City Ponders Five Bids For City Bus Franchise

Bids from five applicants for a franchise to operate an exclusive bus service in the city for the next five years were opened in city council last night and then referred to committee of the whole for consideration before a decision is made.

The committee meetings, which may run into two or three sessions before the bid of one of the applicants is accepted, will be called at discretion of Mayor Arnold. According to the aldermen, it is unlikely that a decision will be reached in time to have it presented to a meeting of the provincial Public Utilities commission early in June.

Truman Policy Is "Evil Thing"

Predicts it Will Lead to War Between Russia and Britain

MINNEAPOLIS, (AP)—Henry A. Wallace said Monday night that the "one alternative" to the Truman policy of loaning money for military purposes abroad was the "use of money through the United Nations for plows and tractors, rather than guns and fighter planes."

Wallace predicted that, if the Truman policy were applied to France, Italy and England, as well as to every country bordering on Russia, the result would be depression, universal chaos and, finally, revolution and war.

Wallace described the Truman doctrine as an "evil thing," by-passing the United Nations and having the tendency of forcing Great Britain and Russia into war.

ASSURANCE ON FOOD SOUGHT

Leaders of trade unions in Duesseidorf threaten to Resign

HEREFORD, Germany (AP)—Leaders of all trade unions in the big Rhineland city of Duesseidorf yesterday told British occupation authorities that unless they were given definite assurance on the food situation within the next ten days, they would resign and "could not be responsible for the consequences."

The warning was sent to the British regional commissioner for north Rhine and Westphalia William Asbury, and was approved by a stormy meeting attended by some 500 trade union leaders.

The resolution said that, if trade union resigned, German party leaders and German administrative authorities might follow suit.

DEBT LAWS ULTRA VIRES

OTTAWA, (AP)—The Supreme Court of Canada, in judgment today, declared ultra vires, Section Six of the Saskatchewan Farm Security Act, providing for reduced interest in farmers' debts during poor crop years.

A related reference, making similar provision in regard to debts in connection with housing enterprises becomes automatically ultra vires by the same decision.

FIRST CASE OF "SUPERSONIC" ILLNESS FOUND

LONDON — The first reported case of supersonic illness, attributed to the effect on the human body of sound waves too high for human hearing, is being investigated by Great Britain's Medical Research Council. The victim is an unidentified worker in a turbo-jet engine factory in Hertfordshire. Symptoms are not described but said such symptoms are presumably lassitude, and the inability to walk steadily.

Italy Gov't. To Resign

ROME, (AP)—Public Works Minister Giuseppe Romita said this morning that Premier Alcide De Gasperi and his cabinet would resign today because of a Socialist charge that he is deliberately fomenting a political crisis.

TRANSPORT DEPT. WOULD MOVE MARINE SECTION TO SEAL COVE

The Department of Transport marine services, which are now situated at Digby Island, probably will be moved in the near future to Seal Cove where a new marine station, including wharves for the two light-house tenders Alberni and Birnie, will be built.

A letter from W. S. Lawson, Departmental representative, inquiring if the city would be willing to relinquish its claim to a portion of the Seal Cove air base to establish the station, was considered by city council last night.

A blueprint of the proposed station revealed that the northerly side of the concrete ramp built for the R.C.A.F. during the war would be the site of the station.

Under an offer made last year by the Department of Transport, the city has the first priority on the buildings and facilities at Seal Cove for a civic airport, although, to date, the city has given no indication that it wants the area for that purpose.

"It is purely a matter of courtesy," Ald. T. B. Black declared in council. "The property belongs to the Department of Transport and could be allocated to its marine services if they want to."

The question of whether or not the marine installations would interfere with the seaplane base which is to be set up at Seal Cove was raised by Ald. Youngs who said that he would oppose any move that would interfere with an airport at Seal Cove.

The aldermen agreed, however, that it would be a good thing for the city if the transport station were moved to Seal Cove from Digby. On motion of Ald. Ham, they agreed to accept the idea in principle, pending the result of a conference this afternoon between G. A. Thompson, Canadian Pacific Airlines general superintendent, and City Clerk H. D. Thain.

At this afternoon's meeting, City Clerk Thain, planned to learn definitely whether or not the proposed installation would interfere with the use of the Seal Cove facilities by aircraft.

BULLETINS

SNOW IN INTERIOR
There were snow flurries at Endako and Smithers this morning but they melted soon after striking the ground, it was reported at Canadian National Railways general superintendent's office this morning. New snow half way down the slopes at Mount Morse cooled the air around Prince Rupert.

FATALLY INJURED
Word reached the city today of the death of L. Sparrow, 26-year-old employee of Canadian National Railways at Prince George, who fell out of a truck in that interior city, sustaining fatal injuries.

CHILD'S BODY FOUND

EARTHQUAKE KILLS THREE

Widespread Damage in Sicily and Southern Italy

ROME — Three persons were killed and 40 injured Sunday in an earthquake which wrecked buildings and caused widespread damage in Calabria and other parts of southern Italy. The quake, which also struck Sicily, was felt most severely at Isca, in Sulonia, where two persons were killed and most of the casualties occurred.

Air Service on June 15

Here in connection with the making of arrangements for the inauguration of a scheduled air service between Prince Rupert and Vancouver, G. A. Thompson, British Columbia superintendent of Canadian Pacific Airlines, arrived in the city from Vancouver on the Princess Adelaide last night. The service is now expected to start June 15.

