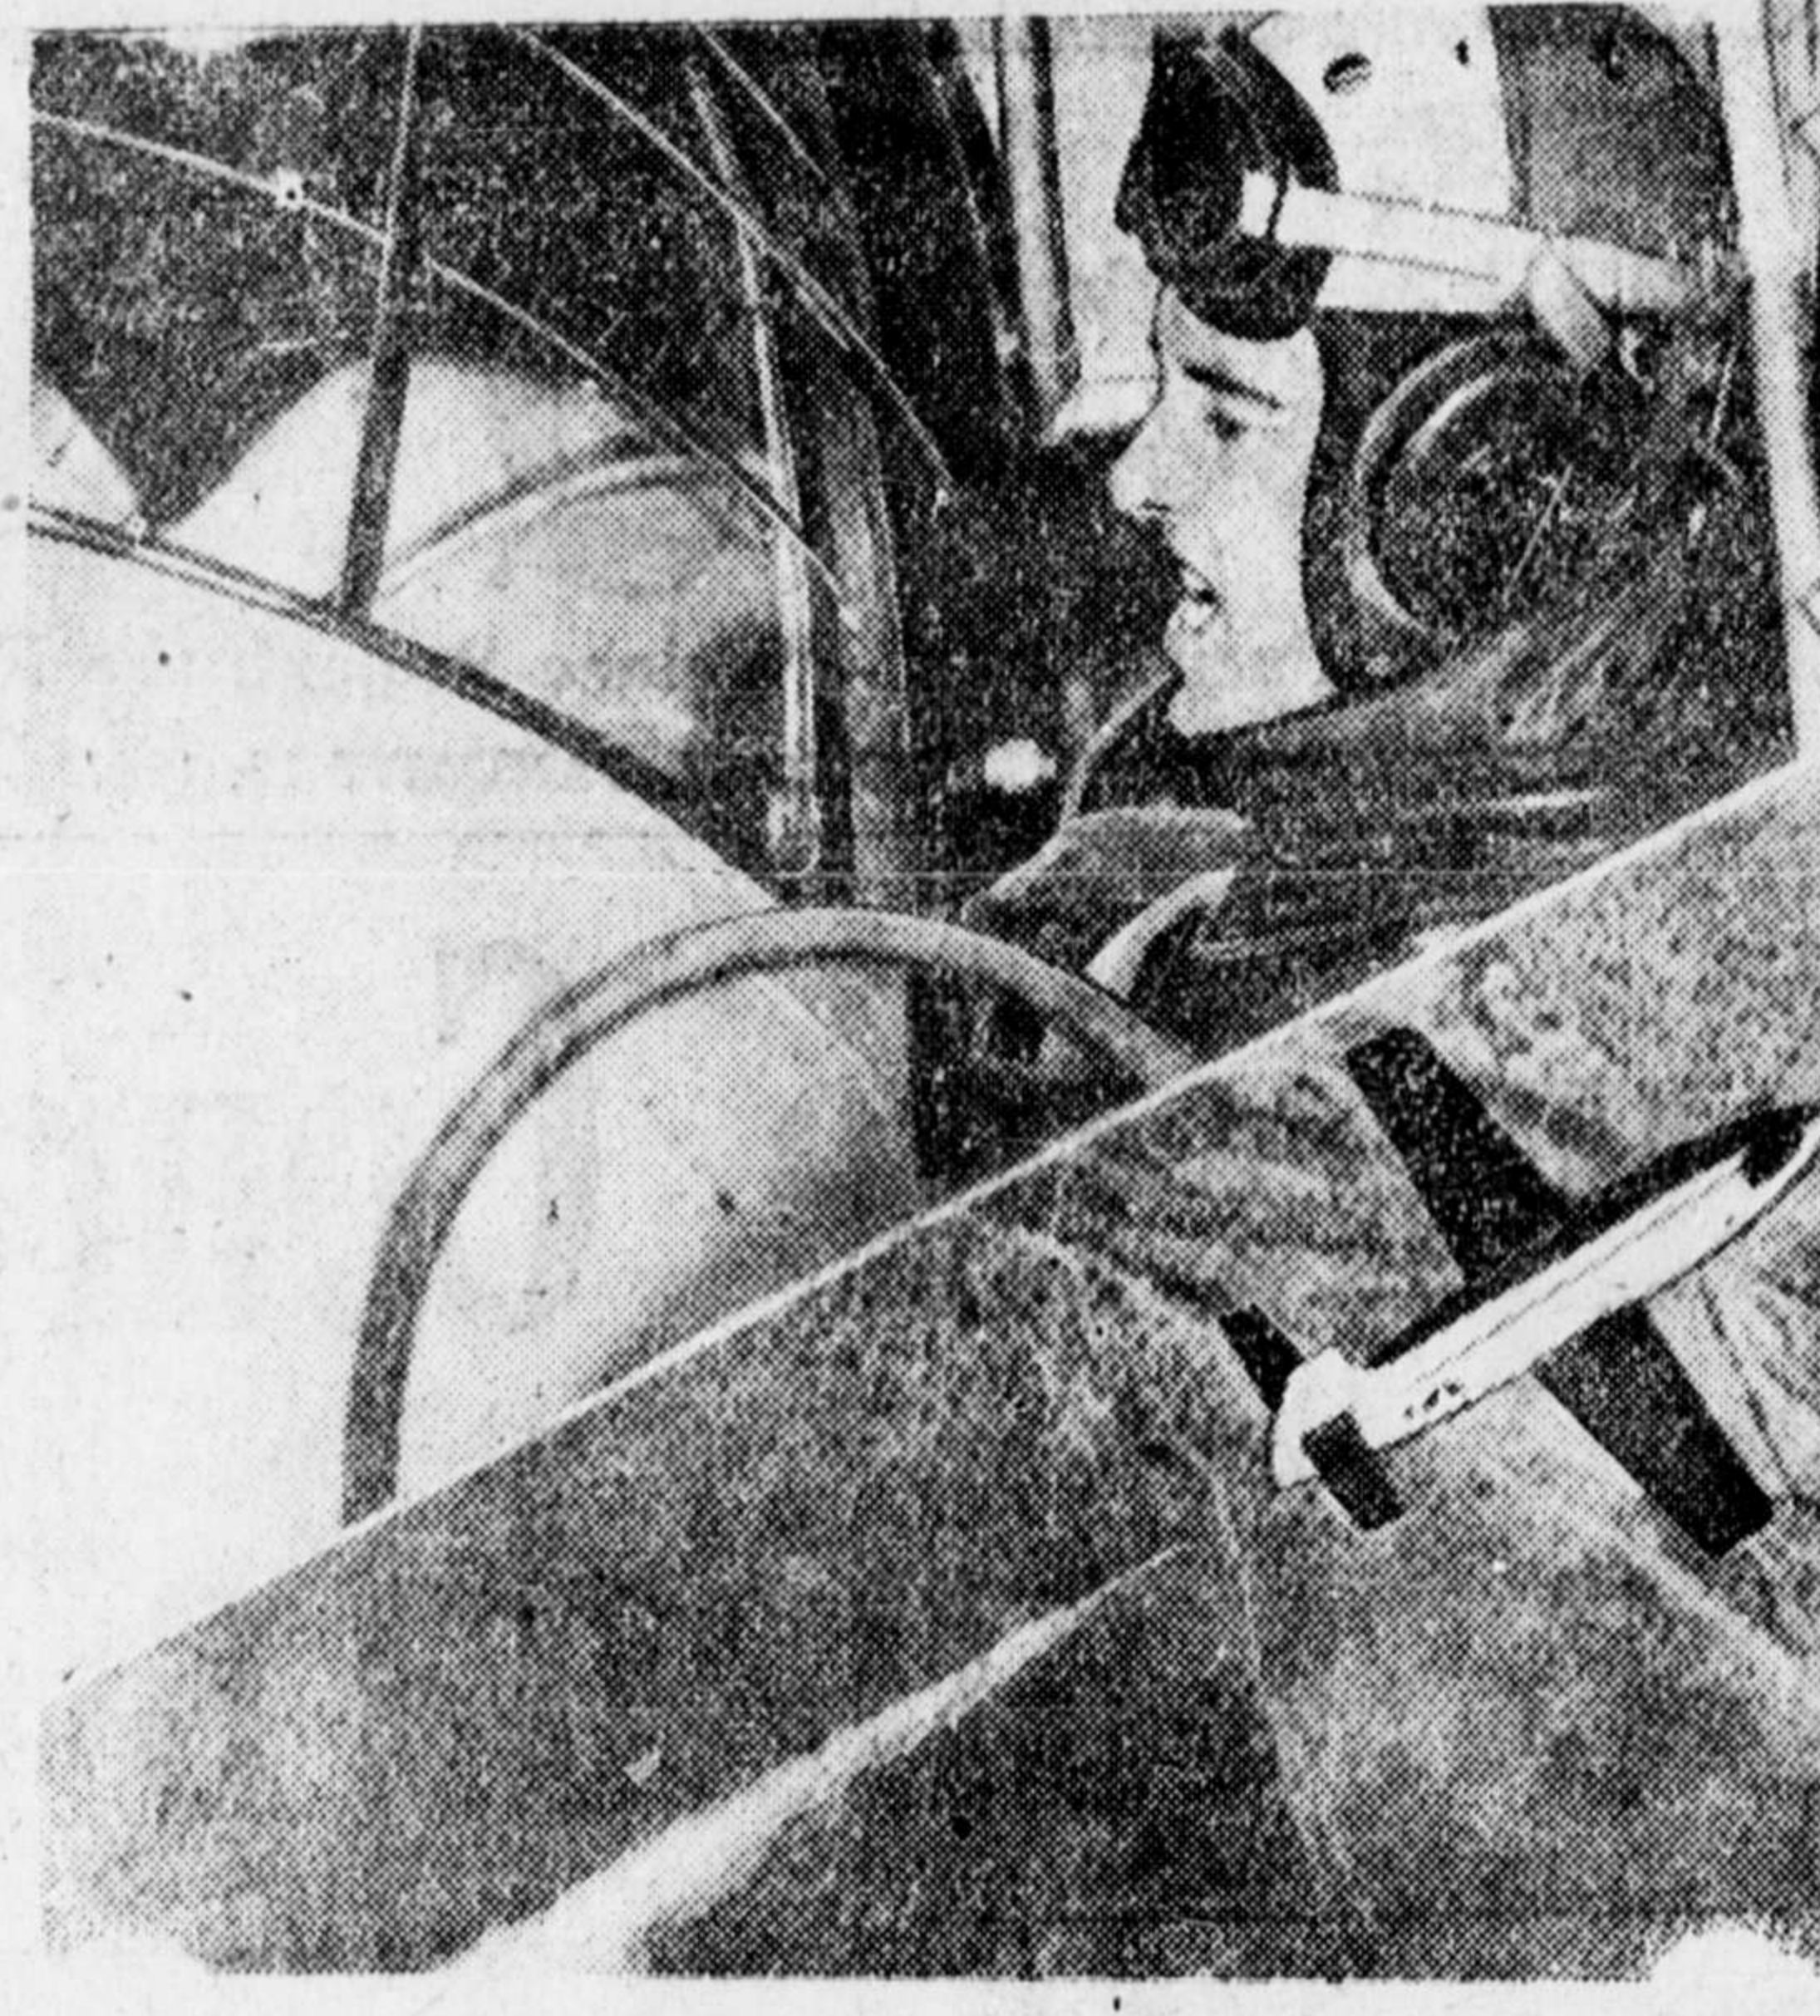

(continued from page 1)

railways in a healthy and efficient condition and part of the responsibilities of management was to keep the public informed of the railways' activities. "For myself," he said, "I take this opportunity of going on record in expressing appreciation to the newspapers and public bodies throughout the Dominion of the support they have given to the national system.

"The Canadian National occupies a unique position," stated Mr. Thompson. "The customers are our owners as well as our patrons. When the property finishes the year with large cash surpluses, well and good. But if, after paying operating expenses and taxes, the railway finds itself short of money for the interest on its high capitalization, then our customers—the public—must provide that interest deficiency. Paying railway deficits is not a pleasant business, especially if long continued, and it is particularly unpleasant in times of low national income. It places a great extra burden not only on the president and his executive officers but on the staff as a whole. At such times there appears the old charge that it is public ownership that is responsible for such deficits. But the underlying cause is that the system was insolvent when born and has slowly and painfully been endeavoring to emerge from that condition.

Equipment Must Be Used in Full

The margin of profit in the railway business, the speaker said, is not such that the railway can order the scrapping of long lines of serviceable cars and purchase new equipment because the 1947 models are more attrac-

