## Co-ops Gain Power In New Zealand Election

### Election Picture Lacks Shape; Aldermen Scarce

What is going to happen in the forthcoming civic election is anybody's guess and a lot of people are of that opinion. Biggest conundrum of all is the election picture.

Six seats to fill, three candidates have filed for each while another five prospective candidates are waiting out papers but not yet entered.

On the other hand, the race promises to be a real contest. So far, candidates have filed in this, it is expected, that the field. The candidates are Ald. H. Robert McKay, Ald. W. A. McLean, Ald. Michael Kreuger, Ald. Glassey still had not filed this afternoon.

School Board picture, seats to fill, was partly Tuesday when W. J. Glassey is currently a trustee, resignation papers. Trustee estimate whose term also does not know whether re-election or not. Afternoon, no other had come forward.

H. M. Daggett and Helen, whose terms would not expire until next year, have both resigned for mayor, leaving Ald. W. A. McLean as the only candidate for another term in addition to the mayor's seat, two others are up for election.

What procedure would be followed if there were sufficient candidates to fill the slate has not been decided. It is of considerable interest how returning Ald. D. Thain explains it: "Only five candidates themselves by the 11 o'clock deadline, each in by acclamation unless they were filed for the four vacancies or the two seats.

Those five, along with the aldermen remaining in office, would get to choose another person for the final seat. The governing their would, of course, be the five.

### Co-operative In General Session

Semi-annual Prince Rupert Fishermen's Co-op meeting has been held in Oddfellows' Hall this week as out of town delegates and approximately 200 members met to discuss general business. The meeting ended Tuesday. Out-of-town delegates from various organizations of the fishing industry included R. Besore, Chicago, representing the Fishermen's Federation Incorporated; D. G. MacDonald, Vancouver secretary-treasurer of the Fishermen's Co-operative Federation; T. H. Sorenson, Vancouver, general manager of the Fishermen's Co-operative Federation; and A. J. Wirick, Vancouver, of the B. C. Co-operative Union.

### Tenth Anniversary Banquet

Civic Centre Auditorium  
Dec. 1st, 1949 at 7:30 p.m.

commemorating the incorporation of the PRINCE RUPERT FISHERMEN'S CO-OPERATIVE ASSOCIATION

Address by: DR. M. M. COADY

Members and Employees of all Co-operatives and Credit Unions

Tickets may be obtained at all Co-op Stores and the Bakery

Admission Dancing

### Another 'Quake On Charlottes

Earthquake shocks are still recurring on the Queen Charlotte Islands and at 1 a.m. Saturday there was another tremor reminding at Masset of the major one on August 21 which caused consternation and considerable damage.

According to word from the islands, the latest shock lasted for about twenty minutes, shaking houses and wakening people up. However, no damage was done.

Ever since August 21 the Islands have been experiencing periodic earth tremors.

### Leading Co-op Teacher Here

Talk to Dr. M. M. Coady, Director of the Department of Extension of St. Francis Xavier University, Antigonish, N.S., for five minutes and he will convince you that the human race is losing perhaps the biggest bet of all by overlooking a single, simple truth.

And although he is a Monsignor of the Roman Catholic Church, his idea is not primarily theological—it is economic. He preaches—or rather, teaches—the doctrine of co-operation for human economic betterment and he makes it a stimulating, forceful message.

Here on invitation of the Prince Rupert Fishermen's Co-operative which today concluded its semi-annual meeting, Dr. Coady is recognized as probably the greatest authority on the co-operative movement in Canada. In fact, he is regarded as its father.

Dr. Coady has made the name of St. Francis Xavier University synonymous with co-operatives because it is the well-spring of ideas which have spread throughout the country.

"Our main business is adult education and when we mobilize for adult learning, we run smack into the economic issue," declared this physically huge man who, despite his 60-odd years is more active than many a youth. "No modern adult educator can dodge the economic issue."

