## Surrender Palestine Mandate Says Churchill

### Overburdened Britain Would Not Have to Carry Responsibility of Governing

LONDON (CP)—Rt. Hon. Winston Churchill said the British government today to surrender the mandate to the United Nations unless the United Nations joins Britain "on a 50-50 basis" in new policy. He said: "Responsibility for stopping war in Palestine between the Arab and the Jew ought to be borne by this poor, overburdened and heavily injured country."  
Meanwhile, order of evacuation from Palestine will receive "protection." There are no statistics of the exact number affected by the evacuation order. British correspondents have been advised to leave Palestine or stay at their own risk.  
The American consul at Palestine has asked for instructions regarding the position of United States citizens in Palestine.

### Policy of Dominion

Minister of External Affairs Discloses Stand in Regard to Making of Peace Treaties  
OTTAWA—Speaking in Parliament yesterday following the formal opening, Minister of External Affairs Louis St. Laurent informed the members that Canada had informed the council of foreign ministers that this Dominion desired to have a share in the making of the peace treaties commensurate with the part it had played in the war.

### Peace Must Be Assured

General Francisco reported to be removing Spanish troops from Franco-Spanish frontier. Expected to relieve tension in that quarter.

### CO MOVING TO FRONTIER

General Francisco reported to be removing Spanish troops from Franco-Spanish frontier. Expected to relieve tension in that quarter.

### NOTICE TO WATER USERS

Water users are requested to use water sparingly. The supply is in serious danger of being exhausted due to the practice of running pumps to prevent freezing. It is necessary to do this that the water is only to trickle. In most cases that is all that is necessary.

### AMERICAN FISH BOAT DRIFTING

Seiner Recovery Reported Helpless Off West Coast of Vancouver Island  
VICTORIA—The American seiner Recovery was reported drifting helplessly last night off the west coast of Vancouver Island. United States coastguard vessels had been despatched to her aid.

### FRED ROSE IS UNSEATED

House of Commons, Without Discussion, Declares Montreal-Cartier Seat Vacant  
OTTAWA, (C)—Without a murmur of dissent, the House of Commons yesterday declared vacant the Montreal-Cartier seat of Fred Rose, Labor-Progressive member, who is serving six years in penitentiary for his part in the Russian conspiracy to gather information illegally in Canada.  
After the Speaker had informed the House that Rose, because of the conviction and incarceration, was no longer capable of sitting in the House, Prime Minister Mackenzie King presented the resolution declaring the seat vacant with Minister of External Affairs Louis St. Laurent seconding and it was adopted without discussion.  
The Commons directed that a writ be issued for the election of a new member in Montreal-Cartier.  
This is the second vacancy in the House, the other being in Halifax where a Liberal member, W. C. Macdonald, recently died.

### COLD RECORD HERE NEARED

During last night the official thermometer at Prince Rupert dropped to 3 below zero, nearly equalling the all-time low record of 4 below on January 22, 1916. There were signs of moderation today as snow started falling early this afternoon.

### Blizzard Sweeps Vancouver Island

VICTORIA—Victoria experienced a blizzard yesterday which escaped the big windstorm which lashed Vancouver. In Nanaimo there was 11 inches of snow. Schools reopened in the upland town today after having been closed yesterday when buses, owing to the deep snow, were unable to deliver the students to school.

### Bevin Makes New Appeal to Arabs

LONDON, (C)—Foreign Secretary Ernest Bevin appealed yesterday to the Arabs to revise their demand for an independent state of Palestine with Jews in the minority.

### Villagers Fight Pt. Simpson Fire in Heavy Zero Weather

Prompt Response of Native Community Saves Hudson's Bay Co. Store From Complete Loss—Waterworks Frozen—Damage Estimated \$6,000  
Energetic fire fighting on the part of the native and white communities at Port Simpson Wednesday morning saved the Hudson's Bay Co. store there from complete destruction when a fire swept through the interior of the building in zero weather.

Loss from the blaze, which badly scorched the interior of the building, and destroyed or damaged a considerable amount of stock, is estimated at between \$6,000 and \$7,000.  
When the fire was discovered sweeping up from the basement at 10:30 Wednesday morning, the whole community turned out to man bucket chains until the frozen waterworks system could be thawed out sufficiently to start operation.  
Hudson's Bay Co. manager David Cuthill paid high tribute to the native community for their prompt response in fighting the fire which otherwise might have destroyed the store completely.  
Despite zero weather and a

### Royal Family Leaving Today

Depart From London to Portsmouth for Warship Embarkation for South Africa  
LONDON (C)—The Royal Family made final preparations today to board the great battleship Vanguard for a 19-day voyage to South Africa.  
The King, Queen and Princesses, travelling by train to Portsmouth, were to embark today amid a ceremonial display by the Royal Air Force, Royal Navy and picked military units. They will be gone from England for three and a half months.  
It is the Royal Family's first trip of any consequence since the visit to Canada in 1939.  
Social, economic and political questions will be studied by the King and Queen.

### Weather History Is Made at Snag

OTTAWA—A new low temperature mark in the recorded meteorological history of Canada was finally attained yesterday by the station of Snag on the Alaska Highway in Yukon when the thermometer dropped to 78.7 below zero, one-fifth of a degree lower than the previously recorded low mark for the Dominion.

### PALACE GETS BOMB THREAT

No Trace of Sinister Instruments at Buckingham, However  
LONDON, (C)—Buckingham Palace was searched yesterday for a bomb after a "warning" had been telephoned. Nothing suspicious was found.  
Scotland Yard reported that an unknown person called the telephone exchange and shouted: "Clear Buckingham Palace because bombs have been placed there to go off Saturday."  
Similar warnings, all false alarms, were reported more than a month ago. Normal security precautions are in force at the palace.  
The Royal Family leave today for their tour of South Africa.

### Wheat Board Is Farmer's Choice

WINNIPEG—The Canadian Federation of Agriculture adopted a resolution yesterday that the Canadian Wheat Board be made permanent as the sole marketing agency for Canadian wheat. The Federation also opposed the reopening of the Winnipeg Grain Exchange.

### BRITAIN'S COLD SNAP STILL ON

London Partly Dimmed Out Because of Power Shortage—Low Temperature Marks Beaten  
LONDON—Britain's cold spell continues with 66 year old cold weather records broken in some parts of the country.  
The central electricity board threatened the longest power cut on record for 12 hours unless home consumption was voluntarily reduced. Whole areas of London had to be blacked out when power and gas supplies failed due to the excessive drain in the face of the severe cold. The power cut dimmed 1400 miles of London streets, closed Hyde Park and interfered with radio transmission and transportation.  
Most means of transportation are impeded and food shortages are feared in major cities by the week-end.  
Rivers are frozen over and hundreds of schools are closed.

### Local Tides

Saturday, February 1, 1947		
High	9:15	19.3 feet
	22:37	16.6 feet
Low	2:45	9.3 feet
	16:16	4.8 feet

### JAPAN CANNOT HAVE STRIKE

General MacArthur Orders Japan's Labor Leaders to Take Action to Prevent General Walk-Out  
TOKYO (C)—General Douglas MacArthur ordered Japan's labor leaders today to desist from the general strike of government workers scheduled for tonight.  
MacArthur said he could not permit the use of "so deadly a social weapon" as a general strike in the present "impaired and emaciated condition of Japan."

### Banker Takes Hold-up Man

Lone Bandit Did Not Get Very Far with \$450 in Downtown Vancouver  
VANCOUVER, (C)—Derek Pratt, savings department manager of the Main and Hastings branch of the Bank of Montreal, captured Calvin Culy, aged 23, a few minutes after he allegedly shoved a note to a girl teller, Dorothy Woodward, saying "I've got you covered. Hand over your bills."  
On being thus approached, the girl gave over the cash to the lone bandit but set off the burglar alarm with her foot.  
As the bandit made off with some \$450, Pratt, a former merchant seaman, vaulted over the counter, followed by other bank employees and, in a scuffle that followed, caught the robber on the street and hit him over the head with a revolver.  
Police say the man, who has now been charged with robbery with violence, was armed only with a toy pistol.

### TERRACE GETS ALL-TIME LOW

TERRACE, (Special to Daily News)—An all-time record minimum low temperature has been set for Terrace in the current cold snap. It was 15 degrees below zero. In the same 24 hours the maximum reading was one below zero.

### Big Storm Subsiding

Vancouver Surveys Scene of Damage and Wreckage—Temperature Falls  
VANCOUVER—Little solace was found by Vancouver in lowering temperatures last night following the ocean-borne storm which swept the city on Wednesday—near hurricane force—to leave in its wake waterfront damage which might skyrocket to the \$1,000,000 mark.  
Blizzard conditions prevailed during Wednesday night and into yesterday with heavy fall of snow and winds of gale proportion which reached their peak shortly after 8 o'clock in the morning—the waterfront bearing the brunt of the blow which reached velocity of 72 miles per hour.  
On land and sea a check-up was being made of the trail of untold damage. Fishing boats were smashed like matchwood and tugs were driven ashore. Barges were ripped loose from their moorings.  
There was no loss of life but many miraculous escapes for men at sea.  
A score of men, whose lives were endangered when a tug and the Fraser River lightship went adrift, were rescued after having been reported missing. Many other vessels were driven aground by the mountainous seas.  
The tug LaBonne was battered and holed off Cowland Point but six men who were on board escaped.  
Capt. E. L. James, aboard the Fraser River lightship, reached safety after police boats were sent to his aid after the vessel broke loose and ran aground.  
Eleven were rescued when the tug Trucilla went aground on Keats Island.  
A fishing boat was wrecked at Powell River.  
Damage has been estimated at \$80,000 as a result of the destruction by fire during the height of the storm of two buildings—a furniture factory on Granville Island and a Royal Canadian Air Force workshop on Kiteilano Reserve.  
On land repair crews were struggling to restore transport and communication services which havoc had been played, thousands of dollars of damage having been done.  
Along the coast tugs and fish-boats valued at \$1,000,000 were reported to be pounding themselves to pieces in moorings and on the waterfront here four Royal Canadian Navy corvettes were blown aground, a tug smashed to pieces and harbor installations damaged.  
Salvage crews have started working on the debris-littered beaches.