GUIDANCE REQUIRED

Minister of Agriculture Would Protect Both Farmer and Consumer

OTTAWA, (AP)—Hon. J. G. Gardener, minister of agriculture, told the House of Commons yesterday that the "government believes that, during the transitional period from war to peace, we should guide the farmer and consumer back into sound relationship under which they can deal with one another." He said the government would "endeavor to protect both from any middle man" attempting to take advantage of seasonal supplies.

Robert Fiar (Social Credit, Battle River), said that farmers were paying too much income tax, both directly and indirectly.

EIGHT YEARS FOR SCHACHT

Former German Financial Wizard is Sentenced

STUTTGART, Germany, (AP)—Hjalmar Schacht, German financial wizard, cleared of war crimes charges by the International Military Tribunal at Nuernberg seven months ago, was convicted as a major Nazi offender by a German denazification court today and sentenced to eight years imprisonment. Schacht's lawyer said that he will appeal the decision.

The verdict was announced to a packed courtroom where the former Nazi finance minister and Reichsbank president had been on trial for six weeks.

Bralorne Miners Out On Strike

VANCOUVER — A Vancouver newspaper reported today that a strike had commenced at the Bralorne mine, 200 miners walking out in protest at the dismissal of a union official for absenteeism.

FLOOD ODDITIES

ORANGEVILLE, Ont., (AP)—Floods which washed away fill from under sections of No. 9 provincial highway between this Peel county town and Arthur resulted in some odd effects, highway engineers say. At one point the pavement is sinking into a swamp and at another spot a spring gushes from the centre of the pavement.

Temperance Forces Are Being Rallied in B.C.

VANCOUVER, (Canadian Press)—The largest anti-liquor campaign in the history of British Columbia was inaugurated today following a combined rally of temperance forces last night sponsored by the British Columbia Temperance League. Plans are being made to enrol total abstainers throughout the province. There will be return to the old-fashioned signing of the pledge.

D. C. Coleman, retired chairman, continues as director of Canadian Pacific Railway.

Labor Curb Approved

Drastic Measure Passes United States Senate Today

WASHINGTON, (AP)—The United States Senate today passed a drastic labor control bill designed to curb strikes and halt many present union practices. A Democratic amendment that would have provided for closed shops where only union men could be employed was rejected.

DRIVE ON GUERRILLAS

Another Offensive is Being Started in Northern Greece

ATHENS, (AP)—Military sources announce government forces, approximately 20,000 strong, have launched the second phase of a general offensive against guerilla bands in northern Greece—this time in northwest Thessaly and western Macedonia.

Informants said the operations covered an area of several hundred square miles in the Pindus mountains just north of the region where another drive against the guerillas was recently completed.

SYRIA IS OBSTINATE

Will Accept Nothing Else But Complete Independence For Palestine

LAK ESUCCESS, (AP)—Syria told the United Nations yesterday that she would accept no solution of the Holy Land problem except the creation of an independent Palestine state. Faris El Khoury, Syrian delegate, made the statement as the General Assembly's 56-nation political committee resumed debate on instructions to be given the proposed Palestine inquiry commission.

LUNENBURG YACHT CLUB

LUNENBURG, N.S., (AP)—A yacht club recently was formed at this eastern Nova Scotian port, home of Capt. Angus Walters and his famed Bluenose. Dr. H. A. Creighton was named commodore.

Nutritionist Repeats England Is "Slowly Starving to Death"

LONDON, — Dr. Franklin Bicknell, nutrition expert who says that England is starving to death, repeated his assertion today and won support of a colleague and a leading medical journal.

Dr. Bicknell challenged Food Minister Strachey, in an open letter, to tell housewives how they can get 2,900 calories daily—800 more than the doctor says the average person gets.

The letter appeared in the 108-year-old Medical Journal which said editorially that it would be "very sorry if Mr. Strachey's calories . . . should come to figure only on the menus of our frustrated imaginations." Another nutritionist, Dr. Albert Howard, also said "there is no doubt that England is slowly dying of starvation," owing to lack of proteins. Meanwhile, in Germany, protest resignations by town councils are reported in the Ruhr as the British zone's worst food crisis entered its twenty-third day without signs of improvement. At Solingen, the town council walked out of the town hall during a meeting and announced it would do no more work until the food situation improved.

Nova Scotia's Position

PREMIER ANGUS Macdonald is not satisfied entirely with the deal he is getting for his province of Nova Scotia from the federal government but is ready to sign up a conditional agreement and fight on for better terms.

WATCHING EXPENDITURES

IT MAY BE A LITTLE late to start talking about it now but the feeling has been expressed to the Daily News that the city council went a little strong in deciding to spend as substantial a sum as \$34,000 on the road to the Co-operative fish plant and the new fishermen's floats at Fairview Bay.

The discussion at least indicates that a watchful interest is being taken by the public in the use the city makes of its newly acquired financial resources which, in the lump sum, might seem attractively substantial but which, of course, if not carefully managed, could be surprisingly soon dissipated.

CITY BEAUTIFICATION

WHILE COMMUNITY beautification appeals to our civic pride, it also means a stimulus to business activity. Money is spent on painting, modernizing and renovating of properties, home furnishings, and all the other kindred items that mean dollars and cents to businessmen.

Cleaner buildings, homes and streets also bring benefits to our citizens by increased efficiency, health and morale. This is to the good in every way. They also create a more favorable impression on tourists as reflections of our character and induce longer visits spent among more congenial surroundings.

We all stand to gain by this beautification campaign, so every citizen should join in the efforts of the Junior Board of Trade to make the community a better place to live in for work and play.