NEW ROCKET-PLANE TURNS ON THE POWER — Chalmers ("Slick") Goodlin, 23-year-old pilot, is shown in this photo made from inside of a Boeing B-29, as he slid into the tiny cockpit of the revolutionary Bell XS-1 which he piloted successfully on its first flight over the Army Air Forces test base at Muroc, Calif. The youthful pilot made aviation history when he flew America's first rocket propelled plane at about 19 minutes, seven on power. Goodlin climbed into the tiny plane at about 7,000 feet and released it from the bomb bay at 27,000 feet. The new rocket-powered Bell XS-1 leaves a trail of fumes as the power cylinders are turned on for the first time on the first test flight of the tiny craft.

tive in styling. This inability to change models frequently is a handicap faced by the railways in winning public regard. Every piece of rail equipment must be so constructed that it can spend its whole life outdoors and travel at high speeds in any kind of weather. Modernization of existing equipment is, however, being proceeded with and the national system has a large equip-

ment purchase program for 1947. It is improving its roadbed for greater speed and comfort, and steadily increasing its fleet of diesel locomotives. "Faster, finer railroad transportation, freight and passenger," he said, "is the objective and the railways are confident that insofar as the foreseeable future is concerned, they are going to remain the major carriers."

PRICE CONTROL LIFTING PANNED

Statement issued by Labor Progressive Party

"By lifting price controls on a wide range of articles the King government has indicated once more that it stands squarely on the side of big business and has no intention of trying to serve the interests of the common people of Canada," declared Stan Boshier, Prince Rupert leader of the Labor-Progressive Party, in a statement issued today.

"The relaxation of controls, which was foreshadowed by the abolition of the milk subsidy in 1946, can have but one effect and that is to cut the purchasing power of the workers and farmers of this country. Gains in wage won as a result of the great strike struggles of 1946 have in many cases been wiped out already.

"One would think that a government interested in maintaining harmony between management and labor would refrain from taking action such as this which will certainly precipitate an increased wave of strikes in 1947. As a result of this latest move by the government we can expect a decided increase, rather than a lessening of industrial strife, for it is a foregone conclusion that Canada's powerful trade union movement will not lie down in the face of this latest attack on the living standards of the common people.

"The Labor-Progressive Party calls upon the workers of Prince Rupert to protest the lifting of controls in the strongest possible terms. We believe that at the earliest possible moment meetings of protest should be organized jointly by all the

Starving!

