Blasting Work for New \$65,000 Lindsay Garage Starts Today

Blasting on the site for a modern repair garage, automobile showrooms and service station which will be erected for Lindsay Motors Ltd. at a cost of about \$65,000 on the northeast corner of Second Avenue and First Street was begun today. According to A. D. Ritchie, the building will be ready for occupancy by August 15.

The new building will occupy a frontage on Second Avenue of 114 feet and will extend on First Street to a depth of 100 feet. According to Mr. Ritchie, its truss roof will make it among the largest floor areas in the province having no supporting pillars.

Contractors for the new building are Northwest Construction Co. George Martin, partner of the construction company, arrived in the city today from Vancouver to supervise the start of the work.

The corner of the new building will be cut back in smart modern lines for a service station which will have easy approach both from Second Avenue and First Street. Corner frontage, and part of the Second Avenue side, will have 50 feet of plate glass to the show rooms and service station and garage offices.

The enterprise will be operated in addition to the present Rupert Motors Ltd. garage at the Park Avenue intersection, said Mr. Ritchie. Dodge and De Soto cars and Dodge trucks will be displayed in the new garage.

Surface of the new building will be a patent asbestos sheathing known as "flexboard," which will give it an attractive appearance matching that of the Civic Centre which occupies the eastern portion of the same block. It will be white in its original color but can be painted any desired hue.

In addition to the huge repair and servicing space in the building, there will be a 50 by 40 foot stock room, general office, private office, show room and rest rooms in the southwest corner. Four main doors, two on the First Street side and two on Second Avenue, will provide entry and exit.

At the eastern end of the building there will be a parking lot 46 feet by 100 feet, with entry off Second Avenue.

The roof trusses, which will be 114 feet long, will give about 20 feet of height inside the building. The roof will have a low pitch and will be sealed with tar-and-gravel surface.