HALIBUT MARKET

ANNOUNCEMENT BY THE Wartime Prices and Trade Board that buyers of fresh halibut will no longer have to freeze half of the fish of this species they purchase has come as good news to most, though there is some little speculation as to just what the effect may be, says the Fisherman.

Since there are no longer ceilings on halibut in either Canada or the United States, and since there is now no longer any restriction on export of frozen or fresh halibut, the general effect should be to bring Canadian dealers fairly good returns.

During the war, fresh halibut could be exported, but owing to the ceiling prices, in some cases prices received were less than enough to cover costs. The margin between Canadian produced ceilings and U.S. wholesale ceilings was too small. The 50 per cent frozen was saleable only in Canada.

However, there is some speculation on how the market for halibut will hold up in the face of what happened with cod and other bottom fish. If some processors were to place large quantities on the market fresh at the present time, without discretion, then of course prices would tend to decline. But all in all, the picture looks bright for halibut even though early bids on the Prince Rupert Exchange might tend to indicate that prices to fishermen would fall below last year's ceilings.

STRENGTHENING ALASKA FLANK

WASHINGTON — The United States is acting to make secure the left flank of northern defenses by building at least one base for its biggest bombers in Alaska. Announcement is made of a construction program at Mile 26, not far from Fairbanks, Alaska, involving a new runway and hangar at a cost of \$8,125,000.

With uncertainty as to whether air transportation will be available in time, C. Gordon Cockshutt, president of the Canadian Chamber of Commerce, and D. L. Morrell, executive secretary, may have to forego visiting Prince Rupert during the course of a trip to the coast to attend a foreign trade conference of the Canadian Chamber of Commerce to be held in Vancouver late next week.

Mechanical Marker Assists Teacher

EDMONTON, (C)—Alberta students can no longer put all the blame on the teacher for their poor marks. The provincial education department examination branch is using a mechanical marker for certain types of exam papers. The machine won't detect grammatical errors nor will it correct the paper—and it won't score papers to which arithmetic answers are required—but it does mark "objective" tests, where one question is asked, several alternative answers given and the student required to mark the correct answers.

What City Council Did

Received an application from Crescent Shows Ltd. to show in Prince Rupert from August 29 to September 6 for a licence fee of \$300. The aldermen approved \$400 as the licence fee for the eight-day show period.

On recommendation of finance committee, raised the 1947 grant to the Salvation Army native girls' hostel to \$200 instead of \$50. Mayor Arnold explained that, because the city made a grant to the native hostel in Prince Rupert, the usual \$200 grant to the Salvation Army Grace Hospital in Vancouver was not requested.

Gave third reading to two by-laws, the Pioneers' Home management bylaw and the annual rate bylaw.

Authorized the utilities committee to purchase blankets, paint, furniture and other requirements for the improvement of the fire hall.

Endorsed an application by the Prince Rupert Kinsmen Club for the use of Roosevelt Park playing field on May 24 and passed it along to the Parks Board for action.

Received applications for tag days from the Navy League of Canada on June 4, and from Municipal Chapter, I.O.D.E. on June 21, both of which were granted.

Authorized City Clerk H. D. Thain to attend the conference of municipal officers to be held in the legislative buildings, Victoria, on June 2 and 3 under the patronage of the Minister of Municipal Affairs.

Endorsed a brief presented by Mayor Nora E. Arnold as director of the TransCanada Highway Association urging that the federal government complete the unfinished highway link between McBride and Jasper.

Approved the granting by the licensing committee of trade licences to James Steeves, peddler, and Alice O. Laird, cafe operator.

Adopted a recommendation by the police committee that "no-parking signs be erected 30 feet apart at the entrance to the Civic Centre and that "no-parking" strips be painted yellow in front of the Capitol Theatre and for 25 feet from each fire hydrant.

Adopted a utilities committee recommendation authorizing the City Engineer to proceed with extensions to the cemetery at an estimated cost of \$1,800, exclusive of drainage.

Sales Of City Land Approved
City council last night approved the following sales of city-owned land as reported by the finance committee:

Lot 10, block 32, section 7 (Seventh Avenue East) to Robert Montgomery for \$50.

East half of lot 36, block 5, section 1 (Beach Place) to John M. Wick for \$125.

Lot 30, block 25, section 1 (Third Avenue) to W. Wernerland for \$250.

Lot 27, block 28, section 6 (Ninth Avenue East) to Iva L. Stewart for \$50.

Lot 5, block 12, section 1 Stiles Place) to Frank A. McLean for \$150.

FRIZZELL HOT SPRINGS LOOTED WHOLESALE DURING PAST WINTER

When Mr. and Mrs. George Frizzell arrived last week at their hot springs home on the Skeena River to take up residence for the season they found that, during their winter absence, the main house and one cabin had been completely stripped of blankets, mattresses, dishes, kitchenware, and provisions. It was a wholesale looting and estimate of the goods removed is placed by the owners at about \$400.

CITY PONDERS BIDS

(Continued from Page 1)

vote by the ratepayers before it becomes final.

Bids were received from the following:

99 Taxi and Bus Service, signed by Art Murray.

Neil E. Macdonald and Charles Pustak.

Arrow Bus Lines, signed by T. N. Youngs.

Allan Morgan and Associates, signed by Allan Morgan.

Veterans' Stage Lines.

Arrow Bus Lines, present operators of city bus routes, offered the city 2 1/2 per cent of its gross annual income in return for the franchise. 99 Taxi offered 3 1/2 per cent; Macdonald and Pustak 5 per cent; Allan Morgan and associates 3 per cent and Veterans' Stage Lines 3 per cent.