Too weak to cultivate their war-torn fields, these Chinese farmers struggled ten miles to a relief station for a little soft rice.

Uprooted from their farms, women and children of Hunan Province, have been reduced to eating grass and roots.

There are millions like them. Peasant farmers form 83 per cent. of China's population.

Their one hope is the compassion of more fortunate peoples who can send them food, clothing, medical supplies, hospital equipment, NOW.

UNRRA's work is ending. Voluntary agencies must carry on.

Our interest in world welfare, our pity for a good neighbor who will be a good customer in days to come, bid us be generous NOW.

This is the only national appeal to be made in Canada within the next twelve months for Chinese relief.

The four Wu brothers attempt to cultivate their land, after the Japanese had destroyed more than 31,000 water buffaloes.

Do it NOW!
He who gives quickly gives twice. Send your cheque or money order TODAY to Canadian Aid for China for IMMEDIATE relief of suffering among Chinese victims of war and famine.

Be Generous! China, a Good Neighbor, calls to YOU! CANADIAN AID TO CHINA

FRIENDS HONOR MR. & MRS. BUSSEY

Mr. and Mrs. William Bussey were honored on their twenty-third wedding anniversary Saturday night when they were attended by more than 60 of their friends in the Commodore Cafe ballroom. The party was moved to the I.O.D.E. hall where dancing was enjoyed.

The popular couple were presented with a silver tea and coffee service by Master of Ceremonies George Hills on behalf of their friends. The party was organized by Mr. and Mrs. Sam Hougou and Mr. Hills. Mr. and Mrs. Hougou also celebrated their silver wedding anniversary Saturday night.

Following the banquet, addresses were delivered by Dr. W. Kergin and W. H. Brett. A. A. both of whom attested to the worth and popularity of Mr. and Mrs. Bussey, and wished many more years of happiness to the couple.

LITTLE THEATRE CASTS PLAYERS

CASTING for the last of three one-act plays to be presented by the Little Theatre group at the end of February was completed except for one male role by the group at a meeting in the Civic Centre Friday night.

The play, "The Mad Breakfast," will be part of the triple bill which the group will present in the Civic Centre auditorium in about six weeks. Members of the cast are Mrs. J. S. Black, Mrs. K. Pugsley, Mrs. T. Fraser, Miss Monica Holtby, Miss Alma Knutsen, C. Knutsen, Lieut. Eric Jones, Mr. Walsh, Miss Bernice Matheson and Mrs. D. Heal. Harley Lewis will direct the play with Mrs. Douglas Kerr as assistant director.

The meeting, attended by 35 members, adopted the slogan "Every Friday Night is Little Theatre Night."

A guest at the meeting was Miss Betty Hayden of the Prince Rupert Health Unit.

STOVE EXPLODES; BUILDING GUTTED

A stove explosion resulted in a fire which gutted the premises occupied by the Prince Rupert Beverage Dispensers' Union, 320 Fifth Street, at 7 o'clock Sunday night, endangering an occupied apartment at the rear and an adjoining building.

City firemen arrived at the blaze immediately the alarm was turned in, since the building was just at the rear of the fire hall. The alarm was turned in by W. St. Clair, occupant of the apartment at the rear of the union hall.

Mrs. St. Clair told Fire Chief H. T. Lock that she heard a muffled explosion in the beverage dispensers' quarters but thought nothing of it until a few minutes later when she and her husband heard the crackling of flames beyond the thin partition separating the two sets of rooms.

The stove, a small heater, was situated near the wall dividing the St. Clair apartment from the union quarters and also close to the wall separating the building from the premises of Modern Tailors at 513 Fifth Street.

The flames burned through the outside wall of the beverage dispensers' rooms and into the Modern Tailors building but were halted before they seriously damaged the latter structure.

There was no fire damage to the St. Clair apartment, due to the timely arrival of the firemen.

Apparently the heater in the union quarters had been filled with fuel and left unattended prior to the explosion. The place was a mass of flames when Mr. St. Clair looked inside.

Both the ground floor and the second floor rooms of the union headquarters were turned into a charred, water-soaked shell before the flames were extinguished.

FIRST WHITE TEAM EVER TO VISIT KITKATLA; LOCAL CO-OP SENIORS ROUNDLY DEFEATED BY 71 TO 35

On Saturday night the local Co-op Senior B basketball team had the distinction of being the first Prince Rupert team ever to make a visit to the village of Kitkatla on the south side of Porcher Island, a distance of 45 miles from the city, to suffer a resounding 71-to-35 defeat. Transportation was provided by the Prince Rupert Fishermen's Co-operative Association's packer Kanawaka, Capt. Harold (Buck) Marshall.

Immediately on arrival at the village the Co-ops were whisked unto the home of Mr. and Mrs. Matthew Hill. Mr. Hill is the mayor of the village and honorary president of the Kitkatla Excelsior Club. An excellent banquet was there extended to the team and visiting spectators and all those present were extended the freedom of the village.

