MONTREAL (CP)—Canada Steamship Lines officials said today that 12 lives were lost in the wreck of the company freighter Emperor which broke in half on Canoe Rocks, Isle Royal, 45 miles east of Fort William in Lake Superior, last night.

The victims were all crew members, including Captain Eldon Walkinshaw, of Collingwood, Ontario, and five other unnamed officers.

The Emperor, bound from Port Arthur to Ashtabula, Ohio, with a cargo of iron ore, is believed to have struck a treacherous shoal while visibility was poor.

Opposition members of the Opposition joined in blasting the argument as a form of indentured labor. One charged that the workers were going into slavery.

Opposition ministers Mitchell, St. Laurent declared that Canada would have the product of Canadian immigration guaranteeing them two years employment, and Canadian laws, which would ensure a decent standard of living.

PEACE IN INDIA

EPOCHAL HISTORY of the first magnitude is made for India with the announcement that the British government is turning over power to the leaders of India almost immediately.

It is eventful news, indeed, and it is to be noted that it appears to be meeting with satisfaction in all quarters concerned.

Most satisfactory of all to observers of the Indian scene is that both Indians and Moslems appear to be agreed on the idea of partition of Hindustan and Pakistan, something which it had not been so certain the Hindus approved of.

BUILDING DIFFICULT

IT IS NOT BECAUSE there are the unwillingness or lack of incentive to build in Prince Rupert that permitted construction value is down considerably this year in comparison with last.

Many a building project is stymied in Prince Rupert. There is a lot of work to be done. It makes a reserve of spending and employment which, from these standpoints, may be even more valuable to the community from an economic standpoint a little later on.

FATHER'S DAY

FATHER'S DAY, which is being marked nationally in Canada on Sunday, June 15 was originally started by a woman.

It was not started, as some cynical persons might suppose, by a group of paternal parents jealous of the fact that there was no day set aside for them like Mother's Day.

From this humble beginning, the day of remembrance grew to national importance gaining impetus throughout the United States and Canada.

Father's Day is being marked this year for the first time since before the war.

GRANNY'S GRAMMAR

THERE ARE AGREEMENTS pro and con every day as to whether schooling children were given in past generations was "tougher" than it is today.

If they want some confirmation of their argument, a little volume published in 1836, which may or may not be called the "good old days," back them up—at least so far as grammar is concerned.

For the more erudite, the book's title in full is "Abridgment of Murray's English Grammar with an Appendix Containing exercises in Orthography, in Parsing, in Syntax and in Punctuation, designed for the younger classes of learners."

Author Lindley Murray's idea must have been that children of the day were capable of a full "Sunday" vocabulary. There is no simplified language—and no doubt dictionaries were used often, oftener and oftener.

Rote learning was approved with lessons labeled like "Promiscuous Exercises in Etymological Parsing" suggested for memory work.

The volume has one saving grace—it is only 80 pages long.

WINS SCHOLARSHIP — Miss Harriet Christie, B.A., who represented the Protestant Church women on a visit to the women in the Canadian forces overseas in 1945, has been awarded the Kaufman scholarship, given by Miss Emma Kaufman, Kitchener, Ont., a member of the World Y.W.C.A.

Here and there around Prince Rupert, may be noted apple trees, and they have been in existence long enough to blossom out in full bloom. One hearty specimen is on Fulton Street, just up from the fire hall and back of a totem pole. As a rule, most of the trees seen are in out of the way spots.

AS BARBARA ANN RETURNED CAR—This photograph was taken as Barbara Ann Scott, world's amateur figure skating champion, handed over the key of her car to Mayor Stanley Lewis of Ottawa. The convertible car was a gift from her home city of Ottawa and was returned because of the possibility of endangering her chances to win the 1948 Olympics. Shown at left is Barbara Ann's mother, Mrs. Scott.

MOOSE GIRLS WIN EASILY

Khatadas Show Improvement But Are Beaten 17 to 1 in Softball
In the ladies' softball league fixture last evening, the Moose scored a decisive win over the Khatadas, the final score being Moose 17, Khatadas 1.

While the score was one-sided the game was always interesting and the improving Khatada team should do even better in the future. At present the more experienced Moose nine are better in every aspect of the game. Their battery of the Hamilton sisters is strong and safe with pitcher Betty Hamilton registering 12 strikeouts last evening. North, Betty Hamilton, Thornton and Laird had three hits each, and Kildahl and Thain had two each. Currie had a perfect night at bat.