The application from Allan Morgan and associates declared that the bid was inspired "through conversations with the directors of the Port Edward Celanese Co., and suggested that the holders of the city franchise also hold the franchise to carry passengers to Port Edward.

The Macdonald-Pustak bid offered the city five per cent of the annual gross receipts or "\$1,600 per year, to be paid \$400 quarterly in advance."

In referring the matter to committee of the whole for consideration, the aldermen subscribed to a comment by Alderman Brooksbank that "this is an important matter, and there is no reason why we should rush it."

Alderman Youngs, as an interested party, being managing director of Arrow Bus Lines, announced that he would not vote in the matter.

caught a string of Dolly Vardens. Passing the Coney place, he left five beauties for his friends. Tommy cleaned the fish put them on a string, hung them in the lake. He left the heads nearby, as food for wild life. What Tommy didn't know was that Jim and Gordon had a pet mink living under the cabin. The next morning the heads were gone. They looked in the lake; the string was cut and the fish were gone. They are kind to wild life.

Couple And Guests At Diamond Reunion

GUERNSEY, Channel Islands, 6—Bride, bridegroom, bridesmaid and guests at a wedding 60 years ago had a reunion tea at St. Saviour's, Guernsey.

Helped by her husband, 91-year old Abraham Blondel, Mrs. Rachel Blondel cut a white and gold diamond-shaped cake and handed slices to her sister, Miss Helena Testevin, who was her bridesmaid in 1887, and others who were guests at the wedding.

Mr. Blondel became blind last August but otherwise he and his wife are in good health. In 1945 they walked 10 miles to St. Peter Port.

BUYERS' STRIKE IN FULL SWING

Housewives From Winnipeg
To Vancouver Are Indignant

WINNIPEG, 6—Western Canada housewives, insisting that empty larders were preferable to high food prices, today brought into full swing their campaign to force wholesalers and retailers to drop the prices of edibles.

Seriousness of the movement—from Winnipeg to Vancouver—was emphasized by Edmonton housewives who last week said they wished to forego traditional Mother's Day presents since prices for gifts were higher than they should rightly be.

NEW KIND OF "SNIPPER" NOW

"Mummy, a man just cut down our clothes line and the washing's in the muskeg."

"Junior, don't be silly. No one would dare."

Lady, if your clothes line is attached to a city telephone pole, someone might dare and, if your anger doesn't flare into unrestrained violence, he will get away with it, too, because he will have the authority of the city behind him.

It appears to be the utilities committee's method of relieving a minor strain on the telephone system. The strain must be particularly heavy on Monday, because it prompted the committee to recommend that residents having clothes lines affixed to telephone poles be given 15 days' notice to remove them. After that they will be cut loose by city employees.

None of the eight-man council—all married—went so far as to suggest that the deed be done on Mondays, but they were unequivocal about having the telephone system freed from the burden of the family washing. Nor did they, as in the fable of "Belling the Cat," make any suggestion as to who should be the hapless employee to wield the wire snips.

Probably, it will be some unwary bachelor, willing to endure hazard for the sake of his job and without thought of increased pay. Stout fella!

THEIR MAJESTIES WELCOMED HOME

Noisy Welcome Accorded King,
Queen and Princesses in
London and Portsmouth

LONDON, 6—Almost at the exact hour of their coronation 10 years ago yesterday, the King and Queen, with Princesses Elizabeth and Margaret, returned from South Africa amid thunderous welcome from thousands of their subjects along the flag-draped streets of Portsmouth and London.

