## Railway Board Rules It Has Authority

### Vancouver Water Bad

**Disease Outbreak Feared in Southern City—Contamination By Heavy Rains and Flood**

VANCOUVER—Danger of "animal infections" in the city's water supply faced Vancouver residents today following heavy rains and melting snow that caused the Capilano River to rise to near flood levels and discolored the water supply to a noticeable brown with sediment and soil particles.

Dr. C. E. Dolman of the University of British Columbia said that chlorination should be used at once. Water tests were being taken at the provincial laboratories. Dr. Dolman expressed apprehension that an outbreak of gastro-intestinal infections in the city might be caused by the water supply.

The Greater Vancouver Water Board announced today that it did not consider the water situation serious and it did not intend to resort to chlorination.

### CANADA IS NOT IN YET

**Looks Like Smart Move On Russia's Part to Exclude Her From Peace Making**

LONDON—Eighteen small Allied countries were assured yesterday of more active part in drafting the peace treaty with Germany after Russia agreed to take a "wider view" in consulting the smaller nations "which had been occupied." The condition that the nations to which concession had been granted by Russia must have been occupied was taken to mean that Canada's participation might still be largely limited.

Russian Deputy Foreign Minister Feodor Gousev told the deputies that Soviet proposals would be submitted in detail within a few days.

Canada, Brazil, Australia and other "small" nations have been protesting at the limitation of their participation in the drawing up of the peace treaty for Germany.

**Hockey Scores**

### Frost Ties Mill Plant

**Billmor Closed for Three Weeks—Centre of Log Rafting**

Complete freezing up of the plant's wooden pipe system has caused the shutdown during the past three weeks of the Billmor Spruce Mills sawmill plant at Porpoise Harbor, seven miles out of Prince Rupert along the Canadian National Railway track, but operator B. E. Morgan is hoping to resume cutting of timber very soon now that the weather has turned milder.

Mr. Morgan's 12-man 15,000-foot plant has been specializing in cutting of boat cedar for shipment to Eastern Canada where it is much in demand in a lucrative market. He is also getting out a carload of cottonwood every two weeks for the Western Plywoods Veneer plant at Vancouver.

Apart from sawmill operation itself, the Billmor crew also engages in rafting of about 50 cars of cottonwood a month from C. L. M. Gizev's logging operations in the lower Skeena Valley for Western Plywoods. There is also rafting of timber at Billmor for the coast pulp mills.

### LONG TERMS ARE IMPOSED

**Sentences Imposed Upon Japanese for Ill-Treatment of Prisoners of War**

TOKYO—Sentences of 40 and 50 years' imprisonment were imposed yesterday on two Japanese following their conviction on charges of ill-treating Canadian and American prisoners of war. One of them, a medical orderly, was alleged to have actually caused the deaths of prisoners.

### DAVIS RAFT BROKEN UP

**Big Tow of Logs Victim of Recent Gale in Hecate Straits**

During the height of one of the recent heavy gales in Hecate Straits, a Davis raft containing some 800,000 feet of lumber being towed from Cumshewa, Queen Charlotte Islands, to Captain's Cove was completely broken up and lost over the wind-lashed waters of the tempestuous straits. The towboat was the well known old J. R. Morgan, Capt. Carl Sandstrom, which held on grimly and came in with a mere thirteen of the original 13,000 logs still in tow. The break-up occurred not far from Bonilla Island.

The towboat J. R. Morgan, once the steamer Prince Albert, for many years in freight and passenger service of the Grand Trunk Pacific Steamship Co. on this coast, is now the property of Pacific Mills which acquired the J. R. Morgan Logging Co. operations some time ago.

### THE WEATHER

**Synopsis**

Intermittent rain has been general along the British Columbia coast overnight and will continue today. Elsewhere in the province cloudiness has been variable. The warm flow extended into the Prince George region during the night with the temperature rising 10 degrees just after midnight. The mild weather will continue today and Friday in all regions except northern British Columbia.

**Forecast**

Prince Rupert, Queen Charlottes and North Coast—Overcast today and Friday. Intermittent rain throughout. Wind southeast (15), increasing to southeast (25), gusty, overnight. Southeast (15) Friday. Little change in temperature. Lows tonight—Port Hardy, 5; Massett, 33; Prince Rupert, 38. Highs Friday—Port Hardy, 48; Massett, 42; Prince Rupert, 48.