### BEER GOING UNRATEDION

Otherwise, Liquor Allowance in British Columbia Will Continue Unchanged  
VICTORIA—Beer will join ale and gin on the unrationed list in British Columbia, Liquor Commissioner W. F. Kennedy announced yesterday. Otherwise, the liquor ration in February will be the same as last month.

### Use of This Gateway To Territory Is Starting Soon

Seattle Ship Lines Threatening to Withdraw From Service Unless 58 Percent Rate Increase Is Granted  
Use of Prince Rupert as the gateway to Alaska will begin March 15 and may pyramid after that because of developments among three United States shiplines now serving the territory, it was reported here today by William L. Baker, publisher of the Ketchikan Daily Chronicle who arrived on the Prince Rupert last night from the north and leaves by this evening's train for a business trip to Edmonton.  
Baker said Philip Briggs will begin service out of Prince Rupert about March 15 on a weekly freight and passenger run to Ketchikan, Wrangell, Petersburg and Juneau. He hopes to add another small ship later if traffic justifies. He has promised rates 20 percent lower than existing Seattle-Alaska tariffs but they will be much lower if the Seattle lines gain proposed increases.  
A dispatch to Ketchikan yesterday from Washington indicated the Seattle lines will demand a 58 percent increase or will tie up all ships March 1 when their ships turned back from government operation, Baker said. The Territory of Alaska, through the legislature now in session, is considering creating a shipping authority with surplus United States vessels to keep Alaska alive. If this is done, as was proposed in the 1946 special session, "we won't be tying ourselves to Seattle's apron strings," Baker declared.  
He said the Alaska legislature will also have bills before it to contract for auto-ferry service between Rupert and Haines. "The U.S. army has asked for money to extend the road system to Nome and, when the time comes that motorists can drive to Nome, we'll want the western route through Rupert to carry its share of the business."  
Briggs had planned to come to Prince Rupert to complete arrangements for his shipping service but no planes were operating from Juneau. Baker is going to Edmonton tonight in the interest of the forthcoming "Statehood for Alaska" edition of The Chronicle. "When we become a state, have two men in the U.S. senate and one in the House, you'll see a lot more development all over the north," he predicted. "We'll let U.S. money for roads, harbors, airports and agricultural aid that we can't touch now."

### Vandenberg Is Not Going to Moscow

WASHINGTON, D.C.—Senator Arthur Vandenberg announced yesterday that he would be unable to attend the forthcoming Moscow conference owing to the pressure of foreign affairs business here in the capital.

### Cold Wave Goes East

Saskatchewan Highways Are Snow-Blocked—Ontario is Also Hard Hit  
WINNIPEG, (C)—Temperatures dropped steadily from the Rocky Mountains to the Ontario border today in the face of a mass of Arctic air which set a North American record of 78.7 below zero at Snag, Yukon, before moving to the prairies.  
In Saskatchewan the cold wave is accompanied by blizzards. Nearly all of the highways in southern Saskatchewan are filled with snow. No buses are operating from Regina.  
There is little snow in the West but it is bitterly cold and forecasters promise no relief.  
The cold air is scheduled to reach Manitoba during the day.  
Ontario railway and road services are hard hit. Highway traffic in all parts of the province has come virtually to a standstill. Snow plowing and graders are working overtime in the effort to restore the highways for the traffic of bus lines.

### REDS CUT RAILROAD

Guerrillas Menace Passage of Americans Being Withdrawn From China  
SHANGHAI, (C)—Communist forces in North China cut the vital Peiping-Tientsin Railway yesterday following announcement of the American military being withdrawn from China and there is every indication of a resumption of the civil war on as large a scale as ever.  
Communists have severed the route over which United States forces must withdraw in leaving Peiping. The countryside along the route is filled with guerrillas who are not equipped for any major offensive.

### Attempted To "Get" Franco

Madrid Denies Report in French Newspaper That Dictator Was Shot  
PARIS (C)—The newspaper "Soir" said yesterday that Generalissimo Francisco Franco had been wounded slightly in the left shoulder January 9 by a Spanish army colonel who fired three shots as the general walked down the steps of his palace.  
In Madrid a Spanish foreign ministry spokesman denied that Franco had been wounded or that any attempt was made on his life.

### THE WEATHER

Synopsis  
An active storm is approaching the British Columbia coast this morning and is expected to give considerable snow in the coastal regions today and tonight. Southeast gales are also expected along the coast today becoming northwest gales in the Vancouver Island and lower mainland regions early Saturday morning. No relief from the cold is in sight.  
Forecast  
Prince Rupert, Queen Charlottes and North Coast—Overcast with continuous snow today, clearing late this evening. Clear Saturday. Winds easterly (25), increasing to easterly (35) this afternoon and decreasing to northeast (15) late tonight. Little change in temperature. Lows tonight—Port Hardy, 20; Massett, 8; Prince Rupert, 5; Hights Saturday—Port Hardy, 25; Massett, 15; Prince Rupert, 10.

## Speech from Throne

REVEALING A MINIMUM of anything and suggesting not a great deal more, the Speech from the Throne, read at the opening of Parliament in Ottawa yesterday, at least covered a wide range of subjects, practically the entire gamut, indeed, of problems involved in postwar reconstruction with which we should be getting along now since the war will soon have been over two years.

The traditional speech, which might well do but seldom does prove very revealing of legislative plans and is certainly no exception on this occasion, discloses in the vaguest of generality that legislation to be submitted by the government for ratification by the Parliament will relate to such matters as labor relations, agriculture, marketing, immigration, defence, finance, export trade and international commitments.

Possibly a little more definite is the announcement that a select committee of Commons and Senate will be established to consider and report on the question of human rights and fundamental freedoms—a committee which might well make findings that would be the basis of social legislation of most advanced and admirable type.

As for forthcoming price and commodity control legislation, the Speech from the Throne only reiterated what had already been indicated by its statements and actions when it said: "The policy is to maintain only such price and commodity controls as may be required to protect consumers from a drastic rise in the cost of living and to ensure fair distribution of the essential goods and services which are in short supply." Unless we favor a permanent policy of price control, such a line of action as thus proposed should meet with approbation.

Also to be anticipated, of course, are the announcements that approval will be sought of the tax agreements with the provinces, increase of the membership of the House of Commons from 245 to 255 and amendments to the Dominion Elections Act.

Not being informed in detail yet of the exact nature of legislation the government plans on many of the momentous questions which it tells us in the Throne Speech are to be dealt with, we can at least conclude that they will constitute the field for a widespread measure of debate and airing of views. How far the proposals of the government will go in offering practical and acceptable solution to the many problems remains to be seen and we can again hope, as we always do when we talk about a Throne Speech, that the session it inaugurates will be productive of as much useful action as empty talk. We shall see what we shall see.

\* \* \*

### Trouble Ahead

BUT IF THERE MIGHT be a suggestion of innocuousness to be seen in the Speech from the Throne at Ottawa, the same cannot be said of the legislative program which our friends, the C.C.F.'ers, appear resolved to enact in Saskatchewan. There too price control is a subject which will command a wide measure of interest—first of all in just how the C.C.F. intends to proceed in the matter and how it thinks it may be going to make it stick. Price control in the provincial field, we can see at the outset, will be subject to controversy as to its constitutionality. The Saskatchewan legislature might be able to enact it but to make a go of it will be a different matter.

The announcement of intention to enact a Crown Corporations Act in connection with the extension of the Saskatchewan government's industrial program is but a logical development.

The testing of the government legislation at Regina will come not in the Legislature but in the courts, it is to be expected.

### Below Zero, So What?

WELL, WE THOUGHT we were making weather history in Prince Rupert yesterday when the thermometer went below zero but Vancouver still held the meteorological spotlight. In fact Prince Rupert's measly one below didn't cause any stir at all when we thought of the bottom nearly falling out of the thermometer at faraway Snag with its seventy-eight below, to say nothing of good old Vancouver where a blizzardy hurricane nearly blew the town away.

