## Radar Net As Defense

Huge Program for North  
Canada and Alaska Planned

OTTAWA, (CP) — Informed  
sources last night confirmed re-  
ports that United States and  
Canada are considering plans  
for construction of a joint ra-  
dar network across the Cana-  
dian northland and Alaska  
which would cost \$250,000,000  
and would require 2500 men to  
operate. It would be in the  
nature of a first line of defence  
against aggression.

This and other matters are  
expected to be discussed when  
Defence Secretary James For-  
restal comes to Ottawa in three  
days to confer with Defence  
Minister Brooke Claxton. The  
call of Mr. Forrestal has been  
described as a "courtesy visit."

High defence officials were  
unable to say if the \$250,000,000  
estimate of cost as reported by  
the Washington newspaper  
Times-Herald was authentic but  
one source said it would cost a  
lot of money to build a thing  
like that, even to scout sites.

The defence officials said the  
whole subject was still in the  
explorative stage. A radar net-  
work was merely likely part of  
a comprehensive continental de-  
fensive scheme and was, there-  
fore, under consideration.

## PASSING OF NEWSPAPERMAN

Ronald Kenwyn Dies in  
Vancouver at 63

VANCOUVER, (CP) — Ronald  
Kenwyn M.B.E., veteran news-  
paperman and poet, died today  
at the age of 63. During the war  
he served as public relations  
officer of the Wartime Prices  
and Trade Board information  
branch here.

Former managing editor of  
the Vancouver Province, Ken-  
tute of Journalists of Great Bri-  
vyn was a Fellow of the Insti-  
tute, having been honored for  
distinguished war work.

## New York Printers Are Getting Big Pay

NEW YORK—Composing room  
employees in twelve New York  
City daily newspapers have ac-  
cepted a new agreement calling  
for a \$9 weekly pay raise.  
This provides for \$99 a week  
for the day shift, \$104 night

## QUADRUPLETS ARE ALL DEAD

ST. ANTOINE, Quebec — All  
four quadruplet boys born to  
Mrs. Vaudreil of this Lauren-  
tion village are dead. The mother  
herself is doing well.

## THREE CANADIAN DESTROYERS COMING HERE FOR PORT DAY

Not one but three Canadian warships will be here for Port  
Day. It was definitely announced from H.M.C.S. Chatham this  
afternoon. They will be the destroyers Cayuga, Crescent and  
Athabaskan.

## HAVANA BANK CLEANED OUT

Half Million Dollars Taken  
in Well Planned Robbery

HAVANA, Cuba—Eight band-  
its, armed with pistols and  
machine guns, their leader  
dressed in the uniform of a po-  
liceman, held up the midtown  
Havana branch of the Royal  
Bank of Canada just about clos-  
ing time yesterday and made  
their getaway with \$562,000. On  
entering the building, they  
rounded up all the employees  
and customers still in the bank,  
locking them in a rear room and  
taking possession of all the  
money in sight. The job was  
done in a thorough and experi-  
enced manner. Not a shot was  
fired.

## GOUZENKO NOT TO BE HEARD

OTTAWA— Authorities here  
say that it is unlikely Igor Gou-  
zenko will testify before the United  
States un-American activities  
committee either in the  
United States or here before a  
sub-committee. Gouzenko is  
under R.C.M.P. protection and  
his whereabouts is a secret. The  
police are taking no chances.

## TO HOLD OUT ON RUSSIA

Shipments of Rubber, Diesel  
Engines and Electric Motors  
to Cease

LONDON—United States and  
Great Britain are considering  
the stopping of all shipments of  
rubber, diesel engines and elec-  
tric generators to Russia.

## C.C.F. TO BE SECOND HIGH

Liberals Will Have Largest  
Group Again After Federal  
Election, Lewis Predicts

WINNIPEG—David Lewis, na-  
tional secretary of the Co-  
operative Commonwealth Fed-  
eration, thinks the Liberal  
party will have the largest  
group in Parliament following  
the next federal election but  
that the C.C.F. will be the se-  
cond largest with the Progres-  
sive-Conservatives third and  
the Social credit "through." He  
does not believe that the Li-  
berals will have a clear major-  
ity.

Asked if the C.C.F. would join  
a coalition, Lewis said this was  
against "present" policy.