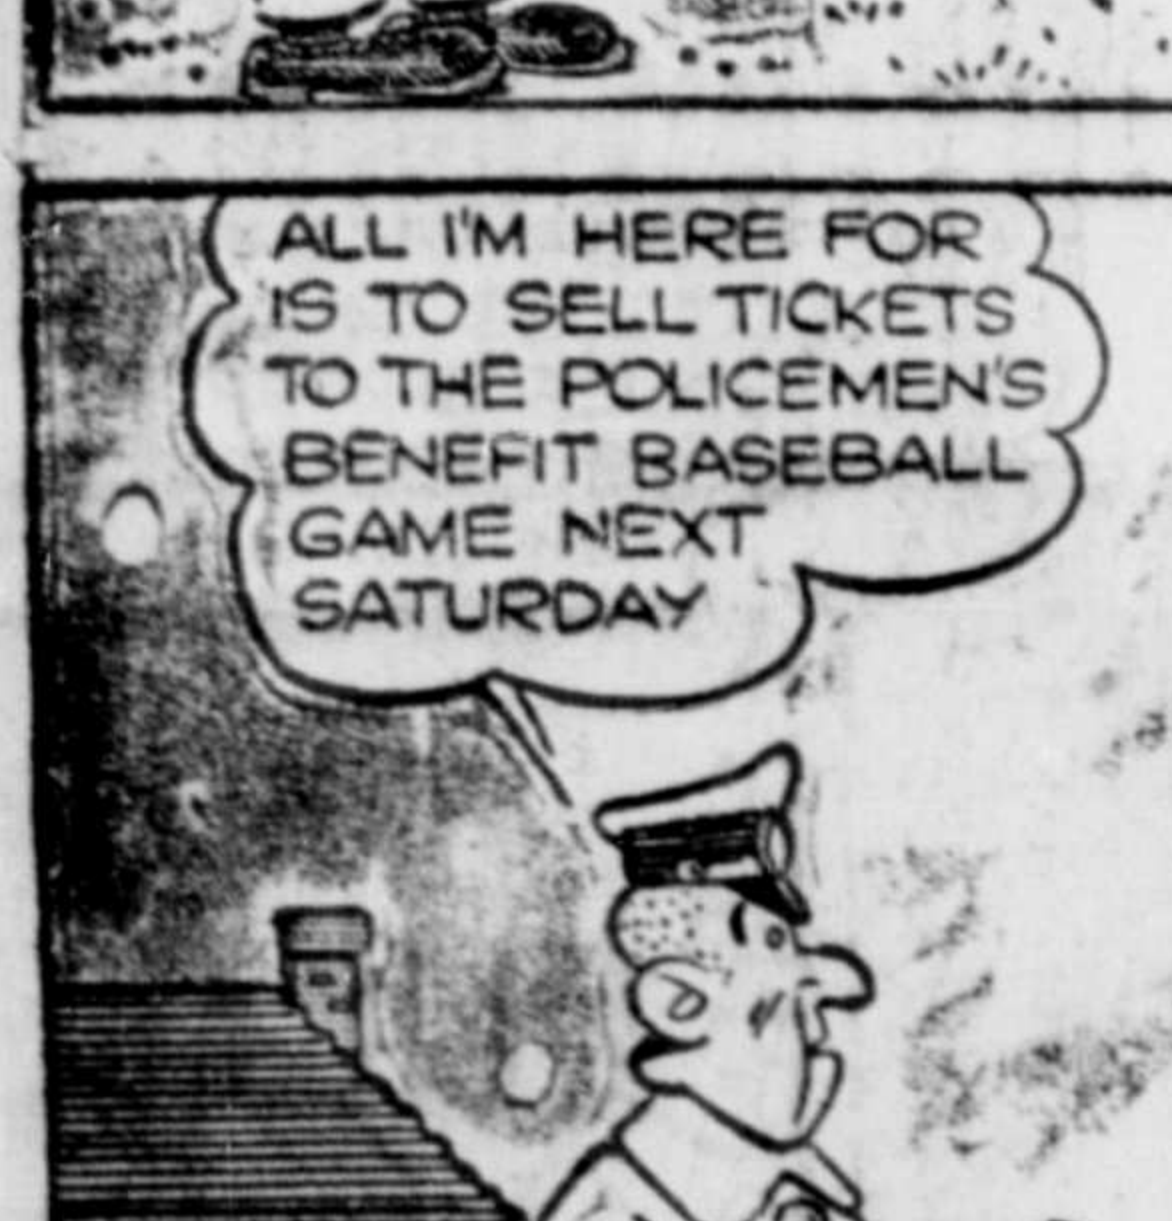

Disembarking from the battleship Vanguard at Portsmouth where they arrived Sunday, they travelled by train to London's Waterloo Station where they stepped on to a red carpet, hiding the dusty concrete platform. Crowds beyond the platform barriers cheered lustily.

The Royal family on Sunday at Portsmouth received a noisy welcome from 150,000 cheering subjects who jammed beaches for a glimpse of the homecoming. Precisely on schedule, the 42,000 ton battleship Vanguard nosed into the harbor under the royal salute of 21 guns.

School Lunchroom Benefits Scholars

NORTH SYDNEY, N.S., 6—One of a number of projects undertaken to aid the school lunch program in Nova Scotia is the cafeteria set up in the basement of a North Sydney school.

Necessity of providing hot drinks for children who lived so far away from St. Joseph's school that they carried lunches to substitute for hot dinners caused concern to the school staff.

The Home and School Association and the teaching staff decided to do something about it. From sales and teas they collected \$200 and another \$800 was contributed by citizens of the town who turned over their Victory Loan campaign commissions on two successive occasions.

Today, an attractive cafeteria, cloakroom, kitchenette and junior library replace the former dreary basement. Each day 20 children—more on stormy days—have their noon-day meal there.

GIVES BACK CAR TO CITY

Barbara Ann Scott breaks down momentarily at returning ceremony in Ottawa

OTTAWA—With tears welling in her blue eyes, Barbara Ann Scott yesterday handed back to Mayor Stanley Lewis the keys to a canary-colored phaeton which a grateful city had given her for the honor she brought it by winning the world's figure-skating championship.

Seeking a moments refuge behind a friend's car after the ceremony, she sobbed openly but smiled a moment later when newspaper photographers approached.

Montreal Is Cup Winner

MONTREAL, Q.—Montreal Royals captured the Allan Cup, emblematic of world's amateur hockey championship, by trouncing Calgary Stampede 8 to 2 in the deciding game of the best out of seven series, which was stretched to the limit. Montreal won four games and Calgary three.

At one stage of the series the Royals were ahead three games to one and appeared to have a stranglehold. Then the Stampede staged a comeback to win two games, Saturday night by a score of 5 to 2.

The Royals scored four goals in the first period of last night's game and were never threatened.

GENERAL MOTORS WIN FASTBALL

Have Too Much Power For High School in Interesting Match

The exhibition pre-schedule fastball game between General Motors and High School last evening provided an interesting match with the heavy-hitting motor men winning over the students by 10 to 5.

General Motors trotted out much the same team as won the championship last year but had Jake Antone filling in as pitcher. His snap deliveries had the students puzzled except for the second inning when they scored four of their runs. He had 12 strike-outs to his credit. Morgan, with five for five, and Beynon, with three in four times at bat, were the best batters. Dominato hit a three-bagger as did Beynon while Pavlikis and Antone each hit two-baggers. Runs were scored by Beynon, three; Dominato and Pavlikis, two each, and Winkle, Arnev and Morgan one each. Pavlikis was an efficient catcher.