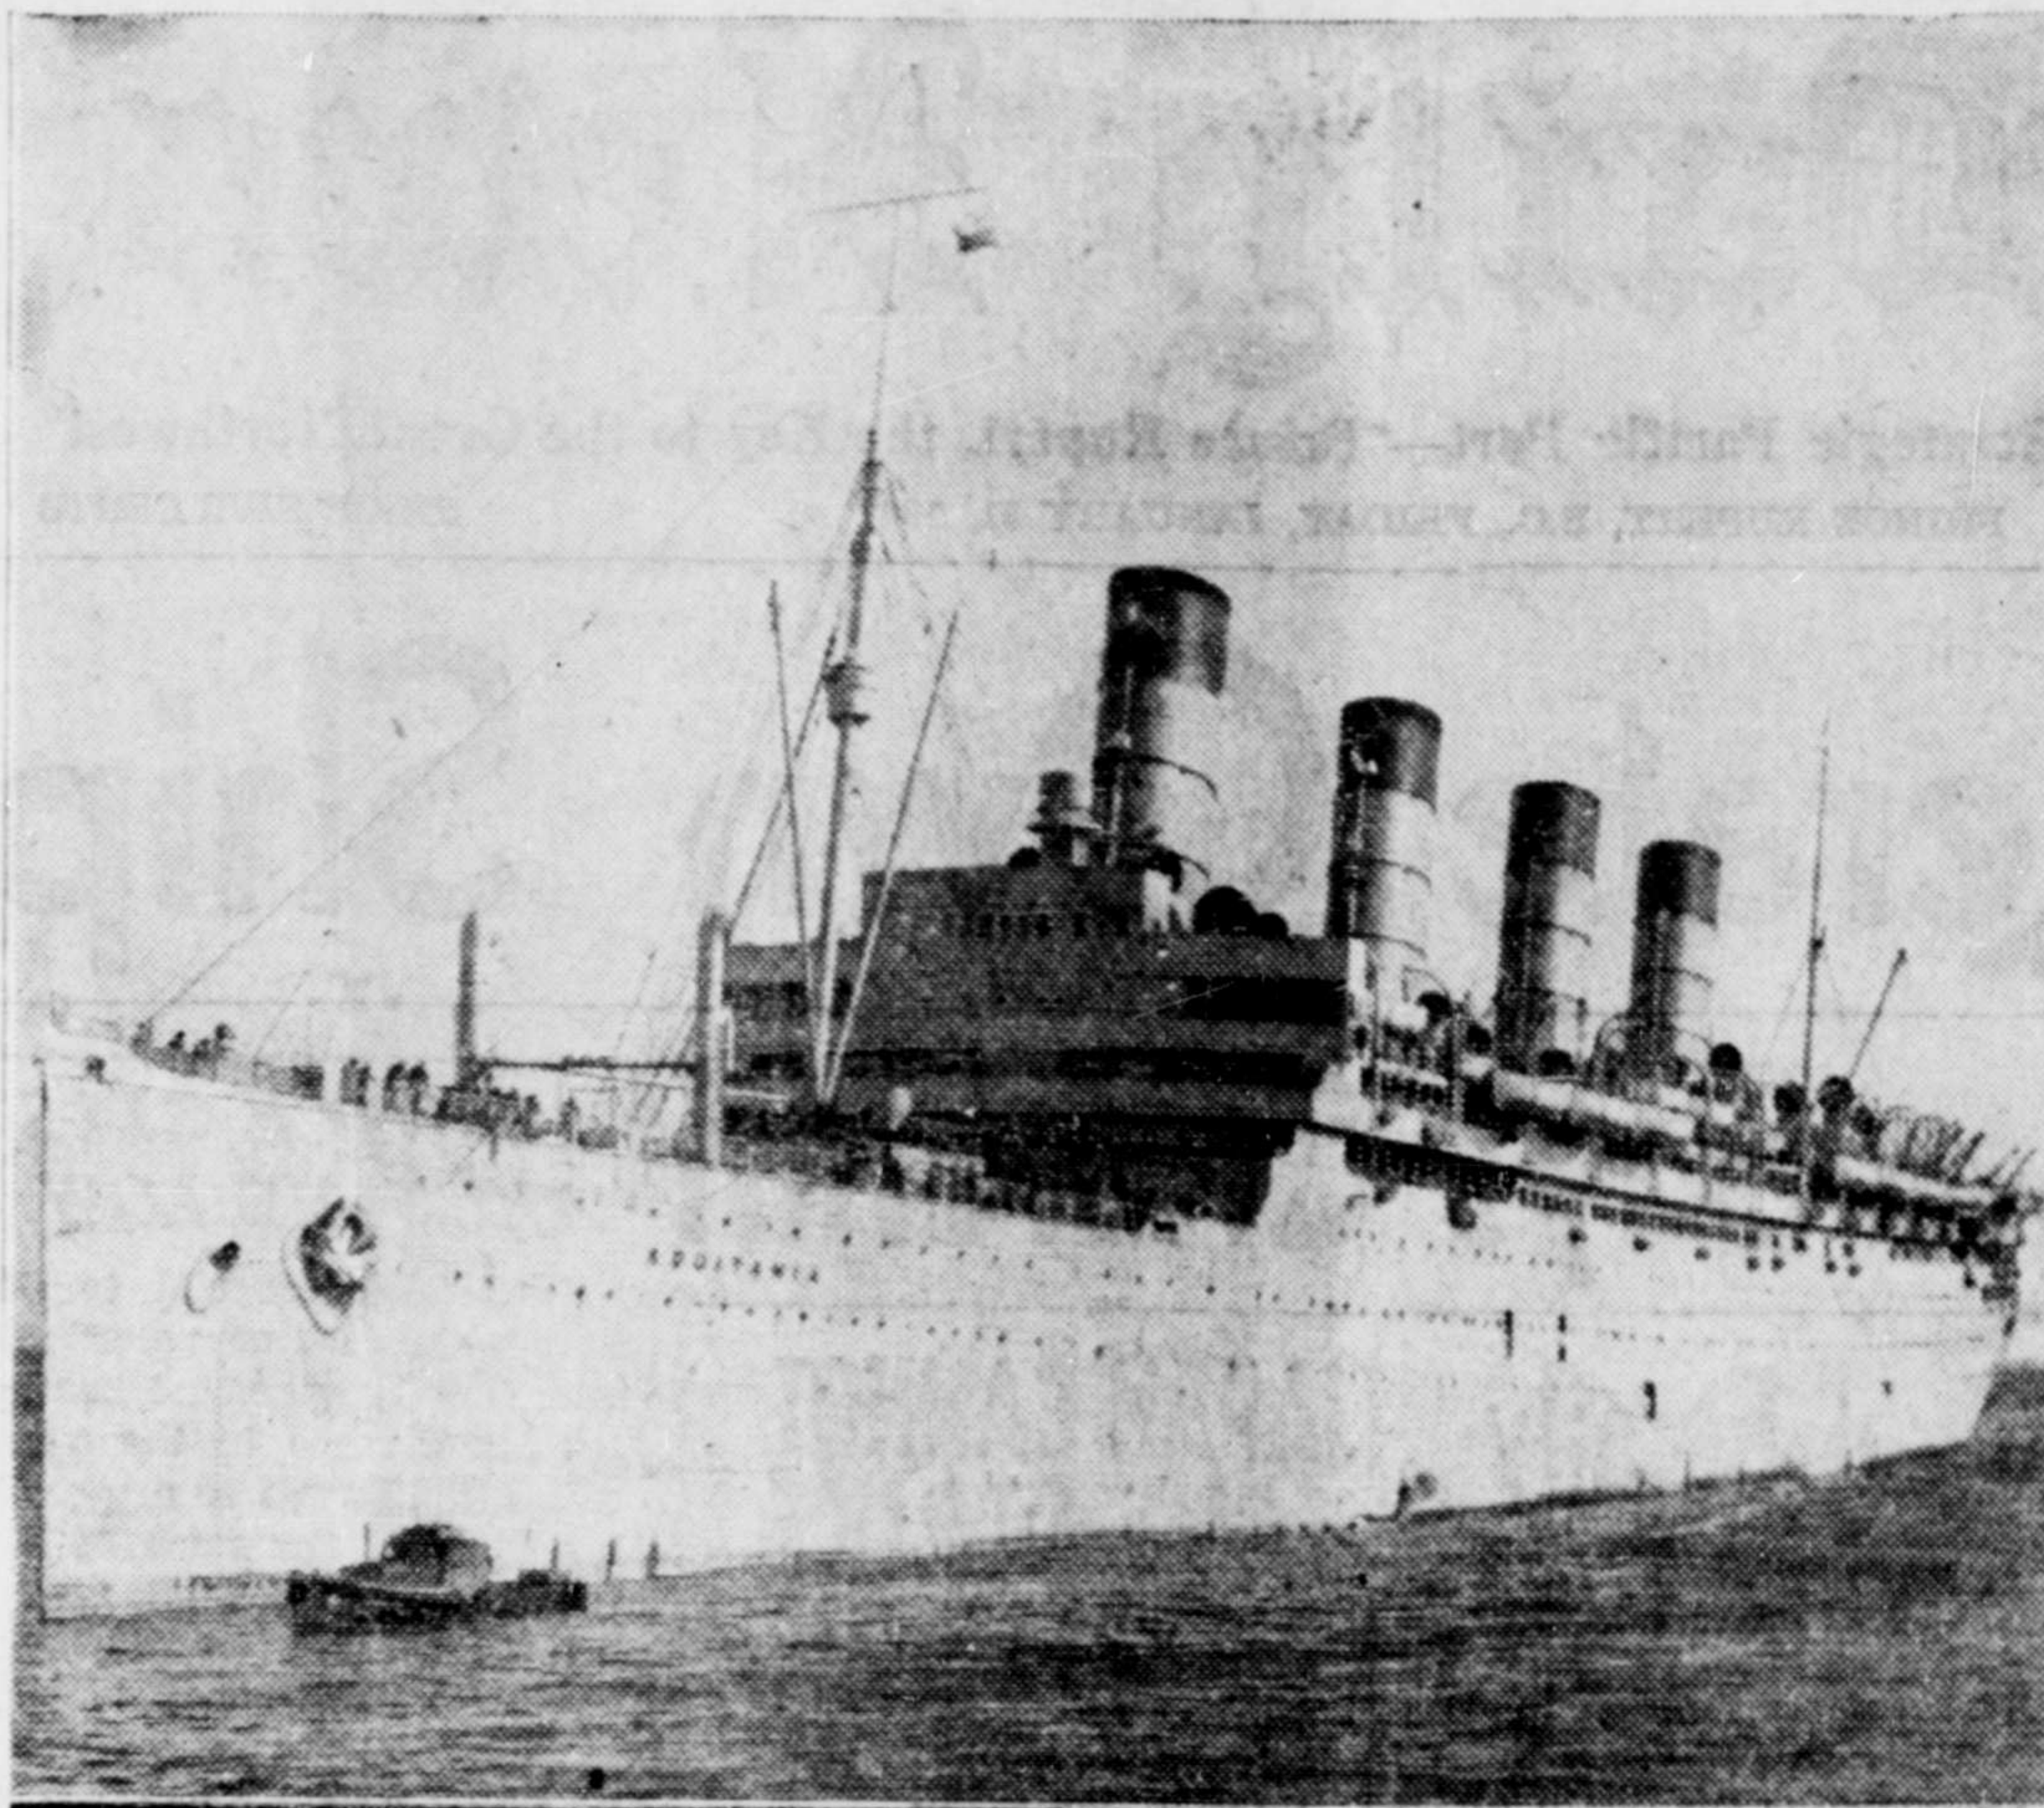

Compared with a lot of places including the so-called balmy Lower Mainland, maybe we can be excused if we think that Prince Rupert, with all its below zero, is still a pretty good place to live. As for Vancouver, it never seems to get tougher in Prince Rupert but it is a little worse there.