The national secretary in-  
timated that the C.C.F. would  
make a drive to win more labor  
support.

Lewis predicted that policy  
plans to be adopted by the  
forthcoming convention would  
call for public ownership of  
banks and railways (including  
the Canadian Pacific), greater  
social security and low rental  
housing.

## TAKE OVER JERUSALEM

Jews Would Annex New City  
and Demilitarize Old

TEL AVIV—The Israeli gov-  
ernment has decided to annex  
the new city of Jerusalem and  
demilitarize the old city which  
is now occupied by the Arabs,  
it was stated last night.

## MORE SHIPS TO BRING D.P.'S

OTTAWA (CP)—The fleet of ves-  
sels to carry displaced person  
immigrants from Europe to Cana-  
da is to be augmented. The  
steamers Samaria and Scythia  
will be used in addition to the  
Beaverbrae.

AS FORD WORKERS WON PAY BOOST—Everyone is in a  
gay mood as John Bugas (left foreground, labor relations head  
for the Ford company, shakes hands in Detroit with Walter  
Reuther, leader of the United Auto Workers, whose arm is still  
in a sling. This handclasp spells the end of negotiations in  
which some 116,000 production workers get a 13 cent an hour  
wage increase. The pay hike will mean \$32,000,000 per year to  
employees.

## Aid To Europe Vital to World Stability, U.S. Editor Says

The midwestern United States, once a bulwark of  
isolationism, is now a strong supporter of the princi-  
ple that the U.S. must assume world responsibility  
in the interests of peace, in the opinion of James T.  
Hilliard, Ohio newspaper editor who was a visitor  
here Wednesday.

A "grassroots Republican" from  
the state that gave the U.S. its  
post-war President a generation  
ago, Mr. Hilliard has seen mid-  
west sentiment swing from be-  
tween-wars isolationism to its  
current world-responsibility at-  
titude and its metaphors has  
paralleled his own change  
of opinion.

"Although I certainly didn't  
believe it at the time, I feel now  
that if Warren G. Harding and  
his Republican Congress had at  
least made an attempt to pur-  
sue the policies of Wilson, his-  
tory would have been different,"  
the stout, greying editor from  
Wooster, Ohio, said aboard the  
steamer Prince Rupert.

He is bound for Alaska, where  
he will visit Juneau, Anchorage  
and Fairbanks "so I can under-  
stand something of the terri-  
tory's problems." He made a  
similar trip to Europe a year  
ago.

"What I saw in Europe con-  
vinced me that there must be  
unity and leadership if the con-  
tinent is to remain free and  
achieve stability," he said.  
"Either they must be aided by  
us or Russia will supply the  
leadership."

The next U.S. President? Why  
Dewey, of course, he prophesied.  
Next November's voting will eli-  
minate the inconsistency of a  
Democratic President and a Re-  
publican Congress.

In his own industrial and  
farming state, prosperity has  
never been more evident, al-  
though high living costs are  
causing some clamor for price  
controls.

"Personally, I don't favor con-  
trols. I believe that the sooner  
we help re-establish production  
in Europe, the quicker normal  
price levels will return to the  
U.S. It is the terrific foreign  
demand for our products that  
boosts prices. Europe's rehabili-  
tation is the root of the prob-  
lem."

## MONTREAL WINS FOOTBALL TITLE

TORONTO— Vancouver St.  
Andrew's lost the Dominion  
Cup, emblematic of Dominion  
Football Association cham-  
pionship here last night when  
they were defeated by Mont-  
real Carsteels 4 to 3 in the  
final game of the best of  
three series. It was the same  
score by which Vancouver  
had lost the first game last  
Saturday night. They won  
the second game Monday  
night 3 to 1 and extended the  
series into the third game. It  
is the first time in 25 years  
a Montreal team has had the  
championship. Marcel Cas-  
tonguay scored the tying and  
winning goals for Montreal.

## BUTTER SUPPLY IS AWAY DOWN

OTTAWA (CP)—There are four-  
teen million pounds less of butter  
in Canada today than there was  
this time a year ago, the Domi-  
nion Bureau of Statistics re-  
ports.

Yesterday the National Dairy  
Council, which has led the fight  
against manufacture and sale of  
oleomargarine, said that, in view  
of shortage, a substitute for  
butter might be needed by Oc-  
tober.