For Khatadas, Pope, Wainwright and Payne were best. Pope pulled off a double play, taking a hit to touch third base and then throwing home for Wainwright to complete the play. Hits were made by Wainwright, Payne and Barbour with Barbour scoring the only run. If the rest of the team put more drive into the game it could do much better. At present some of them are taking things too easily.

Wally Landon umpired, with Joe Ratchford in charge of the bases.

 A stern, hatchet-faced woman entered the office and demanded to see the chief.
 "Is she good-looking?" the boss asked the office boy.
 "Yes sir—very beautiful," was the reply.
 "Then show her up."
 After the woman's departure the boss sent for the office boy.
 "You're a nice judge of beauty," he said, irritably.
 "Well sir," apologized the office boy. "I thought she might be your wife."
 "She is!" snapped the boss.

CAPT. OUSE IS LAID AT REST

Old Friends Attended Final Rites Here on Monday Afternoon

Old friends gathered Monday afternoon at the Greenville Court Chapel of B.C. Undertakers for the funeral of the late Capt. Olaf Ouse, pioneer halibut fisherman and troller, who passed away last week at the age of seventy-two years. Rev. Canon W. F. Rushbrook conducted the service and paid tribute to the memory of the deceased. Mrs. C. Gilker presided at the organ to accompany the hymns.

Following the service, interment was made in Fairview Cemetery with M. McPadden, Hugh Miller, Sinclair Paton, Richard Druken, J. A. Wauchops and O. L. Murray acting as pallbearers.

The casket was covered with lovely offerings from friends at Hunt's Inlet, S. Patton, McPadden Brothers, Mr. and Mrs. O. L. Murray and family, W. H. Brett, M.L.A., Richard Druken, Mr. and Mrs. H. Miller, Mr. and Mrs. Ed. Hudson, M. Johnston, Mr. and Mrs. H. Neville, Mr. and Mrs. W. Frances, G. Penny, Thelma and Fred Letts, Mr. and Mrs. C. Rossauz, Mr. and Mrs. F. Collins, J. A. Wauchops and J. F. Murray.

IT'S "DAFFODIL BLOOM" TIME IN CANADA—Daffodil time has come again, and at Port Credit, Ont., John J. Snor displays three acres of the flowers in full blossom. Solemn Owl Washes As Pastor Preaches

LONDON, ☉—A tawny owl stared glassily at the Sunday evening congregation at St. Peter's Church, Piccadilly Circus, while the vicar, Rev. Clarence Maye, introduced him. Then he began washing himself.

"I thought it would be a good idea to have birds around at our service," the vicar explained.

With Strix, the owl, was Tinkerbelle, a wild canary. During the service she chirped, hopped onto a pew, inspected the occupants, pecked at the carpet—and went to work on the church flowers.

Cresida, a falcon, wounded and captured with her master at Tobruk was prevented from attending the service through illness.

FIND APPENDIX ON WRONG SIDE

CAPE TOWN ☉—Doctors here operating on a patient obviously suffering from appendicitis received a rude shock when after the incision was made, they found there was no appendix on the right side. The patient was a 24-year-old typist. Normally it takes only a few minutes to find the appendix. The doctors

searched for 25 minutes before they found it—on the left side, a phenomenon encountered once in 250,000 cases. The young woman was found to have what is known as a transposition of the viscera. Her heart was on the right side instead of the left. The operation was a success and the patient is recovering.

Tiny Sea Cannibals Turn Oysters Green

MONCTON, N.B., ☉—If you should be faced some day with a green oyster, don't panic, eat it—if you like oysters. The chances are it will be especially tasty. The color scheme is merely the result of plentiful plankton.

This is the advice of Ott Hicks in the Moncton Transcript.

"Plankton," says Mr. Hicks, "are forms of drifting or floating organic life—infinitesimal living things—found in the ocean. There are different types of plankton and the relationship between them is essentially unfriendly—they eat each other. Not that that gets them any place since they are in turn gobbled up by other forms of ocean-life, such as oysters, trout and salmon."