### Irish Independence Story to Be Written

DUBLIN (C)—The government has established a "Bureau of Military History" to collect material for a history of the independence movement, from formation of the Irish Volunteers in 1913 to the Truce of 1921 which resulted in establishment of the Irish Free State. Director of the bureau will be Michael McDunphy, released from his duties as secretary to President Sean O'Kelly.

"The urgency of this work has been impressed on the government by the fact that, as those who took part in the struggle and whose evidence would be invaluable, pass away, the collection of essential material will be increasingly difficult," said a statement from the government information bureau.

You saw it in The News!

THE END OF THE ROAD—H.M.T. Aquitania, endeared to the hearts of more Canadians than any other troop ship afloat, turned over another page in her gallant history when she disembarked the final organized draft of servicemen and dependents at Halifax on January 19. In her 33 years on the high seas, she has carried men to and from two great wars. The last of the "four stackers" to ply the North Atlantic is pictured above. In photo No. 2, dependents are shown waiting in the pay parade for money exchange. In the photo is Mrs. Vera Miskimins and baby getting her first "feel" of Canadian currency from Major D. C. Wilson and S/Sgt. A. E. Baker of the Army Embarkation Pay Staff. Destined for a new home in Toronto, Mrs. Miskimins was among the last organized draft of service dependents brought to Canada by army movement officials. Her comment about the "new" currency: "Gracious, what pretty colors." In commemoration of her service as a troopship, H.M.T. Aquitania and her crew were presented with a bronze plaque by the heads of the three armed services when she docked at Halifax. Shown in photo No. 3 is Capt. J. D. Snow, ship's captain, receiving the plaque from Major-General H. W. Foster, C.B.E., D.S.O., commanding Eastern Army Command. Capt. Snow expressed the personal appreciation of himself and the crew for the award which read: "Presented to H.M.T. Aquitania for her services rendered in two great wars by all ranks of the Canadian Armed Forces." Gen. Foster read a message of gratitude on behalf of the Minister of National Defence and the people of Canada. (Canadian Army Photos)

### LETTERBOX

THE OPEN FORUM  
Editor,  
Daily News—

Congratulations on your editorial of January 30. If the Forum inspired you thus to put your case before the people of Prince Rupert, the Forum is proving its value to the community.

May I take this opportunity not only to invite yourself but every other citizen of Prince Rupert interested in the issues of the day to participate in the discussion of our Forum which is held every Tuesday night in the Civic Centre.

Your reference to one-sided political and economic thought among those attending the Forum is regrettable. Our Forum is open to everybody. It is sponsored by no political group. Nationally the Citizens' Forum is sponsored by the C.B.C. and the Canadian Association for Adult Education, provincially by the Extension Department of the U.B.C., and locally by the Civic Centre Association and the Co-operative Welfare and Educational Association. I submit, Mr. Editor, that even you will agree that one sponsorship is at least respectable enough.

The very fact, Mr. Editor, that by implication you taint all attendants at the Forum with the

same political brush is to my mind proof of some of the contentions made at last Tuesday's Forum. You imply a certain thing to be a fact even though you are merely guessing. For your information I may say you are guessing wrongly.

However, Mr. Editor, even if it were a fact, we would be the first to regret that. As said before, we ourselves want our Forum to be representative.

Your own attendance and the attendance of some of your friends may help to make it so.

Yours for democracy in action,  
H. FAURE  
Secretary, Civic Centre  
Citizens' Forum.

### CONVICTION IS QUASHED

A recent decision at Smithers in County Court of Judge W. E. Fisher quashing a police court conviction against James Edmondson of Evelyn for supplying liquor to a minor has been sustained in the British Columbia Court of Appeal at Victoria. After Judge Fisher had quashed the conviction in County Court, the crown took the case to the Court of Appeal where the appeal was dismissed. J. T. Harvey acted as counsel for the appellant, T. G. Norris K. C. appearing in his stead in the Appeal Court. W. O. Fulton was crown counsel at Smithers.

### JUDGE DOUBLES FOR "HOYLE" IN POKER GAME THEFT CHARGE HERE

Judge W. E. Fisher found himself sitting in the role of a judicial Hoyle in County Court Thursday afternoon to hand down wisdom in a case resulting from a poker game in which the defendant is alleged to have walked off with the pot after failing to reveal his hand to his opponent.

William Krychinski, lately of Ocean Falls, found himself charged with theft on complaint of John Kruchoff who told the court that Krychinski had ignored the merits of his straight flush when he grabbed for the pot during a poker game in Ocean Falls on January 4.

Krychinski was not charged with stealing the whole pot which was estimated by the other players to be about \$76 but merely with unjustly assuming possession of Kruchoff's contribution to the pot, a matter of \$31.

When Crown counsel W. O. Fulton offered to demonstrate to Judge Fisher the game of "blitz," a speedy variation of poker which the men had been playing, Judge Fisher declined to be initiated into its mysteries.

"Don't bother, there are too many policemen here, the Judge replied.

The game in question started out with five players, four of whom later turned out to be witnesses against Krychinski. In its latter stages, it developed into a contest between Krychinski and Kruchoff, with Kruchoff betting his last dollar on a small straight flush.

What Krychinski held, the witnesses declared, never came to light, because he threw his hand on the table face downward and made a grab for the pot which he stuffed into his pocket.

Following this gambit, there was an exchange of conversation in what one witness described as the "old language," which turned out to be Ukrainian.

Defence counsel J. T. Harvey was unable to get any of the witnesses to say whether Krychinski had tossed his hand into the discards or merely onto the table. Everybody, it seemed, lost interest in the hand when Krychinski made his alleged grab at the pot.

Constable H. E. J. Madley of the provincial police detachment at Ocean Falls, with whom the complaint had been lodged, said that Krychinski had left Ocean Falls a few hours after the game and had been picked up on a warrant and held at Vancouver.

He presented as evidence a letter taken from Krychinski by the Vancouver police. It contained \$24 in bills and a note addressed to Kruchoff which said that the money enclosed represented half the pot but, if Kruchoff thought that he was

going to get the whole pot, he "had better see Mr. Wismer about it."

The case, which was adjourned until today to continue the hearing of evidence, is described as unique in judicial annals of the province. No similar case has ever been before the courts although a case arising out of a poker game resulted in a conviction of common assault which went to assize court at Clinton in 1907. The judge was the late Archie Martin, later chief justice, and defence counsel was J. W. Howay, later County Court judge at New Westminster. The accused in this case after the game attacked another man and took back the money of which he honestly believed he had been cheated.

### Briefs from Britain

LONDON, (C)—Annual number of apprentices entering the building trades has increased from 18,000 per year before the war to a record figure of 25,000 during the last 12 months.

WEST AUCKLAND, Durham, Eng., (C)—Miners Arthur Hodgson and Christopher Firby were killed and three others badly injured in an underground explosion.

LONDON, (C)—British European Airways are to have 25 Miles Marathons, powered by propeller driving gas turbines, for use on their international air routes.

W. Nicholls of War Assets Corporation sailed last night on the Prince Rupert for Vancouver where he has been transferred by the corporation.

Mr. and Mrs. Clifton E. Gillingham, after a week's visit here with Mr. Gillingham's parents, Brigadier and Mrs. Joseph T. Gillingham of the Salvation Army, sailed last night by the Prince Rupert on their return to Vancouver.

### CATHEDRAL CONCLUDES GOOD YEAR

Annual meeting of the congregation of St. Andrew's Cathedral Wednesday night marked the completion of the first full year of office of Rev. Basil S. Prockter as rector of the cathedral and expressions of appreciation of the work accomplished during that time were general among the 31 members present.

Election of church officers resulted in Judge W. E. Fisher being appointed rector's warden while G. P. Tinker was returned to office as peoples' warden. Lay delegates to the Synod are G. P. Tinker, Levi Fitzgerald, with W. M. Watts and F. E. Anfield as substitutes.

Annual reports turned in by almost a score of committees showed an extremely healthy situation prevailing in all departments of the church.

Following the business meeting, those present enjoyed refreshments served by a committee directed by George J. Dawes.

"All I know is what I read in the daily newspapers," said the late Will Rogers, and twelve million Canadians get most of their information from day to day in exactly the same way.

You saw it in The News!

RED CROSS SERVICE—Canadian milk tastes fine, this baby testifies. It is one of the recent arrivals from overseas which came under Canadian Red Cross escort with its war bride mother to join the demobilized father and husband in Canada. The Canadian Red Cross Escort and Reception Service is officially closing February 2 after having guided and cared for more than 61,200 war brides and their children to Canada from overseas. Red Cross Aide, shown feeding baby is Mrs. Ellen Power.