However, it is considered un-  
likely that the Dominion govern-  
ment will take any action until  
a ruling has been received from  
the Supreme Court as to the  
validity of a ban on the manu-  
facture and sale of margarine.

## Move U.S. War Dead To Permanent Graves

PARIS (Reuters)—Thirty-four  
of the 37 temporary United  
States cemeteries in western  
Europe have been closed so the  
graves can be grouped in 10  
permanent cemeteries. There  
will then be five permanent  
cemeteries in France, one in  
Cambridge, England, one in Lux-  
embourg, one in The Netherlands  
and two in Belgium, it is an-  
nounced by Paris headquarters  
of the American Graves Regis-  
tration Command. So far, 34,877  
bodies have been returned to the  
United States.

# Suggested Forrestal Take Up Project On His Visit to Ottawa

## Washington Senator In Agreement With President Truman As To Vital Need

WASHINGTON, D.C. (CP)—Defence Secretary  
James Forrestal was asked today to sound out the  
Canadian government on its attitude towards a pro-  
posal for a railroad connecting the United States and  
Alaska.

Senator Warren Magnuson, Democrat, Washing-  
ton, wrote Forrestal that he  
hoped the secretary would dis-  
cuss the project during a con-  
ference at Ottawa August 15  
with Defence Minister Claxton.

Magnuson said he had been  
informed that President Truman  
recently indicated belief that a  
railway was needed from Prince  
George to Fairbanks.

"It is vital to the defence and  
development of the territory,"  
declared Magnuson.

WASHINGTON — Not less  
than 180 million dollars will be  
spent in army construction in  
Alaska, much of the work being  
already under way.

Family units, special quarters,  
power plants, repeater stations,  
transmitter buildings, ware-  
houses, docks, flood lights, fire  
fighting and water systems.  
tuning stations, signal centres  
are some of the requirements

## The C.C.F. Agrees

THREE WEEKS AGO we wrote an editorial about national political conventions in which we expressed the opinion that "more important than the choosing of party leaders should be the business of building platforms and adopting of policies." We were referring particularly to the Liberals and Conservatives. So the dispatch yesterday from Winnipeg in which it was stated that the C.C.F., at their national convention on August 19 will emphasize policy rather than leadership is interesting and in line with our ideas.

At the same time, the C.C.F. has no problem of national leadership since they already have a proven and capable leader in the person of Mr. Coldwell who very deservedly also enjoys the esteem and respect not only of his own party but of all political groups. On the other hand, however, the Liberals were seeking a new leader as the Conservatives are now doing. Personalities, as we said before, are more appealing to human nature than policies and so it would be with the C.C.F. too were their convention faced the selecting of a leader rather than merely re-electing the present one. Its only business is to consider policy.

The Liberal party decided that henceforth there would be national conventions at least every four years for the very purpose of discussing party policy. Most likely the Conservatives will agree to do likewise although in recent years they have had fairly frequent national conventions since they have been changing leaders so much.

## LIVING ON HOPE

RUSSIA MUST at least be a land of great hope. In fact it and its satellites appear to be happily living on hopes deferred. Say what we like, one can reflect that in one thing at least communism has been more successful than democracy. It at least gives people hope, even though hope may not provide a very good living.

Year after year Russia suffered and followed a five-year plan. It didn't materialize, but there was always another five-year plan ahead—some promise of ultimate good. "Things are bad, but they will be all right."

Democracy provides us its advantages as we go. They are there, something to be used. We accept them almost without thought because they are an actuality, not a golden dream of some future, perhaps impossible, hope. The difference is between the thing you have, and the thing you hope to have.

We don't know whether it is possible to change democracy or whether it would be wise to do so, if we could. But surely we must all believe that if an ugly creed can make so many converts it is time we set a value on our own, that it may seem to be worthwhile to thoughtless millions to whom it now stands only for the good provider. We must have learned that it takes more than that to make it stir the heart.

## A HIGH PROFESSION

THE SCHOOLS OF CANADA face a shortage of teachers well up in the thousands, according to the latest estimate, and the end of the annual vacation period is now a matter of a few more weeks. The salary question appears to be the chief reason why there is this lack. A good teacher—man or woman—is entitled to a satisfactory income—enough to meet all reasonable requirements.