The vigor with which he has pursued this idea for almost 30

Dr. (Monsignor) M. M. Coady, leader in co-operative and adult education movement, here from St. Francis Xavier University, Nova Scotia, for two-day visit.

years is reflected in the scope of the co-operative movement throughout the maritimes.

"The dynamics of the co-operative movement might have been stressed by the fact that we had rural depopulation and industrial strife at that time, but actually, we are grouped together to learn of the vital social processes in both good and bad times."

Although the movement in the maritimes started with fishermen and farmers, it soon spread to the industrial areas of Nova

### More Native Schools—Economic And Health Betterment Result In More Indian Children

A general increase in this province's population of native children is reflected in the Skeena agency and has been directly responsible for the necessity of a building program which has already involved the construction of new and larger schools at Metlakatla and Kitkatla, now completed, and others at Green-ville, Kincolith and Hartley Bay on which work is about to commence.

Indian Superintendent F. E. Anfield estimates that there has been an increase in native school population in his agency of twenty percent in the last five years. It now totals about 500 children.

This increase, the superintendent attributes, partly to the improved economic conditions of the natives but possibly the more important contributory factor has been the betterment in the health of the natives as a result of the greatly expanded (Continued on Page 2)

### Incredible Coincidence—

### Trawler's Net Finds Body of Missing George Powell

By a million-to-one chance, an American beam trawler's net Tuesday lifted from the floor of Hecate Strait, the body of a man believed to be George Powell, 36-year old Metlakatla fisherman and parts of the wreckage of the boat in which he disappeared last October 10.

The almost incredible coincidence took place about eight miles west of White Rocks at the north end of Banks Island in the general area where Powell disappeared in his trolling boat Rowena while crossing from Queen Charlotte Islands nearly seven weeks ago.

The body—officially unidentified, but believed to be that of Powell—was brought to the surface from 63 fathoms of water by the 90-foot trawler Coolidge II, of Bellingham, as it neared the end of a three-week voyage after bottom fish in Hecate Strait.

The Coolidge II, skippered by Capt. Harvey D. Riffe of Bellingham, spotted the body at 10 a.m. Tuesday when her net apparently snagged on the bottom. When her six-man crew raised the net, they found the body decomposed but of a man lashed to a smashed skull, part of the mast of a boat, a rife, life ring and two trolling poles. The body was clothed in rubber fisherman's garments.

The Coolidge crew experienced great difficulty in raising the mass, but finally got it on deck.

Unfamiliar with Canadian procedure under such circumstances, Capt. Riffe headed for White Rocks harbor, but contracted another trawler, the B.C. Producer. Her skipper Capt. Fred Kohse radioed the provincial police here and stood by the Coolidge.

Scotia and eventually through-out Canada.

"Your co-operatives out here are developed along lines pioneered by us back there," he said.

"It's a pretty sad state of affairs when people allow their problems to pile up into a mountainous scrap heap before they try to solve them," he declared. "They should take out problems in our stride, because, if we allow them to pile up, any charlatan or demagogue can then convince the people that he can remove them by putting a stick of dynamite under them and blowing them up—in the form of revolution."

Dr. Coady will address a public meeting at the Civic Centre tonight and a Co-operative banquet Thursday night.

### Labor Out By 12-Seat Margin In First Upset In 14 Years

#### NEW ATOMIC WEAPONS TEST

WASHINGTON (CP)—The United States plans to make a new series of atomic weapons tests at Eniwetok in the Pacific. This was made known Tuesday night in a joint announcement by the Atomic Energy Commission and the Defence Department.

The announcement gave no indication when the tests will be held. They are to determine the efficiency of the improved weapons developed since the last experiments at the Eniwetok proving grounds in the spring of 1948.

#### BLOCKADE RUNNERS TAKE OWN CHANCES

WASHINGTON (CP)—Secretary of State Acheson said today that American ships are entering the Chinese blockade port of Shanghai at their own risk.

He indirectly rebuked the 15-branch Steamship Line for having sent its vessels into that area, two of which have been shelled.