### LABOR RETAINS BRITISH SEAT

NORMANTON, Yorkshire—G. O. Sylvester, miner and Labor candidate in the by-election in this riding, retained the seat easily, receiving 19,000 votes. The Conservative, J. E. Powell, received only 4000 votes while an Independent, Dr. Hartley, got but 500.

### Rejects Claim of Provinces That It Lacks Jurisdiction

OTTAWA (CP)—The Board of Transport Commissioners today ruled that it had jurisdiction to deal with the application of Canadian railways for a 30 percent increase in freight rates. Seven provinces, except Ontario and Quebec, had claimed that the board lacked jurisdiction in this case because the application was a general one, covering virtually all rates, and because it was filed on the ground of financial necessity.

Chief Commissioner J. A. Cross said that the board's statutory power was so wide and specific that authorization was unnecessary.

Meanwhile the province plan to appeal to the Supreme Court of Canada on the question and have asked for further deferment of the hearing.

### Still Battle With Winter

**British Government Is Struggling to Avert Industrial Disaster—Penalties Are Imposed**

LONDON—Under drastic new electricity conservation regulations, Great Britain today continued the battle to avert industrial disaster while the weather remained as severe as ever.

Violation of the regulation five-hour electricity cut period daily is made punishable by law, Prime Minister Attlee announced, penalties ranging to \$2000 or two years in prison under wartime defence regulations.

Fifty thousand troops are helping to move coal along the ice-jammed transportation channels, acting under a War Office order to "clear the coal with all available means."

The fuel crisis spread today to Slough, chief centre of Buckinghamshire industry, wiping out production of a huge group of manufacturing plants. All but 15 of 250 factories shut down today.

### DEFELCATION CHARGED MADE

WASHINGTON, D.C.—Kenneth Romney, former sergeant-at-arms of the House of Representatives, has been indicted by federal grand jury on charges relating to a \$124,000 shortage in accounts of that office. Romney is charged with "knowingly and wilfully falsifying" figures in accounts with the intent of cheating, swindling or defrauding the government." He served as House "bank" where congressmen make deposits and cash checks. He was apprehended after an investigation disclosed extreme "looseness" in the way "bank" affairs were carried on.

### DIVERT COAL FOR BRITAIN

WASHINGTON, D.C.—President Truman said today that the United States is ready to do everything in its power to relieve the plight of the British people in their present fuel emergency.

Mr. Truman said it might be possible to divert to Great Britain a number of colliers now at sea in the vicinity of the British Isles carrying coal to other countries.

**HUGE BONANZA**

Australia is one of the great-est gold producers of the world.

### Co-operation In Defences

**Further Explanation by Premier King—Will Help United Nations**

OTTAWA—In line with Prime Minister W. L. Mackenzie King's announcement Wednesday that there would be a limited peacetime continuation of defence collaboration with the United States and his emphatic denials that Canada's southern neighbor had asked for military bases in the Canadian North, a simultaneous statement was made in Washington that the two countries had made informal working arrangements to continue wartime co-operation through exchange of personnel and observers, reciprocal availability of facilities, gradual application of common designs and standards in arms, equipment, training and organization.

Mr. King maintained that the move would "support and strengthen the United Nations" and held that it was a "contribution to the stability of the world. He referred to the shortness of the distance between the western hemisphere and the centres of population of Europe over the North Pole.

Mr. King gave assurance that the arrangement between Canada and the United States would not replace any ties within the Commonwealth nor would it interfere with co-operation with the United Nations towards the end of world peace.

## St. Valentine's Day

**D**AN CUPID, the sprightly tyke with the insecure sarong—and quiver full of moony sighs—once again mixes historical fact with fiction to-morrow to usher in St. Valentine's Day.

And he'll not be any more mixed up than most modern men's unromantic, dry-as-dust-probers into the antiquity of the ancient feast day of the world's swains and swooning maids.

Myriad stories have been woven by poet, historian—and promoters of lacy, lush greeting cards—about the origin of the bow-and-arrow-armed Kid's big day.