### STOP RUNNING WATER, REQUESTS CITY ENGINEER; RESERVOIR IS LOW

So critical has become the level of the water in the Roosevelt Park reservoir that the city engineer today issued an appeal to the public to curtail the illegal practice of allowing taps to run in order to prevent freezing.

In spite of the fact that the booster pumps have been running steadily for two days, the level of water in the reservoir dropped from 6 to 2 feet in four hours today. "At that rate, there is danger of the whole supply becoming exhausted," Mr. Phillips warned.

The maximum level of the reservoir is 13.8 feet. The safety level is about nine feet.

### 10 FINED ON RADIO LICENSE CHARGES HERE

Ten persons appeared before Magistrate W. D. Vance in city police court Thursday afternoon on charges of failure to pay their radio licenses and received fines of \$2 each plus \$2 in costs. The charges were laid by L. B. Crow, inspector of radio licenses. Those fined were Mrs. G. Lund, Stafford Tordiffe, Joseph Yelloway, Mrs. A. Parent, George Ness, Metro Mintenko, Earl Barr, Robert Johnson, Gordon Hudson and Olaf Carlson.

### SMITHERS HAS RECORD COLD

SMITHERS — Temperatures hit a new low in Smithers during Wednesday night with 35 below recorded officially and other recordings going down as far as 46 below.

### "Why Didn't I Do This Before!"

If your nose ever fills up with stuffy transient congestion—next time put a little Va-tro-nol in each nostril. Quickly congestion is relieved, breathing is easier. Va-tro-nol works right where trouble is to relieve distress of head colds. Try it! Works fine! You'll like it!

### VICKS VA-TRO-NOL

### Blowtorch Causes Fire in Residence

A blowtorch used to thaw frozen water pipes was responsible for a fire in the residence of H. M. Waters, 225 Ninth Avenue East, at 12:30 this afternoon. The blaze swept up a partition and damaged the walls on the ground floor and second floor before it was subdued by city firemen.

Through 14 years of daily newspaper advertising, two brothers in Kitchener, Ontario, built a business from the sale of a few odd pieces of furniture to a \$400,000 annual turnover.

# Basketball Ketchikan vs Prince Rupert SATURDAY MONDAY and TUESDAY

# Seasonable Ideas for Housekeepers

## WINTER FASHIONS IN VEGETABLES; ARE EASILY MADE ATTRACTIVE

Mothers no longer talk about why certain vegetables should be eaten. Instead they cook their vegetables, for in the best possible way and in the best possible way. Since the methods of preparing vegetables have been so varied there is no difficulty in finding either children or adults their share.

Colors always attract and stimulate the appetite. Sprinkle each layer with sugar and salt and dot with butter. Add water, cover casserole and bake in a moderate oven, 350 degrees F., for 1 hour, or until tender. Six servings.

**Onion Shortcake**  
10 medium sized onions  
1 tablespoon salt  
3 tablespoons fat  
Biscuit dough (soft)  
1/4 teaspoon paprika  
1 tablespoon chopped parsley (optional)  
1 cup medium white sauce  
1/4 teaspoon salt  
Dash of nutmeg  
1 egg slightly beaten

Peel and slice onions, sprinkle with 1 teaspoon salt. Melt fat, add onions, cover and simmer until tender. Cool. Spread soft biscuit dough in a greased 10-inch square pan. Cover with onions and sprinkle with paprika and chopped parsley. To the white sauce add salt, nutmeg and slightly beaten egg. Pour the sauce over the onions. Bake in hot oven, 425 degrees F., for 25 to 30 minutes. Six to eight servings.

**Beets Piquantes**  
3 tablespoons fat  
3 tablespoons flour  
1 1/2 cups beet liquid  
1 1/2 teaspoons brown sugar  
1 1/2 teaspoons salt  
4 1/2 tablespoons horseradish  
3 cups diced cooked beets

**Apple and Casserole**  
Thinly sliced parsnips  
Thinly sliced apples  
1/2 cup brown sugar  
1/2 cup butter  
1/2 cup water

Melt fat in saucepan. Blend in flour and beet juice. Cook, stirring constantly until thickened. Add sugar, salt, horseradish and beets. Heat thoroughly and serve. Six servings.

## 'TEEN NURSERY TO COMMENCE NEXT SATURDAY

Teen Town's Saturday nursery will open on February 8 and will continue thereafter for seven hours each Saturday during which mothers can leave their youngsters in the care of competent girls at the Civic Centre. It was decided last night at the weekly Teen Town council meeting.

Supervising the nursery will be Margaret Murray, Rosalyn Thain and Betty Hamilton, heads of the nursery committee. The attendants will divide their duty into two shifts. At present, the committee is plotting ways to obtain toys and games to entertain the children.

A final meeting to iron out last-minute difficulties has been set for Tuesday night. Last night's council meeting accepted a donation of \$5 from the now defunct Boys' Civic Association. The money was earmarked for the pool table cloth fund which the council is building to rehabilitate the pool table in the Civic Centre teen room.

The meeting appointed Eddie Ciccone chairman of a "Teen Town Follies" committee which will co-ordinate talent for such a show in the near future. Mayor Reg Lawrence was chairman of last night's meeting.

## HERBERT SHARP PASSES AWAY

Herbert Sharp, 21-year-old son of Mr. and Mrs. Ernest Sharp, 935 First Avenue West, passed away in Prince Rupert General Hospital last night after an illness of 10 days. He was unmarried and had been a resident of Prince Rupert for the last two years.

**HUNGRY ITALIANS DEMAND MORE FOOD**—Demanding larger food rations, poorly dressed Italians parade with placards before government buildings in Rome in mass demonstrations which embarrassed the already harassed Italian government striving to keep the country's economy afloat in a winter shot through with shortages. Placards read, centre, "Less Sweets for the Rich" and, right, "Our Children Are Hungry."

## The Experts Say - -

**HOT SNACKS**—Whatever the party snacks you'll be preparing this week-end—whether for the monthly meeting of the neighborhood bridge club, or as an after-the-hockey-game dish for the sport fans in the family—you'll be looking for something that's hot, nourishing and tasty. And if there are men present you won't go far wrong in serving a cheese dish.

In the good old days Welsh rabbit mean bread and cheese—the Welshman's rabbit or meat. Later the name was used to designate a concoction made with melted cheese and served on bread. Today rabbit or "rarebit" as it is generally known, has many modern variations, and home economists have their special recipe.

**CHEESE VEGETABLE RAREBIT**—One cup tomato juice, one tablespoon fat, 1 1/2 teaspoons mustard, two teaspoons Worcestershire sauce, salt and pepper, one egg, three cups cheese (grated), three cups cooked vegetables, six slices bread.  
Heat the tomato juice, fat, mustard, Worcestershire sauce,

and pepper in the top of a double boiler. Add well-beaten egg and cook until mixture thickens (about three minutes). Add grated cheese and stir until melted. Arrange hot vegetables on toast or in toast cups (made by pressing slices of fresh bread into muffin tins and toasting in a hot oven). Pour sauce over vegetables and serve immediately. This quantity serves six.

And, incidentally, in preparing any cheese dish always remember that cheese becomes stringy if cooked at too high a temperature. Melt cheese over hot water and keep the heat low for a smooth rabbit.

**VARIETY**—If it's variety you are after in the dinner menu these days why not try a main course of liver, kidney, heart, tongue or sweetbreads, as a change from the usual cuts of meat, which nowadays are not only difficult to obtain but also are more expensive? Health authorities point out they all are rich in essential Vitamin A and Iron, and help to ensure healthy eyes and rich blood.  
A taste for liver must be cultivated—and especially among the younger members of the

## ARE MARRIED AT SMITHERS

**Mrs. Margaret Warner Becomes Bride of Jack Dunn**  
SMITHERS—A very quiet wedding was solemnized at 6 o'clock Thursday morning in the chapel of St. Joseph's Church, Smithers, when Mrs. Margaret Warner became the bride of J. (Jack) Dunn, with Father Leray officiating. Only members of the immediate families were present. The happy couple, both of whom reside in Smithers, will spend their honeymoon in Prince George and attend the honeymoon while there. They will be at home to their many friends in Smithers and district after the middle of February.

## Timely TERRACE Topics

A. Howells of the Veterans' Land Board was in Terrace on Thursday.

John Hagan has purchased four lots on Park Avenue East through E.T. Kenny's real estate office.

Along with other places Terrace is experiencing really cold weather. Temperature was 15 below on Thursday.

## BILL HANSON TAKEN HOME

SMITHERS—Bill Hanson has been taken home from the hospital and is resting comfortably there, having partially regained consciousness. It is reported that he may travel to Vancouver when his condition warrants a move, to undergo special medical treatment for a fractured skull.

For a new method of cooking, try grinding and mixing with chopped onion. After rolling in flour, fry in cooking oil as you would meat-balls.

