Supreme Court Rejects Freight Rates Case

HAUL
ARGUED

Be More Than
 C.C.F., Says
 Bennett—Peace
 River Railway
 VICTORIA (CP)—For-
 tion of a coalition party
 a democratic basis in
 British Columbia was
 ed in the provincial
 use yesterday as gov-
 ment back benchers resumed
 debate in reply to the Speech
 from the Throne.

J. A. C. Bennett (Coalition,
 th Okanagan), calling for a
 nite statement on future
 Premier Hart, said a
 organization is neces-
 sary in order to plan future
 for many years in ad-
 vance.

Unfortunately," said Mr. Ben-
 nett. "I think the present leaders
 Liberal and Progressive-Conservative
 parties in British Colum-
 bia take another view—that
 this government was con-
 ducted only for the (second
 world) war and, now that the
 war is over, the coalition gov-
 ernment is only operating to
 the threat of the C.C.F. party.

If the present government,
 to evidence only to meet the
 of the C.C.F., then it is
 a very negative policy and is
 mainly built on sand and one
 does not need to be a prophet
 to see that the government will
 collapse.

Bennett contended that
 the C.C.F. was not a real threat
 and that it was clear there
 was a "tremendous swing
 of public thought on the whole
 of the American continent to
 the immediate right of the cen-
 tre."

**FOOD MINISTER
 IS FLYING OVER**
 LONDON—Owing to the fuel
 crisis in Great Britain which also
 affects distribution of food, Min-
 ister of Food John Strachey was
 unable to get away by boat this
 week but will fly next week to
 the United States and Canada to
 confer with food officials of
 those countries on the question
 of long range supplies to Great
 Britain.

**COURT-MARTIAL
 TO TRY WOMAN**
 For Killing of British Army
 Officer in Italy
 ROME, (CP)—Maria Pasquinelli,
 aged 33, Italian teacher, who is
 alleged to have shot Brig. R. W.
 DeWinton, commander of the
 Thirtieth Infantry Division at
 Pola, will be tried by a British
 court-martial, it was learned
 authoritatively yesterday.

After her arrest the woman
 produced a letter in which she
 said she intended to shoot the
 senior army officer as a protest
 against the former Italian port
 of Pola being transferred to
 Yugoslavia under the peace
 treaty.

**Franco-British
 Alliance Coming**

PARIS, (CP)—The French cabinet
 yesterday approved text of
 French proposals for alliance
 with Great Britain represented
 by Foreign Minister Georges Bi-
 dault who reported that talks
 between Paris and London were
 progressing very favorably.

**TO SPEED UP ON
 GRAIN MOVEMENT**
 Canada Taking Emergency
 Measures to Hasten Supplies
 to Central Provinces
 and Great Britain
 OTTAWA—Emergency mea-
 sures to speed the shipment of
 Canadian grain to Great Britain
 from both coasts and feed grain
 to central Canada have been
 announced. Grain cars will have
 top priority in freight ship-
 ment. There has been a shortage
 of grain cars, many being in the
 United States.

It is estimated that 95,000,000
 bushels of grain, including 77-
 000,000 bushels of wheat, is
 awaiting shipment from country
 elevators in Canada.
 Meanwhile Canada is far be-
 hind on her program to supply
 160,000,000 bushels of wheat to
 Great Britain.

The putting of top priority for
 cars on grain export shipments
 will further boost the record
 making traffic through Vancou-
 ver.

THE WEATHER
 Synopsis
 Clearing skies yesterday after-
 noon and evening resulted in
 marked falls in temperatures
 overnight. Near freezing tempera-
 tures were general along the
 coast. Five to 10 degrees of frost
 was common over the interior.
 Fog now over the low coastal
 areas will clear by mid-morning,
 resulting in a bright, mild after-
 noon. Elsewhere in the province
 clouds will be variable with
 clearing expected in most re-
 gions by evening.

Forecast
 Prince Rupert, Queen Char-
 lottes and North Coast—Variable
 cloudiness becoming clear by
 noon. Cloudy tonight becoming
 overcast Sunday. Intermittent
 rain Sunday. Light winds be-
 coming southeast, 15 m.p.h. to-
 night and southeast, 25 m.p.h.,
 gusty, Sunday. Little change in
 temperature. Lows tonight: Port
 Hardy 37, Massett 33, Prince Rup-
 ert 37. Highs Sunday: Port
 Hardy 46, Massett 44, Prince Rup-
 ert 45.

Railway Commissioners Will Hear Application

OTTAWA (CP)—Seven provinces today lost
 their appeal to the Supreme Court of Canada for
 leave to take the railway freight rate increase case
 to the highest court. Mr. Justice Patrick Kerwin re-
 jected the application which had been made by W. P.
 Fillmore of Toronto on behalf of the provinces. He
 had acted as spokesman for the
 Maritimes, Prairie Provinces and
 British Columbia and challenged
 the jurisdiction of the Board of
 Transport Commissioners to deal
 with the railways' request for a
 general increase of thirty per-
 cent in freight rates.