Some say St. Valentine was one of the eight historically-obscure saints, mentioned by early chroniclers. Others, more specific, say tomorrow is named after a Christian youth who in 270 A.D. was beheaded at the Flaminian Gate in Rome by the impetuous Emperor Claudius II.

Searchers among pagan lore claim the day coincides with the Feast of Lupercalia, a Roman festival of spring which was held in honor of the gods' own darlings—Pan and Juno.

The Romans, it is said, set aside fretting empire troubles and grisly toss-'em-to-the-lions circus amusements that day to fete lovers.

And, early Roman settlers in Britain carried on observance of the day. In Scotland, the 18th century lassie celebrated a type of "Sadie Hawkins" day Feb. 14. When "captured" by his fleet-footed Highlander miss, Jock remained "hers" for the balance of the year.

Naturalists, too, have an oar in the discussion. A few say that, in the balmy parts of the globe, birds were supposed to mate on Feb. 14 or 15.

However, history, fact or fiction—tomorrow's the day when shy approaches take a back seat and faint hearts take strength to quaver:

"Will you be my Valentine?"

## February

**L**ET US SAY some kind words about February and its spring-like days even if the odd one may be rainfall. Few words of any kind are ever said about February. It is mainly noted for being the shortest month and most understanders have largely avoided trying to understand and comment on February. When winter has worn along as far as February, the able writers are too numb to feel anything, and the less able and therefore probably richer writers have deserted and gone south, where there is no February.

March is a much-discussed eccentric. April, May and June have natural literary advantages in being handy words to pronounce, and, even more important, to spell. Also they happen to come along at a time of year when writers feel good. Summer has had a considerable bulk of writing done on it, though this work has been unnecessary, for summer is summer, and the poets can't improve it. Even if the harvest of autumn were not good, Keats' effort would have redeemed it single-handed. November is one of the most-talked-about months, with a reputation like the sporting-page notoriety of the bad man in a wrestling match. December and January are specials.

February is the month when

## Leadership

**W**HAT are the qualities that make for success in life? That is a question in which young people in particular are interested, and many books have been written on the subject. One American writer and lecturer has specialized in it and made quite a success—and probably a good deal of money—out of telling people how to make friends and get on in life.

But he does not take into consideration that we are not all built alike. It would be a

monotonous, not to say a weird and confusing word if we all looked alike. If everybody were to cultivate an engaging smile and were forever trying to make friends with everybody else, we would have no privacy and we should only succeed in boring each other and becoming darn nuisances.

One prominent Canadian industrialist has prescribed the primary qualities in man in the following order: Character, Personality, Imagination, Initiative, Drive, Ability, Knowledge.

## Wood Grinder Here 'Natural'

**B. E. Morgan, Sawmill Operator, Sees Possibility of New Industry**

A wood grinding mill and plant for the making of wall-board and other such products should be a "natural" at Prince Rupert in the opinion of B. E. Morgan, operator of the Billmor Spruce Mills sawmills at Porpoise Harbor, who was in town from his plant yesterday. Any kind of wood in any condition—even the branches—could be used, says Mr. Morgan. There would be employment for at least thirty men in the plant and twice that many in the woods getting out timber. There would be a ready market for anything that was produced. The cost of such a plant would be possibly \$20,000 and Mr. Morgan considers it would be an excellent investment.

## REVISION COURT STILL SITTING

**Several More Adjustments Made—Further Views of Land Being Made**

Prince Rupert's civic Court of Revision resumed its sessions today after adjourning Wednesday to view a number of the properties on which appellants seek downward assessment adjustments. Earlier, the court reduced by 26 the more than 100 appeals lodged by 86 taxpayers which faced it when the sessions began last Saturday.

Latest adjustments made by the court are:

Reduced from \$17,320 to \$13,900 the assessment on the Imperial Oil Co. pipelines on Waterfront block "G." Land occupied by the company was sustained in value at \$22,300, while the assessment on two winches was reduced from \$1,000 to \$466.

Lot 10, block 13, section 5, Fifth Avenue West, owned by G. and P. M. Davidson, was reduced in value from \$650 to \$550 while improvements on the same property were reduced from \$2,240 to \$2,060.