Hartwig used 16 players in order to give as many as possible a chance to show their worth. Runs were scored by Scherk, Sharp, Owens, Overgaard, and Shier, but the scholars were not hitting well. Wesch pitched the first five innings and Olsen the last four, each giving up five runs. Spotty fielding was responsible for a few runs although good catches also featured the play. Sharn lived up to his name behind the plate. Olsen gives every promise of being able to relieve Wesch in the box. He pitches a cool thoughtful game and has a fair amount of speed.

General Motors—Dominato, Beynon, Winkle, Lindsay, T. Arnev, Pavlikis, Morgan, Antone, Silversides and Stromdahl.

Bo-Me-Hi—Scherk, Sharo, Forbes, Hartwig, Shier, Forman, Owens, Overgaard, Wesch, Anderson, Symes, Laurie, Kennedy, Thompson, Lavigne and Olsen.

Umpire—G. Mawhinney. Base umpire, M. Brydges.

BALMACARA, Ross and Coppart, Scotland. A summer school for the study of Celtic language and culture is to be opened here.

**"ORDER" SAYS
ALD. McKAY**

Alderman Robert McKay, who likes an informal discussion as well as the next alderman, surprised his colleagues at last night's city council meeting by suddenly whipping out a copy of the rules of order and using it to administer a figurative spanking.

He implied, by reading the rules, that they had become a forgotten document and that council might do well to remember that such things existed to facilitate efficient council proceedings.

Alderman McKay's lecture was met with a stunned silence until Alderman Youngs rose to his feet.

"I would like to know where, in the rules of order, that Alderman McKay found authority to address the Mayor as 'my girl' as he did a few minutes ago," he asked with a barely discernible chuckle.

The aldermen and audience roared with laughter. Alderman McKay joined in heartily.

Mayor Arnold admitted that maybe the rules of order had been a bit neglected and vowed that the next person to get out of line would be corrected forthwith.

He was. The culprit was Alderman McKay.

"Do you know," beamed the lecturer, "as I came into the room this morning I read a single word printed on the door; without which not one of you could dream of succeeding in the world?"

"Pull," shouted the class in unison, and the instructor knew that he had taken his motto from the wrong side of the door.

**SHIPS AND
WATERFRONT**

Allan Crawford, radar enthusiast and crew member of the packer, "W. R. Lord," just missed meeting up with a sea elephant during a recent trip to the Queen Charlotte Islands. The sea monster bobbed near Marble Island just off the western entrance to Skidegate Channel. Allan learned of the "Elephant's" debut from the crews of two boats that followed the "Lord" into Tartoo harbor.

A bumper list of 275 passengers crowded the steamer Princess Louise, Capt. P. L. Leslie, which was in port from 10:30

to noon yesterday morning northbound from Vancouver to Skagway and other Alaskan points. There were many interesting individuals aboard, among them six Yukon skippers going north for the season—Brownlee, Morrison, Campbell, MacDonald, Coughlan and Colquhoun. Others included Fowler Martin, Seattle banker, and party heading for interior Alaska and movie director Staub of Columbia Pictures and party bound for Juneau in which district they will take some outdoor and atmosphere scenes.

**BEER MUG
LACKS SUDS**

NEW YORK. (AP)—Want a beer mug with everything but jet propulsion? Go to Australia.

An Australian information bureau release reveals the special features of a super beer mug invented by a Brisbane sewage contractor.

- The special features include:
1. A built-in instrument panel.
 2. A signal light to indicate when the mug is nearly empty.
 3. An automatic horn to attract the barman's attention.
 4. A mechanical fly swatter.
 5. De-frothing apparatus.
 6. A photo-electric eye to warn of beer-drip.
 7. A thermometer to test beer temperature.
 8. A hydrometer to detect the presence of water in beer.
 9. A gyro horizontal gauge to register sway.
 10. A patent non-slip lip-grip.
 11. A built-in folding ash tray.
 12. Hydraulic compression struts so that the mug can be banged on the bar with safety.
 13. A tap extension tube for drinking in a recumbent position.

The mug is also equipped with a "spring-grip" for passionate drinkers.

SHREWSBURY, Eng. (AP)—Ballroom dancing is to be included in the training of army recruits at Cophthorne training depot here.

Reproving a snooty young actress who perpetually wore the expression of a person scenting a bad odor, Mrs. Fiske observed: "Young woman, you weren't born—you were assembled—and when they came to your nose, they took the first thing that turned up!"

**TO SAVE MONEY FAST GROW
PERENNIALS FROM SEED**

There is no garden operation which saves money faster than growing one's own perennials.

When plants are purchased they are relatively expensive because of the long growing period, the intensive care they have had and the large percentage of loss.

Plants have never been grown successfully in large scale operations because of the limited area over which they can be distributed satisfactorily and the high cost of packing such fragile subjects for shipment.

The gardener who grows his own pays only for the seed. The task of caring for the plants and observing their growth is a fascinating recreation, if he is a true garden fan.