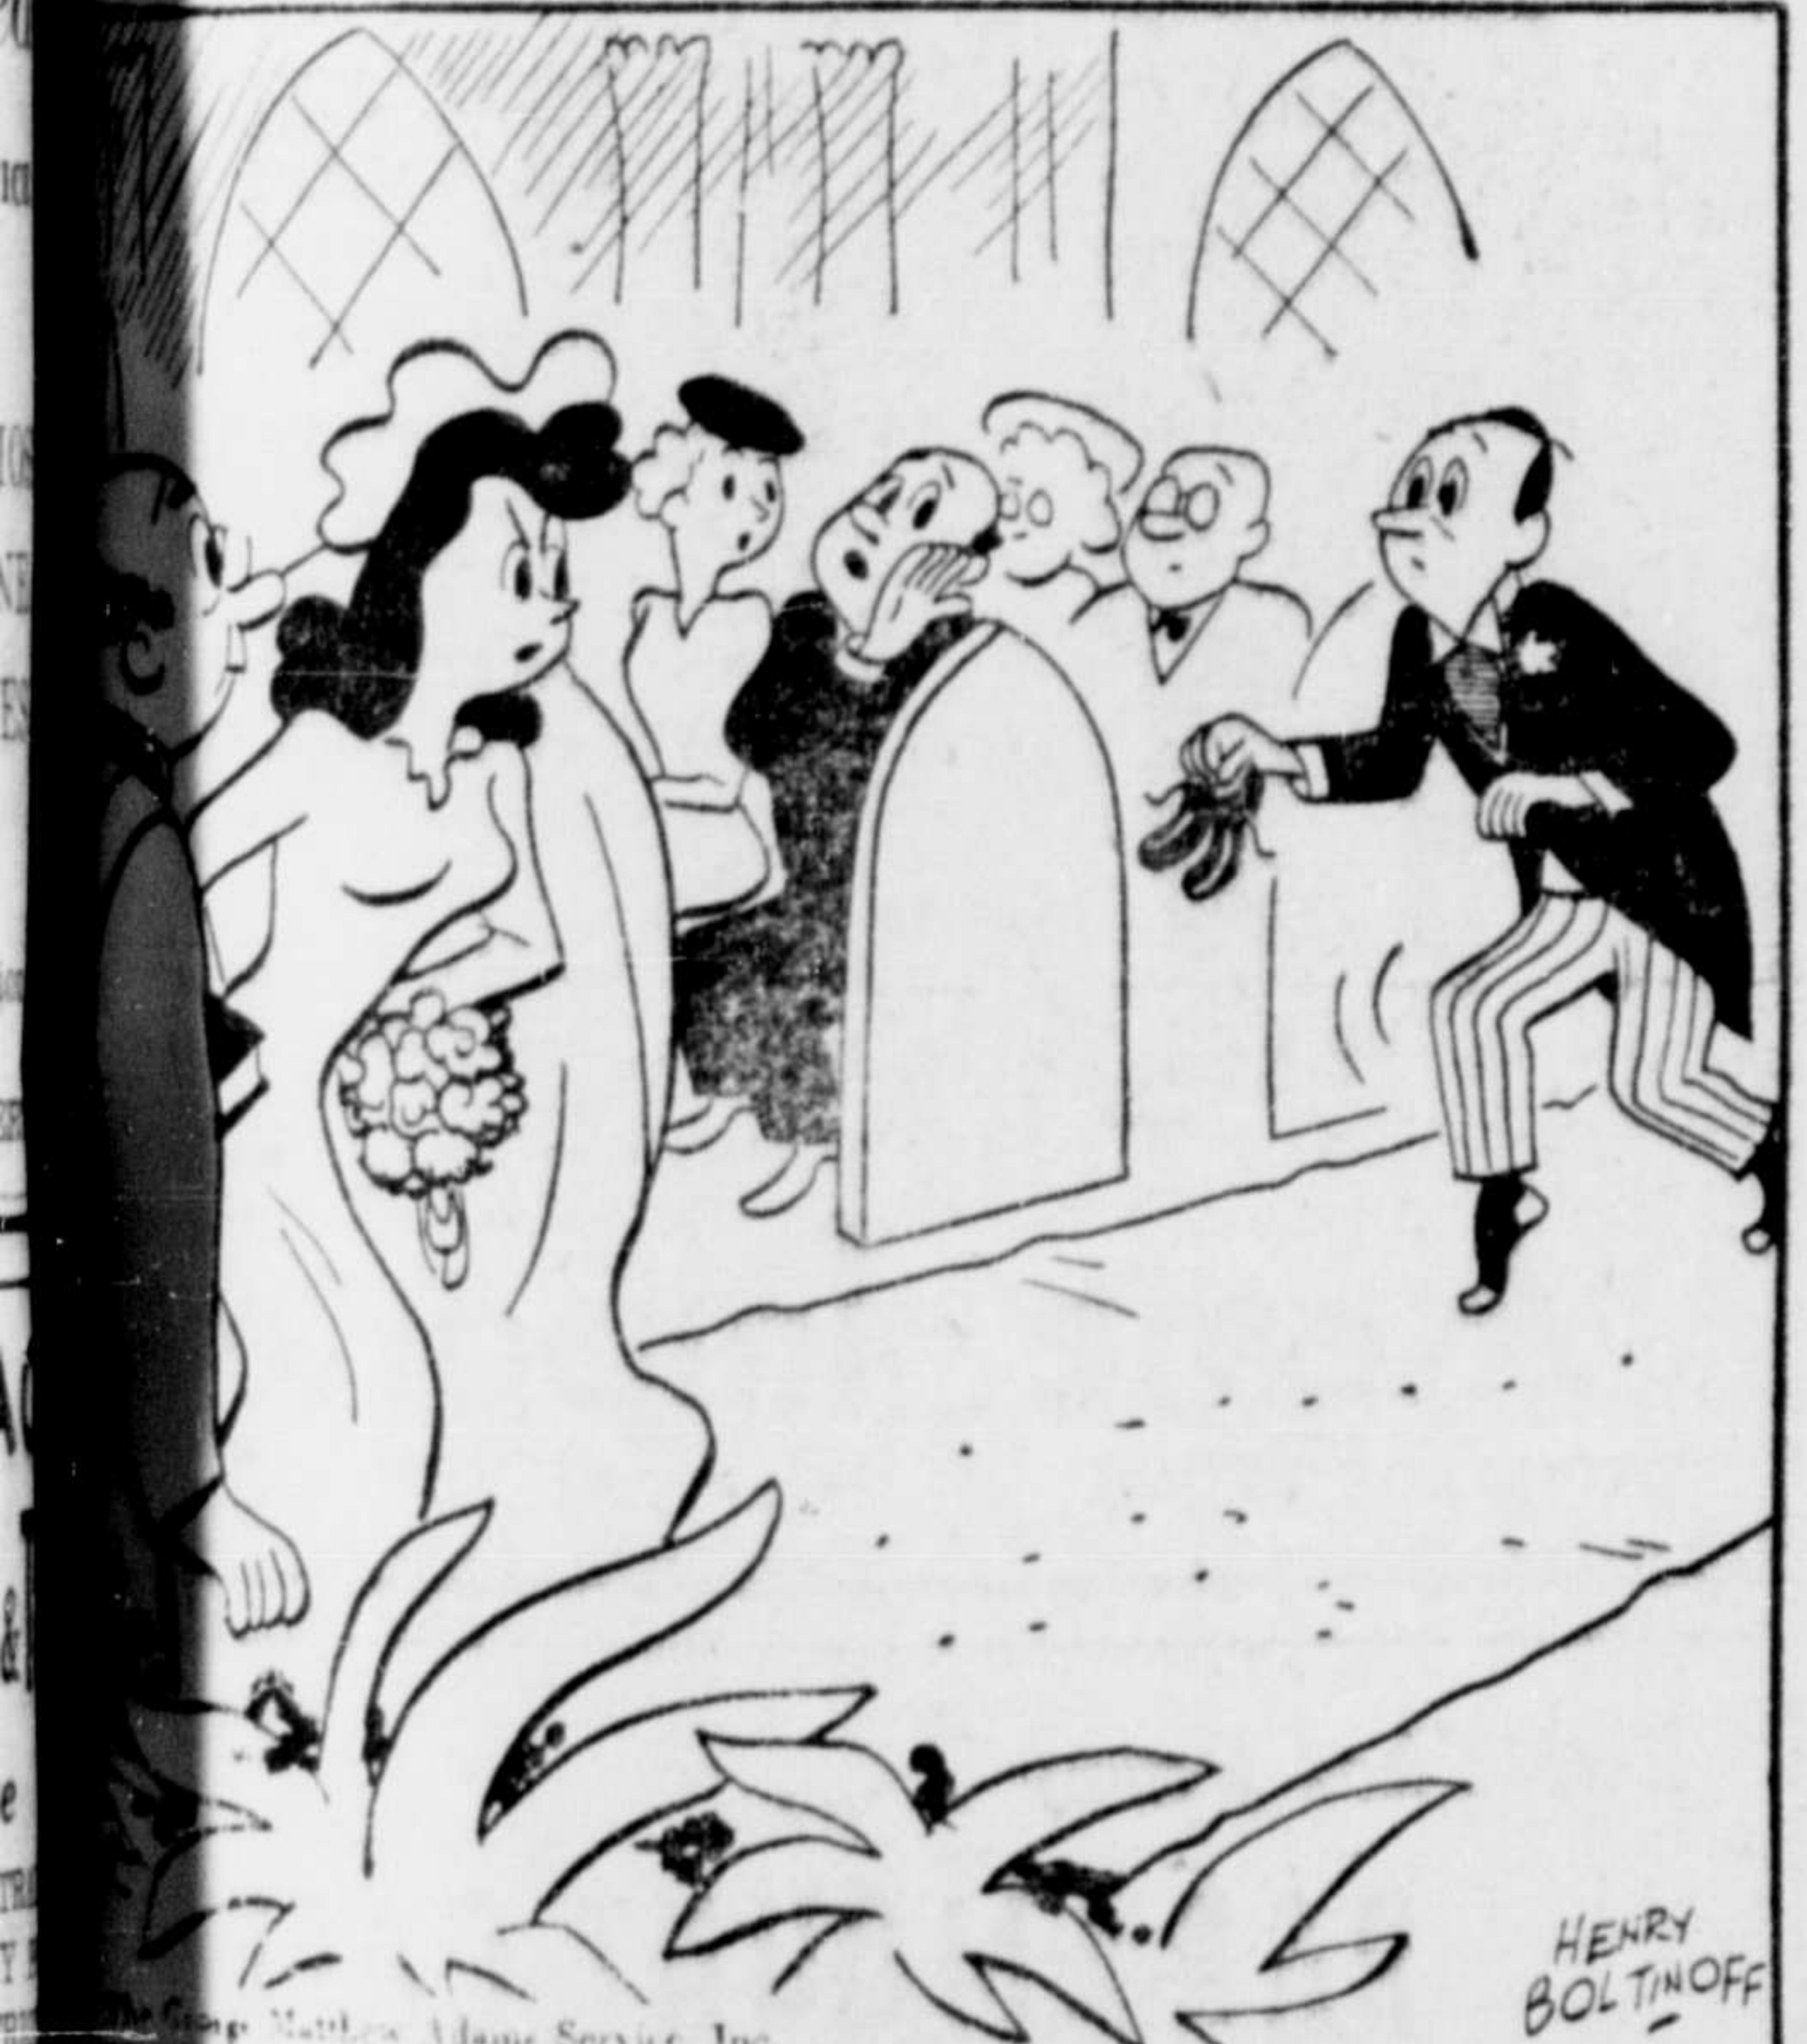

**SPANISH RICE MEAT DISH**—1/2 cup rice washed and cooked 'til soft, one pound hamburger steak, one onion, one tin tomato soup, 1/2 cup bread crumbs, 1/4 cup grated cheese, one teaspoon salt, 1/2 teaspoon pepper.

Brown meat and onion in frying pan over slow fire, add rice and tomato soup, and cook 15 minutes. Place in baking dish, sprinkle with bread crumbs and grated cheese on top and bake in slow oven 30 minutes.

## DOCKRILL IS BOARD HEAD

SMITHERS — The annual meeting of the Smithers and District Chamber of Commerce was held in the form of a banquet in the Bulkley Hotel, Smithers, on Wednesday evening. The executive for the coming year is:

President—A. H. Dockrill, Telkwa.  
Vice-President—R. W. Calderwood, Smithers.  
Secretary—R. L. Brash, Telkwa.  
Treasurer—L. K. McLeod, Smithers.

In spite of the very cold weather there was quite a good attendance.

**INDIAN FILM WINS AWARD**  
NEW DELHI. — India won "national honors at the recent World Film Festival in Cannes, France, when the film "Neecha Nagar" was awarded the Grand Prize of the International Film Festival. Judges were impressed with the film's realistic depiction of Indian life.

## 25 YEARS AGO

January 31, 1922

Something torrid to offset the January chill was being presented on the screen at the Westholme Theatre. It was Norma Talmadge starring in "Passion Flower."

Lieut. Col. D. Forster, a member of the military section of the British delegation to the Washington disarmament conference, was in the city on a visit. The Washington conference did a great deal of international good, he said in an interview.

Hon. A. M. Manson, new attorney general for British Columbia, arrived in the city on the Princess Mary. He was met by the mayor and city council and a large crowd of citizens.

Forty per cent of the time devoted by the average newspaper reader to his dailies is spent on content other than news, according to a survey by Time Magazine.