On lots 13 and 14, block 12, section 5, also on Fifth Avenue West, also owned by the same appellants, land assessment of \$1,650 and improvements at \$1,680 were sustained by the court.

The court reduced assessment on the Besner Apartments, First Avenue, from \$11,900 to \$10,300 on appeal by G. P. Tinker, agent for the owner, Olier Besner.

The Northern B.C. Power Co. sub-station at Cow Bay received a reduction of from \$7,200 to \$5,200 when the court decided that the transformers there were moveable, not fixed property. Assessment on five lots owned by the power company there was sustained at \$450 each.

The assessment of \$450 for land and \$500 for improvements owned by C. S. Viers on lot 33, block 17, section 1, Market Place, was sustained by the court.

The assessors valuation of \$970 on land owned by Carl Poulsen, waterfront block "G," Sixth Avenue East, was upheld by the court.

Improvements on lots 18 and 19, block 25, section 5, Eighth Avenue West, owned by J. W. Eastwood, were reduced from \$2,440 to \$1,820.

S. C. Thomson received a reduction from \$1,920 to \$1,660 on improvements on lot 5, block 15, section 5, Sixth Avenue West.

The assessed value of \$350 for land and \$3,160 for improvements on the property owned by Hans Hagen, Hays Cove Avenue was upheld by the court.

The North Star Bottling Works, Second Avenue, owned by John McLeod, was reduced from \$2,400 to \$2,000, while the residential land of Mr. McLeod on Bor-

den Street was reduced from \$1,125 to \$1,075.

In an appeal entered by Mah Chun Kee in behalf of the Sunrise Store, Sixth Avenue and Fulton Street, the land value of \$1,300 and improvements of \$5040 were sustained.

Assessor's valuation of \$900 on land and \$1,660 on improvements on lots 9 and 10, block 2, section 1, First Avenue, owned by Paul Vogel, were upheld. On lot 19, block 3, section 6, land owned by Mr. Vogel was sustained at \$500 while improvements were reduced from \$1,520 to \$1,370.

Improvements on lots 15 and 16, block 4, section 6, Fifth Avenue East, owned by G. C. Mitchell, were reduced from \$4,290 to \$4,060.

Residence of Alex Mitchell, Fourth Avenue West, was reduced by the court from a valuation of \$2,480 to \$2,200.

The improvements were reduced from \$2,710 to \$2,369 on property owned by Mrs. Mary C. McDonald at the corner of Sixth Avenue West and Taylor Street.

A reduction from \$2,560 to \$2,300 was granted on the improvements on property owned by Mrs. Lillian Palmer on Fourth Avenue East.

The land value of \$550 was sustained on lots 14 and 15, block 23, section 5, Eighth Avenue East, in an appeal by J. E. Erickson. On lot 26, block 32, section 5, Ninth Avenue West, also owned by Mr. Erickson, the land value of \$175 was sustained while the improvements were reduced from \$1,160 to \$1,030.

In an appeal by J. E. Unwin, Moresby Avenue, land value of \$520 and improvement value of \$1,640 was sustained.

Assessor's valuation of \$1,220 for improvements and \$350 on land owned by F. C. E. Mattson, Moresby Avenue, also was upheld by the court.

Appeals filed in behalf of the Bishop of Caledonia on four lots on Fourth Avenue West resulted in a reduction from \$2,500 to \$2,100 on the land.

Five lots occupied by the Rid-

**OTTAWA**—Postmaster General Ernest Bertrand announced in the House of Commons that instructions had been issued for the inauguration of parcel post service between Canada and the American-occupied zone of Germany.

ley Home, Hays Cove Avenue at Conrad Street, figured in an appeal in which the land value of \$750 was sustained while the improvement valuation was reduced from \$3,680 to \$3,270. The appeal was entered on behalf of the Bishop of Caledonia.

Improvements on lot 13, block 14, section 5, Borden Street, owned by Sydney Bird, were reduced from \$2,640 to \$2,000.