EXPLOSIVES IN ORANGES

Revealed How Jews Were Able to Blow Themselves Up Before Being Executed

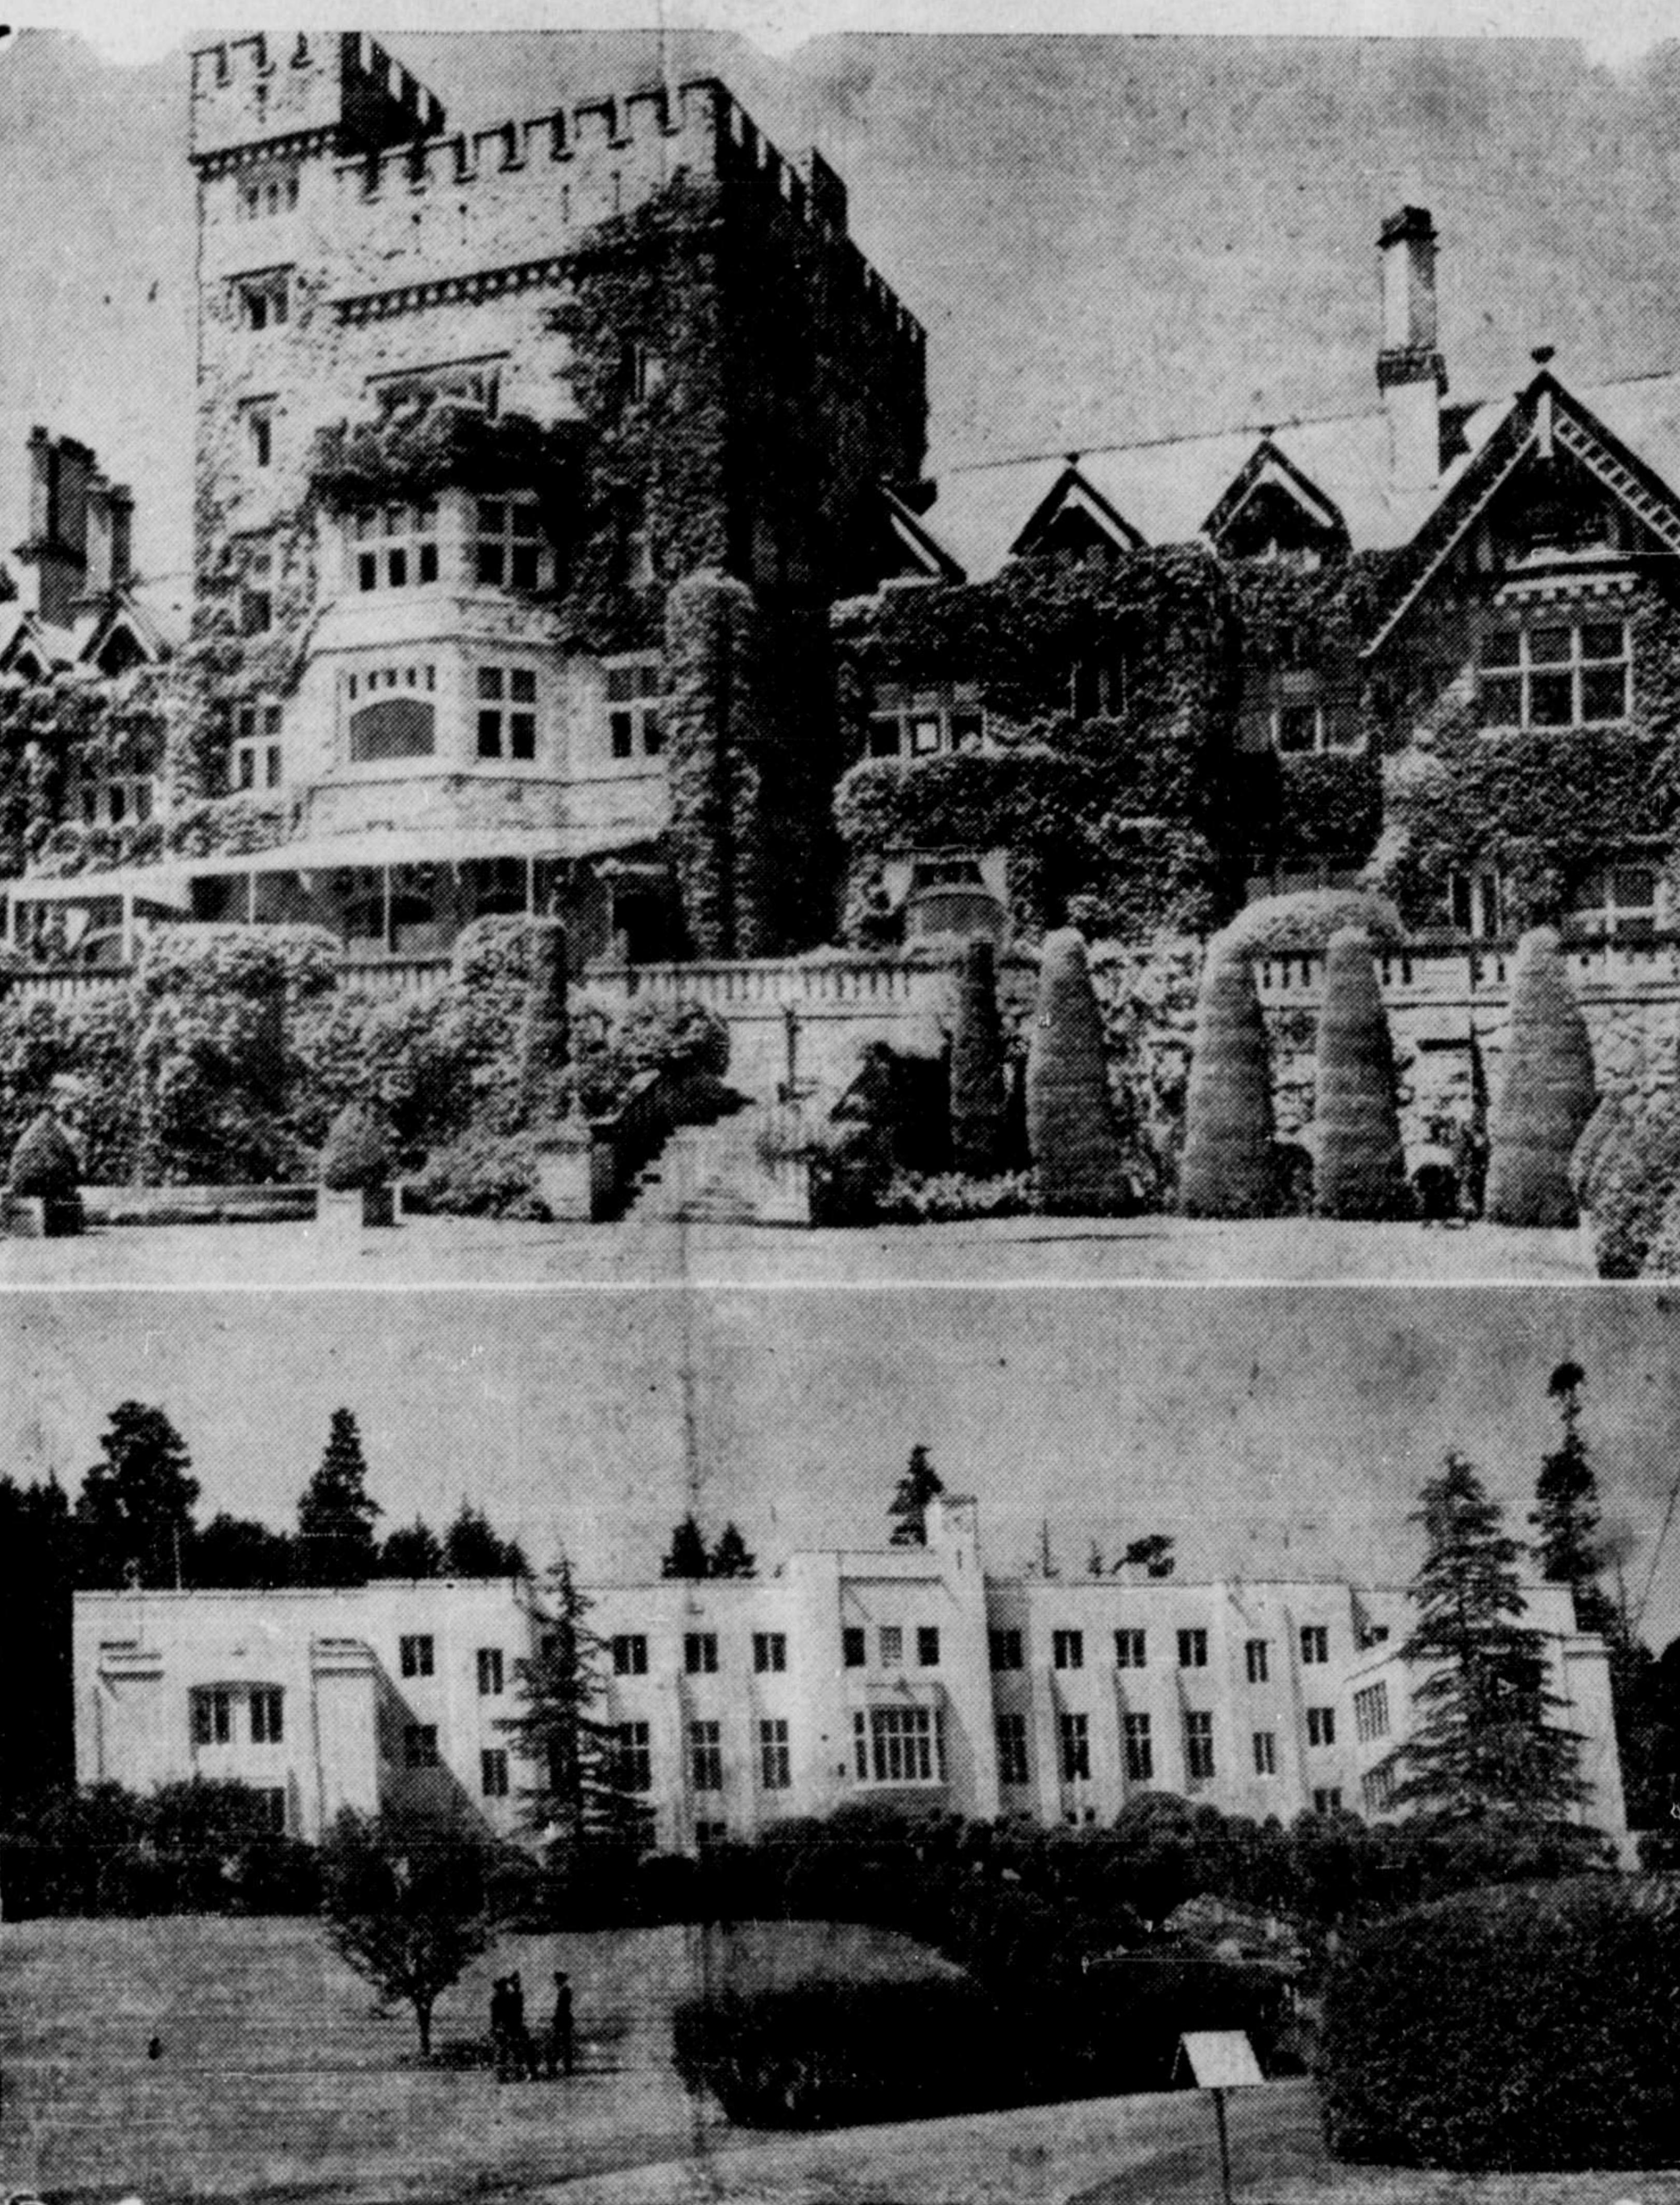

LONDON (P)—Explosives hidden inside oranges were smuggled into a Palestinian jail where two Jewish terrorists awaiting execution committed suicide during last week-end by blowing themselves up, Lord Hall, First Lord of the Admiralty, told the House of Lords today. He said that juice had been sucked from the fruit and the explosives inserted.

Lumber Prices Being Increased; Export Quotas To Be Decreased

OTTAWA (P)—Reconstruction Minister C. D. Howe announced last night an upward revision in domestic lumber prices ranging from 15 to 20 percent at the consumer level in stipulated areas.

He said that a reduction in export quotas in the interior of British Columbia and prairie lumber producing areas was being made to help meet the present intensive demand for lumber and as a means of accelerating Canada's housing construction program. He said that mills in the affected regions will be "compensated" to a certain extent for loss of higher export price by upward revision of domestic prices.

New export reductions will mean that an export quota of approximately 24 percent of total production will be set for shipments from British Columbia central interior and prairie provinces.

NEW COMBINED R.C.N. AND R.C.A.F. COLLEGE AT VICTORIA
H.M.C.S. Royal Roads, which has been reorganized to form a new combined R.C.N. and R.C.A.F. college, possesses a famed natural setting and a modern establishment. A few miles from Victoria, overlooking the waters of the Straits of Juan de Fuca, the college is centred on two main buildings, the "Castle" and the Cadet Block. Top photo shows the "Castle," once the main residence of the Dunsmuir estate on which the college is located. It contains the administrative offices, cadets' library, sick bay and officers' mess. The Cadet Block, below, completed in 1943, contains the chapel, class rooms, science laboratories, dormitories and all the necessary accommodation for the cadets.