A teacher, with proven ability is, or ought to be, a person of consequence, anywhere.

The responsibility is a weighty one. It is double so today, when families, many of school age, are arriving from shattered Europe, to begin life anew in Canada. What will these children absorb, and under what circumstances, will they listen to tuition, and what impressions will be made on their young minds?

If there are too few teachers, there are plenty of others who though not classified as such are roaming over the country doing their best to expound certain lessons and doctrines to all and sundry who are youthful and naive enough to listen.

## '98 IS RE-LIVED

THERE WAS SOMETHING about the days of '98 that gave a guarantee to keep memory fresh and fair, as long as life lasted.

Otherwise, the reunion that starts in Vancouver today could not have taken place on the scale it has.

This is the fiftieth anniversary of the strike that sent the world stampeding to the Klondyke. Sourdoughs are scattered all over the continent. No matter where they are, no matter what the circumstances all are linked in enduring bonds.

The reunion will last four days, with Vancouver the pivotal point.

Sourdoughs are becoming fewer. The years are commencing to tell. But this is not saying they will not rejoice to see such a notable anniversary honored as it should be and live over again the days when life was lusty, life was good. All did not strike gold. But none would have missed the "Days of '98."

## British Purge Raises Rumpus

LONDON (AP) — Britain's purge of Communists from government posts is proceeding quietly but a rumpus has enlivened the proceedings.

She is 30-year-old Ann George, private secretary to Education Minister George Tomlinson. Small, keen, an ardent trade unionist, she was the first civil servant to be suspended after a declaration by Prime Minister Attlee that only persons of utmost reliability may be employed in any work involving security of the state.

The prime minister, in a statement to the Commons, said membership in the Communist Party, a reputation for being a fellow traveller are grounds to raise a presumption that a civil servant is unfit for certain posts.

In a careful approach to a ticklish issue, Attlee outlined a plan to investigate suspiciously, or transfer them to other jobs with the least possible stir.

First the prime minister set up an Advisory Commission and named to it three former civil servants, all men of high repute and broad understanding.

Ministers who hear about Communists or Fascists or persons closely associated with Communist or Fascist enterprises serving in key positions must place such persons on leave, with pay, and certify the cases to the Commission.

### Non-Judicial Hearing

If they wish, the individuals singled out may appear before the Commission for a non-judicial hearing. The Commission after hearing all evidence in private, then reports to the minister who takes appropriate action—dismissal or transfer to some other post in which the individual can do no harm.

The Treasury which has charge of the purge machinery, said "about 25" persons now are on leave with pay awaiting action by the minister or the Commission. Miss George was the very first to go and she reacted with such vigor that well-planned intentions to carry on the purge quietly may be upset.

An impressive speaker with wide support in trade unions, Miss George was quick to defend herself in public. Asked directly whether she is a Communist, she replied: "No employer has a right to ask such a question."

She chose not to appear before the Advisory Commission, thus placing the entire responsibility on her employer, Education Minister Tomlinson. The minister has called her "the perfect private secretary." She

Schilling, commander of the 16 Loughheed F-80A Jet fighters, who made transatlantic jet flight, is welcomed to England by Air Vice-Marshal Sir James Robb, R.A.F., at left, of the air council, on arrival at Oldham, Hampshire, Eng. The planes are enroute to Germany where tension between the western allies and Soviet Russia is steadily mounting.

was re-elected to a trade union post with a thumping majority and she challenged anyone to find a weak spot in her record for loyalty to Britain.

Miss George, and some others on leave, object to some features of the Commission hearings. One is that they may not be represented by counsel. Another is that persons under investigation are not told the source of the evidence on the grounds that to disclose it might hamper other inquiries under way.

Another suspended person is E.J. Hicks of the Air Ministry staff. The ministry permits him to occupy his old office to carry out his duties as an official of the Civil Service Clerical Association, but he is not allowed to handle Air Ministry business.

## Rabbi Sees Future For Jews In Empire

LONDON, © — There is no conflict between British ways and the ways of the Jewish community, Rabbi Israel Brodie said in a sermon when he was installed as Chief Rabbi of the United Hebrew Congregation of the British Commonwealth and Empire. "You and I must believe that the community, through the Commonwealth and Empire is yet destined for still greater things in the service of Israel and mankind," he said. "We must not be dejected or indulge in self-pity or bitterness because there are elements in this country whose behaviour is repugnant to the British tradition of freedom and fair play." Rabbi Brodie succeeds the late Very Rev. J. H. Hertz.