McDONOUGH, Georgia (CP)—
 Superior Judge Bond Almond
 held today that Herman Tal-
 madge is governor of Georgia.
 The judge concurred with a de-
 cision given last Wednesday by
 Judge Walter Hendrix.

CRACK FLORIDA TRAIN WRECKED

Fifty Persons Receive Injuries
 In Derailment of Orange
 Blossom Special
 MAXVILLE, Florida (CP)—An
 estimated fifty persons received
 injuries, mostly minor, when a
 Seaboard Airlines northbound
 "Orange Blossom" Miami to
 New York special, was derailed
 on the main line about a mile
 south of here last night. Six
 sleeping cars and a diner left
 the tracks. Twenty odd persons
 were taken to hospital while
 others were given first aid at
 the scene.

DISPUTE OVER ATOMIC BOMBS

Gromyko Says United States
 Inconsistent in Keeping
 Weapons of Aggression
 NEW YORK, (CP)—Andre Gromy-
 ko, chief Russian delegate to
 the United Nations, yesterday
 reiterated the Soviet Republic's
 rejection of the United States
 plan for control of atomic en-
 ergy. He suggested the inconsis-
 tency of United States, on the one
 hand, pressing for disarmament
 and, on the other, maintaining
 a great stock of atomic bombs.
 These should be scrapped, he
 urged.

"Atomic bombs are designed to
 attack cities, not armies," de-
 clared Gromyko. "They are an in-
 strument, not of defence, but of
 aggression."

Underground Coal Mine Strike Ends

LANSFORD, Pa. (CP)—Thirteen
 Pennsylvania anthracite miners
 today ended a 60-hour sitdown
 strike 800 feet underground.
 United Mine Workers officials
 said the company promised to
 pay wage deductions which had
 prompted the protest strike.

INVENTOR-COMPOSER

Johann Sebastian Bach besides
 creating great musical composi-
 tions also invented the modern
 fingering scheme and the ar-
 rangement of the piano which
 makes it possible to be played in
 all keys.

FOR SMALL NATIONS
 LONDON—Australia asked
 today for a voice for the small
 countries in dictating control
 policies in occupied Germany.
 The Commonwealth said that
 Germany had not yet proved
 herself fit for democratic self-
 government and existing con-
 trol machinery was unsuitable.
 Australia proposed a policy-
 making body to guide the Al-
 lied control council and said
 that all the smaller allies in
 the category of active belliger-
 ents should have membership.

CROPS DESTROYED

 cent of the wheat crop in
 France and the Low Countries
 has been destroyed owing to
 the extreme cold, it is esti-
 mated.

MORE FOR TEACHERS
 VANCOUVER—Vancouver
 school teachers have been
 awarded a \$250 blanket annual
 wage increase by a board of
 arbitration. They are expect-
 ed to accept although they
 had asked for \$400.

PLANE CRASH IN NORTHERN B.C.

ANCHORAGE, Alaska, (CP)—The
 Tenth Rescue Squadron at Elm-
 endorf reported that an Anchor-
 age-bound transport plane from
 Great Falls, Montana, with 12
 persons aboard, crashed soon af-
 ter taking off from Fort Nelson,
 B.C., Thursday, injuring five per-
 sons, three seriously. The plane
 had refueled at Fort Nelson.

UKRAINIANS THREATENED

Displaced Persons at Salzburg
 May Be Deported to Russia,
 Canadian House Hears

OTTAWA, (CP)—Rt. Hon. Louis
 St. Laurent, minister of exter-
 nal affairs, said that United
 Nations Relief and Rehabilita-
 tion headquarters in Washing-
 ton were investigating reports
 that 3500 Ukrainians in the dis-
 placed persons' camp at Salz-
 burg, Austria, were being threat-
 ened with deportation to Russia.

LAND APPEALS DEFERRED BY CIVIC COURT

Still faced with a mass of un-
 finished business after a week
 of sessions, civic court of re-
 vision adjourned Friday afternoon
 until Tuesday when it will re-
 convene to render decisions on
 appeals involving other than
 waterfront property.

Waterfront appeals, including
 those of four fish companies—
 Royal, Booth, Pacific and Cana-
 dian Fish & Cold storage—were
 deferred for argument, pending
 the result of the Canadian Na-
 tional Railways appeals which
 will continue to be heard on Feb-
 ruary 26.

Decisions were handed down
 Friday in appeals lodged by:
 Mrs. Lillian Alexander, lot 15,
 block 5, section 1, Beach Place.
 land assessment of \$275, im-
 provements \$980, upheld by the
 court.

C. G. Lundquist, lot 18, block
 21, section 6, Hays Cove Circle,
 land valuation \$375, improve-
 ments \$1,880, sustained.
 John Anders, lot 35, block 1,
 Section 7, Alfred Street, sus-
 tained.