MINING MEN MOVE NORTH

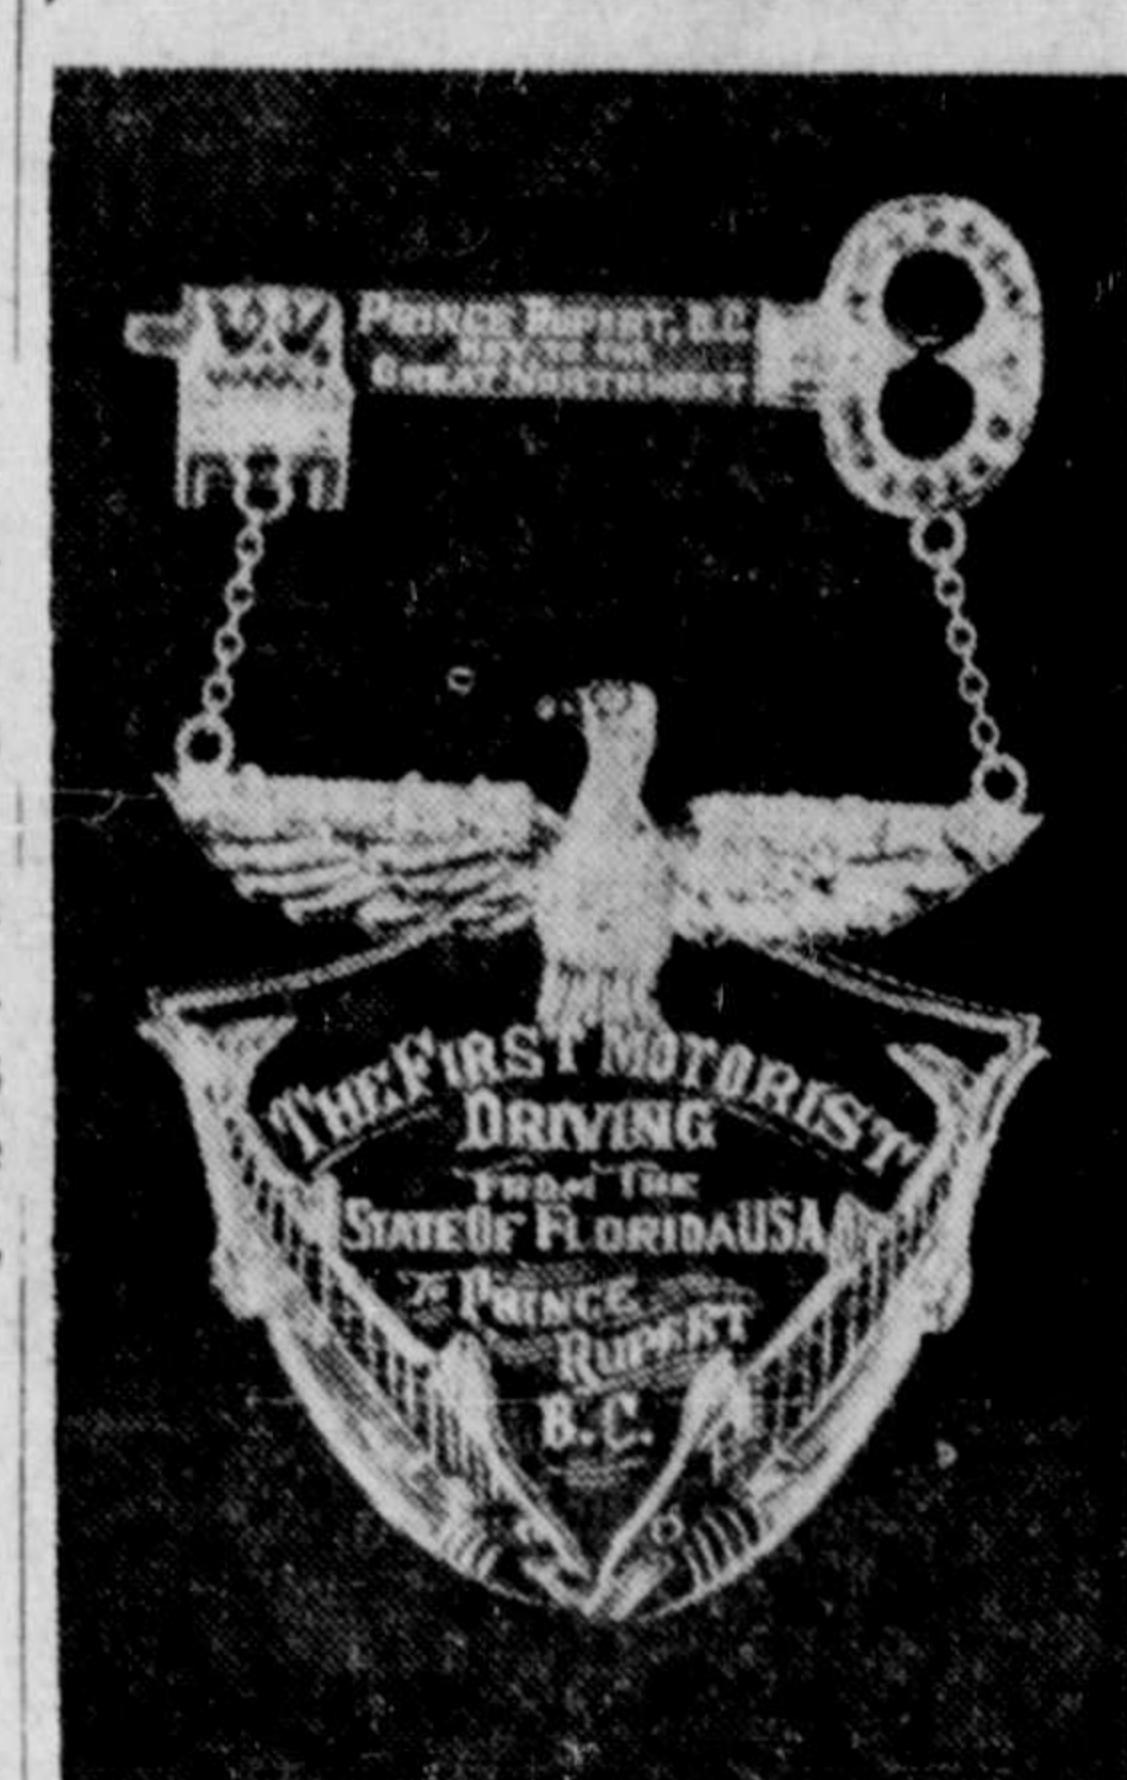

The movement of mining men north continues. Aboard the Canadian and American craft to Northern B.C. and Alaska, they come from all parts of the continent. Recent vessels calling at Prince Rupert had scores. Metal prices in world markets are reported active. Manson Creek in the Yukon is called "the hot spot." It is west of Carmacks.

COP VERSUS OCTOPUS
SYDNEY, Australia (P)—A Sydney police officer, Sgt. Bill Moulten, 49, who took up diving with the navy, once fought a three-minute battle with an octopus on one underwater police job.

Troops Quarrel Inside Berlin

BERLIN (P)—The Berlin Soviet newspaper reported today that Major Alexander Kitikov, Soviet commandant in Berlin, charged last night that two Red Army sergeants were "wildly beaten" by British military police, one man losing an eye. He demanded an immediate investigation.

HANDSOME MEDAL FOR FIRST CAR FROM FLORIDA TO PRINCE RUPERT

Prince Rupert is to receive some more valuable publicity this year in a manner similar to that which proved very effective last year. Al Manson, local jeweler, is again putting up a handsomely designed gold medal for long distance driving. Last year the contest was for the first motorist to drive from Halifax to Prince Rupert over an all-Canadian route. It was won by Chief Petty Officer Leslie Paige, R.C.N., and Mrs. Paige. This year the drive will be a "corner to corner" trip from Florida to Prince Rupert. The pictures show both sides of the handsome medal suspended with fine gold chains from a key symbolizing welcome and freedom in Prince Rupert. White gold fish set off the face design of the medal and sapphires and rubies are embedded in the key. It is 4693 miles from Miami to Prince Rupert via Atlanta, Memphis, St. Louis, Kansas City, Omaha, Cheyenne, Yellowstone Park, Helena, Spokane, Grand Coulee, Oroville, Penticton, Kamloops, Cache Creek, Prince George, Smithers and Terrace.