Acheson reported that the government has rejected all requests of the shipping for an American naval convoy.

#### FRIZZELL TO RUN

G. Douglas Frizzell, city motor dealer, said this afternoon that he plans to file papers for a one-year aldermanic term. He expects to file the papers Thursday.

#### MacLean Enters Race

Nomination of Walter Austen MacLean, for alderman were filed at the city hall this morning. Resident of Prince Rupert since 1921 and former member of the city public works department and alderman, Mr. MacLean was proposed by Nora E. Arnold and seconded by James H. Thompson.

#### FITCH FILES PAPERS

Nomination papers of Donald Franklin Fitch for alderman were filed with Returning Officer H. D. Thain this morning. His proposer is Richard Long and his seconder, Harold S. Whalen.

### Snow Lower On Mountain Tops

Away later than usual, winter levelled down towards Prince Rupert with disconcerting nearness overnight, dropping a warning blanket of snow on the higher slopes of Mount Oldfield and Mount Hays within a few hundred feet of the rooftops.

City residents arose on this clear and cool morning to see the powdery mantle and to perceive its resultant chill. While cool rain was falling, the snow had been coming to the mountain tops and it was well down the sides of such higher crests as Mount Morse and those beyond.

Although the temperature overnight remained well above the freezing point—36 degrees—presence of snow at so low a level left a nip in the air this morning and a warning of the possible frigid prospects ahead.

However, the thing has some compensations in the public mind. Popular comment was aimed at reminding others that a year ago not only Mount Oldfield but rooftops and streets as well were snow-laden.

Trouble developed in the Falls River power plant last night and commencing at approximately 8:30 the city was in complete darkness for 20 minutes. Shawatlans plant was the source of supply for a time after the "kick-off" at Falls River which, however, soon came on again.

#### Free Enterprise versus Socialism Basis of Voting

WELLINGTON (CP)—New Zealand electors today chose free enterprise over socialism, turning out of office the Labor Party and into power the National Party.

The National Party, campaigning for a return of free enterprise, captured 46 out of 80 seats in the House of Representatives. The Labor Party won the remaining 34. The result ended 14 years of government by the Labor Party.

At the dissolution of Parliament Labor held 40 seats and the National or Conservative Party, held 38. One seat was vacant and one held by Frank Langstone, Independent Labor. Langstone, former High Commissioner to Canada, broke away from the Labor Party last August, opposing its decision to support compulsory military training.

The campaign resolved itself largely into a struggle between Socialism and free enterprise. Sydney George Holland, National Party leader, said during the election campaign that his first objective will be to "get the people free from the domination of the State."

Leading Labor in its unsuccessful bid for re-election was Prime Minister Peter Fraser, crusty, Scots-born politician. Fraser, 65, has been Prime Minister since 1940.

### BASKETBALL—

### Co-ops Score Decisive Victory Over School

The Junior Game Last Night Between Kinsmen and Rupert Hotel Was Excellent. There Was Basketball for the Whole Game

Last night Co-op went into high gear in the last half of the final quarter of the Senior League basketball game to rain baskets in from every angle, winning by a decisive 74 to 57 score. The Bo-Me-Hi team was leading 51-50 with about eight minutes left to play and it looked like anyone's game. Then the team fell apart and gave a display of wild passing and shooting that netted them exactly six more points while Co-op were going to town to garner 24. It was a big night for Arney, Flaten and Rupert Holstad, who grossed a total of 50 points. Ted Arney played a beautiful driving game, breaking up play after play and shooting swish shots from impossible angles. Rupert Holstad and Jim Flaten were equally effective although not adding quite the driving power and leadership provided by Arney.

Ladies' League  
In a better than average game in the ladies' division the People's soundly trounced their arch rivals Dom's by a 21 to 9 score. There was just no holding Jackie Budinich who ran in a tidy 13 points to practically win the game on her own efforts. Once again there was too much holding and hacking, but the referees tightened up considerably to call 17 fouls.