## FASTBALL GAME IS WASHED OUT

First game of the city fastball league finals was cancelled on account of wet grounds last night but the starting teams, C. N.R.A. and 99 Taxi, will battle for the championship in the best-of-five series as soon as weather permits.

Meanwhile, C.N.R.A. has definitely announced that they have their troubles too, and that they take a dim view of any suggestion that they grant 99 Taxi the right to field Art Olson, who lacks the two-game qualification required for entry in the playoffs.

Says Don Nixon, business manager for C.N.R.A., which topped the league schedule: "We are going to have just as much trouble fielding a strong team as will 99 Taxi. Maybe we are a bit stronger on the pitching end but at present we are short five players from our regular string. We aren't in a position to give any advantage to anybody."

The railroaders fail to see any indication of poor sportsmanship on their part if they deny Olson the right to take part in the finals and as for the rules, well, rules are rules and were made to be guided by and not be scrapped at the convenience of any team.

The fastball commission, apparently, takes a similar view of the rules, despite an earlier suggestion to the contrary.

Right now, according to Manager Nixon, C.N.R.A. is short Lorne Vanetta and A. Mostad, first basemen, and Alex Cembella, Frank Parlett and Don Stewart, fielders.

"Sure, we have Lahti and Dunbar on the mound, but we have Dunbar because he made a special effort to get to Prince Rupert in time to qualify for the playoffs. If our team goes to the trouble of looking after its strength, other teams can do the same thing."

### SOCCER TEAMS ARE SELECTED

Following the conclusion of the Mobley Cup fixture last evening the Football Selection Committee foregathered to select the two teams to play in the first Sunday evening's double-header. The committee was handicapped by the fact that some players are on holiday, some are going away, one is being married and so on.

Depending on the display put up by the following players in Sunday evening's game the All-Star team to play against the visiting Navy will be selected:

Probables—Morgan (captain), Nelson, Ferguson, Veitch, Olsen, Sharpe, Dunbar, Pavlikis, Pat Wilson, Darrow Gomez. Possibles—Brodie, James, Hebb, Yeiland, W. Murray (captain), C. Currie, Bob Currie, Parkhouse, Wyatt, Armstrong, Owens.

Rest of League vs. Old-Timers—Boulter; F. Gomez, John Wilson; B. Gomez, Greer, Bremner; Holkestad, A. Gomez, R. Smith, Lien, Dave Murray, Ward, Mulder, Hutchinson, Large.

### Twenty Years Ago in Sport

August 12, 1928  
Terminals blanked the Regiment 4-0. Chenoski was very dangerous and Strachan headed in one goal and Dickens also scored on his centres. Dickens added a third goal and then Hodgkinson turned the ball through his own goal for the Terminals' last score. The tussles between Baptie and Currie provided the highlights of the game. Brand's goal-keeping was outstanding while Gurvich's save from Baptie's free kick was notable.

Regiment—Brand; Ross, Norrington; George, Haveland, Alf. Hodgkinson; Wilson, Appleyard, Tinker, Baptie, A. Davis.

Terminals—Gurvich; Skinner, Howe; Hill, Currie, MacDonald; Harrison, Strachan, Dickens, Burdet, Chenoski.

### Sport Shots

Last game of the city baseball schedule is set for Sunday at Roosevelt Park when Merchants meet Savoy. This will be a crucial encounter, deciding whether or not Merchants emerge from the season's play with a record equal to that of Savoy who have dominated the league up to its late season stage. Savoy now have 10 victories and five losses and Merchants nine wins and six losses. If Merchants take Sunday's game, it will give them their tenth

### ATHLETICS TAKE LEAD

Although Cleveland Indians Are Still Even On Percentage Basis

BOSTON—Boston Braves retained their three-game margin of leadership over the Brooklyn Dodgers and St. Louis Cardinals in the National League yesterday by winning a close 4 to 3 decision over New York Giants while Brooklyn was defeating the Phillies as the Cardinals were downing the Cincinnati Reds. Pittsburgh Pirates defeated Chicago Cubs and almost caught up with the fourth place Giants.