Agreement Reached for Alaska Line From Here

SEATTLE (CP)—Two maritime union agents reported yesterday that they had signed agreements with the Briggs Navigation Co. for working on a new steamship service between southeastern Alaska and Prince Rupert. It is reported that the firm, with headquarters at Ketchikan, plans to start with a single motorship which is loading in San Francisco for the trip north. Working agreements were reported by the sailors' Union of the Pacific and the Maritime Cooks' and Stewards' Union.

One-Man Anti-inflation Fight

NEW TORONTO, Ont. (P)—Harry Silvert, president of clothing and home furnishings stores in the lakeshore communities of New Toronto and Port Credit, has knocked 10 per cent off prices on all his goods in a man-made campaign against inflation. His clerks were given substantial pay increases in past weeks.

YOUTH STRUCK BY MOTORCYCLE, LEG FRACTURED

Albert Van Pykstra, 16-year-old youth of 1122 Seventh Avenue East, is in hospital today suffering from a broken right leg, concussion and severe bruises after being struck by a motorcycle at the corner of Third Avenue and Sixth Street at 9:50 last night.

According to a police report, the youth was struck by a motorcycle driven by Mark Hill Jr. which was going west on Third Avenue. He was crossing the street at the time.

RETIREMENT OF RAIL ENGINEER

J. R. McIntyre, dean of C.N.R. locomotive engineers on this division, who first began running out of Smithers in 1914, the year the line was opened, recently retired. The occasion took the form of a get-together social, in which Mrs. McIntyre shared. Numerous friends were present, and there were presentations. Mr. McIntyre originally operated out of Prince Rupert.

NEW SCHEME BY WALLACE

PARIS (P)—Henry A. Wallace today declared that Russia should get \$10,000,000,000 to \$17,000,000,000 worth of goods and services under a \$50,000,000,000 world construction program.

In return, Wallace said in an interview, the Soviet Union should be required to forego her heavy reparations demands on Germany and become a member of an international bank.

Russia, as the greatest war sufferer, would require the most aid.

Wallace repeated his criticism of America loans to Greece and Turkey.

THE WEATHER

Synopsis

Intermittent light rain is falling this morning throughout Northern British Columbia and cloudiness is increasing in the southern portion of the province with some light precipitation expected tonight. Increasing cloudiness kept temperatures higher last night with minimums throughout the southern portion of the province generally 5 to 10 degrees higher than the previous night.

Forecast

North Coast and Queen Charlottes—Overcast today, tonight and Thursday, intermittent rain or drizzle. Winds light today increasing to southerly (20 m.p.h.) Thursday. Little change in temperature. Lows tonight: Port Hardy 43, Massett 40, Prince Rupert 40. Highs Thursday: Port Hardy 52, Massett 50, Prince Rupert 50.

DEATH BREAKS RECORD

PETERBOROUGH, England (P)—Mrs. Minnie Wiggins worked at the same factory job for 60 years and never missed a day. On her way to the factory one morning she was fatally injured by a truck.

ST. GEORGE'S DAY

WETHER it is a sahib preparing to leave independence-bound India, a cockney pitting brawn against post-war crisis, or a missionary leading a Tanganyika native choir—today, as Englishmen all, they echo "Will of Avon's" "God for George! England and St. George!"

For of all days, St. George's stands apart not only as England's patron saint day, but as the day when Englishmen recall stories of the past, honor the birth and death of William Shakespeare, and recount the saga of the Royal Navy's daring attack on Zeebrugge in 1918.

From days of antiquity, St. George has been more than a patriotic figure in many lands. In Spain, Portugal, Czarist Russia, France—even among Mohammedans of the Middle East—he has been the fearless defender of chivalry, the sword-swinging doom of dragons and tyrants alike.

According to early legend, to some extent substantiated by theological historians, St. George was born of Greek Christian parents at Cappadocia about 270 A.D. At the age of 17 he entered the military service of the Roman Emperor Diocletian and later served at York, then Roman capital of England.

Strong in his faith, he early frowned on Roman persecution of Christians and bluntly rebuked Diocletian. To demands for liberty for fellow-Christians, the emperor's reply was brutal and speedy—St. George was tortured and beheaded at Nicomedia, Asia Minor, April 23, 303.

Reverence for his memory spread through the Middle East, churches were built in his honor, the Hellespont (now the Dardanelles) was renamed St. George's Arm, and the narrow seas between England and Ireland became George's Channel. The crusaders, honoring the saint's heroic defence of his faith, made him their patron. In 1220 the Council of Oxford ordered April 23 set aside as an English national holiday. Edward III made him patron of the Order of the Garter and, in the 15th Century, Frederick of Austria founded the St. George Knighthood.

Gentlemen All

The following extract from Hansard (page 1870) is a fine illustration of the incisive mind, the brilliant wit, the profound judgment of some at least of our legislators:

Mr. Archibald (C.C.F., Skeena, B.C.): Well, Mr. Chairman, I had a friend in the Old Country who had a dog. He used to say, "I'll kick you if you bark, and I'll kick you if you dinna bark." It doesn't matter what you do; that is the Tory attitude.

Mr. Fraser (Prog. Cons., Peterborough West, Ont.): And you sneer all the time.

Mr. Archibald: Don't strain that pip-squeak treble tone or you'll ruin it.

Mr. Coakerham (Prog. Cons., York South, Ont.): Why didn't you put on the uniform during the war?

Mr. Archibald: You're a liar; I had it on.