### CHUNGKING FALLS BEFORE REDS

HONG KONG (CP)—Communist forces moved in on Chungking today and reliable reports from Taipei, Formosa, Generalissimo Chiang Kai-Shek's headquarters, said that the city fell at noon.

He had been leading the defenses of Chungking and trying to get Acting President Li Tsiung-Jen to return to China from this British colony.

A dispatch from Chungking to Chinese newspapers here said that 20,000 Red troops had crossed the Yangtze at 1 a.m. Tuesday, local time and entered the outskirts of Chungking.

### BRITONS REACT TO N.Z. ELECTION

LONDON (CP)—Prominent Labor Party members today expressed disappointment when told of the Labor Party defeat in the New Zealand general election.

Alice Bacon, deputy party chairman said: "I am sure that this is only a temporary setback—strengthened their team by the addition of Bill Davidson who had stepped down from the senior division. Davidson showed the effects of a month's idleness in New Zealand 'a sign of the times.'"

### PUBLIC MEETING

Civic Centre Auditorium, Nov. 30, 1949 at 8 p.m.

Speaker: DR. M. M. COADY

Director of the Department of Extension St. Francis Xavier University, Antigonish, N.S.

By Mail, Per Month, 50c; Per Year, \$5.00.

## Bankers---Up-to-date

REVOLUTIONS are not always emblazoned in headlines. Sometimes they come about slowly and are only perceived some time after they have happened.

Take the case of the bankers.  
Not so long ago, a bank customer's attitude was that it was the height of generosity and a high favor to be accorded a bank loan. The bank manager was an august, somewhat out of reach individual whose office one entered as a last desperate resort with heart in mouth and hat in hand.

That is all changed, now, however. Even the humblest citizen is now invited to the banker's office to discuss his financial problems and the possibility of receiving accommodation, providing, of course, that there are certain reasonable safeguards as to the ability to repay. The banks are even advertising to this effect these days.

The secret of it is that banking has changed, and not all of it ever was quite what the prevailing imagery has pictured. Generally speaking, the town banker has always been a pretty approachable, open-minded, and well-informed person, more concerned with the welfare of human beings than might be supposed. While the larger city banker properly is restrained by professional ethics from a kind of financial ambulance chasing, he is usually more than interested in listening to the needs and opportunities of an enterprising individual or concern.

In short, the change is more in the facade than in the essence of banking. Yet change there has certainly been in banks during the last two or three decades. Personal loan departments, time purchase plans, drive-in deposit windows, and women's financial advisers, are only part of the revolution. Banks, the best of them, at least, have definitely been keeping up with the times during the last couple of decades.

## Missionary At Cathedral

The Man from Macedonia who said to St. Paul in the vision: "Come over and help us," was the sermon theme of Rev. A. V. Ottiwell who preached at St. Andrew's Cathedral Sunday morning. Mr. and Mrs. Ottiwell were here enroute to Kincolth where Mr. Ottiwell will assume duties as Anglican missionary.

Mr. Ottiwell has been living in St. Anne de Bellevue where he has been chaplain to the Veterans' Hospital. During the war he served with the Canadian army in England, Normandy, Belgium and Holland and was attached to No. 8 General Hospital Unit. He was married about two years ago and his wife is a graduate of the church deaconess and missionary training college in Toronto.

## IN THE SUPREME COURT OF BRITISH COLUMBIA

IN PROBATE  
IN THE MATTER OF THE ESTATE OF NELS LIND, DECEASED  
TAKE NOTICE that by order of the Supreme Court of British Columbia Letters Probate of the last will of Nels Lind, who died on the 20th day of December, 1948, at Prince Rupert, British Columbia were granted to me.

All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith, and all persons having claims against the estate are required to file particulars thereof with me duly verified on or before the 28th day of December, 1949, after which date I will proceed to distribute the estate to those entitled, having regard only to such claims as I shall then have received notice.