In the American League the Cleveland Indians and St. Louis Browns split a double-header and the Indians are mathematically tied with the Philadelphia Athletics who are actually half a game ahead as a result of their easy victory over Washington Senators. Boston Red Sox moved into third place ahead of the New York Yankees whom they defeated.

Yesterday's Big League scores:

National  
New York 3, Boston 4.  
Philadelphia 2, Brooklyn 3.  
St. Louis 9, Cincinnati 4.  
Chicago 2, Pittsburgh 4.

American

win, for six losses, while Savoy will have added a sixth loss to their record, tying the standings at the threshold of the playoffs.

Big League soccer in England opens August 21 this season—a week earlier than usual—and mid-week games will again be curtailed at government request. The Football Association also announced 614 clubs have entered the knockout competition for the F.A. Cup. Unheard-of outfits like Harrogate Hot-spurs and Shilbottle Colliery will take their chance along with magnetic Manchester United, 1947-48 Cup winners, and Arsenal, champions of the league.

## BATTERY BEATS HIGH SCHOOL

Gunners Blank Students 3-0

In spite of unsettled weather the scheduled football game in the Mobley Cup competition last evening was played with the Battery defeating the High School by three goals to nil.

Play in the first half gave the high school a territorial advantage but their forwards made little progress against a strong and effective Battery defence. At the other end the Battery were always dangerous. Boulter came out to clear and, when he was beaten, Hebb did a smart piece of work. Lien got across a centre but it was too high and fast for Pat Wilson to get. Dunbar was dangerous but John Wilson held him off. Then Pavlikis and Parkhouse tested Boulter with two hard drives that Tommy stopped but Dunbar got a rebound and gave Boulter no chance. Darrow Gomez had a hard drive blocked. Olsen, Sharpe and Currie checked the Battery forwards time and again but their own forwards finished very weakly and half time came with the Gunners a goal up.

The second half was well contested too. Dunbar and Parkhouse made many raids but found Sharpe and Wilson persistent tacklers. Boulter had to run out to clear and again stopped two hard drives but Dunbar got the ball across, and when a greasy ball was mis-kicked by the defence, Pavlikis made no mistake but put the Battery two up. Then in one of the few High School forward attacks Lien got the ball over and Pat Wilson turned it against the crossbar from an awkward position. Bob Murray and Wilson (sr.) made little headway and then the gunners got their third goal when Pavlikis beat Boulter from close in. Hebb did well to stop Darrow Gomez but Battery were deserved winners.

Teams:

Battery—Morgan; James, Ferguson; A. Gomez, Veitch, D. Gomez; Dunbar, Parkhouse, Pavlikis, Ward, B. Gomez.

High School—Boulter; Hebb, John Wilson; C. Currie, Olsen, Sharpe; Lien, Halverson, Pat Wilson, Bob Murray, Wilson (sr.).

hardly a shot to stop. Ferguson and James kicked well and strongly. Veitch was a hard checker and Darrow Gomez played his usual clever, aggressive game. Alex Gomez kicked well. Dunbar made an auspicious start centering well with either foot. Parkhouse fed his outside man well and played fast but shot wild. Pavlikis was a dangerous, bustling opportunist. Ward, who came on late did well, and Billy Gomez was useful.

The High School with only six of their regular players, did well in defence but were very weak forward. Boulter saved many a shot and was blameless with the scoring balls. Hebb did a big job and John Wilson defended manfully and successfully. The High School halfback line was very good. Each tackled well, showed good ball control and passed nicely but were overworked as their forwards failed. Lien got a few centres across but Halverson, Bob Murray and Wilson (sr.), all "old-timers" and just filling in, were

## ADAM McINTOSH DIES AT HOME

Former Well Known Railway Employee Passes Away

Adam McIntosh, a resident of Prince Rupert since 1919 and a former employee of the Grand Trunk Pacific and Canadian National Railways, died at his home at 733 Sixth Avenue West Wednesday evening at the age of 54 after a long illness.

Victim of a stroke in September, 1945, Mr. McIntosh had been confined to bed since that time. He was born at Aberdeen, Scotland, and came to Canada in 1910.

Settling in Winnipeg after his arrival in Canada, he worked as a log scaler in the Grandview district, then moved to Brandon where he entered the ticket office of the Grand Trunk Pacific. In Brandon in 1912 he married Miss Margaret Rose who survives him. There is one son, Percy, who grew up in Prince Rupert and is now living in Vancouver. He is expected here on this afternoon's plane.