## Local Man Rescues Women At Nanaimo

Capt. William Murray, son of Mr. and Mrs. J. R. Murray, Alfred Street, Prince Rupert, was instrumental a few days ago in the rescue of two young women who were adrift in an 18-foot boat off Entrance Island outside Nanaimo Harbor. Murray was skipper of the fisheries patrol boat Atlin Post which went to the aid of the young women whose boat had been sighted drifting by a lighthouse keeper. Their boat, which had started from Gibson's Landing the same morning, was taken to harbor at Nanaimo.

Tonight's train, due from the East at 10:45, was reported this morning to be on time.

**DO YOU WANT TO START A BUSINESS OF YOUR OWN?**

CALL it what you will—the desire to stand on your own feet—the urge to get ahead under your own steam—"a business of my own" is probably for you, as for thousands of fellow-veterans, life's No. 1 ambition.

If you have ideas of starting up in business for yourself, of improving your present set-up, or of going into partnership with a friend, the need for money to get going will be just about No. 1 item on your agenda.

HERE'S where you can look to the Bank of Montreal, which has already become "My Bank" to thousands of veterans from coast to coast.

DROP in and discuss your financial needs with your nearest B of M manager. He knows the details of the new Veterans' Business and Professional Loans Act, recently passed by Parliament for your benefit, and he is anxious to help go-ahead veterans. If your proposition is sound, there's money for you at the B of M.

Remember, when you ask for a loan at the B of M, you do not ask a favour.

## PROGRAM FOR GYROGROUNDS

Ground committee of the Gyro Club will be meeting soon to finalize plans for the year's program of activities. The club was advised at its meeting yesterday by Don Forward, who is chairman of the committee. Yesterday's luncheon given over to consideration of various matters of club business. Don Forward was named as club's executive, filling a vacancy caused by the recent departure from the city of D. G. Robert Parker. Robert was welcomed as the latest new member of the club. President C. G. Ham was in the chair and there was good attendance of members. The club voted to continue its monthly grant of \$50 to the Centre.

Last week the guest speaker Gyro will be Lt. Col. Keith Ham, district commissioner of Scouts. There will be a club party at the home of the president next Wednesday evening.

## LEGION SEEKS 48 CONVENTION FOR THIS CITY

Prince Rupert branch, Canadian Legion, plans to issue an invitation to the provincial command to hold the 1948 provincial convention of the veterans' organization at Prince Rupert. Authority to invite the convention here was granted at last night's Legion meeting.

The annual convention, which normally is attended by several hundred delegates from all parts of the province, is being held at Vernon this year. It has always been held in the southern part of the province.

The meeting voted to support the Veterans' Brewery Holding Co. Ltd., a Vancouver organization, in its application for a brewery license from the provincial government. The application was turned down by the provincial cabinet last October.

It also supported a resolution submitted by University Branch, Canadian Legion, for the establishment of a medical school at the University of British Columbia. The resolution emphasized the need for more doctors and expanded health services in the province.

Plans for the renovation of the Legion ward in Prince Rupert General Hospital were also approved.

There was a good attendance of members at the meeting which was under the chairmanship of President Vic Houston. A number of lady members also were present.

**LUCKY BOY**—Seven-year-old Lawrence Grandall, of Leonardville, N.Y., displays a tree branch, 14 inches in length, which was removed from his back at St. Elizabeth's hospital, Utica, N.Y. His doctor said the limb penetrated the boy's left buttock and continued upward under the skin to his neck when Lawrence was thrown from a toboggan.

## Quietly Wed At Smithers

Ceremony on Train as Local Man Meets Bride From Winnipeg

The drawing room of a Canadian National Railways train was the scene of a quiet marriage at Smithers during the stay-over of the west-bound Jasper-Prince Rupert train there at noon on Tuesday. The bride was Miss Edith Ward of Winnipeg and the groom, John Chapman of Prince Rupert.

The bride had come through from Winnipeg and was met at Smithers by the groom.

The ceremony was performed by Rev. C. A. Hinchliffe, Anglican Church rector at Smithers, and the rite was witnessed by ex-Mayor W. M. Watts of Prince Rupert and Al Black, another Prince Rupert businessman.

Mr. and Mrs. Chapman came on to Prince Rupert Tuesday night to take up residence at Shawatlans Lake where Mr. Chapman is in the service of the Northern B.C. Power Co.