Dated at Prince Rupert, B. C. this 28th day of November, 1949.  
OLOF HANSON  
Executor  
Prince Rupert, B. C. (288)

## ECONOMIC AND HEALTH

(Continued from Page 1)

medical program of recent years. More Indians are now reaching maturity in good health than was previously the case and, naturally there are more children.

The three new schools, for which the materials are being dispatched this week from Prince Rupert on scows towed by seineboats from the villages concerned, represent a total cost of about \$100,000. Construction of the buildings will be by the natives themselves under the direction of the department. Each new school — at Greenville, Kincolth and Hartley Bay — consists of two rooms with teacherage. They are to be completed by March 31, the end of the federal fiscal year. Greenville and Hartley Bay are increasing from one to two-room schools.

New schools at Metlakatla and Kitkatla, recently completed, are now in operation. The Kitkatla school is a two-room institution where formerly there was one room.

The school population in the Prince Rupert agency today stands about 500. Nineteen teachers are employed in ten villages with seventeen divisions in aggregate.

Schools and Teachers  
The schools in the agency with their teachers are:

Aiyansh—Two rooms, Miss Nichols and Miss G. Froese, teachers.

Canyon City—One room, Miss Grace Burkett.

Greenville—Two rooms, Mrs. H. J. Cameron and D. A. Calford.

Kincolth—Two rooms, Miss Kathleen How.

Port Simpson—Three rooms, Miss Gladys Findlay, Miss Irene Waterman and Miss L. Larsen.

Metlakatla—One room, Miss L. Monckton.

Kitkatla—Two rooms, Mrs. Robert Harmon and Mrs. A. M. Hutchison.

Hartley Bay—Two rooms, C. Unruh and Miss G. Friessen.

Kitseas—One room, A. J. Walker.

Sunnyside—One room, Miss Margaret Thomas.

The school at Port Edward formerly operated by the Department of Indian Affairs, has been absorbed into the Prince Rupert public school district.

## Festival Of Music, Drama

The Music and Drama Festival for Prince Rupert is expected to take place March 22-24 next and the syllabus for both music and drama is being widely distributed with entry forms. Enquiries have been received from as far away as Vanderhoof and Houston.

The enquiry from Houston had reference to the possibility of offering national songs and dances from Europe. While these would be most welcome and acceptable, they would not be competitive items. Nevertheless the adjudicator would consent helpfully on this work and not confine himself to the competitive items.

Stanley Bligh, the music editor of the Vancouver Sun, who adjudicated the musical side of the Festival last May, has been invited to come back again. The Association executive has been notified by H. S. Hurn of the School and Community Branch of the Department of Education that Mrs. Johnson, who adjudicated the drama so interestingly and ably before, will come again.

More classes are being offered this year in piano and violin and the adjudicators have asked that morning sessions be held on the days of the Festival in order that they may have more time to help the contestants and to be in contact with their teachers. Lists of plays from the three classes of drama have been received from Mrs. Johnson who is most anxious that the right choice of play be made. However, it is not

compulsory to choose from these lists.

The whole financial set-up of the Festival is undergoing considerable revision with the idea of producing more revenue so that contesting groups from a distance may be helped with their travelling, and also that a scholarship fund may be set up to send one of the school student contestants to Victoria, Banff or some other place for extra training in music and drama, or at any rate to assist to that end.

Mrs. Frank Wright has resigned the office of secretary and her place has been taken by Mrs. Oldham. There are a considerable number of vacancies on the executive of the Association and steps are being taken to fill them. Offers of assistance for this work would be welcomed. One of the ways

in which to increase the staff of voluntary workers is conceived to be through the larger clubs and service organizations.