HULL, Eng., ☉—After an experiment with nylon fishing nets fishermen decided they were too expensive to be used commercially immediately.

REDDY KILOWATT — Your Electric Servant

"Isn't it wonderful?"

"Any wife who takes pride in her housekeeping would rave over a sparkling new automatic electric range. Cooking is such a pleasure—cooler, cleaner and more dependable than the old-fashioned cook stove."

Blue Jays Are Garden Vandals

"Look for a blue jay and you will find the culprit," suggests H. F. Kergin, former M.L.A. for Atlin and pioneer of the bush country, after reading an item in the Daily News suggesting there has been low-down garden vandalism by the cutting off of the tops of new early summer blooms. This is a favorite trick of the raucous jays, says Mr. Kergin.

JOLSONS SEEING NEW YORK—Al Jolson, mammy singer extraordinary, is shown with his lovely wife, the former Erle Galbraith, film actress, dining in New York. The popular couple will soon motor to Palm Springs, where Al and Mrs. Jolson are going to raise "dogs." Jolson has been making a terrific comeback since the release of the movie based on his life, which will be shown in Prince Rupert soon.

GYMNASIUM EXTENSION TO CIVIC CENTRE TO BE BUILT AT ONCE

An "immediate" start is to be made on construction of the projected gymnasium wing at the Civic Centre following the demolition of the Roosevelt Park gym from which materials will be salvaged for use in the new building, according to Civic Centre manager Don Forward who announced the awarding of demolition tenders Tuesday.

The projected Civic Centre extension will be a fully equipped gymnasium with a room for boxing training in the semi-basement, according to the present blue prints.

The added space and equipment will be in constant use, if the experience of last winter, when the main gym was in demand for more time than was available, is any criterion, according to Mr. Forward.

This is in contrast to last winter's experience with the Roosevelt Park gym which was unavailable for most of the time due to heating difficulties. Its popularity also was hampered by the fact that it is so far from the city's centre.

"Decision to demolish the Roosevelt Park building was made by a full meeting of the Civic Centre board of directors after six months of studying the needs of the community," Mr. Forward said. "After examining the practical uses to which the building could be put to, it was decided that its material should be used to build a gymnasium wing at the Civic Centre."

"To maintain the Roosevelt gym we would be faced with replacement of the present roof, complete electrical re-wiring, and re-building of the walls to keep the rain from driving through. This would entail an expenditure of at least \$10,000."

"We also were faced with exorbitant heating costs of a building that is too small for the minimum lacrosse floor and which has its spectator space behind pillars, obstructing vision."

Mr. Forward pointed out that the gym was originally purchased a year ago from War Assets on a city priority with Civic Centre funds at a cost of \$5,000. The deal was subject to

a trial operating period, after which, if the building was found impractical, it could be demolished for salvage.

Would Check Help Even From Grave

DIDDESBURY, Shropshire, England, ☉—Charlie (Gaffer) Edwards, 74-year-old farmer, has chosen a parish boundary for his burial ground "so I can lie with my head in Diddesbury and my feet in Culmington."

Edwards, who reclaimed his 1,400 acres of farmland from scrub and bracken, said he had given full directions for his burial in his will.

"My men will be there to bury me," he said. "We have a little joke about that. When I told one of my shepherds I'd chosen the spot so that I could keep an eye on them, he said: 'We'll fix that. Gaffer. We'll bury thee face downwards.'"

WRENS RE-ENLIST IN NEW ZEALAND

AUCKLAND, N.Z. ☉—New Zealand's wrens, disbanded after the war are being re-enlisted. This move follows the discharge of 200 dissatisfied ratings. The Royal New Zealand Navy was already seriously under-manned and the discharge of these trained men has made the staffing position acute. There has been a rush of former women members of the service to rejoin and it will be necessary to make a selection of the applicants to fill the posts available.

WATER ALL OFF RIVER HIGHWAY

Doug Frizell Reports Road In Good Shape

Returning Monday night after motoring from Vancouver, Douglas Frizell reports that danger of inundation of the Skeena River by high water now seems over. There was no water over the road at any point when he came through yesterday, the highest approach to road level being one foot.

The worst part of the entire road from Vancouver, according to Mr. Frizell, is between Prince George and Vanderhoof where there are several "gumbo boils." Weather was warm all the way and the road is dusty.