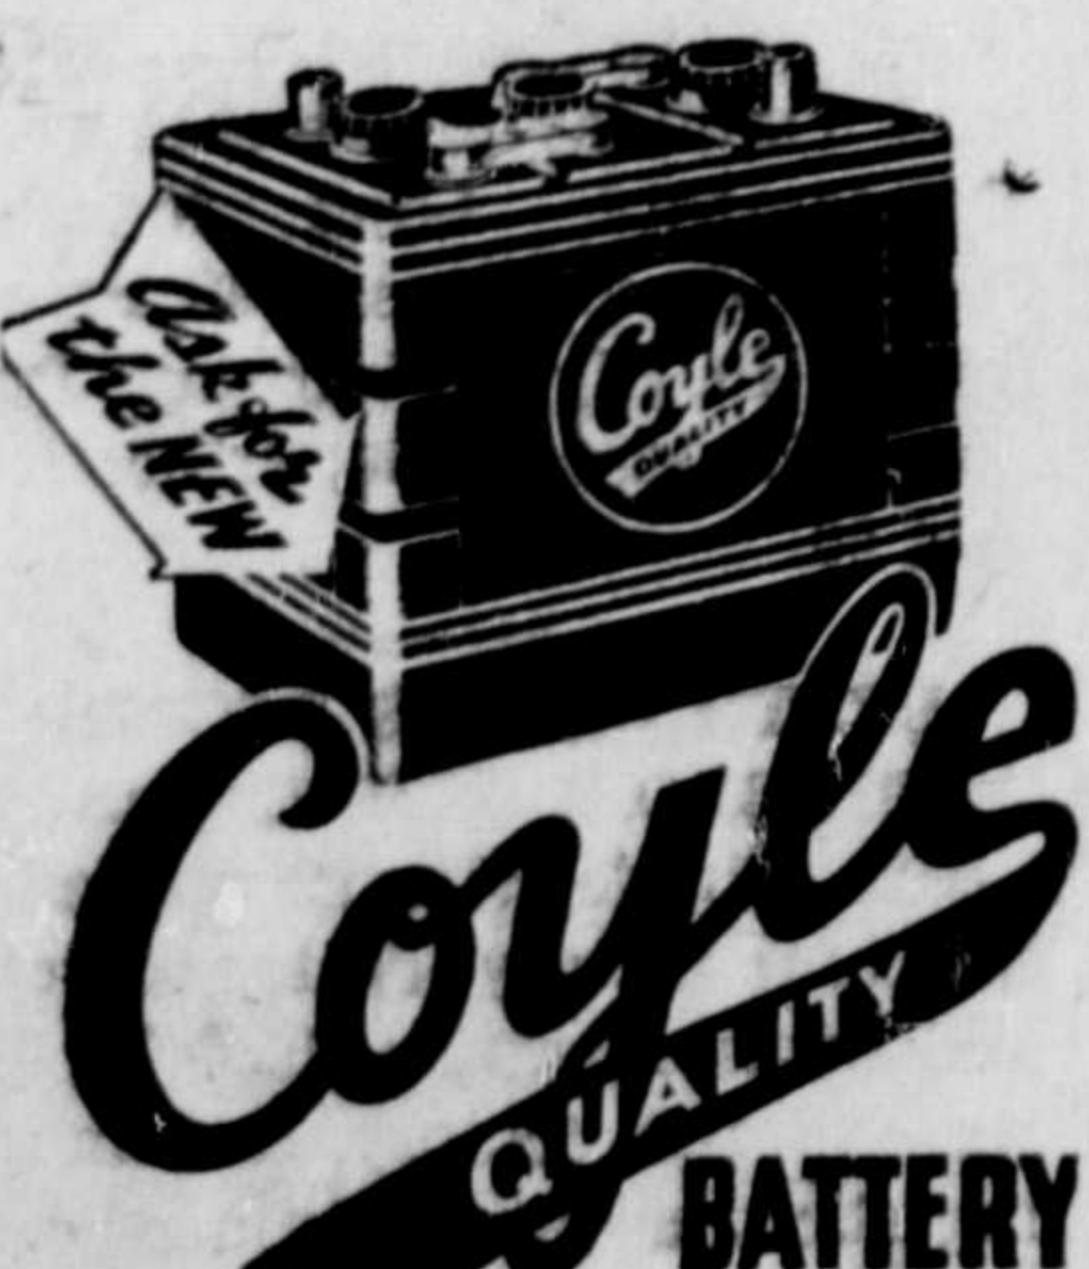

Mr. Cockerham: Yes, in the home service, or something like that; and don't you say that.

Mr. Archibald: Don't you tell me what to say.

The Chairman: Order. May I ask hon. members of the committee to assist the chairman in maintaining order, and proceed with the business of the committee. The hon. member for Skeena has the floor.

If such a performance had been staged in a debating society in the Montreal High School, the judges would have thrown the contestants out. But the persons here involved are not school boys, they are grown men, all of whom have so won the hearts and minds of their home towns that they have been elected to Parliament. — Montreal Daily Star.

LETTERBOX

MR. ARCHIBALD EXPLAINS

Editor, Daily News:

I wish you would publish this letter in the interests of Canadians of European background who are interested in having relatives brought to this country. There is a great deal of confusion existing in the country at the present time owing to the announcements made by the Immigration Branch of the Department of Mines and Resources.

First, Europeans whose relatives could be considered as enemy aliens during the last war are still discriminated against to this extent—that as yet only wives and minors are being allowed into Canada. Relatives of Canadians in countries which were allies of ours during the last war are being allowed into Canada, but in two years' time only 800 relatives have managed to arrive.

Members of Parliament on all sides of the House are being literally deluged with appeals which the Immigration Branch simply cannot handle. I wrote to the Department on one case on February 25 of this year and it is now April 15 but I have yet to receive a reply on it.

Any person wishing relatives to come out should apply to the local Immigration Officer for the initial papers, of which five copies are necessary. If they do not obtain the five copies and just file one, they will receive the application back some time within two months asking them to fill out the five copies.

I am writing this letter simply to explain the absolute confusion that exists over this matter so that no one can be blamed. The Immigration Branch of the Department of Mines and Resources claims that it has not the staff to handle the terrific number of applications.

Anyone with relatives in Russia or within the boundaries of Russian jurisdiction will just have to wait until the international situation clarifies itself as nothing can be done under the present conditions.