## Appeal of Red Cross

Objective of Prince Rupert In General Continental Drive Is \$7000

Commencing March 3 and continuing for three weeks, Prince Rupert branch of the Canadian Red Cross Society will make its only appeal for funds, President Arnold Flaten announces. The campaign will be general on the North American continent as both American and Canadian societies ask support of the public for continuance of their humanitarian work.

Canada's quota for the drive is \$5,000,000 with that of British Columbia set at \$500,000 and Prince Rupert, \$7000.

S. H. Saville has been named campaign chairman for the local branch.

## Lamb Saved From Freezing To Death

**FRANCOIS LAKE**—When the thermometer was down to 67 below zero Bert Durban's first ewe to lamb had twins. One froze to death so Mrs. Durban brought the other one in and made a little coat for him. They thought that the ewe might not take to him with his tailored coat but everything was fine.

The lamb's ears were frozen and the tips fell off but otherwise he is well and cosy in his coat. Mrs. Durban says she will leave it on him until he grows out of it.

George LaFleche, who has been here in connection with the further appraisal of city assessment values at the municipal court of revision during the past week, will sail by the Prince Rupert on his return to Vancouver.

Smithers Ski Meet

SMITHERS — Clear skies and a very fine day aided in making the Smithers Ski Carnival a great success. Competitors from Hazelton, Burns Lake, Telkwa and Smithers took part but it was unfortunate that, due to delay in trains, competitors from other points on the west end of the line including Prince Rupert were unable to arrive in time.

The meeting culminated in a bean feed on Malkow Hill and a largely attended dance in the Elks' Hall when prizes were awarded and Betty Bussinger of Telkwa was crowned after having won the popular vote for the ski queen honors. Presentation of a pair of laminated skis to Chris Dahlie, popular instructor of the club, was made by Dr. L. M. Greene.

Results of the meet were as follows:

Slalom

Junior Boys — Dunas, Burns Lake, 32 seconds (total time for two runs); F. Ragsdale, Burns Lake, 33 seconds; W. Ashcroft, Burns Lake, 34 seconds.

Men's, Class A—Jorgen Dahlie, Burns Lake, 66 1/2 seconds; G. Gerow, Burns Lake, 80 seconds.

Men's, Class B—H. Ashcroft, Burns Lake, 33 seconds; Royal Anderson and Bill Goronzy, both of Smithers, 39 seconds (tie); Tom Collins, Smithers, 55 seconds.

Men's Novice—Fay Hartman, 35 seconds; Jim Davidson, 35 1/2 seconds; Peter Burtt, 38 seconds, all from Smithers.

Ladies', Class A — Martha Goudy, Smithers, 50 seconds; Gloria Benson, Hazelton, 53 seconds; Jean Holmes, Burns Lake, 80 seconds.

Ladies' Novice—Frances Ranahan, Telkwa, 69 seconds; Jean Anderson, Smithers, 77 seconds.

Downhill

Ladies', Class A — Martha Goudy, Smithers, 41 seconds; Gloria Benson, Hazelton, 49 seconds; Jean Holmes, Burns Lake, 54 seconds.

Ladies' Novice—Jean Anderson, Smithers, 46 seconds; Frances Ranahan, Telkwa, 52 seconds.

Men's, Class A—A. Gordon Williams, Burns Lake, 61 seconds; Jorgen Dahlie, Smithers, 62 seconds; Ed Malkow, Smithers and Al Rpmuie, Burns Lake, 72 seconds (tie).

Men's, Class B—Bill Goronzy, Smithers and Tom Collison, Smithers, 46 (tie); Fay Hartman.

HOCKEY AT PR. GEORGE

SMITHERS — Smithers Senior hockey team arrived back in town Monday after a successful trip to Prince George. Games were played with the Prince George Seniors on Saturday and Sunday with honors divided. Ice was in excellent shape and both games were supported by record crowds.

In the first game Smithers won over Prince George with a score of 4-1, although at the end of the first the score was 1-0 for Prince George. Berry of Prince George received two penalties.

In the second game Smithers won by a score of 5-2. Prince George was leading 2-0 until the middle of the third period when Smithers started scoring and ended the game with five goals in four minutes. Waller of Prince George suffered two broken ribs in a collision with McIntyre of Smithers. Two penalties went to Watson and McIntyre in this game.

