WASHINGTON, D.C., (P)-Possibility of a special foreign policy session of United States Congress late this year unless major differences between Russian and Western powers are removed was raised today by a high-ranking Democrat who did not wish his name disclosed. He predicted that the administration will await the outcome of the United Nations General Assembly in Sentember and the session of the council of foreign ministers in city engineer. Mr. Phillips be-

# CITY ENGINEER

City Engineer E. A. Phillips tendered his resignation from that position to the city council Wednesday afternoon after serving for almost two years as City Engineer, and building and plumbing inspector. His resignation will become effective on June 27.

He informed council that he plans to accept another position "in the south."

Mayor Nora Arnold has called a special meeting of council for 5 o'clock today to discuss the employment of a new

# BABINE INDIAN CONVICTED OF SHOOTING; GETS 4 YEAR TERM

Intended Murder Verdict Returned at Supreme Court Assizes Last Night

hours, the jury at the Supreme Court Assizes in the case of Gabriel Williams, Babine Indian, brought in a verdict of guilty of morning by Justin Wilson, T. W. Brown acted as Crown presecutor and Henry Castillou K.C. of Vancouver appeared for defendant.

### EARNEST PLEA FOR LENIENCY

outstanding feature of the case. | charge.

"For very many years it had Gabriel Williams, had never been in trouble before. He had always been a good, law-abiding citizen-just as good, in these respects, as a white man.

He had gone to Topley the day before the shooting of Lawrence Kylling and there, with money obtained from transing, had bought no less than 10 bottles of flavoring extract. And as if that had not been ough, there was a further purchase of eight bottles of flavoring extract the following day. Mr. Castillou referred in scathing terms to the Topley merchant who sold the Indians extract. He must have known only Socialist government call- that what was bought was not

> Some reference was made by counsel to the fact that a term in the peniter tiary wood do more harm than good, so far as the future welfare of Williams was concerned. His associations would be harmful.

The merchant who had sold the extract paid a fine of \$200. Gabriel Williams had always been friendly with Kylling. There had always been happy relations MRS. GOERING between the man who had been family and the Babine chief. thing, he had no conception of mer actress. what he really was doing.

Judge Wilson thanked Mr. Castillou and said he would be glad to do what he could in recognizing what had been suggested. His Lordship asked the accused if he had anything to sav as to why sentence should not be passed. This time, another native interpreter stood by the dock but Williams intimated he did not want him. He

### SHORT HALIBUT SEASON

A ay 1 to June 8 make an exceptionally short IVI season for Prince Rupert's halibut fishing industry. That is what it amounts to since

all but a few vessels of the local fleet have to withdraw from the fishing with the closing of the contiguous Area No. 2 although the further out Area No. 3, with its quota so far hardly scratched, is still available for the operation of the larger vessels.

Resolved to perpetuate the industry with continuing conservation measures, the International Fisheries Commission has no doubt canvassed most thoroughly all the avenues of fair regulation and apportionment. If the fleet itself cannot arrange, as it once did, some means of voluntary curtailment, it would seem there can be little else done to spread out the period of production. The only means of preventing the length of the season contracting even more towards the disappearing point would appear to be the operation of fewer boats and the spacing out of trips.

Economic conditions might, of course, in time force some more orderly and gradual form of landing. It was not so many years ago that such heavy landings in such a short space of time as in the current short season, would have completely demoralized prices and markets. It might happen again too. Meantime, it is a case, as far as the fishing is concerned, of a mad rush to clean out the quota as quickly as possible with the devil taking the hindmost.

### CHOCOLATE BARS

The nickel candy bar will return, and before very long, predicts Food in Canada. "It will not be as big a bar as a pre-war nickei could purchase, and it will not supplant the eight-cent bar, but it will sell beside the eight-center on candy counters, and sell very well, too, among that segment of the buying public to whom a nickel is still big dough-that is, to the small fry who have to employ all their infantile wiles to wheedle five cents out of the old man. As for adult purchasers, the majority will accept the eight-cent bar in the spirit which has sustained them through so much grievous change. The five-cent bar is dead. Long live the five-cent bar!"

# LETTERBOX

ROOSEVELT GYM

Editor, Daily News: It was with surprise and dismay that we read the notice in yesterday's issue of the Daily News calling for tenders to be received on or before Monday, June 2, for the demolition of the Roosevelt gymnasium.

Many questioned the wisdom this decision last fall but, in he light of present developnamely, the celanese we naturally thought the Civic entre Association had revised

If the Civic Centre Association feels it cannot cope with the upkeep and operating expenses, no ne would blame it for wishing o sell, lease or rent the building -but why tear it down? There will be a crying need for such building.