## Eczema Prescription Praised

Considerable praise has been given to the results obtained with a prescription for the relief of Eczema. The prescription is a clear, colorless and odorless liquid containing no oil or grease and will not stain. Application is simple. Affected parts are washed with a pure soap and warm water, the prescription Exoff Concentrated is then patted on with a small swab of cotton—apply night and morning. Your own druggist can supply you with this prescription, simply ask for 3 ozs. of Exoff Concentrated and if your skin is tender, cracks, or gets dry, you should also obtain 1/2 oz. of Exoff Ointment. If you have not tried it, clip this out to remind you.

## Money and Trouble Can Be Saved

The next time you hear of a fire say to yourself, "I must get my heating system checked by THOM SHEET METAL to make sure that it is in shape for winter weather."

And the next time you hear of a fire say to yourself, "I must get my THOM SHEET METAL but I'll do it now."

And then maybe the next fire you read about won't be yours either. For furnace, oil burners and general sheet metal work

• Women of the Moose—Rummage sale at Moose Temple, Saturday, December 3 at 2 p.m. (281)

Brydges, McLean and Rudderham have taken over the premises in the Westenhaver Block on Second Avenue next to G. W. Nickerson's office which they are now renovating preparatory to occupancy with their accounting office, an office equipment showroom and a repair shop. The concern is now located in the Besner Block.

Union steamer Coquitlam, Capt. John Boden, was one hour late in docking at Prince Rupert Tuesday afternoon. Arriving here at 2 p.m. from the north, the Vancouver-bound vessel was held up due to increased unloading on its north run. Due to increased unloading at various waypoints the Coquitlam had been late in arriving here Sunday north-bound, getting in at 8:30 p.m. The Camosun ran into heavy seas on its way to Prince Rupert from Massett Inlet but arrived here at 6 p.m. Sunday bound south.

## Ray Reflects . . . . . . and Reminisces

It seems the principal problem of the United Nations military chiefs is to have a defence barrier from Norway to the Mediterranean past which no one could go without a fight. There is no hint here, of course, as to the identity of a possible future attacker, although one could invite a few suggestions, without seriously disturbing the international outlook.

A westerly flow of moist Pacific air is bringing showery weather to all coastal sections of the province. You note this in the daily meteorological report, and one feels an irresistible urge to exclaim "The --- you say."

Trying to make British Columbia appear a region where every prospect pleases and there isn't any rough stuff is largely a waste of time. Violence in many forms, swept the lower coast and for hundreds of miles inland. It's nothing unusual. Yet—and this is particularly true of Vancouver—there exists a strong dislike toward ever having anything said or printed or screened

that does not place her in a most attractive light. But there come times when she cannot minimize or play down, and this is one of them. The seasons come and go, and we all get a share of what they bring. British Columbia is a grand land but there is no perfection anywhere. It would be tiresome, anyway.

A year ago, California went on a great and glorified pension spree. The issue had been fought and the "bigger and better" pension side won handsomely. Population leaped. Many were taking for granted that the secret of how to live without working had at last been discovered. Today, California feels it's time for a change, and it can't come too soon. Pensions will continue. But expensive and needless "trimmings" will not. Pensions will be smaller, instead of prohibitive. California is finding out the folly of allowing campaign excitement and extravagant reform zeal to take the place of cool judgment and thrift in all things.

## LETTERBOX

REPLY TO WHALEN

Editor, Daily News:

While I am loath to use your columns for personal controversy, I would appreciate your publishing my answer to Ald. Whalen's criticism of my manifesto for the mayoralty.

I did not advocate any precise form of taxation. I did not mention or criticize any City Hall employees. It is the system of individuality that they run under—no head or co-ordination to it.

If I do not need the consent of the government to instal a city manager, all well and good. We did when it was last proposed. I will find out when I get the authority to do so after December 8. My qualifications for consideration from the government are

forty years of active citizenship; five years on the city council, not ten months. Still I don't figure I know it all. But I would use good common sense. I wouldn't imagine that the American administration building could be bought for \$5000. Nor would I question the advisability of encouraging the establishment of an aluminum industry in our vicinity.

Thank you, Mr. Editor.