A. C. Abbott, lots 15 and 16,
 block 6, section 1, Eleventh
 Street, land assessment \$475, im-
 provements \$3,390, upheld by the
 court.

Sue May, lot 10, block 31, sec-
 tion 1, Third Avenue, land \$800
 sustained, improvements reduced
 from \$4,120 to \$3,800.

On the Salvation Army Indian
 Girls' Hostel, corner Sixth Ave-
 nue and Tatlow Street, assess-
 ment of \$900 on land and \$2,260
 on improvements were sustained
 by the court, with the sug-
 gestion that the court recom-
 mend to city council that the
 increase over the 1946 assess-
 ment be made up by a corre-
 sponding increase in the city's
 annual grant to the Salvation
 Army.

The old Japanese mission, cor-
 ner Sixth Avenue and Tatlow,
 appealed in behalf of the Bishop
 of Caledonia, had the land value
 of \$1,300 sustained, but assess-
 ment of \$2,080 on improvements
 was reduced to \$1,135.

Bernhoff and Sophie Peder-
 son, lot 9, block 21, section 5,
 14th Avenue West, land reduced
 from \$250 to \$200, improvements
 sustained at \$1,430.

W. F. Stone, lots 13, 14 and 15,
 block 2, section 5, Fifth Avenue
 West, land \$1,390, improvements
 4,680, sustained.

Joseph Kilby, lot 22, block 21,
 section 5, Eighth Avenue West,
 land sustained at \$300, improve-
 ments reduced from \$1,320 to
 \$1,050. In lot 60, block 6, section
 7, Seal Cove Circle, also owned
 by Mr. Kilby, improvements were
 reduced from \$1,680 to \$1,400.

ARMY IS LIMITED

Militia Matters Under
 Discussion in Commons—
 Division is Called

OTTAWA, (CP)—The House of
 Commons last night approved an
 amendment to the Militia Act
 which would limit the size of
 Canada's permanent peacetime
 army to 30,000 officers and men.
 The amendment was moved by
 Defence Minister Brooke Claxton
 following opposition objec-
 tions to a clause in the new bill
 which would allow the Gov-
 ernor-in-Council to fix the size
 of Canada's forces.

Earlier Lt. Col. Cecil Merritt,
 V.C. (Progressive-Conservative,
 Vancouver-Burrard) had asked
 Mr. Claxton if the decision to re-
 strict up to only 75 per cent of
 the previously fixed objectives
 had been reached on the basis
 of economy with the consent of
 the government or the advice
 of the defence council. The min-
 ister declined to answer and,
 in a division which followed, a
 ruling of the Speaker on the mat-
 ter was sustained 86 to 76.

Mr. Claxton told Howard Green
 (Progressive-Conservative, Van-
 couver South) that Great Brit-
 ain fell within the same cate-
 gory as the United States in
 mutual availability of facilities
 for co-ordinated training with
 Canada.

LAST-MINUTE SETTLEMENT

Final Efforts Being Made to
 Head Off Major Colliery
 Shutdown in Maritimes

\$1.40 RAISE OBTAINED
 OTTAWA, (CP)—Opening of
 the government-union-man-
 agement conference aimed at
 a settlement of the Maritimes
 coal strike threat was delayed
 this morning as weather and
 train connections held up
 some of the participants. An
 increase of \$1.40 per day in
 general wages for day-paid
 workers has been obtained but
 the district board of the United
 Mine Workers of America
 has rejected the increased pro-
 duction principle on which
 part of the increase was based.

OTTAWA, (CP)—Dominion Steel
 and Coal Corporation and United
 Mine Workers leaders are in
 Ottawa today from Glace Bay,
 Nova Scotia, for a last hour at-
 tempt to avert a major colliery
 shutdown in the Cape Breton
 field and maritime workers are
 awaiting the next development
 in the wage dispute.

At a conference to be held in
 Ottawa today disputants are ex-
 pected to ask for a federal for-
 mula providing \$1.40 daily wage
 increase asked by the miners
 partly contingent upon increased
 production.

NORTHLAND IN BAD WAY

Snow Tractors Fail to
 Get Through With
 Much Needed Food

THE PAS, Man., (CP)—Residents
 throughout Manitoba's north-
 land looked vainly today for
 tractor trains which were due
 days ago with much needed food
 and other supplies for districts
 isolated from the world except
 by radio communication. In
 many places not even radio com-
 munication is available.
 Lonely trapper communities
 are being forced to depend upon
 traplines for food.
 Lack of fuel oil is the cause of
 delay of snow tractors which
 were marooned here awaiting
 the arrival of fuel oil.
 The Hudson Bay Railway is
 tied up by heavy snows which
 has been impossible to clear.

CLAXTON INSPECTS MILITARY EQUIPMENT—Hon. Brooke Claxton, minister of national defence, is shown with senior army officers as he inspected military equipment at Longue Pointe, Que., Ordnance Depot. From left to right are, Col. J. B. Allan, commandant of the Longue Pointe Depot; Lieut.-Gen. Charles Faulkes, C.B., C.B.E., D.S.O., chief of the general staff, and Mr. Claxton.