From the banquet all present proceeded to the fine community hall to watch a hard fought, close game of basketball between two intermediate teams of Kitkatla, the Greens and the Maroons. The final score of this game was 43 to 40 for the Greens, which speaks for itself.

The feature attraction—the Prince Rupert Co-op Senior B's vs. Kitkatla Excelsior Club game—took place immediately afterward. During the first quarter the play was close with the Co-op barely coming out on the top side of the score. During the second and third quarters the Co-op defence fell apart and the Kitkatla team began booming in baskets right and left. In the fourth quarter Co-op fought hard and again had the edge of the play but it was a case of too little and too late. The final score was 71 to 35.

After the game, Joe Innis, president of the Kitkatla Excelsior Club, extended thanks and appreciation to all visitors present. A sum of money was offered to the Co-op team for expenses of which half was returned to help the fine new hall built by the public-spirited citizens of Kitkatla.

From the hall all visitors and players again proceeded to Chief Councillor Matthew Hill's for a reception which was very much enjoyed. The coach of the Co-op team, George Viereck, responded suitably to the fine extension of hospitality by all the people of Kitkatla, especially Chief Councillor Hill.

Individual scores for the game were as follows:
Co-op—Sheppard 8, Slatta 6, Wesch 2, Leveret 2, Petersen 7, Menzies 4, Astoria 6, Viereck.
Kitkatla—A. Innes 18, W. Innes 10, Hill 6, Spencer 24, J. Vickers 4, A. Vickers 3, W. Jackson 2, E. Jackson 4, M. Nelson.

Hockey Scores

Saturday

New York 3, Toronto 2.

LONDON—Britain's second television station, planned for Birmingham, will not be opened for at least two years, said W. A. Burke, assistant postmaster general.

CLOTHIERS HAVE HANDY LEAD IN 10-PIN SERIES

Winning two games from Imperial Oil in the last played fixtures, Watts & Nickerson established a comfortable lead in the City Ten Pin Bowling League after a session that left Savoy and Imperials deadlocked for second place. During the same play General Motors took two games from Savoy and B.A. Oil were awarded three over the defaulting 99 Taxi team.

High individual score for the session was rolled up by Joe Davis of General Motors, whose highest single game score was 201, and whose three-game total added up to 520.

Tallying the number of pins collected, Savoy is out in front, followed by Imperial Oil, B. A. Oil, Watts & Nickerson, General Motors and 99 Taxi. Predictions are that with no more defaults allowed in the league, Savoy or Imperial Oil should come out on top at the end of the season, with B. A. Oil giving a good account of itself. Among the Big Ten, Savoy has two men leading the way, while B.A. Oil has two names included, and Imperial Oil five.

Here are the results:

Basketball Bo-Me-Hi Wins One

Rainmakers Come Out of Slump—Maceys Beat Port Edward

Coming out of their slump with a bang, the Bo-Me-Hi Rainmakers pounced on the luckless B.C. Packers in the Saturday night hoop card in the Civic Centre to win with a 50 to 34 score. It was a game but very much weakened B.C. Packers squad that faced the rejuvenated Rainmakers quintet. The Packers have suffered the loss of some of their players and faced the students with only six men. Even so they put up a stiff defence for the High School to crack. It was not until the third quarter, however, that the pace really began to show on the Packers.

At the end of the first quarter the green and gold lads were out in front by only two points, 10-8. They increased their lead by a few points to come into the much-needed half-time breather on the long end of the 23-17 score. But if the rest period was to have put some more fight back into the Packers it put even more into the students who jumped well out in front by the end of the third period. With a 41-26 score facing them, the Packers put up a last quarter battle which held the students down but which could not decrease the gap in the score.

Hartwig and Thompson led the scoring parade with 13 and 12 points each.

The crowd got a big bang out of the friendly feud that was in progress during the game. It was comical to see Lavigne and Gurvich riding each other throughout the game, pulling at each other's uniforms and other little annoying things which were not dirty but were highly irritating to the one on the receiving end.

This was the first game the students have won in their last eight starts. If they can continue to pull themselves together they should be in very good shape by the time they meet the Duke of Connaughts in New Westminster in March.

B.C. Packers—Calderoni 8, White 3, Gurvich 4, Brown 7, Mazzone 6, Pierce 6, Total 34.

Bo-Me-Hi Rainmakers—Thompson 12, Hartwig 13, Lavigne, Ciccone 8, Forman 7, Flaten 10, Skog, Davidson, Intermela, Total 50.

Maceys Beat Port Edward
Driving hard after the Macey squad had got the jump on them in the first quarter, Port Edward dropped a hard fought game in the Senior B hoop

Last Half Drive Wins For Gyros
In the Junior game, Gyros went on a last half drive which gave them the win over Watts & Nickerson 30-21. But throughout the first half they seemed to be kept pretty well in check by the aggressiveness of the Clothiers' squad. The score at the end of the first half stood at 15 to 12 for the Gyro. In the last half D. Scherk of the Gyro found the mark and dropped in 10 of his 15 points to help lead his team on to the victory.