ROBERT MCKAY

## LADIES' BOWLING LEAGUE SCHEDULE

Dec. 1—Plungers vs Commercial; Big Sisters vs Belmont; Rosa Lee vs Black Cats; Variety vs Lyons; Trollers vs Seal Cove; Lucky Strikes vs Pin Heads

SPECIAL MESSAGE  
to CUSTOMERS of the  
**B of M**

THIS YEAR

*You've written*  
**A TWO-BILLION-DOLLAR STORY!**

Every one of the B of M's 1,700,000 depositors has shared in the writing of it.

Simple and straightforward, it tells how the two-billion-dollar resources of Canada's First Bank have been put to work . . . how these resources—born of the deposits of our customers—are helping Canadians in every walk of life to make a better future for themselves and for Canada.

You can see these dollars at work everywhere . . . B of M commercial loans are at the highest year-end figure in the history of the Bank.

**Reporting**

THE FACTS BEHIND THE FIGURES

for 1949

### WHAT THE B of M HAS TO MEET ITS OBLIGATIONS:

**CASH:** The B of M has cash in its vaults and money on deposit with the Bank of Canada amounting to \$ 229,296,309.15

**MONEY** in the form of notes of, cheques on, and deposits with other banks 156,753,757.58

**INVESTMENTS:** The B of M has over a billion dollars invested in high-grade government bonds and other public securities, which have a ready market. Listed on the Bank's books at a figure not greater than their market value, they amount to 1,044,968,842.21

The B of M has other bonds, debentures and stocks, a substantial part of which represents assistance to industry for plant development in the post-war period. These investments are carried at 122,917,348.16

**CALL LOANS:** The B of M has call loans which are fully protected by quickly saleable securities. These loans amount to 48,174,652.91

**QUICKLY AVAILABLE RESOURCES:** The resources listed above, which can quickly be turned into cash, cover 78% of all that the Bank owes to the public. These "quick assets" amount to \$1,602,090,910.01

**LOANS:** During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind—to farmers, fishermen, lumbermen and ranchers—to citizens in all walks of life, and to Provincial and Municipal Governments and School Districts. These loans, now at the year-end figure in the Bank's history, stand at 487,352,653.41

**BANK BUILDINGS:** In hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at 541 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at 17,850,169.22

**OTHER ASSETS:** These chiefly represent liabilities of customers for commitments made by the Bank on their behalf, covering foreign and domestic trade transactions 32,394,530.80

**TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS.** \$2,139,688,263.44

### WHAT THE B of M OWES TO OTHERS:

**DEPOSITS:** While many business firms, manufacturers, merchants, farmers and people in every type of business have substantial deposits with the B of M, the larger part of the money on deposit with the Bank is the savings of well over a million private citizens. The total of all deposits is \$2,019,142,697.65

**BANK NOTES:** B of M bills in circulation, which are payable on presentation, amount to 3,621,916.00

**OTHER LIABILITIES:** Miscellaneous items, representing mainly commitments undertaken by the Bank on behalf of customers in their foreign and domestic trade transactions 31,767,839.18

**TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS** \$2,054,532,452.83

**TO PAY ALL IT OWES, THE B of M HAS TOTAL RESOURCES, AS SHOWN ON THE LEFT SIDE OF THIS STATEMENT, AMOUNTING TO** 2,139,688,263.44

**WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO** \$ 85,155,810.61

This figure of \$85,155,810.61 is made up of money subscribed by the shareholders and, to some extent, of profits which have from time to time been ploughed back into the business to broaden the Bank's services and to give added protection for the depositors.

**EARNINGS—**After paying all overhead expenses, including staff salaries, bonuses and contributions to the Pension Fund, and after making provision for contingencies, and for depreciation of Bank premises, furniture and equipment, the B of M reports earnings for the twelve months ended October 31st, 1949, of \$ 9,221,569.97

Provision for Dominion Income Tax and Provincial Taxes 3,405,000.00

Leaving Net Earnings of \$ 5,816,569.97

This amount was distributed as follows:

Dividends to Shareholders \$ 3,600,000.00

Balance to Profit and Loss Account 2,216,569.97

**BANK OF MONTREAL**

Canada's First Bank . . . WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

Rev. James A. Munro, superintendent of missions of the Presbyterian Church in Canada, arrived in the city on the Prince George today from Vancouver, being here on church business.