Filing the five copies with the nearest Immigration branch and then waiting for further announcements as to progress in this vital matter is seemingly about all that can be accomplished.

Published under present conditions.

H. G. ARCHIBALD
M. P. for Skeena.

CIRCULATION IS INCREASING

Board Reports Larger Number
of Citizens Making Use
of Library

Members of the Prince Rupert Library Board heard with satisfaction at their meeting last evening of the steady increase in the number of borrowers in the library and a corresponding increase in the number of books in circulation. A particularly gratifying feature was the increase in the number of juvenile borrowers.

With a view to giving proper prominence to Canadian literature it is planned to have a section devoted to books written by Canadians. There is still a difficulty in getting books, the book committee reported. Other book agencies will be consulted with a view to obtaining new books more readily.

Receipts in the pay section are increasing and the board is able to reimburse the Civic Centre for the cost of installing the fluorescent lighting system. This has proved to be a great boon as there is adequate lighting for all sections now.

With the object of providing a service to the community the board is planning with the generous support of CFCPR, a monthly series of talks when members of the board will discuss in radio talks problems connected with the library, its facilities, new books and periodicals. For instance, it is not generally known that there is a supply of telephone directories of various cities, not only in B.C. but throughout Canada and even some American cities.

The chairman, Mrs. M. M. Roper, extended a hearty welcome to Rev. A. F. MacSween, on his appointment to the board. Other members present were Mrs. A. Flaten, Alderman C. G. Ham, Bruce Stevens, Miss O. Van Coeten, Librarian, and J. S. Wilson, secretary.

Mrs. Star Comer returned from a business trip to Vancouver on the Prince Rupert this morning.

COMES HERE FROM MEXICO

His countenance burnished somewhat by the hot sun of California and Mexico, Olof Hanson, former M.P. for Skeena, stepped off the steamer Prince Rupert this morning to spend the next few weeks directing his timber and real estate enterprises between Prince Rupert and Smithers.

Mr. Hanson returned to Vancouver from a two-months' trip to California and Mexico on Saturday, visited Victoria Sunday and then climbed aboard the

boat Prince Rupert night. It was a restful night, he commented. "I can stand a bit of fine."

Mr. Hanson said the health of his son, Bill Smithers last winter, is recuperating at home near Vancouver covering his health.

THIRD

THE KILLING frost came early to the Prairie grain fields in the Autumn of 1907. At an experimental farm in Saskatchewan, the morning of September 12th dawned on a scene of heart-breaking desolation to scientists who had labored endless days and nights to produce a more frost-resistant wheat . . . but, amidst those ruined patches of different strains was one straight-standing beautiful picture of life and strength . . . the red-gold miracle of Marquis wheat had come to the world.

Charles Edward Saunders, Canada's first Dominion Cerealist, developed the famous Marquis wheat and made it possible to roll back the wheat map of Canada for many miles into the North. Untold millions were added to the national wealth by his genius and unending patience. He was born in London, Ontario, in 1867 and as a young man devoted himself to music. In his thirties, however, he followed the family tradition and worked with his father, Dr. William Saunders and his brother, Berry, who were experimenting with strains of wheat that would ripen before the Prairie frosts could ruin them. A scientist to his finger-tips, he tested the baking and milling qualities of wheat from all over the world in the only way then known, by chewing little globules to compare the gluten strengths.

Although the development of Marquis wheat was his most spectacular achievement, Charles Saunders also helped to give the world Garnet wheat and new strains of other grains of incalculable value. In 1934 he became Sir Charles Saunders. After twenty years of service to his country, he died in 1937, but his work, carried on by his successors, still goes on to the greater glory of Canada's scientific agriculture.

Published as a contribution to the wider appreciation of the notable part that the scientists of this nation, twenty-ninth among the countries of the world numerically, have played in the drama of human enlightenment. Offered in the public service by . . .

George Beck, partner in the Service Electric Co. of Ketchikan, is a passenger aboard the Prince Rupert today bound for his home after a visit to Seattle. He was formerly attached to the American Army here as a major.

Carl Gustafson and Dave Myrlych, each in charge of a car, were in collision at the junction near First and Second Avenues early yesterday afternoon. One of the cars is in city water department service. Police report no injuries but one of the automobiles sustained considerable damage.

A daughter was recently born to Mr. and Mrs. Harold Harvey in Great Falls, Montana. Mrs. Harvey, the former Miss Dorothy Wilson, daughter of Mr. and Mrs. George Wilson of Prince Rupert, was married during the war, her husband being technical sergeant in the United States Army stationed at Fort Edward.

Baseball To Open May 11

Magistrate W. D. Vance
Re-elected President—To
Foster Younger Players—
Grandstand Needed

Opening date for the baseball season in Prince Rupert was set for May 11 at the annual meeting of the Prince Rupert Baseball Association last night in the Civic Centre with nearly 25 members in attendance. Magistrate W. D. Vance was re-elected president.

Mr. Vance read the financial statement for the year 1946 which showed a considerable increase in the finances over the start of last season.

The first important business the meeting had to deal with was the election of officers for the season. Mayor Nora Arnold was elected honorary president. Mr. Vance was re-elected to the presidency and George Murray once again took over the vice-presidency. The combined post of secretary-treasurer was deemed too much for one person to handle and, after amending the constitution, the position was divided into two individual offices. Doug Kerr was elected secretary and Carl McKeown, treasurer.

GRANDSTAND AT PLAYING FIELD

After a lively discussion, an amendment was made to a

committee was named by the meeting to look into the matter of erecting a grandstand for the Roosevelt Park Field.

Heading this committee is Joe Beruski with Art Murray and Doug Kerr lending a helping hand. The grandstand in mind would be a closed affair to protect fans from any sudden change of weather. It was felt it

would be a definite asset to the city and with this in mind the committee will be given all the assistance that the Baseball

Association can muster.

MEN OF VISION

Calvert 1622

Painted for Calvert by Adam Sheriff Scott, R.C.A.