Outstanding feature in this game was the number of fouls handed out by Referee Boyo Gurvich, 32. Gyro converted 25 per cent of their free shots but the Watts & Nickerson quintet outshone them here by making 50 per cent of their shots. Thirty-two fouls in one junior game is quite a few and if the refree keeps up as strict as it has been lately the teams will end up by playing a much smoother brand of ball.

Gyro—Haugan 4, D. Scherk 15, Scher 2, Moore, S. Sherk 2, Sunberg 5, Mercer 2, Total 30.
Watts & Nickerson—Bill 3, Spring 5, Jones 2, Ratchford 2, Scharf 4, Laurie 3, Kelly 2, Garner, Total 21.

DUBLIN—John A. Belton, Irish charge d'affaires at Stockholm, has been appointed minister for Eire in Madrid. He is a 43-year-old barrister.

A man went to register his name at an election poll as required by law. The registrar asked him his trade. He replied: "Mason and builder."

A man, who looked very much like a native of Ireland, was next in line. When the clerk asked him the same question, he answered: "Knights of Columbus and bricklayer, yer honor."

The vicar was talking seriously to one of the younger men in his parish.

"John," he said, "I hear that you have been raising false hopes in maiden hearts. I don't like such behaviour. Rumor whispers that you are engaged to one girl in this village, another in Mitchin and a third in Brenchley. How can you do such a thing?"

John looked sheepish as he replied: "Well, sir, I've got a bicycle."

Last Half Drive Wins For Gyros
In the Junior game, Gyros went on a last half drive which gave them the win over Watts & Nickerson 30-21. But throughout the first half they seemed to be kept pretty well in check by the aggressiveness of the Clothiers' squad. The score at the end of the first half stood at 15 to 12 for the Gyro. In the last half D. Scherk of the Gyro found the mark and dropped in 10 of his 15 points to help lead his team on to the victory.

Outstanding feature in this game was the number of fouls handed out by Referee Boyo Gurvich, 32. Gyro converted 25 per cent of their free shots but the Watts & Nickerson quintet outshone them here by making 50 per cent of their shots. Thirty-two fouls in one junior game is quite a few and if the refree keeps up as strict as it has been lately the teams will end up by playing a much smoother brand of ball.

Gyro—Haugan 4, D. Scherk 15, Scher 2, Moore, S. Sherk 2, Sunberg 5, Mercer 2, Total 30.
Watts & Nickerson—Bill 3, Spring 5, Jones 2, Ratchford 2, Scharf 4, Laurie 3, Kelly 2, Garner, Total 21.

DUBLIN—John A. Belton, Irish charge d'affaires at Stockholm, has been appointed minister for Eire in Madrid. He is a 43-year-old barrister.

Why a Self-Winding Watch?

Many people wonder if a self-winding watch could be reliable. These watches are not really new but it was not till about 1930 that they came into quantity production. The timekeeping parts are similar to the regular watch with the addition of the self-winding attachment which is a swinging weight which operates by a ratchet when the wearer's arm is moved. Some advantages are that the watch is always fully wound making a constant tension on the stem mainspring, preventing breakage of springs and stem. There is a special device to keep the watch from overwinding. We have a very satisfactory model at \$37.50. Also the famous Mido at \$60.00. Omega has recently produced their master at \$82.50. All plus tax.

FUNERAL OF TWO INTERIOR NATIVE WOMEN

KITSEGUCLA — Two well known residents of this village passed away in two different hospitals on the same day, December 28, and their bodies were interred side-by-side in the village cemetery after a joint funeral service here.

Mrs. Alice Jones passed away December 28 in the Bulkley Valley Hospital at Smithers while, at 3:30 the same day, Mrs. Herbert Wesley, the former Sarah McDames, succumbed in Hazelton Hospital.

The two bodies were brought to Skeena Crossing the same night and carried in state by the villagers to Kitsegucla. The procession was accompanied by the brass band which played "Away Over Jordan." Villagers stood at their doorways as the procession passed.

Joint funeral services were conducted Tuesday in the United Church by Rev. R. Morris of Hazelton. At the rites, the band played the selections "Free As A Bird" and "Remembrance." The coffins were interred together.

Palbearers for Mrs. Jones were Solomon Good, Fred God, Walter Derrick, of Kitwanooc and Daniel Williams. George Milton and Sam Sampare of Kitsegucla.

Palbearers for Mrs. Wesley were E. Turner, Albert Douse, Joe Wright, Miles Goguk, Gordon Robinson and James Weget.

Following the meeting, Miss M. Cressman of the Prince Rupert Health Unit showed some very interesting colored films of life in Nigeria, Africa, and accompanied these with a vivid description of conditions there and her experiences in that part of the world.

The serving of refreshments brought to a close a pleasant evening.

Many Attend Interior Rites

KITSEGUCLA — Three hundred natives from nearby villages attended the wedding of Miss Rosabelle Douse, daughter of Mr. and Mrs. Walter Douse, to John Derrick, son of Mr. and Mrs. Walter Derrick, here last week.

Held in the evening, the ceremony was followed by a dance with music provided by Douglas Wesley and his playboys orchestra.

The next meeting, which is to be the first Friday in February, was discussed. This meeting celebrates Founders' Day for the P.T.A. and a silver collection will be taken.