BRITISH FUEL CRISIS ON WANE; PRIME MINISTER ATTLEE HOPEFUL

LONDON (CP)—Britain's fuel crisis was be-
 lieved on the wane today due to the unremitting
 efforts of miners, railway workers and merchant
 seamen but ramifications of week-long cuts are being
 increasingly felt. Meat is scarcer than usual. Vege-
 table prices have soared. In some places there are
 no cigarettes.

Explosion In Calgary

Young Woman is Killed in
 Blast Which Destroyed Home
 and Shook Considerable Area
 CALGARY, (CP)—One woman
 was killed and two injured seri-
 ously today when an explosion
 demolished their home.
 Mrs. Dorothy McMeekin, aged
 18, was instantly killed.
 The injured are:
 Allan McMeekin, 25, the hus-
 band.
 Mrs. E. Barker, 70, grand-
 mother.
 Force of the blast scattered
 debris over a wide area. A sec-
 tion of the roof was hurled over
 several nearby houses. Windows
 were shattered and other houses
 damaged.
 Cause of the explosion is un-
 known, although it is thought it
 might have been from an ac-
 cumulation of natural gas.

WEATHER IS UNRELIEVED

LONDON (CP)—Europe's bit-
 ter cold wave took a moun-
 tain toll of deaths today and
 forecasters reported no signs
 of an early break in the
 weather. Except for a few
 spots in the Mediterranean, all
 the Continent and the British
 Isles reported no relief from
 sub-freezing temperatures.

BOY SCOUT WEEK

THE WEEK OF FEBRUARY 16 TO 23 will be observed across Canada as Boy Scout-Girl Guide Week and it is of particular interest in Prince Rupert in view of the current campaign to re-organize the Boy Scout and Girl Guide organization here.

The week is timed in honor of the birthday of the late founder of the Boy Scouts and Girl Guides, Lord Robert Baden-Powell, and is given the hearty approval of the Lieutenant-Governor of British Columbia, Charles A. Banks, among other leaders in public affairs of the country.

Primarily, the purpose of the week is to bring to the attention of the citizens the need in both these movements for leaders to carry on the splendid aims of Scouting and Guiding—Honor, Loyalty, Fellowship and Service to all mankind, taking this promise:

"I promise on my honor to do my best;
To do my duty to God and the King.
To help other people at all times;
And to obey the Scout or Guide Law."

Over 14,000 Boy Scouts and Girl Guides throughout British Columbia are joining with their brothers and sisters in their respective organizations in the Canada-wide observance of Scout-Guide Week. Here in Prince Rupert suitable observance has been arranged. We join in saluting the volunteer leaders and committeemen in this province who so willingly give of their time and effort to provide the character training programs of Scouting and Guiding for so many of our youth.

Aid to China

ANOTHER phase of the Canadian Aid to China campaign ends with a "Bread for China Day" which will be observed on Monday next, culminating an appeal which has been on for the past few weeks. However, this should not be mistaken as the end of the campaign which is being continued in view of the great need for aid and more aid for the intense suffering of our friends and allies across the western water.

Possibly here in Prince Rupert there has not been a full enough appreciation of the

worthiness of this cause and, perhaps, not as substantial a response to the appeal for funds as might have been expected.

Humanity and also self-interest dictate that Canadians do everything possible for the Chinese people whose need is great. The banishment of famine and insecurity from China is vital to Canada and the world. By generously aiding the Chinese people at this time Canadians are advancing the cause of all humanity.

We would commend Aid to China to the generous consideration of our readers.

Thinking Realistically

TRUE WORDS were said recently by General H. D. G. Crerar when he suggested the great need for rational, objective thinking on international affairs in this difficult, and confused post-war period through which we are now passing.

To concentrate efforts on the detail of disarmament, before the fundamental requirements of understanding, friendship and trust have been established between the great nations, is unsound.

Only through an informed and aroused public opinion in Canada will steps now be taken to ensure that this country will be militarily prepared for its heavy and immediate responsibilities in the event of another international crisis.

To await the imminence of the crisis before military preparations are commenced would be to fall into the fatal error of being too late and of then being capable of doing too little.

MINISTER DENOUNCED

"Knows As Much About Agriculture As Leg of Chair," He Tells Dail

DUBLIN — By a vote of 65-11, the Dail approved appointment of Patrick Smith, parliamentary secretary to the finance ministry, as minister of agriculture, despite scathing criticism from outspoken J. M. Dillon, independent member for Monaghan.

Called to order when he referred to Dr. James Ryan, the retiring minister, Dillon shouted: "Surely I can argue that if Dr. Ryan was bad, Deputy Smith would be a damned sight worse!"

The Dail, he said, was being asked to approve Smith's appointment to carry on the government's policy of "wheat, beet and peat, which has left us without bread, sugar or fuel."