Line-ups were: Smithers—Goal, J. Trew; defence, Wilf Watson, Tommy Jones; forwards, K. Warner, G. Hetherington, B. Leach, M. McIntyre, F. Parker, T. Chapman, Walter Watson.

Prince George—Goal, Raynier; defence, Grace, Berry, Waller, Rogers; forwards, Beach, Korlis, Wheeler, Flynn, Redman, Fiske, Withiam.

Further games are scheduled for this week, Wednesday and Thursday in Smithers and Saturday and Sunday in Prince George.

NEAR PEACETIME MARK LONDON — Motor car production in Britain now is 95 per cent that of pre-war. It is estimated that the industry produced some 480,000 commercial vehicles and cars in 1946 as compared with just over 500,000 before the war.

SMITHERS WINS HOCKEY GAME

Scored 4 to 2 Victory Over Vanderhoof Last Night

SMITHERS (Special to Daily News)—Smithers won over Vanderhoof by a score of 4 to 2 in a hockey game played in Smithers last night.

Due to a light rain which fell throughout the game the ice was very soft but, in spite of the rain, the game was fully enjoyed by a fair number of spectators.

The score at the end of the first period was three to nothing and at the end of the second period four to two.

Penalties were awarded against H. Silver and T. Chapman.

The next game will be played tonight if weather permits.

Line-ups were: Vanderhoof—R. Dixon, goal; S. Silver and C. Steele, defence; W. Mitchell, H. Sugden, R. Anderson, D. Steele, K. Smith, K. Campbell, A. Price and S. Wall, forwards.

Smithers—J. Trew, goal; T. Jones, P. Raymond and T. Chapman, defence; B. Leach, K. Warner, G. Hetherington, A. Leach, J. Chapman and Mel McIntyre, forwards; F. Parker and Walt Watson, spares.

BRITISH VISITORS VIEW NIAGARA FALLS—Lord Hacking, president of the British Tourist Association, accompanied by Lady Hacking, are photographed as they viewed Niagara Falls as guests of the Niagara Parks Commission. The distinguished British visitors came to inspect the world-famous tourist resort as part of an American and Canadian tour which began Jan. 1 in New York, and will end Feb. 5 when they sail from Halifax for Britain. Lord Hacking, who visited Niagara in 1904, and Lady Hacking, viewing the great cataracts for the first time, described the winter setting as one of "breath-taking beauty." Here, Lord Hacking points out to Lady Hacking some special points of interest.

### TERRACE BOARD ASKS STANDARD POWER CHARGES

TERRACE—Standardization of power rates throughout British Columbia is being sought by the Terrace and District Board of Trade which, at its February meeting, moved that such a request be made of the B.C. Power Commission.  
Small communities, operating from diesel plants with high power rates, are in an unadvantageous competitive position against communities with lower rates, and equalization of power charges would give a wider basis of choice in establishing industries in different parts of the province, it was felt.

A request from Arnold Flaten of the Prince Rupert Chamber of Commerce for a list of Terrace firms which would be interested in dealing with Alaska was turned over to the Farmers' Institute.

The Board plans to advertise for a dentist to establish practice at Terrace.

Canadian National Railways will be approached with a request that the railway install a safety signal system at the Kallum Street railway crossing.

Plans for a fall fair will be started in the near future. The Board approved a motion by C. J. Norington that the agricultural committee be instructed to call a public meeting immediately to discuss the organization of such a display.

### BURNS LAKE GUIDE BURIED

BURNS LAKE—Funeral rites for the late Thomas McKinley of Ootsa Lake were held here on Saturday with a number of friends of the former colorful guide and trapper in attendance. The late Mr. McKinley was well known in Prince Rupert and was popular as a guide for coast hunting parties. The funeral ceremony was conducted by Rev. A. W. Atkinson of St. John's Church, who spoke of the high respect in which he was held in the community.

## C. N. DOCTOR IS HONORED

Dr. K. E. Dowd Named Chairman of International Organization

MONTREAL—Dr. K. E. Dowd, chief medical officer of the Canadian National Railways and TransCanada Air Lines, here, has been elected chairman of the Medical and Surgical Section of the Association of American Railroads.