Also, F. P. Levins, inspector of schools, is expected to give an address.

It was decided that the yearly Red Cross tea, sale and display of school work would be held on April 5. Making of articles for the sale was discussed.

As a grand finale for P. T. A. activities for this term, a concert will be held with P. T. A. members putting on a play.

TERRACE P. T. KEEPS ACTIVE

Many Matters Taken Up at Meeting Thursday Night

TERRACE — The regular meeting of the Terrace Parent Teacher Association was held Thursday evening in the Orange Hall.

The president, Mrs. R. de Kergonneau, was in the chair.

The charter of the P.T.A., which had just been framed, was presented to Miss Annie Lips, public school principal, to be hung in her classroom.

Mrs. Squires' room was again awarded the oil print for the best attendance of parents at the meeting. It was decided that an assortment of "get-well" cards should be kept on hand and sent by the Sunshine Committee to pupils who were ill for any length of time.

The next meeting, which is to be the first Friday in February, was discussed. This meeting celebrates Founders' Day for the P.T.A. and a silver collection will be taken.

Also, F. P. Levins, inspector of schools, is expected to give an address.

It was decided that the yearly Red Cross tea, sale and display of school work would be held on April 5. Making of articles for the sale was discussed.

As a grand finale for P. T. A. activities for this term, a concert will be held with P. T. A. members putting on a play.

FATHER BRINGS CHILD'S FROZEN BODY TO TOWN

BURNS LAKE — A father, bringing the frozen body of his infant daughter, arrived here after a 50-mile journey during which he was delayed by ice on Francois Lake and snow-blocked roads.

Peter Guenther, Ootsa Lake farmer, brought the infant's body to Burns Lake by truck for burial after it had died eight days after its birth on Christmas Day. The weather was extremely cold at the time.

Accompanied by his father-in-law, Mr. Guenther arrived at the Francois Lake ferry to find the lake made impassible by ice. After spending the night there, they tried to cross the lake on foot the following day but found the ice too thin.

Later, the two men tried to drive around the end of the lake but found passage impossible due to deep snow. Later in the day the ice thawed, and the ferry made a crossing in the afternoon.

While her husband was away, Mrs. Guenther, who was ill, was left with three small children to care for.

Are Skating on Francois Lake

FRANCOIS LAKE — Children of Francois Lake and Burns Lake mingled exuberantly in the first real skating session of the season near the wharf here last week.

Since that time weather has moderated and the lake ice broken up. A snowplow is on its rounds clearing district roads.

Princess Elizabeth Is Stamp Collector

Latest Press Pictures Show Princess at Work and Rest

LONDON — Latest pictures of Princess Elizabeth and Princess Margaret released to the British press show them in their private apartments in Buckingham Palace, where they work and relax in privacy.

The Princess opens her own mail, which has reached large proportions, partly because she is building up her independent stamp collection. Outgoing mail is placed in a basket, marked "The Lady-in-Waiting."

The playroom, which used to be the princesses' schoolroom, is lined with glass-covered book-cases. The books include Shakespeare, Robert Louis Stevenson, Bronte and many Highland romances.

About Relaxing

"I used to think I was just naturally nervous and tense. But I found out that it was the caffeine in tea and coffee that kept me from relaxing."

People like that should try Postum. It's one grand drink — rich-flavored, hearty, with an appeal that's all its own.

What's more, you can drink Postum and relax like a kitten! Postum contains no caffeine, nor any other drug to key up nerves or affect heart or digestion.

Postum is made instantly in the cup, just by adding boiling water or hot milk. Try it!

SILVER WEDDING IS CELEBRATED

Surprise Party Saturday Night In Honor of Mr. and Mrs. William Rance

Twenty-fifth wedding anniversary of Mr. and Mrs. William J. Rance was celebrated in impressive but delightful manner Saturday evening when well-wishing friends to the number of about twenty descended upon their home, 326 Biggar Place, a gay and happy surprise party ensuing. Dancing and music were informally enjoyed and delicious refreshments were brought by the uninvited guests. Feature of the evening was the presentation by C. L. Youngman, on behalf of the guests assembled, of a handsome coffee percolator, toaster and electric plate set. Although taken completely by surprise, both Mr. and Mrs. Rance responded appropriately to the expression of good wishes.

Those present: Mr. and Mrs. Richard (Scop) Bury, Mr. and Mrs. C. S. (Bud) Barrie, Mr. and Mrs. W. R. Smith, Mr. and Mrs. James Andrews, Mr. and Mrs. Ernest Rance, Mrs. William Stuart, Mrs. Arthur Beale, Mrs. Ernest Warren, R. S. Parry, Robert James, Neil Cameron and Leo Beaudry.

Mr. and Mrs. Rance were married in Prince Rupert January 11, 1922, and have lived here continuously since. Well known businessmen, Mr. Rance has long been prominent in veterans' affairs and is a past president of the Canadian Legion. Both he and Mrs. Rance enjoyed a large measure of esteem and popularity amid many friends.