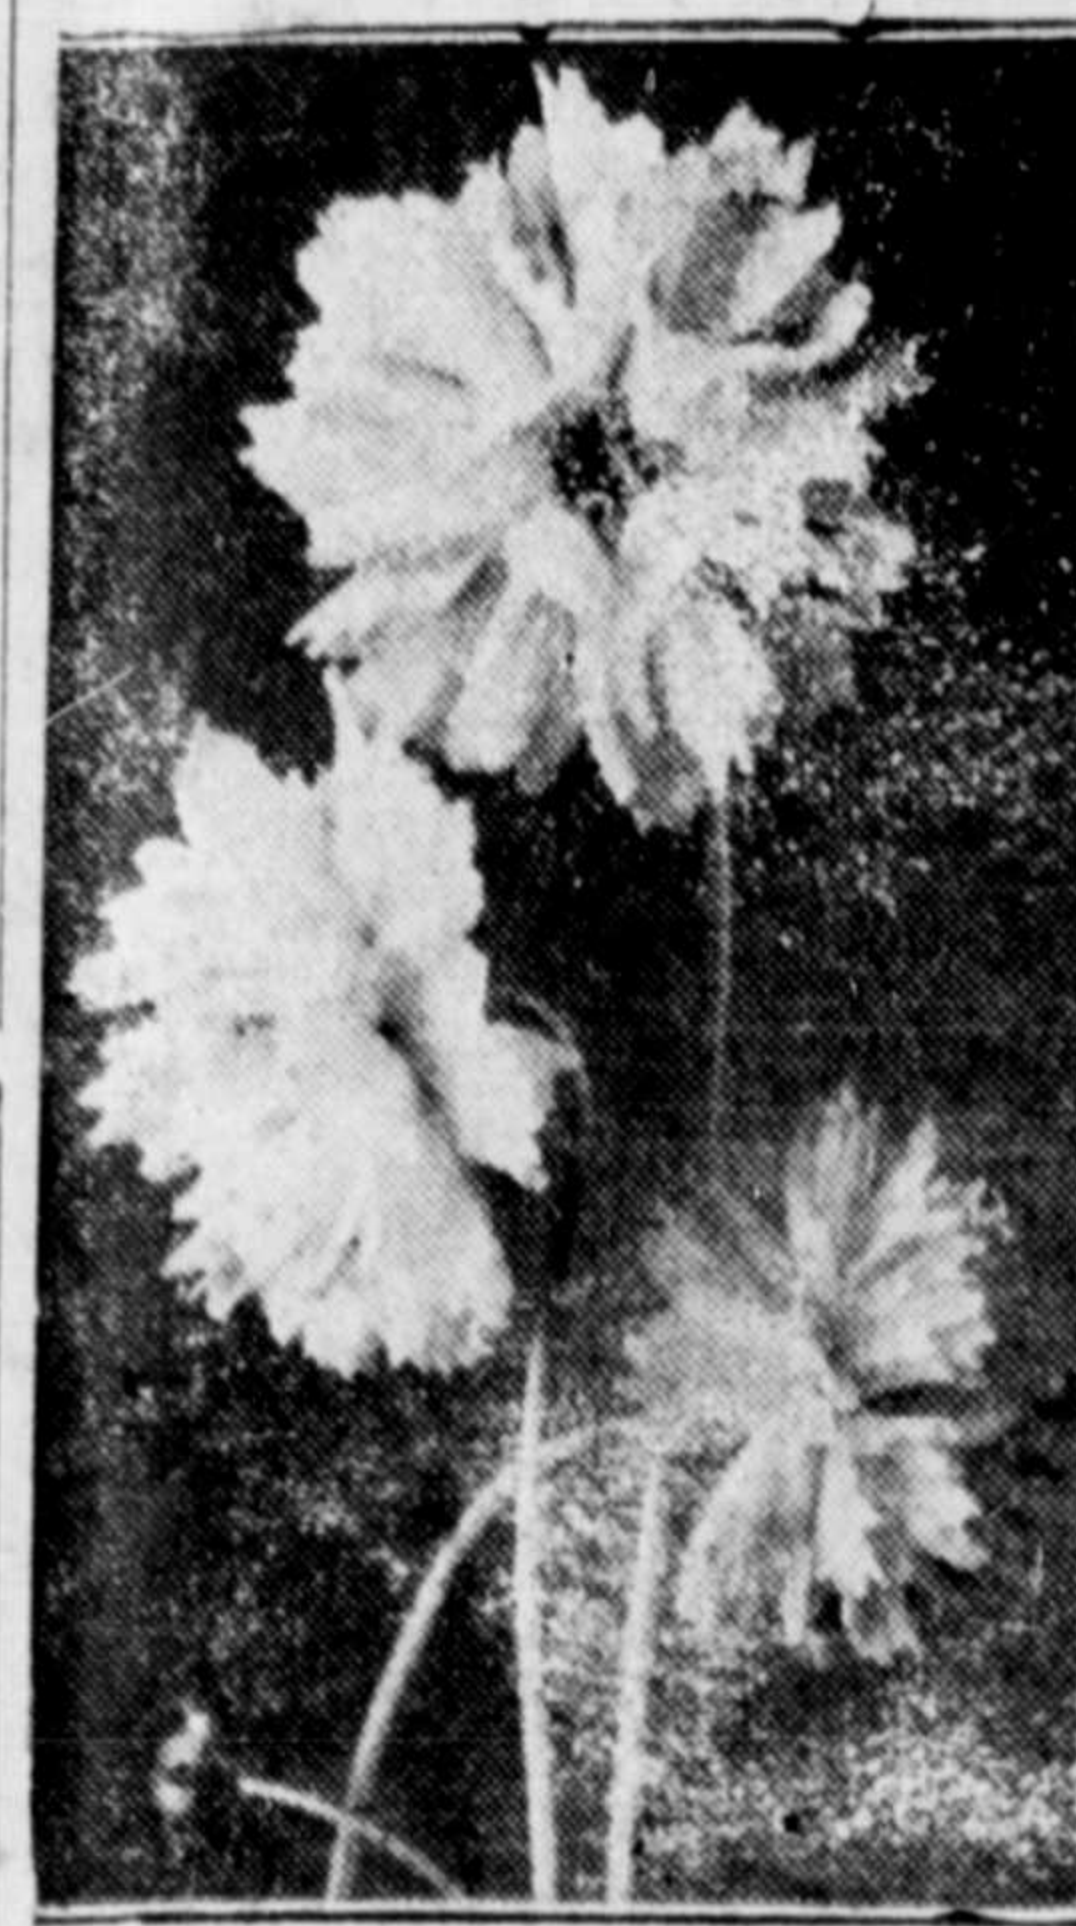

Among the perennials with which beginners will have little difficulty are columbines, dianthus, delphiniums, gallardias, coreopsis, hollyhocks, pyrethrus, sweet williams, veronica, spicata and violas.

Gardeners who plan to grow perennials from seed this year should wait no longer.

When summers are hot and dry it is often quite a task to get seeds to germinate in June, and seedling plants must be given extra attention at that time to keep from being scorched to death.

In May, however, we usually have cool, moist weather which hastens germination and is favorable to the young plants. Many of the perennials germinate best in cool weather. Delphiniums, for example, grow best in a temperature of 40 degrees.

When seeds are sown in May the seedlings should be transplanted in July so that they have room to develop into sturdy plants. They will be large enough by fall to be planted in the border where they are to grow.

**Fall Fatal To
Electrician**

VANCOUVER.—Bryan Denis MacCarthy, 65-year old electrician, plunged 50 feet to his death on Monday while scores of people passed below his broken body, unaware of the tragedy. He toppled from a bosun's chair while changing lights in a downtown theatre sign and crashed to the marquee. The body was found an hour later.

WISBECH, Cambridgeshire, Eng. (AP)—The mayor of Wisbech has asked men and women over 70 to claim future gift parcels from overseas.