In 1944 Dr. Dowd was awarded a Fellowship in the American College of Surgeons. For his outstanding contribution to aviation medicine, he was again honored later in the same year by the Aero Medical Association of the United States with a Fellowship in Aviation Medicine. In April last, Dr. Dowd was chosen to represent the Aero Medical Association at the

Provisional International Civil Aviation Organization (PICA) meetings dealing with medical requirements of flight personnel.

During the Second World War, Dr. Dowd served as Medical Consultant in Civil Aviation to the R.C.A.F. and was commissioned as Honorary Wing Commander. He also was Chief Medical Consultant of the R.A.F. Ferry Command and in charge of medical services for British Overseas Airways Corporation.

A native of Quyon, Pontiac, Quebec, Dr. Dowd is a graduate of McGill University. Following an internship at Ottawa and a number of years in the field of industrial medicine, he was appointed assistant chief medical officer of the C.N.R. in 1928. Dr. Dowd was appointed chief medical officer of the system in 1943. He is also a member of various other medical societies in Canada and the United States.

## GAY WINDOW BOXES ARE BEST TREATMENT FOR HOME BEAUTY

To effect a striking improvement in the appearance of a house, at small expense, no better way can be found than to decorate it with window boxes full of flowers.

In congested city locations no less than in garden suburbs, window boxes can be used to grow beautiful flowers, and when they are planned to harmonize with the house, and accent its good points, they will delight the owners as well as all who pass.

Think of them as a decoration of the house; make them of a suitable size and a color to match the house color or trim. The flowers should be chosen to furnish a contrasting, yet harmonious color accent. There is a wealth of suitable varieties from which to choose.

Construction of the boxes is simple and can be done in the winter. For a standard single

window, a box 3½ feet long, 8 inches deep and 10 inches wide is a good size. But measure your windows and make boxes to fit. Where larger, or multiple, windows demand greater length, the other dimensions must be larger in proportion, or single boxes may be provided for each window in a group.

Rich soil, of the type which florists call potting soil, must be used for window boxes. Because there is so little of it to feed the flowers, it should be well fertilized. A table spoonful of chemical plant food for each square foot of soil should be used.

For the annual flowers, full sun is best; at least six hours of sun a day is necessary. The best subjects are those of dwarf or trailing habit, the latter dropping festoons of bloom from the boxes. Petunias of the balcony type are excellent, as are the tall nasturtiums, the giant morning glories. Dwarf petunias, marigolds, ageratum, calliopsis, annual pinks, lobelia, dwarf morning glories, phlox, and zinnias can be grown. Petunias have a great advantage in the fact that faded flowers need not be picked off before they make seed; since only a small proportion are pollinated and the production of flowers must have their flowers removed, to keep others forming.

Boxes which spend most of the day in shade offer a special problem. If the shade is that of a building, perhaps only foliage plants can be grown, such as ferns, fancy leaved caladiums, crotons, rubber plants and other florists' subjects.

If there is some sun, Begonias will probably do well. Impatiens, the Zanzibar balsam, bearing flowers of salmon or rose on bushy plants 18 inches tall, are excellent in semi-shaded places. Violas thrive in partial shade, and the list of flowers which will do well increases as the amount of sun is enlarged.

## BABY'S HOT LITTLE HEAD MAY BE A DANGER SIGNAL

WHEN your baby's head feels hot to your hand you must do something. And do it quickly. Head heat is a warning sign of fever and what results she gets: "My baby's cheeks and hands were so hot I was frightened. I gave him a Baby's Own Tablet at noon and by after supper he was all better."

And Mrs. Francis Carroll, of Midland, has this to say: "My little girl was so feverish I was really alarmed. Then I thought of Baby's Own Tablets, so I gave her three every two hours and by night she was all around me. Baby's Own Tablets are sweet-tasting, easy to take—and may be quickly crushed to a powder if desired. They help reduce the simple fever common to trivial sicknesses of babyhood. If fever is not relieved promptly, consult your physician. No 'stern' stuff—no dulling effect. Equally good for constipation, teething troubles, upset stomach and other minor ailments of baby. Used with confidence by mothers for over 40 years. Get a box today. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied."