In 1855 MERRITT said:

"Form plans for the future"

In 1622 CALVERT said:

"Encourage the building of this country"

THREE HUNDRED YEARS AGO Calvert, Man of Vision and founder of colonies in the New World, said: "My resolution is to build...it is a good country."

Famous English statesman and Secretary of State to King James I, Calvert said to his settlers: "Be partners and assist your neighbours...for unity."

Administration of Fastball To Be Under Commissioners

Administration of the city playground fastball league this summer will be under a commissionership whose members will be strictly neutral. Details have been placed in the hands of Rup Rec Director Neil Ross.

Commission members will be drawn from a list

of persons who will be approached this week by Mr. Ross. Suggested commissioners are J. S. Wilson, Wally Landon, Pat Folman, T. G. Bateman and R. C. Moore.

Mr. Landon probably will be umpire-in-chief with responsibility for finding umpires for the league games.

Deadline for the submission of team entries for the league will be May 1 and entries must be accompanied by a list of players. League play will begin on the evening of May 5.

Teams which so far have indicated their intention of taking part are Canadian National Recreation Association, Gordon & Anderson, High School and two girls' teams.

Before the May 4 meeting, the board of commissioners will draw up a constitution which will be presented to team managers and one team delegate for approval.

"The Civic Centre is not running this league," Mr. Ross pointed out Tuesday. "The league will be administered by the commissioners who, we hope, will consult frequently with the team managers. We are only doing the preliminary work."

Responsibility for providing equipment and grounds preparation will, however, be up to the

CIVIC CENTRE PLANS APPROVED; MRS. FRANCES TURNER IS DEAD

A meeting of the committees and board of directors of the Terrace Civic Centre was held on Tuesday evening with President A. Yoxall in the chair. The secretary, Mrs. Gordon Haugland, attended to minutes and correspondence. The floor plan as drafted by J. B. MacKay was accepted. Four bowling alleys for the centre have been purchased. G. L. Brookes was appointed publicity manager. Tommy Brunton, D. G. Little and Parker Mills were appointed as members of a committee to organize bees.

Mrs. Francis Turner, youngest daughter of Chief Waiter Wright, died at 3 o'clock Tuesday morning. Mrs. Turner held the rank of chief in the Flying Eagle Totem. She is survived by her husband and young son.

Mr. and Mrs. W. E. Carlson left

CONFIRMATION, DEDICATION

Ecclesiastical Events at
Terrace in Connection
With Bishop's Visit

TERRACE—Rt. Rev. J. B. Gibson D.D., Bishop of Caledonia, on Sunday morning in St. Matthew's Church, confirmed 14 candidates who were presented by the rector, Rev. Rowland Hills. Those confirmed were Hubert F. Noakes, David, Ross and Don Gillanders and Jues Perry, Mrs. W. H. Richmond, Mrs. G. N. MacInnis, Mrs. McCabe, Betty McCabe, Peggy Laird, Bernice Sande, Norma and Joyce Perry and Jean Chamber. A full choir was in attendance with Miss E. Head as organist. The Bishop spoke appropriately and understandingly to those he had just confirmed.

TERRACE—Question of setting up an export food inspection service at Prince Rupert did not meet with much response from Terrace Board of Trade when its executives met with Prince Rupert Chamber of Commerce executives here a few days ago. Terrace did not appear much interested since it has not much produce to export to Alaska over and above what can be absorbed at Prince Rupert. Having milk to spare Smithers and District Board of Trade representatives who arrived later were more interested. Prince Rupert has offered its co-operation to Smithers in endeavouring to have an inspection service set up to facilitate the movement of products from the central interior to Alaska. Ottawa had advised Prince Rupert that setting up of such a service did not appear justified.

On Monday afternoon at the home of Mrs. Bert West, the Bishop spoke to the ladies of the church on the various parishes of the Diocese of Caledonia, travelling in fancy from the Nass River, and the native villages there, to the far distant parishes in the Peace River Block and farther north. Afternoon tea was served by the hostess.

The Bishop returned to Prince Rupert on Tuesday evening's train.

TERRACE TIGERS WIN SOFTBALL

TERRACE—On Sunday afternoon, spectators watched an interesting softball game between the Terrace Tigers and the Canadian Legion, the former winning 10 to 9. No runs were made in the first inning but the made in the first but the Tigers Legion then got to work in dead earnest and by the first half of the seventh inning the score was 9-10 in favor of the Tigers. This narrow margin the Tigers managed to maintain until the end of the game.

PARISH MISSION TO BE HELD HERE

To be Opened by Visiting
Priest at Catholic Church
Sunday

Rev. Father A. B. McLean O.M.I. arrived in the city on the morning from Vancouver to conduct a one week's parish mission at the Catholic Church starting on Sunday next. Father McLean will also preach each evening during the week.

Father McLean, a native of Buffalo, is a graduate of Canisius College and The Oblate Scholastic in Washington, D.C. He attended lectures at The Catholic University of America at the same time as Monsignor Fulton J. Sheen, celebrated orator of The Catholic Hour. While stationed at Newburgh, N.Y. Father McLean preached several times for Father Duffy, a New York pastor, who gained renown during World War I as chaplain of the Fighting 69th Battalion.

Father McLean has preached parochial missions throughout Canada and in many dioceses of the United States. During the Congress in Quebec in 1938 Father McLean was chosen to be one of a small group of missionaries who preached in St. Patrick's Church, Quebec City.

During the mission, Father McLean will give a clear and concise exposition of Catholic doctrine and practice. He is noted for being brief and very much to the point.

RETURN FROM INTERIOR TOUR

Following an organizing tour to Burns Lake and Vanderhoof, Edward Bolton, district vice-president of the Native Brotherhood of B.C., with Charles Patsey, vice-president for the Upper Skeena, and Oscar Peters from New Westminster, returned to the city on last night's train. Mr. Peters is leaving immediately for Vancouver where he will consult with other delegates of the Brotherhood legislative committee before leaving for Ottawa in April to appear before the parliamentary committee on Indian affairs.