In 1919, Mr. McIntosh moved to Prince Rupert with Canadian National Railways. He started here as clerk in the city freight office, then was promoted to accountant and finally chief clerk. He was a popular and highly respected member of the staff.

Deceased was a life member of the Aberdeen Masonic Lodge but took no active part in Masonic activities after leaving Scotland. A niece, Miss Cathie Creighton, survives him in the Old Country.

Funeral arrangements will be announced later.

## Timely Recipe

#### TOMATO JUICE

**HOT PACK METHOD**—Wash tomatoes, remove core, cut into pieces but do not peel. Bring to boil and boil, covered, 5 minutes. Press through sieve or purer. Bring juice to boiling point. Pour into containers, leaving headspace. Add 1 teaspoon salt per quart. Process sealers or cans 15 minutes in the boiling water bath. Glass sealers may be processed in a thermostatically controlled oven at 275 degrees F. for 20 minutes. Tin cans must never be processed in the oven.

#### Modern Etiquette

By ROBERT A. LEE

Q. Is it permissible for a person, desiring membership in a club, to ask a friend to propose him?

A. No; he should never do this, but in an indirect way he can make known his interest in the club.

Q. Should a girl take hold of a man's arm when walking across the dance floor?

A. No; only during a grand march or when going in to supper.

Q. What is the real definition of a tea-dance?

A. A tea-dance is an ordinary afternoon tea, at which a floor and music are provided for dancing.

TO HEAD NEW FRENCH GOVERNMENT—In Paris, important news-of-the-moment on the political front was the appointment of Andre Marie (photo at right), former minister of justice of the Robert Schuman cabinet, as prime minister of the new government to be formed. His wife (photo at left) is thrilled at the news that her husband is to be the new premier.

## SYDNEY IS SHORT GRAVE-DIGGERS

**SYDNEY**—Sydney grave-diggers are a dying race. Undertakers say that they have so much difficulty in getting laborers to dig graves that they fear there will be an end to burials in Sydney within a few years. People will have to be cremated regardless of their religious beliefs, according to one leading undertaker. He told a reporter that his firm now embalmed all bodies because of frequent delays in the cemeteries. Labor shortage has held up funerals for days and a number of funerals have been diverted from one cemetery to another. Undertakers predict a small fortune for anyone who invents a mechanical grave digger.

## Didn't Evade Draft, Was Adrift On Raft

**WELLINGTON, N.Z.**—Brought before a court here for failure to report for military service in 1942, Frank Miles, 41, said he was unable to do so because at the time he should have reported he was adrift on a raft in the Atlantic.

Evidence showed his ship was sunk under him while serving in the Atlantic at the time he was called for service in New Zealand.

"Technically he did not report, but it is nonsensical that this action should have been against him," said the magistrate in dismissing the case.

#### EMPLOYMENT RECORD?

**GUELPH, Ont.**—One week after they reached this Western Ontario city, seven members of an English immigrant family had found permanent jobs. Working are the father, two sons and four daughters of the Russell family who came here from the town of Freshwater on the Isle of Wight.

## Unionists Concerned On Moral Rearmament

**BIRMINGHAM, Ala.**—"Serious concern" at the activities of the Moral Rearmament movement in Birmingham was expressed in a resolution adopted by the Birmingham Trades Council. "Is seriously concerned at the activities of the Moral Rearmament movement in this city and considers that its increasing influence is not in the best interests of the trade union movement." Speakers said M.R.A. doctrines were "aiding reactionary elements in a bid to stem progressive forces."

Farmer Jones retired and moved to the big city. In the morning, after spending the first night in the new home, his wife said: "Well, Pa, hain't it about time you was getting up to build the fire?"

"No siree," replied the old gent. "I'll call the Fire Department. We might as well get used to these city conveniences right now."

A neighbor, passing the cabin of a mountaineer, had the bad fortune to run over and kill the mountaineer's favorite dog. He went into the house and told the man's wife what had happened and how sorry he was. The owner was out in the fields, and the motorist decided he had better go out and tell him of the accident, too.

"Better break it to him easy like," said the wife. "First tell him it was one of the kids."