"Deputy Smith knows as much about agriculture in this country as the leg of a chair."

Dillon, three other independents, six Farmers and one Fine Gael member voted against Smith's appointment.

BONY MAMAL

LIFE in this Prince Rupert

by BIDDEE JINKS

No matter how long we hug an idea to us thinking it perfect, it often turns out to be the opposite.

For years I had wanted a kitchen with a cosy breakfast nook opening off in exactly the right spot and with a beautiful view from wide, be-frilled windows.

Then last week I saw one—in a home here in Prince Rupert. "Perfect!" I rhapsodized. "And look at that view of the harbor! How you must love it!" I exclaimed, turning to my hostess. "As a matter of fact, I don't," she said—and went on to explain. And I could see what she meant. With two children in the family, one sat by Mama and the other by Papa, with the youngsters on the inside next to the window. The one by Mama often wants a drink. That means that Mama gets up to get it or, seeing as the child is perfectly well and able-bodied, she gets it for herself. Whichever way, it is Mama that pays, for the only possible way out is by first drawing up the feet (often the full length of a nylon), clambering to a standing position and then walking out past poor Mama's back. To maintain balance, the child of necessity steadies herself by placing a hand against the wall, high up, whether that hand is clean or at the moment bathed in liquid honey.

"You see? I didn't wipe that spot up there today and look!" She pointed—at two crystal blobs of honey that stood out from the ivory wall in all the majesty of stalactites.

That was not all for, as anyone with children knows, "thirst" in its mildest form may turn savagely into an epidemic. Which means in this case that, about the time one side of the table-nook is quiet again, the peace of the other is shattered—all for the want of a drink.

"Even so," remarked a lady at my elbow, "I think I would take your nook and its troubles in preference to my kitchen where there is only one place for the table and that is in the centre of the floor. We walk around it one way, and then we walk around it the other way. Can you think of anything more tiresome? But then—I suppose no one lives in a house without finding something wrong with it."

"Ain't it the truth?" said I to myself and, in about 30 seconds flat, I privately itemized as many grievances against my kitchen.

There's that window, for instance. Now I believe in kitchens having a window in them. But mine! When it snows and blows outside, it snows and blows through that window. A few weeks ago, the weatherman bleakly said: "Objections overruled," and kept right on snowing.

"And there is the floor. Floors too are useful, even when they get as cold as mine. And I don't object too much, at home, for I just open a drawer and don first one and then the other of my

husband's warmest socks. The real trouble starts when I go out for those socks must stay behind while I go through a horrible ordeal of standing in ice-cold water almost to my knees. Until I rush back to them and then all is well.

My table trouble comes into it too. One spot only is available for it. Yes, against the wall, and there is a window over it, one with a magnificent view. The year around, rain or shine, that window is a picture—for it frames several square feet of the broad side of my neighbor's wall. In all its beauty.

As for position, it can't be beat. It stands exactly in the centre of a space extending from the kitchen door to my washing machine. There is no back porch so that space is shortened by the heap of rubbers by the door which grows or diminishes according to the weather. So the table gets juggled one way one day and back the next. If someone's chair sits in among the rubbers, a patient voice just says, "Move the table your way a bit"—and it is done. Or if the washing machine and a chair come into close combat, the table goes back the other way.

All of which we talk about, laugh about or complain about—and actually don't mind. Why? Because home is home—and there is no place in all the world quite so nice.

BUT THE DOG WON

MONCTON, N.B. — An uneven contest: two policemen trying to remove a 250-pound Saint Bernard from an apartment hallway. The result: one bruise over a police officer's eye, damage to furniture and half a dozen milk bottles scattered and broken. Missing: the dog and 10 feet of rope the officers were using to pull the animal out of the hallway.

PRESENTED WITH OVERDUE MEDAL

Chance Meeting Brings Montrealler Belgian Award From First World War

MONTREAL — A chance meeting at the cenotaph here last Remembrance Day has culminated in the presentation of the Belgian Croix de Guerre 30 years after the decoration was earned.

Pte. D. M. Morrison of Montreal's Victoria Rifles Regiment won the decoration for displaying great personal courage in the heavy fighting during the last days of the First World War. The scene was Cherisy, in August, 1918, and the great Allied advance was pushing ahead.

Morrison was wounded in the action and did not rejoin his unit at the front. In the meantime approval for the award had come through.

The medal was placed in a tin box by the acting adjutant, Lieut. W. McMurray, and it was not until he died in 1939 that the decoration came to light in a search of Lieut. McMurray's belongings.

Maj. J. N. Bales, wounded in the same battle as Morrison, took charge of the medal, and searched through the old battalion records, but failed to find a trace of Morrison's whereabouts.

Last Nov. 11, as Maj. Bales was lined up at the Cenotaph with other First World War veterans of the Victoria Rifles, a man approached him.

"Do you remember me, Major?" he asked.