## SENTENCED ON ASSAULT CHARGE

"Time Served" Meted Out To James Wood by Judge W. E. Fisher

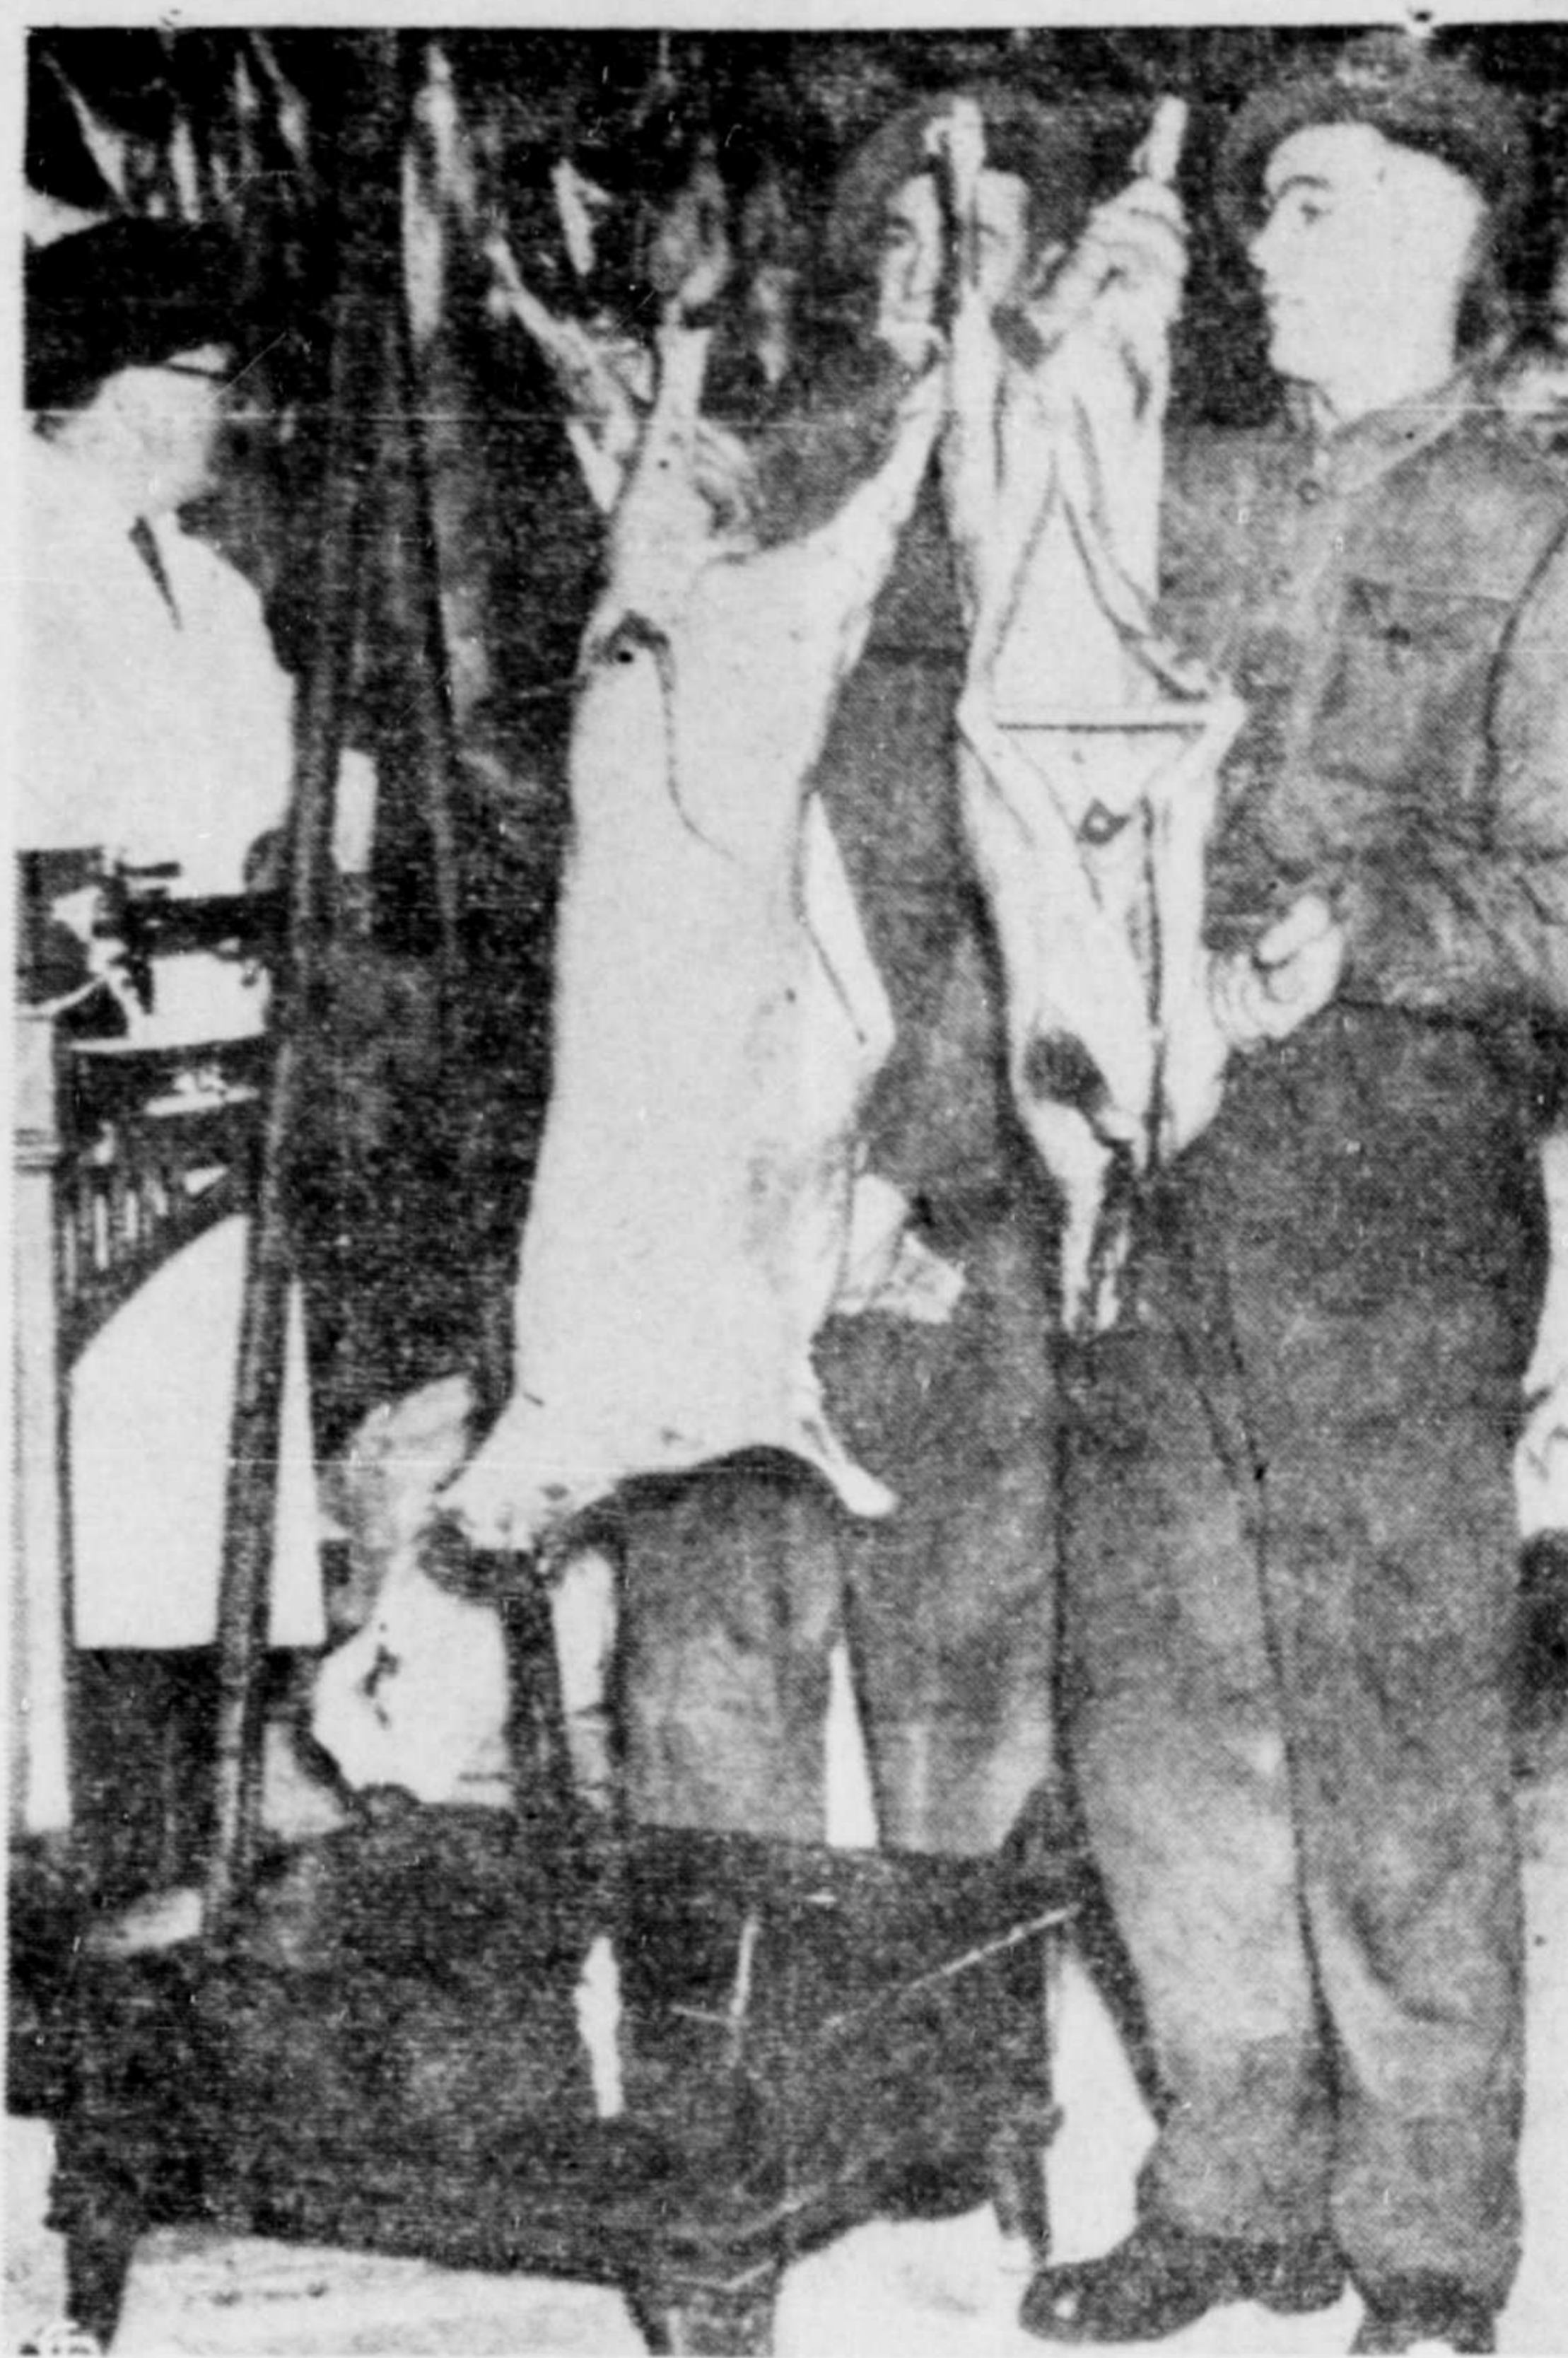

James Wood, who pleaded guilty in County Court on Wednesday to a charge of assault occasioning actual bodily harm, was sentenced by Judge W. E. Fisher Thursday afternoon to the time he had already spent in jail.

Wood spent a day and a night in jail after being taken into custody on January 18 for assaulting George Charleston in a downtown cafe. During the fracas, Charleston received cuts in the face and neck from a broken ketchup bottle. He also received a blow on the head.

"This is tantamount to a suspended sentence," Judge Fisher told Wood. "The whole aggression was Charleston's. You had the right to defend yourself in the ordinary way. The blow on the head was in the ordinary way but, whether the after-effects were normal, I am not prepared to say. I am looking at it in a pretty lenient way."

Judge Fisher advised Wood to have nothing more to do with Charleston. "If he does attack you, leave him alone."

Wood had taken responsibility for payment of hospital and medical costs which resulted from Charleston's injuries. He was defended by A. B. Brown of the legal firm of Brown and Harvey. W. O. Fulton acted for the crown.

**TOMMIES MOVE MEAT FOR LONDON**—Soldiers in fatigue uniforms handle carcasses of meat at London's famed Smithfield Market after the government sent troops to take over deliveries of meat to ensure essential supplies of food for the public. The transport strike had tied up all normal movements of supplies. It has since been ended.

## BLAZE DAMAGES YACHT CABIN

An overheated coal stove caused a fire which did considerable amount of damage to the cabin interior of Dr. W. S. Kergin's cruiser Full Moon, moored at the Prince Rupert Yacht Club floats at 7:30 Thursday night. The blaze charred the interior of the cabin and damaged part of the deck.

By the time the alarm was turned in to the city fire department, several other Yacht Club members had attacked the blaze with chemical extinguishers and got it under control.

The vessel had been brought back to the Yacht Club from the dry dock where it had been receiving repairs only a short time before the fire broke out.

Dr. R. G. Large and Dr. J. P. Cade wielded fire extinguishers to control the flames prior to the arrival of the city firemen and Dr. W. S. Kergin.

A second fire alarm was turned in from the Cow Bay area at 11:30 last night when someone apparently mistook the glow of a neon sign for a fire and called the fire department.