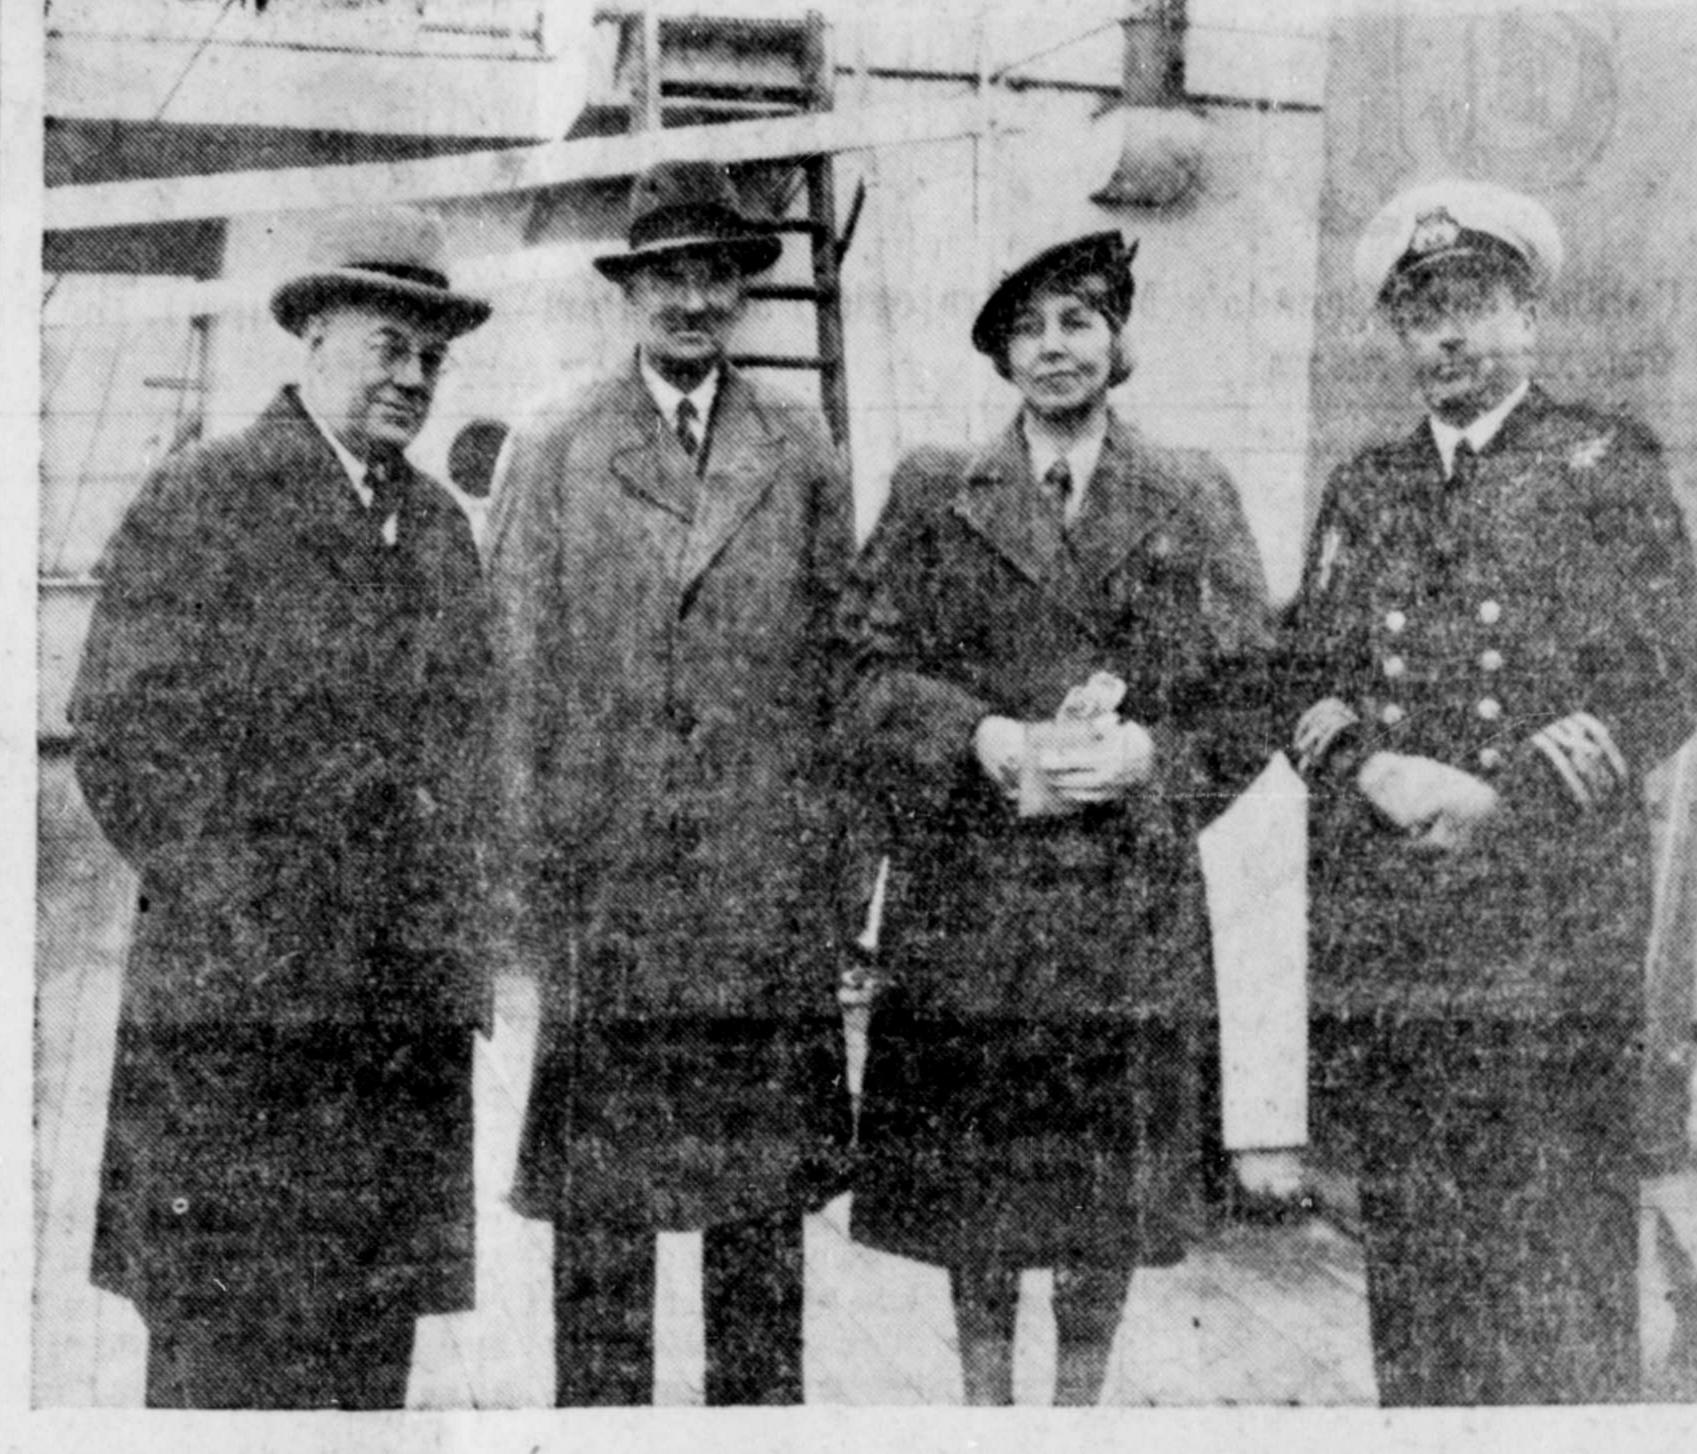

The Civic Centre gymnasium on Second Avenue is excellent but cannot now accommodate the present crowd of spectators at basketball games and gym displays. With one thousand to five housand more people in the disrict, how can this be done?

There is no space near the Civic Centre to accommodate a building of the proportions of the Roosevelt Park gymnasium. Structural changes or addition to the Civic Centre building would be wholly inadequate.

The old Exhibition Building stood for 30 years, unheated, requiring little or no upkeep. Yet it was there when we needed it urgently. It is no longer there. The Roosevelt gym is there to 'ake its place—a better building n every respect.

If the old Exhibition Building tood for 30 years surely the Roosevelt sym can stand for at east another two years until hings develop here.

If, at the end of that time, the James Park, Smithers mana-'elt gymnasium then the Civic business visit to the city.

# ALWAYS READY FOR HER MEALS

CCIENCE has proved there are O certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen-such as loss of appetite, stunted growth, soft bones, poor teeth, faulty nerves, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B1, C, D, Riboflavin (B2), and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances—complete proteins to build muscle, nerve and body cells -high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard pormal growth.

So if your child eats poorly, is thin, underpar, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite.