## TERRACE HAS REAL TALENT

Teen-Agers Present Three Good Plays

TERRACE—Some very fine talent among the local teen-agers came to light on Thursday evening at the Terrace Theatre when the Young People of the Knox United Church staged three plays. The theatre was full and each play was very well received by an appreciative audience.

George McAdams, the genial announcer, introduced each play and the actors and stated that part of the proceeds will be used to send one of the members to the Boys' Parliament in Victoria and the remainder will be applied to the Church Building Fund.

Later in the evening, Rev. P. M. Mallett, on behalf of the Young People, welcomed all those gathered there. The young people had worked very hard to produce these plays and he thanked the parents who had had to coach their youngsters in their parts. He also thanked Mrs. B. R. Dodds and Mrs. Brooks for lending furniture and other stage props. He expected that they would soon have sufficient funds to complete the building of the church.

The first play, "His First Shave," directed by a teenager, Flora Melvin, was very well played by all the characters and kept the house in an uproar to the very end. On the cast were Roy Clifford, Colleen Sites

CIVIC CENTRE

XMAS PRESENTS—Last week during the Junior Members' craft session, there was a shortage of looms for the weaving so they are now on order and will be ready for this Friday. Other Junior members could join this busy group making colorful presents for Christmas. One young member brought her knitting along and received expert advice from Mrs. Beckett who is so capably instructing on Friday afternoons. It is hoped that young ladies interested in learning to knit will attend on Friday afternoon.

LEATHERCRAFT—The young members of the Leathercraft club at the Civic Centre will be pleased to know that there are now colored leathers in stock from which project kits have been cut and are for sale complete in every detail. Change purses, pouch purses, key cases, men's wallets and men's purse kits have been prepared. They are the ideal gifts for Christmas. The capable assistance of Clinton Dalton is greatly appreciated in helping to prepare these kits for the craft groups.

Lorna Melvin, Effie Appeldoorn and Robin McCall.

The second play "Michael," an adaptation of Tolstoy's "What Men Live By" and directed by Mrs. Mallett, was a fine drama with a stirring climax well played by such young players. Players were Anita Brue, Gale McCall, Joan Gavan, Herbert Frandell, Robin McCall, Aaron Haaland, Sharon McIlroy, Marilyn Johnstone and Ann Smith.

After an intermission a delightful comedy, "A Marriage Proposal," sent everyone home in a happy mood. Showing the inconsistencies of human life, Margaret Kennedy, as the temperamental daughter of a Russian country farmer, did a first class piece of acting ably supported by Gerald Toop and Don Gillanders.

Helping behind the scenes were Jim Glen, Vim Appeldoorn, Sydney Kaufman and Denis de Kergommeaux. Ushers were, David Gillanders and Leah Caruthers. Cashier was Irene Haugland. Costume and make-up: Joan Atwood, Flora Melvin, Mrs. Mallett.

WOODWORKING—The Woodworking class was such a well attended affair that in the bedroom at closing time some kiddie took the wrong coat in haste to get home for supper. Alan Brett's new plaid jacket was taken by mistake and he hopes to get it back real soon in place of the one he was obliged to wear home. The newest project is a Merry Christmas sign all cut and painted different colors to grace the

front doorway at Christmas time. It is proving quite popular along with tie racks and book ends. This is really one of the busiest seasons of the whole week in the craft section of the Civic Centre and, even with the aid of Mrs. J. T. Harvey and Paul Dumont, there is plenty to keep the instructors working at a furious pace. Any volunteers would be most welcome at this busy gathering of future craft masters.