The fire department explained the latter "fire" as an illusion which made vaporizing reflected by the neon sign present the appearance of waves of smoke and flame. The sign was that

## High World Price Seen Wool Threat

DUNEDIN, N.Z. — The future of wool is assured for some time to come according to F. L. Taylor, mill manager of one of New Zealand's largest woollen mills, after an intensive study of recent developments abroad. Synthetic fibres have a definite place of their own, he considers, but will not replace wool for some time. The chief threat to wool is the abnormally high world price which may force people to use less suitable synthetics. "In my opinion the greatest field for artificial fibres lies in the replacement of cotton rather than woollen materials," he said. "A large number of manufacturers are using synthetic fibres in place of natural cotton, because there is really not enough cotton available."

of Atlin Fisheries. The alarm was turned in from a home near the Court House.

## WILL DEVELOP LIME DEPOSIT

**TERRACE**—The annual meeting of the Kitsumkallum Farmers' Institute was held on Wednesday night in the Orange Hall. The officers for the coming year were elected as follows: President, Kenneth Kerr. Vice-President, T. B. Olson. Secretary - Treasurer, Floyd Frank.

Directors—C. Kofoed and Ivan Franks.

It was decided to develop the lime deposit at Ambury for agricultural purposes. The directors were instructed to make arrangements to buy a lime crusher and carry on the business of getting it in operation.

**SHOCK REFUGEES SPEECH**  
WORCESTER, Eng. — Maurice Davis, 24, speechless for 10 years following a laryngitis attack, cried out when he nearly caught his hand in a factory saw, and, finding he had regained his speech, talked until he was hoarse.

**Community and Rogers SILVER SETS**

We have received several large shipments in several of the most popular patterns including . . . LOVE, ADORATION, ETERNALLY YOURS, LADY HAMILTON, FORTUNE, etc.

Some sets have 25-piece service for six. Some have 34 pieces for eight people, and some have service for twelve with 54 pieces.

These are mostly in chests but we have some bulk sets for those who do not need the chest.

WE CAN SUIT ALMOST ANY POCKET FOR THE PRICES RUN FROM . . . \$15.95 to \$64.00 plus tax

These are all at the approved ceiling price, the same as all over Canada.

Might be well to look early though.