TREES CRASH AUTO IN LOS ANGELES STORM—Owner of this car could consider himself doubly unlucky for not one but two trees crashed across his parked automobile during a Christmas storm which lashed Los Angeles, Calif., bringing death and destruction to a wide area. One man was swept into a storm drain and drowned by raging waters in west Los Angeles.

RECEIVE FAULTY CHILDBIRTH CARE

Survey Reports Inequalities In Care for Mothers Lowers Britain's National Health
By DENISE DALTROFF
Canadian Press Staff Writer
LONDON — Working class wives have to put up with more distress and suffering in childbirth than others, says a report of the Eugenics Society which inquired into the social and economic problems of childbearing.

Three out of every five women who are the wives of professional men in Britain get relief from pain in childbirth but with the wives of manual workers the ratio is one in five.

Dr. J. W. B. Douglas, a member of the Royal Commission on Population, gave these figures and added that one mother in four among manual workers has a child at home—usually overcrowded—compared with one in 10 for white collar workers and one in 20 for the professional and employer class.

"You would expect equality of treatment in the same kind of institution," said Dr. Douglas, "but the facts are that although the majority of better-off women have their own doctors, others rely mainly on midwives."

This difference in care and attention ran all through the course of childbearing. Wives from higher income groups never left hospital before the tenth day while the manual worker's wife might have to leave five days after the birth.
Only one quarter of the former class started a full day's work in the house 15 days after the

RICH BITUMIN FIELD FOUND

OTTAWA—Drilling conducted by the federal Department of Mines in Northern Alberta has revealed a rich field of natural bitumin oil which justifies commercial operation. There is between four and five million dollars of the bitumin, it is estimated. Further development will be left to private interests.

NEW OFFICERS OF FISHERMEN

John Synes was elected president of the Prince Rupert Deep Sea Fishermen's Union at the annual election of officers in the Fishermen's Hall, Sixth Street, Sunday afternoon. He replaces Hagbert Hansen, who was elected to the vice-presidency. The full slate of officers elected:

- President—John Synes.
 - Vice President—Hagbert Hansen.
 - Secretary Treasurer—George Anderson.
 - Recording Secretary—Joseph Kilby.
 - Trustee—H. Mork.
 - Fish Livers committee, Hagbert Hansen, Hans Knutsen.
 - Sick Committee—Erling Wick.
- Trustee H. Mork was elected to the revolving, three-man board, to which one member is elected each year. The other two members this year are John Synes and Harold Grindstrand. The meeting passed a donation of \$100 to a member who has been ill for some time Chairman was Hagbert Hansen.

child's birth against one in two of manual workers.

"This inequality of care among women of different incomes in this country," said Dr. Douglas, "is being paid for in ill-health of mothers, and the aim of any national health service should be to achieve equality."

Lady Juliet Rhys-Williams, vice-chairman of the National Birth Trust Fund founded in 1923 to give relief in childbirth to all, said "it is most deplorable to find that after nearly 20 years we have got no further than this."

Health visitors of 424 authorities have collected data on all births that occurred in England and Wales for the week beginning March 3, 1946. The results of the inquiry will be published next June.

FOR SALE BY TENDER

CROWN ASSETS
War Assets Corporation will receive offers to purchase all or any of the Crown-owned buildings described below. The purchaser shall remove the building or buildings, fill in excavations and restore the ground to its original elevation, leaving the site in a neat and tidy condition in a manner satisfactory to an authorized representative of the Corporation.

TYPE OF ASSETS:
THREE BUILDINGS—Project No. 1, Prince Rupert, B.C.
No. 1 Staff House, 30x120' (3 storeys)
No. 2 Staff House, 30x120' (2 storeys)
Commissary, 48x96' and 30x60'
Sale of these buildings shall include only such normal plumbing, heating and lighting fixtures as may be installed therein at the date of sale.
These buildings are sold for removal and restoration of the sites.
All areas and dimensions given are approximate.
A certified cheque or bank draft to the value of ten percent of the tender price, made payable to War Assets Corporation must be forwarded with the tender in a sealed envelope plainly marked:
Tender No. 402-381
For Three Buildings, Project No. 1, Prince Rupert, B.C.
At Prince Rupert, B.C.
Addressed to: Branch Sales Manager, War Assets Corporation, 1108 West Georgia Street, Vancouver, B.C.

Tenders will close at twelve o'clock noon Pacific D.S. Time, Monday, January 20, 1947.

The tenderer must state the use to which the building or buildings, or materials contained therein, will be put, as this will be a determining factor in deciding the acceptance of any tender. Tenders received after closing time cannot be considered. The highest or any tender may not necessarily be accepted. Cheques or bank drafts will be returned to unsuccessful tenderers.

The successful tenderer will, when notified of acceptance of his or her tender be required to furnish a certified cheque or bank draft for the remaining ninety per cent of his or her tender, and in addition, a certified cheque or bank draft for an amount equal to the estimated cost, of restoring the site or sites, as a guarantee that he will comply with all terms and conditions of the tender. This cheque or bank draft guaranteeing restoration will not carry interest and will be returned upon the satisfactory completion of the terms of the tender.