"No I'm blessed if I do," Maj. Bales replied.

"I'm Morrison, if you can re-

Bread for China

This Blind Boy and these women and children have been "living" on roots among starving millions

Starving, sick and weak, these Chinese war victims stand only a little soft food when at last, after hours of wanderings, they reach a relief centre.

Ravaged by war, famine, disease, millions of our Chinese allies, who fought bravely for eight terrible years, are in dire need.

Today they cry to fortunate Canadians for food, clothing, medical supplies, hospital equipment.

UNRRA's work is ending. Voluntary agencies must carry on. Canada must do her share.

Common humanity, the need to rebuild the One World of which we are a part, the plight of a good neighbor and future customer, alike compel us to do all we can. Will YOU help?

This is the only national appeal to be made in Canada within the next twelve months for Chinese relief.

WED QUIETLY AT HOME OF BRIDE

Bruce Stevens and Dorothy Andren United by Rev. A. F. MacSween

At a ceremony held at the home of the bride's parents at 8 o'clock Friday evening, Mrs. Dorothy Andren, daughter of Mr. and Mrs. A. Mattson, 606 Donald Street, became the bride of Bruce Barclay Stevens, younger son of C. J. Stevens and the late Mrs. Stevens. The rite was performed by Rev. A. F. MacSween of First Presbyterian Church.

For her wedding, the bride wore a dress of pale blue wool with matching blue hat from which there was draped softly a pink veil, falling over the shoulders and pinned to the dress by a corsage. She wore pink gloves and carried a bouquet of pink and blue roses. She was given in marriage by her father.

Maid of honor was Miss Marie Mattson, younger sister of the bride. She wore a pale peach dress with black, pill-box hat and three-quarter length black gloves. She wore a corsage of blue iris and pink carnations.

Groomsman was Robert Irvine. Following the ceremony, a reception was held in the bride's parents' home at which the guests were received by the bride's mother, wearing a dress of blue crepe with corsage of pink carnations. The rooms were

decorated with pink and white streamers for the occasion.

A three-tiered wedding cake was cut by the bride in the presence of 30 guests who offered them warmest congratulations. Toast to the bride was proposed by Rev. Mr. MacSween and the groom made suitable response. Serviteurs were the Misses Peggy Clec, Edith Murvold and Pearl Bunney.

The groom's gift to the bride was a set of gold, bow earrings, centred with tiny rubies to match the wedding ring.

Mr. and Mrs. Stevens will take up residence in suite four, Smith and Elkins Block. They will continue residence in Prince Rupert.

SATURDAY SERMON

THE HOUSE OF GOD

(By REV. W. F. RUSHBROOK, B.A.)

Where dwellest thou? "Come and see." John 1:38-39

"Come and see." What a trite sentence!

"Mother," cries the little child just beginning to discover the mystery of life, "come and see what I have found." The advertising patrons of our newspapers blazon to the would-be buyer: "Come and see." The scientists call to their colleagues: "Come and see

embryo of a new epoch... being in believing." Where is no vision the people cry. "Only as the world truly can it really progress. Red truth is the one sure foundation."

"Where do you live?" enquired youthful John and Andrew Jesus. "Come and see" was the laconic reply. One feels sure that Jesus did not mean these two young men just come and see the home in which he lived but to see the Father. He wished to introduce himself, to give them a vision of spiritual values, manifested through his personality. That He was successful we know for what we saw enthralled them with spiritual understanding, loyal and deathless love for Jesus. We more nearly ourselves in our own homes.

There are many persons with remarkable and minute sight but they are color blind. Outlines are perfect but details of color are missing. So it is with our vision of Jesus, the Christ. We admire the outline of his character, the practical wisdom of his teaching and believe (with devils) that He is the Son of God but intellectual assent or acceptance of Christian dogma is not sufficient. Christianity is reasonable but it is not apprehended by reason alone. It transcends reason. It is a love for a faith in the person of Jesus, the Christ, so that life's respects are measured not by our own or the standards of the world but by the ethic of Jesus. Christianity then is spiritually discerned and not merely mentally approved and accepted.

Today the same question is being asked by eager souls. Come unto me all ye that are weary... and I will give you rest. But how and where can we find this?

The church is the House of God. But the usher, who showed

gathered together in My name there am I in the midst of them. Among the throng there are the few called-out ones, the wheat among the tares. I will not destroy the city for ten's sake, said God to Abraham. "Go show yourself to the priests," said Jesus to the cleansed leper yet, shortly after, Jesus, with a whip, drove from the Temple the unholy priests. "My Father's House shall be called the House of Prayer but you have made it a den of thieves." One may dishonor the House of God, the Christian Church but he cannot destroy it. Its foundations are eternally laid in Christ Jesus her Lord.

I imagine that during all that night in the quiet home of Galilee those two young men sat and listened, their hearts and minds wide open and passive, as that Man of men spoke and prayed.