BLACKHEADS
go quickly by a simple method that dissolves them. Get two ounces of peroxide powder from your druggist, apply with a hot, wet cloth gently over the blackheads—and you will wonder where they have gone.

ROEG'S GALLERY

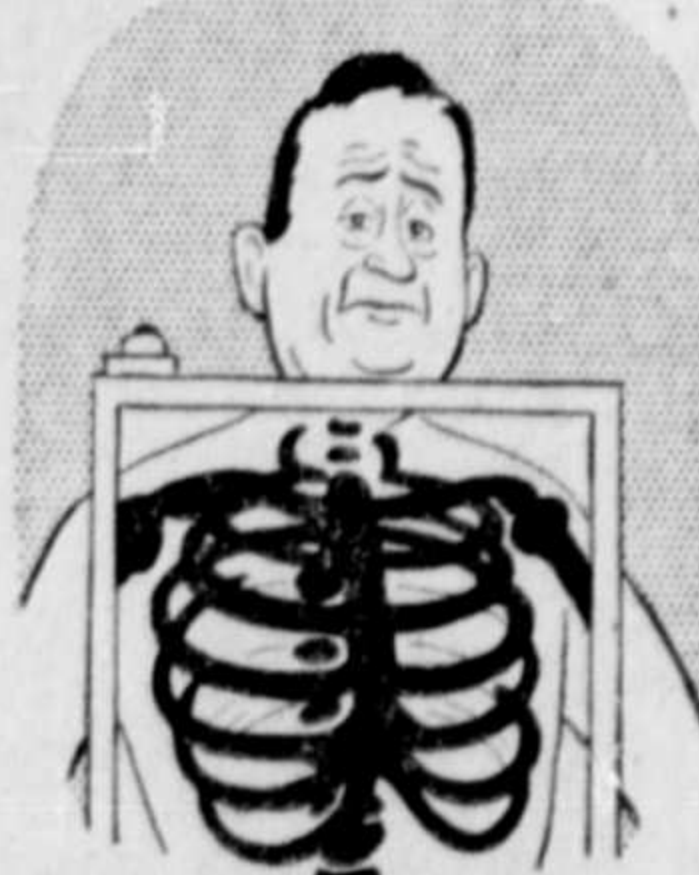

1. Mr. Roeg—as he looks to the waitress at "The Coffee Pot." (At first glance you wouldn't say that Mr. Roeg is a particularly prize specimen.)

2. Mr. Roeg, as he looks to the office force. ("What's biting old Simon Legree," they want to know. "Jump as a trout!")

3. Mr. Roeg, as he thinks he looks. ("Gotta slow down," he mutters, "guess I've been hustling too much. Better drop in and see the Doc.")

4. Mr. Roeg as he looks to the doctor. ("While plenty of folks can drink tea and coffee with no ill effects," the doctor says, "you're not one of them. Switch to Postum! It contains no caffeine or stimulants of any kind.")

5. Mr. Roeg as he looks to his wife that night. ("Darling, you've lost your job," she exclaims. "Worse," he replies. "Doc says I gotta cut out tea and coffee.")

6. Mr. Roeg as he looks after his first good swallow of Postum. ("Well, well!" he says to his wife. "I'm glad that Doc put me on Postum. It's a grand-tasting, he-man's drink, with a fine flavor all its own.")

Postum is easy to fix — make it right in the cup by adding boiling water or hot milk. And remember, it costs less than 1¢ per serving.