Can this be the House of God? Yes! "Where two or three are gathered together in My name I am there and will be with them and will baptize them in the Holy Spirit."

BOY SCOUT WEEK

FEBRUARY
16 to 23, 1947

BOY SCOUT WEEK

Sunday—Church attendance, at St. Andrew's Anglican Cathedral and Church of the Annunciation.

Monday—Informal gathering of Scouts, Guides, Cubs and Brownies with parents at Booth Memorial School. Presentation of warrant to District Scout Commissioner.

Wednesday—Gyro Club; Speaker, Lt.-Col. Keith Dixon.

Thursday—Rotary Club; Speaker, A. Van Meer.

SHORT SPORT

In place of the regular Senior "A" and "B" hoop matches tonight in the Civic Centre the Prince Rupert Basketball Association has imported three outside teams to battle with the local champions. It is hard to pick a main event but in the first game the Senior "B" leaders, Macey's clash with the Port Simpson intermediate squad. In the second feature of the evening the New Metlakatla Firemen from Alaska will take on the local Bo-Me-Hi Rainmakers in what promises to be a real battle. One hour later the Port Simpson senior men's team and the local high-flying Savoy squad will battle in the final event. Macey's are all out to stretch their winning streak to 12 tonight but rumors from the neighboring rivals state that the intermediates are a very strong squad; so this all points to a roaring time.

New Metlakatla Firemen, in their barnstorming tour, will be up against a fast-breaking, hard working student body when they tangle. With Savoy reveling in the taste of victory, Port Simpson can be assured of a tough battle when they meet the current leaders of the Senior "A" loop.

The Junior League of the city loop will open the night up with another of their bang-up games. Tonight will see two teams who are tied for the runner-up spot battle for supremacy. Grotto and Canadian Legion, both in the second place berth, meet.

MANY COLLIERIES MOVE IN THAMES

Coal Crisis Still Easing in
Britain But Little Respite
in Europe

LONDON, (C)—While 75 collieries arrived at southern ports within 36 hours with much-needed coal cargoes, 53 returning for hasty reloading, partly slowed land transportation and north-eastern pits reported 5000 tons of coal production lost Thursday through lack of rail cars to load coal. Nevertheless, there is an easing up in the situation and at least a partial easing up of the stringent emergency regulations is expected soon.

Five thousand snowplows and bulldozers have been pressed into action in the effort to clear the roads of snowdrifts. Flame throwers were found to be ineffective in clearing railroads as they damaged the tracks.

Dispatches indicate that continental towns and cities still face dangerous shortages of coal and electricity.

AQUITANIA AND CREW GET PLAQUE—In commemoration of her service as a troopship in two great wars, H.M.T. Aquitania and her crew were presented with a bronze plaque when she docked at Halifax by the heads of the three armed services in the eastern area. Shown here is Capt. J. D. Snow, ship's captain, receiving the plaque from Major-General Foster, CBE, DSO, commanding Eastern Army Command. Capt. Snow expressed the personal appreciation of himself and the crew for the award which read: "Presented to H.M.T. Aquitania for her services rendered in two great wars by all ranks of the Canadian armed forces."

SILK SUITS SPOT MODES IN STARDOM

NEW YORK ©—Hollywood has taken the fashion spotlight with showings of dresses, suits and negligees designed for famous stars appearing in current films. Most of the collection was created by Edith Head, studio designer.

They include simple, charming daytime costumes and the ultra ones associated with Hollywood, all executed in handsome fabrics with fine details of embroidery and beading.

Outstanding was a white pique evening gown made for Dorothy Lamour with tight bodice and bouffant skirt. Jet beads in an openwork mesh design were draped like a bertha from the front of the shoulders across the back and at the front of the skirt like huge apron pockets.

An elegant suit with a beige jacket was also embroidered with jet in a lace design and worn with a black skirt.

A series of silk suits introduced what Miss Head called a "cuff jacket," meaning the bottom edge of the jacket was folded back as neatly as if it had been a wrist band.

The business-girl silhouette designed for Joan Caulfield combined charm with practical features necessary in business clothes. One of this group—not so practical but long on charm—was of white raw silk with jacket lining and blouse of pimento crepe printed in white. The at-home creations were

ravishing. Designed for Loretta Young, they included a diaphanous "fisherman's" coat, immensely full, worn as a negligee over a nightgown of white satin banded at the bottom with satin.

Good Eating for the Lunch Boxes!

and so easy to mix!

ALL-BRAN RAISIN BREAD

1 egg
 1/2 cup sugar
 1/2 cup molasses
 1 cup sour milk or buttermilk
 2 tablespoons melted shortening

1 cup Kellogg's All-Bran
 2 1/2 cups sifted flour
 2 teaspoons baking powder
 1 1/2 teaspoons salt
 1/2 teaspoon soda
 1/2 cup chopped raisins

Beat egg well. Add sugar, molasses, milk, shortening (melted and cooled) and All-Bran; mix well, let stand until most of moisture is taken up. Sift flour, baking powder, salt and soda

together; add to first mixture with raisins; stir only until flour disappears. Bake in greased loaf pan lined with waxed paper in moderate oven (350°F.) about 1 hour.

Extra good and so different! This rich brown loaf has that delicious nut-like flavour only Kellogg's All-Bran can give... and that marvellously soft, light All-Bran texture! Perfect for the lunch boxes because it's packed with nourishment and keeps fresh. Clip the recipe now.

THIS AND THAT

FOUGHT IN BLIZZARD
KENTVILLE, N.S. — Firemen here didn't know whether to be hot or cold when they were called out recently. They answered a fire alarm in the middle of a blizzard. The fire was quickly extinguished through the combined efforts of the fire-fighters and the blizzard.

WALLIN HEADS T.-L. COUNCIL

The president, vice-president and secretary of the Prince Rupert Trades and Labor Council were returned to office by acclamation at the semi-annual elections held in the Carpenters' Hall Thursday night. August Wallin was returned as president, J. S. Black as vice-president, and Percy Bond as secretary-treasurer.

Executive members elected by the meeting were William Reid, George Anderson and John McLean.

The meeting endorsed a resolution from the Merchant Marine Rehabilitation Society seeking rehabilitation benefits for merchant seamen serving for wartime service.

A draft of the proposed National Labor Code received from Percy Bengough, president of the Trades and Labor Congress of Canada, was read as were the minutes of the Vancouver and New Westminster Trades and Labor Council.

H. M. Daggett reported that a good response was being received from Prince Rupert citizens in support of the local drive to aid the American Federation of Labor council of Ketchikan and other Alaska cities for publication of the Alaska statehood edition of the Ketchikan Chronicle. Several unions reported progress in agreement negotiations and an assessment was approved to help the organization drive of labor unions in Canada.

Packer Damaged Striking Rocks— Herring Boats Go South—Shipwright Shortage At Dry Dock

The 75-foot packer Good Partner, under charter to B.C. Packers by Capt. Emil Jensen, was taken onto the pontoons at the dry dock Friday to have her keel replaced after running aground on North-west Rock, north of Bonilla Island, during a fog early Thursday morning. In addition to getting a new keel, the Good Partner is receiving alterations to her galley and fo'c's'le which will make a sizeable repair job. The Good Partner was returning empty from the Queen Charlotte Islands when she ran aground.

With a heavy repair schedule ahead, the Prince Rupert dry dock is having a difficult time to get qualified wooden shipbuilders, Robert Cameron, plant manager, reports. The yard is busy repairing a large number of boats for the fishing season in addition to construction orders. Mr. Cameron says that he needs a dozen shipwrights and that, if they cannot be obtained locally, he may have to send to Vancouver for them. The yard now employs more than 70 men and has hired a considerable number during the last few months.

Most of the vessels of the west coast herring fleet, which came north hopefully three weeks ago, have returned south after a disappointing session in the north. The fleet, comprised of about 100 seiners and packers, had only about a week's fishing before zero weather and later storms, clamped down, keeping the fleet in port here. Apparently, the fishermen do not feel that it is worth while to stay in the north and take a chance on large schools of herring showing up within the next month. The herring season closes on March 10 to allow spawning although, in some cases, consideration will be given to those who have not met their bait requirements at that time.

Union Steamships' coastal liner Camosun arrived in port here at 3 o'clock Friday afternoon, warping up to the dock on time after an uneventful voyage, despite the fact that she had passed the grounded American ship North Sea near Bella Bella. The North Sea grounded about four hours before the Camosun passed her. By that time the passengers of the damaged ship had been removed to safety. Crew members of the Camosun could see

RATES CASE PROCEEDING

Railways May Go Broke Unless Increase in Rates Allowed

OTTAWA, — Two-front warfare over the attempt of railways to hoist freight rates was in progress as opposing forces fought the case before the Board of Transport Commissioners and girded themselves for a simultaneous battle before the Supreme Court of Canada.

The struggle over takes amounting to \$85,000,000 yearly was catapulted into the nation's highest court by the provinces, except Ontario and Quebec, yesterday after the board rejected their claim that it had no jurisdiction.

The railways suggested yesterday that they might be forced into bankruptcy if they could not get an increase in rates. The welfare of the railways was essential to the economic stability of Canada.

the lights of the North Sea as they passed her some two miles away.

With Capt. Ernest Sheppard back in command, Union steamer Catala arrived in port at 4 o'clock this morning from Vancouver and waypoints and sailed at 6 a.m. on her return to Vancouver and waypoints.

On a regular fortnightly voyage in the Queen Charlotte Islands service, Union steamer Cassiar, Capt. Lorne Godfrey, arrived in port at 5:30 yesterday afternoon from Vancouver via the south end of the Islands and sailed at midnight for Massett Inlet points whence she will return here tomorrow morning and sail tomorrow night on her return south via the south Queen Charlottes.
